..tral authority has estab- ..he tighter controls ..t appears several ad- ..tors have decided to tighten up within their own department.

President Strozier said no form of censorship or news clamp had been imposed by the university or ever would be imposed.

"We've always had good press relations and a friendly press," the president said.

Dean Oglesby issued a memorandum this week to ten department heads under his office asking that all press releases by them be cleared through the Public Relations Office.

Business Manager Rod Shaw told the **Flambeau** that he had requested his department heads not give out information without consulting him.

President Strozier said these men and others had the right to run their branch of the university as they saw fit on this point.

"On statements concerning university policy, I think I should speak for the university or at least have prior knowledge of what is going to be said," the president stated.

Strozier admitted university policy is a broad and somewhat nebulous term. He implied the running of departments is the duty of the department heads.

PUBLIC RELATIONS

"As in most universities, press relations is the responsibility of the Public Relations Office," Strozier said.

"We expect our PRO to handle most of the news emanating from FSU," he said. He emphasized, however, that there was no requirement compelling faculty or staff members to clear releases with the Public Relations Office."

Cliff Paisley, director of the PRO, told the **Flambeau** he had not heard of or seen Oglesby's memorandum nor was he aware of any change in FSU's news release policy.

Tough Choice

..E PRETTY CO-EDS at Florida State University are in the running to become Homecoming ..een and reign over festivities on the week-end of Oct. 31-Nov. 1. One of them will be ..med in a student election Oct. 28 and the others will be members of her Homecoming Court. ..eft to right are Nan Chamberlain, Willou Copeland, Joyce Combs, Arielou Johnson, and Pat ..rguson. The five finalists were chosen in a student ballot this week from among 41 candi..tes for queen.

Combs, Johnson Repeat In Contest

The five finalists who will compose the Homecoming Court are Nan Chamberlain, sponsored by KA, Joyce Combs, DTD, Arielou Johnson, SX, Pat Jean Ferguson PKT, and Willou Copeland, SAE.

Both Miss Combs and Miss Johnson were in the court at last year's Homecoming festivities, over which Lynn LaGrange reigned as Queen.

The finalists were chosen by student vote Tuesday.

Voting on the finalists will take place Tuesday from 9 to 5 in Westcott, but the identity of the 1958 Homecoming Queen will be kept secret until the Pow Wow next Friday night.

Pictures of the five will be displayed all day Monday on the bulletin board in front of the History Building being moved indoors to Westcott on Tuesday, for the voting

The members of the court will make public appearances during the week and commence Homecoming festivities by riding on the Queen's Float in the Homecoming Parade Friday afternoon.

Friday night the 1958 Homecoming Queen will be crowned with a new white feathered headdress by Miss LaGrange, who will also present her with a trophy. The new queen will begin her reign by presiding over the Homecoming Barbecue, Game and Dance

A thumb-nail sketch of each candidate follows:

TENNESSEE SENIOR

Nan Chamberlain, 21, is a senior from Lookout Mountain, Tenn. She is a Pi Beta Phi, an English education major and was entered in the contest by Kappa Alpha Fraternity.

She has light brown hair and blue eyes and her measurements are 36-24-37

Jayce Combs, 19, a junior English-speech major from Hialeah, is a Zeta Tau Alpha and was sponsored by Delta Tau Delta fraternity She has dark brown hair, brown eyes and her measurements are 35½-23-37.

GEORGIA SOPH

Willou Copeland, 19, a sophomore from Brunswick, Georgia, is a Chi Omega and is majoring in music therapy. She was entered in the contest by Sigma Alpha Epsilon Fraternity. She has light brown hair and green eyes and her measurements are 35-24-35.

Pat Ferguson, 20 a junior from Tampton, Va She was Miss Virginia Press Photographer 1958-9 and Miss Fiesta of Five Flags in 1958 She is an education major and was entered in the contest by Phi Kappa Tau fraternity

Arielou Johnson, 20, a junior from Lake Worth is a member of Alpha Xi Detla and a special education major. Sigma Chi fraternity sponsored her. She is a blonde with blue eyes and her measurements are 34-23½-36

Thieves Loot Bryan Hall

Underwear was apparently the loot of unidentified burglars who broke into Bryan Hall at 1:40 yesterday morning

Campus police officer M. H. Parker Jr. reported seeing two young men, wearing dungarees and waist length jackets, "between the ages of 18-21, the best I could tell, in the rear of Bryan Hall in the shrubbery.

"At 7:30 this morning (Thursday) the girls reported some clothing missing Underclothing, I think, although I saw no clothing in their (the young men's) hands " the report continued.

Parker said that screens had been removed from the rest rooms on both the first and second floors, and the burglars gained entrance that way.

After they crawled into the rest-rooms the burglars locked the doors from the inside to prevent interruption.

The value of the stolen articles has not yet been determined.

ROBERT ROUNSEVILLE AND MARY COSTA as they appeared in Candide, first Artist Series production of the 1958-59 season, in Westcott Auditorium Wednesday night.

At Senate

Grade Raise Off On WW Honorary

The 2.5 grade requirement for "Who's Who," raised by Senate from a 2.3 last year, will not go into effect until fall, 1951.

The Senators voted unanimously Wednesday for a bill which will make the 2.5 level applicable "to the incoming freshman class of 1958-'59 and to all classes thereafer."

Senator Dale Koch, who introduced the bill, is also a member of the Who's Who committee He said the committee felt it was "not fair" to apply the new requirement to seniors, "who had gone through school under the old system."

The grade mark was raised last March, after strenuous debate, Sponsor of the move, Dayton Roberts told the Senators that a low grade requirement would make attainment of "Who's Who" an "empty honor "

Last year's vote in favor of the raise was an overwhelming 25-5.

UNION PLANS

The Senators also heard an outline by Secretary of the Interior Nancy Denham of tentative physical plans for the proposed Student Union

Suggestions made to this date by the committee include: (1) food services (coffee shop, banquet hall, etc.) (2) offices for student government officials (3) additional space for **Flambeau** and **Tally-Ho**, (4) art gallery to supplant the one in the Seminole Club (5) a theater to show "good movies" (6) lounges:

(7) book store (8) clothes stores, barbershops etc. to be rented by outside business concerns, the revenue going to operation of the Union (9) swimming pool.

FUNDS FROM GOV'T

Miss Denham said funds for construction of the building could be borrowed from the federal government, to be paid back over a 40 to 50 year period

Additional revenue would come from the new $15 raise in registration fees, of which $5 has tentatively been ear-marked for construction of the Union.

Dean of Students R. R Oglesby has told the committee he is in favor of the Union. "He saw how well it worked at Oklahoma (Dean Oglesby's former post) three years ago. It made a large amount of money for the school, Miss Denham said.

The building, according to Miss Denham, would probably be located on the site presently occupied by the Student Center and would be constructed vertically, rather than horizontally.

Skit Deadline Is Extended

The deadline for submitting entry blanks for Pow-Wow skits has been extended until Monday noon.

Forms must be given to Richard G. Fallon, head of the skit committee, in Room 115 History Building. One women's and one men's skit will be selected to perform in the Pow-Wow.

Tryouts for the skits will be held in the outdoor Amphitheater at 7.30 p.m Monday for men's organizations and 7:30 p.m Tuesdny for women's groups.

Previously, entrants in the tryouts were limited to fraternities. This year, any men's or women's organizations may enter.

Judges for the tryouts will be Carlisle Floyd, Music department, Mrs. Odelia Williams, health education; Malcolm Parsons public administration; Lester Bruch Jr and Miss Virginia Dumas, physical education.

Library Hours

Library hours during the Homecoming week-end will be changed, it was announced today

Hours during the week-end will be: Friday, 8 a m. to 3 p.m.; Saturday, 8a m. to 12:30 p.m ; and Sunday, from 2 p.m. to 10 p.m.

Flambeau Photo Wayne Warren

MANY OF FSU'S SENIORS opened the first door toward June graduation Tuesday night in Westcott Auditorium. Guest speaker for the Investiture ceremony was Dr. Ben F. Rogers, FSU Associate Professor of History.

Problems Prevail

Changes Possible In Traffic Rules

A possible conversion of the standard two-hour parking spaces to three-hour zones, the traffic hazard that exists adjacent to the new Business School, and the fact that there is a shortage of university police was heard by the **Flambeau** last Tuesday.

The Student-Faculty Committee, headed by Dr James Carr, met Tuesday at 5 p.m in 315 Westcott to discuss the first two of the above mentioned items, Joe B Sharman, police administrative officer, commented on the police shortage.

Members present for the meeting were Dr. Griffith Pugh, Dr Vincent Thursby, William O Cullom, Sharman, and students Sally Highum, Nancy Denham, Ken Bowes and Jim Apthorp

A controversy regarding the possibility of converting the standard two-hour parking spaces on the FSU campus to three-hour zones arose when Cullom stated.

THREE-HOUR SPACES

"I think that students, on Tuesday and Thursday, should be allowed three hours parking privileges in the two-hour spaces."

He went on to explain that it is impractical for most students who have two consecutive one-hour and fifteen minute classes on these days to move their cars in order to avoid receiving a parking ticket

"What would be the harm in having a three-hour parking five days a week?" Bowes maintained. He pointed out that if Tuesday and Thursday would bring a three-hour time allotment, the rest of the week might be changed to the same, in order to avoid confusion

Bowes also said that some students are plagued by the fact that they have three consecutive one-hour classes on Monday, Wednesday and Friday, which also makes it inconvenient to move their cars between classes

Apthorp moved that a study be made by the committee to determine if it is feasible for student drivers with the aforementioned class schedule problem to move their automobiles to adjacent spaces after two hours in order to avoid violating traffic regulations

This would be accomplished by counting the average number of empty spaces which exist in congested parking areas during the normal class hours

No action was taken by the committee to up the time allotment on the two-hour spaces.

"We don't have a shortage of (parking) spaces," asserted Dr Carr. Unfortunately, the main parking lots are remote to the main hub of classroom area, according to Dr Carr

CONFUSION ON CALL

Another issue of concern to student pedestrians and drivers was brought up at the meeting concerning the dangerous traffic hazard the completion of the new Business School has created

The newly-marked crosswalk leading from the Business School across Call Street has not been able to contain impatient drivers during class breaks, it was pointed out

Apthorp said that pedestrians are taking advantage of drivers on this causeway He added that drivers are encountering difficulty in passing through the steady stream of pedestrians crossing Call Street

Dr Thursby expressed the opinion that this problem might be solved by posting signs warning drivers that pedestrians have the right-of-way.

Sharman said that if a policeman were to be assigned to this area, he would have to be on duty all day

NEED HELP

Earlier in the day Sharman told the **Flambeau** "We don't have enough help at present" However he suggested that the proposed use of student policemen might be the answer to the problem.

The student administrative officer was also asked by the **Flambeau** if anything could be done about the 8 a.m traffic jam that originates on the corner of Copeland and Call Streets

Sharman cited the fact that this area comes under the jurisdiction of the city police and that no action can be taken by FSU police at the present time.

Dr. Carr commented that student complaints regarding traffic violations have been practically nil so far this year "I don't know how to account for the lack of complaints " asserted Dr. Carr

He pointed out that the new office hours for traffic court may be responsible for the lack of objections

He added that students might be interested to know that more than five violations constitutes suspension of driving privileges on the FSU campus

Final Election Tuesday For Frosh Offices

Bob Patrick and Kim Porter will vie for freshman presidency in the run-off election Tuesday as a result of this week's primary.

The freshman votage, 1068, was an increase of 300 over last year.

Also, 1500 people voted for Homecoming Queen and about 2100 in precinct elections.

"This was an exceptionally good turnout," Secretary of Elections Sandra Rosenberg commented, urging everyone to vote again next Tuesday.

Vying for freshman vice president in run-off elections Tuesday are Bill Baker and Marion Clark.

Run-off candidates for class secretary will be Patsy Bergert and Marianna Girtman Jane Finchum and Shirley Ann Martin will compete for the office of treasurer, and Jean Carrison and Grace Scott for social chairman.

In the men's senate race voters will choose two from Bobby Byrd, Charlie Hawkins, Buddy Holley and Larry Yaw.

Run-off candidates for the two women's senate positions will be Elizabeth Bradley, Sally Ann Holt,

(Continued on Page 4)

Lone Candidate Defeated

It looked like Bill Green had it in the bag when the polls opened Tuesday He was running for student senate representing precinct 15 unopposed

However, when the results of the election were posted Tuesday night something new had been added. It was a surprise to everybody, including Green.

Sandra Lambur won the senatorial position by virtue of a 58 54 margin.

Oh yes, Sandra was a write-in candidate.

36 To Be Chosen

'Who's Who' Group Names 78 Students

Thirty-six Florida State University students will be chosen Tuesday for "Who's Who Among Students in American Colleges and Universities," according to Barbara Watson, Secretary of Student Events and chairman of the Who's Who nominating committee

Seventy-eight have been nominated.

Nominations were made by the committee after each officially approved campus organization turned in names of any of their members who met the specified qualifications

INTERNS VOTE TODAY

Seniors who are leaving to intern will be able to vote today between 12 and 5 p.m. in room 209 Longmire

All other seniors and graduate students may vote at the Westcott voting area on Tuesday.

All nominees are asked to prepare a list of qualifications and activities to be used on display in Westcott at the polling area.

Nominations were made on the basis of a 2.3 scholastic average, outstanding leadership, cooperation, and willingness to give time and effort to educational and extra-curricular activities at FSU. FSU.

WHO'S WHO?

The following students have been nominated for the honor: Evelyn Janice Andre, Penelope Jo Appleby, Donald Lewis Ayres, Carmen Battaglia, Linda Fay Bean, Carolyn Jean Bell, Nettie Black, Lawrence Block, Daniel Boltz.

Elizabeth Bowen, Nancy Jo Bowers, Jeri Gail Bradfield, Benjamin Bryan, William Voris Bunker, Doris M Burr, Ethel Calhoun, Bradley Canon, Rhon Carleton, Lawton Caruthers, Nan Chamberlain, Lois Charlesworth, Laura Cheek

William Clendinen, Julia Conkling, Judy Degle, Nancy Denham, Oliver Dixon, Ann Duncan, Hugh Durham, Barbara Eissey, Lorna Elder, Patricia Finlay, Dorothy Goodwin, Suzanne Gunderson, Thomas Hale, Ron Hamm, Cora Hargrave, Victor Harke, Scott Harpe, Donald Hayes.

Nancy Heacock, Dorothy Anne Head, Diana Holroyd, James Hooks, Kelvin Huehn, Robert Kansky, Barbara Ann Key, Nancy Key, Gary Kissinger, Philip Knight, Dale Koch, June Lasseter.

Cynthia Lawrence, Raymond Liebau, Sara Jean MacLeod, Jeanne Magill, Nellie Manda, Patricia Manning, Art Moore, Diana Evie Morris, Elise Newberry, Cathrine O'Sullivan, Donald Ramsden, Donald Reedy, Dayton Roberts, Sandra Rosenberg, Marlene Sealy.

Marjorie Starnes, Patricia Starnes, Sandra Stewart, Carol Terpening, Carol Unlicb, Ada Leigh Wall, Barbara Watson, Thomas Wells, Joseph Westhafer Robert Wolfenbarger, Nancy Worrall.

Sales Slow For Gator Tilt

Contrary to expectations, ticket sales have been "exceptionally slow" for the Florida-FSU game November 22, according to Athletic Business Manager Eddie Cubbon.

Less than 2,000 tickets have been purchased. Cubbon had predicted that nearly all the 5,000 available tickets would be gone by the end of this week

Ticket sales to this game will close October 27 thru Nov. 3 for the Homecoming events.

If all FSU student tickets are not sold, students will be allowed to purchase leftovers for friends and parents, Cubbon said.

Business Changes Beneficial

Although there was hardly any mention of it, the School of Business has made changes in its general education and required business courses.

The changes were approved by the School of Business faculty last May.

TO DO RESEARCH on this project prior to making any positive decision, the School of Business assigned a team comprised of four of its top men.

Those preparing the report were Dr. Homer Black, Assistant Dean of the School of Business as chairman, Dr. Robert Ernest, Finance, Dr. J. Richard Stevens, Marketing and J. Frank Dame, Business Education department head.

The objective of this project was to comply with the American Association of Collegiate Schools of Business requirements.

GENERAL EDUCATION requirements have been increased to 50 hours, from the previous 47. However, some required subjects have been included in the curriculum.

Those added are Business Statistics, Psychology (now required of all business majors) and an introductory course in Library Science. This course is specifically designed to offer the student techniques in locating information through library use.

THE COMMITTEE also recommended that the business curriculum consist of 33 hours, of which 24 are definitely required.

They include Accounting, six hours, Corporation Finance, three, Insurance, three, Law, three, Marketing, three, Written Business Communication, three and Production Management, three.

The last two subjects represent new requirements.

TO FULFILL THE REMAINING hours, the student must select nine hours from the following courses: Accounting, Advertising or Marketing, Economic Analysis, Finance, which will be Financial Institutions, Law and Personnel (Human Relations.)

Under this new plan, 40 hours would remain for the students area of concentration and various electives, with the same 124 hours needed for graduation.

Economics would count in either the business group or nonbusiness group. However, if the student is in the School of Business it would be credited to his nonprofessional subjects.

THE FEELING NOW AMONG the School of Business faculty is that Florida State is now very similar to other state universities throughout the nation.

The new curriculum had very little to do with furthuring a student education at a graduate school.

Specialization has not been forgotten or shoved from the picture in favor of a well rounded background in business. Certain courses needed by the business student to further his skill in the field, are now definitely reguired.

THE QUESTION NOW FACING the School of Business is whether to apply for national accreditation.

Undoubtedly there will be comments pro and con, but for the most part the changes are undoubtedly for the student's benefit. Should a student desire to go on to graduate school, his undergraduate subjects will be severely scrutinized.

WITH A WELLROUNDED background that is on a par with most other universities, an FSU graduate can concentrate on other subjects of his choice.

And if upon graduation he begins earning his living, his business education will be the same as those of his fellow workers.

Everything is subject to change, but without constructive changes things become stagnant.

U.N. Has Strength, Faults

Today is United Nations Day.

It's not a holiday or anything like that. No flag waving like the Fourth of July, no turkey dinners as in Thanksgiving.

BUT IT MARKS something nevertheless. October 24 is the anniversary of the second attempt of the nations of the globe to cooperate with one another in a peaceful manner.

Yet, how different is the United Nations of today from that envisioned by the founders some 16 years ago?

Term United Nations belies the very nature of the political world of 1958. The earth's nations are disunited, not united.

TWO CAMPS—based on two opposed ideologies — divide the civilized world.

But the United Nations has proved of little value in helping the world through this years-long crisis. In fact, due to Russia's veto power, the United Nations has been hindered in its efforts to keep the peace.

"A HOUSE DIVIDED against itself cannot stand," Abraham Lincoln said prior to the Civil War. He was right. The United Nations will not stand firmly in the cause of peace and right until it ceases to be so rigidly and so diametrically divided in membership.

This fact should be recognized.

BUT THE UNITED NATIONS is not the useless or subversive organization that many American would have you believe it is.

The good done by the U.N. will live long. They have attempted to combat diseases, raise the educational standards, feed the starving, improve sanitation and promote humanitarian improvements throughout the world.

NOR IS THE United Nationa subversive to the aims of America. Cooperation with other countries of the earth is a must in this atomic age, and the days when we sat smugly behind "Fortress America" are gone forever.

Let's accept the United Nations, but recognize its weaknesses.

What's What, Huh?

We have one question concerning Tuesday's primary: What's up with Who's Who and what went on Wednesday?

Somehow election procedure was off. The polls for precinct elections were still open Wednesday because of a lack of ballots on election day.

AND THIS WEEKEND over 200 seniors leave for internship. We imagine many of them will find voting for their class' Who's Who nominations a bit difficult next Tuesday. Here the responsibility lies with the Who's Who committee.

The election's could have been better handled.

Senate is still busy trying to find their suggestion boxes. If they find them, we have a suggestion.

Find out What's What. We're all wondering.

"Now, Does Everybody Understand Our Position?"

QUEMOY-MATSU AREA

The Intellectual

Degree Attracts Vocational Courses

By BOB FERLUGA

"Everyone must understand we live in an industrial age," the dean of Industrial Arts at one teacher factory said. 'That is why we organize the industrial arts shop along modern factory lines.'

While he spoke, a group of the dean's teachers-to-be were busily manufacturing breadboards with the aid of tools devised in the Bronze Age. He shrugged aside the notion the class was simply turning out handicraft en masse instead of imitating modern procedure methods" (John Keats, **Schools without Scholars.**)

KEATS DISCLOSES no intimation of the superlatives used in the college catalogue to 'describe' this obviously advanced course in the mastery of industrial technology. Only soaring imaginations might hazard a hypothesis in this direction. But this may be stated with no fear of contridictions: the small bore empire builder concocting this academic masquerade zealously stamped it with the seal of PRACTICALITY, no sinister black-robed academicans lurking here to capture the unwary with subversive foreign ideologies (e.g **Plato's Republic**) or diabolical but inapplicable sophisis-just pure, proven 100 per cent "American How To" courses that pave the way to quick success and certain status.

THE PECULIAR ASPECT OF the previously described situation is that most people will accept at face value such claim. If you doubt this, walk around the campus and observe the titles on the buildings.

Perhaps it would be profitable to make a general inquiry into the practical value of 'practical' education. The author does not intend the following generalizations to be all encompassing nor all inclusive. They are merely set forward as beginning points for an examination of an assertione that have too long been accepted without question.

THE FIRST CHARGE to be levied against vocationalism (defined in the broad sense so as to include such activities as Business Administration and other more sophisticated job training of this type) is inflexibility. Technological, or cyclically based trends may lessen the demand for a given skill (S) but the vocationalists not wishing to discard large capital investments or discharge trained personnel, not to mention their natural desire to preserve their carefully built academic empire, continue blandly onward, filling the unemployment offices with hapless former students.

Auto-mechanics and woodworking (both offered at FSU) are perennial offenders, among others, in this area. Yet the colleges across the nation continue to pour forth these practitioners in endless profusion.

A truly classic example of such activity was the large southern high school that turned out by itself enough trained beauticians to fill all available positions for the entire state! The course was defended by the school board on the grounds that it was 'practical'.

Or striking nearer to home the Bureau of Labor Statistics has revealed, in essence, that I.B.M. machines are soon to replace clerks in any filing system so complicated as to warrant special preparatory training. In the mean time thousands of young ladies in Business schools across the country wrack their brains to remember if the card marked 'A' comes after the card marked 'Z' Practical!

WE MIGHT SECONDLY ask whether such things must be taught in the public schools. While public funds are appropriated for instructors and equipment to train people for business and industry, private trade schools offer the same courses (minus, of course, the respectability of a psuedo-academic degree) and, more importantly, private industry cries for people to fill their far better staffed and equipped training programs and even offers to pay you while you learn. Unfortunately these firms do not feature amusements and athletics so it falls upon the tax payer to, at great expense, duplicate poorly the efforts of industry.

No Sweat

Dream Professor Can Often Be A Nightmare

By PAT SENN

Respect—or lack of it—is at the core of every student-teacher relationship.

Student opinions of professors are as varied and as diversed as the professors themselves, and while it's pretty much up to us, the students, how much we learn—tha professor can make the difference between our taking it like cod liver oil or ice cream.

WE'RE SENSITIVE as to lack of concrete subject knowledge in a teacher and we know when his examples and ideas are naaring the musty stage.

None of us like a Simon Legree breathing down our backs, whose assignments are irrevocably issued at rapid fire speed. On the other hand, neither will we like a teacher—except as the brunt of our jokes—whom wa can trounce all over.

ONE OF OUR BIGGEST and most grievous complaints is ye olde philosopher who expounds digressions 2¾ hours a week. Our loudest laments are heard AFTER the first IBM appraisal, when we discover that the professor's theories on nudist colonies aren't mentioned in a single question.

Naturally, we don't like pop tests and pre-announced "little quizzes," which when reached assume the shape of novel length essay answers, enthuse us even less

SO WHAT WOULD we wish our "dream professor" to have?

A good up to date knowledge of the subject material and the ability to speak so as to be heard and understood.

A SQUARE DEAL to offer—in letting us know what the course covers, and help for us in mastering and gaining an appreciation for the "new" wa encounter.

Enthusiasm for the material that's contagious to our desire for learning

ADVANCE NOTICE and a good time distribution for parallels, projects and exams

A personality that's positive and strong, but readily approachable with student ideas, questions, and problems.

Above all, enough confidence in himself to be comfortable WITH his students—thus enjoying them and the class himself.

Contention

Columnist Writes By Journalistic Creed

By HERB SCHMUCK

If the Flambeau is dedicated to any one particular thin[g] to inform the student body of Florida State University of the [...] —be it recent, of the past, or even of tha future, if that is a possible. Sometimes it is

Now it seems that too many faculty nobody- and general help are spouting their mouths off to the Flambeau, and the press, about things they don't know anything about.

THE ADMINISTRATORS here believe that any news [...] ing university policy (a vague term) should be cleared a[nd ap]proved by people who ara best informed on the particular [...] of controversy in question.

Because some people gave information to the press rega[rding] nuclear accelerators, how many people had colds in the [infirm]ary, and why FSU should have a student activity fee raise[d, ad]ministrators have been compelled to make rulings which he[re]fore have not been seen at FSU.

THE RULINGS HAVE TO DO with a mild form of ce[nsor]ship—a procedure that big business has found necessary to e[...] in order to preserve good public relations.

That is, any information that the press may seek to [...] must first be cleared through a special channel: In FSU's ca[se] the Public Relations Office

DR. ROBERT M. STROZIER, FSU president, had this to [com]ment on the matter: "At the University of Chicago, none [...] spoke." He went on to say that all information regarding [...] of that university had to be issued through the Public Rel[ations] Bureau.

It has always been the practice of administrative officials [and] faculty members of FSU to speak liberally on anything tha[t] affect the student body, whether it had to do with un[iversity] policy or anything else

WHILE THE NEWS RELEASE problem was not in con[...] until recently, it had better not cause any type of suppres[sion of] the news to any extent—or some people are going to get ma[d.]

I won't be any exception.

Another issue has been brought to light as a result of t[he] clearing policy. Certain university big-wigs think that the F[lam]beau may not be as virtuous as it would like to think in its jou[rnal]istic practices.

THESE PEOPLE BELIEVE that misinformation has been [pub]lished by the Flambeau because of faulty reporting And the[y] that this faulty reoorting is due to reporters not going [...] policy-making heads of the departments where they are see[king] information.

Here, the administration justifies its reason for the [...] emphasis on the clearing and approval of information that [...] released to the press.

I am sympathetic toward the administration if this is [the] situation as it actually exists.

The real issue, however, is this. Although the Flambea[u has] been assured that the new ruling on news releases will not [...] the standard and fluency of FSU information. It has alread[y...] the pressure that the ruling has caused.

FLAMBEAU REPORTERS, in some cases, have been re[fused] interviews. And on other occasions they have had to present [...] ten lists of questions which have been answered privately an[d re]turned when the reporter was told he could pick the list u[p.]

I could continue but I am a temperamental journa[list] when I start feeling the way I do now. I think about the [...] insignificant-looking piece of paper that is taped to the wall a[t the] foot of the bed in my room at West Hall.

WHEN I WRITE SOMETHING that people don't like I [...] about the little piece of paper too Then, occasionally, I sta[rt to] read from the insignificant piece of paper and it says:

". . . . I believe that clear thinking and clear statem[ent] accuracy and fairness are fundamental in good journalism [...] believe that a journalist should write only what he holds in [his] heart to be true . . . I BELIEVE THAT SUPPRESSION OF [THE] NEWS, FOR ANY CONSIDERATION OTHER THAN THE W[EL]FARE OF SOCIETY, IS INDEFENSIBLE."—From the Journal[ist's] Creed by Walter Williams.

The Angry Young Man

Should Co-eds Drink? Radical Idea, He Says

By FRED BURRALL

It's too bad co-eds are permitted to wear shorts on Satur[day] and smoke, because some of them are beginning to think [...] they actually have the same rights as men.

The next thing you know certain groups of radicals will obtain permission for the girls to drink, and the campus will become cluttered with fallen women and bent beer cans

FURTHERMORE SOMETHING should be done about those horrible state laws that say a 21 year-old woman may drink. It's getting so some of the co-eds think these laws include them, and they're trying to tell people that they actually have a free-will.

Universities like Wisconsin that go so far as to sell beer in the student union should be closed up. Except it really isn't necessary, because with scandalous things like that going on, nobody would think of going there.

EVEN THOUGH THEIR mothers permit them to leave home and go to school, the university must keep a tight rein on the co-eds' private life In fact, if a girl violates a law by having an after dinner drink, she should be chained to her desk for a whole semester instead of a measly five or six weeks.

Certainly most of the woman students realize that this [...] drinking law is beneficia[l...] the majority of them ap[prove] of it. However, for those [who] may be new or have a mis[con]ception of the rule, a brief [sum]mary of its intention may b[e in] ordar.

"AN OUNCE OF PRE[VEN]TION is worth a pound [of] cure." Therefore, in forbid[ding] the co-eds to drink, the [pros]pects of a campus full of fe[male] alcoholics, loose morals, [and] wild orgies in Landis Hall [are] completely effaced. Instea[d the] majority of the co-eds [are] happy, non-complaining, [...] cheeked young students

Of course there are a few [of] the students that think [the] university constitution is [noth]ing more than an accumula[tion] of blue laws, but their ki[nd is] not wanted. They can pac[k] their bank accounts and [go] home.

If they are tolerated [...] policy makers may become [in]fluenced into changing so[me of] the women's rules, and the [na]tion may get the idea that F[SU] is trying to be progressive

LITTLE MAN ON CAMPUS

"WE COULD PUT YOU IN WITH UPPERCLASSMEN — BUT WE LIKE OUR FRESHMEN TO GET OFF TO A GOOD START."

Freshmen Campaign Letters

President

DEAR MR. AND MISS FRESHMAN,

First, I would like to thank you for the support that you gave me in Tuesday's primary. It was greatly appreciated and I hope that I am worthy of the confidence that you have placed in me

Tuesday is an important day, because the future progress of our class rests in the officers whom you select

I believe that our class is one of the **greatest Freshman Classes** that Florida State has ever had, and I would like to have a small part in helping us keep this high standard.

I believe that by working together, we can accomplish much; and therefore we must have capable leadership. If you bestow the honor of Presidency upon me, I promise to always work for the best interest of our class. **Let's join together and make a reputation for our class which will be known in years to come . . .**

Sincerely,
KIM PORTER

DEAR FRESHMEN:

I sincerely thank all of you who helped and supported me in my campaign for class president I also wish to thank my previous opponents for the following endorsement.

Gratefully,
BOB PATRICK

We the undersigned, wish to endorse the candidacy of BOB PATRICK, for Freshman Class President. We know that Bob is the better qualified presidential candidate and we strongly urge all our friends and supporters to get on tha bandwagon and elect Bob Patrick our 1958-59 Freshman Class President.

Sincerely,
LARY CLENDENIN
JACK SLATON
JEFF DECOLA
JOHN BARBATO

Secretary

Dear Freshman Friends:

I should like to express my most sincere appreciation to my supporters in the Freshman Primary Elections. I consider it a very great honor to be in the Final Elections because of the many capable candidates in the past election, and because I am striving to represent our class, the Class of '62. I also should like to thank each of my worthy opponents for the fine campaigns which each of them held.

In these final days of campaigning, if you want your class secretary to be capable, sincere, interested, dependable, I urge each of you to support me, MARIANNA GIRTMAN, for I assure you that I will do a commendable job of which you shall all be proud.

MARIANNA GIRTMAN
Most sincerely yaurs.

Treasurer

DEAR FRESHMEN:

I wish to take this opportunity to express my deepest and most sincere thanks for the wonderful help and support that you gave me during the primary elections for the office of Treasurer of the Freshman Class.

Your continued support and cooperation will be MOST appreciated.

Sincerely
JANE LOVE FINCHUM

Senate

Dear FRESHMAN:

I sincerely want to thank you for your support and faith in me during the first primary. If I'm elected to the freshman senata, I shall endeavor to prove to you that your support and faith in me is justified and together we can accomplish so many things in the coming years. I want to thank you again and hope that you see fit to support BUDDY HOLLEY next Tuesday.

Sincerely
Bud Halley

Gridders Clash With Tennessee

Match 'I' Formation, Speed Against Vols' Single Wing

By FRANK RAMOS
Assistant Sports Editor

Florida State's Seminoles meet one of the nation's best defensive teams tomorrow afternoon when they tackle Tennessee's Volunteers in Knoxville.

The Tribe, which in recent games has been relying on their pass offense, will be in for a real test because the Vols. 18-point favorites, are ranked ninth in the nation in pass defense.

They've held their opponents to an average of 55 yards per game via the air.

The Vols, while ranking high defensively, have only scored 34 points to their opponents 49 while the Seminoles have chalked up 135 points to their opponents 82.

The Seminoles find themselves in better physical shape for the Vols than they did last week against Virginia Tech.

DOUBTFUL STARTER

The only doubtful starter is tackle John Spivey, a 200-pound junior from Panama City.

Spivey has missed several practices because of a knee injury and will, according to head coach Tom Nugent, see limited action on offense. "We'll try to use Spivey on offensive spots whenever we can, but he will not play on defense."

Senior Jerry Graham, 224 pounds, will open at right guard even though Terry Moran is off the injured list. Moran will see plenty of action with the number two unit.

Tony Romeo, who was one of three ends in the state to be named lineman of the week by Florida sportswriters, will open at right end while Pete Fleming is slated for action at left end.

Replacing Spivey at right tackle will be Bill Brown. Brown has been a member of the second team most of the season. Bob Swosnowski will open at left tackle.

Playing opposite of Graham will be Al Ulmer, 175-pound junior from Clearwater. Bo Davis will start at center.

MAJORS CO-CAPT.

Vic Prinzi will direct the number one team from quarterback while Joe Majors, co-captain along with Fred Pickard, will operate the second unit.

Majors, according to Nugent, will also alternate some with Prinzi in directing the first team attack.

Bobby Renn and Jack Espenship will open at the halfs while Pickard will start at fullback.

Pickard is currently ranked as the number 10 rusher in the nation. Penn is among the top 20 in total offense and is also the leading Seminole scorer.

The Volunteers will find themselves in the best shape they have been all season. Right end Tommy Potts, a standout pass receiver who has missed two games this season and Wayne Grubb, right guard, are expected to be starters tomorrow against the Seminoles.

The Vols enter the contest with a 2-2 record having recorded wins over Mississippi State and Alabama while losing to Auburn and Georgia Tech.

Billy Majors, brother of Joe, will direct Tennessee's single-wing attack. Majors has completed 12-18 passes for 142 yards and one touchdown.

FOOTBALL FACTS

Game: Florida State Vs. Tennessee

Intramural News

Magnolia Hall has moved into the Dorm-Independent tennis finals in doubles. Magnolia also joins BSU, Newman club, and the Playboys in the singles finals.

In the Fraternity League, SAE has reached the semi-finals in both the doubles and singles in tennis. LC, SC, TC have also reached the semi-finals in singles.

In the doubles department, SN, ATO, PDT along with SAE find themselves in the winners bracket in the semi-finals.

UNDEFEATED

The Playboys and the Psychology club remain the only undefeated teams in the Dorm-Independent basketball league. The Playboys moved their record to 4-0 by beating the Penthouse 81-29 Wednesday night.

Psychology, 4-5, defeated the Vets, 74-38. In other action BSU defeated Newman, 47-44, Senior Hall beat CLO, 47-41, and the 408 club defeated Magnolia 42-48.

KA remained the only undefeated team in the Fraternity League when they defeated PKT, 55-54 last Tuesday. The SAE's whipped SPE, 88-36 while PKP lost to DTD, 62-51.

ATO defeated SC, 66-44, PDT beat TC, 51-41, and SN defeated TEP, 54-24.

GOING HOME tomorrow is Florida State's Joe Majors who will be quarterbacking the Seminoles' No. 2 unit against Tennessee. Majors is a 178-pound junior from Huntland, Tenn. He will be playing against his brother Billy Majors, the Vols' tailback.

Renn Ranks Fifth In Punt Returns

Left half **Bobby Renn**, 175-pound senior who leads the Seminoles in five statistical departments, is fifth in the nation in punt return yardage. The Henderson, N. C., triple-threat has returned five punts for 116 yards.

Renn also is among the nation's top 20 in individual rushing. He has 326 yards on 40 carries, a fat 8.2 average.

Besides rushing average and punt returns, Renn leads the Seminoles in scoring (26 points), punting (37.4 average on 22 punts) and kickoff returns (5 for 104 yards).

JOHNNY LAWRENCE

In Alma Mater

Wrong Lyrics Sung For Years

By DIANE GODIN
Flambeau Associate Editor

For the first time in years, we will be "hailing" our Alma Mater. Only the gothic spires are to be praised, according to the original lyrics by Johnny Lawrence.

Back in 1947, the **Flambeau** sponsored a contest to find a school song to befit a newly turned co-educational university. Lawrence, who describes himself as a "rank sentimentalist," won by popular vote of the Student Body.

Two years later, the **Flambeau** began a campaign to make Lawrence's Alma Mater official. It was officially accepted as the school song on May 24 1949

No one seems to know exactly when or how the mistake in the last line started We have sung it wrong the last time The change back to the original lyrics is being made on all Homecoming literature

AUTHOR RETURNS

This homecoming FSU will have Lawrence and his wife Della as honored guests for the weekend, according to Dr James Carr, chairman of the committee planning the Homecoming Banquet.

Lawrence, who came to FSU from Greenwood, Florida, was a student in the school of music when he composed his winning song

As a student, he also organized his own record company, "Ribbon Records" and with his own orchestra he composed, arranged and vocalized the recordings

In 1940 one of his songs "Sentimental Blue" won the Radio Guide Magazine contest and a $200 prize It was recorded for transcription by the King Cole Trio

Lawrence gives this account of how he came to write our Alma Mater in the fall of 1947.

"We were having fun at the piano in the Student - Alumni basement. The subject of writing an Alma Mater came up, and I said, 'It ought to be something like this' and I played the melody for the first time exactly as it is today"

The words which were the result of his first impression of the university, came later.

COPYRIGHT HOLDER

As the copyright holder of the words and music, Lawrence has assigned to FSU any royalties that might come about through his composition and has requested for them to go into a scholarship to aid worthy music students

His most recent work is to be used as theme music for a movie planned for future production by Alan Mowbray He describes it as a "semi-serious" piano work

Homecoming will be the first time Lawrence will hear the Alma Mater sung by the student body. He has only heard it on the radio.

And this time it will be sung right.

Runoff . . .

(Continued From Page 1)

Ginger Swain and Joan Tanner

Finalists in run-off elections for precinct senators will be:

Jennie Murphree Precinct 2—Virginia Del Valle and Pat Houston Bryan - Broward 3 — Jo Brown and Carol Lenahan.

Cawthon 6—Gloria Bryant and Linda Crowder, West Hall, 8 two positions open —E W Carroll Harry A Payton, John Reynolds Pete Christman.

Day students, 11 (four positions —Beth Brown, Jim De Haven, Charles Forehand Eva Joanos, Bill Jurney, Buzzie Korst, Mary Lynn Scott, and Bob White

Because of a miscount, all three candidates in precinct 16 Nancy Bild, Martha Costin and Rita Garnett, will be in the run-off

ELECTED

Elected with majority votes were:

Gilchrist, precinct 4, Margie Eichinger; Landis, 5, Flossie Avis; Florida 7, Pat Lance, Senior Hall 9 Bill Whitehead, Magnolia 10, Leonard Darsey 12, Ronnie Clark; 13 Linda Hobbs; 14, Ann Wear; 15 Sandra Lambur; 17 J Mark Calhoun

Dave Harris was elected graduate class senator

Run-off will take place between 9 a m and 5 p m at the same polling places Westcott, Bryan Bus Stop, Library Seminole Club and Student Center and at West Hall until 1 p m

Honors Plan Proposed By Dr. Rogers

A possible plan for spanning the gulf between the real and the ideal senior was set forth by Dr Benjamin F Rogers, FSU associate professor of history when he spoke before the 1959 graduating class at Investiture Tuesday evening

"In the first place, we must develop an upperclass honors program," Dr Rogers stated, speaking on the subject, "College Senior Myth and Reality"

He went on to outline a senior-year set-up that would be an expansion of the freshman honors classes presently offered, as a means of making the senior year more meaningful.

He proposed a "stop-gap honors program" that would be offered to present seniors

"Any student who has made a B average during his first three and a half years shall be eligible to be a candidate for honors next June if he so wishes," Dr Rogers' plan proposes.

The play, starring Sta[n] Hart, Cay Cranford, Susa[n] frey, and Jean Hayden op[ened] last night under the dire[ction] of Richard G Fallon of Speech Department.

Others in the cast [are] Ralph Black, Barbara P[...] Steve Kleid, Bill King Ba[...] Speisman Jane Seymour [...] Leverett, Beverly Davenpor[t] George Goldstein.

Elgarts Play Here For Second Time

By ROSA NELL WILSON
Flambeau Staff Writer

A "wonderful-listening dance band" will provide music for dancers at the Homecoming Ball November 1.

The occasion will be a return engagement for Larry and Les Elgart and their orchestra who were a popular success at the Military Ball here in 1954.

Developed to fill a long-neglected need for good dance music, the orchestra signed with Columbia Records in 1953 and quickly became best-sellers of dance music records

OPPOSITES

The two Elgart brothers offer an interesting contrast in personality types The older Les Elgart 38 is described as a serene boyish type who makes life seem easier, with a sense of smoothness in professional appearance.

Thirty-five-year-old Larry is his opposite a relentless perfectionist persistent and elegant, a brilliant conductor who creates excitement with his instrument

Children of a concert pianist, the two shared an interest in music from the beginning, with Les becoming a bugler in a drum and bugle corps at the age of 10.

In high school he divided his time between baseball and music, playing the trumpet in teenage orchestras

Tickets for the Homecoming Dance will go on sale today at Westcott Ticket Office for $3 per couple.

AUDIENCE-PLEASER

Several years of playing at roller rinks and other teenage gatherings sharpened his instinct for audience pleasing before he went to New York

Meanwhile, the younger brother learned to play the clarinet and saxophone with the encouragement of the neighbor's daughter, Grace Sims, who is now his wife.

Larry became tenor saxophonist in his high school band, attracted the admiration of older musicians who tutored him, and at 17 began his career as lead altoist in Charley Spivak's band.

For the big homecoming affair next weekend, and all year long you'll want to . . .

Thursday, 8:30 p.m. Reverend Thomas will speak at the Theology Hour Discussion at the House

HILLEL FOUNDATION

Saturday, 9 p.m. Party at the University Reservation. A bus will leave Bryan Hall at 7:45 p.m for transportation.

Flambeau Photo: Don Scott

Oliver Black, Bobbie Summerall, Jane Brackin, and Louise Andrews are shown here from left to right warking on a display for the 1958 Baptist Student Convention which begins tonight.

Baptist Student Convention Held Here, 300 Expected

By JIM COX

The 1958 Florida Baptist Student Convention will open tonight at 5:45 at First Baptist Church. Beginning with a dinner in the recreation room it will continue with a fellowship hour at 9.30.

The evening program will be held in the sanctuary with the famous Chorale singing at 8 and Dr. Arthur Rich, pastor, First Church, Lakeland, speaking on the subject "The Meaning of Christian Discipline." A reception at 9 00 in the Duval Wing will conclude the activities this evening.

SATURDAY PROGRAM

Tomorrow morning activities get under way at 8 45 with a theme interpretation of discipline to be followed by Bible study directed by Dr W W Adams of Louisville Seminary. Dr. Adams may be remembered by many as the teacher of Colossians at the Baptist World Youth Congress held in Toronto last June.

Seminars and panel discussions at 10 o'clock will feature twelve various disciplines. The morning address will be brought by Dr. Doyle Baird on the subject "The How of Christian Discipline."

Lunch will be at the church and the afternoon program, beginning at 1:40, includes Bible study, a Ridgecrest skit, a business session and a planned tour of the Governor's mansion, the capitol and Florida State at 3 00.

Saturday supper is at 8 at the church and it will be followed by a theme interpretation, Bible study with Dr Adams, and a missions program to be presented by the Toronto Home Mission Board. Dr John McGuire, executive secretary of the Florida Baptist Convention, will speak at 9 20 and a fellowship hour will conclude the evening in the blue room at the BSU House.

SUNDAY CONCLUSION

The Sunday morning service is at 8.30 at First Baptist Church, with an over-all Sunday School in the College department at 9 45 to be taught by Dr. Adams. This will conclude the Convention's program.

Speakers Bureau Recruits Members

Interviewa for Speaker's Bureau will begin Monday in 411 Longmire between 4 and 5 p.m.

"Any interested person, who wishes to participate in the program this year is urged to report as soon as possible for an interview," announces Joyce Combs, Speaker's Bureau Chairman.

A selection committee will hold interviews on Monday, Wednesday, and Friday afternoons between four and five o'clock. These interviews will result in the selection of student speakers who will travel throughout the atate representing FSU this year.

"With an increased budget, and the assurance of complete cooperation of the administration and the FSU Public Relations Office, the total Speaker's Bureau program should be even more effective than it has been in previous years," said Art Moore.

Student speakers will be sent to high schools and civic clubs throughout the state immediately preceding and following Thanksgiving, Christmas, semester, and Easter holidays.

Joyce Combs, chairman of the Bureau, will head the overall program, as she did last year. A committee has recently been appointed to serve under her.

Roy Mathis and Kay Wells are in charge of interviews and selections. Sheila Kennedy will work with Miss Combs in supervising and coordinating the total program. Jan Pearce will handle transportation and finances. B J. Atkinson, programming, and Kay Wright, public relations.

SEMINOLE LADY OF THE WEEK, Cheryl Rose, poses prettily for Flambeau photographer, Tom Maida. Cheryl is a junior in from Miami and is majoring in business education here at FSU. She has blue eyes and brown hair.

Where And When

The Graduate Record Exam will be given in 120 Geology and the Business Lecture Hall from 1 to 5 p.m. today.

• • •

Philip Wyatt will speak on "The Optical Model of the Nucleus and Preliminary Results of the Green-Wyatt Static Form" at the Physics Seminar at 2 p.m. today in 120 Science.

• • •

The Phi Delta Kappa District Conference will be held at 6 p.m. in the Trophy Room tonight. There will be a dinner and a meeting.

• • •

Tonight at 8 p.m. the Tallahassee Archaeological Society will have Prof. Philip Mayerson, of N.Y.U., to speak on "Ancient Ghost Towns in the Desert" at the Library Lecture Hall.

• • •

The University Symphony will present a concert tonight at 8:15 p.m. under the direction of Robert Sedore, Conductor.

• • •

Registration for the Florida Theatre Conference, which will be in progress tomorrow and Sunday will be held tomorrow at 9 a.m. at Conradi Theatre.

• • •

The Hillel Foundation semi-formal dance will be held at the Reservation at 8 p.m.

• • •

There will be a meeting for Philosophy Majors and those interested in Philosophy on Monday, October 27, at 7:30 p.m. in 406 Longmire.

The Student Party invites those interested in student government to its fall reception, Thursday, Oct. 30 from 4:30 to 5:30 p.m.

• • •

Lake Bradford will be the scene of the International Club picnic, Sunday, Oct. 26.

Cars will leave Longmire for the reservation at 1:30 p.m. Food orders may be given to Miss Mildred Stewart in Dean Oglesby's office. Those who wish, may bring their own food.

229 Interns Leave This Week

Two hundred twenty-nine Florida State University senior education majors will scatter across the state and south Georgia this week to undertake internship teaching duties.

By counties, the interns are:

Alachua County: Marilyn Joannes, Mary Tipton, and Mrs. Emily Umstead. **Bay County:** James Adams, John Ayers, and Ernest Spiva. **Bradford County:** Agnes Lawson and Ann Lewis. **Brevard County:** Andrew Crew.

Broward County: Marsha Adkison, Susan Bower, Betty Henderson, Peggy Purcell, Jeri Bradfield, William Cartwright, Frances Clark, William Clendinen, Paula Cole, Robert Cramer, Claire Green, Victor Harke, Betty Hofflander, Robert Kansky, Peter Kiefer, Josephine Smith, and Joan Sparling.

INTERNS

Calhoun County: Kay Wahlquist, and Claude Hilton. **Columbia County:** Audrey Carter. **Dade County:** Nancyanne Browne, Allice Casson, Mary Cowart, Joyce Day, Ann DeBarry, Dorothy Emmett, Roberta Kienzle, Pamela McNeer, Jacquelyn Penny, Nancy Person, Elizabeth Plowman, and Jacquelyn Stecker.

Tex Alderman, Katheyn Amoury, Constance Bassett, Henryette Bird, Jean Bridgeman, Laura Cheek, Nancy Denham, James Gilliard, Patricia Gregory, Cecile Holloway.

Judith Linder, Suzanne Lowell, Lucy McDaniel, Gloria Meltzer, Walter Mickler, Julie Milam, Ann Morse, Carolyn Noll, Donald Powers, Betty Saville, Suzanne Vickery, Margaret Violette, and Shelia Wood.

Duval County: Lois Baker, Jessie Branscomb, Jean Braxton, Katherin Cromartie, Stanley Etersque, Janice Lamb, Myrtle Lingo, Jerrell Norton, Martha Robinson, LaVerne Sweeney, Barbara Toney and Constance Yeston.

Escambia County: Nancy Bainter, Judith Barrineau, Faye Clark, Ruth Dickenson, Helen Hall, Billie Hamilton, Eunice Readette, Barbara Rogers, Judith Berkshire, Mary Carr, Mary Coupland, Nancy Crouse, Joyce Fralie, Hazel Spurlock, Judieth Taylor, and Dolores Zeiler.

Gadsden County: Anna Clark, Patsy Fischer, Betty Jackson, Mary Woodberry, Georgianna Clark, June Lasseter, Carlton Mayhall, and Joe Merritt. **Georgia:** James Arnold, Curtis Chapman, Elise Newberry, William Reynolds, and William Sellers.

AND INTERNS

Hillsborough County: Lena Bolton, Minnie Castro, Elizabeth Hodges, Susan Kelsey, Robert Plummer, Carolyn Rice, Suzanne Slappey, Ethel Wainwright, Jane Wallace, Elizabeth Elvery, and Edward Ward.

Indian River County: Susan Wood and Paul Bishop. **Jackson County:** Sylvia Golden and Nancy Kelley. **Jefferson County:** Elizabeth Hutto. **Lake County:** Marnie Averitt, Lillian Congdon, and Margot Willson.

Leon County — Elementary Schools: Helen Aldridge, Mildred Bowdoin, Beverly Cude, Voncile Barnes, Sara Hay, Janet Holler, Ellen Shaw, Mary Andrews, Judith Dekle, Sarah Dunn.

Mrs. Kathleen Marsh, Burrelle Meeks, Patricia Barfield, Mrs. Sara McNeal, Emily Phillips, George Smith, Dorothy Summers, Eloise Echols, Mrs. Bette Hansen, Kathleen Simpson, and Carolanne Nelson.

Secondary Schools: Ellen Catron, Donald Christine, Casper Ciclo, Michael Conley, William Keefe, Carol Merriman, and Emmett Reynolds, George Wajdowicz, Clinton Wing, Mrs. Lavina Shaver, Evelyn Andre, Roger Brassard, James Casteel, Bobby Clarkson.

Joan Crawford, Harryette Duncan, Penhallow Dyer, Robert Fernandez, Sebastion Hernandez, John Lawson, Ella Miller, Donald Palmer, Thomas Speck, Baerbel Whitney, Billie Johnson, Leonard Thurman, Linda Bean, and Sonja Poland.

Madison County: Miriam Cowart, and Carolyn Mugge. **Manatee County:** Mary Dotson, Ellen Raynor, and John Bracewell. **Martin County:** Nancy King. **Okaloosa County:** Anita Harold and Barbara Smith.

AND INTERNS!

Orange County: Dorothy Ellis, Sandra Fletcher, Peggy Herrington, Patricia Lord, Rosemary Martin, Eva Solomon, Sylvia Spinks, Mary Sweatt, Charles Bosenberg, Ann Dunning, Caroline Emery, Andree Finlayson, Franklin Hopkins, Bobbie Jarrett, Henry McLaulin, and Lenara Stewart.

Palm Beach County: Leonra Dupee, Sandra Lozier, Christine Parmelee, Mildred Snyder, Eric Bailey, Donald Beloin, Judith Carlton, Robert Carlton, Barbara Elssey, Suzanne Gunderson, Glenn Scambler, and Thomas Watson.

Pinellas County: Dian Hadfield, Sharron Heim, Frances Ellinwood, John Galea, Barbara Keesler, Honey Pooley, Carolyn Rouse, Ronald Sommer, and Marjorie Starnes. **Polk County:** Bobbie Knowles and Patricia Stephens. **Putnam County:** Linda Howell.

Sarasota County: Mary Blackburn and Roger Sanchez. **St. Lucie County:** Nancy Negu... Alyce Terry. **Volusia Cou...** Laura Murrell and Rose... Stainback. **Walton County:** ...ie Davis and Mrs. Betty K...

THE DRESS PARADE

In all my years of observing coed fashions—and I have been arrested many times—I have never seen such verve, such dash, such *Je ne sais quoi* as can be found in this year's styles!

I am particularly enchanted by the new "baby waist" dresses which so many of you girls are favoring this season. How demure you all look in your "baby waists"! How sweet! How innocent! How colorful when your housemother lifts you up and burps you after dinner!

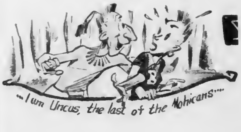
Another trend that leaves me limp with rapture is the oversized handbag. Goodbye to dinky little purses that hold nothing at all! Hurrah for today's sensibly sized bag with plenty of room for your makeup, your pens and pencils, your shelter half, your Slinky toy, your MG, and your Marlboros.

Did I say Marlboros? Certainly I said Marlboros. What girl can consider herself in the van, in the swim, and in the know, if she doesn't smoke Marlboros? What man, for that matter. Do you want a filter that is truly new, genuinely advanced, but at the same time, does not rob you of the full flavor of first-rate tobacco? Then get Marlboro. Also get matches because the pleasure you derive from a Marlboro is necessarily limited if unlit.

To return to coed fashions, let us now discuss footwear. The popular flat shoe was introduced several years ago when it became obvious that girls were growing taller than boys. For a while the flat shoes kept the sexes in a state of uneasy balance, but today they will no longer serve. Now, even in flats, girls are towering over their dates, for the feminine growth rate has continued to rise with disturbing speed. In fact, it is now thought possible that we will see fifteen-foot girls in our lifetime.

But science is working on the problem, and I feel sure American know-how will find an answer. Meanwhile, a temporary measure is available—the reverse wedgie.

The reverse wedgie is simply a wedgie turned around. This tilts a girl backward at a 45 degree angle and cuts as much as three feet off her height. It is, of course, impossible to walk in this position unless you have support, so your date will have to keep his arm around your waist at all times. This will tire him out in fairly short order; therefore you must constantly give him encouragement. Keep looking up at him and batting your lashes and repeating in awed tones, "How *strong* you are, Shorty!"



Next we turn to hair styling. The hair-do this year is definitely the cloche-coif. One sees very few crew cuts or Irene Castle bobs, and the new Mohican cut seems not to have caught on at all. In fact, I saw only one girl with a Mohican—Rhodelle H. Sigafoos, a sophomore of Bennington. Her classmates laughed and laughed at her, but it was Rhodelle who had the last laugh, for one night a dark, handsome stranger leaped from behind a birch and linked his arm in Rhodelle's and said, "I am Uncas, the last of the Mohicans—but I need not be the last, dear lady, if you will but be my wife." Today they are happily married and run a candied-apple stand near Macon, Ga., and have three little Mohicans named Patti, Maxine, and Laverne.

© 1958 Max Shulman

• • •

Congratulations to Mr. and Mrs. Uncas and to all of you who have discovered the pleasures of Marlboro and Marlboro's sister cigarette, non-filter Philip Morris, both made by the sponsors of this column.

Final Elections Set Today For Student Offices

Westcott Pool

Flower Bed May Replace Fountain

By FRED BURRALL
Flambeau Staff Writer

Westcott Fountain, the target of vandals and dunk-s for over 40 years, may be facing its last days as ool.

proposal has been made to Shaw, treasurer and business manager of Florida State ersity, to drain the pool and flowers in the bottom bowl. did not reveal the author proposal.

explained that the expense eep and the attitude of the ns warrants the change.

proposal," he said, "is consideration, but no defi-decision has been made as I'd like to get a reaction the students before we take positive action regarding the al."

LIKE TO KEEP IT

the student body can devel-sentiment of protection in-of vandalism, we'd like to be pool as it is."

pool which is a gift from asses of 1915 and 1917, has d through many acts of sm and tradition since its ment, but the incident of eeks ago marks the first has been burned

s was of the opinion that the g had not been done by sity students.

he added "the pool is a rom past graduating classes, e have an obligation to pro-

is definitely an asset to iversity, by virtue of its and beauty, if we can pre- from being vandalized."

FLOWERS

proposal Shaw received sug. that the bottom bowl be d with flowers while the top owls remain as they are.

ess the student body of Flori-tate University can offer a ncing argument for retention, raditions of Westcott Pool are ed for extinction.

ter the change is made, it e too late for objections and to the editor," according to I'd like to hear the stu- reaction as soon as possi-

e students' arguments should ineffective, Westcott Pool soon become known as West- Flower Bed.

Pickard Almost Sure Bet For Back Of Week

Informed sources have said that Florida State's hard-charging fullback, Fred Pickard, is almost a sure bet to be named Back of the Week today by the Florida Sports Writers Association.

Pickard, a 160-pound junior from Columbia, Tenn. led the Seminole attack as they defeated the University of Tennessee's Volunteers Saturday. Pickard gained 133 yards against the favored opponents.

End Pete Fleming of Pensacola, who spent most of the afternoon in Tennessee's backfield could very well be named Lineman of the Week tomorrow.

Flambeau Photo: Wayne Warren

EVERYONE, INCLUDING GOVERNOR LeROY COLLINS, was on band to greet the victorious Seminoles on their return fram Knoxville. Here, Gov. Collins beams as Coach Tom Nugent speaks to a crowd of aver 2,500 loyal Seminole fans, Saturday night.

Garnet-Gold Key Banquet Open To All

Contrary to past procedure, the annual Homecoming Banquet sponsored by Garnet and Gold Key will be open to students, as well as members, alumni and faculty members, according to Dr James Carr, chairman of the Banquet Committee

Tickets will be on sale until Wednesday at 4 p.m. and may be purchased either at the Alumni office in Longmira or at the Westcott ticket office. Dr. Carr said.

The banquet is scheduled for 8 p.m Friday and will be held in the Suwannee Room. Tickets are $2 per person.

Speaker at the banquet will be Florida State University President Robert M Strozier

Honored guests at the eleventh annual banquet will be Governor LeRoy Collins, members of the Board of Control, and members of the State Board of Education

Also honored will be Mr and Mrs. Johnny Lawrence of Mobile, Ala., who will be guests of the Homecoming Committee Lawrence is the composer of the FSU Alma Mater.

Toastmaster will be Dayton Roberts, Gold Key president The invocation will be given by Dr. Edwin Hartz, University Chaplain.

Louis S Vocelle, president of the Alumni Association and also a member of the House of Representatives, will recognize the honor classes, which include the classes of 1958, '44, '42, '41, '25, '24, '23, '22, and '08

Both Gold and Garnet Key will present an honorary membership in each organization to an outstanding FSU faculty member at the banquet.

Buses have been secured to transport those attending to Pow-Wow immediately following the banquet.

Fashion Show Tomorrow For Frosh Women

Campus honoraries will be presented to freshmen women in the form of a fashion show sponsored by Mortar Board tomorrow night at 7 in Westcott Auditorium.

All freshman women are expected to attend, according to Lois Charlesworth, Mortar Board president.

The purpose of the presentation is to acquaint freshman women with the requirements, goals, and projects of those honoraries on campus to which anyone may belong on the basis of general achievement, Miss Charlesworth stated.

Miss Daisy Parker of the Political Science Department will speak on the 'relationship of scholarship to extra-curricular activities. Lee Ann Reitz is commentator for the presentation; Evie Morris is general chairman.

Honoraries to be presented are Alpha Lambda Delta, women's scholastic, Phi Epsilon Sigma, freshmen men's scholastic; Sophomore Council, sophomore women's service; and Alpha Council, sophomore men's service.

Also Garnet Key, upperclass women's service, Gold Key, upperclass men's service; Mortar Board; upperclass women's leadership, service and scholastic; Omicron Delta Kappa, upper class men's leadership, service, and scholastic; and Phi Kappa Phi, upperclass scholastic.

Miss Charlesworth emphasized that all of the honoraries represented have a minimum scholastic requirement.

TALLY-HO PICTURES

All students who paid their $2 registration fee and made appointments to have their Tally-Ha pictures taken but failed to show up for the appointment are requested to come to the Tally-Ha office as soon as possible for their pictures

Tally-Ha picture registration is closed and will not be reopened this year.

'DAMN FINE JOB' read one af the many posters and banners carried by an estimated crowd of 2,500 at Dale Mabry airport an hand to greet Florida State University's 'Fighting' Seminoles as they returned from Knoxville after defeating a favored University of Tennessee team, 10-0, Saturday night.

THOUSANDS GREET TEAM

There was nothing "second-rate" about the 10-0 victory the Seminoles turned in Saturday afternoon over Tennessee

And the greeting the warriors received that night at Dale Mabry Field was strictly top-notch stuff too

About three thousand screaming people, including one governor, one non-uniformed band, one Tallahassee mayor, and several motor-cycle police officers, gathered to applaud the team's "damn good job."

The mob was out to shout their approval of the way the Seminoles disproved a Knoxville sportswriter's comment that FSU is a "second-rate gridiron power."

PLANE HELD BACK

The plane bearing the team, coaches, cheer-leaders, and various dignitaries landed, but was held away from the unloading ramps while Tallahassee police officers attempted to hold back the crowd

At length the big silver-and-blue bird was waved in, and Saturday's haro, fullback Fred Pickard, led the team off as a mass of humanity surged in with a roar that obliterated the Marching Chiefs' blaring "FSU Fight Song."

Banners proclaimed the game a "damn good job" and "fabulous," while Governor LeRoy Collins stepped up to an impromptu microphone to tell the team, "You're a credit to the state and to FSU — Welcome home."

Taking a turn at the mike, quarterback Vic Prinzi held aloft the ball used in the game and yelled, "Here's their scalp!" — and brought down the house.

At dinner in Knoxville before the flight, one player was heard to remark," I must be dreaming —don't wake me up."

Jubilation

Long Plane Ride Home For Tribe

By BEN BALSER
Flambeau Sports Editor

For the 87 people aboard the National Air Lines chartered DC-6, it was a long hour and forty minutes from Knoxville to Tallahassee Saturday night.

After the plane left the ground in Knoxville people began walking up and down the aisle joking, laughing and in general having a good time.

The party of 87 included President and Mrs. Strozier, Dean Oglesby, the football players, and coaches, Mrs. Tom Nugent, members of the press and radio and several other university officials.

The players talked among themselves and with anyone who wanted to listen. The press was busily typing game stories for the morning edition. Some people slept and some gazed out the windows at the maze of lights that were below us marking cities like Atlanta.

In between everyone was listening to the Florida-LSU game which the pilot had picked up and was broadcasting over the plane's intercom.

LOST HIS SHIRT

Coach Tom Nugent was complaining about his favorite sport shirt which he lost in the U of T student center where he ate after the game. It seems he changed shirts in a little room off the dining area and loft the shirt hanging there. When he went back, it was gone.

Probably the busiest person on the plane was the cute blonde stewardess who was trying to serve coffee and duck the passes being thrown by the players. (Not football passes.)

Leo Baggett, FSU's veteran guard walked to the back of the plane where all the reporters wera sitting Baggett, like tha rest of the players, was thrilled with the outcome of the game.

He explained that one of the main factors in the victory was that "we got them mad at us, and they couldn't do anything about it."

A few minutes later Bobby Renn, who was standing nearby listening to the Florida game, was asked by one of the reporters if the touchdown he scored was easy.

NOT SO EASY

"From the pressbox, it looked like they didn't even touch you, you just dove through the hole," stated the scribe Renn smiled and replied "Oh, they touched me, ok," as he smiled and pointed to a horizontal gash across the bridge of his nose.

When asked about the punt which he kicked in the first quarter and ended up with a total yardage of a —2 yards, Renn admitted that it was just a bad kick. "It just went off the side of my foot. I had plenty of time"

Evaryone on the plane let out a yell as LSU scored its first touchdown on Florida.

About 20 minutes from Tallahassee, the pilot cut in over the loud speaker and let the passengers hear what the Tallahassee tower was saying. It went something like this:

"There are about two or three thousand people here waiting for the team. The police are trying to keep them off the ramp The governor's car just drove up."

Excitement reached its peak as the signal light went on to fasten the seat belts. The landing was near. It was decided that the team would get off first President Strozier said that Coach Nugent ought to get off first. Nugent replied, "I'll get off with the team."

GOVERNOR THERE

As the plane's wheels hit the runway the passengers craned their necks to see what was going on at the airport. It was a sight to behold lights flashing, people as far as you could see, signs proclaiming a good job done and in the front of the crowd, Governor Collins.

Just before the plane stopped, someone suggested that Fred

(Continued an Page 6)

Queen Contest Balloting Also On Agenda

Freshman class officers and precinct senators will be chosen by voters in final elections today.

Polls will be open from 9 a. m. to 5 p. m. with the exception of West Hall station which will close at 1 p.m

Other voting places are the same as in primary elections, Westcott, Bryan Bus Stop, Library, Seminole Club and Student Center.

Voting for a Homecoming queen to succeed Miss Lynn La Grange will take place in Westcott only, where pictures of the five finalists will be on display.

Election returns with the exception of Queen results will be posted at 8 p.m. on the third floor of the Psychology Building

LACK OF BALLOTS

Election officials ran into some difficulty in primary elections last week when unexpectedly heavy voting resulted in a lack of ballots for precinct officers.

About 1,500 ballots have been prepared for the seven precincts in the run-off to prevent a recurrence, according to Sandra Rosenberg, secretary of elections

Because the two new girls foundation houses were not in existence at the time of the last apportionment, there was some confusion over which precinct they were classified in

Girls living in the houses should vote in the precinct of their house council affiliation, Miss Rosenberg said

QUEEN RUNNERS

Competing for the Queen honor are Nan Chamberlain, Joyce Combs, Arlelou Johnson, Pat Jean Ferguson and Willou Copeland. Identity of the winner will not be revealed until the Pow Wow Friday night.

Freshmen will choose between

prints, loaned by The Edith Halpert foundation. New consist of about fifty etch- lithographs aquatints and ranging from Renoir h Picasso.

Seven Finalists Vie For Miss FSU Title

Seven finalists in Tally-Ha's Miss FSU contest were selected Thursday. Chosen from a slate of 153 hopefuls were Fay Dunaway, Joyce Fisher, Carol Hair, Nat Hobbs, Rita Nelms, Dee Rivers, and Martha Strom.

Judges for the contest were Dick Parks, Evon Streetman, Jim Martin, and Dr Reid Montgomery, who will decide on the new Miss FSU from photographs submitted by the finalists. Announcement of the winner will be made within the next two months.

All finalists will be in the beauty section of the 1959 Tally-Ha.

A PI PHI

Fay Dunaway, freshman from Tallahassee, is an education major. A Pi Beta Phi pledge, sha is interested in speech, drama, French, water skiing, and music.

Freshman Joyce Fisher from Daytona Beach is a Tri-Delt pledge, planning a career in nursing Water sports, dancing hi-fi jazz, and meeting people are her interests.

Live Oak's contribution to the contest is Carol Hair, Pi Beta Phi pledge, who likes dancing, swimming, singing piano, and public speaking

Nat Hobbs, junior from Sarasota, will eventually display her beauty in the classroom. An elementary education major, this Kappa Alpha Theta enjoys swimming, art lettering, and meeting and knowing people.

Band, circus, annual work, swimming, skiing, music, dancing, writing, and drama fascinate Dee Rivers, freshman from Adel, Georgia Dee is a Kappa Alpha Theta pledge planning to major in Social Welfare.

LIKES SPORTS

Martha Strom, sophomore, is from Panama City. A Sigma Kappa majoring in education, she prefers swimming, sports, drawing, circus, singing, and modeling, to other activities

Senior Rita Nelms is a member of Alpha Omicron Pi Her interests center around golf, bowling, softball, swimming, writing poetry, music, dancing, and children and education.

Lynn La Grange, Miss FSU of 1957, supervised the contest Nan Chamberlain and Dorothy Goodwin, two former members of the court, Desse Pinkard, editor of the Tally-Ha, and Helen Wheeler, managing editor of the Tally-Ho, assisted bar.

NOTHING BUT SMILES are forthcoming from tbe finalists af the Miss FSU contest. Front row (l-r) are Martha Strom and Dee Rivers. Center row are Joyce Fisher, Fay Dunaway and Carol Hair. Back row, Rita Nelms and Nat Hobbs.

VOTE TODAY

At Westcott

Seniors Vote Today On '58 Who's Who

Seniors and graduate students ballot today for 36 members of their classes to be included in "Who's Who in American Colleges and Universities."

Voting for Who's Who will be held at the Westcott polling station from 9 a.m. to 5 p.m. Qualifications of each of the 78 nominees will be displayed in the Westcott area.

Nominations were made by the Who's Who nominating committee from lists of qualified members of campus organizations. Bases for selection were a 2.3 scholastic average and leadership and participation in educational and extra curricular activities.

Students nominated have been active at FSU in fraternal organizations, religious affairs, athletics, student government, dramatics, music, publications, honoraries, dorm activities, and department clubs.

Nominees are:

Evelyn Janiece Andre, Penelope Jo Appleby, Donald Lewis Ayres, Carmen Battaglia, Linda Fay Bean, Carolyn Jean Bell, Nettie Black Lawrence Block, Daniel Boltz.

Elizabeth Bowen, Nancy Jo Bowers, Jari Gail Bradfield, Benjamin Bryan, William Voris Bunker, Doris M Burr, Ethel Calhoun, Bradley Canon, Rhon Carleton, Lawton Caruthers, Nan Chamberlain, Lois Charlesworth, Laura Cheek.

William Clendinen, Julia Conkling, Judy Dekle, Nancy Denham, Oliver Dixon, Ann Duncan, Hugh Durham, Barbara Eissey, Lorna Elder, Patricia Finlay, Dorothy Goodwin, Suzanne Gunderson, Thomas Hale, Ron Hamm, Cora Hargrave, Victor Harke, Scott Harpe, Donald Hayes

Nancy Heacock, Dorothy Anna Head, Diana Holroyd, James Hooks, Kelvin Huehn, Robert Kansky, Sarbara Ann Key, Nancy Key, Gary Kissinger, Philip Knight, Dale Koch, Juna Lasseter.

Cynthia Lawrence, Raymond Liebau, Sara Jean MacLeod, Jeanne Magill, Nellie Manda, Patricia Manning, Art Moore, Diana Evie Morris, Elise Newberry, Cathrine O'Sullivan, Donald Ramsden, Donald Reedy, Dayton Roberts, Sandra Rosenberg, Marlene Sealy

Marjorie Starnes, Patricia Starnes, Sandra Stewart, Carol Terpening, Carol Uhlich, Ada Leigh Wall, Barbara Watson, Thomas Wells, Joseph Westhafer, Robert Wolfanbarger, Nancy Worrall.

Long Remembered Day

Saturday, October 25, 1958 was a day which will never be forgotten in Florida State's gridiron history.

It culminated the first period in FSU's progress to the ranks of football powers. In ten years we had come from non-existence through the stage of playing third rate teams to conquering of an SEC power.

THE HEART WARMING and spirited welcome of the team at the airport by 2,000 students and boosters will be long remembered.

Students will remember it for its spontaneity, for the way they defied police lines, and for their tremendous spirit and pride in the team.

IT WAS AN ANSWER to those who claim FSU is devoid of school spirit. We have the spirit.

True, it may not be rabid. But show us the team and provide us with a contest—we will make with the noise.

Saturday night's example does not stand alone. The crowds poured forth with spirit at the Wake Forest, Virginia Tech and Georgia games. A challenge is all that is necessary to activate the rooters.

BUT LONG AFTER the students have forgotten Saturday's game (if they ever do), it will be remembered and relived by the players and coaches. For this victory they have waited 12 long years and suffered through ten straight defeats from SEC teams.

Is FSU now a first rate team? One game—one victory—cannot settle such a question. However, by virtue of her Tennessee victory and her tremendous play in every game this season, FSU can look any team in the nation in the eye and say, "We're ready for you."

OR MORE IMMEDIATELY, "Gators, watch out!"

We venture to predict that the Seminoles will go on to more victories over SEC and other football powers. She may one day be invited into membership in the SEC.

But it will be a long time before there is a "first" victory like Saturday's. Remember it, you may want to tell your grandchildren someday.

New Aims Worthwhile

The student government Speaker's Bureau begins operations under a new policy this year. It has an increased budget and an increased interest on the part of SG officials and university administrators.

We think the changes are a real benefit to student government and Florida State.

IN THE FIRST two years of the Bureau's life, it had the main function of sending student government around the state to talk to civic clubs. Most of the Bureau's activity was concentrated into a few weeks in April.

The object was to put FSU in a good light with the business and professional men of the state and to plant seeds which might eventually lead to monetary contributions to the university.

THIS YEAR (and in years to come) instead of concentrating their efforts during a single month, the Bureau will be sending speakers throughout Florida all year. And civic clubs won't be the main object of the speakers' attentions. High schools will.

Of course, high schoolers won't be able to donate the money some civic clubs can. But their interest in FSU is more direct and they need to be made more aware of our advantages and activities.

OUR RIVAL INSTITUTION across the Suwannee has done a good job of "snowing" Florida high schoolers with their speakers bureau.

A school is known by the calibre of its students and alumni. Certainly it would behoove us to attract outstanding high school students here.

ANOTHER FEATURE OF THE Bureau's new policy which we find ourselves in agreement with is the selection of qualified and interested speakers to represent FSU instead of having SG officers go out.

This week the Speaker's Bureau committee is screening applicants for positions representing FSU beginning next month.

We hope some of FSU's "verbal boosters" will take advantage of this opportunity to help the university and help themselves to a free trip to their hometown.

Letters Reviewed

Recently the **Flambeau** has received several well written and clear letters on subjects running from segregation to dating habits.

THEY WERE INTERESTING enough, we think, to have been seen in print.

There was only one trouble — they were not signed.

All letters to the editor must be signed. We cannot take the responsibility of publishing something whose authorship is unknown.

FOR SUFFICIENT REASON, on request, the authors name will be withheld from print.

If you have something to say — let the world know who's speaking.

Guest Column

Senators Different This Year

By KEN PRESCOTT

Heretofore most letters to the editor concerning our dedicated legislative body have been redolent with contempt. Uninformed students have bombarded the **Flambeau** office with masterpieces of invective condemning that illustrious body for dallying with matters which they, the writers, deem frivolous.

I, and I am convinced many possess my view, would like to congratulate the senators for their wisdom and foresight as evidenced by their recent decision on the now famous Who's Who bill.

RECALL LAST YEAR when the bill to raise the grade requirement from a 2.3 to a respectable 2.5? For weeks the senators were at loggerheads. The winds blew and the rains came down as the sages gnashed their teeth.

In the end it was the exhaustive report containing information from scores of high ranking universities, prepared by a committee chairmaned by Dayton Roberts and the courageous testimony of Gerry Gordon who said, "Raising the standards will eliminate me, but it will make membership more than an empty honor."

It was testimony such as this which moved the senate to raise the grade requirement.

FORTUNATELY, MEN OF THIS caliber are no longer in the senate. The senate is obviously more "realistic" in in their views. The most convincing argument advanced in the senate meeting last week was that it would be "unfair to the class of sixty-one to allow them to enter college expecting to cop honors with a 2.3 and now arbitrarily erect an insurmountable obstacle such as a 2.5 before them. And so I congratulate the senate for removing the Wall of China from before the outstanding members of the student body.

MY ESPECIAL THANKS go to Dale Koch, who introduced the bill to lower the standards and to Jim Apthorp, men's vice-president, both of whom used their persuasive oratory and their lever of political disapprobation to move the more sluggish members of the senate to approve the bill of equity.

Again I say "Congratulations, may you all wear your little Who's Who pins with pride and may it never be whispered that our senate is disloyal to its friends, class, or social group."

Freshman Campaign Letters

Vice President

DEAR FRESHMEN:

I'd like to take this opportunity to express my sincere thanks to you for placing your confidence in me during the primary elections.

Today is a very important day to our class, the class of '62. The future of the class rests to a large extent with the officers whom you select.

I ask you once again for your support, and if I have the good fortune to be elected, I will strive constantly to fulfill your desires and serve the freshman class to the best of my ability.

Sincerely,
BILL BAKER

Social Chairman

DEAR FRESHMEN:

Today is an important day for all of us and it is important for many reasons. The main one is that you will elect your class officers—the officers that will serve you the rest of the year.

I really believe that this will be a great year for us because we have a good student body and we will have good Freshman class officers. I would like to serve you as your Social Chairman and help by giving my small part toward making our year the best one of all.

I sincerely want to thank every member of the Freshman Class that supported me in the first election and say that I will certainly appreciate your support at the polls today.

Gratefully,
JEAN CARRISON

DEAR FRESHMAN:

First I want to thank each of you who have suported me and made it possible for me to be in the run offs. But now, more than ever, I need everyone's support. I wouldn't be wasting your time or mine if I didn't feel I was qualified for the job and planned to give it everything I've got!

There is neither time nor space to elaborate on my past experience and qualifications nor on my ideas for making this year an outstanding one. I have and will continue to try to meet and talk with as many of you as possible about these things personally.

I sincerely hope that you will find me worthy of serving you in this capacity. So, when you go to the polls, remember: GREAT SCOTT! For the biggest and best socials, vote G R A C E SCOTT.

Sincerely,
GRACE SCOTT

Treasurer

DEAR FRESHMEN:

I wish to acknowledge my sincere appreciation to all of you who helped and supported me in my campaign for CLASS TREASURER. Today you are going to elect your class officers and I hope that you will see fit to vote for SHIRLEY ANN MARTIN.

Gratefully,
SHIRLEY ANN MARTIN

Senate

DEAR FELLOW FRESHMEN:

The election of your senator at large is a decision which will affect all of us. How you vote is something that requires a great deal of serious thought.

I would like to express my appreciation to the numerous people who have supported me in this election. Tuesday, you will once more go to the polls to cast your deciding votes in the runoff. I fully realize the honor I have received by being a candidate in this final balloting, and wish, once again, to assure you that I will keep the interests of the Freshman class in the foreground at all times.

Thank you again for your support.

Sincerely yours,
CHARLIE HAWKINS

Critic's Corner

Symphony Concert Introduces New Talent

By GRIFFIN S. GRIFFIN

(EDITORS NOTE: Griffin S. Griffin substitutes today for the regular occupant of "Critic's Corner," Dixon Redditt, who was a featured soloist in the concert being reviewed.

Griffin is a graduate student in the School of Music working for the master's degree in Music History. He took his under-graduate degree at the New England Conservatory of Music. His background includes extensive critical reviewing at the University of Michigan.)

The opening concert of the season by the University Symphony Orchestra was indeed a revealing musical experience, one which introduced to this reviewer, two fine young performers, as well as a musical organization of obvious merit.

THERE WERE MANY fine things about this concert, not the least of them being the performance by the orchestra of Brahm's "Academic Festival Overture," which demands a certain spirit of gayety and seeming abandon, suggested by the lively German songs. Yet it demands also a tightly knit organization with all the precision and feeling for form of a classical orchestra.

There were both spirit and precision in last Friday's performance. The beginning was somewhat vague, a quality found in several of the individual entrances, but as the music progressed, there was definition and precision, with each section contributing admirably to the overall atmosphere of a very exciting work.

A HIGHLIGHT OF THE EVENING was the performance of Liszt's "Piano Concerto No. 2," in A Major, by William Alton, which revealed a pianist possessing a great potential. His playing indicates a thorough and well-schooled background, revealing a solid technique, capable of carrying him through this rather ambitious work.

This concerto, truly a product of the Romantic era, presents a melody, again and again returning in various forms and degrees. In this respect, the essence of the work was beautifully exhibited in the work of the solo cello with the piano. In that one passage was revealed more real intensity and feeling than anywhere throughout the piece.

(And here we might state that while Alton's playing commands a truly admirable virtuostic technique, there were moments when outward confidence lacked inward motivation and perception.)

The orchestra provided a suitable background, but lacked much of the color and brilliance usually associated with the work. However, there were moments of great excitement and we felt that there was a sincere effort on the part of the orchestra to create the desired effects. This was obvious throughout the entire program, and if the orchestra at times failed to achieve this, it must be remembered that some of the best fall short in this respect.

UPON PROCEEDING TO THE impressionistic "Rhapsody for Clarinet and Piano," (Debussy) another very talented performer was presented. Dixon Redditt, as soloist, revealed quite a mature and sensitive approach in addition to a thoroughly reliable technique.

This work in one aspect, is like the Liszt, in that there are certain coloristic and picturesque effects that have to be achieved, and in the Debussy, much of this effect is given to the solo clarinet, which Mr. Redditt captured quite well.

Much of the flavor of the work was lost in the orchestra which acted only in the capacity of an accompanimental instrument, with most of the creativity left to the soloist.

THE MAJOR ORCHESTRAL work of the evening, Prokofieff's "Lieutenant Kije, op. 60," is quite an interesting work, and the orchestra deserves praise in their treatment of it.

There is much of the folk idiom in this suite evident in the theme of Kije which occurs throughout the five sections. This theme is given out by most of the instruments, and along with the other folk melodies makes prominent use of the trumpet, whose solo work in the first section was quite nice, characteristic of the trumpet work throughout.

We might add that the work of the entire brass section was effective, especially the trombones in the second section. In this section, the solo saxophone introduced the theme, and had this been a little more confident and precise, would have been extremely effective, as it was later in the third section, alternating with the trumpets.

Here the string accompaniment was very weak, as in-

On Wheels

Pedaling Pays; Easy To Park

By DIANE GODIN

Perhaps many of you are wondering how this column happened to acquire the kicker "On Wheels." And perhaps you who are wearing bike tire marks aren't wondering at all.

It is because of my mode of transportation, for which the **Flambeau** gave me state-wide notoriety as a freshman. One gilded thirty-year-old Schwinn.

BEING TOTALLY UNCOORDINATED I found it difficult to maneuver about the usual way—on my feet. Countless time was being wasted recovering from belly-flops and pratfalls. I've always had strong legs, weak eyes, and an unerring lack of any sort of balance.

Of course, it gets drafty wearing the accepted apparel for women of FSCW. In winter months my thighs need constant attention to prevent chapping.

THE REAL REASON for acquiring the two-wheeler was that I just wasn't getting around fast enough. And besides being easy to park (depending on the point-of-view) it's cheap. I should be able to say it saves shoes, but in this particular case dragging shins must serve as brakes.

After being on wheels for two years, I [illegible] beginning to realize that even riding has [illegible] down-falls and up-hills. These I list for [illegible] inclined to peddle their own.

A TREMENDOUS KNOWLEDGE of [illegible] campus terrain tends to be an absolute necessity if you, like most, find going down easiest. It's a good idea to note all the [illegible] bushes and wire fences, too.

This campus happens to have a small [illegible] of stairs, a feature which sometimes makes [illegible] inclined to save my money to become the [illegible] on campus with a tank.

SPEAKING OF ARMY SURPLUS, [illegible] heavy weather gear would be handy for combating Tallahassee elements.

And don't be disconcerted by the usual [illegible] actions of your fellow students (1) jumping [illegible] of the way (2) jumping in the way (3) bend[illegible] over to look (male characteristic).

IF YOU REALLY want to make peddling [illegible] you can always get a paper route or take [illegible] home Thanksgiving.

There is nothing handier than a bike [illegible] last get-aways, classes in the geology build[illegible] running over people, and as a last resort [illegible] column material.

Frankly Speaking

'Ring' Cast Made Show Success

By FRANK GUNTER

Ring Round the Moon closed a successful run last Saturday evening. But it was not the play that was delightful, it was the cast.

The basic problem was that Mr. Anouilh wrote a silly pointless little bit of frivolity that never quite got off the ground. It was confusing and not until the end of the first act did we have even the remotest idea what was going on.

THE PLAY IS BILLED as a Charade with Music. It should have been labeled a Parade without Music, for that is exactly what it was — A delightful parade of laughable marvelously drawn characters jumping and bouncing their way through a very muddy parade ground.

I'm still wondering just when the music was going to decide to integrate. Occasionally there was a mumble from back stage but it was difficult to decide whether the stage crew had their radios on or whether the music was doing its little bit.

NOW THE STORY OF the cast is a different matter. Seldom have I seen such a group of college actors. They all knew exactly what they were doing. Amazing. Some should, I think, receive special mention.

Cay Cranford zoomed through the role of Diana with red-mouthed glee, flouncing her position of wealth as much as she did her green dress. Jane Seymour breathed her way through her role growing hotter by the moment [illegible] she finally completely singed the first two [illegible]

Steve Kleid, Ralph Black and George G[illegible]stein knew what they were doing every mom[illegible] Barbara Speisman spasmed her way along as [illegible] mother throwing herself hither and yon [illegible] the sage with complete control, while her [illegible] in secrecy. Barbara Rush followed close be[illegible]

BUT THE REAL BACKBONE of the [illegible] was Bill King, Jean Hayden, Susan Caffery [illegible] Stanley DeHart.

Bill King as Romainville flitted, jumped [illegible] balleted his way in gay abandon from begin[illegible] to end. Susan Caffery as the aunt played [illegible] position with poisoned supremacy, wheeling [illegible] way along as if she were Tallulah Bank[illegible] playing "The Man Who Came to Dinner."

Stanley DeHart as the two brothers sw[illegible]buckled and grimaced with the assurity [illegible] Douglas Fairbanks Sr. pouncing, posing, lea[illegible] from start to finish.

BUT TO ME THE REAL authority in [illegible] production was Jean Hayden. There was n[illegible] a moment when she was not in comple[illegible] co[illegible] and commanding the stage. And it's rather [illegible]teresting to note that as Isabelle she had fe[illegible] really funny lines than anyone. She did m[illegible] with a sag of her shoulders and a drop of [illegible] lip than most can do with twenty minutes [illegible] dialogue.

View From The Penthouse

Alarm Bell Ringers Cry 'Wolf' Too Often

By ED CARHART

Last week an old fable was enacted at West Hall. I'm re[illegible]ring to the one about the little boy who cried wolf once too o[illegible]

We have our own little group of wolf-criers at West. It see[illegible] that these people are fascinated by the sound of bells and ca[illegible] resist the lure of pressing the alarm button while riding [illegible] elevator.

NOW THERE IS REALLY no harm in this, unless a situation should develop where there is a genuine need for the alarm. That is just what happened last week.

An innocent passenger was riding on the elevator when it became stuck between floors. The occupant pushed the alarm button and settled back to await rescue. His faith was gratifying but alas the results were not.

NUMEROUS PEOPLE heard the alarm but paid no attention. After all, some joker is always ringing it for kicks. Four hours later a dorm official discovered the elevator was stuck and took steps to fix it. It was not until after the elevator was working again that anyone realized someone was trapped inside!

At first glance this may appear humorous. I doubt if [illegible] passenger was laughing— [illegible] wouldn't. However there [illegible] no real harm done, so wh[illegible] the big issue?

JUST THIS—when you [illegible]tend this type of humor to [illegible] activities as turning false [illegible] alarms the humor becomes [illegible] little strained. The results [illegible] a little sobering when you st[illegible] to think about them.

Yet this is just what has be[illegible] done at West Hall. Not on[illegible] but a number of times. [illegible] idea of some guy shrugging [illegible] the sound of a fire alarm a[illegible] going back to sleep in a [illegible] emergency leaves me with c[illegible] feet.

I'm no angel and I certa[illegible] don't aspire to the position [illegible] I can't quite buy these gam[illegible] University officials feel th[illegible] have caught the culprits and [illegible] for one hope so. If not for th[illegible] sake, for the sake of the pe[illegible]ple who must live near them.

Seminoles Surprise Favored Tennessee, 10-0

Pickard Gains 133 In First SEC Win

KNOXVILLE—Florida State's Seminoles, a "breath- … the University of Tennessee's schedule, marched … Shield-Watkins Field Saturday and stomped the fav… Volunteers, 10-0, before 23,700 stunned football fans.

… upstart Seminoles rolled … the Vols' defense, grinding … yards on the ground and … passes. Fred Pickard, … pint-sized dynamo bulled … yards from his fullback …

… the other side of the ledger. … lightweight Tribe posed a … wall defense and held the … famed single wing attack … yards.

… victory marked the Tribe's … victory over a Southeastern … ence foe in 11 attempts. It … the fifth win of the season … the Seminoles against two …

TIED AT HALF

… half the score was locked … and the Vols fans knew … would win over … -up Seminoles in the …

… time the men … Tennessee got their hands … the second half, … it would take more … to hold them down. … Jack Espenship returned … second half kickoff to FSU's … Pickard bulled over the mid- … three yards. Bobby Renn, … Seminoles' versatile half- … hit right guard for six …

… Pickard exploded through … of the Tennessee line … several of the Vols … backfield while rolling … to the 31 in Tennessee … He was pulled down from behind by Vol fullback Carl Smith.

From there, the Tribe moved for another first down. Then the drive stalled on the Tennessee 10. John Sheppard, Florida State's kicking specialist entered the game and kicked his second field-goal of the season from the 16 at a slight angle to the left of the goal post.

That made the score 3-0 with 11:30 left in the third quarter. A little less than three minutes later FSU got its second scoring opportunity.

After the Seminoles kicked off the Vols ran two plays before a pass by tailback George Wright was intercepted by linebacker Al Ulmer on the Tennessee 26.

FSU SCORE

On the first down, Vic Prinzi rolled out from the 'I' and uncorked a 27 yard pass to end Tony Romeo who was finally brought down on the Vol's one. On the neat play, Renn crashed over right guard for the score. Sheppard booted the extra goint.

With about nine minutes left in the third quarter the score read FSU 10, Tennessee 0, and the Volunteer fans were unusually silent.

A defensive battle rocked back and forth until about five minutes before the end of the game. Here, Tennessee started its longest sustaind drive which began on its own 24.

Using a combination of short passes and fullback bucks, the Vols ended up on the Tribe 15 with a first and ten and about a minute and ten seconds left.

Gene Etter, Vols' tailback, then tossed a quick pass to his end Mike LaSorsa who stood on the FSU goal. But, it never reached its destinatino. Prinzi, backed up closely by Renn, leaped high into the air to steal the Vols pass and their chance for a score.

It took the Tribe four plays to run out the clock and w… what was probably the biggest game in FSU's short football history of 12 years.

Billy Majors, the Vols first line tailback, left the game late in the first half with some bruised ribs. He was injured when his own tackle Joe Shaffer, ran into him as he rolled out to block.

The touted pass defense of the Volunteers, ninth in the nation last week, held the Seminoles to six completions in 19 attempts.

On the other hand FSU's aerial defense allowed Tennessee six completions in 12 tries good for 82 yards.

The Volunteers were penalized 45 yards while the Seminoles, playing rough football, did not lose a yard for infractions.

The closest Tennessee could get to a score was the last quarter drive, although they did move to FSU's 17 and 29 in the first quarter.

The win was the second in a row for the Seminoles and was the second consecutive game the Tribe has not allowed its opponents to score.

Flambeau Photo Wayne Warren

"GOOD JOB COACH," said Edwin Walker to Coach Tom Nugent as he stepped off the victory plane at the airport Saturday night. Young Walker is the son of FSU's registrar, Charles Walker.

KA Only Undefeated Team

KA remained undefeated in the Fraternity basketball league when it defeated SPE, 66-34 last Friday night.

PDT whipped past TEP by the lopsided score of 106-30. PKT edged LCA in a squeaker, 41-39 while PKA dropped PKP, 49-44. SC swept past DTD, 52-42.

TENNIS

In the Fraternity League tennis singles competition LCA and TC moved to the finals in the winners bracket.

LCA routed SC 6-0, 6-1 while TC edged SAE 7-5, 7-5. Other action saw PDT defeat PKA, 8-6, 6-2.

SN and SAE gained the finals in the winners bracket of doubles when they both won last Thursday. SN beat ATO, 6-0, 6-2. SAE walloped PDT, 6-0, 6-0. PKA beat KS, 8-3, 6-2.

IN THE PRESSBOX

By BEN BALSER
Flambeau Sports Editor

KNOXVILLE—Vic Prinzi stepped onto the bus with a wide grin on his face and a brown leather football in his hands. It was the same football which had been carried, kicked, passed and caught that afternoon in the Seminoles upset over Tennessee.

It was now a memento. A souvenir of the crisp October afternoon which saw Florida State win its first game over an SEC team in 12 years of football.

It was a souvenir of what some consider as FSU's first win over a "big-time" football team.

It wasn't a fluke win either as a glance at the statistics will prove. FSU whipped the Volunteers in every important category, except passing yardage.

The players and the people of Knoxville were expecting to see a scrappy football team from the Sunshine State gain some publicity by playing a good game against the powerful Volunteers.

NOT THE BAND

People in the hotel, cashiers and newspapermen all wished FSU luck because "you sure will need it." When the FSU team walked into the hotel lobby I heard a bystander joke, "This can't be their football team, this must be the band."

As it turned out, the people of Knoxville did see a scrappy bunch from the Sunshine State play a good game, a very good game, against the favored Volunteers.

Twenty-eight men saw action for FSU and it would be impossible to pick out one man as outstanding. They all played real inspirational football.

As Coach Tom Nugent said after the game, "The boys won because they believed they were going to win, they never doubted it, they had a belief in themselves which is hard to overcome."

ENDS WERE GREAT

All th Seminole ends did a terrific job containing the single wing power plays. Only once did I see a runner get outside our ends and that time, the end was clipped.

Coach Bob Harbison said "That was their main job, we explained that to them last week, if they rushed those tailbacks, we had half the battle won."

The ends rushed them all right. On one play Pete Fleming, the Seminole left end crashed in and tackled the Tennessee tailback along with the two men who were trying to block for him.

The Seminoles played the most conservative game they played all year. The Tennessee team, which always plays it safe punted 10 times. The Tribe was close behind with eight boots.

Bobby Renn, carried on ten plays and ran outside only once or twice. He picked up 42 yards while running on inside plays.

THEY SAW THE 'I'

The 'I' formation was highly publicized by the Knoxville newspapers. One day, one of the columnists had all the key plays that FSU ran from the 'I' diagrammed in his column. Friday night on a TV show they ran films of the 'I' and Pat Hogan, FSU sports publicity director explained the 'I' and some of its history.

After the game Knoxville probably wished they never heard of the I. Nugent gave the Volunteers a chance to show just how the 'I' operated under game conditions. Out of 66 plays, the Tribe used the 'I' 52 times and the slot-T 14 times.

The Seminoles did not receive any serious injury in the game. Prinzi turned his ankle in the first quarter, as did Fleming, but they both continued to play after that. Nugent admitted that the sore ankle was the reason that Prinzi did not run the ball more in the second half.

The most fabulous running performance of the season was turned in by Fred Pickard, FSU's 160 pounds of charging fullback. A few times the announcer could not say who stopped Pickard. He would just say "Pickard is stopped by the right side of the Tennessee line."

On one play, five tacklers were piled up in front of Pickard and he just kept his legs churning and went right up over the top of them.

One of the factors that certainly helped the Tribe in the win was the performance of the second unit defense. In past games, such as the Georgia Tech game, the Seminoles first team could hold the fort, but the second unit couldn't hold the opposition long enough to give the first team a rest.

That wasn't the case against Tennessee. The second unit defense held the Vols with the same authority that the first team did. Turning in especially good performances were linebackers Ray Lamb and John Bell.

Joe Majors played well at the defensive safety post and Carl Meyer and Bob Conrad held down the halfback positions adequately. The second unit ends, Ron Hinson and Bob Kavanaugh, proved just as tough as the first team in holding down the Tennessee single wing drives.

INJURY HURTS VOLS

Billy Majors' injury may have hampered the Volunteers to some extent, but everyone felt that FSU would have beaten them anyway. While Majors was in there, he was held to seven yards on eight plays.

Tennessee Coach Bowden Wyatt summed up the game in one short statement: "We were just whipped."

One thing is sure, Majors is THE Tennessee offense. His replacements at tailback were sorry. The hardest runner on the Tennessee squad is fullback Carl Smith, who picked up 23 yards.

Toward the end of the game, the small gathering of FSU backers which numbered about 150, were making more noise than the 20 some odd thousand Vol fans.

Nugent was picked up by the players at the end of the game and carried over to meet Wyatt. He then was carried to the ramp which led to the dressing room. Several cheerleaders were picked up by the players and could be seen above the milling crowd.

DRESSING ROOM BEDLAM

Th dressing room was bedlam. People ran this way and that, screaming, yelling and just making noise in general. People, especially little boys, were picking up all sorts of items, headgear, jerseys, etc and running out the door with them.

Pickard was yelling that he lost his jersey while a newspaper reporter from a Nashville paper tried to interview him.

After the game, the team was treated to a smorgasboard dinner before getting the plane to Tallahassee.

It was quite a day to say the least.

Honor Court To Present Mock Trial

The Florida State University Honor Court will present a "mock trial" on November 11. It will be open to al students, according to Secretary of Honor Don Reedy.

"During the past, the procedures of the Honor Court have been somewhat of a mystery to the students," Reed pointed out. "This mock trial should present a elearer picture."

The trial, to be held in Longmire Auditorium at 7:15 p. m November 11, will feature the procedure used in cases of eheating, since most cases handled by the Court are of this oature.

TO EXPLAIN

"The trial is intended to explain the procedure of the Honor System," Reedy atated. A question and answer session will immediately follow the program

"Knowledge gained from seeing this mock trial will be especially valuable to Student Government officials and Junior Counselors," Reedy said.

The mock trial will be the beginning of a series of programs hased on the FSU Honor System. Other programs will be held during the year in fraternities and sorority houses, as well as in dormitories

PANELS

The programs will be in the form of panel discussions, general discussions and question and answer periods. "The purpose of these programs is to explain, build and improve the system here," according to Reedy.

"All studeots are urged to come to this program, so that they will be able to participate more fully in these groups and also so that they might have a fuller understanding of the actual mechanics of the Honor System," Reedy concluded.

Sports Car Club Started

The Big Bend Motor Sports Club has been organized for anyone who is an auto enthusiast, aonounee Pat Bue and Garrett Spitzer.

The organizers are looking for drivers who want to show what good drivers they are or how maneuverable their car is—whether it is an Austin-Healey, Ford, Chevrolet, or MGA

Attendance of one regular meeting or attendance of one scheduled event of the elub, such as a rally or a gymkana, is required for membership Meetings are held on the second and last Tuesdaya of each month at Scott's Limited Autos, at 8 p. m

RALLY EVENTS

A rally consists of the tracking of a apecified course with time and mileage checks while the gymkana eomposes of the testing on time trials, driving skills, short speed race, backing, turning, and aoility to brake the car

Membership dues are $2.50, according to Bue This money plus $1.00 fee to eoter an event pay for eomplete insurance eoverage of every automobile and also the trophies that are awarded.

"Larry Loser" oo any of the events receives the booby prize—a toilet seat. The loser is required to carry this with him at all times until the next event. If during this time a member asks to see it and the prize is not in his possession, he must keep the toilet seat for 30 more days.

SHOWN ABOVE is the new sanctuary af the Tallahassee Christian Church which was dedicated Sunday. President Robert Strozier and Dr. Edwin Hartz of FSU participated in the ceremony, along with Gov. Collins. The church is located at Park and Bronough Aves.

Collins, Strozier Present

Officials, Students Dedicate New Tallahassee Church

By DON SCOTT

Florida State University officials and students participated in the morning worship service and afternoon dedication ceremony of The Christian Church of Tallahassee Sunday.

Dr Robert Strozier, president of FSU, Governor LeRoy Collins, and Dr. Edwin Hartz, Chaplain of FSU spoke at the dedieatioo ceremony at 3 p m.

Barbara Simmons, sophomore, sang "Bless This House" and the special speaker was Dr. Rolland Sheaf'or of Indianapolis, Indiana. Dr Sheafor is Vice-President aod Secretary of the Board of Church Extension of the Christian Church

Open House and refreshments followed the dedication, with members of the Disciples Student Fellowship serving and assisting.

In the morning worship service, the Children's Choir made its debut, led by Miss Simmons and Diana Hudson, sophomore, accompaoist Barbara Hoagland, senior, also assisted in the service by reading the Scripture.

The new sanctuary is of the laminated-beam type with a divided pulpit A stained-glass window, "Christ in Gethsemane," domioates the sanctuary It was made by the Art Glass Co. of Columbus, Ohio, and designed by a Dutch artist

Dr. Dorothy Hoffmao, Professor of Modern Languages, composed a short history of the church which appeared in the dedication booklet. She is a charter member of the church

The pastor of the church is Dr Simoo M. Davidian, an Armenian-boro graduate of Bethany College and an Allis Scholar at Yale University. The church has made great strides during the past five years of Dr Davidian's mioistry

A new brick Education Building was dedicated in May, 1954, and is paid for The membership has grown to 250, from the original membership of 27 in 1937, and this new sanctuary is now being dedicated

GO AHEAD! PASS IT! NOBODY'S WATCHING.

But note this: nearly 42,000 men, women and children will die in traffic accidents this year, if the present rate continues—wiped out by stop-sign passers, traffic-light beaters, speeders and other potential murderers.

What is it that makes us believe so strongly that accidents happen only to the next fellow—never to us?

No one expects to meet sudden death on the road—and surely no one expects to cause it.

But this year alone, according to the present mounting rate, nearly 42,000 people will die in traffie accidents—each of them certain it couldn't happen to him.

And thousands of drivers will wind up with the brutal knowledge that they killed someone on the street or highway.

You save about 10 seconds if you don't stop at a stop-sign. What can you do with those 10 seconds when you pause to think about it?

Traffic deaths can be halted if everyone does just this:

FIRST—Drive safely and courteously yourself. Observe speed limits and warning-signs.

Where traffic laws are obeyed, deaths go DOWN!

SECOND—Insist on strict enforcement of all traffic laws. Traffic regulations work *for* you, not against you.

Where traffic laws are strictly enforced, deaths go DOWN!

In city after city, day after day, it's been proved over and over again—

WHERE TRAFFIC LAWS ARE OBEYED—DEATHS GO DOWN!

Dade County Alumni Meet At Miami Tilt

The week after homecoming Dade County Alumni Club of Florida State University is planning another special "weekend" for visiting alumni students and faculty who attend the FSU-University of Miami football game. Headquarters for visiting FSU-ans will be the Raleigh Hotel, on the Beach at 18th Street, Miami Beach. The hotel management has made special rates for the November 7-8 weekend for visiting Seminoles. In addition, the Dade County Alumni Club has chartered a special bus to transport visitors from the hotel to the game on Friday night.

Arrangements for the weekend are being made by Richard B. "Dick" Berndt, '50, a member of the Board of Directors of the FSU Alumni Association, and Sid Dozier, '36, president of the Dade County Club.

Berndt stated that the special rates at the Raleigh will be $5.00 for a double room with breakfast available at the hotel for an additional fifty cents. This will be the second event at the Raleigh for FSU Alumni this year.

The first was a breakfast for alumni attending the Florida Education convention at Miami Beach in April.

Reservations should be made directly to the hotel. Additional information may be secured from the campus Alumni Office, 114 Longmire, telephone 3443.

Slaves For Sale

Flambeau Photo: Warren Gerard

THE ANNUAL DELT SLAVE AUCTION always provides many unusual pictures for enterprising Flambeau photographers. Here are several scenes from the Auction held Friday afternoon on the steps of Westcott Hall.

Anything Goes And Did

Delt Auction Aids Campus Chest Fund

The third annual Delta Tau Delta Greek slave sale Friday netted about $45. The money, minus expenses for the public address system and chic sacks worn by the slaves, will be donated to Florida State University's Campus Chest.

"Anything goes" in this auction, which takes place in front of Westcott, including the auctioneer along with active and pledge fraternity members.

Delt slaves, sold in pairs, have one complete hour of serving the unpredictable whims of their purchasers.

Some of Friday's tasks were: a combo playing atop a tree while the Alpha Chi Omega sorority decorated them with lipstick and water; Pierre D'Aoust and Jimmy Alyea sweeping the Delta Gamma Sidewalks, and Jim Crosby and Andy Moore serenading most of the sorority houses on Park Avenue.

CAR-WASHERS

Six Delts washed Alpha Xi Delta cars, others raked the Alpha Delta Pi lawn; and Sal Lanza, Jerry Bearry and Paul Lyons escorted the Phi Mu's to the airport.

Meanwhile the auctioneer, Bob Wolfenbarger, was treated to an ice cream cone.

No one took the conventional dip in Westcott Pool. It was empty.

The slave sale, which began "three years ago as a gimmick to raise charity funds, will probably now become a Delt tradition for the fall," said Wolfenbarger.

"We have a great time doing it."

Two Coeds Elected To SNAF Office

Two women from the School of Nursing were elected to offices in the Student Nurses Association of Florida at the annual state convention held in Miami recently.

Sara Ewing was chosen president and Sandy Pattison, treasurer.

Miss Ewing, a senior, held the position of vice-president of SNAF last year. Miss Pattison is the present corresponding secretary of the Student Nurses Association here on campus.

The SNA was organized at FSU in 1953, three years after the opening of the school of Nursing.

The purpose of the Student Nurses Association, according to FSU president Jean Bradley, is "to promote professional and social unity among the group, to discuss and solve problems they may have about nursing, and to prepare themselves for participation in the professional nursing organization."

A get-together at the reservation is planned for this weekend. Around Christmas, the SNA presents a program for the patients at W. T. Edwards Hospital, Tallahassee.

Organizations Take Note

ATTENTION ORGANIZATIONS:

All fraternities, sororities, and honoraries which have not received information from **Tally-Ho** concerning space in the 1959 **Tally-Ho** should contact the **Tally-Ho** office Wednesday or Thursday between 3 and 5 p.m. Telephone extension is 3334.

It is important that all organizations who want space to have this matter cleared and approved prior to the November 1 deadline. Past balances due, plus the current balance, must be paid before the deadline.

FIND 15 THINGS WRONG WITH THIS PICTURE

ONE WAY
CLOSED AREA NO SMOKING
Shaw

You don't need to look very hard to find that Cartoonist Dick Shaw has at least 15 things wrong in this picture. And while some of the ridiculous errors are only amusing, some are very serious.

An abandoned campfire . . . children playing with matches . . . smoking in a forest closed area . . . these are major causes of forest fires that annually destroy nearly 10,000,000 acres of timberland.

Anything caused by man can be prevented by man, and 9 out of 10 forest fires are the result of some person's carelessness. Let's stop this shameful waste!

Remember - only you can PREVENT FOREST FIRES!

The Florida Flambeau

Annual North Florida Fair Opens Today

The North Florida Fair will open this afternoon continuing through Saturday.

Florida State University will feature an exhibit at the fair. The exhibit was initiated by the Public Relations Advisory Counsel under the chairmanship of E. D. Whittlesey, director of public relations

The main feature of the exhibit will feature WFSU, FM radio station of FSU The station went on the air September 27, 1958, with an increase in power from 10 to 1000 watts.

There will be materials on the station and a special receiver will be at the exhibit, broadcasting WFSU when it is on the air

Awards will be given outstanding weekly newapapers in Northwest Florida Friday at the North Florida Fair Weekly Newspaper Contest press luncheon in the patio of the student center. They will be guests of President Robert M Strozier.

John Boyles, Miami Herald capitol correspondent and president of the Tallahassee Press Club, will preside at the luocheon.

Dean Laurence Campbell of the FSU School of Journalism will preseot the awards, according to Journalism Prof. Earl McIotyre, who is arranging the program.

Symphony . . .

(Continued From Page 2)

tonation and control seemed to have been a major problem with the strings, especially the violins, throughout the concert. At times during the Liszt and Debussy, flatting among the violins was quite noticeable.

IN THE FIFTH SECTION, the clarinet and saxaphone did some fine playing after the trumpet solo, which again was characteristic of some excellent playing on the part of the trumpets, and woodwinds

As conductor, Robert Sedore has mounted a work of no mean proportion, and done so in a creative and artistic manner.

SEDORE HAS FUSED into one expressive whole, a group of sincere and dedicated musicians, bringing to life the idea created by the music, and though at times his intentions may be somewhat vague, it goes without saying that he has the best interests of the composer at heart and conscientiously tries to interpret this through the music he performs.

Overall it was a fine musical experience, very well received by a large and enthusiastic audience, and we can hope to look for more of the same in the months to come

GAX 2nd In Nation

The local chapter of Gamma Alpha Chi business sorority was named the second outstandina chapter in the nation at the recent national convention at he Univeraly of Indiana

Pat Starnes, president of the local chapter, attended the convention which was held last week Chris Fisher of Florida State University was awarded the scholarship award that was given at the national convention.

Tryouts Begin Tonight For Next Play

Tryouts for the Speech Department's next play, Eugene O'Neill's **The Hairy Ape**, are scheduled for tonight and tomorrow at 7:30 p.m. in the Conradi Theater of the history building.

O'Neill's expressionistic play will require a large cast of meo, therefore, all interested male students are invited to try out

The characters to be portrayed in the unusually large and varied cast are the stokers in the bold of an early transatlaotic ship on its way to Europe.

No two characters are alike in character portrayal The stokers' emotions and beliefs play important roles in the play, which shows their "caged-up" existence.

The entire play revolves around the desire of one stoker to get revenge for an imaginary insult. This all-consuming desire to avenge himself and find his place in life, results in his eventual destruction.

The plays of the Speech Department usually serve as a lab for speech majors, however, because of the size of cast oeeded, tryouts are open to all students.

Elections . . .

(Continned From Page 1)

Bob Patrick and Kim Porter for the office of class president.

Run-off candidates for vice president are Bill Baker and Marian Clark. In the race for class secretary are Patsy Bergert and Marianna Girtman.

Jane Finchum and Shirley Ann Martin are run-off candidates for treasurer. Jean Carrison and Grace Scott are competing for the office of social chairman.

Vying for the two men's senate positions are Bobby Byrd, Charlie Hawkins, Buddy Holley aod Larry Yaw

Two women's senators will also be elected from four candidates, Elizabeth Bradley, Sally Ann Holt, Ginger Swain and Joan Tanner.

Finalists lo precinct senate run-offs are: Reynolds, Precinct 2 — Virginia Del Valle and Pat Houston; Bryan-Broward, 3—Jo Brown and Carol Lenahan; Cawthon, 6—Gloria Bryant and Linda Crowder; Jennie Murphree, 1 — Mygnon Champion and Jo Elen Eyster.

West Hall, 8 (two positions open —E. W. Carroll Harry A. Payton, John Reynolds, and Pete Christmao; 16—Nancy Bild, Martha Costin and Rita Garnett; Day studeots, 11 (four positions)—Beth Brown, Jim De Haven, Charles Forehaod, Eva Joanos, Bill Jurney, Buzzie Korst, Mary Lynn Scott and Bob White.

1800 Expected

Pre-Game Barbeque Preparations Started

Preparations for 1800 guests are being made for Florida State University's annual Homecoming pre-game barbecue.

Dedication of the Men's gym in honor of Robert Henry Tully will precede the barbecue at 11:15.

Mr. Rod Shaw, university business manager, said "Since most of the Legislators were here on Oct. 4, there will be few here for the Homecoming. The barbecue this year is being aimed directly toward alumni and students."

Tickets may be purchased at the alumni office for $1.50 through Friday night. The band will be served at 11:30, other guests at 12 in the Men's Gym.

The menu will include: barbecue, Brunswick stew, cole slaw, corn bread, pickles, cake, ice cream, coffee, cocoa, and milk.

The first Homecoming Barbecue was held eleven years ago at the reservation, then called Camp Flastacowo, under the direction of Mr Shaw

Since the time of the first barbecue, however, the increase in attendance and the subsequent traffic problems have forced the activity back onto the campus.

Last year it seemed advisable to move the event indoors due to the tendency of Tallahassee weather to precipitate unexpectedly

Charles Joy of the engineers office and J. P. Love, retired farm manager, are in charge of this year's barbecue

5-Minute Spaces Set Up At Center

Ten parking spaces with five-minute limits have been set up in the Student Center parking area

Judy Dekle, chairman of Traffic Court, said the spaces were set up at the request of students Previously only long-term (mainly two-hour) limits were in effect and drivers were given tickets for parking "for a few minutes," she said.

"The traffic court received many complaints from students about this situation," Miss Dekle said. The new ruling was passed last Tuesday.

Signs specifying limits for the ten spaces are to be erected this week, according to Miss Dekle

Ceremonies

All newly-elected student government officials will be formally sworn into office tomorrow, according to Mattox Hair, student body vice-president.

This will include officials who were elected in last week's preliminaries, and those who are picked in today's run-offs

Long Plane Ride Back . . .

(Continued from Page 1)

Pickard walk off first. The modest Tennesseean declined at first, but finally a chorus of yells and claps from the other passengers encouraged Pickard to go to the door first.

As the door was opened the sound of the roaring crowd reached the ears of everyone in the plane. The crowd even drowned out the band.

Pickard was the first man off and the others followed. Soon they were swallowed up in the crowd and disappeared from sight.

It was a fine victory for everyone, the players and the school. It was the biggest ovation that a returning FSU squad has ever received.

The only ones left on the plane were the unsung heroes, the crew, which still had a good night's work ahead of them. The plane was going from here to Baton Rouge, La. to pick up the Florida Gators who were playing LSU, and take them to Gainesville.

At least they didn't have to face two victory celebrations in one night. The Gators lost 10-7.

Dance Tickets Now On Sale

Tickets for the homecoming dance went on sale yesterday at Westcott Ticket Office and were reported to be selling rapidly.

A sell-out of tickets is expected, as a constant stream of buyers kept the office busy all day.

The homecoming dance will take place in the men's gymnasium Saturday night. Tickets are $3 per couple.

The dance will feature music by Larry and Les Elgart and their orchestra

The Elgart orchestra, which played at the Military Ball here in 1954, is a top seller of dance music records.

The two brothers formed the band in 1953 to specialize in providing good dance music. They first achieved popularity through dance records, producing a number of successful albums for Columbia Records.

Les Elgart, a trumpet player, and the younger brother Larry, a saxophonist, played with a number of bands in the 1940's before making a success of their own.

They experimented with sound control to improve transmission of music on records and radio.

The Elgart orchestra is noted for audience-pleasing music which is good for both listening and dancing

Society News

All sorority, fraternity, and dormitory news must be in the Flambeau office, 213 Longmire, by noon Wednesday to appear in the Friday issue. No society news will appear in the Tuesday edition.

Twelve Groups Enter Skits

Seven sororities will submit skit performances tonight in preparation for the Pow-Wow Friday evening.

Only one skit will be chosen for the final performance. Yesterday one fraternity skit was picked for the Pow-Wow from five eotrants.

Tonight's tryouts will be in Opperman Amphitheatre and are open to the public.

Sororities entering are Gamma Phi Beta, Alpha Gamma Delta, Alpha Xi Delta, Delta Gamma, Alpha Chi Omega Zeta Tau Alpha, and Kappa Alpha Theta.

Fraternities eotering were: Theta Chi, Pi Kappa Phi, Kappa Alpha, Pi Kappa Alpha, and Sigma Chi Epsilon.

Judging the contest are Carlisle Floyd, Mrs. Odella Williams, Dr Malcolm Parsons, Lester Bruch Jr, and Miss Virginia Dumas.

FSU Students 'Weekend Warriors'

It may not be a well-known fact that Florida State University has a contingent of week-end Marines on campus.

The First Tank Company USMCR of Tallahassee, commanded by Major Jean Owen, is comprised of slightly over a hundred men—and one-fifth of them are FSU students.

Every other Sunday, the FSU Marines relinquish the day to the U. S. Government to attend a regularly scheduled drill.

If you've beeo to any football games lately, you've probably seeo one of the FSU Marines in action. Keo Kestner, kicking specialist, is a corporal in the United States Marine Corps Reserve.

Defying a precedent that Marines are all brawn and no brains, the Florida State reservists have shown themselves to be proficient tankers as well as scholars

Men like Kestner and his buddies, Lou Wallace and Lou Rawls, are serving in the Marine Corps Reserve as potential officers. They attend summer training periods which will enable them to be commissioned upoo graduation from FSU.

Other men serving under this program are John Eubanks, Conwill Casey, Ron Whiteard, Bill Sheetz, Charles Bauermiester, and Robert Carter.

ENLISTED MEN

Potential Marine officers aren't all that FSU has showered the local reserve unit with. The enlisted personnel of the unit is composed of some of the most promioent students oo campus

From the ranks of the enlisted men are the names:

Tech Sgt. Richard Filgo: a senior at FSU. Sgt. Filgo is a veteran of the Korean conflict. He is the Company Training Chief. Filgo recalls an incident from North Korea:

"Ted Williams had just crash-landed his jet in a rice paddy. He jumped from the cockpit and ran almost 400 yards before someone told him he was far enough away to be safe from any explosion."

Sgt. Luther Lambert: Luther was a Marine Correspondeot for almost three years before he came to FSU. Last year he was one of two reservists representing eleven Southeastern states in the Annual Technique of Instruction Competition held in Washington, D. C.

SGT. AUSTIN

Sgt Mark Austin: Mark is known to a great oumber of FSU'ers; students and faculty alike. His forthcoming literary anthology, '58', is expected to establish a new emphasis on creative writing at FSU.

PFC James J. Reeves ... a member of FSU Hono... He is also a crack tanke... wife, Carol Sue, is one ... finalists in the Mrs FSU C...

PFC Phil Royce: Phil ... nalism major sporting a 2... average. He is a student ... with Florida State's Spor... licity Departmeot wheo he... in class or making out D... at the First Tank Company

The FSU Marine Reserv... all Marines, have one th... common. That is pride The... pride in the way they dre... way they shoot, and the wa... fight.

Above all, they are pro... be Marines.

Parade, Pow Wow Open Annual Festivities

Under Arcs At Stadium; Starts At 8:30

By DON SCOTT
Flambeau Staff Writer

Pow-Wow, the happiest ...ween event in all Tal...assee-Land, promises to ...ght everyone who will ... in Campbell Stadium ...ght.

...ere is no admission charge ... Pow-Wow. A special section of ... stands will be reserved for ... attending the Homecom... Banquet at 6 p.m. Tickets ... be the pass into this section.

The Pow-Wow program, "All ...s On The New FSU," starts ...mptly at 8:30 p.m., but the ... music will start well be...hand. Two features of the pro...am will be the presentation of ...S new mascot, Sammy Sem..., and a brilliant fireworks ...play.

Bob Perluga, that master of ... art of rib-tickling who em...d the Freshman Talent Show, ... provide the comments to keep ... 1958 Homecoming week-end ... lively and running smoothly.

GOT A MATCH

"Everyone please bring at least ... match to the event and ... we will be able to demon...e an exciting spectacle," en...ed Richard Joel, professor of ...ertising, who is in charge of ... program.

Of course, Coach Tom Nugent ... the first FSU team ever to ... an SEC power will be ...ented, as well as Johnny ...rence, the composer of FSU's ...a Mater, who is back on ...pus from Mobile, Alabama, ...e first time in 10 years.

"All Eyes On The Band" will ... the feature of the Marching ... as one of the more breath...ing events on the field. Others ...include "Lions On The Field," ...e Leon High School Band, "Keep It Moving," by the Gym...a team, all-star baton twirl... by the Precisionettes of Ft ...derdale, and the Ceremonial ...ce by the Majorettes.

QUEEN CROWNED

The Homecoming Queen will be ...ed in the traditional man... by the preceeding year's ... Lynn LaGrange of Frank... Indiana. The five finalists are ... Ferguson of Hampton, Va., ... Johnson of Lake Worth, ... Chamberlain of Lookout ...tain, Tenn., Joyce Combs of ... and Willou Copeland of ...swick, Ga.

The 1958 Queen was elected by ...dent vote Tuesday but her ... will not be revealed until ... Wow.

... in the traditional manner, ... two winning Homecoming ... will amuse the comers.

Last year, the prize-winning ... were presented by Alpha ... Delta and Pi Kappa Phi. The ... Xis did a take-off on the ... strip "Hatlo's Inferno" as ...e Seminole Steam Box." The ... Kaps' skit was titled "Dr. ...zier, This Is Your University, ... and Now."

Parade floats will be exhibited ... the crowd and judged for ...ty and originality. Presenta... of trophies to skit, float and ... decoration winners will be ... during the evening's fes...es.

President Strozier will extend ... to the assembly and ...rence will make sure that ... Alma Mater is sung the way ... wrote it. The correct version ... with the phrase, "Hailing ... Alma Mater, FSU." Hereto... has been sung, "Praising ... Alma Mater."

The introduction of Mrs. Joy ... of Ft Walton Beach will ...esent an innovation this year ... is Mrs. FSU. The twenty-...old beauty was selected from ... of FSU students in compe... sponsored by the Dames ... She is the wife of sopho... student Dala Gauvin.

Dance Tickets On Sale At Door

Tickets for the Homecoming ...ce will be on sale at the door, ... service to latecomers, stated ... Marie Williams, social direc... for the University.

Buses for free transportation ... and from the dance will run ...ghout the evening, between ... Bryan Hall bus stop and the ...'s Gym.

Service will begin at 8:45 and ...tinue until after the dance, ... Williams said.

Flambeau Photos and Arrangement: Warren Gerard

Officials Lead; Begins 3 p.m. At Westcott

With color guard and distinguished guests leading the way, the Homecoming Parade will begin at 3 p.m. today at the gate in front of Westcott.

Five bands, 28 floats and special marching units will be featured in the parade, which will move from Westcott gate east on College Ave. to Adams St.

Proceeding right at Adams, the procession will turn left on Pensacola St. and left on Monroe St., passing the reviewing stand at the Floridan Hotel. Units will disband at Monroe and Virginia St.

The Marching Chiefs and cheerleaders will follow the color guard, President Robert M. Strozier and special guests in the parade.

Entries in order behind the Queen's Float will be:

LINE - UP

Tarpon Club antique car and convertible, Alpha Xi Delta Sorority, Pi Beta Phi Sorority, Phi Mu Sorority and Kappa Sigma Fraternity, Florida High Band, Army-ROTC Drill Team;

Dames Club, Gamma Alpha Chi, Alpha Omicron Pi Sorority, Delta Gamma Sorority and Alpha Tau Omega Fraternity, driver education car, Phi Kappa Tau Fraternity, Leon High School Band, Delta Delta Delta Sorority, International Club car, Kappa Delta Sorority and Sigma Alpha Epsilon Fraternity.

Phi Delta Theta Fraternity, Alpha Chi Omega Sorority, Delta Zeta Sorority and Lambda Chi Alpha Fraternity, Madison High Band, Industrial Arts Club, Gamma Phi Beta Sorority, Zeta Tau Alpha Sorority and Kappa Alpha Fraternity, Student Florida Education Association, Chi Omega Sorority and Delta Tau Delta Fraternity.

Greenville High Band, Gymnastics, Kappa Alpha Theta Sorority and Sigma Nu Fraternity, Sigma Kappa Sorority and Theta Chi Fraternity, Physical Education Majors Club (Men), Elizabeth Cobb Junior High School Band and the Precisionettes of Fort Lauderdale.

PRIZES AT POW - WOW

Prize winners for beauty and originality will be announced at the Pow-Wow Friday night.

On the float judging committee are Dr. Adolph Karl, chairman, Mrs James M. Gunn, Dr Hale Smith, Ralph Hurst and Joe Messing.

Winners for decorations at houses of sororities and fraternities, women's residence halls, men's residence halls, student religious houses and off-campus residences will be announced at half-time at the football game Saturday afternoon.

The campus decorations judging committee includes Dr Janet Smith, chairman; Harold E. Sutton, Miss Mary Mooty, William Watson and Edwin Walter.

Bar-BQ Ducats Still Available

Tickets for the annual Homecoming pre-game Barbeque may still be purchased at the Alumni Office in Longmire for $1.50.

Among those who will be attending as guests of Dr Robert M Strozier, University President, are Governor LeRoy Collins, members of the Supreme Court, Board of Control, Board of Education, and various city and county officials.

The barbeque will follow the 11:15 dedication of the Men's Gymnasium in honor of Robert Henry Tully. The band will be served at 11:30, alumni, guests, and students at 12.

The first barbeque was held in 1947 at Camp Flastacowo, now the Reservation, under the direction of Rod Shaw. Increased attendance and unpredictable weather has moved the barbecue to the campus, and last year indoors.

The menu will include, Barbecue, Brunswick stew, cole slaw, corn bread, pickles, cake, ice cream, coffee, cocoa, and milk.

Anthology '58 Sets Deadline

The Florida State Literary Anthology, "58," cannot accept manuscripts for publication after the end of next week.

"Because of our deadline," editor Mark Austin said, "the literary board cannot consider material after November 7.

Open To All

Strozier To Speak At Tonight's Banquet

Annual Homecoming Banquet sponsored by Garnet and Gold Key is scheduled for 6 p.m. today in the Suwannee Room.

Dr Robert M. Strozier Florida State University president will be guest speaker at the Banquet, and will speak on "The University."

The Banquet is open to faculty, alumni and students this year, according to Dr. James Carr, chairman of the Banquet committee.

Honor guests at the 11th annual Banquet will be Governor LeRoy Collins, members of the Board of Control and members of the State Board of Education.

LAWRENCE HERE

Johnny Lawrence of Mobile, Ala., and Mrs Lawrence also will be honor guests at the Banquet. Lawrence, the composer of the FSU Alma Mater, returns to the campus for the first time in 10 years.

Toastmaster for the occasion will be Dayton Roberts, president of Gold Key, men's leadership honorary. Roberts also will present an honorary membership in the organization to an outstanding FSU faculty member.

Garnet Key, represented by Sandra Rosenberg, president, also will present an honorary membership.

Invocation will be given by Dr. Edwin Hartz, University chaplain, followed by a welcoming address by Art Moore, student body president.

COLLINS TO SPEAK

Governor Collins also will extend greetings to those attending the Banquet, as will James Love, chairman of the Board of Control.

Featured during the program will be a duet by Ethel Donaldson and Lonnie Keene, accompanied by Raymond Liebau.

Louis B. Vocelle, president of the Alumni Association, will recognize the honor classes of '58, '44, '43, '42, '41, '25, '24, '23, '22 and '08.

Buses have been secured to transport those who wish to attend the Pow-Wow, and will leave immediately following the Banquet.

Alumni Breakfast In Suwannee Room

The annual Alumni Breakfast will be held in the Suwannee Room at 8 a.m. tomorrow, with L. B. "Buck" Vocelle, president of the Alumni Association, presiding.

The breakfast, an affair begun several years ago by Dr. Doak S. Campbell, then FSU president, was held at his home.

When it grew to be one of the most popular events of the Homecoming Weekend, it was necessary to move to larger quarters.

As one alumnus described it, "The breakfast is, in my opinion, the highlight of Homecoming, for here old friends can get together and just visit over a leisure breakfast and discuss 'things past' over coffee."

SHOWERS POSSIBLE

Raincoats and umbrellas will probably be everybody's accessories for Homecoming activities this weekend, according to weather bureau predictions.

No sunshine is expected at all. Instead, the overcast will continue with a 50-50 probability of rain, the bureau reported yesterday.

Since Tallahassee is on the extreme northern edge of a rainy area, any slight change in conditions could produce rain, the report said.

Continued coolness is predicted with no change in temperature.

Homecoming Events

The schedule of Homecoming activities is:

Friday:

8 a.m. Alumni registration begins in Longmire Building.

10 a.m. Dedication of radio station WFSU-FM studio in room 116, Music Building.

12 noon. All classes dismissed.

3 p.m. Homecoming Parade starts at main gate.

6 p.m. Homecoming Banquet in Suwannee Room.

8:30 p.m. Pow-Wow, Campbell Stadium.

10 p.m. Open house at sorority and fraternity houses and residence halls.

Saturday:

8 a.m. Alumni breakfast in Suwannee Room.

9 a.m. Alumni business meeting, Suwannee Room.

10 a.m. Special class meetings, Longmire.

10 to 11 a.m. Open house for alumni at the president's home.

11:15 a.m. Dedication of Men's Gym in honor of the late Robert Henry Tully.

11:30 to 12:30 p.m. Homecoming barbecue, Men's Gym.

2:30 to 5 p.m. Game, FSU vs. Tampa.

9 p.m. to 1 a.m. Homecoming Dance, Men's Gym.

Over 1000 Alumni Are Expected Here

Registration for an estimated 800 to 1100 alumni expected for the Homecoming weekend, opened in Longmire at 9 a.m. today and will continue until 9 p.m.

For late comers, the registration will be opened again tomorrow, from 8 a.m. to 11 a.m.

Coffee will be served to all alumni during registration.

After the parade this afternoon, all alumni will attend the Garnet and Gold Key banquet in the Suwannee Room at 6 p.m.

All classes holding reunions this weekend will be recognized at the banquet, with special honors to be extended to the class of 1908, the 50 year class for this year.

All returning members of this class will be alumni guests to all Homecoming functions, and they will stay in Longmire for the weekend as the guests of the FSU Alumni association.

In addition to the class of 1908, the classes of 1922, '23, '24, '25, '41, '43, '44 and '58 will hold reunion activities throughout the weekend.

After Pow-Wow tonight, all fraternities, sororities, and residence halls will hold open house for their returning alumni.

The day starts bright and early tomorrow for the returning Seminoles, when they will meet for breakfast in the Suwannee Room at 8 a.m.

Business meetings and individual class meeting will follow the breakfast.

A chance to greet old friends and meet Dr. Strozier is scheduled for the alumni Open House at the President's home before the dedication of the Men's Gymnasium.

Good food and good company will highlight the barbecue at the Men's Gym, then on to the football game.

Dancing to the music of Les and Larry Elgart, and another Homecoming weekend will come to an end for the alumni as well as the students of FSU.

Dance At Gym

Decorations Feature Below Sea Theme

The Homecoming Dance will take place in an under-the-sea setting from 9 p.m. to 1 a.m. Saturday in the men's gymnasium.

Carrying out the underwater decorating theme will be a blue background, fish nets and fish made of paper and wire. The bandstand will be in the form of a clamshell.

In charge of decorations are Carline McDougald, Kay Hufford, Yvonne Oliphant and Pris Wand, secretary. Faculty advisors are Dr. S. S Winters, Thomas Wright, and R. M. Richard.

Ev Marsh will be Master of Ceremonies. Kay Desmond is chairman of intermission, when the Homecoming Queen and her court will be presented and dignitaries will be recognized.

Between 3,500 and 4,000 people are expected to attend the dance, Jim Apthorp, student chairman, said. Tickets are $3 per couple and may be bought at the door.

Special invitations have been sent to the Governor, the University President and Vice President, and the University of Tampa football team.

Miss Marie Williams, university social director, is faculty chairman for the dance.

Other committee chairmen are Patsy Stearns, invitations, Betty Jane Atkinson, publicity, and Pat Donnelly, hospitality.

Music will be provided by Larry and Les Elgart and their orchestra, popular recorders of dance music who played for the Military Ball here in 1954.

Mum Sale Proceeds For Special Fund

Homecoming mums will be sold by the Women's Physical Education Department from 9 a.m. tomorrow until same time.

Mum-sales stations will be located at the main gate, Women's Gym, Longmire, Conradi Building, Student Center, Sweet Shop and at the game.

Price of mum corsages is $1.50. Boutonnaires are 60 cents each. Proceeds from the sale will go into the Katherine W. Montgomery Scholarship Fund.

The Montgomery fund was established by Physical Education alumnae in 1955, Dr. Montgomery's silver anniversary as head of the department. Purpose of the fund is to provide a $300-$500 gift scholarship for a physical education student each year.

Prexy Welcomes Returning Alumni

I hope that I have the pleasure of greeting personally every alumnus who revisits his Alma Mater for the Homecoming of 1958. My wife and I are inviting you to call at our home between 10:00 and 11:00 on Saturday morning. We also hope to see you at the other activities during the weekend.

Returning to one's Alma Mater should provide two distinct pleasures. The first comes from renewing old friendships and visiting familiar haunts. The second, we hope, comes from the realization that your university is growing in depth, breadth and vision and that it is fulfilling the hopes that you had for it.

We who teach and work in the university are dedicated to making the Florida State a great university.

ROBERT M. STROZIER
President

The Florida Flambeau
State's Best Editorial Page 1957

Last Homecoming For Traditional Landmark?

Have you heard the latest proposal here?

THERE'S A MOVEMENT afoot to turn Westcott Fountain—a hallowed landmark for two generations—into a flower bed.

The proposal comes through (but not necessarily from) the business manager's office. Manager Rod Shaw said, "the idea's definitely under consideration, but I'd like to get some positive student opinion before we take any action. After the change is made it will be too late for objections."

WE RISE IN PROTEST NOW.

And we hope we rise with an outraged student body.

Westcott Fountain is as an integral part of Florida State University as the very students themselves. FSU wihout the fountain would be like Paris without the Eiffel Tower or Rome without St. Peters.

TRADITION IS WRITTEN all around Westcott Fountain. Pinnings, dunkings, serenades and victorious election parties have given the time worn fountain a fond place in our hearts and minds.

Forty graduating classes returning today can gaze upon the fountain with fond memories of the good times at FSCW and FSU.

Will it be their last time?

WESTCOTT FOUNTAIN is a landmark known throughout Florida. Visitors to the campus find the fountain one of FSU's most attractive features. Even the university publicity pamphlets make use of the sight of the fountain blazing in full spray under the evening lights.

Two weeks ago vandalism struck the fountain. Some unknown persons poured kerosene over the fountain and burned away much of the plaster. It cost the university several hundred dollars to fix it in time for Homecoming.

However, Mr. Shaw is of the opinion that the desecration was not the work of FSU students.

SUCH VANDALISM is regrettable. But we do not think it occurs often enough to warrant the extinction of this traditional landmark.

Students, alumni and friends of the university, you have heard the warning and have been asked for an answer. Do you shudder with us as we imagine walking through Westcott gate into a flower bed?

Compulsion Unnecessary

We thought such things as compulsory convocations for freshmen women were something which ended after Orientation Week.

We were wrong.

Wednesday night a compulsory convocation was held for all freshmen women. Its object: to acquaint them with the campus' various honoraries.

The pre-requisites for membership in all women's leadership and scholastic honoraries were presented to the captive audience.

NOW THE SPONSORING honorary didn't intend for the assembly to be of a compulsory nature. But the Dean of Women's office told the **Flambeau** that classes would be the only excuse accepted for missing the event.

It seems that it was compulsory.

WE HAVE NO QUARREL with the honoraries making students aware of their existence.

But it is unbecoming to the very name "university," that 800 freshmen women have to be dragged into Westcott auditorium to hear several honoraries — in many of which membership is years away to freshmen—talk about themselves.

IT SEEMS LIKE SOMETHING that would happen in high school.

Freshmen women are college students now. They should be masters of their own time. If they are interested in the honoraries—fine. If not, is it so important?

We don't mind the honoraries beating their own drums, but if they have to perform before a literally captive audience, something's wrong somewhere.

Appreciation Expressed

It is appropriate at the time of our last home game to express our appreciation of an organization which has done much to help and assist the Florida State University varsity football program.

This organization is the Seminole Boosters.

As FSU is a relatively new school as co-educational universities go, we have not had the support of a large and wealthy alumni association as many state universities have. The Boosters have come forward to fill a deficiency — and have done an excellent job.

Often they have provided the football team and fans with things the university could not afford or justify.

Who are the Boosters?

They are citizens of Tallahassee who are public spirited enough to see that by helping the Seminole footballers, they are helping their city.

Could It Be?

Throw Lovers Into Cactus Bed?

By NANCY GENE BROWN

Today all columns should appropriately begin "Welcome, Alumni." Hence "Welcome, Alumni."

All of you, bless you, have or will have during the weekend an occasion to pass through the hallowed Westcott gates and proceed around the tradition-steeped Westcott Pool.

On dear -- digression, when I'm only three 'graphs deep in my column. But I must back-space and inform you, dear hearts, that the land-mark may be nearing the end of its career as Westcott Fountain or Pool or what-have-you.

It may become Westcott Flower Bed.

Since I'm digressing having no real purpose for columnizing today anyway, perchance you'd like for me to explain what has transpired here.

I don't know.

The first we heard of the possibility of the pool's transformation was the story that appeared in Tuesday's **Flambeau**. One of our staffers had been talking to University Business Manager R. K. Shaw about the fire - - -

Alas, I digress again. Maybe that's where it all began anyway. With the fire.

One morning two or three weeks ago, the student body awoke and scattered across campus for classes. Soon people were gathering to gape at the piteous condition of our once-gleaming-white fountain.

Some scrounge or scroungers had doused the pool liberally with kerosene, and when they struck a match, a big fire accidently got started.

The bums hoisted a banner in honor of their "victory": a pair of red lace unmentionables flying half-mast from the flag-pole. Then they hindered removal of the lingeries by greasing the flag-pole thoroughly.

It was indeed a dismal sight.

The fountain was quickly re-plastered and re-painted, however — and returning its original beauty was a costly procedure.

Our **Flambeau** staffer was in search of the identities of the culprits -- they haven't been caught yet -- when he learned of the chance that the pool might stop being a pool.

It was announced to the **Flambeau** simply as a "proposal" that had been submitted by unidentified originators.

It was suggested by Mr Shaw that the pool "is definitely an asset to the university, by virtue of its fame and beauty, if we can prevent it from being vandalized."

He thinks the recent dirty work was not that of university students.

And, he said, "the pool is a gift from past graduating classes, and we have an obligation to protect it."

According to Shaw, the proposal is just that -- a proposal -- which is "under consideration, but no definite decision has been made."

Mention has been made of getting "a reaction from the students before taking any positive action."

A chance has been given to the student body, individually and through Senate, to express its opinion. We assume that the donors of the fountain -- the classes of 1815 and 1917 -- will also be consulted before the pansies are planted.

The **Flambeau** "letters" column is open for expression of

(Continued On Page 12)

Mom's Letter Reveals Dreams For Her Success

By PAT SENN

WRITER'S COMMENT: A little on the "dreamy" side of things—but you have probably received a similar letter from your mother, or if you're an alumni perhaps you've already sent one.

DEAREST,

It was good to hear from you not only yesterday, but again today! I really was impressed . . . and delighted!

Your activities sound most exciting. Especially the "young man" part.

There are more values from a college education, I believe, than just the academic. And some of these values would seem laughable to the educators, but I think they're worthy.

I KNOW THAT YOU have met many people that will be life long friends, and this is a real blessing in any life. There is something special about college friends, don't you agree? Those "over-the-coffee-cup" conversations are extra frosting in life's journey And the girls in dorm with whom you share so much (and so little) are also those that will go down in your remembrances.

Rainy afternoons in the library are delightfully pleasant, and a cool crisp autumn day walk on campus has its merit too.

I guess this sounds like I am a dreamer and not a realist to dwell on these things. But though I mention them first, I know that the most important thing of all our efforts to send you there, and all your efforts ot stay there, is the wonderful privilege to prepare yourself for the future. Oh, I am so glad that this was a possibility and now a reality in your young life!

WHETHER OR NOT YOU HAVE a career in the business world, or marry your young man, it will have profitted and enriched your life to have had these precious years at college. For it will bear fruit no matter where you go or what you will do.

Wall, I must close. I did not expect to write as I have this night . . but I have been thinking of you much this night and thinking of how much it is worth being separated from you (when I would prefer you were home here under my wing), because of what this means in your life and your future life.

Your father says to study your German and to write. He also sends his love.

Queens, Athletes Or Soviet Intellectualism

By BOB FERLUGA

Plato once remarked that "what was honored in a nation would be cultivated there."

One needs not turn to abstract principles of logic to determine the significance of this statement. All Plato stated was that the material and moral rewards offered for a certain practice would determine the quality of that practice.

The best of all possible examples would be education in the Soviet Union. Short years ago the Soviet Union was an illiterate, backward nation as it had been for centuries.

AMID SUCH A HOPELESS background, the Kremlin undertook their drive to "make education a religion." Obviously, the government began with tha erection of schools and the training of instructors.

However, this was (contrary to practice in tha U.S.) only the beginning, for what followed was a persistent, comprehensive effort to increase in every way possible the wards of formal education.

Under this new scheme, the outstanding student was made the recipient of greater freedom of thought and action, a higher standard of living and, most of all, a privileged rank in society. Today in Russia, the world of scholarship occupies a position of privilege exceeded only by the members of that exclusive clique, the Communist Party.

HOW SUCCESSFUL HAS SUCH a program been? Tragically, all too successful.

A handful of years have seen the rising preeminence of the USSR as an economic power, the capture of the ideological bastions in many parts of the world, notably the East, and more recently, the ICBM, Sputniks, Nobel prizes in literature and now an award of the Nobel prize in that all-important field, physics.

IN SHORT, THE SOVIET has offered rich rewards for serious intellectual endeavor and has reaped far greater returns. No doubt the Marxists profited from their study of Plato.

Unfortunately, one has considerable doubts whether the educational "leaders" in America have shown the same insight, unless we conclude that their goal is national destruction.

WHAT ARE WE HONORING and hence cultivating? We honor our intellectual leaders with derisive names, our instructors with inferior pay and inadequate social status, and the outstanding students with social ostracism.

Out of an academic guilt complex, we might pay lip service to education through a perfunctory but disregarded Dean's List, "honor" societies where the requirements call for everything except academic excellence (Who's Who, perhaps?), and other essentially sterile "honors" of this sort.

BUT THE SIMPLE FACT remains that the surest road to financial instability and social obscurity is the avenue of thought.

Just what, then, are we honoring and cultivating?

I submit as no transcendental insight the rather obvious suggestion that those members of our immediate community most commanding the 'respect' or at least the envy of their fellow students are the athletes, the beauty queens and the 'socially elite,' the latter basing their positions upon abundant material possessions and or the ability to command certain rather trivial social skills.

CERTAINLY NO ONE will criticize these endeavors in themselves: few of us object to a football game or a pretty face or fail to be amused at the antics of the "sharp set" on campus. But one wonders if this bread-and-water intellectual diet is adequate to the needs of the nation, particularly at this time of crisis.

Is the writer of this column implying that we should or can change the emphasis upon this campus? Certainly not; some tender young thing might become unhappy!

This being the case, I merely suggest that we accustom ourselves in subsequent years to the acceptance of a role as a second-rate ideological, economic, scientific and military power.

But we'll sure have **FUN** in the meantime—

Westward Movement Was Only For Heroes

By DIANE GODIN

With flocks of Alumni returning to the scene of their ... expanded Alma Mater, tha theme chosen for this year's ... coming festivities should be appropriate . . . "All Eyes ... New FSU." But it isn't.

After all, if you were an alum of FSCW days, wouldn't you stand longer in the spot in front of Westcott where once swung those fabled iron gates, than in front of the site of our new atomic reactor?

WOULDN'T YOU STAND reminiscing on the time when once the campus rang with chimes announcing noon at five after? Or stare at reflections in the pool which may suffer conversion into a camellia bed?

Damn right you would.

Yes, the development of the "westward movement" of our campus will be as appalling to older grads as the innovation of doors adorned with the word "men."

UNTIL RECENTLY, the only students making the trek to the far west were Saturday's heroe's to football practice, Thursday's heroes to the ROIC, and Sundays heroes to the Unitarian fellowship. Next thing you know, we'll be building on Inspiration Point.

So far, neglected departments in the building boom are taking steps to impress all alumni with their plight at this most opportune time. The political science people were going to start off this week with a bonfire . . . in the somewhat antiquated History Building.

AND ON NEGLECT, the administration managed to get the pool repaired in time to make Westcott outwardly lovely again. It's too bad they ... get rid of all those disre... levi-clad art majors wh... py a somewhat precar... sition between the Pr... and God . . . up there ... attic which with w... might have a good view.

This is still not new. B... now you have gotten pas... first page of this maste... of journalistic effor... **Flambeau** Homecoming ... —which is full of sig... news pertaining to th...

Let this part of the ... page be devoted to insig... news, rumors, and assump... such as:

VAST CHANGES in the ... lish language since the ... edition of Knowledge fo... lege have forced revision ... wording of women's rules.

The succulent ambro... served at the Seminole is ... available at new prices.

FSU's Homecoming Among The Largest

By KAY WRIGHT

In poring over two hundred homecoming editions of co... newspapers throughout the country, I have yet to find a Ho... coming weekend comparable to our own.

FROM ACCOUNTS of homecoming festivities and plans at Upsala College, the College of the Ozarks, or the University of California, there is no equal to the number of hours, weeks, and months of preparation spent on a single weekend.

Not only the time element, but the number of persons involved in making a success of an FSU Homecoming Weekend is unequalled. The planning, the appointments and delegation of duties, the actual hours of labor spent on publicity, decorations, parade and dance, alumni contacts, selections of Queen and Court, Pow Wow, dedications, business and social meeting of alumni, and the overall program is on an unbelievable scale.

WE AT FSU think of Homecoming as THE BIG WEEKEND. To us it means a weekend of good times and partying, with no time for studying. It means the probability of high spirit prevailing throughout the weekend.

It gives us an opportunity to spend tima with our visiting families or the man or girl who means the most to us.

What is the real significance of Homecoming Weekend, and what should it mean to each of us? This should be a time when alumni, faculty, and students take backward and forward looks to review our past history and to plan and foresee together, the FSU of future days and years.

WE, THE STUDENTS, should take time out to salute the alumni who return this weekend to renew their spirit and faith in their alma mater. The alumni are an important factor in the successes and futur... our university. We owe ... a tribute and a due respe...

All of the efforts and ... work put into the weekend ... not be in vain. Homeco... has been and will contin... be a valuable part of our ... versity year.

A vote of thanks is due ... those who have had a pa... this weekend. May we not ... look the real significance ... the occasion, and may ... singing of the Alma Mater ... meaningful to everyone ... Campbell Stadium Satu... afternoon.

Prexy To Thank Florida Newsmen

Moore Proposes Race Commission

By VIRGINIA DELAVAN
Assistant News Editor

Formation of a Florida State University "Race Relations Commission" was proposed by Art Moore before Senate this week.

The Student Body President, in his state of the campus address, said that it is time for student government to begin studying its responsibility "in a desegregation situation."

"We don't like to talk about integration, but the problem is here with us and I don't think we can ignore it," he said.

By giving advance study to integration, a recurrence of the University of Alabama riots over admission of Autherine Lucy could be avoided, he said.

"Though it was not evident in the general student body, a great deal of thought and planning were behind the enrollment of George Starke at the University of Florida," Moore pointed out.

NO INCIDENTS

Starke, the first Negro to enter a Florida University, was admitted this fall without incident.

No Negro has sought admission to Florida State University thus far, but Moore feels "serious thought" by a student commission should begin soon.

Last summer Moore attended several student government conferences where integration was discussed, among them a national meet of student body presidents.

Moore also urged FSU membership in the National Student Association, which was voted down by Senate in May, 1957.

"I have attended two NSA conferences and from what I've seen and heard I'm very much in favor of joining," Moore said.

Lengthy debate was held on joining NSA two years ago with charges that it was "communist-influenced" and "pro-integration" finally defeating the motion, 13-10.

NO COMMUNISM

Moore claims that he has seen no evidence that these charges have any foundation.

National Student Association has a membership of 380 colleges and universities.

Moore's overall theme for the address was "Put Student Government First." "We in student government have two obligations—to our studies and to government," he said.

"We must place our offices ahead of our other extra-curricular activities," he emphasized.

"We do have power, a limited amount of course, but it is largely limited by participation. The administration looks to us to find out what students want and we must look to the students.

"I can't stress enough to you the need for dedication to Student Government. As Dr. Strozier has said, a new day has dawned at FSU. We are rapidly growing and unless student government meets the pace and keeps up we will find ourselves behind about five years.

"Nothing here is standing still. Everything is in a state of flux," he continued.

NEED NEW FACES

"We see the same faces in government over and over. I'd say we need right now 150 more people in student government. They're here on campus. We've got to find them," Moore said.

Moore outlined several other areas in which he hopes "definite, concrete, realistic" action will be taken this year.

(1) Reapportionment — "There was a big hassle over reapportionment in 1955-'58 and as a result living areas, as well as classes are now represented.

"We will have to decide this year if we want to keep this system, or go back to only class representation," he said. (Senate is currently studying reapportionment.)

Moore also said he felt it was imperative to have a full senate functioning the first week of school. Under the present election set-up, new senators are not installed until late October or early November.

(2) Honor system — "Our size is becoming a handicap in this area. Rarely do you find a large state university with an effective Honor System.

"We are doing well with the one we have, I think, but it certainly could show some improvement. We should be concerned with this," Moore told the senators.

BUREAU EXPANDED

(3) Speakers' Bureau — Moore cited the new system the bureau is operating under this year. A

(Continued On Page 14)

Patrick Tops Porter

Baker, Girtman Win Posts, Large Turnout

Bob Patrick was elected freshman class president Tuesday, defeating his opponent, Kim Porter in the run-off elections.

Patrick received 560 votes to Porter's 447. "It was an excellent turnout for a run-off election," said Sandra Rosenberg, secretary of elections.

Records show that 1060 freshmen voted in the class final elections with 1500 students voting in the Homecoming Queen elections.

Other freshman officers elected include Bill Baker, vice-president, with 517 votes. He was opposed by Marion Clark who received 481 votes. Elected secretary was Marianna Girtman with 616 votes. Her opponent, Patsy Bergert, received 362 votes.

Elected treasurer was Shirley Ann Martin with 560 votes. She was opposed by Jane Finchum with 389 votes. Jean Carrison was elected social chairman with 555 votes and was opposed by Grace Scott with 422 votes.

MEN'S SENATE

Elected to men's senate with 510 votes was Buddy Holley and Bobby Byrd with 486 votes. Their opponents, Larry Yaw and Charlie Hawkins, received 485 and 358 votes respectively.

Women's Senate representatives include Liz Bradley with 561 votes and Ginger Swain with 431 votes. Opponents Sally Holt received 401 votes and Joan Tanner, 358 votes.

Precinct 1 (Jennie Murphree) senator is Mygnon Champion with 162 votes. She was opposed by Jo Elen Eyster with 82 votes.

Precinct 2 (Reynolds) senator is Pat Houston with 104 votes. She was opposed by Virginia Del Valle with 89 votes.

In Precinct 3 (Bryan-Broward) Caryl Lenahan was elected with 118 votes. Her opponent, Jo Brown, received 106 votes.

Precinct 6 (Cawthon) voters elected Gloria Bryant senator with 68 votes. Her opponent Linda Crowder, received 48 votes. Peter Christman with 175 votes and John Reynolds with 140 votes were elected senators from Precinct 8 (West Hall). They were opposed by W. W. "Bud" Carroll with 118 votes and Harry Payton with 109 votes.

DAY STUDENTS

Precinct 11 (Day Students) elected senators Bob White, 113 votes; Charlie Forehand, 107 votes; Beth Brown, 102 votes and Mary Lynn Scott, 98 votes. Others in the run-off election include Jim De Haven, 96 votes; Buzzie Korst, 81 votes; Eva Juanos, 70 votes and Bill Jarney, 64 votes.

Precinct 18 voters elected Rita Garnett with 49 votes. Her opponents were Nancy Bild with 42 votes and Martha Costin with 38 votes.

All winning candidates are requested to fill out a final expense statement by Nov. 4, said Miss Rosenberg.

Flambeau Photo Wayne Warren

WE WON!!! Seems to be the proper title for this picture taken during the announcement of the Freshmen election returns last Tuesday night. The young ladies were not identified.

North Florida Fair Will End Tomorrow

Today and tomorrow will be the final days of the North Florida Fair which is being held here in Tallahassee. The fair opened Tuesday and is termed by fair officials as one of the most outstanding Agricultural Fairs in the Southeast.

Admission to the grounds is fifty cents per person and transportation to the fair grounds, located one mile from town on South Monroe street, is available from downtown Tallahassee beginning at noon each day by city buses.

Each day that the fair has been operating, a special group has been honored with today being designated as Press Day and Negro Day. Tomorrow will be Outstanding Farm Family Day, 4-H Club Day and FFA Day.

For those people not particularly interested in the rides, sideshows and games that are usually associated with the Midway, much free entertainment can be derived from touring the eight exhibit and livestock buildings.

This portion of the fair consists of county exhibits by the 17 counties primarily represented at the fair, community exhibits, more than 1,200 livestock and poultry exhibits, school exhibits, handicrafts exhibits and professional and business exhibits.

Though the midway is much smaller than that of the Florida State Fair held in Tampa each February, agricultural officials have said that the North Florida Fair affords larger and better agricultural and industrial exhibits.

1st Fifty-Year Plan Nears Completion

By ROSA NELL WILSON
Flambeau Staff Writer

With fulfillment of its original 50-year plan nearing completion in about 10 years time, new plans are now being formulated for the future of Florida State University.

Heading the list of immediate needs, according to President Robert M. Strozier, is a really large auditorium replacing the present inadequate 1,700-seat Westcott Audiorium.

The proposed building, including two large wings for art and speech departments, would cost an estimated $4,000,000, Dr. Strozier said.

"We take the 50-year plan as a kind of dream of what the future might be", he explained, although any such plan has to be flexible.

He pointed out certain changes were necessary in the original plan projecting physical needs, adopted soon after the university came into being, such as development of nuclear research and an outstanding meteorology department.

Planning of physical needs naturally hinges on size of the student body:

"Any plan of buildings must be predicated on what the ultimate size would be," the president declared. "We ought to be able to plan efficiently."

Dr. Strozier expressed the hope the Board of Control will reach a decision about a goal for student body size, suggesting about 10,000 to 12,000 as a proper figure.

The president's specific building requests for the next biennium, totalling about $16,000,000, include:

BUILDING NEEDED

The Fine Arts Building and auditorium, $4,000,000; Mathematics-Meteorology Building, $1,224,000; Social Sciences Classroom Building, $1,287,000; expansion of Oceanographic Institute, $75,000; addition to nuclear research building now under construction, $630,000.

Large men's dormitory, $2,000,000; graduate student hall, $1,000,000; Physics Building, $2,600,000; Chemistry Building, $2,750,000; and Child Development Center.

Actually the name "50-year plan" is inaccurate, since no firm plans are made that far in advance.

"I don't see how we could plan 50 years ahead," Dr. Strozier commented. "Each generation has new needs."

However the general planning does serve as a guide for future expansion and the keynote of it is what to expect as an ultimate size of the student body.

Dr. Strozier expressed a preference for a figure which would not be too large or too small.

Other factors to be considered in physical plans for FSU are land available and transportation problems, including parking.

The university owns land beyond West Hall and near the stadium, but private property near the campus is becoming more expensive, the president pointed out.

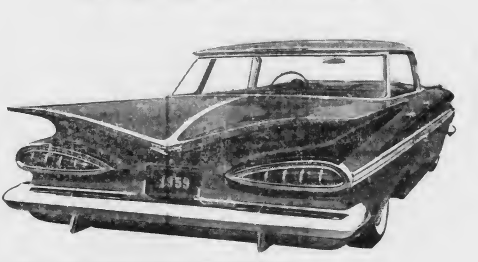
Now . . . all America sees the one that's truly new!



Like all '59 Chevies, the Impala Sport Sedan has Safety Plate Glass all around.

'59 CHEVROLET
CHEVROLET

It's shaped to the new American taste. It brings you more spaciousness and comfort with a new Body by Fisher. It has a new kind of finish. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. It's new right down to the tires!

Chevy's all new for the second straight year! Here with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and roomier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—windows are bigger, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier than ever. New suspension engineering gives you a smoother, more stable ride. There's a new Hi-Thrift 6 that goes and goes on a gallon of gas. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. Impressive new Impala models. Wonderful new wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

ALL NEW ALL OVER AGAIN!

see your local authorized Chevrolet dealer for quick appraisal—early delivery!

arching Chiefs' Production volves Extensive Planning

By MIKE ANGELLOTI
Flambeau Staff Writer

e polished productions displayed by the Florida State Marching Chiefs in-nany months of planning and the combined efforts of everyone concerned with nd, from the director to the very last twirler.

Whitcomb, Marching Band Director, studied as graduate music major at stern University, where he his Master's degree in then moved to Ohio State as Assistant Band Di- here he was honored with ion of University Band n 1936.

een year's work in this speaks for itself to one erves his tremendous suc- d versatility with the g Chiefs. Mr. Whitcomb at Florida State Univer- 953, where he was presen- the challenging task of ing the Chiefs to meet the ng ng standards of a rapid- ng University.

'THE BEST'

result is that the FSU g Chiefs are recognized as in the south, and to some, e

as he readily admits, "It eamwork and pride in the A show is not made in its but on the field," he

had my way, I would like as a Broadway Show does, plan it, rehearse it, and on the road to work actual show from road ons and crowd reactions. ously that is impractical and we must rely on the esponse and ingenuity of concerned. Thus far, we nothing but success," declared

this point, he added. it is the actual band emselves who solve the fficult problems I face on

INGENUITY

example, on the "Charles- numbers in the half-time he twirlers were faced with lem of their routine being at the end of the num- what did they do? They their routine with the mu- turned and legs exten- the air and then jum- to a front position in between numbers. that could take days of, if ever, on paper." ntricate paper work in- n planning individual num-

bers is the result of the combined efforts of Mr. Whitcomb, Associate Director Robert E. Braunagel, and arranger Charles Carter.

Mr. Braunagel studied at the Cincinnati Conservatory of Music and the University of Cincinnati, where he received his Bachelor of Music degree in 1941. In 1942, he answered the call of Uncle Sam and was in the Army until 1946.

"BROWNY"

During his service career, Mr. Braunagel achieved the rank of Warrant Officer and headed several service bands throughout the War. Following his discharge from the Army, "Browny", as he is called by h's students, attended the University of Texas where he received a Master of Music degree.

He arrived here in 1947 as Brass Director for the band, and later as Head Band Director until the arrival of Mr. Whitcomb in 1953.

In addition to his regular duties with the band, Braunagel also is the director of The University Concert Band, which is open to anyone who can play an instrument and now numbers over a hudred members.

CARTER ARRANGES

Charles Carter received his Bachelor of Music in Theory and Composition at the Ohio State University in 1950. He then entered The Eastman School of Music at Rochester, New York where he achieved his Master of Music in Composition in 1951.

He returned to his alma mater, OSU, in 1952 where he taught Brass and arranged for the OSU Marching Band. He arrived here in 1953 as a graduate assistant by virtue of his association with Manley Whitcomb, who was his Band Director when he played trombone during his undergraduate days at OSU.

Even the well synchronized minds of Whitcomb, Carter, and Braunagel would be to no avail if it were not for the students who act uate their plans. Heading this faction of the band are Linda Bean, Head Majorette, and Terry Johnson, Drum Major.

LINDA TWIRLS

Being Head Majorette is no accident to Linda Bean. She has nine years of excellent twirling accomplishments behind her, five of which were at Statesboro High School, Statesboro, Georgia. During this time, she was Drum Major and received five superior ratings at five consecutive Georgia State Music Contests.

During the summers between 1955-1957 she taught twirling with National Champion Bill Allan of Coral Gables at band twirling clinics in Texas, Oklahoma, Georgia and Florida. The money earned from this endeavor has helped a great deal in paying for her college education.

Linda twirled with the Chiefs her first semester here, and became Head Majorette in the Spring of this year. She is planning to be a Band Director after more study in New York, and is currently interning in Music Education in the Tallahassee elementary schools. February, 1959 marks her graduation date.

LITTLE BOY'S DREAM

Once upon a time there was a little boy who was in the habit of going to football games with his parents. One day as the half-time show was being presented, they asked him which of the band members he would like most to be.

He answered, "I want to be the one with the very big hat." This was the Drum Major. This story has a happy ending. The little boy is now a man, and the Chiefs' Drum Major. His name: Terry Johnson.

Prior to entering FSU in 1956, Terry played trombone and eventually became Band Captain at Miami High School. The opportunity to realize his boyhood dream came within Terry's grasp at the Marching Chiefs' Weekend last spring. Tryouts were held for a new Drum Major, and Terry bested five competitors for the job.

Terry's opinion: "It takes a lot of hard work, but to be and stay good you must work hard. I'm proud to be Drum Major and proud to be a member of the Marching Chiefs."

Flambeau Photo: Warren Gerard

THE MAN, MANLEY WHITCOMB, whose diligent efforts and leadership has placed the Florida State University Marching Chiefs among the top collegiate bands in the entire country.

THE MARCHING CHIEFS AND MAJORETTES are shown in one of their many, long, practice sessions which eventually comes out as a sparkling, quick-stepping half-time presentation that has thrilled spectators from Miami to New York.

WFSU-FM Dedication Set Today

The campus radio station WFSU-FM will undergo dedication ceremonies at 10 a.m. this morning with Governor LeRoy Collins and President Robert Strozier taking part via tape recordings.

The nine-year-old station will be dedicated under the call letters WFSU-FM. Prior to this year, it operated as WFSU without recognition from the Federal Communications Commission.

The FM station increased its power output from 10 watts to 1000 on October 1. This action extended the listening zone over the Big Bend area.

Collins and Strozier will speak over the air during the ceremonies. Several alumni connected with the station in past years will also be present.

Roy Flynn, Director of the University Broadcasting Services, will serve as master of ceremonies for the dedication. He will speak on the history of the local station.

Congratulatory tape recordings from representatives of educational radio stations, farm broadcasters, and the BBC will be played during the broadcast.

ALD Tops Seven

Alpha Lambda Delta, national schalastic honorary for freshmen women, tapped seven new members Wednesday.

Mother Of Nine

Mrs. Nugent Finds Football Life Hectic

By ROSA NELL WILSON
Flambeau Staff Writer

An enthusiastic love for football, family and Florida make Peg Nugent an ideal person to be the mother of nine children and wife of Florida State University's athletic director and head football coach.

At the height of a busy season, life can get pretty hectic. But usually she has the situation well under control, running the family of five boys and four girls between the ages of four months and 15 years, on a schedule planned around her husband, Tom Nugent.

"His job has first call on his time," she said, "so we go out of the way to suit him when necessary."

Naturally there are inconveniences to being a coach's wife, but to the Nugent family football is more fun than duty.

Mrs. Nugent has seen every out-of-town game this season, usually traveling with the team and sharing the excitement of before and after. With all the tension, sleep is impossible anyhow, so they usually stay up late after a game talking it over with coaches, newsmen and other wives for hours.

'BIG THRILL'

"A once in a lifetime thrill" was her description of last Saturday's victory over Tennessee, "when we accomplished our great purpose of beating a Southeastern Conference team."

Already excited about this weekend's Homecoming Game with the University of Tampa, she said she has seen every game with Tampa and "it's always a game that's fun to watch."

Her interest in football extends past the FSU games. Mrs. Nugent watches films of the season's games all winter long, goes to high school games in her spare time and reads books and magazines on the subject besides discussing it with her husband.

She believes wholeheartedly that athletics are a wonderful influence on young people and go a long way in helping them use their time well.

Many people do not realize that coaching is just a part of the athletic director's life, she explained. After the season ends, the job involves traveling, making speeches, recruiting, contacting high school coaches and other public relations work, then spring training and preparations for the new season.

REFLECTS ON FSU

These trips and contacts are of tremendous importance publicity-wise, Mrs. Nugent remarked. "Everything they do is a reflection of FSU."

A special source of pride is the coaching clinic for all college coaches held annually at FSU, which has a reputation as the outstanding clinic in the U.S.

The work of the staff here on the clinic is of great value in "selling FSU," giving the school "a million dollars worth of publicity," she declared.

The Nugents' love for the state began during World War II, when they were sent to Miami while he was in the OCS. "We fell in love with Florida and vowed to come back," Mrs. Nugent said.

COACHED BEFORE

Successful coaching seasons at Virginia high schools and Virginia Military Institute, where his team was Southern Conference champs, led to the chance to come to FSU.

After five years here, she said, "Tallahassee is our favorite city in the whole U. S."

Football is not the only common interest of the Nugents. The family shares a liking for dancing, singing and music in general, plus outdoor activities such as swimming and dancing.

He particularly likes harmony singing and has just joined a newly-organized harmony group. Mrs. Nugent is a member of the Woman's Club and a church group and participates in as many other activities as her busy life leaves time for.

Band's 'Halftime' Dedicated To All

The Florida State Marching Chiefs have one of their most impressive performances in store for the alumni and student body here for Homecoming 1958.

Feeling that the grads of the Florida State College for Women will have a "lost feeling" due to FSU's tremendous growth and development since becoming coeducational, Manley Whitcomb, Director of the Marching Chiefs, said, "This year's half-time show is aimed at presenting an atmosphere of bringing together past, present, and future."

The opening number for the band tomorrow afternoon will be a tune known to every Florida-Stater, young and old **Dixie**.

Homecoming is the time for renewing old acquaintances and memories. A time to take together the past, present, and future. The class of 1900-1910 will recall a tune of that era as the band forms an old mill and plays **Down By the Old Mill Stream**, followed by **Auld Lang Syne**.

The band forming a 1910 model touring car to the strains of **In My Merry Oldsmobile** should bring to mind the disappearance of old Dobbin in favor of the "horseless carriage" to the Class of 1915.

Bells of various kinds play an important part in our lives and as the Marching Chiefs form a pair of church bells and recall the Class of 1920, catch the majorettes in their dancing and twirling routines to **The Bells Are Ringing for Me and My Gal**. Those 1920 belles were real wild —like WOW, man!

Following this number will be the Homecoming Queen Ceremony.

Praise the Lord and Pass the Ammunition, with the band forming a cannon, will commemorate the grads of FSCW who saw two wars.

The song, **Garnet and Gold**, sung at a much slower pace, was very important to the students of FSCW, for it was their Alma Mater. The Marching Chiefs have revived it this year as a song, and for the first time in its history, the Chiefs make an FSCW formation.

From this, they march into a very tight FSU while playing the **Fight Song**, and then, symbolizing the growth of FSU from the small school of two years following the Second World War to its present size, gradually expand the formation.

Completing the show, The Chiefs salute the future of Florida State University in a concert arrangement of **Hymn to the Garnet and Gold**.

University President Robert M. Strozier will give a short speech following the half-time show.

Bandsmen Always Arrive Early

To those who complan about spare time:

Members of the Marching Chiefs must arrive at school at least a week before the student body and put in ten hours per week practice thereafter.

During the week of pre-school activities prospective band members undergo extensive training in marching, drill, practice, and the works. The pace doesn't slow up later — practice for half-time shows goes on for months.

ANYONE FOR FOOTBALL?

When Pancho Sigafoos, sophomore, pale and sensitive, first saw Willa Ludowic, freshman, lithe as a hazel wand and rosy as the dawn, he hemmed not, neither did he haw. "I adore you," he said without preliminary.

"Thanks, hey," said Willa, flinging her apron over her face modestly. "What position do you play?"

"Position?" said Pancho, looking at her askance. (The askance is a ligament just behind the ear.)

"On the football team," said Willa.

"Football!" sneered Pancho, his young lip curling. "Football is violence, and violence is the death of the mind. I am not a football player. I am a poet!"

"So long, buster," said Willa.

"Wait!" cried Pancho, clutching her damask forearm.

She placed a foot on his pelvis and wrenched herself free. "I only go with football players," she said, and walked, shimmering, into the gathering dusk.

...All is not lost....

Pancho went to his room and lit a cigarette and pondered his dread dilemma. What kind of cigarette did Pancho light? Why, Philip Morris, of corris!

Philip Morris is always welcome, but never more than when you are sore beset. When a fellow needs a friend, when the heart is dull and the blood runs like sorghum, then, then above all, is the time for the mildness, the serenity, that only Philip Morris can supply.

Pancho Sigafoos, his broken psyche welded, his fevered brow cooled, his synapses restored, after smoking a fine Philip Morris, came to a decision. Though he was a bit small for football (an even four feet) and somewhat overweight (427 pounds), he tried out for the team—and tried out with such grit and gumption that he made it.

Pancho's college opened the season against the Manhattan School of Mines, always a mettlesome foe, but strengthened this year by four exchange students from Gibraltar who had been suckled by she-apes. By the middle of the second quarter the Miners had wrought such havoc upon Pancho's team that there was nobody left on the bench but Pancho. And when the quarterback was sent to the infirmary with his head driven straight down into his esophagus, the coach had no choice but to put Pancho in.

Pancho's teammates were not conspicuously cheered as the little fellow took his place in the huddle.

"Gentleman," said Pancho, "some of you may regard poetry as sissy stuff, but now in our most trying hour, let us hark to these words from *Paradise Lost*: 'All is not lost: the unconquerable will and study of revenge, immortal hate, and courage never to submit or yield.' "

So stirred was Pancho's team by this fiery exhortation that they threw themselves into the fray with utter abandon. As a consequence, the entire squad was hospitalized before the half. The college was forced to drop football. Willa Ludowic, not having any football players to choose from, took up with Pancho and soon discovered the beauty of his soul. Today they are seen everywhere—dancing, holding hands, nuzzling, smoking.

Smoking what? Philip Morris, of corris!

AFTER SHAVE LOTION by SHULTON

1958 Homecoming Queen Candidates

Tonight at the Pow-wow a new queen will wear the white Seminole war bonnet, the traditional crown of Florida State University's Homecoming Queen.

Lynn LaGrange, last year's queen, will crown her 1958 successor after the Flying Seminoles and Marching Chiefs perform in the new queen's honor.

Nan Chamberlain, Kappa Alpha; Joyce Combs, Delta Tau Delta; Willou Copeland, Sigms Alpha Epsilon; Pat Ferguson, Phi Kappa Tau; Arielou Johnson, Sigma Chi are the finalists selected by the student body from s large group.

After the crowning the new queen will be presented with a trophy inscribed with her name. Her duties will not end with this weekend's activities, for she will represent Florida State University the entire coming year.

Next year she will ride in the place of honor in the Queen's float in the Homecoming Parade and crown her successor at the Pow-wow.

"Last year's Homecoming was wonderful and I'm looking forward to this year too," said Lynn LaGrange, last year's queen.

Lynn is a junior this year majoring in psychology. She plans to open a nursery school after graduation. Her hometown is Franklin, Ind. She is s member of Pi Beta Phi sorority, the Village Vamps, and Gymkana Court for three years.

Willou Copeland

Sigma Alpha Epsilon

Willou Copeland has been a member of the Gymkana Court last year and is this year. She is a sophomore from Brunswick, Ga., majoring in music therapy, and specializing in harp.

Willou is a member of Village Vamps, was a finalist in the Miss FSU contest last year, and plays in the University Symphony Orchestra. She is s member of Chi Omega sorority.

Joyce Combs

Delta Tau Delta

Joyce Combs is a junior English-speech major from Hialeah. She is secretary of Senate, a junior counselor, Garnet Key, Gymkana Court, Village Vamps, Women's Judiciary, and chairman of the Speakers' Bureau. She was a member of the Homecoming Queen court last year on Sophomore Council, in the IFC, and Military Ball Courts, and serves on the student funds and student welfare committees. She was mistress of ceremonies at the Inter-Faith Freshman Picnic this year. She is a member of Zeta Tau Alpha sorority.

Pat Ferguson

Phi Kappa Tau

Pat Ferguson, a junior from Hampton, Va., was Miss Virginia Press Photographer 1958-59, Miss Fiesta of Five Flags in 1958, and was first runner-up in the Miss Virginia Pageant 1957. She is majoring in elementary education.

Nan Chamberlain

Kappa Alpha

Nan Chamberlsin is a senior from Lookout Mountain, Tennessee, msjoring in English Education. She was last year's Gymkana Queen, is a member of Tarpon, "F" Club, Alter Guild at Ruge Hall, Gymnastica, Mortified, Senior Class Tressurer, and s finalist of the Miss FSU contest. She serves on the Secretary of State committee and has been a member of Sophomore Council. She is a member of Pi Beta Phi sorority.

Arielou Johnson

Sigma Chi

Arielou Johnson, a junior from Lake Worth, was a member of the Homecoming court last year. Arielou is majoring in special education, has been s member of the FSU Flying High Circus, is treasurer of the Christian Science student group and served as secretary last year. This year she is working on the student funds committee, and works as s student assistant. She is a member of Alpha Xi Delta sorority.

FSU Faces Tampa In Homecoming Tilt

Fullback To Lead Spartans' Offense

By BEN BALSER
Flambeau Sports Editor

The University of Tampa sends one of the most ...ed small college teams in the nation here tomorrow ...battle Florida State in its Homecoming game.

...e Spartans were ranked ...ng the ten top small colleges ... weeks ago before their loss ...powerful VMI. Tampa enters ...morrow's fray with 4-1 record. **The Tampans hold wins over ...er State, Westeen Carolina, ...ansas State and Presbyter-... The contest will be the ...th meeting between FSU ...d Tampa, with the Seminoles ...lding a 7-2 edge.**

...e last time the Spartans de-...ed FSU was in 1953, 39-6. ...mpa's teams rave lost four ...s to FSU since Coach Tom ...ent started coaching here in ...

BEST BALANCED

The school from downstate has ... of the best balanced squads ... history according to Coach ...lino Huerta There are 16 ...ning lettermen plus a host ...ented sophomores.

Tampa's attack is built around ...erback Bill Nuznoff and ...back Fred Cason. Nuznoff, a ... pound senior, is a service re-...ee who played first string in ...

FSU assistant Coach Lee Corso ...scouted Tampa this year ...Nuznoff is as good a runner ...Miami's Fran Curci on the ... play. Nuznoff is rated as ...adequate passer and a smart ... selector.

Cason, a 240 pound Plant City ...dent, has been Tampa's first ...ring fullback for the past two ...asons. Cason is a draft choice ... the New York Giants and is ...nsidered by Hueta as the ...st linebuster in the south.

Two huge tackles anchor the Spartan forward wall. Gil Rodriquez (220) holds down the left tackle spot while Don Econe (230) is the starting right tackle.

BELLIVEAU CO-CAPT.

At the right end post is co-captain Ken Belliveau. He is a 215-pounder and stands 6-4 He is the Spartans top receiver and is rough defensively

Two weeks ago Belliveau was chosen as "Lineman of the Week" along with Tony Romeo of FSU and Don Fleming of Florida.

Dave Davenport, a 200 pound freshman is the lightest man in the line. He has a lot of natural ability, but lacks the experience of Belliveau.

The guard slots are held down by two 210-pounders. They are senior Dick Leis and junior Tony Belec.

Co-captain and center of the Spartans is Wayne "Cracker" Story who weighs 205 pounds.

Flanking Nuznoff and Cason in the backfield are two swift 175 pound halfbacks. Buddy Williams and Charles McCuliees.

Tampa is deep in backfield strength. Behind Nuznoff at the signal calling spot is Bill Turner who is considered the best passer. Mike Whitwell, a reserve halfback, has scoring potential as shown by his 91 yard scamper against Presbyterian last week

Coach Huerta hopes that he can get his team in shape for the Tribe, as it was well-battered after the Presbyterian contest last Saturday

Gymnasts Compete In Kentucky AAU

Florida State's well known gymnastics team embarks on its ...-59 schedule next Saturday when it travels to the University ... Kentucky to compete in the Kentucky AAU.

...oach Hartley Price, usually ... the helm of gym team, is on ... Fullbright Scholarship in In-... In his absence, former FSU ... Jack Miles is acting as ...nast director

Colin Cameron a specialist on the horizontal bar and parallel bars will be in his first year on the varsity squad.

Last season the gymnasts compiled a 7-0 record along with copping the Florida AAU, Georgia AAU, Southern Intercollegiate and Louisville Turners Invitational Championships

Miles stated that although the team lacks depth, it has outstanding men in each event, and in the end, this is what counts in a gym match.

The schedule for this year is the same as last year, plus a few more group meets

1958-59 GYMNASTICS SCHEDULE

Nov 8—Kentucky AAU Open Championships at Louisville Ky
Nov 28-29—Gulf States AAU Championships at Naples
Dec 6—Midwest Gymnastics Championships Univ of Chicago
Dec 26-31—Eighth National Gymnastics Clinic at Sarasota
Dec 28—North-South Meet at Sarasota
Jan 9-10—State of Florida AAU Championships (men and women) at Tallahassee
Jan 17—Georgia Tech at Atlanta
Feb 6—Georgia Tech at Tallahassee
Feb 14—South Florida AAU Championships—Miami Fla
Feb 19—Mississippi Southern at Hattiesburg Miss
Feb 20 Pensacola Naval Air Station at Pensacola
Feb 21 Northwestern State College of Louisiana at Natchitoches
Feb 29 Southern Intercollegiate Gymnastics Championship at Tallahassee
Mar 7—Northwestern State College of La at Tallahassee
Mar 12—Mississippi Southern at Tallahassee
Mar 14—Pensacola Naval Air Station at Tallahassee
Mar 20-21—National Collegiate Championships at U of California
April 4—Georgia AAU Open Championship at Georgia Tech
April 17-18—International Competition with Cuban Olympic Team (tentative)
May 8-9—National AAU Championships at U of Chicago, Navy Pier

ROGER WEBB, who will captain the gym team this season works out on the parallel bars. Webb is a senior from Hamilton, Ohio.

FLORIDA STATE'S starting lineup for tomorrow's game with Tampa are from l to r: Tony Romeo, Jerry Graham, John Spivey, Bo Davis, Bob Swoszowski, Al Ulmer and Pete Fleming. In the backfield from f to b: Vic Prinzi, Jack Espenship, Bobby Renn and Fred Pickard.
Flambeau Photo Warren Gerard

LEADING TAMPA'S SPARTANS against the Seminoles tomorrow will be (upper left) tackle Gil Rodriques, (upper right) fullback Fred "Moose" Cason, (bottom) co-captains, (left) end Ken Belliveau and center Wayne Story.

Seminoles Top Foes In Team Statistics

After seven games Florida State's Seminoles lead their opponents in every statistical department of importance

Tom Nugent's charges have gained 1,325 yards rushing and 710 through the air for a combined total of 2,035 yards.

The Tribe has limited its opponents to only 1,065 on the ground and 492 in the air for a total net of 1,557.

FIRST DOWNS

FSU leads its opponents in the first down department by 32, 117-85. Eighty-three of the Tribe's first downs have come on the ground, 31 through the air and three by penalties

The opponents have chalked up 61 first downs by rushing, 21 by passing, and three by penalties.

FSU has outscored its opponents, 145 to 82. The Tribe's scoring average is 20.7 per game

RENN LEADS

In the individual staustics Bobby Renn is the leader in five departments. Renn tops the team in socring with 32 points and only needs nine more to set a school career scoring mark

The Henderson, N. C. halfback also leads the team in punting, kickoff returns, punt returns, and in rushing average with a 7.4 a carry.

Fred Pickard is the team leader in total yards gained with 382 yards.

Vic Prinzi, first string quarterback, has completed 33 passes in 58 attempts. The Waverly, N. Y. senior has had five passes intercepted but his completions have gone for five touchdowns and 412 yards Joe Majors has completed one touchdown pass in nine completions good for 157 yards

PASS CATCHING

In the pass receiving department, Tony Romeo and Jack Espenship have each caught 13 passes. Romeo's catches have accounted for 243 yards while Espenship's receiving has been good for 130 yards.

Final Home Game For Eleven Seniors

By JOE GREENE
Flambeau Sports Writer

Florida State, fresh from its first taste of fame, faces Tampa's fame seeking Spartans tomorrow afternoon in Doak S. Campbell Stadium at 2:30 p. m.

It's homecoming for the Florida State Seminoles, and tomorrow's match has the earmarks of being a thriller from the standpoint of everybody concerned.

Besides being faced with the possibility of losing some of its luster, FSU has to measure up to its tradition of keeping its homecoming record spotless under the guidance of coach Tom Nugent.

LAST GAME

Eleven Florida State seniors will be making their final appearance tomorrow afternoon. Four of the 11 seniors have been consistent starters for the Seminoles the past two weeks.

They are quarterback Vic Prinzi, left halfback Bobby Renn, center Bo Davis and guard Jerry Grsham.

Other Seminole starters playing their last game in Campbell Stadium are John Sheppard, the kicking specialist from Tallahassee; guards Leo Bagget and Sta Keith of Panama City and Joe McGee of Raleigh, N. C.; tackle John Craig of Orlando, and ends Bob Fountain of Crestview and Bill Kimbee of Winter Park.

Last year, the Seminoles nipped the Spartans 21-7 and according to reports via FSU's scouting network, Tampa is more than prepared to upset the Tribe's teepee.

However, the Seminoles don't seem to be under estimating the capabilities of Tampa and appear ready to meet the attack, according to Coach Nugent.

From a defensive position, FSU proved last week against Tennessee that it has plenty of starch with which to thwart the scoring thrusts of the opposition, while at the same time it has an offensive attack that can break a ball game up in a matter of minutes.

QUICK OFFENSE

This quick striking offensive attack comes in the form of an 'I' formation with a fullback like Fred Pickard, a halfback like Renn and a quarterback like Prinzi

Pickard, Florida's "Back of the Week," leads the Seminoles and is fifth in the nation in rushing with 482 yards in 97 attempts for a 5.0 average.

Running from the deep slot in the I, Pickard a 160 pound fullback is a constant breakaway threat and a consistant ground gainer through the middle

Renn, the other half of FSU's one-two punch backfield leads the team in touchdowns with 6, he has rolled up 404 yards in 50 carries for a 7.4 average and is just as dangerous as Pickard.

Prinzi, the quarterback presents a problem to Tampa with his passing He has hit 33 out of 58 for 412 yards and five touchdowns this year.

Jack Espenship, right halfback for FSU is a good pass receiver, excellent blocker offensively, end has shown up excellently on defense.

Tony Romeo, a Tampa soph at right end who has been named "Lineman of the Week," in Florida twice, has snagged 13 passes for 243 yards and three touchdowns Defensively, he's bad news for Tampa.

LINEMAN OF THE WEEK

Pete Fleming, left end for the Seminoles and "Lineman of the Week" showed what can happen against Tennessee if Fleming wants to get rough.

Tackles John Spivey and Bob Swoszowski give ample protection to the Seminole backfield when FSU is on the move and can cause the opposition grief when trying to move.

Guards Graham and Al Ulmer and center Davis create an impressive trio either going or coming in the eyes of the enemy.

Put these eleven men together and you have a surprising football team - - Florida State's football team. Backing up these men are players like Joe Majors, Gene McCormich, Pappy Rozman, Bob Carnes, Dan Strickland and Sheppard, the point after man. Sheppard has kicked 11 out of 13 extra points and two field goals this season.

Pickard Ranked Among Nation's Top Rushers

Florida State's Fred Pickard, the smallest major college fullback in the south, was named Back of the Week and a possible All-America candidate for his one-man-gang performance in the Seminoles surprise 10-0 win over the powerful Tennessee Vols.

Pickard, a solid 160 pounds, is a Columbia, Tenn product After Saturday's showing against the Tennessee team, in which he gained 133 yards, Pickard was ranked fifth in the nation rushing He has carried the ball 97 times and picked up 482 yards for a 5.0 average.

TENNESSEE FREDDIE

Tennessee Freddie, running from the deep spot in Coach Tom Nugent's patented 'I' formation, has scored two touchdowns this year He has also caught four passes for 38 yards

Despite his size Pickard has a lot of power and is used for fullback bucks up the middle and through the tackles His speed is deceptive and once he gets through the line it's hard to stop him

Pickard's longest run from scrimmage this season was a 51 yards jaunt against the Vols last weekend. The play was intended for a power play, just to gain a few yards. But after the pint-sized dynamo hit the line, he twisted and turned until he broke through the defensive backfield and into the open He was caught from behind by Vols fullback Carl Smith.

HOLDS RECORD

Pickard holds the Florida State record for the longest scoring run from scrimmage. He set this record last season as a halfback in the FSU homecoming game against Virginia Tech. The little speedster hit right tackle and it looked as if he was down, but somehow he slipped through and ate up 80 yards in the touchdown scamper.

Here's what a few of the South's coaches and sports writers say about Pickard:

"Pickard is one of the hardest-running little backs I've ever seen" — Wally Butts, Georgia head coach.

"Give me two or three backs like Fred Pickard, the jet runner in the jet age" — Tom Siler, Sports Editor, Knoxville News-Sentinel

ALL-AMERICA

"Pickard is certainly deserving of All-America consideration"—Furman Bisher, Sports Editor, Atlanta Journal

"That little guy out there (Pickard) can really move, can't he?"—Bowden Wyatt, Tennessee head coach.

"Pickard . . . is a big football fish who got away" — F M. Williams, sports writer Nasrville Tennessean.

After Pickard graduated from Columbia High School, where he led the North Central conference in scoring, the only colleges that offered him scholarships were three mid-Tennessee schools

Then one day, Bones Taylor, former FSU end coach, told Pickard that FSU would like to have him play football for them. As Pickard expressed it, "I sure was lucky to get a chance to go to Florida State"

PICKARD HUSTLES

Florida State started the season with a 202 pounder at fullback, but Pickard, with his desire and hustle, had the starting job nailed down by the third game. The little Tennessean has only lost 13 yards from scrimmage this season against some of the biggest lines in the south.

Coach Tom Nugent and FSU seems to have good luck with little men. Lee Corso, who made honorable mention all-America quarterback in 1958, only weighed 165 pounds.

Frosh Hoopsters May Be Best Ever

New freshman basketball coach Tom Garcia feels that this year's frosh five have the potential to be "one of the finest freshman teams that Florida State has ever had."

Reluctant to single out any members of the squad for individual comment, Garcia pointed out that, "these boys not only possess the ability to play the game, but also possess a great desire.

BEST YET

"With a little luck this year's team could compile the best record of any freshman team at FSU."

Evidently enthused with his new charges, Garcia suggested that students and area fans plan to see all the freshmen home games.

A three game home and away series with Chipola Junior College and tentative single games with the Miami, Florida and Georgia freshmen highlights a 10 game schedule.

Record Crowd

Athletic Business Manager Eddie Cubbon expects a record crowd of 19,000 people to view the Homecoming game tomorrow.

The largest previous Homecoming crowd—18,556—saw Coach Tom Nugent's Seminoles turn back Virginia Tech, 20-7, here last year.

Toughest Cage Slate Opens With Wildcats

By MIKE PLATTIS
Flambeau Sports Writer

A fast, but relatively new Florida State basketball team, will open their 1958 season against a perennially powerful Kentucky five in Lexington in less than a month.

The loss of three front line performers by way of the eligibility rule and graduation, has made a sizeable dent in Coach J. K. "Bud" Kennedy's personnel.

"We have greater speed this year, but with the loss of three of last year's regulars, we will be a relatively new team. We aren't too deep in reserve strength, and I feel that we are playing our toughest schedule this year," said Kennedy.

The eligibility rule caught up with senior Burt Deckel who led the Seminole's in point making last year with 425 points in 25 games for a 17.8 average.

Kennedy summed up losing the 6-5 Deckel by saying, "You just can't lose your leading scorer, number three rebounder, and a player with Burt's overall experience and knowledge of the game without it hurting."

Deckel is now assisting Tom Garcia with coaching the freshman team.

GARCIA COACHING

Garcia, a scrappy guard during his four years of basketball under Kennedy, is another of the men who won't be back. The 5-8 ex-playmaker, has replaced former FSU great Jimmy Oler as frosh coach.

The third pair of shoes Kennedy will have to fill are those of Larry Strom, who played in the regular forward spot for the past two seasons.

Though weakened by the loss of those three, the Seminoles have five returning lettermen, four squad men, two junior college transfers, and several players up from the freshman ranks from which to build.

Leading the five lettermen is Hugh Durham, the fiery little guard from Louisville, who shot his way into Florida State record books with a 43 point splurge against Stetson as a sophomore, teamed with Deckel to form the Tribe's one-two punch last year, and now is back to finish out his career.

Durham was appointed to captain the Seminoles for the coming season.

A unanimous all-state selection the past two years, Durham has a career point mark of 877, and finished his junior year with a 15.3 average despite an injured ankle suffered during FSU's two point loss to Florida. An 80% average from the foul line ranked him in the nation's top twenty.

RETURNING STARTERS

Two other returning starters are seniors Danny Boltz of Quincy, Illinois, and Jim Liteky of Jacksonville.

The 6-6, 225-pound Boltz is the most improved player on the squad this year, according to Coach Kennedy. "I feel sure that Danny is destined to have a great year. He's defensed two Converse All-Americans, Hub Reed of Oklahoma City and West Virginia's Lloyd Schearer."

Jim Liteky, a speedy 6-2 guard, is the third returning regular. Kennedy felt that, "Liteky's great speed and shooting ability coupled with tremendous spring, should add to the overall team play."

Liteky, a senior from Jacksonville, was the third highest scorer last season with 268 points in 25 games.

The last senior letterman coming back is 5-8 Joe Williams, a former Tallahassee Leon athlete. "Williams," Kennedy pointed out, "is the best defensive man on the squad without a doubt. He probably has theg reatest desire of any man we've had here in a long time."

Completing the five returning lettermen is 6-4 junior Jim Savage, who is a versatile performer, and as a soph played every position for Kennedy during all twenty-five games.

TRANSFERS

Trying to fill the gaps in the lineup left by Deckel, Strom, and Garcia are junior college transfers Don Bates and John Richter.

Bates is a 6-0 former all-state high school guard from Jasper, Indiana who came to FSU from Chipola Junior College in Marianna. He uses a long soft jump shot, and has a good basketball background.

Kennedy is high on Bates and said, "Don is quick, has very good scoring potential, and may well develop into one of our best guards."

Richter who comes to FSU from Paul Smith's College in New York, is big at 6-5 220 pounds and could give the Tribe strength under the boards.

Rounding out the returning squad who saw limited action in 57-58 are Fred Woodward, a 6-0 junior from Ft. Lauderdale with a good outside shot, Jerry Hohne, 6-5 junior of St. Augustine, Buddy Cash, 6-1 junior from Tallahassee, and Tom Westhafer, 6-2 junior from Greensburg, Indiana.

Up from the frosh team are promising Bill Archer of Melbourne and Charlie Tinsley, a 6-4 Miamian who led the freshmen with a 15.0 average. Mohler Hobbs, a hustling little guard, and Phil Walser complete the squad.

Faced with somewhat of a rebuilding job, head coach Kennedy noted that "Our strength right now lies in the outside shooting of Durham and Bates, and the rebounding of Boltz."

Tankers To Be Strong Again Despite Graduation Losses

By GINNY FUGATE
Flambeau Sports Writer

Florida State University's tankmen officially open their 1958-'59 season on December 5 when they will defend their AAU Indoor championship against the University of Georgia at Emory University in Atlanta, Georgia.

Coach "Bim" Stults stated, "If we can develop the squad to take the place of Ken Abbott and Ryan Ray sprinters who graduated, we will be as strong as we were last year."

AAU CHAMP

Last season's Seminoles hold the titles of Florida AAU champion and Georgia AAU champion.

Stults listed the dual meet schedule, almost identical to last year's, which includes University of Florida, University of Miami, Georgia Tech, University of Kentucky, Synod Methodist University, Texas A & M, Rice Institute and the University of Houston. The squad won ten dual meets last season.

A Garnet and Gold meet is tentatively planned for the Tuesday night before Thanksgiving vacation November 25. For this meet, the squad will be divided to compete one-half against the other.

Last year the Garnet team sunk the Gold, 53-33.

Up from the freshman squad are Curt Genders and Bucky Hiles. Stults cited these boys as outstanding in their events.

Hiles holds quite a few of the freshman records and is the Florida AAU 220 and 440 freestyle champion.

ONE-TWO PUNCH

Genders, along with Bob Weber, a junior letterman, gives FSU a terrific one-two punch in the diving events. Genders was second in the Georgia AAU and third in the Florida AAU last year.

Weber, was the Georgia AAU champ last season and the Kentucky AAU champ this summer in the diving event. He was the only diver on the squad last season.

The Ohio native placed 15th in NCAA meet in the high and the lows, a week later he placed 15th in the National AAU meet.

Leading the returning lettermen is Paul Hammond a senior from Sumter, S. C. Hammond is a three year letterman and will be the number one man in the freestyle event this season.

Last year Hammond was a member of the 400-yard freestyle relay team which set school and pool records.

KEY ROLE

Another senior who is expected to play a key role in FSU's swimming fortunes this season is Jim Wentworth, a backstroker from Jacksonville.

Wentworth is a versatile man, as he also competes in the medley relay. He holds pool and meet records at Gainesville for the 200 yard backstroke.

Bud Cole, a Tampa junior, who showed up well in the 200 yard breaststroke and will probably be a member of the 400 medlay relay team this season.

Jerry Glancy, a senior backstroker from Atlanta, who is also a three letter-man, will swim his specialty again this year.

The squad has been working out since the fall term began. Stults said that the team is improving steadily in the backstroke, diving and distance events.

PAUL HAMMOND

Four Seniors, Two Sophs Head Linksters

Four experienced se[niors] and two promising sop[ho]mores will form the nuc[leus] of Florida State's golf te[am] this season.

Coach Bill Odeneal, back [for] his second year at the helm [of] the golfers, expects to imp[rove] on his 10-7 mark of last sea[son]. Odeneal only lost two [men] through graduation and asse[rts] that he will have a good [...] foursome.

Back for his last season [is] Bob Shave, an Ohio product [who] led the golfers last season [with] a 72.0 average. While at Flo[rida] State, Shave has compiled a b[ril]liant record.

He nabbed third place in [the] Florida Intercollegiate for [...] years in a row. 1957 he fini[shed] fourth in the Southern Interco[l]legiate and in 1958 he fini[shed] fifth in the same tourney.

Another senior who Odene[al] will rely on heavily is Bil[l] Shelton. Shelton was Alaba[ma] high school champion in 19[..]. Shelton did not play last sea[]son, but is expected to roun[d] into shape by the beginning [of] this season.

Mel Fleischer, who w[as] second among the Seminoles [last] season with a 73.3 average [is] also back for his final year. T[he] Sanford, Fla., senior was [...] Marine Corps Champion in 19[..].

A Montgomery, Ala. se[nior] Rem Noble, rounds out the [...] year men on the golfers squ[ad]. Noble had a 73.8 average [last] year.

The two sophomores who [...] ure to be key men on this s[ea]sons squad are Frank Ma[lara] and Dick Dunlap.

Malara, a New York boy, [fin]ished with a below-par ave[rage] of 69.3 last season with the F[SU] frosh. He was once paired [with] the golfing great Willie Tur[nesa] in a tournament.

A Pensacola native, Dunl[ap] was Florida high school cha[mp] in 1956-57. He was also th[e] Pensacola country club cham[p] for 1956. Dunlap also finish[ed] with a below-par 71.6 averag[e] as a freshman.

Dear Diary:
Meet another of the dreadful drips that life has thrust upon me as a "date" E-E-K!
I tell you, Dad, the man isn't. He simply isn't.
No wonder I call him
Weird Willie

Willie really is a good lad.
He has great possibilities for charm, too. Only he hasn't realized it—yet!
For example, if William's "Dear Diary" girl could wave a magic wand and presto! get the man dressed up in some of those wonderful 1959 model, new fall clothes the cool cats are now wearing, she undoubtedly would call him: "WONDERFUL! WILLIAM!"—NOT "Weird Willie" at all. The RIGHT clothes on the RIGHT man at the RIGHT time. Those three R's are an unbeatable combination that most girl friends find irresistible.

TWO TWELVE SOUTH MONROE

'IF,' A Key Word For Track Squad

By PHIL ROYCE
Flambeau Sports Writer

A man with more than his share of questions stam-[p]eding his thoughts these days is Mike Long, Florida [St]ate's head track coach.

Consider these "ifs", Long must [fa]ce in contemplating the com-[in]g season for his Seminoles.

FSU can have its most success-[ful] season ever on the cinders if:

Touted sophomores can live [up] to the promise indicated by [the]ir performances on the fresh-[m]an team last year;

Several transfer students can [fill] the shoes of departing stars [fro]m last year's team.

Polevaulter Pete Fleming, also [a]n end on the football team, can [ge]t into shape for vaulting soon [en]ough following spring practice;

Ted Keen can live up to his [po]tential and shake old man flu [th]at kept him out of a lot of ac-[tion] last season to take over the [to]p sprinting role from the de-[par]ted Jack Terwilliger.

A reversal of several or all of [th]ese equations could be disas-[tr]ous for the Seminoles

COUNTER BALANCE

To counterbalance these ques-[tion] marks, Long has his share [o]f proven stars returning. In the [ru]nning events they are:

220 — Jim Casteel: 440 — Cas-[te]el: 880 — Doyle Ruff, Ben Geo-[r]ge Charlie Nye, Mile — Tom [K]eeney Two-mile — Keeney: low [hu]rdles — Casteel, Claude Griz-[za]rd, Tom Chivera

In the field events, there are [fe]wer established stars back. Re-[tu]rning threats are:

Broadjump — Casteel, pole-[va]ult — Dick Elwood, Don Ayres, Herb Sigmound, Keen, javelin — Elwood

A glance at this poop sheet shows that the middle distances are FSU's strong point and of course any event in which the iron-man Casteel is entered. Best chance for a Seminole "sweep" of an event appears to be the polevault where a handful of high altitude boys are ready for action.

One of the Tribe's top men this year should be Casteel who shared high scoring honors last season with the since graduated Mike Conley. Last year Casteel was called to duty in four individual events plus running a leg on the mile relay team in several of the meets.

Other varsity prospects are:

Steve Long, George Smith — high jump; Charles Drago—shot and discus; Don Ostergaard—shot and javelin.

The transfer students on which Long is pinning a lot of his hopes for a winning team are Ron Harrison, a quarter miler from Orlando, Kent Mills from Pontiac, Michigan in the mile and two mile, Lloyd Evans, from Citadel, who was quarter mile champ in Florida several years ago.

FSU's schedule this year is a rough one Long feels that if the team is to beat LSU in its first dual meet and the Tribe's first meeting with the Louisiana powerhouse, every member of the team will have to turn in top notch performances. This, the Florida meet, and the Florida Relays should be the highlights of an interesting season.

TWO OF THE KEY men on Florida State's 1959 track team are pictured in practice. From l. to r., Tom Keeney, miler, and Jim Casteel, 440 man.

Sophs To Form Backbone Of 1959 Baseball Team

By FRANK RAMOS
Assistant Sports Editor

Comparing Florida State's 1959 baseball nine to this year's football team, coach Danny Litwhiler reasoned that if his sophomores come through "we'll have a good year."

Litwhiler figured his biggest problem to be pitching. "The total innings pitched by next year's staff doesn't add up to a complete game."

Counting on Frank Davis, Ron Frazer and Paul Benson, three pitchers who have never pitched an inning of varsity ball for the Seminoles, Litwhiler finds himself in a position quite opposite from last year when he had three top notch starters in Frank Slusser, Jack Bristol, and Tommy Garcia.

Litwhiler figures this to be a rebuilding year. He'll have to replace last year's starting mound corps but will be able to blend his inexperienced pitchers with a veteran infield.

"We'll have plenty of power this year for the first time since I've been here." Litwhiler stated.

Litwhiler expects to have around 35 candidates for spring practice The former major league outfielder plans to use two infields in the spring

"One will be composed of veterans and the other will have all newcomers."

VETERAN INFIELD

In the veteran infield Litwhiler will have Charley Rodgers at first, Ray Bazzell at second, Dale Koch, the only senior in the infield, at third, and Ernie Lanford at short.

The sophomore infield will be composed of Doug Walker at first, Bob Clem at second, Hank Ross at third and Jack Dull at short.

"I figure the veterans are the better glove men and will hit for the better percentage, but these sophomores have more power and speed."

Dale Koch, who was runner-up in the RBI department last year, has the best chance to return as a starter on a team Litwhiler labels as open at any position.

In the catching department Litwhiler has Bill Westendick back Westendick hit 352 and drove in 11 runs while tieing for the club leadership in doubles last year. Behind Westendick, Litwhiler has Tommy Thomas, Bob Miller, Dave Reynolds, and possibly Hank Ross if he makes the switch from third

THREE DEEP

Litwhiler figures to be around three to four deep in the outfield. Neal Martin and Buddy Cash are the only two experienced outfielders returning

Cash is slated for duty in left field but there is a long list of candidates seeking his job. John King, John Slaton and either Rogers or Walker depending on who wins the first base job

Dave Buss, a transfer, whose arm Litwhiler praises, is the leading candidate in center field. Litwhiler figures to back Buss up with a list of infield candidates who may be forced to the outfield

"Some of these guys will have to play somewhere with all their power." Clem, Dull, and Bazzell he listed as possible replacements.

Martin will be in right field but reserve infielder and outfielder, Gene McCormick figures to see plenty of action in either place.

Another utility man, Jerry Donaway, who Litwhiler calls a good glove man, is being counted on to fill in when needed

Behind them he has from last year's freshman team, Jerry Turner, Rick Madison, Mike Hudgins, and possibly Doug Walker.

Back from last year's varsity are Don Azon, Jerry Hohne, Norm Zyler and Duni Nelson

The University of Florida returns to Florida State's home baseball schedule this year.

DALE KOCH will be the only senior in the infield for the Seminoles this year.

Eight Lettermen Give Netters Experience

With an arsenal of experience and a new head coach, the Florida State tennis team has the potential to have one of the best seasons in the school's history.

John Powless makes his debut as a tennis coach and takes over the reins of a team which has eight returning lettermen.

Powless graduated from Murray State in Tennessee in 1956 where he lettered four years in basketball. Last season he coached a high school team in Kentucky which compiled a 20-5 mark.

EIGHTH IN NATION

A year ago Powless was ranked as eighth in the nation in collegiate tennis. Powless and his father hold the nations' title in father and son doubles

He was also runnerup in Florida in closed singles.

Leading the returning lettermen is Lex Hester. Hester is a senior from Neptune Beach, Florida, who was the top seeded player last season.

Powless rates Hester as a real competitor and a tennis player with a lot of savvy.

NO. 1 SPOT OPEN

"The number one spot is wide open," said Powless "and it is certain we will have four boys battling for that spot." Besides Hester, three other men will be battling for the top spot.

They are Jim Berry, Fred Serrett and Rebel Bellamy Berry is a senior letterman from Florida who saw a lot of action last season.

Serrett is a senior from Little Rock Ark., who did not attend school last year, because he was in the service. He was a top player on the team in 1956 and Powless feels he will add experience and maturity to the squad especially in doubles play

He is in somewhat a doubtful position, however, as he may have to make up some hours before he can compete this season.

SOPH FLASH

Bellamy is a sophomore flash from California who showed up well as a freshman last year Other lettermen who will add depth to the squad are Jack Crew, Howard Levy, Alex Sutor, Frank Bryan and Ross Rollinger.

New faces on the team which should give additional help to Florida State this year are Buddy McLain and Bill Anderson.

Anderson, a junior from Miami, has a lot of potential and should aid the team if he rounds into shape according to Powless

Powless feels that this year's squad can improve on the 9-7 mark of last year. "We have strength in the singles, and more overall balance in the doubles, something which was a weak point last season."

FROSH

Four freshmen who will see action against freshmen from other schools are Gordie Smith, Ed Fasuls, Mike Sipe and Wayne De Ran.

The schedule, as it stands so far includes four SEC schools, plus some top independents such as Miami and Southern Illinois. Powless is working on a plan to get some Big Ten schools included in the schedule.

Coach Powless invites any men who are interested in playing tennis to come and try out. They can contact him in room 115 in the Men's Gym.

Tentative Schedule
March 14—LSU at Baton Rouge
March 17—University of Georgia at Tallahassee
March 19—Miami at Tallahassee
March 23—Georgia Tech at Tallahassee
March 24—Southern Illinois at Tallahassee
March 26—Florida at Tallahassee
April—Plans are being made to schedule big ten schools during this month
May 1—University of Georgia at Athens
May 2—Georgia Tech at Atlanta
May 6—University of Florida at Gainesville
May 7—Stetson at DeLand
May 8—Rollins at Winter Park
May 9—University of Miami at Miami

ONE OF THE eight returning lettermen for the FSU netters this year will be senior Jim Berry.

Intramural Activity To Halt For Homecoming Weekend

Intramural activities in both the Dorm-Independent League and the Fraternity League come to a halt today but will resume again next Tuesday.

In the Dorm-Independent tennis singles tournament, Magnolia Hall topped the winners' bracket and will meet the winner of the losers' bracket for the championship.

Magnolia, which won both the singles and doubles championship last year, also finished on top in the winners' bracket in doubles. It will meet the winner of the Penthouse-Newman match for the championship.

SAE yesterday met SN in the finals of the double in the winners' bracket. In the singles winners' bracket, LCA came out on top and will meet the winner of the losers bracket for the title.

DECISIVE GAMES

Decisive games in the Fraternity basketball League will be played next week. KA and SAE, both with only one loss, meet to decide the likely winner of league one play. In league three

Seminole Society

By DOLORES LAFFERTY
Flambeau Society Editor

Founders' Day was celebrated by the **Kappa Delta's** last Thursday with a ceremony led by Nancy Key, president. A similar ceremony was held for the 61st anniversary at Farmville, Va., where the first chapter was formed.

Nancy Bates, Diane Colter, Kay Davis, and Mirth Kirby were initiated into **Kappa Delta** that same day.

Gamma Phi Beta sorority recently welcomed five new members into their group. They are, Ann Morse, Lee Spenser, Jo Ann Jones, Yolanda Muzey, and Mildred Stewart. At a banquet in their honor Ann Morse received the outstanding pledge award and Mildred Stewart the scholarship award.

ALPHA DELTA PI

The **ADPi's** recently elected officers of their fall pledge class. They are Sharon Toth, president; Gretchen Gatewood, vice-president; Jenny Sharp, secretary; Shelby Cannon, treasurer; and Marcia Chapman, Panhellenic representative. They also initiated Kathy Allen, Margaret Agnes Brannon, Marsha Murray, Pat Garner, Le Vonn Zess, and Ira Jean Gregory.

Bobbing apples, ghosts and goblins were all at the **Sigma Chi-Theta** party that the **Sig's** gave the **Theta's** last Tuesday evening. The Thetas were also guests of the **Kappa Sig's** at a party last week.

ALPHA OMICRON PI

Bonnie Core, president; Toni Kuster, vice-president; Judy Whithill, secretary; Sandra Targony, treasurer; and Phil Stacy, Panhellenic representative are the new Alpha Omicron Pi pledge class officers. The chapter also recently had a party with the **Phi Kappa Tau's** after which the girls accompanied the fraternity to the gym for an intermurals basketball game.

The **Alpha Gam's** are busy this week with Homecoming decorations and float decorations with the Sigma Chi's with whom they are doing a float. Their new pledge class officers are Shirley Ann Martin, president; Suzie Workizer, vice-president; Mary Alice Wayt, secretray; Ivylyn Frazier, treasurer; Ellen Dillon, chaplin; and Marsha Cox, Panhellenic representative.

ALPHA CHI OMEGA

Steak and beans were on the recent menu at the **Alpha Chi Omega** house. The members who raised their average last semester were given steak while those whose average dropped were served beans. Gayle Anchors, Barbara Baker, Merle Ballou, Laura Casewell, Linda Crowder, Lyn McManama, Vivian Rodriquez, Carloyn Reeves, Sylvia Rousseau, Harriet Sarodis and Sylvia Ward are the new initiates of the group.

The **Alpha Xi's** entertained the Sigma Chi's last week at a "Roaring Twenties" party. Entertainment consisting of a chorus line of flappers, dancing and refreshments rounded out the evening.

DELTA TAU DELTA

The **Delta Tau Delta's** open their doors for all alumni and visitors tonight. They are having a combo party after the Pow Wow with music provided by the Hi-Tones from Thomasville, Ga. They are having their entire house open during the weekend.

Last Saturday **Kappa Alpha, Delta Tau Delta, Lambda Chi Alpha,** and **Phi Kappa Tau** fraternities held a four fraternity hop at the American Legion Hall. The Royal Palance group provided the music for the affair.

Houses Use Various Themes

By BETH KING
Flambeau Society Writer

With the coming of Homecoming and this year's theme of "All Eyes on the New FSU" sororities and fraternities have been working overtime on everything from space ships to ancient Roman ruins for clever and amusing house decorations that will grace the fronts of the houses.

SORORITIES

The **Alpha Chi's** are sending their compliments to the university with a large aluminum covered orchid in front of their house. A big white calling card with the caption, "Orchids To The New FSU" is beside the orchid.

"Little Lulu Says . . Get'em With One Blow" is the saying for the **Alpha Delta Pi's** house decorations. Lulu in giant form is standing in front of the house with her equally large box of Kleenex. Her arm repeatedly moves as she blows her nose.

A big red apple will decorate the front of the **Alpha Gam** house with a worm coming in and out. "We Chewse To Win" is the caption for the enormous fruit.

ALPHA XI DELTAS

The **Alpha Xi's** are "stamping Tampa" with their house decorations. The house is decorated like the new four cent stamp and a big Seminole is holding it in his hand. His foot is placed on the letters "Tampa Spartan." "Stamp Tampa" is the slogan used.

The **Chi O's** have big things on the menue. A large Seminole on one knee is stirring a large pot full of Spartan football players. "FSU Stews Tampa U" is the caption.

The **AOPi's**, although not in their new house on Copeland yet have decorations on the green in front of Gilchrist Hall. The slogan, "Seminoles Go Modern" will tie in with a modernistic tepee.

Representing the growth of FSU is the **Tri Delt's** gigantic abstract structure, illuminated with colored lights. "FSU—Soaring to New Dimensions" is the caption.

DELTA GAMMAS

The **Delta Gam's** have a Nebbish (for you who do not know what a nebbish is—it is a funny non-descript figure that is used frequently for humorous cards, ash trays and the like) holding a flag that says "yea." Voices shouting "yea" will be over a microphone.

"Sammy Seminole Serves Spartans Ala Carte" at the **Delta Zeta's** sidewalk cafe. An array of colored lights decorate the whole house with its Frenchy theme.

A big ship with Spartans on it will be leaving the **Gamma Phi Beta** front yard. Seminole warriors will be there to see them off. The title "Ship 'Em Back to Tampa" is used.

The **Theta's** have a big blue print of the "new FSU" in their yard. "Blue Print The New FSU" is their theme.

The **Kappa Delta's** have a giant cave man grinding Spartan bones in a pot. Bones and some of the Spartan's gear is scatered about the yard. "Grind 'Em" is the caption.

PHI MU'S

"FSU Reservation Holds Sure Fire Match for Spartans" is the caption in the smoke coming from a cigar smoked by a big Indian. The **Phi Mu's** also have a huge match box spilling with matches named after FSU football players.

"Spartans Meet CAT-astrophe" is the theme for the **Pi Phi's** house decorations. A large black cat with flashing ultra violet eyes is the feature figure. Behind is a modernistic Halloween scene with a three dimensioned witch and moon.

The **Sigma Kappa's** decorated their lawn with a large space ship, the bottom of which is a tepee. "FSU Rockets To Victory" is the slogan used.

The **Zeta's** are "Putting the Hex On Tamp U" with three big witch doctors dancing in front of a fire. Primitive music is played by the public address system.

FRATERNITIES

"FSU Tamps Spartans" is the **Alpha Tau Omega** title for their house decorations. A pile driver is driving a Tampa Spartan into the ground.

An igloo with a Spartan moving in and out and a big thermometer with hanging icicles and snow dons the **Delt** house. "FSU Puts the Freeze on the Spartans" is the theme.

The **Kappa Alpha's** have a large three sectioned painting in their yard. In one section is a band of "beat up" Spartans, while in the middle section is a troup of Seminoles marching toward Gainesville. On the road is a big gator with a rain cloud hanging over his head. "Have Tomahawk Will Travel" is the title.

KAPPA SIGMAS

The **Kappa Sig's** are using the main Homecoming theme as their theme, "All Eyes On The New FSU." A large tepee in front of the house with the flaps open shows new FSU buildings inside. A Seminole Indian peeks over the wall with eyes moving on the tepee and what's inside.

A flying saucer with Martians running around inside will decorate the **Lamba Chi** yard. The title is "Even Martian Eyes Are On You."

"Hang Down Your Head Tampa Spartans" is the caption for the **Phi Delts** house decorations. Music is playing as a Tampa Spartan hangs from a noose with a Seminole looking on.

An FSU missle is firing on the Tampa Spartan space ship in the **Pi Kappa Alpha's** yard. They are saying "Spartan Invasion Foiled."

PI KAPPA TAUS

You name what the **Pi Kappa Tau's** have in their front yard. A lot of modernistic shapes and spirals are used to carry out the theme "We Built It, You Name It."

The **Pi Kappa Phi's** are "Expecting A Victory" with their large stork in the yard from which is suspended a papoose complete with hatchet. Below him are some Spartans and behind the whole scene is a backdrop of a football stadium. The stork moves to let the Indian's hatchet swing at the Spartans.

The **SAE's** have a large Geni in their yard that is coming out of a lamp with his arms moving over a crystal ball. Eyes are scattered around the yard focused on the ball. The theme — A "Eyes On the New FSU."

The **Sigma Chi's** plan to "Skunk Tampa" with their large skunk in the yard. He's facing a Spartan player in a tree trunk while a Seminole Indian looks on and laughs.

SIGMA NU

Greek or Spartan ruins are across the **Sigma Nu** lawn. "Ruin The Spartans" is used on one of the platforms that has columns. The platforms are graduated in size to assimilate steps.

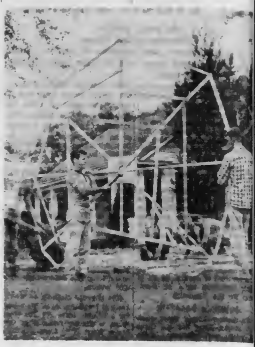
The **Sig Ep's** are cleaning up for their decorations. They have an enormous waste paper basket in the yard with two Seminoles throwing a Spartan into it. Eyes are spaced around the yard looking on. "All Eyes On The Clean-Up Committee For The New FSU" is the caption.

"Hav-A-Tampa, Nugent" is the theme for the **TEP's** house decorations. They have a big Seminole smoking a cigar with a small Spartan lighting it for him.

The **Theta Chi's** have a large tepee on their lawn with pawn shop bells on it and a big Indian outside. "Used Spartan Armor For Sale" is the sign above the door.

Flambeau Photo Warren Gerard

WHAT'S THIS GIRLS? Is it a ship or fish? Sorority girls and a lone male helper are busy completing one of the many exhibits that will decorate the campus this weekend.



Flambeau Photo Warren Gerard

FRATERNITY BOYS are shown here planning and constructing one of the many house decorations that will be judged this weekend.

Where Are Past Queens Now?

Beauty, yes, but friendliness is even more important in the opinion of at least six of the 10 who have served as Homecoming Queen at Florida State University.

Barbara J. (Pettit) Hansen, 1949 queen, gives this advice to the new queen, "Enjoy it! Savor every moment of a once-in-a-life-time experience." Barbara, who received her BS degree in home economics in 1952, is now the wife of Dr. Rik Hansen, resident in plastic surgery at Johns Hopkins Hospital, Baltimore. She has two boys, Chris, 3, and Allen, 10 months. She met her husband while she was interning in dietetics at the Massachusetts General Hospital in Boston where he was a medical student.

Jett (Monroe) Schmelz, 1950 queen, advises the queen to "try your best to be a good representative of the people who have given you this honor." Jett, an elementary education major from Tallahassee, met her husband Bob Schmelz, at FSU and they were married the summer after graduation in 1952. They now live in Ft. Lauderdale where Bob is a football coach. They have two children, Cathy 5, and David, 3.

In 1951 **Sara (Kennedy) Turner** was queen at FSU. She now lives in Pensacola and is married to Richard Hill Turner.

Marlies Gessler, the lovely Polish-born coed who broke FSU precedents in being voted Homecoming Queen as a freshman in 1952, and was featured on the cover of Life Magazine, obtained her AB degree with a major in art. She is now working in the fashion department of Burdine's in Miami.

Ana (Yates) Burst, queen in 1953 received her BS degree in art. For two years she lived in Garmish, Germany with her husband Tom Burst. They now live in Batesville, Ind., where her husband is with Hillerbrand industries. They have two children, Cathy, 1, and Tommy, 3 months.

Betty Willmon, queen in 1954, advises the new queen to "always represent the high standards of FSU women." She received her BA in arts and sciences in 1956 and returned to FSU and obtained her masters degree in education in 1958. She is now teaching school in her hometown, Quincy.

Margaret Ann (Ballinger) Miller, 1955 queen, advises the new queen, "Limit your activities to allow sufficient time for studies and personal life and keep your personal life personal." She is married to Clayton Miller, teaching the third grade in Jacksonville and has a son, Michael.

Layte Bowden tells all who dream to be queen to show a genuine interest in university activities and says that a "welcome smile on campus makes any fairly attractive girl seem even prettier in the eyes of her classmates." She received her BS degree in journalism last year and is now living in Arlington, Va. where she is working for the Department of the Army as secretary in the Pentagon. She was queen in 1956.

Lynn LaGrange, last year's queen, is a junior majoring in psychology. She plans to open a nursery school when she graduates. She is a member of Pi Beta Phi sorority, the Village Vamps, and has been in the Gymkana Court for three years.

Trophy On Display

The homecoming trophy to be awarded the 1958 Queen will be on display this week in the main lobby of Longmire.

The trophy is the work of Dr. George Frederick Holschuh of the FSU art department. This is the first year that the trophy has been an original work.

The trophy will be presented the 1958 Homecoming Queen Friday night at the Pow Wow.

Fashion Institute Holds Coffee For New Students

By CECELIA MARTIN
Flambeau Society Writer

The Student Fashion Institute will hold a coffee Wednesday, Nov. 5 from 7-9 p. m. in the lounge of the Home Economics Building.

All freshman and other students interested in merchandising, fashion promotion and illustration, fabric and fashion design or any phase of fashion are invited to attend.

A brief talk will be given by Martha Frazier, president, telling new members about the Institute and its activities.

The Institute is designed to provide a professional interest group for those interested in fashion and to assist the university as a whole. The club's slogan, "Fashion is my Business," typifies the beneficial information for the education and enjoyment of the group.

The student organization helps the Fashion Institute, its senior sponsoring group, with Fashion Day each spring. A program of discussion groups, speakers, and a luncheon brings outstanding members of the fashion world to the campus. Fashion Institute students design and model their own creations for the nationally-known designers, manufacturers, retailers, journalists, illustrators and other consultants present.

Officers of the group are Martha, president; Jerri Shearouse, vice-president; Susan Felberg, secretary; Dolores Lafferty, treasurer; Key Desmond, social chairman; and Ann O'Neal and Lee Cramer, program chairmen. The regular meetings are held the first Wednesday of every month from 7-9 in the lounge of the Home Economics Building.

Physical Ed Tea

Women's physical education majors are giving a tea in honor of their returning alumni immediately following the football game tomorrow afternoon in the Women's Gymnasium. All alumni are invited to attend.

Flambeau Hit Stands In 1915

The **Florida Flambeau** was originated in 1915 when this was published as the official newspaper for Florida State College for Women.

It first appeared when an FSCW student, Ruby Leach, was asked to be the college editor for the Tallahassee Democrat. The college officials felt there was a need for expression of student news and asked the students if they would like to publish their own paper.

The result, according to **Flambeau** files, was an "enthusiastic response."

The faculty chose the charter staff, and this staff subsequently sponsored a contest to name the new publication.

Mrs. L. A. Yates, the former Lucille Freeman, who was circulation manager of the paper at that time submitted the winning title.

She chose the name **Flambeau** because, "It represents the three primal ideas enumerated in the college seal with its three torches."

Among the other names submitted were "The Pine Knot," "Florida State Record," "The Weekly Flastacowo," and "Florida State College News."

It was not until the advent of male students on campus that the paper assumed its present semi-weekly form.

It now appears twice weekly, with one four-page edition and one six-pager.

Dorms' Decor "New"

By DIANA HOLROYD
Flambeau Society Writer

Dorm decorations for Homecoming this year seem to be bigger and better than ever before.

The girls of North Cawthon are enjoying TV right in their front yard. The eight foot set consists of a rollar run by a motor, with four FSU commercials appearing at intervals. One of the ads featured on the set is, of course, a take off on the famed Winston ad. Theirs read "FSU the new crush proof team." Another shows a picture of a Seminole with Westcott gate in one hand holding back the Spartans with the other hand. The slogan for this, "The New FSU Guards All."

A student is watching Sammy Seminole demolish a poor Spartan in front of Magnolia Hall. The movable wrecking crane seems to be doing a pretty good job in the capable hands of the Seminole. The caption for this theme "All eyes on the new FSU as it stamps the Spartans."

Most of Bryan Hall helped to construct their decoration of three dimensional cardboard. A Seminole Indian is emerging from a forest of real pine trees. He is hacking on the helmet with a hatchet of a fallen Spartan in front of a Greek building.

A twenty-three foot young Seminole in front of South Cawthon is holding up a new building on FSU's campus. Bent over father time is looking with old eyes at the growing young Seminole.

The ayes have it, at least for the girls of Landis Hall. The posters in front of their voting booth show the new things that FSU has strived for or attained in the past few years. Their theme, "All ayes on the new FSU."

Out of the past West Hall emerges with a gigantic wooden horse. It is similar to the one presented to the Trojans. FSU's Present to the Spartans is written on the side of this huge horse. Sammy Seminole will give the Spartan a surprise as he rises out of this movable horse with a raised hatchet.

"Sack'em Seminoles" is the theme for Jannie Murphree's decoration. They have in the background four large croker sacks with Spartan legs sticking from them. In the foreground FSU players have just sacked one more Spartan. Another player is poised ready to grab the next one.

The large baby of Gilchrist Hall shows its prowess as it is about to smash a Spartan with its foot.

Dated Outfits Presented To University

Costume outfits of the period from 1870 to the 1920's have been presented to the Florida State University School of Home Economics for its museum collection.

Mrs. B. H. Urschel, Safety Harbor, donated the 10 costumes.

Included are a paisley opera coat lined in red satin worn to a Jenny Lind concert in 1870; dark brown satin wedding dress, 1886; black velvet brocaded and beaded cloak, 1890, two-piece beige embroidered silk georgette garden party dress, 1886, and four dresses of the 1920's.

Mrs. Kim Greenough, Clearwater, Kappa Alpha Theta alumnae president, and Mrs. Milner A. Cummings, Belleair Estates, made the presentation.

They were guests at the Kappa Alpha Theta sorority house when sorority members modeled some of the outfits.

Flambeau Photo: Warren Gerard

Unitarian Newest Organization

By JIM COX
Flambeau Society Writer

Extending the "new FSU" theme into campus faiths, the Unitarian Chapel is newest established religious organization at Florida State University.

Beginning only a decade ago with approximately eight members, the organization has now grown to thirty-five members.

CHAPEL BUILT

The most notable change in Unitarians in this past ten years is the building of their beautiful new chapel, just completed this past summer, located on Wildwood Drive. The chapel, constructed in great proportion with clear glass, is one of the most modernly designed religious houses to be found anywhere in Florida.

The Chapel holds the 11 o'clock hour service on Sunday morning and has a youth discussion meeting each Sunday evening from 7 to 8 p.m.

Allan Thomson is faculty adviser and director and the acting president is Carole Hayes. They have issued a special invitation to all liberal youth who have no church affiliation to join them for Sunday services.

OTHER NEW GROUPS

Not only are the Unitarians the latest faith at FSU, there are others that have recently come upon the scene who have no building as yet. These are the Lutheran Student Association of the United Lutheran Church and the Congregational Fellowship group. Plans are under way by both these organizations for construction of religious houses in the near future.

Each of these newer organizations is just a part of the huge program to make the "new FSU" an even greater institution.

Women's F Club Decorates

This has been a busy week for Women's F Club as they have been decorating the queen's float and also preparing the fountain and the gate in front of Westcott for Homecoming. These duties have been this organization's for many years.

Decorating the gate, fountain and queen's float are only one of the many duties of F Club which is a women's athletic honorary.

During the year the F Club has such projects as an annual Christmas party for underprivileged children. This year the club is giving a party for the crippled children from the Tallahassee Easter Seal Clinic.

Last year F Club sent underprivileged children to camp. Projects like these keep the club busy throughout the year. The club is also available to serve the university at all times.

Women's F Club is composed of girls who have met the requirements of F Club membership by making two All Star teams and showing good sportsmanship, teamwork, and skill. Its purpose is to promote a friendly competitive spirit, promote intramurals and give service to the university.

SHOWN HERE ARE MEMBERS OF WOMEN'S F CLUB putting the finishing touches on the Homecoming Queen's float that will carry last year's queen and the five finalists for this year.

Campus Church Schedule

BAPTIST STUDENT UNION

Saturday, 6 P.M. Combination barbecue and hayride at Quincy. Program to feature Barbara Bevis and Jim Baird. Meet at the house.

Sunday, 8:30 P.M. "Football Follow-up" Party, especially for Chorale members and college students, with Terrie Jones, captain of the team. First Baptist Church recreation center. Something you can't afford to miss!

Monday - Thursday, 7:15-8:10 P.M. Training Union Officers Clinic at First Baptist Church, with directors from the state Training Union Department.

November 6, 6 P.M. Greater BSU Council meets at the House.

November 11. Reservations close for BSU trip to Gainesville November 22. The Florida BSU will have us as guests for dinner following the game. Round trip—$4.50. Sign up now!

ST. STEPHENS LUTHERAN STUDENT ASSOCIATION

Sunday, 7:30 P.M. Students meet in the trophy room at the Student Center. All invited to a most unusual program.

WESLEY FOUNDATION

Tonight. Open House immediately after the Pow Wow, also after the game tomorrow.

Sunday, 6:10 P.M. Fellowship Supper, with Forum Hour following at 6:15. Stanlay Birch is speaking on "What is Prayer?" at 7:15 Vespers.

WESTMINSTER FELLOWSHIP

Sunday, 6 P.M. Supper at the Presbyterian Church, to be followed by a program directed by Carolyn Stowe Douglas, missionary from Brazil and former FSU student.

Tuesday, 6:35 P.M. Weekly devotional period at the Westminster House.

Thursday, 6:35 P.M. Theology Hour discussion follows supper, with Rev. Mr. Thomas leading.

GAMMA DELTA LUTHERAN

Sunday, 7:30 P.M. The dynamic film, "Martin Luther," will be presented at the Epiphany Lutheran Church. This film will replace the regular Sunday evening supper and fellowship for a special Reformation Sunday program. Rides will be furnished in front of South Cawthon at 7 p.m.

Phi Delta Kappa

Fifty members of Phi Delta Kappa professional educators' fraternity attended the district seven biennial conference at Florida State University.

The conference was sponsored by Gamma Theta chapter at FSU. Maynard Bemis, executive secretary of Phi Delta Kappa gave the principal address.

Opportunity for Co-Ed Demonstrate the Biloxi Belle Hoop Petticoat, the petticoat that is collapsible for easy storage and that every girl who wears formals wants. No investment, the sample garment is free. Write Roth Inabinet, 1117 West Howard Avenue, Biloxi, Mississippi

Campus Identity Lost By Student's Ingenuity

Each year when Homecoming arrives, the campus of Florida State University loses its identity as such. The place looks more like a multi-ring circus.

This can be attributed to the imaginations and ingenuity and talent of hundreds of busy people who spend days in advance of the weekend, decorating their places of residence to carry out the Homecoming flavor.

Prizes are awarded annually at Pow-Wow for the most outstanding of the decorations.

Jennie Murphree, West Hall, Zeta Tau Alpha, Pi Kappa Alpha, and the Methodist Student Union took first places in Homecoming decorations last year when the Seminoles opposed the Virginia Polytechnic Institute Gobblers.

In the Women's Residence division, North Cawthon placed second, after Jennie's turkey dinner display, with their display "Vaporize VPI."

Magnolia Hall came in second in the Men's Residence division, with their display powered by a Volkswagen engine. West Hall's display was cold turkey leftovers in a Nugentaire.

Placing after ZTA's "Duck 'Em" display in the sorority division, Alpha Delta Pi came in second with their "Skunk 'Em" display.

Kappa Delta placed third with their display titled "If the Flu Doesn't Get You, the Seminoles Will."

Last year's Homecoming occurred at the height of the Asiatic flu epidemic.

In the fraternity division, Pi Kappa Alpha won first place for the third consecutive year with their guided missile display titled "Target VPI."

Pi Kappa Phi's television set display, "Everybody—but Everybody—Watches the Seminoles," placed second and Sigma Alpha Epsilon came in third with their display titled "Seminoles Railroad VPI."

The Methodist Student Union won first place in the independent division with their "Know Your Penalties" display.

"HELL, DAHLINGS"

Dick Puckett and Eddie Franklin took second place with their eight-foot Tallulah Bankhead saying "Hell, Dahlings, Every Day's Homecoming Here."

The year before, when FSU faced Wake Forest, Magnolia Hall placed first and West Hall second. Florida Hall came in first in the Women's Residence division, followed by Broward and Landis. Pi Kappa Alpha was first in fraternities and Pi Beta Phi in sororities.

The Baptist Student Union was first with the independents, followed by Day Students and the Newman House.

Music School Plans Slate

The School of Music has planned a series of three programs for the week of November 9th through 14th.

Phi Mu Alpha Sinfonia, men's music honorary on campus, presents its first monthly Coffee Concert in Longmire Lounge, Sunday. This is a continuation of the chamber music concerts which were "highly successful last year," according to Sinfonian President Mike Hipps.

The following Tuesday evening in Opperman Music Hall, Sinfonia will sponsor its annual Campus Composers Concert. The CCC will feature works by students and faculty composers here at FSU.

Culminating the week of musical activities will be two performances of Verdi's opera "Rigoletto." An essentially faculty cast will be supported by students.

The operatic tragedy of a court jester will be sung in English Friday and Saturday nights in Westcott Auditorium.

NYU Professor To Lecture Here

An illustrated lecture on "Ancient Ghost Towns of the Desert" will open a series to be sponsored by the Tallahassee Society, Archaeological Institute of America.

Dr. Philip Mayerson, New York University, will give the lecture at 8 p.m. Friday in the Florida State University library lecture hall.

Other speakers for the 1958-59 season will be ex-Governor Millard F. Caldwell, Dr. George E. Mylonas of Washington University, Dr. Kathleen Kenyon, director of the British School of Archaeology, Jerusalem; Dr. Francis R. Walton and William Donovan, FSU Department of Classics.

Dates of other lectures will be announced later. The speech is open to the public.

Bius New Sponsor Of Garnet Key

Dr. Ann Bius has been tapped as sponsor of Garnet Key, Florida State University women's leadership and service honorary.

Dr. Bius, a professor of Home Economics Education, will serve as the official sponsor throughout the coming year, attending meetings and other Garnet Key functions.

An honorary member will be announced Friday night at the Gold and Garnet Key banquet. The honorary member is chosen each year from the FSU faculty.

Ed Building To Hold Open House

Between the President's reception and Barbeque, the Education building will hold open house.

Everyone is invited for coffee and a tour of the building conducted by student members of the Florida Education Association.

State's First Lady To Attend Frolics

By EVAN BERGMAN
Flambeau Staff Writer

The sign across the main gate that bears the words "Wcleome Alums" welcomes many distinguished people back to FSU for the Homecoming festivities this year.

Among them will be tne first lady of Florida, Mrs. LeRoy Collins

Mary Call Darby Collins graduated from Florida State College for Women in 1933, just one year following her marriage to a young struggling lawyer

Raised in Tallahassee, Mrs. Collins has been associated with FSU since her days in kindergarten.

As a child she attended the kindergarten on campus and the University School until eighth grade. Then on to Leon High School and back to the campus at the top of the hill for her final four years of education.

An education major and a member of Alpha Delta Pi sorority, Mrs. Collins plans to try to attend both of the open house parties planned by these two groups for Saturday.

Accompanied by the Governor and perhaps two of their children, she is looking forward to attending as many of the Homecoming events that she can fit into their already ousy schedule.

They will attend the Parade, Pow-Wow, the Alumni Banquet, and the game

CROWD AT MANSION

"I don't think any game will as exciting as the Tennessee game, but we are looking forward to the Tampa game this weekend. The spirit for the Tennessee game was so wonderful," Mrs. Collins said, as she spoke of the crowd of students that congregated on the Mansion lawn after the game

"I thought the radio was on loud when I heard the voices out front. I was so surprised when I saw Roy up on the shoulders of the students!" she recalled

As wife of the governor, Mrs Collins says that her life is a little bit busier than most of the average woman

Of her children, she says that like all other children, "they can keep you just as busy as you let them "

Flambeau Photo [illegible]
FLORIDA'S FIRST LADY—MRS. LeROY COLLINS

Throw Lovers In Cactus . . .

(Continued From Page 2)
opinions on the subject. Senate plans to circulate a petition because they want water in the fountain, not posies So do I.

Besides being a pretty landmark the pool comes in handy on many occasions. Its transformation would cause multitudinous reprecussions.

In the first place, where would young lovers go to celebrate joyous occasions like pinnings, if the pool were done away with?

Can you imagine what it would be like to float around in a sea of thorny bushes with wilted roses, instead of the usual gold-fish?

Case two: what would become of the little exhibitions of jubilation that follow student body presidential elections? And where would the freshmen pitch the sophomore class president on the day the Rats lose their caps?

Case three: it would really look pretty silly, wouldn't it? A pool doesn't travel very well in the disguise of a geranium filled window-box It would look lop-sided as all get-out.

Case four: the transformation might lead to unhealthy precedents. For example:

Someone might decide to transform drafty old Westcott Building into a museum. Or to convert Bryan Hall back to its original status -- a fort to ward off marauding Yankees. Or to turn Landis Green into a king-sized black-topped parking lot.

All sorts of changes -- some good, some bad -- might be made with the precedent set by the demise of the pool and advent of the petunia-patch.

So you see, Honored Alumni, that the pool into which you were once gracelessly plunged is in danger of becoming only a legend.

And none of us want to see this happen.

Perhaps you now have teenage children who may someday come to Florida State. If you are now forbidding them to go steady, perhaps you'd best forbid them to get pinned when they come here to college.

Because a trip into Westcott Pool, after it's been filled with cactus-plants, could cause all manner of hospital bills.

Flambeau Photos Don Scott
TWO ALUMNI TAKE TIME OUT TO REMEMBER—Mr. and Mrs. Michael J. Beaudoin take time from their busy life to visit their Alma Mater, Florida State University and to orientate their children with the campus. He is a grauate of the Class of 1950 and Mrs. Beaudoin is a graduate of the Class of 1941.

Progress Moving At Rapid Pace

Florida State University's progress within the last hundred years has been moving ahead at a rapid pace. FSU has come a long way since its days as the Florida Institute of Tallahassee

The present FSU was originated in 1851 when the legislature established two seminaries of higher learning, one west and one east of the Suwannee River.

Six years later, negotiations were completed for transfer of the physical property of Florida Institute in Tallahassee to Seminary West of Suwannee and the seminary was started that year

In the year 1887 J. D. Westcott Jr., made the West Florida Seminary his residuary legatee. Immediately after this, Col. George M. Edgar organized the Seminary on a collegiate basis.

MURPHREE PREXY

Dr. A A Murphree was inaugurated as president of West Florida Seminary.

The following year, the seminary offered students preliminary and high school courses, and three distinct college courses: classical, literary and scientific

In 1901 the seminary name was changed to Florida State College. By then it had four departments: the college, school for teachers, school of music, and the college academy This was also the first year that the power to grant an MA was granted

The legislature passed the Buckman Act in 1905, consolidating all state-supported schools for white students in University of Florida for men at Gainesville and Florida Female College at Tallahassee.

Three years later the name was again changed, this time to Florida State College for Women, under the term of President Edward Conradi

FSCW RECOGNIZED

The college was admitted to the Southern Association of Colleges and Secondary Schools in 1915, and was placed on approved list of American Association of Universities in 1924

The School of Music was admitted to the National Association of Schools of Music in 1930

Dr Doak S. Campbell became president in 1941.

In 1947, the legislature made the school the co-educational Florida State University. It was in 1951 that the first co-educational class graduated from FSU.

Dr Campbell retired as president on June 30, 1957, and Dr Robert M. Strozier was named president. Dr. Strozier assumed his new duties on September 3, 1957.

Kuder Examination Set Wednesday

FSU students who have questions regarding their choice of vocation or who are undecided about their majors may find it helpful to take the Kuder Preference Record, scheduled by the Office of Vocational Counseling for Wednesday, November 5, at 7:30 p.m. in room 105 Graduate School Building.

This is an interest inventory devised to help students in clarifying their own objectives Following the test, appointments may be made for interpretation and discussion of interest patterns indicated by the scores of each student.

Although this is not an abilities test, other testing may be arranged by appointment when need is indicated and students wish additional assistance of this nature. There is no charge for this service.

Intrested students should register for the November 5 administration of the Kuder on the bulletin board outside 302 Westcott.

Beskind Takes Second Place

Sandi Beskind, accompanied by Dick Mitchell, placed second in a state-wide college talent contest early this week in Miami.

Miss Beskind competed against talent from the University of Miami and University of Florida.

On the first night of competition, Miss Beskind sang "Just One of Those Things and "Cry Me a River," and on the second night, "Love Me or Leave Me" and "When Your Lover Is Gone."

"I was really proud to bring home a trophy for FSU," the singer said. "I thought that this was the most important thing of all. The competition was really felt and the rivalry between the school was felt even more.

"Besides the trophy, I got bookings for all next summer. (Miss Beskind is from Miami) This contest was the first and will be an annual event from now on."

Raymond Liebau and Jack Ryder were also in the contest, Liebau as a pianist and Ryder as a pantomimist.

All three contestants flew down to Miami and back, nonstop.

Doug Smith and His Rockinaires from the University of Florida placed first.

IT PAYS TO REGISTER THEM EARLY—Here Beaudoin registers young Mark Andrew [illegible] months, for the Class of 1975. Charles Walker, Florida State University Registrar, accepts Mar[illegible] application.

Alumnus Right At Home

Tallahassee Democrat City Editor Michael Beaudoin is one alumnus who is right at hom[e at] the Florida State University Homecoming.

A graduate of the class of '50 with a BS in journalism, Beaudoin presently lives at 2013 Magnolia Drive with his wife, Mary Evelyn, and four children, Mary Ann, Mike Jr., Martha Jean and Mark Andrew

Mrs. Beaudoin, the former Mary Evelyn Wooten, graduated from FSCW in 1941 with a BS in education

The two alumni met when the now city editor was a pilot instructor at Dale Mabry Field during World War II. Prior to instructing fliers in Tallahassee, Beaudoin was stationed in North Africa as a fighter pilot [illegible] Air Force.

After the war ended the [illegible] lly moved to St. Augustine [illegible] doin's home town, for on[illegible] then returned to Tallahass[ee]

Beginning his first ne[illegible] experience as a stud[illegible] FSU Journalism School, B[illegible] went into the journal[illegible] sion "just because I lik[illegible]

During his years at [illegible] alumnus served as a repo[illegible] the Democrat, a corre[illegible] for the International New[illegible] ice and the St. Petersburg [illegible] and as a columnist and a[illegible] editor of the Flambeau.

Employed as a perm[illegible] porter three months be[illegible] uation, the city editor of [illegible] hassee's only daily newspape[illegible] been at his desk for fiv[illegible] His main job is to keep th[illegible] ple he deals with happy

"There are those who w[illegible] keep their names out of [illegible] paper and then there ar[illegible] who want to get their name[illegible] Beaudoin sums up his pr[illegible] as a city editor

The main problem FSU [illegible] when Beaudoin attended [illegible] co-ed one: the men were [illegible] bered by the women at [illegible]

ONCE A FLAMBOYANT—ALWAYS A FLAMBOYANT—Sitting in his old desk in the Flambeau office, Beaudoin shows (left to right), Mary Ann, 7, Martha Jean, 4, and Mark, 11 months, some of his duties as a former Associate Editor of the Flambeau.

[...]les In Charge

[...]Gym' Spectacle [...]Starts Ninth Year

By DEANNA MORRIS
Flambeau Staff Writer

[...]Highlighting the fall's line-up of activities, the Flori[...] State University Gymkana will open its ninth season [...] the spotlight this year, under the direction of Dr. [...]ley Price.

[...] present, Dr. Price, one of [...] most outstanding gymnastics [...] in the country, is in [...], India, on a Fulbright [...] His job is to organize a [...]astic program for Indian [...] students.

[...] absence, Jack Miles [...] gymnastics instructor, is [...]ring the annual gym ex[...]ganza to be called "Arabian [...]. The show, starring some [...] nation's top gymnasts, will [...] Nov. 12 at the Men's Gym. [...]trary to former years, the [...] will play for four nights [...] of the usual six.

"CLOWN PRINCE"

[...] 1948 for financial reasons, [...] Prince of the Trampo[...] the first gym extrava[...] was produced. Since then, [...] annual gymkana shows have [...] a big part in the team's [...]

[...]mnastics mix with colorful [...] and clown acts in the annual shows, and co-eds lend freshness to the straight gymnastic acts.

Gymkana means gymnastics and showmanship, both of which are displayed remarkably well during the year as the Gymkana show performs here on campus and on engagements throughout the south.

The Tallahassee Tumbling Tots will also be present this year. This group of elementary school gymnasts has so increased in size since it was originated in 1949, that present enrollment is limited to those with true gymnastic ability.

TUMBLING TOTS

The Tots were organized by Dr. Price because he believes that it is better to build up a background and interest in young students in order to be able to develop true ability in the college gymnast.

THE GYMKANA CHORUS is pictured above practicing one of their numbers in the fartbcoming "Arabian Daze" which will be held in the men's gym, now known as Tolly Gym, on November 12-14.

1908 Class Members Return For Reunion

By FRED BURRALL
Flambeau Staff Writer

Members of the '08 class will return to their Alma Mater this week-end for the first reunion of the class since 1952, according to Miss Rema Ratcliff, administrative assistant of the Alumni Association.

The graduates of half a century ago will be guests of the association and will have all expenses paid during the Homecoming weekend at Florida State.

The '08 class president, Mrs Johnnie Rutland Smith, will be coming from Bloomington, Ind. to again lead her class

Mrs Helen Hunt West, a practicing attorney in Jacksonville and founder of Kappa Alpha Psi, which later became part of the Delta Delta Delta national sorority, is also expected to attend the festivities

Other '08 graduates who will attend are: Mrs. Alice Parlin Hodges, Appalachicola; Mrs Lila Bryan Walker, Tallahassee, and Mrs Fenton Davis Avant, also of Tallahassee.

Their week-end starts with registration in Longmira Building today from 9 a.m. to 9 p.m., during which they'll meet old classmates and be served coffee.

The honored class of '08 will also participate in the parade at three this afternoon.

After the parade they'll be treated to the Homecoming Banquet and will be addressed by President Robert M. Strozier, Governor LeRoy Collins will also be on hand to welcome the guests.

Pow-Wow at 8:30 will be followed by general open house, which will enable the '08 graduates of Florida State College for Women to visit their sororities

Saturday starts off bright and early with the Alumni Breakfast at 8 a.m., immediately followed by a business meeting

President Strozier has invited the '08 class, as well as all other returning alumni, to Open House in bis home at 1030 W. Tennessee from 10 to 11 a.m. Dedication of the Men's Gym and a barbeque there follows at 11:15.

The Homecoming weekend concludes with the Tampa-FSU game at 2:30 and the formal dance at the Men's Gym at nine.

Members of the '08 class who won't be able to attend the reunion this year are Mrs. Irita Bradford Van Doren, Miss Elizabeth Pugb, Miss Ethel Crawford, Miss Carrie Dean, Mrs. Mattie Forester Dorsey, Miss Shirley Long, Mrs. Mabel Williams Benton, and Miss Mary Reynolds

Two graduates of the class, Miss Sallie Shannon and Miss Ruth Teynolds, are since deceased.

In addition to the class of 08 1800 guests are expected to attend Homecoming weekend at Florida State, including Mrs Mary Call Collins, '33, wife of Florida governor.

'Mood' Exhibit Opens Today

Opening today is the unusual "Mood" museum exhibit by the Anthropology Department.

The "Mood" exhibit is created to give each person a different reaction. "What a person feels while viewing the exhibit will be based on past experiences," said Dr. Hale G. Smith, head of the Anthropology Department.

Located on the second floor of the Seminole Club, the museum will be open week days from 9 a.m. to 4:30 p.m.; Saturdays, 9 a.m. to 12 p.m., and Sundays, 1 to 4 p.m.

"Mood," built around contrasts and decisions, will feature sections of wet and dark, dry and light, air and fluid, with sprinklings of decisions and oddities that demand reactions of the participant.

The exhibit is divided into two main rooms. Going down into a dark, wet mangrove thicket, one will hear and see running water, but attention, perhaps, will be caught by the light play on a coffee pot atop a barber pole or a red mailbox in a pool.

The next room, connected by an alcove, is light and dry, having an upward flow. The floor will be covered with vermiculite, a sparkling substance, but there will be a walk-way of geometrical figures.

Again, lights will play on peculiar objects. At the far end of this room is a hopscotch. Whether to play or not is the question

The anthropology museum, which is basically experimental, is used as a laboratory. Techniques, such as colored lighting, are experimented with in hopes of expanding the field of museum exhibition economically.

By FSU Authors

Library To Honor Alumni With Special Book Display

Honoring Alumni of Florida State University, the Library has on display in the special reading room show cases, collections of books authored by FSU Alumni.

Authors include: Cora Cheney, Edna Hoffman Evans, Edith Taylor Pope, Vinnie Williams, Rubylea Hall, Norma A. Davis and Mary Bethell Alfriend.

Interesting is the fact that several of these authors have written books with Florida settings, some around Tallahassee, children's stories and mysteries.

Cora Cheney, wife of naval Commander B. W. Partridge, writes children's mystery novels, several of which have Florida locales. Mrs. Cheney, whose stories are usually based on personal experiences, reads her stories first to her own children for criticism and advice.

LOCAL SETTINGS

Her works include, "The Rocking Chair Buck," set in the turpentine area around Tallahassee; "Key of Gold," with Pidgeon Key near Key West as setting; "Fortune Hill," a plantation near Tallahassee setting; "Skeleton Cave," a mystery of an old Indian cave and an unexpected reward; and "Plantation Doll," a mystery developing when an old Preneh doll, lost long ago, is found.

Edna Hoffman Evans, who teaches in the English department at Phoenix College, Arizona, has been photograph editor of "Nature Magazine" since 1946 Her works include, "Bob Vincent, Veterinarian;" "Sunstar and Pepper," and "Bill and the Bird Bander."

SENATORS WIFE

Edith Taylor Pope, wife of Senator Verle Pope, presently lives in St. Augustine. Mrs. Pope, who produced a best-seller, "Colcorton," while still in college, writes children's stories and poetry, plus novels

She spent seven years working on her latest novel, "River in the Wind," a story of Florida during the Seminole Wars.

She writes in longhand because she "can't think on a typewriter." Other works include, "Half Holiday," "Old Lady Esteroy;" "Biggest Chameleon;" "Black Lagoon and Other Verse," and "Not Magnolia."

"Fruit Tramp," by Vinnie Williams, centers around Lake Okeechobee. Miss Williams, once news editor of the **Florida Flambeau**, writes of a young, migrant, fruit worker torn between loyalty to his foster father and love for a young girl.

Miss Williams dedicated her book to FSU professor Earl L. Vance with the inscription, "who roused, who nobly urged, who subtly taught."

VARIED WORKS

Rubylea Hall, who has taught school, picked cotton, raised bogs, sold real estate, been a smalltown reporter and brought up a family, has produced three novels all with Florida settings

"The Great Tide" centers on the Florida west coast a century ago. "Davey" tells of a boy growing up in the Florida woods. "Flamingo Prince" concerns Osceola in his youth.

Norma A. Davis, founder of the Kappa Alpha Theta chapter at FSU, has compiled an unusual cookbook called 'Trade Winds Cookery." The book has 40 recipies for grapefruit, 50 for bananas, 70 for avocado, and 150 for pineapple, limes and oranges.

It also includes tropical recipes for complete meals, plus rearrangements of old standards

Prefacing each chapter, Mrs Davis puts bits of poetry such as "bananas are older than the human race—known as muse of the wise men;" and "coconut, like a pig, can be used in its entirety."

Mary Bethell Alfriend, wife of Reverend Jeffery Alfriend, Rector of St John's Episcopal Church of Tallahassee, has two books on display: "Juan Ortiz, Gentleman of Seville," and "San Luis of Apalache"

Mrs. Alfriend is a former member of the FSU English department.

JIM APTHORP

Top Student Officers Pleased By Progress

By PAT SENN
and
GEORGIANA FRY
Flambeau Staff Writers

Top student body officers are pleased with the progress being made by the Florida State University Student Body Government this year

But individually, they are spending up to 35 hours per week to assure continued progress.

ART MOORE

Student Body President Art Moore spends the majority of his time expanding many of the government's standing programs (that is, Speakers' Bureau, Travel Service, etc.) and recruiting capable workers.

Moore believes, "If we (the student body officers) continue at the same rate we have had during the past two months and get continued support from the administration on our programs, we will produce a New Day in student government"

A senior in public administration Moore plans to study law at Gainesville next year. Presently he is a member of Gold Key and Sigma Chi fraternity

A senator in his freshman and sophomore years, be served as attorney general and on the president's cabinet last year

Moore was the 1957-58 president of the Southern Universities Student Government Association and presently is serving as president of the Young Democrats.

MATTOX HAIR

Vice President Mattox Hair has noticed "more desire in this year's senators' willingness to work"

Assisting the president and presiding over the Senate and its committees takes well over 10 hours per week of his time, but Hair points with pride to the reopening of the FSU library on Sunday nights as a sign of Senate's progress this year.

Majoring in public administration, Hair is a junior from Live Oak He is serving on the student-faculty Student Union Committee and a member of Kappa Alpha fraternity.

Formerly president of his freshman class, Hair served as a sopbomore class senator last year.

ADA LEIGH WALL

Women who bave any problems at all should take them to Women's Senate, as the 20 Senators are willing and prepared to help solve them, points out Ada Leigh Wall vice president

Miss Wall's job as "veep" is threefold: to preside over women's senate, to help coordinate women's activities, and to serve as an advisor concerning co-ed problems.

An English major from Jacksonville, Miss Wall is a member of Garnet Key and Mortar Board. Last year the women's vice president was awarded the Mortar Board scholarship award for having the highest women's average in her class.

Future plans for Miss Wall include marrying former men's vice president Jim Soles ('56) on August 1.

JIM APTHORP

Jim Apthorp, vice president of Men's Senate, has one plan for the senate this year: either to organize the Senate and find work for the men Senators, or to abolish it

"Right now Men's Senate really lack responsibility and is almost non-functional," Apthorp claims.

The vice-president feels that if the senate is abolished, men's affairs should come under a standing committee in the student senate

A junior from Tallahassee majoring in public administration, Apthorp was tapped Tuesday for Gold Key. He is a member of SAE fraternity and presently serving on the student - faculty Traffic Committee

Upon graduating in '60, Apthorp plans to go to law school at the University of Florida.

SN (4-1) meets PDI (5-1).

The two top teams in each league will meet in a single elimination tournament following regular season play to decide the Fraternity winner.

The Playboys and the Psychology Club both remain undefeated in Dorm-Independent basketball They will meet next Wednesday

In last Tuesday's action in basketball, SAE beat PKT, 71-37 while LCA upset KA, 42-37. ATO topped PKP, 42-37 and DTD beat PKA, 67-54. SN edged past TC, 51-49 while PDT topped KS, 49-31.

In Dorm-Independent basketball action, Psychology rolled to its sixth win by dumping Wesley, 46-35. The Playboys also picked up their sixth win by sweeping past the Majors, 59-26

Magnolia whipped the Vets, 44-32. Senior Hall beat Newman, 39-31 while CLO notched its first win by topping Penthouse, 43-34

Building Begun For Accelerators

By PAT GUTHRIE
Flambeau Staff Writer

Work has begun on the vaults which will house FSU's two nuclear accelerators scheduled to arrive next year. The vaults are only part of the nuclear research center for which the 1957 Legislature appropriated $742,000.

Completion of the center was set or 1960; however, funds for the connecting wing which will house the control panels, totaling $578,000, were recently frozen by the Budget Commission.

The Board of Control meeting today is expected to formulate a request for funds, which are absolutely necessary to complete critical work on the center, University Business Manager R. K. Shaw said. The request would be presented to the Cabinet when they meet Tuesday.

An architectural study has been made to determine the cost of minimum construction of the wing which was to be two stories high.

HERE SOON

The expected delivery date of the smaller accelerator, a three-million electron volt Van de Graaff costing $132,590, is January, 1959, with the 10 MEV machine following in August, according to Jack Eichinger, coordinator of the FSU Nuclear Science Program.

The 10 MEV accelerator will be the second of its kind to go into operation in the country and will cost nearly one million dollars.

The decision to obtain the high-powered atomic machinery grew out of a demand to expand the research that has been under way at FSU for several years.

Considerable impetus was given the expansion program in 1955 when the Southern Governors' Conference appointed the Southern Regional Education Board to formulate a plan of action which would boost atomic energy development in the region and the individual Southern states

BASIC RESEARCH

The Florida Nuclear Development Commission, created by Governor LeRoy Collins after the Conference to give leadership and integration to the State's activities in the nuclear energy field, designated to FSU the responsibility of basic research.

The steering committee of the FSU Nuclear Science Program in 1955 envisioned the Nuclear Research Laboratory as being the first unit in a new science center.

Appropriations have already been made for a new Math-Meteorology Building which will be located between the Geology Building and the Nuclear Laboratory, according to Business Manager Shaw

Next on the list is a new Physics Building Funds for it will be requested of the next legislature

Shaw says the new science center will eventually include a new Chemistry Building As such there is hopes that the center may be completed in four to six years. When other science departments on campus outgrow their present facilities, they will of course be moved to the new center, Shaw pointed out.

MORE EXPANSION

The Engineering Science Department is a candidate for expansion. The two-year program, offered for several years, was extended to three this year and will become a four year course next year.

Possibly the most important step in FSU's taking the lead in nuclear research is the present acquisition of the two accelerators.

The 10 MEV tandem style accelerator, which has yet to be used for research (the original one is presently under construction in Chalk River, Canada), employs a new method of changing the charge on the particle during acceleration, making it possible to double the energy of the accelerated particle and thus for the first time probe the nuclei of elements heavier than calcium

NEED KNOWLEDGE

Dr Eichinger says it is impossible to know what practical applications can be derived from research with such a machine. He points out the importance of increasing our store of knowledge, rapidly becoming exhausted, on which practical applications are based.

Some application may be done with the 3 MEV accelerator, weighing about seven tons, by the Food and Nutrition Department, relative to the elimination of objectionable tastes in foods preserved by radiation.

Five departments are scheduled to use the accelerators to carry on research They are Physics with ten men assigned to specific projects; Chemistry with six; Biological Sciences, four; Geology, two; and Food and Nutrition one

JOHNSON IN CHARGE

Dr. Russell Johnsen of the Chemistry Department is senior scientist in charge of the 3 MEV machine and Dr. Alex E. S Green of the Physics Department, who has returned after a year's leave doing research at the Los Alamos Scientific Laboratory in New Mexico, will operate the tandem machine.

Operational expenses necessarily high, should be taken care of by research contracts with outside agencies according to Dr Werner Baum, Dean of the Graduate School and Chairman of the FSU Nuclear Science Program.

A quarter million dollar contract has aleady been made with the Air Force Baum says more offers are expected once the accelerators go into operation, from such agencies as the Atomic Energy Commission which has had contractual relations with three FSU science departments.

WORK UNDER WAY

The smaller atom smasher is now being completed by the High Voltage Engineering Corporation in Burlington, Massachusetts The same factory will build the tandem accelerator.

Kenneth Chellis, newly-hired technician of the FSU Nuclear Science Program, has just returned from a month's stay in Burlington learning engineering details concerning installment.

FSU already has some special equipment on hand. They are an IBM 650 electronic diginal computer, a Gerholm double lens coincidence spectrometer, which arrived from Sweden and is one of only two such machines in the country, a nuclear magnetic resonance spectrometer, and a liquid air machine.

An electronics shop, glass-blowing shop and machine shop are presently being maintained in the Science Building and will be moved to the Nuclear Laboratory upon its completion

A radiological safety program is also in operation with a full time health psysicist, James E. Hyder, in charge. The concrete walls of the vaults housing the accelerators will be 5 feet thick and the vaults themselves will be four feet underground.

Becoming More Lenient

Perennial Gripe Continues Concerning Women's Rules

By PAT SENN
and
HERB SCHMUCK
Flambeau Staff Writers

There's a perennial gripe around campus about the over-abundance of women's regula[tions]. Yet, for what it's worth, rules today are much more lenient than those of previous years

If you doubt this, walk up to one of the visiting alumnae and ask her about the old Fl[orida] State College for Women social rules.

The 1908 Class of the Florida Female College (social pressure forced the Legislature to re-dub the school FSCW one year later) is being honored by the Alumni Association this weekend. Here are a few of the items these alumnae were forbidden to do during their four years at the college:

1 To receive gentlemen callers. Exception: one a month for juniors and seniors

2. To attend card parties or dances.

3. To attend theatres or other shows without special permission

In addition, students weren't allowed to visit in town on Sundays, or go to the train depot, or the hotel, or attend any entertainments in town, or receive calls from men without previous permission from college authorities

Church attendance was compulsory

LEGALIZED DANCING

By 1920, a movement was established to improve some of the "more outdated" rules So what happened? Why, dancing was legalized, of course

But the women weren't allowed to dance with men.

During the '20s while terms such as "light flash," "shipped," and "extras" were quite the vogue, dating was formally acknowledged by the college authorities.

Dating, however, was defined as sitting and talking with a gentleman caller in one of two areas on campus -- the parlor of Bryan Hall or the "sunken garden" in front of Bryan Hall.

The "light flash" is still in existence today, but there's a different connotation. Nowadays, the flicker of the front-door dorm light signals the curfew at 12:30 on weekends, and during the week, 11 p.m for upperclass women and 10:30 for freshmen.

The lights flashed for FSCW ladies at 10:15 weekends and 10 p.m. weekdays. The outside gates were locked at 10:30 p.m -- and the sidewalks were rolled up for the night.

SMOKE? NEVER!

The term "shipped" came hand in hand with the most unladylike thing one could do -- smoke cigarettes.

Naturally, some of the more daring soon set out to defy this new social taboo and smoking soon became a "shipping" offense. The penalty was tabbed "shipping" since being caught meant shipment home.

"Extras," dates beyond the normal amount allotted, were the privilege of upperclass women. For her last year in college, a senior could have up to twelve "extras," assuring one last mad social whirl.

Time passed and the social regulations became a little more liberal. By 1927, FSCW'ers could dance with men — provided that it was not done on the campus or in Tallahassee.

The big change-over came around 1930 Dancing was allowed on campus, if special permission was granted by the administration Smoking was finally tolerated, with the stipulation that it must not be done in public

BOOZE? HORRORS!

1930 also saw the initiation of a new rule It went like this: "A student shall not drink intoxicating liquor of any kind while under the jurisdiction of the Florida State College for Women." (Prohibition was still in effect, yet.)

As the year 1940 showed itself on the calendar, women's rules at FSCW had just about degenerated into what they are today at FSU

But in May of 1947, the twilight of FSCW was fading rapidly and the era of Florida State University was rising in its place as something really new was added —MEN.

Now, most coeds seem to a[gree] that FSU is a change from FS[CW] simply by virtue of the fact [that] men have been added How[ever,] these same women also as[k the] question: "Why are we st[ill sub]ject to so many of the antiqua[ted] rules that governed FSCW?"

Some of our 1958 rules st[ill re]tain the familiar ring of th[ose] days:

1. Students are not perm[itted] to visit in the apartments [or] rooms of men.

2. Students may visit onl[y par]ents or mature near relative[s in] hotels.

3 All students except se[niors] must register all off-cam[pus] activities which start after or [ex]tend later than 7 30 p.m

Who is to say whether or [not] the women of FSU are exa[gge]rating their feelings toward [the] emphasis put on the forma[lity of] their conduct?

You'll have to admit one [thing,] coeds—things aren't as ba[d as] they were in '08.

NEW SHOW At Museum (Story Page 4)

Just A Memory Now

FLORIDA STATE UNIVERSITY'S 'MARCHING CHIEFS' were in their usoal fine style as they led the Homecoming Parade Friday afternoon. Despite an on again-off again rain situation several thousand students, guests, alumni and townspeople viewed the parade along its route.

Flambeau Photos. Wayne Warren

FLOATS, FLOATS, FLOATS—Pictured here is one of the many floats entered in the Homecoming Parade This one was entered by Delta Gamma and ATO). The multi-colored entries ranged from Budda Worshipers to er-r-r, anyway the Vet's Club Float(??).

SAMMY SEMINOLE proves that a Seminole War Spear can be more effective than the best sword of Sparta. Here Chick ... enters into a mock fray with Ralph Alvarez, Tampa's Spartan mascot. Sammy won here as his blood-brothers did in a "mock fray" with other Spartans an the gridiron.

FSU Goal Great School, Says Strozier

In the future I would like no one to refer to FSU as a 'good Southern University,' but as the 'great Florida State University,'" President Robert Strozier told a Homecoming Banquet crowd Friday night.

"FSU is marching straight forward and we appreciate your help in reaching our goal," he said.

Dr. Strozier cited the school's current gridiron success as a brilliant rally point, but said the institution can become great only when 'the importance of our contributions to knowledge has earned us such a title."

He named a long list of faculty members whose contributions in varied fields has brought recognition and helped raise the intellectual tone at FSU.

'A SPIRIT'

"A University is not a group of schools," he emphasized, but a "spirit and atmosphere where great minds are free to develop and work on individual research."

The university president said he met with a group of outstanding university scientists and top state officials in an unpublicized session last week to discuss the future of FSU nuclear research.

He did not disclose any agreements made that might insure the installation of the two nuclear accelerators, which currently pends appropriations from the state legislature.

WE'LL TROUNCE

Pride in FSU's victory over Tennessee couldn't be kept out of the speech. Dr Strozier concluded his address with the prediction that "We will trounce the University of Florida November 22," drawing a wild cheer from the assembled alumni and students

Master of ceremonies for the banquet was Gold Key president Dayton Roberts.

Distinguished guests introduced were Governor LeRoy Collins, U. S Senator Spessard Hollad, Board of Control Chairman James Love and several board members, and James Vocelle, president of the FSU Alumni Association.

Vocelle presented four certificates to members of the class of '08, celebrating its 50th anniversary Mrs Johnnie R. Smith, Mrs Helen H West, Mrs. Lila Walker and Mrs Fenton D. Avant were honored

THE QUEEN OF SEMINOLE LAND. Miss Arieloe Johnson smiles happily as she was crowned 1958 Homecoming Queen, during the Pow Wow in Campbell Stadium Friday night. Miss Johnson was crowned by Miss Lynn LaGrange, 1957 Homecoming Queen.

Johnson Reigns

Inner Beauties Part Of Queen

By MIKE ANGELOTTI
Flambeau Staff Writer

Honesty, sincerity, warmth and modesty, true symbols of real beauty, are as much a part of Arielou Johnson's being as her blue eyes and blonde hair.

I had never met Arielou before Sunday night, but as I watched the Homecoming Queen's procession Friday night at the Pow-Wow and saw the tears rolling down her cheeks, I couldn't help but feel that her beauty was more than just skin deep.

As I talked with her at the Alpha Xi Delta house Sunday night I found it very difficult to concentrate on just writing a story, and it would have been so easy to just chat about everything under the sun, but I did manage to assemble the following assortment of facts

LAKE WORTH JUNIOR

Arielou is 20 years old, a junior and a special education major She is a native of Quakerstown, Pennsylvania, where she graduated from high school in 1956. Immediately following graduation, she and her family moved to their present home at Lake Worth, Florida

Her interests range from horseback riding and swimming to sewing and semi-classical music. She spends her summers working as a waitress with Howard Johnson's in Lake Worth.

"Choosing Education of the Handicapped was no accident," remarked Arielou, "I decided to major in education while I was still in High School because it will give me something constructive to do before I get married, and I eventually hope to, and also when the children grow up, all I have to do is to take some brush-up courses and I could probably teach.

"Teaching the handicapped seemed to be the most interesting to me"

When asked what her feelings were in regard to being elected Homecoming Queen, she replied:

'VERY GRATEFUL'

"I am just very, very, grateful and wish to thank everyone for making this Homecoming such a wonderful one for myself and for everyone. It is very hard for me to express in words just how I feel inside.

"This is an experience I wish I could share with everyone, and I feel that there could never be a more wonderful court and my only regret is that there couldn't have been five Queens"

She also wishes to express a thank you to the Queens Committee for having everything planned so well and not missing a thing.

As the curfew hour approached, Mrs. Ruth Hill, sorority house mother, came into the room and popped a question to Arielou which I had somehow overlooked:

"Arielou, how do you feel after the strenuous weekend?"

Her reply: "Numb!"

Office Space Plans Begun In Longmire

Tribe, Gator Seats Available

Tickets are again available for the Florida State-University of Florida game Nov. 22, in Gainesville, said Eddie Cubbon, Athletic Business Manager yesterday.

There are over 2,000 left, and they may be picked up at the Men's Gym for $1 with the students ID card and Activity Book

Tickets for the FSU-Miami game are also on sale, and will be at the Men's Gym until Thursday afternoon If students cannot get tickets before 4 p.m. on Thursday, Mr. Cubbon will be at the Shelbourne Hotel in Miami on Friday with tickets until game time.

Gymkana tickets will go on sale Thursday at the Men's Gym and at Westcott ticket office The price is 50 cents for general admission and 75 cents for reserved tickets for students Adult tickets are $1 and $1.25 for general admission and reserved seats respectively. Students should present ID cards for these tickets also.

Bedrooms To Be Converted In February

By ROSA NELL WILSON
Flambeau Staff Writer

Plans are underway to convert bedrooms on the third floor of Longmire Building into office space.

After February 1 no more reservations will be accepted for the six bedrooms, which are now used by guests of students or the university.

The office of student employment and financial aids, now located in Westcott, will probably be moved into the new space.

LONG-RANGE PLAN

The change is part of a long range plan to use Longmire Building largely for administrative offices, according to Dr. Reid Montgomery, director of student activities

"We are moving toward the time when we will have a suitable student union," Dr Montgomery said Student activities offices now in Longmire would be relocated in the student union when and if it is constructed.

Elimination of bedrooms for guests is not expected to inconvenience very many people The decision to convert them was based on which would be the most good to the university, making the best use of the space, Dr. Montgomery explained.

In the last fiscal year the bedrooms were rented to 651 persons.

$3,500 INCOME

At a rate of $4 to $6 a day according to accommodations, income from rentals for the university was approximately $3,500

The student-alumni building is currently used for student activities, alumni offices, an apartment for the resident director and some offices for university personnel.

With transfer of student offices such as the Flambeau and student government to the proposed Student Union, additional space would be available for administration.

Location of Longmire near Westcott makes it suitable for administrative offices, Dr. Montgomery pointed out.

Current plans do not call for providing bedroom space in another location.

Rigoletto Sale Set Tomorrow

Tickets for the Music school's production of "Rigoletto" will go on sale tomorrow at Westcott ticket office

Student tickets will cost 75 cents with Student Activities books. Other tickets are $1.25. All seats are reserved.

Presented in Westcott Auditorium November 14-15, "Rigoletto," sung in English, will star a faculty cast.

Appearing as Rigoletto will be Richard Collins, assistant professor of music. Walter James will star as the Duke, Betty Jane Grimm, Maddalena, Herman Gunter, Sparafucile, Jack Swartz, Borza All but Collins are associate music professors.

Students in the cast are Marjorie Polichio, Gilda; James Coleman, Monterone, Bobbye Carson, Biovanna, Paul Yoder, Marullo, Lonnie Keene, Count Ceprano, Doris Grant, Countess Ceprano, Ralph Nolen, a guard; and Lynn Brinson, a page.

Dr. John Boda, associate professor of music, will conduct the orchestra in the first performance utilizing the newly formed Opera-Chamber Orchestra.

Senate Approves Four Committees

Membership of four cabinet committees has been approved by the senate Organizations and Finance Committee.

The appointments were submitted by Student Body President Art Moore

Organizations: Gordon Smith (undersecretary), Nora Nell Hardy, Judith Smith, Helen Lebo, Kay Warren, Don Gattis, Pete Vance.

Welfare: Sheila Coldwell, Dayton Roberts, Virginia Jankunis, Karol Thompson, Georgiana Fry and Joyce Combs.

Special events: Jack Ryder, Sandi Beskind, Carol Lembrecht, and Rus Barteis.

Attorney General's Committee: Herb Schmuck, Bernard Abbott and Neil Fiddleman.

LAST WEEK FOR TALLY-HO

This week is the last that individual pictures for the 1959 Tally-Ho will be taken, according to a yearbook spokesman.

Students who made appointments should have their pictures taken as soon as possible.

Dress for pictures is as follows:

Seniors, men: white shirt and dark tie of solid color, women: anything.

Undergraduates, men: coat and tie, tie of solid dark color; women: sweater of black or navy blue, with a strand of pearls.

Petitions Started To Keep Fountain

Keeping the water in Westcott Pool will be the object of petitions to be circulated by student senators tomorrow

The petitions, which oppose a proposal to plant flowers in the fountain, will be circulated by each senator in his respective district, according to Jackie Soud head of the committee concerned.

"The petitons are being printed now" said Miss Soud, "and I'll present them to the Senate for approval on Wednesday. Each Senator will be responsible for getting a petition filled in his district by Friday.

"I'd like to get them in to the Business Manager as soon as possible," she concluded.

Rod K Shaw, business manager, said that sentiment seemed to be definitely opposed to the proposal.

"I haven't received many written protests yet," said Shaw, "but everywhere I went over the weekend, people wanted water left in the Pool

"That's the way I want it too" continued Shaw, "but I must have the assurance of the student body that vandalism will not recur."

"Henry Martin (University horticulturist) made the proposal because he felt that flowers would look better than that blackened mess of three weeks ago," Shaw stated.

Dr. Eunice Grady, head of Home Demonstration Education, joined the Alumni in protesting.

Magginis Speaks At 'Coffee Hour'

Dr. Mary Magginis, assistant professor of English at Florida State University, will be the speaker at the Coffee Hour, Friday afternoon at 4 p.m

The Coffee Hour which is sponsored by the English Department, will be held at the Westminster House All students are invited to attend.

Named At Pow-Wow

DZ, SK, LCA, TC Winners In Homecoming Float Parade

Giant storks and red girls won the float contest in the Homecoming Parade last Friday for hard-working sororities and fraternities. Persons attending Pow Wow saw a comparison between Greek and FSU customs, and saw how an alumnus will view the campus in 1975 as the winning skits were presented.

Winning house decorations "Put Out the Spartan Spark," "Stomp Tampa" "Put the Hex On Tampa" demonstrated "Sammy's New Teepee," and urged "All Eyes On The New FSU."

The "Me And My Baby" float portrayed President Strozier riding a giant white stork which flapped its wings and carried a new Student Union in its beak It won first place for originality for Sigma Kappa and Theta Chi.

IN-FER-NO VICTORY

Delta Zeta and Lambda Chi built the float judged most beautiful, entitled "The Spartans Will Be IN-FER-NO Victory" Decorated in various shades of red, it consisted of five girls in red leotards and red sweaters to look like devils standing about a prostrate Spartan

Honorable Mention for floats went to Alpha Delta Pi and their "... Spartans Beware," and to Delta Delta Delta, which was "Saving Up For Victory."

These four floats, plus four more paraded at the beginning of Pow Wow Friday night. The others were by Kappa Delta-Sigma Alpha Epsilon, Phi Delta Theta, Pi Beta Phi-Pi Kappa Phi, and Alpha Gamma Delta-Sigma Chi.

Skits by Alpha Xi Delta and Theta Chi won first place respectively in the women's and men's divisions. The Alpha Xi's, who also won the skit competition last year, compared the old Greek customs to those of the modern FSU.

The Theta Chi's portrayed an alumnus returning to campus in 1975 and finding many things changed

Zeta Tau Alpha "Put the Hex on Tampa" to win first place in the organized women's house decoration contest Kappa Sigma built "Sammy's New Teepee" to capture first place in the organized men's division.

Winning dormitories were Broward Hall, who "Put Out The Spartan Spark," and Magnolia Hall, who demonstrated how to "Stomp Tampa."

The Methodist Student House won first place in the religious house contest, saying "All Eyes On The New FSU."

Application Fee In '60

Beginning in February, 1960, students entering Florida universities will pay a new $5 fee—for application.

The fee will be required only of freshmen and transfer students applying at one of the four state universities for the first time, said W. C Hendricks Board of Control business manager.

Hendricks emphasized that the sum is for processing applications and has no connection with registration fees, which were raised $15 last summer

"Many people make application at several schools and decide at the last minute which one to attend Applications are expensive to handle. This fee will only recover part of the actual expense," he said.

The new charge was recommended to the Board of Control by the Council of Presidents on October 7.

Flambeau Photo: Don Scott

HOMECOMING DANCE was attended by several thousand couples Saturday night. With music by Les and Larry Elgart and a decoration theme of "Under the Sea" Tully Gym was transformed into a real 'dream scene.'

Garnet-Gold Key Awords

Professors, Legislator Honored At Banquet

Two distinguished Florida State University professors and a Leon County legislator were paid tribute at the Garnet and Gold Key banquet Friday night.

The three are Dr Marian W. Black, school of education, Dr. William Hudson Rogers, head of the English department and Rep. Mallory Horne.

Dr Black was awarded Garnet Key's honorary membership for 1958. Dr. Rogers and Horne were "tapped" for membership in Gold Key

Sandra Rosenberg, president of Garnet Key, announced the women's leadership award and cited Dr. Black for "having made a part of her teaching a deep concern for every student with whom she has come in contact

"She has exemplified in every way the finest ideal for her profession," Miss Rosenberg said.

Dr. Black is a native of Florida She received her BS from FSCW her master's at the University of Florida and took her Ph.D. at Northwestern.

HERE SINCE '48

She joined the faculty of FSU in 1948 She is a member of Phi Kappa Phi, Kappa Delta Phi, the Faculty Review Committee and is faculty advisor to the Wesley Foundation

Dr. Rogers has taught at FSCW and FSU since 1922. The son of a Virginia Presbyterian minister he was educated at New London Academy, Davidson College and the University of Virginia.

Dr. Rogers has been active in the Presbyterian church, Leon County Welfare Board and Library Board and was honored two years ago as FSU's first "Distinguished Professor"

Joe Westhafer, who presented the membership, termed Dr Rogers, 'a great teacher who has inspired the minds and hearts of students'

FIRST FSU ALUM

Rep Horne is the first alumnus to be given Gold Key's annual honor for "service to the state." He entered FSU in 1947 and later took his law degree at U of F

He was elected to the state House of Representatives in 1954 and has twice been re-elected from Leon County Since in the House, he has served on the Constitutional Revision, Higher Education and Appropriations Committee

Art Moore president of the student body announced Horne's award and cited his "leadership in public service."

Reject Daisy Chain

Perhaps the most important political decision Florida voters will make today will be when they come down the ballot to the controversial "daisy chain" amendment.

Adoption of this amendment would authorize the legislature to tie future constitutional revisions into a single package to be accepted or rejected by the electorate.

IN OTHER WORDS, the bad as well as the good would have to be accepted.

At present the only methods of changing the constitution are by (1) a vote on every amendment separately by the people, and (2) a revision by a convention elected by the people.

THE "DAISY CHAIN" amendment has been turned down by prominent Florida newspapers and civic groups.

We, too, reject it.

The adoption of this amendment, we think, would put too much power in the hands of the legislature. Power which is meant only for the people.

FLORIDA'S LEGISLATURE is woefully apportioned. Less than 20 per cent of the population can and do elect a majority of legislators.

This "majority representing a minority" could use its powers under the "daisy chain" amendment to the detriment of the state. When it came time to revise the state charter, these legislators could insert provisions into the package which would please and benefit only their constituents—20 per cent of the people.

VOTERS THROUGHOUT the state would have to accept these provisions if they were to secure any of the good the new charter would offer.

The alternative would be political standstill.

We further believe that past experience shows such power would be used to the state's detriment by Florida's rural legislators.

ONLY THIS YEAR they tried to ram constitutional revision down our throats. The revision charter simplified governmental structure somewhat, but didn't really modernize it.

But it did retain the state's unfair apportionment structure. And fair apportionment in the statehouse is Florida's basic constitutional need today.

Let's keep the power to revise the consitution where it belongs. With the people.

Vote NO today on amendment No. 1.

The Fate Of A SG

A warning of the fate of student government comes to us from the University of Miami.

This fall their administration imposed an entire new—and restrictive—charter on the students. They were not allowed any voice in framing the new student government charter.

THE NEW CONSTITUTION gives virtual control of the student government to the administration. They are given six of the ten seats on the final reviewing committee.

This committee has final veto power over all acts of the student government.

WHEN IT CAME TIME to elect government officers, the students responded. Only 400 of them turned out in a situation in which more than 9,000 were eligible.

Miami's administration has handled the situation in a very brusque and high handed manner. In doing so, they have shown student government at Miami to be a farce.

BUT NOT ALL FAULT lies with the administrators. Old student government officers were thrown out of their jobs due to a ballot stuffing attempt on the part of the victor in the spring election.

Here we have a situation in which student government office meant so much to a few that they stooped to any methods to attain it. And to the many, it meant so little that they cared not much what happened to them or to what level they sank.

It is a warning to note.

Penthouse Spirit Missed

NECKS CRANED AND EYES STRAINED at the usual floats, bands, and paraphernalia passing in Friday's homecoming parade.

For those who watched for the first time, it was a perfect parade.

But we who have been here for a while know that something was lacking in all that lush display of crepe-paper, tinfoil, and tinsel.

We waited in vain.

IN THE PAST, our parades have been honored by the presence of that ever-popular and notorious group, The Penthouse Gang, of West Hall's top floors.

Years have seen them silently pass, in the biggest and blackest cars, sub-machine guns trained on the crowd, dark glasses, white ties, zoot-suits and long cigars.

Among the sweet-hearts and queens, who could forget the past Pent-house gang-molls.

WHAT CONTRAST, what relief they added. We sorrowfully mourn this missing attraction.

Perhaps it is only temporary, and the gang has simply been forced to go into hiding for a brief interval.

Certainly the new West Hall politicos haven't managed to completely clean up that infamous den of simulated sin.

If so, future parades will be sadly uncorrupted.

Please Mr. Shaw, Spare Our Pool

Writer Pictures Modern Pinnings

LETTERS to the EDITOR

To the editor

Oh please, oh please, Mr Shaw, spare our pool!

Oh please don't replace the murky waters of Westcott pool with purple pansies or thorny rosebushes

Imagine, Mr. Shaw, a whole new breed of fraternity men will spring up in future years, unbaptized by a chilly dip in the pool

Or can this hallowed tradition be slightly modified to go something like this

A mob of howling fraternity men descend upon the once-famous Westcott circle, hauling a helpless newly-pinned brother around campus in the latest atom-powered convertibles.

Beeping atom-powered horns, they tear down the expressway past the freshman dorms, taking the left cloverleaf to the circle.

Wearing their oldest and dirtiest space suits, the pledges pull the hapless brother from the car and pause before heaving him.

"One, two, three, heave", they chant before tossing the brother – onto a bed of finely manicured Tudor roses.

The entire chapter then forms a circle around the boy and his girl, singing "My Wild Irish Rose" or "Tripping Through the Tulips"

Bleeding and painfully sore, the boy kisses his girl then climbs into the ambulance for the trip to the infirmary.

So please, Mr. Shaw, don't evict the few surviving mythical goldfish.

Don't fill the pool with sod; then try to cultivate roses. We'll only pick them anyway

Save the pool We like it, dirty water and all.

Think of the hundreds of married couples who celebrated their pinning with a splash in the pool

Will you banish this ancient tribal rite because some irresponsible outsiders made a torch of it?

Anyway, Mr. Shaw, had there been any water in Westcott pool, they wouldn't have burned it.

So please, Mr Shaw, don't plant any pansies in our pool.

Canon Shots

GOP's Sins To Catch Up With Them Today

By BUCKY CANON

Today Americans go to the polls to name their 86th Congress. And from the looks of things, they'll be naming a lot of Democrats.

Both tradition and prediction point to a Democratic victory—almost a landslide. Gallup, Lubell, Newsweek and what have you have all been busy estimating the number of new Democrats both houses of Congress will see.

EVEN IKE AND DICK admit they're fighting from behind.

Traditionally, the party in power (that is, in the White House) always loses seats in an off-year election. Such a happening this year would, of course, increase the margin of Democratic control in Congress.

This tradition has been broken only once since the Civil War. That was in 1934—at the height of the New Deal era.

BUT WHAT FACTORS have lined up today to give the Democrats victory?

Several. Perhaps the most predominant one is the recession.

But the recession's over, you say. So it is, and without a real panic on the part of the people or government.

IT WAS, HOWEVER, a scare. To those whose weekly paychecks were cut off for several months or to those to whom it caused serious worry, its memories are still strong.

They remember the government's "watch and wait" policy. A policy which the Democrats were quick to capitalize upon.

Here's another reason: Ike's lack of leadership. Oh, Ike is still popular all right. But more and more he's being pictured in the American mind as the "doting grandfather" instead of the "energetic father"

AMERICANS ARE QUESTIONING his leadership ability as never before. And with good reason.

Ike has not been forceful in the recent crises which the United States has passed through. About all the country got from him was some "chins up" speeches.

This and the famous "I need him" remark about the almost indispensible Sherman Adams have made the President a different person to the voters than he was in 1952.

AND SCANDAL. Both the Adams-Goldfine and the Mack-FCC probings will play their part in electing a Democratic Congress.

Many presidential aspirations ride on today's elections.

Democratic leaders John Kennedy, Stuart Symington and G. Mennen Williams stand for re-election today. A defeat for any one of them would mean kissing goodbye to any chance of the presidential nomination in 1960.

IN NEW YORK two millionaires—almost billionaires—battle for the governorship. Both Averill Harriman and Nelson Rockefeller are not considered presidential material, but the election result will give an indication of what New York Staters think of the parties.

But this year's spotlight falls on California. There Senator William F. Knowland—an aspirant to the White House for these many years—appears to have played the game too smart.

PUNDITS PREDICT he'll go down to defeat to state Attorney General Edmund (Pat) Brown, a young energetic Democrat.

Knowland, a senator since 1945, decided to run for governor this year to bolster his chances for the presidency in 1960. (Senators seldom become President.) By making political bargains left and right, he forced Governor Goodwin J. Knight out of the race and into the fight for his vacated senate seat.

Now his political shenanigans are backfiring. Knight refuses to support him at all and his old enemy Dick Nixon is only half-heartedly behind him.

View From The Penthouse

College Education Not A God Given Right

By ED CARHART

Who is going to foot the bill for the tremendous increase in cost of higher education in the years to come? This is a question that concerns us as students now and will continue to concern us as parents in the future.

The need of a solution to this problem is camped on our doorstep right now. We here at FSU have met the ramifications of this problem face to face in the form of a fee raise. Here and there funds for buildings and equipment have been slashed. Our sister university Florida has already fallen victim to shrinking appropriations.

IT IS TRUE A SHARP drop in the state's revenue has had much to do with these actions. But the underlying cause goes far deeper than a temporary decline in money available to our state It is doubtful whether the state can meet the pressing demands of our educational system even in periods of prosperity.

Churches, institutions and wealthy individuals have contributed a great deal towards helping meet the financial needs of higher education. Indications are that these sources will be inadequate in the future

WHERE THEN TO TURN for more money? To answer this we must answer who benefits most from this education? Obviously our nation as a whole and society in general does. Therefore it is reasonable to expect them to continue paying their share. As a matter of fact, the mood of the country seems most favorable when it comes to the public digging down to help finance the costs of our universities.

In the final analysis it is usually the student himself who derives the greatest benefit from the higher education. Financial reward in the form of higher paid positions and greater opportunities is one of the chief benefits. It is the reason many of us are here. There are countless other benefits even more important to us as individuals and the nation as a whole.

IN LIGHT OF THIS, it seems the student has a moral responsibility to assume the greatest burden of the cost. In many cases the student is doing just this. In some cases however, students merely sit back and holler for more and more assistance from outside sources. Their attitude suggests they have a God-given right to a college education.

In an editorial a few weeks ago, the St. Petersburg Times pointed out that millions of dollars in low interest, easy payment loans are unused in educational institutions throughout the nation. They explain this by a current trend in the thinking of students and their families That trend consists of a belief that somebody (somebody else preferable) should pay the major cost of higher education in this nation.

With the cost of higher education expected to increase 400 per cent in the next 10 years, the problem is becoming acute. The solution of this problem will take a large measure of effort on all our parts.

Acts 5,000 Miles Apart Connected

By HERB SCHMUCK

Exactly one week ago today, two seemingly unrelated incidents occurred almost five thou[sand] miles apart. One took place in Stockholm, Sweden; the other in Gainesville, Florida.

Last Tuesday, in Stockholm, the 1958 Nobel prize-winners for outstanding contributions in the field of science were announced. Three Soviet physicists and a British biochemist shared the prize.

THE THREE RUSSIAN theoretical physicists were cited for research that is credited with having opened the way to recent discoveries of atomic particles such as the antiproton, and with spurring the study of cosmic radiation.

In particular, one of the trio was responsible for the discovery of a phenomenal concept which refutes a heretofore standard belief that nothing exceeds the speed of light.

THE NOBEL PRIZE awarded to the Soviet physicists has had a profound effect on the importance of theoretical and experimental research in the field of physics It has also given definitive international recognition to the high quality of experimental research being done in the Soviet Union.

However, there are some Americans who would relegate this type of research to a position of secondary importance. They prefer the practical as opposed to the theoretical approach to science.

AND SO — last Tuesday at Gainesville, Florida, Dr Joseph Weil (Dean of the University of Florida Engineering College) denounced the new Florida State University nuclear physics program with the feeble excuse that the practicality of the U of F program is more important than the theoretical research planned by FSU.

Let me be more specific. The following is taken from the context of the denunciation Weil aimed at FSU's physics program.

"The top research problem today in this field (nuclear physics), and the problem most important to the state's industrial growth, is simply this: How can reactors be made more efficient? And I think that is a problem for an engineering college."

WEIL SHOULD BE commended for his gallant stand in behalf of the U of F physics department. But, his opinions are short-cited and his attitudes provincial.

Many American scient[ists al]most unanimously agree [that] our lack of extensive free [ex]perimental and theoretica[l re]search programs is bo[gging] down America's scie[ntific] eminence

RUSSIA, ON THE OT[HER] hand, has made rapid [tech]nological and practical [ad]vances in science due to [a] vast area of free research [pro]grams.

The last time the F[lorida] Legislature met, 5.3 millio[n dol]lars was appropriated [to the] two state universities f[or the] purpose of research and [train]ing in atom studies

AND, IN THE FINAL [...] out, the U of F was allo[tted ...] millions for its "industr[ial re]actor" program while FS[U re]ceived 2.8 millions for its [theo]retical research program

Dean Weil is laboring [under] the assumption that it is [...] significant to "design and [build] better and more efficien[t ato]mic reactors for industry [than to] promote the importance [of] theoretical and experim[ental] research that FSU will e[ngage] in—the type that enable[d the] Russians to cop a Nobel p[rize.]

The Chopping Block

Ad Aggravation Necessary Evil

By LARRY BLOCK

The major components of any newspaper fall into two categories, namely, editorial and ad[ver]tising And it is the duty of both to make sure that the pages of the paper are filled.

But this year's advertising staff is vastly superior over those of previous years in the art of selling space. I think they must be after some sort of record or else they live off the commission they make.

Perhaps it's both.

However, there is no denying the fact that they do their part each week, most of the time more than their share.

And so, in honor of this valient crew, which neither rain nor sleet, nor snow, nor cold can keep from completing their appointed rounds, a little poem in their behalf.

(With apologies to all poets, living or dead.)

Ode To An Advertising Staff

Each time I scan the layout pages
And note its highs and lows
My speech becomes centered on
None other than editor Ken Bowes
Where is the space for stories I cry
Where shall I put the news
But nothing moves this rock of stone
And all that remains are the blues
Let's move an ad to other page
To that they will agree
Move it they will with speed and ease
But never leave it out entirely
Why didn't you use my story
Says one reporter lad
I had no choice, you see
The space was filled by a[n ad]
There's Morgan, Lewis and Demmon
Plus Sammons, Brassard [and] Blount
There's no stopping this hu[stling] crew
When their ads begin to m[ount]
But, alas, I must regress
As they do bring in the dou[gh]
And without this major [...]
We wouldn't have Flambea[u]
Oh, to return to the good days
With plenty of space to be sometimes
But that is just a memory
And I just ran out of rhym[e]

The Front Row

Cinema Cowboy Shot From Saddle

By JOHN HULL

What's happened to the Saturday cowboys—the ones who just happened to be drifting through town when they cleaned out the city hall, save the aged old rancher's daughter, and galloped away on their imported Arabian stallions one hour and fifteen minutes later?

THERE'S NO DOUBT about it, their movies are taking second place to "Gunsmoke" and playing Saturday morning runs on TV but the oat opera heroes aren't making any new movies or much money either.

Recently, many of these celluloid cowboys have answered the call of the wild in the form of road shows, circuses, and carnivals as have Lash LaRue and Johnny Mac Brown who passed through Tallahassee in 1957 and '58 with the North Florida Fair.

JOHNNY MAC BROWN who appeared at the North Florida Fair last week is probably a stereotype of these unemployed screensters. His open-tent show featured western vaudeville acts complete with the usual cornball MC—tailormade to the kiddies' needs and other spectators familiar with the name

Brown, incidentally, graduated from the University of Alabama and was recently selected for All American Football "Hall of fame"

BROWN BEGAN HIS 200 movie career in 1927 and originally performed with such past toos as Greta Garbo and Mary Pickford.

His movies are currently making Satu[rday] morning TV runs but the catch is no roya[lties] are paid except on shows produced afte[r ...] which was the start of the decline of [...] shows.

IN THE BRIEF LULL between the old the new type western, the hero has now ta on a different spell, degenerating into somet of a high class gunslinger who is rough ready. The bad man is merely a good boy is the product of society—possibly psychotic.

Plots of these older type productions are [...] too tame for the younger of the post-nate[...]lens. The hero's character was above repro[ach] in all forms of morality involving drink[ing], smoking, cussing, and kissing the ranc[her's] beautiful daughter at the end of the film w[hile] the outlaws were the lowest of lows.

PLOTS COULD BE DEPICTED five min[utes] after the drifting stranger rode into town [...] the good and bad men were always the sa[me] people

Today's junior cowboy has the official M[ar]shal Dillon type beer mug and a four p[...] imitation .45 with a picture of Kitty, the [...] girl, engraved on the revolver's stocks. Q[uite] different from the old style cowboy who [ap]peared to be a social welfare, Christian sol[dier] on a four legged (almost human) horse.

IN THE PRESSBOX

In one of the most awesome shows of offensive and defensive ...ll seen in Campbell Stadium in many a year, the Seminoles ... over hapless Tampa Saturday.

The victory margin of 43 points is the most an FSU team has ...n an opponent since 1953 when Louisville fell, 59-0.

The gamr marked the third in a row in which the Tribe has allowed its apponent to scora a point. This is the first time ...he history af football at Florida State that a Seminole team ... held its opponents scoreless three games in a row.

So far this season, the FSU defense has only allowed an aver... of 7.4 points to be scored in Campbell Stadium in the five ... games. Overall, in eight games, the defense has allowed ... points per game.

On the other side of the ledger, the Seminoles have scored ...erage of 32.4 points at home and an average of 23.6 in the ... games.

...GHT FAVORITES?

...h these statistics in mind, it looks as if the Seminoles will ...to the Miami game Friday night ranked as slight favorites. ... the series with the 'Canes began in 1951, the men from the ...c City have whipped FSU five times.

The closest FSU ever came scorewise to beating Miami was 1956 wheo the acore was 20-7. Last November here in Talla...ssee, the Tribe had a 7-6 halftime lead aver the Horricanes ... was outmanned in the second half to receive their worst beat... of the yrar, 40-13.

It seemed that every year the Miami team got atronger. Last ...n was supposed to have been their rebuilding year and they ...led a 5-4-1 mark. Coach Andy Gustafson only lost two men ... the starting lineup through graduation, center Vester New...e and halfback, John Varone.

...X SENIORS

Miami began the season with six proven seniors in the lineup ... Frank Curci, junior quarterhack, who has gained over ... yards since beginning his varsity eareer last season.

Most pre-season predietions figured Miami, as usual, to be one ...e country's top independents. The 'Canes were picked any...e from fourth to seventeenth in the country before the sea... started.

But once the season began, the Miami myth was amashed. ...thing went amiss among the team from the land of the sway...alms. In their first game against Wisconsin, the 'Canes ... bad in losing, 20-0.

... the oext game the Miama squad fought to a 14-8 victory over ... but did not look impressive in the process.

...hen the powerful Miami machine ran up against a Tiger ... LSU and was clawed into 41-0 submission. In tha next game ...urricanes went to Boston and were defeated 6-2 in the rain ...oston College which played without the servicea of its ace ...erback Don Allard.

...HAT HAPPENED?

By the time the Canes met Vanderbilt last weekend, the team, ...ng staff and the city itself was stunned and surprised. ...at had happened to the great Hurricanes? They had been ... 18 points in three games and had not even scored a point ...heir own Orange Bowl.

After the loss two weeks ago to Boston College, the coach...g staff bad the 'Canes working on fundamentals again. Tha ...e arts of football, biocking and tackling, were drilled into ... listless Miami sqoad.

Well, the Hurricanes lost again, this time to Vandy, 28-15. ... do you suppose Gus will revert to now? As it looks now, ... Miami mentor will try a lineup change to snap his bad streak. ... the second half against Vandy, Gustafson pulled Curci and ...ced him with Bonnie Yarbrough, who started the season a ... string signal caller.

...OOD AS A SOPH

...brough directed the Hurricanes to two scores and on the ... his performance, won a starting job against the Tribe. ... a soph in 1956 the slender back from Jacksonville passed for ... touchdowns and 264 yards during the season.

He is a left handed passer and throws a hard bollet pass. ...s deadly oo short heaves. While not as good as Corci on the ...en play, Yarbrough is just as amart in selecting plays.

...ast season, as tha story goes, Bonnie fell in love and was ...ed. This was supposed to have greatly affected his attitude ...rd football. Anyway, he looked like the old Yarbrough Friday ... and the Seminoles will find out more about him this Friday ...

Probably for the first time, Miami looks at FSU as a dangerous ...nent and not as a breather. As the Miami scout George ... said after watching the Seminoles scalp Tampa, "FSU is ...ood football team, there's no getting around it. Let's put it ...way we've been beaten hy worse teams this year."

Seminoles Stomp Spartans, 43-0

PETE FLEMING, junior end from Pensacola, is tackled after catching his first pass of the season against Tampa. He is brought down by Charles McCullers (81) and another Spartan. Bob Renn (20) looks on.

Gain Third Straight Victory; Prepare For Miami Contest

By FRANK RAMOS
Assistant Sports Editor

It took Florida State's Seminoles less than five minutes to show Tampa that Homecoming isn't the time to upset the Tribe.

Florida State, under Coach Tom Nugent's direction, continued its skein of never having lost before the alumni with a lopsided 43-0 victory which extended its winning atreak to three and fifth in a row at home.

The Seminoles yesterday, began preparation for the University of Miami which they meet in the Orange Bowl Friday night.

Because of injury, Nugent has lost the services of center John Bell, for the Miami game, and has Paul Pasquale and Bob Fountain on the injured list.

77-YARD DRIVE

Bobby Renn climaxed a 77-yard touchdown drive that started the first time the Seminoles got their hands on the ball.

Featured in the drive were runs of 17 and 11 yards by Fred Pickard, plus runs by Renn of 11 and eight.

Four plays later the Seminoles upped the score to 14-0. A wild pitchout by Tampa's quarterback Bill Nusnoff was recovered by Carl Meyer on the Spartan 15. Then Joe Majors hit end Bob Fountain in the end zone for the score.

KEY BLOCKS

Aided by key blocks from Tony Romeo and Renn, Pickard scored the third FSU touchdown from 21 yards out. The 160-pound fullback from Columbia, Tenn., gained 56 yards in five carries.

The next time the Seminoles got possession of the ball it took only two plays to boost the score to 28-0. Majors followed a seven-yard keeper with a 36-yard pass to Meyer to cap a 44-yard scoring drive.

PICKARD ROLLS

Taking the opening second half kickoff in the end zone, Pickard raced through the entire Tampa team before being hauled down from behind on the Spartan 16-yard line.

Renn went through the left side for five yards then followed with an 11-yard burst up the middle for the fifth touchdown. Renn's 12 points broke a school career scoring record that stood since 1946. His total is now 99 points.

SHEPPARD KICKS

Johnny Sheppard kicked the extra point, his fifth of the game, to extend his career extra point mark to 46.

Fourth atring fullback Pappy Rosman led the Tribe on its sixth touchdown drive. Rosman bulled his way for five, four, six and three yards, the final three yards climaxing the scoring. Gene McCormick ran the extra point to make the final score 43-0.

A PASS from FSU's quarterback Bob Conrad falls incomplete in front of end Bob Fountain. Paul Davis, Tampa defender, is hanging around Faantain's waist.

"MOOSE" CASON and Bill Nusnoff of Tampa are right on Jack Espenship's heels as he drops a first period pass from Vic Prinzi.

Frosh Gridders Defeated 8-6 By The Citadel

Florida State's freshmen football team fought back for a score, but couldn't add the extra points as they were edged 8-6 by The Citadel's freshmen Friday night in Augusta, Ga.

Some 1500 fans saw the Bullpups grab a first period touchdown and theo held for the remainder of the game by the Baby Seminoles.

CANNON INTERCEPTS

The yearlings from FSU scored their touchdowo late in the second period. Charley Caonon, the Semiooles right half, intercepted a Citadel aerial on the Bullpups' 40.

From there it took the Baby Tribe 10 plays to hit paydirt. The drive was sparked by a 12 yard pass from FSU quarterback Billy Hampton to fullback Brooklyn Levengood which placed the ball on the one.

HAMPTON SCORES

Hampton then banged over for the score, his first of the season. The attempt for the extra points failed and the score remained 8-6 for the rest of the game.

The Bullpups scored their touchdowa via aa aerial and a short plunge. End Harry Mura took a 18 yard pass which set the ball on the FSU 10. Three plays later Larry Bowmaa, fullback, plunged through for the touchdown.

Halfback Early Eastmeo ran the end to gain the decisive extra points.

THIRD LOSS

The game was the third loss of the season for the Baby Seminoles, as they lost previous contests to Miami and Furman.

Intramural News

After a weekend atandstill caused by bad weather and homecoming activities, intramural action in tennis and basketball resumes this week.

Yesterday the Dorm-Independeot basketball group played a full schedule and the Dorm-Independent tennis finals progressed and will continue today.

Last Thursday night, in a make-up game in the Greek division, TC downed KS, 53-39.

Greek basketball continues tonight in all three leagues, as the fraternities enter the second round of play. In League I, SPE takes on LCA and the SAE's meet the KA's.

Action in League II sees SC battle PKA while DTD faces ATO. In League III TEP will be looking for their first win as they meet KS and SN meets PDT in what atacks up as being one of the top games of the night.

Tomorrow night the Dorm-Independeots basketball teams take another step toward the completion of their schedule. The Newmen Club takes on the 400 Club in one of the early games.

Two of the best teams in the league, the Psychology Club and the Playboys, meet at 7.15 in a game which will go a long way in deciding the champion in that league.

Senior Hall faces Penthouse and Wesley Foundation locks horns with Magnolia. The Vets face BSU, while the Majors Club battles CLO.

Florida State Foes

Florida State's two remaining opponents, Miami and Florida, both bad a bad time last weekend as they lost toeir games.

Miami, now with a 1-4 record, lost to Vanderbilt 28-15, in the Orange Bowl Friday night. The Seminoles travel to Miami Friday to take on the Hurricanes.

Florida lost a hard-fought contest to Auburn, 6-5. The Gators scored their points on a field goal and a safety. The loss brought Florida's record to two victories, three losses and one tie.

Loaded for trouble?

To the youngsters, a drive with the gang is great fun. But driving is serious business, too. Last year, nearly 40,000 people died in traffic accidents—many of them killed by drivers whose minds weren't wholly on their job. So stay alert every minute when you drive. Keep driving fun—and safe!

Help stop senseless killing on our highways. **Drive safely yourself. Insist on strict law enforcement** for your own protection. Work actively with others to **support your local Safety Council.** Remember—where traffic laws are strictly enforced, deaths go down.

Opens Thursday

FSU Hosts Initial Southern Film Meet

Florida State will play host to the first Southern Regional Meeting of the Educational Film Library Association this weekend.

The conference, which opens late Thuraday afternoon, will offer a series of lectures, conferences, educational meetings and panel discussions to County Instructiona. Materials Superintendents and Audio-Visual Superintendents from throughout the state of Florida and aurrounding states.

Among the featured speakers for the conference, will be Jullen Bryan, one of the outstanding producers of documentary films.

'RUSSIA' FILM

Bryan's most recent film, on Russia, one of the most outstanding films based on that country, has recently been purchased by the United States Army.

In his speech he will review parts of this film as well as others that he has produced in the past, bringing to the audience a history of the documentary film.

Another featured speaker will be Roger Albright of Teaching Film Custodians, an organization that he selected the best in entertainment films to be presented in the classroom

Walter Bell, director of Audio-Visual Education for the public schools of Atlanta and president-elect of the Department of Audio-Visual Instruction of the National Education Association, as well as an avid story-teller, will also be on hand

Dr. Otis McBride, of the Audio-Visual department is the chairman of the conference.

JACK BRECKENRIDGE, director of the university art gallery, bangs one of the collection of contemporary prints to be shown through this month. The show includes etchings, woodcuts, lithographs and aquatints from the Edith Halpert collection.

Contemporary Prints Now On Display

By FRANK GUNTER
Flambeau Staff Writer

Now on display in the University Museum is a special Departmen of Art exhibition of contemporary prints.

The exhibition was loaned to the University by Mrs. Edith Halpert from her private collection.

"Many facets of the graphic medium have been chosen, lithography, etching, and silkscreen covering a wide variety of styles featuring many of the greatest names in print making," said Jack Breckenridge, curator of the museum.

PICASSO, CHAGALL

"Such internationally-known artists as Picasso, Lautrec, Renoir and Chagall are represented," Breckenridge continued. "This is an excellent opportunity for the student to see and examine the works of many truly important artists."

Mrs. Halpert, donor of the exhibit, is the owner of one of the most important private galleries in New York City. Her collection of prints encompasses print making for the last 100 years in both this country and Europe.

Included in the exhibit will be the Chagall face, which is recognized as a true art form, an exploratory print in that it searches its medium drawing from it all that can be wrought, combining the qualities of freshness and spontaneity.

Also exhibited will be several Toulouse-Lautrec posters, many of which have become thought of as first works of art and secondly as advertisement.

LAUTREC POSTERS

The Lautrec works exhibited here give an insight into nineteenth century advertising styles.

Ben Shahn, an artist who has received special attention of late, is represented by several pieces, one of which is his "Beatitudes."

One of several line drawings exhibited will be the female head by Kokoschka.

Professor Karl Zerbe of the Art Department, a per[illegible] friend of Mrs Halpert's, [illegible] arrangements for the displ[illegible] the collection here.

• • •

Participating in Competitive Discussion in 222 History tonight at 8 15 p.m. will be Dr. Phifer, David Hortin and Art Danart.

• • •

Alpha Lambda Delta will hold a meeting at 5 p.m. Wednesday in the small lounge of Longmire. All members are requested to be present.

• • •

An Insurance and Real Estate Club meeting will be held in the club room of Longmire at 7 p.m., Wednesday.

• • •

A reception and business meeting of Future Business Leaders of America will be held at 7:30 p.m. Wednesday in the large lounge of Longmire.

• • •

The Ornithology Seminar will be held in 228 Conradi at 8 p.m. Wednesday.

• • •

Dr Quagliano, of the Chemistry Department will speak to the ACS affiliates in 305 Science Wednesday at 8 p.m. His subject will be "The Chemistry of Co-ordinate Compounds." The public is invited.

• • •

The Audio-Visual Conference meeting will be held in the Library Lecture Hall at 4 p.m. Thursday

• • •

M A. Melvin will speak on "Weak Interactions" in 124 Science at 4 30 p.m Thursday at the Physics Colloquium.

• • •

A joint meeting of Student National Education Association and Scholarship Club will be followed by a reception in large lounge of Longmire at 7·30 p m. Thursday.

Richard Carrigan, National Director of SNEA, will speak on "The Teaching Profession and Its Future"

• • •

"F" Club will hold a meeting in the student lounge of Longmire at 9 p.m. Thursday

Miami Given New Set-Up

A new and intricate set-up, designed to give the administration control of the student government, went into effect at the University of Miami this week.

Students showed their disapproval of the new government by staying away from the polls. Only 404 of the school's more than 10,000 students voted for government officers.

President Jay F. Pearson threw out the old student body officers this fall after revelations of a ballot stuffing scandal shook the campus.

Under the new system, a board of six administrators and four students, all appointed by Pearson, will have absolute veto power over all actions of the Student Council.

The new student body constitution was imposed on the students by the administration without a vote.

Newly-Elected Officers To Be Honored Tomorrow

A coffee in honor of newly-elected Student Government officers is scheduled for 4:30 tomorrow afternoon in the large lounge of Longmire.

New officers are to be installed in a short ceremony during the program. Twelve of the 30 new officials are freshmen; the total includes all freshmen class officers and precinct senators.

All student government officers are invited The affair will provide an opportunity for new and old officers to get acquainted, according to Tudi Mason, Undersecretary of State, who is in charge of the coffee

The occasion is annually sponsored by the Student Body President and his Cabinet.

The smash hit
is Arrow,
four to one

That's how Arrow dress shirts rate with college men, coast to coast. One big reason is their exclusive Mitoga®-tailoring.

These shirts give plenty of room for action yet fit trimly because they taper to follow body contours from collar to cuff to waist.

And Arrow gives the widest choice of styles anywhere. $5.00 up. *Cluett, Peabody & Co., Inc.*

$140 Earned In Mum Sale

About $140 was earned by the Women's Physical Education Department's chrysanthemum sale during Homecoming

The money will be added to the Katherine W. Montgomery scholarship fund

The scholarship fund, about five years old, has $3,600 of the $10,000 goal. It was begun by alumni through subscriptions and contributions. Then, last year, the chance came to raise money on the campus through the mum sale

Before her death Miss Montgomery set up the gift scholarship for students who plan to teach physical education. When the goal is reached, it is hoped that a four or five hundred dollar scholarship can be awarded per semester.

Next year, the mum committee hopes to sell mums in assorted sizes

January Grads

Seniors who expect to receive degrees on January 31, 1959 are requested to check the list posted on the official bulletin board for possible corrections.

Any corrections in this list of prospective graduates which may need to be made should be reported to the Registrar's Office immediately in 102 B Westcott, according to Charles H. Walker, registrar.

The bulletin board is located outside the History Building.

Dance Tryouts

Cavalier-Cotillion tryouts will be held at 7:30 p.m. tomorrow in the Student Center

Anyone interested in the dance groups, Cavaliers for men and Cotillion for women, is invited to attend

THE FIRST FOUR of an expected 1,000 names are signed to the "Save Westcott Pool" petition. Forty-one senators circulated petitians in their livina areas Wednesday and Thursday. At press time yesterday aver 200 names had been collected, with only three senators reportina. Vice President Ada Leiab Wall said response bas been "overwhelming, everyone wants to sign." Shawu affixing their signatures are, left to riaht, Senators Mary Lynn Scott, Jim Apthorp, Jackie Soud and Carl Butler.

CLASSES END AT NOON

Classes will be held until 12 noon on Tuesday, November 11, which is Veteran's day, President Robert M Strozier announced this week.

In former years, classes have been dismissed until 2 p.m. because of the annual ROTC Veteran's Day parade. This year the parade will not be held. However, there will be an ROTC show to be held at 1:30 p.m. in Campbell Stadium on Tuesday afternoon. The public is cordially invited.

Russian Author Offered Post

A teaching job at Florida State University has been offered to Russian novalist Boris Pasternak by President Robert M. Strozier.

Pasternak has been under pressure in Moscow because of his Nobel prize winnina novel, **Doctor Zhivaga**, and may be forced to flee the Sovlet Union.

"This is a bona-fide offer," said President Strosier yesterday, "but whether or not he'll accept it is another matter."

"We need a Russian professor at the university and I thought that if he left Russia he'd accept a university position in America."

Strozier sent this cable to the prize-winning novelist whoae work has been labeled "traitorous" and "reactionary alander" in Russia:

"Florida State University offers you a special professorship in Russian language and literature effective February 1, 1959, at $8000 a year."

The president asid Russian literature and language classes have been over-crowded because of unusual interest in them.

Pasternak was offered the position not only because of his writings, but also because of his interest in English.

"He is a student of English and has translated Shakespeare into Russian," according to Strozier.

At Senate

Equal Race Track Aid Funds Sought

By VIRGINIA DELAVAN
Assistant News Editor

Florida State University's entrance into the "big-time" football-wise has raised a cry for a "big-time" share of the Race Track Scholarship program.

Senate is considering a resolution asking for an equal division of Race Track Scholarship funds between FSU and the University of Florida.

Senator Carl Butler introduced the resolution this week after discussing it with President Robert M. Strozier and R. L. Bannerman, assistant athletic business manager.

Butler said that since the program was set up in 1950, the U of F has received a maximum of 64% to a minimum of 50% of the revenue.

The most FSU has ever gotten is 37% and the least is 27%.

The Board of Control determines the amount to be given the three state universities. Florida A&M's share has ranged between 9 and 13%.

The sum divided between the schools amounted to $184,028 68 for the 1957-'58 year. Of this $136 402 06 went to U of F, $118,699.22 to FSU. A&M got $47,626 62.

ALL FOR SPORTS

All the money from the program goes for athletic aids, mainly football. Some help is given in baseball, basketball, track and other "minor sports."

The resolution was shelved by Senate for further study and clarification. If it passes, Dr. Strozier will submit the request to the Board of Control on behalf of the student body.

Butler said that Bannerman has studied the problem for some years. Both he and Dr. Strozier are in favor of the equal split. The President suggested to Butler that he officially present tha request.

Butler's resolution lists three reasons for evening the split:

(1) The Board of Control has arranged for FSU and the U of F to play many of the same teams during the next few football seasons.

(2) The cost of producing a winning athletic team is the same for both schools, regardless of size of enrollment.

(3) FSU has demonstrated that it is using the funds now received to the fullest extent and it is deserving of being ranked along with U of F as a "big-time" school in athletics.

STRESS 'MINORS'

Senator Ronnie Clark suggested an amendment to the resolution placing more emphasis on minor sports.

"It seems like we're emphasizing one sport, football. Because of our successful year, people might think we're getting cocky," he said.

Clark pointed out that "football has a definite income, the other sports don't."

The amendment was discussed and passed. The senate will vote on the resolution next week.

Chiefs Perform At Miami Tilt

The Florida State Marching Chiefs left last night for Miami only five days after learning they would be able to make the trip.

Four buses took the 148 band members to the "Magic City" where they will perform in the Orange Bowl during the FSU-Miami game half-time ceremonies.

The band was not scheduled to make the trip due to lack of funds. However, after FSU's recent gridiron successes the directors and members felt that they should go with the team and give them support.

Funds for the trip were obtained by the administration but the exact source was not known when the **Flambeau** went to press.

The group will stay at the Bancroft and Charles Hotels on Miami Beach, returning to Tallahassee Sunday night.

President Emeritus Campbell Heads New Education Group

President Emeritus Doak S Campbell has been selected to head a state financed study of education in Georgia by the governor's conference on education.

The study, expected to cost between $17,500 and $25,000, will be financed by the Georgia Nuclear Advisory Commission, sponsor of the conference.

Kindergarten, elementary schools, high schools, and colleges will be included in the study, according to A. L. Feldman, chairman of the conference.

With headquarters in Atlanta Dr Campbell left Tallahassee three weeks ago to begin his work as head of the study. The former FSU president will be working on the education study for six months or more, according to Mrs. Campbell, wife of the distinguished educator.

In 1934, Dr. Campbell acted as consultant to a commission study that resulted in the reorganization of the university system of Georgia.

Along with heading the Georgia education study, the president emeritus is acting as a consultant to the evaluation program of television in public schools in the state of Alabama.

Dr Campbell became president of Florida State College for Women in 1941. The educator saw the college through its transition into Florida State University and remained its president until his retirement in 1957.

PRESIDENT EMERITUS DOAK S. CAMPBELL

...nals Next Week

Response Said Good For Speakers' Bureau

"Response to interviews for Speakers' Bureau has been very ...d" according to Roy Mathis, selections co-chairman.

...al tryouts and interviews ... been extended and will be ... Monday and Tuesday in ... Longmire. On Monday the ...views will be from 4 till 5, ... on Tuesday from 1 till 3.

During the past two weeks, ...nty-seven persons have tried ... for membership in the ...eau and the opportunity to ...present Florida State University throughout the state in high ...ools and civic clubs.

The majority of the speakers ... go to their hometowns to ...k.

Selection is based on general ...earance, personality, and ...aking ability. Candidates are ...ested to give extemporan... talks for two minutes on any chosen topic.

"We need more men speakers," said Mathis. He urged that the men not miss out on the opportunity to represent FSU in hometowns.

Speaking tours will begin on the days preceding Thanksgiving holidays and will continue during and following the holidays. Other tours are scheduled preceding and following the Christmas, semester, and Easter holidays.

The speakers' transportation expenses will be paid for by the Bureau.

"Persons who have already had interviews will be contacted within the next two weeks," said Mathis.

GOING HOME FOR A HOLIDAY?—Alpha Phi Omega, men's service fraternity, is interested in helping you get a ride or riders. Three "cheerful" travel agents, left to right, are Bob Davis, Paul Kaiser and Lamar Brock.

APO Resumes Travel Service Operation

The Student Travel Service, nearly inactive for three years, resumed operation Tuesday under the direction of Alpha Phi Omega, men's service fraternity.

The purpose of the Travel Service is to aid students in transportation to and from the university, with no charge to the students for the service.

An amendment to the Student Government Statutes gave the Secretary of Student Welfare the authority to delegate the operation of the Travel Service to APO.

NEED CARS

"We have many riders for the Thanksgiving holidays, but we need more cars," stated Dave Mathis, spokesman for the fraternity.

Students who have cars and are planning to take riders are asked to get in touch with the Travel Service as soon as possible.

Those who wish rides are requested to fill out a card specifying their destination, with a nearby large city, the rate and hour most likely to leave, name, address, telephone, and hours when they can be contacted.

Drivers of cars are asked to fill

NO FLAMBEAU TUESDAY

Because of Armistice Day, the **Florida Flambeau** will not be published on Tuesday, November 11. The next **Flambeau** will be out on Friday, November 14.

Time Marches On

Coeds Allowed To Wear Slacks

By PAT GUTHRIE
Flambeau Staff Writer

FSU coeds may wear slacks, as well as bermudas, beginning tomorrow.

A bill permitting the wearing of "tailored slacks" was unanimously passed by Women's Senate Tuesday, after rules were waived to consider the first reading of the bill as the second reading.

Approval of Dean of Women Katherine Warren had previously been secured by Senator Mary Ann Coleman, who introduced the bill.

The passage of the bill effects a change in three sentences in "Knowledge for College."

SLACKS OKAY

Under Social Standards, Section I, the first sentence will now read: "That in accordance with an agreement reached in the spring and fall of 1958 students are permitted to wear Bermuda shorts and tailored slacks on Saturday, both on campus and to business establishments which are immediately adjacent to the campus."

Under Regulations Governing Graduate and Mature Undergraduate Students Living in Residence Halls, Section 8, the word "slacks" will be deleted from the first sentence.

The second sentence will be made to read: "On Saturdays Bermuda shorts and tailored slacks may be worn on campus and to business establishments immediately adjacent to the campus."

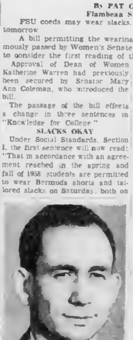
SENATE EFFORT

The resolution permitting Saturday wear of Bermudas was passed by Women's Senate April 22 after concentrated effort of both Women's Senate and Student Senate to secure favorable reception of such a resolution.

Approved by Dean Warren soon after, the resolution went into effect May 10.

Ada Leigh Wall Women's Vice President, said, "The present bill was introduced upon the request of several students, particularly the House Presidents' Council, that the wearing of longer pants be permitted with the coming of cooler weather."

Dean Warren stresses that the wearing of Jamaica shorts, short shorts, slim-jims, dungarees, toreador pants, or pedal pushers will not be permitted.



DR. JACK ROLLOW

Rollow Named Assistant Dean

Dr. Jack Rollow, director of campus housing since February, will take over as assistant Dean of Students on February 1, 1959, Dean of Students R. R. Oglesby announced yesterday.

Rollow's appointment was made by President Robert M Strozier and confirmed by the Board of Control at their Oct. 31 meeting here.

"Rollow will serve as my administrative assistant and will do a little bit of everything that I do," said Oglesby.

Oglesby described Rollow as a "very successful housing administrator" and said he would continue to handle many of the details relating to campus housing.

"He has been especially active in securing Federal and state housing grants and we will want him to stay in this field," Oglesby stated.

No replacement for Rollow as director of housina has been named yet.

120 Expected To Attend Weekend

By DIANE GODIN
Flambeau Associate Editor

Tomorrow will mark a "first" in Florida State University student government history.

Over 120 students representing every branch of student government are expected to attend a week-end retreat at the reservation.

Transportation to and from the retreat will be provided. Cars will leave Longmire at 8 15 Saturday morning and return at the end of Sunday mornina activities at around 11 a.m.

Art Moore president of the student body, emphasized the aspect of completeness in the representation of student leaders. He stated that "this is an opportunity for both program expansion and coordination of various branches of our student government."

Moore termed the theme of the retreat as "progress through participation." He added that all students are invited to register and attend any discussions of particular interest to them.

President Robert M Strozier, and NSA president Bob Kiley are expected guests for his week-end a discussions.

Dr. Strozier will give an informal talk Saturday afternoon, which will be followed by group discussion.

KILEY HERE

Kiley was invited to attend the activities at the reservation by Art Moore, who has expressed a desire to seek FSU membership in NSA.

Active in NSA for several years while attendina Notre Dame, Kiley is expected to acquaint student government officers with the functions of this national organization. He will be on campus throuah Tuesday.

General discussion groups will be divided according to governmental branches, and will meet throughout Saturday making a final report Sunday mornina.

Members of the administration participating in the discussions will be Dean of Students R. R. Oglesby, Dean of Men Donald Loucks, and Dean of Women Katherine Warren.

MOORE LEADS

Leadina the executive branch will be Moore and Barbara Watson, who expect the group to concern itself with such topics as student participation in Speaker's Bureau, the Senate lobby committee, and plans for race relation study.

Legislative activities will be discussed under the leadership of Jim Apthorn, Mattox Hair, and Ada Leigh Wall. Newly-elected senators will be oriented to the aspects of student legislation and Senate procedures. The possibilities of re-apportionment is expected to be covered in discussion.

The judicial branch will be led by Buck Bryan and Nancy Worrall. Working through this committee will be a separate workshop which will study the promotion of the honor system. Secretary of Honor Don Reedy and Chief Justice Bryan will work outside the regular discussion group with the workshop.

General meetings are expected to be concerned with evaluation of

(Continued On Page 6)

No Signing Out

Adjacent To Campus Restaurants Clarified

A Women's Senate resolution introduced Tuesday has designated seven restaurants as "adjacent to campus."

Eating places so defined, for which women students need not sign out after 7:30 p.m., are: Howard Johnson's Quaker House, Royal Burger, Faiver's, Sweet Shop, Mecca and Corner.

The resolution was passed unanimously by Women's Senate and was approved by Dean of Women Katherine Warren. It goes into effect immediately.

Senator Pat Mickler, who introduced the resolution, said there has been some confusion on the part of students as to which places are considered adjacent to campus and thereby do not require the signing-out procedures.

In other Women's Senate action, Senator Diana Holroyd reported that the resolution to extend hours to 1.30 a.m. on nights when home football games are played, which was passed at the last meeting is to be considered by the Dean of Women, Dean of Men and Dean of Students.

"There is a need for organized parties after night football games, and these parties are not worth the effort unless more time is allowed for them," Senator Holroyd said.

Senate also learned that the committee which has been designated to study student opinion on signing out for engagements in Tallahassee after 7:30 p.m. was to seek comments at last night's House President's meeting, according to Senator Jackie Soud.

Travel Service Revived

With the holiday season rapidly approaching, FSUers are becoming more concerned with the need for picking up rides and riders to their homes.

WE SHOULD LIKE to commend the Alpha Phi Omega service fraternity for taking over operation of the student travel service this year.

Formerly the service was operated by student government. They tried to make a go of it, but somehow, it never got publicized and was not frequently used.

Perhaps APO, with less on its agenda than student government, will be better able to serve FSU in this function.

THE FRATERNITY HAS announced that it will be taking ride orders between 10 and 12 noon Tuesdays and Thursdays and will increase its service hours just before holidays.

Such service ought to be better than the haphazard method of putting up messages on the bulletin boards around campus.

Alpha Phi Omega can chalk up another mark on its record of good service to the school.

Retreat Sets Precedent

Tomorrow the student government begins its annual "retreat" at the university reservation.

THIS IS AN INNOVATION in student government procedure, having never been tried before at FSU.

We think it's a good idea and believe it will help the administration of student government during this year. A day of restful exchanging of information beside the waters of Lake Bradford will help officials understand the problems and attitudes of members of other branches of SG.

A NEW PROJECT like this takes work and planning to make it successful. A lot of work has gone into this retreat. Several speakers, including Dr. Strozier, are scheduled to give their views of student government.

We feel this retreat will be successful and will set a precedent for many others in years to come.

Southern Cooking Not Way To Yankee Hea

By ED CARHART

You can bring a Yankee to the South but you can Southerner out of him. At least not with Souther There is no sense in saving your Confederate mon South won't rise again. In fact, if you keep on eating ing, you'll be lucky to get up from the table.

JUST AS AN EXAMPLE, take that mess you call grits. The first time I visited this land of sunshine (?), I ordered breakfast at a roadside restaurant. When my eggs came there was a side order of what I thought to be Cream of Wheat. One bite made my mistake obvious. I took an oath to stomp out grits right on the spot.

There is a young lady who delights in ordering a large plate of this goo, covered with butter, each morning at the Soda Shop. When she puts the plate down next to me, I get a terrible urge to head for 8:00 class. But since it is usually 8:15 by this time, there is no escape, and I have to sit there and watch her eat it in horrible fascination.

TRY AS I DO, I still can't figure out the reason behind making an armadillo out of a chicken. I'm referring to the myth of Southern fried chicken. As any proper Yankee knows, the correct way to cook chicken is a method called broiling. Under this system the natural beauty of the chicken's body is there for all to behold.

My very heart cries out when I see the lumps they serve for biscuits. The cooks in the local restaurant must sit on these little goodies while they are baking. No self respecting biscuit would voluntarily assume the shape I find them in here in Dixie. What they lack in form is made up in the amount of salt they conta that does me little a dry county!

BUT THIS IS O ginning I haven' tioned the terrib collard greens and peas! I don't think try to describe my these At least not newspaper as the F

Kay Writes

Coed Describes Opposite Sex

By KAY WRIGHT

From the University of Georgia's **Red and Black** comes this rebuttal in answer to a recent editorial entitled "Women—Damn Women." (Nice title) The author is S Allen, a secretary at the University of Georgia, who says she is unmarried. (Perhaps you'll see why. This girl is bitter.)

MEN? ? ? ?

Men are what women have to marry. You may deny that they have to marry them, but after all, there is practically nothing else to do.

MEN HAVE TWO HANDS, two feet, two brain lobes, and sometimes wives, but never more than one dress shirt, and that is always in the laundry.

A man is composed of his digestion, his conscience, and his vanity. His digestion often goes dead, his conscience constantly has to be cranked up, but his vanity is always self-starting.

Most of man's life is spent in hiding things from himself, then hunting for them, pursuing a woman and then trying to crawl out of it.

All men are alike before breakfast and after marriage.

MOST MEN MARRY one girl to escape from a lot of others and then run around with a lot of others to forget that they are married to one.

A man's disposition is directly dependent on his stomach. You'll find that everything from a declaration of war or love to a picnic in Wall Street is due to the state of some man's digestion.

MOST MEN DECLARE that they have no vanity yet almost every man's longing for a son is the wish to duplicate himself in order that such a remarkable pattern may not be lost to the world.

If you flatter a man, he is frightened to death and thinks you have matrimonial designs, and if you don't he is bored to death and thinks you lack intelligence.

IF YOU ALLOW him to pet you, you are "that kind of girl" and if you don't, you're a "flat tire." If you listen to his conversation, you've got to learn to like biography, and if you don't you may as well learn to like solitaire.

In short, the only way to get along in this world if you are a woman, is to "take men as they come, and let them go when they want to."

THE ARREST OF A GROUP of University of Michigan students in Ann Arbor last week uncovered a betting ring operating on a large scale on that school's campus.

The Kent Stater, the Kent State University Ohio newspaper, reported the details of the incident and emphasized the severe punishment for such offenders.

Two of the apprehended students were active members of the University of Michigan's varsity athletic teams.

ACCORDING TO REPORTS, these two and several other students were "pushing" football spotting cards to the tune of $10,000 per week on the Ann Arbor campus alone.

This is reported to be the first major college expose of this type since the sensational University of Kentucky point-shaving scandal in 1950-51.

"This does not mean that the condition is dormant on campuses elsewhere," says the Stater.

"If a $10,000-a-week 'operation' such as this is existing on the University of Michigan campus, then college officials and administrators across the nation should view this incident with serious concern.

MOVES SHOULD BE TAKEN to determine if such conditions are existing on their campuses and if so, they should be denounced publicly and offenders severely dealt with."

The Kent State reporter then warned the student body that students caught with "spot pools", regardless of the sport involved, would face immediate expulsion. Actions of this type are handled by the state, rather than local officers. Under Ohio law, persons caught "promoting lottery, or scheme of chance" are subject to fines of from $10-$500 and face possible jail terms from 10 days to six months.

ALTHOUGH FSU IS MANY MILES from the University of Michigan and Ohio laws, the risk involved in participating in such "gambles" should be plainly recognized by all. Certainly more is at stake than the gain or loss of a few cents.

Spirit Of Women's Rules Wrong

By BUCKY CANON

Perhaps it's time someone mentioned women's rules again.

I have a great quarrel with the spirit and in some cases the text of women's rules. Yet, I can in some measure appreciate the dilemma facing the Dean of Women's office.

THE SPIRIT REGARDING the rules seems to be something borrowed from the era of the Spanish Inquisition.

It exhorts house counselors to be watchdogs instead of friends, persecutors instead of advisors.

And women are tempted, and often urged, to "turn in" their girl friends.

HOW OFTEN HAVE you heard a girl complain that her counselor "has it in for her" or for a girl down the hall. Or that some neighbor is a "tattle-tale."

I hear such complaints fairly frequently. They indicate a dissatisfaction with dormitory living here.

Such a spirit behind women's rules does untold and subtle damage to FSU's women students. Many it even forces out of school directly or indirectly.

TAKE THE RULE forbidding drinking. Now you know as well as I do, that a good many of our 18 to 22 year old healthy females are not going to—**and don't**—restrain themselves from drinking for nine full months.

And so they drink. Then the tension begins. They worry about being caught. Will their neighbor tell? Will there be a breath check? Etc.

SUCH TENSION is unfitting — and unnecessary — for college coeds.

We could take up the damage other rules do. Rules almost meant to be broken. Like the one on signing out after 7:30. Or on visiting men's apartments. Or others.

What is the purpose of these rules? To protect our girls from what we might term "vice?" If so, it's time someone found out things have changed since Queen Victoria's day. Nowadays drinking and sex play are no strangers to the high school crowd.

CAN FSU WOMEN be protected from what they've already been exposed to? I doubt it.

Nonetheless, it's not easy to complain about these rules per se. As I said, the Dean of Women's office faces a dilemma.

Imagine the reaction around the state—especially that of parents of prospective FSU girls—if it were said, "Why we have no rules for girls here. They can stay out as late as they want, with whom and where they please."

THE DEAN'S OFFICE owes a responsibility to the parents. If this wasn't fulfilled, many girls would not be able to come here at all.

But the Dean of Women's office owes something to their students, too. It is here that they fall down.

The creation and enforcement of FSU's women's rules seems based on the principle that 18 to 22 year old coeds are unable to think for themselves or handle any but the most routine situation in a proper manner.

I QUESTION THIS. I think most girls at this age are capable of managing their own affairs. And those who aren't had better start learning. Neither Mommy nor the Dean of Women is going to watch over them forever.

Rules made in such a spirit have a deadening effect. Girls are encouraged—almost made—to conform, at least outwardly. (The rules are easier to enforce this way.) Such tactics cannot help but frustrate growing and creative girls and make them feel like victims of a tyranny rather than members of a community of freethinking scholars.

OH SURE, some rules are necessary. A certain amount of order must be had. But need we have so many rules governing the ungovernable and creating nothing but tension and distrust among our women students.

Do FSU women have to be guided in their every step like spineless half wits? Or can they be regarded as college students now? Having minds of their own to think with and lives of their own to lead and about to step out in the big wide world.

On Wheels

Are You Sinking In Sin, Mud, Midterms?

By DIANE GODIN

Today may find many of you sinking deep in sin, midterms or mud accumulated on campus during this month's monsoon. If any or all of these tend to be your particular state, the time has come for vast change. Revise. Reorganize. Above all, repent.

It's not really later than you think. Let not the spark die, even though the tennis shoes are wet. Get in there and fight corruption, depression and mildew.

BEGIN TOMORROW morning by restoring order into your frantic existence. Get out of bed and try a few violent exercises, throw all those beer cans down the incinerator chute, write your mother, and gargle vigorously through a few bars of the fight song.

Revise your schedule so that it includes classes. (Refer to the back of your I.D. card if necessary.) Acquire a map of the campus and determine their location, then attend immediately, mustering first a look of intelligent anticipation.

And don't just appear interested, but more or less engrossed or just plain fascinated. As soon as you are able to recognize the instructor, pounce on him after each class with a toothy smile and a few appropriate comments on the topic of the day.

OR PERHAPS YOUR SOCIAL life needs immediate attention, too. The past long week-end may find you sick, sick, sick of somebody, and with the dawning realization that improvement is in order.

If this is the case, begin frequenting places where you might casually run into someone different, and avoid last week's mistake.

Don't expect to make just minor changes. If you usually coffee in the Corner, a trip next door to the Mecca may be too conservative. Take off your shoes, don your levi's, get the latest **Evergreen Review,** and retire to the Soda Shop.

BY THIS TIME, INSPIRATION may have filled you with even greater plans for revision which unselfishly includes a majority of the student body.

With the present student government retreating to the reservation, you may attempt to overthrow this dictatorship and set up a divine monarchy.

Crusading may be among your undiscovered talents. Perhaps a trip to administrative offices to let everyone over there know how to run the school, or if you are of rather persuasive nature, you may even get up a group to picket the Student Center.

As a rule, though it is much safer to be concerned specifically with self-salvation. Forget your fellows. Put up your umbrellas. Put on your combat boots and above all, be prepared.

The Diploma Mill

Collegiate Ideal: Be A Well Rounded Man

By BOB FERLUGA

"Who me? . . . study hard? . . that's for bookworm kinds of odd-balls . . . I think the purpose of college is me well-rounded."

UPON FIRST GLANCE the perceptive will probab the foregoing monologue as nothing more than a routine zation for those widespread human deficiencies, indol stupidity. Certainly it would seem that those member campus community with an unlimited potential for n should not be denied the soothing anesthetic of self-delu

However as Mr Mediocre continues his discourses taking shape out of his crudely utilized monosyllables definite philosophy of society. Not content with exc failures in terms of the expediency of well-roundedness tinues to maintain that well-roundedness is the highest va civilized man and those who do not seek to cultivate it dese the abuse that an army of Mr Mediocres can heap upon h

According to the well-roundedness concept, the fundam unit is the group and the individual is but an incomplete of this unit. Thus **the value of an individual stems not from own accomplishments but from how well he 'fits in' with the** Analogously, all people are likened to concrete building blocks of value as long as they conform to a standard measure. The blocks or the irregularly shaped ones must either be cut do size (by the group) or discarded.

IN OTHER WORDS, in the world of the well-rounded exceptional person, the individual, the genius, is at best a u misfit and at worst a positive danger. He must be molded in common specifications or face social expulsion.

I submit that these observations upon the social generated by the mediocre, the well-rounded, are not Over 100 years ago the acute political observer de Tocq (**Democracy in America**) stated:

SOCIAL PRESSURE . . . "covers the surface of society a net-work of small complicated rules, minute and through which the most original minds and energetic chara cannot penetrate to rise above the crowd (or group). The of man is not shattered, but softened, bent and guided: m seldom forced to act but they are constantly restrained from **such a power . . . compresses . . . extinguishes and stupi people,** till each nation is reduced to nothing better than a of timid . animals." But how wonderfully equal and cont

Returning to our own time, William Whyte (**The Organiz Man**) gives a classic example of the conspiracy of the 'well-r against the individual:

"A GROUP OF GENERAL ELECTRIC trainees (who W cites as prototypes of the well-rounded man) were asked they would do if a brilliant person like Steinmetz (one of the est minds of our century) were to apply to them for a job some thought, a few trainees said they thought **maybe** he work out; because of the fraternity like life of the training gram, they 'could iron out his rough spots' (**Make him conf** Others disagreed, the man would be too hopelessly antisoc remoid. 'I don't think we could put up with a fellow like that one said."

"'I would sacrifice brilliance,' one trainee said, 'for bu understanding (a euphemism for mediocrity) every time.'"

In a society dominated by such thinking one might va wonder how we will muster the genius to chart the unknown of matter and mind. The well-rounded man assures us t doesn't matter anyway. He must be right: there are so of him.

"Mood" Exhibit Opens Tonight

By DIXON REDDITT

The Anthropology Department's new experimental exhibit "Mood" has its formal opening tonight 7 to 9 p. m. high over the Seminole Club.

THIS DISPLAY is not trying to prove anything and may succeed admirably with many people. This is because of its essentially projective construction. If you bring nothing to this exhibit you can't get anything out of it.

Hale Smith, head of the department of Anthropology, says, "Ordinary museums are not able to experiment with new, different, or advanced techniques of presentation. This is a novel research project and we frankly don't know what the public's response will be."

There will be brief questionnaires where everyone will have a chance to air his public and or private opinions.

THE PROBLEM WAS TO present an area that was evocative of moods, in this case of two contrasting ones. The experiment was hampered by the same things that are encountered in many other areas of scientific research, namely, lack of space and lack of an unlimited supply of money.

In a small area hundreds of concepts and ideas are concentrated. All have been equated as belonging to the "core" feeling that is being developed. It would really not be too smart to give a catalogued index of all the effects and artifacts used because it's not the materials, lighting, etc. that are important.

It is the symbolistic reaction that these items (…)ke on the conscious and (…) levels, that make the show. And, of course, on the sensory level these would all be in the realm of pure knowledge, i.e., not describable.

WHEN YOU GO TO see this show take only your cultural bias and an open mind. Just stand around and absorb. It will give you an insight into an observational technique that is a little foreign to western philosophy.

Could It Be?

Does FSU Degree Mean Much?

By NANCY GENE BROWN

"I'm a graduate of Florida State University," you'll say when you meet your first prospective employer after you graduate.

"SO WHAT?" he'll say.

Or at least that's the way I visualize it. What good is a degree from this place?

I like it here. Really. I even plan to be loyal and sit in the FSU student section at the Florida game.

BUT DARNED if I can bring myself to emulate Dr. Pangloss and pronounce this to be the "best of all possible" among universities. It isn't.

In a recent **Flambeau** edition, Columnist Herb Schmuck denounced FSU's tendency to become overflowed with "vocational school" courses. And Columnist Bob Ferluga cast a sarcastic eye on the American school system and its lack of ability to match up to Russian educational progress.

FAR BE IT FROM me to pretend to be as informed as these two gentlemen. All I know is that three years at FSU have proved profoundly lacking in value to me.

Many's the student who has arrived at this institution with the notion of becoming "an educated person." And for the first couple of years, he seems to be precisely on that track—even though he does occasionally gripe about "worthless" general education.

THEN, SOMETIME during the second semester, the scene changes and our student finds himself in a vocational school.

He's still at FSU, but the complexion of his courses has taken on a somewhat pallid shade, compared to what he had expected.

I WOULD NOT be so bold as to denounce the need for good, sound courses designed to prepare the nation's future business and trade personnel. Many such praiseworthy courses are to be found here.

But my concern is that this vocational aspect of our university tends to consume and dominate the latter portion of one's college education, in many fields.

I PRESENT THESE questions for application to your course of study. How many hours of your present schedule are spent in "required-for-your-major" courses that don't particularly interest you? How many hours of electives are you able to take?

To me, a university, in the truest sense of the term, should be designed to produce "educated" citizens—and not necessarily "well-

Statistics show ...eam with a sound running game walks off the field vic... ...ore often than a team that relies on passing."

... made this statement before the football season began. ...n, the tune played by the Miami backfield has changed ...at The Hurricanes discovered early that they didn't have ...aterial or personnel of past seasons that could make the ...e series click.

...ALL POSSESSION

...e Miami team still emphasizes ball possession, as can be ...e statistics. Miami has had the ball on 367 plays while ...nts have had it only 317 times. But, the Miami of... ...compared to past seasons, has opened up.

Coach Andy Gustafson has worked some new wrinkles into ... heretofore conservative offense. One of these wrinkles being ...e twin "lonesome ends." At Army, which was the first team ...e the "lonesome end" this season, they only flank out one ... best 15 ...ds. Gus sends out both of his.

...e Yarbrough, a dangerous passer, in the game ...minoles will have to watch the twin "lonesome ends."

...MAKE ALL-AMERICA CHECKLIST

...ca checklist which was released early this week, ...ames of four Florida State gridders for possible ...mination.

...our men **who are being considered by the Football Association of America are seniors Vic Prinzi, quarter... Bobby Renn, halfback; junior fullback Fred Pickard ...more end Tony Romeo.**

...laced on this checklist is not only an honor for the men ... but it is a tribute to the whole team and the uni... Even if none of the men are chosen to the all-America ... we have made a gain in the right direction.

The nation realizes that Florida State is a university, with a ...tball team. A few years ago a sportswriter from a northern ...ewspaper heard the name Florida State. "Florida State," he ...estioned, "What's that?"

We can imagine today that, that sportswriter and many others ... what Florida State is now.

Frosh Eleven Meet Houston In Final Game

Florida State's freshman football team closes out its 1958 season Saturday night when it meets the University of Houston freshmen in Panama City at 8:00.

The Houston squad is rated as one of the best freshman teams in the Southwest. So far this season the Kittens have a 1-2 record with losses to Texas A&M's frosh and Del Mar junior college. Their win came at the expense of Mexico Polytech.

Herb Hughes' Baby Seminoles will be seeking their initial win as they have lost to freshmen teams from Miami, Furman and The Citadel.

The strength of the Houston squad might be seen in comparing scores. The Miami frosh whipped the Baby Seminoles, 44-6 and tied Mexico Polytech, 14-14. Houston's win over the Mexica team was a 42-6 rout.

Coach Hughes said that his team has definitely shown improvement in all phases of the game since the beginning of the season. He said that the boys are enthused about this game, but many of them are still hampered by injuries.

HAMPTON DIRECTS

Directing the Seminoles' attack will be quarterback Bill Hampton who scored the only touchdown against The Citadel last week and has passed for over 200 yards this season.

He will be spelled by Buddy Godfrey, a hard running signal-caller from Parrish, Fla.

The Houston team is led by quarterback Larry Lindsey, a 175-pounder from Gilmer, Tex. Lindsey has completed five of 12 passes and is the team's leading scorer with 12 points. He is also the Kittens' punter and has a 31.9 average on 13 kicks.

Starting along with Hampton in the Baby Seminole backfield will be Jim Miller, left half, Charley Cannon, right half, and Paul Andrews, fullback. Cannon and Miller have scored a touchdown apiece this season.

At the end slots FSU will have Fred Grimes (185) and Jeff Clark (217). Clark caught a touchdown pass in the Miami game. Richard Goethel (210) and Steve Kiestus (194) will open at the tackle positions.

The guard spots will be handled by Jessie Lane (185) and Leon Tidwell (196). Jim Chancey (185) is the starter at center.

CHARLEY CANNON, a freshman from New Orleans, La., will open at right half for the Baby Seminoles tonight as they take on the University of Houston frosh at Panama City.

GYMNASTS OPEN SLATE

Florida State University's gymkana team will open their 1958-59 season Saturday in Louisville as they defend their Kentucky AAU title.

Teams from the Louisville Turners, Indiana University, Illinois and possibly Michigan State will be among those competing.

State, a perennial southern gymnastics power, will enter a six-man squad composed of Jack Miles, acting gymnastics instructor, Bill Beavers, Colin Cameron, Fernando Lecuona, Captain Roger Webb and Jack Ryder.

Miles was a member of the United States Olympic Team in 1956, and is a former NAAU flying rings, longhorse and still rings champion. Lecuona is a two-time member of the Cuban Olympic Team.

Miles, Beavers, Cameron, Lecuona and Webb will enter the all-around events with Webb also entered in the tumbling event.

Ryder will enter only the trampoline and tumbling competition.

Last season the Seminoles were undefeated in dual meets, winning all seven of their meets besides their team victories in the Florida, South Florida and Georgia AAU's and Southern Intercollegiates.

Tribe Rated Slight Favorite; Yarbrough To Lead Hurricanes

By BEN BALSER
Flambeau Sports Editor

With a victory gleam in their eyes and six wins to their credit, the Seminoles of Florida State move into Miami tonight to meet one slightly used Hurricane from the University of Miami in the Orange Bowl at 8 p.m.

Prognosticators and mathematical systems all over the country have ranked Florida State anywhere from ½ point favorites to 15 point favorites. It is the first time in the series which began in 1951 that the Seminoles have not been underdogs for the Miami contest.

The Tribe, winner of its last three games, will be captained by seniors Vic Prinzi ad Bobby Renn tonight. The Seminoles have not allowed a point to be scored on them in the last three games.

Miami, holding a 1-4 record this season, is due for an explosion according to the Magic City fans and newspapermen.

Hurricane Coach Andy Gustafson has made some radical lineup changes for the meeting with FSU. Gus dropped Fran Curci, who made honorable mention all-America last season at quarterback, to third string along with Charley Diamond a giant-sized tackle.

In Curci's place the Miami team will have Bonnie Yarbrough, a slender left-handed throwing signal-caller from Jacksonville. Yarbrough, virtually idle since the first game of the 1957 campaign, played the last 16 minutes of the Vanderbilt game and passed for 105 and got Miami a touchdown in the process.

Along with Yarbrough, the Miami backfield will include captain and left half Joe Plevel, right half Bryon Blasko and fullback Harry Deiderich.

Deiderich is backed up by a soph fullback Frank Bouffard who is being compared to the former Miami great Don Bosseler.

Standouts in the Miami line include ends Doug Hildebrandt, Phil Geatz and tackle Gary Greaves.

Hildebrandt, a senior who was a starter last season, is rated as Miami's top defensive end. Last fall he made more tackles and assists than any other Miami end. Against FSU last year he made nine tackles and one assist.

Geatz is the only two letterman in the end corps. He was the Hurricanes leading pass receiver among the ends last season.

An honorable mention all-America last season, Greaves returns for his third year as a UM starter. He has made 88 tackles and 56 assists during his career at Miami. This is an all time Hurricane record.

Jim Otto, a junior from Wisconsin, played behind Vester Newcombe last season, but has turned into a top flight pivot man this year.

Jack Novak and Dan Coughlin are the starting guards for the Hurricanes while Frank Nodo-line is slated to open at the tackle opposite Greaves.

The Hurricanes are deep in reserve strength in the line. They have two lettermen ends, Bill Poole and Jon Mirlovich, on the second team, along with Bill Hayes, a guard, and Diamond a 222 pounder who has started every game this year.

The Seminoles should be in good physical shape for the Miami contest. John Bell, second unit center and linebacker, and fullback Lenny Levy will be the only men to miss the Miami game.

Fullback Paul Pasquale and end Bob Fountain were on the injured list, but have recovered enough to see action.

Nugent plans to go with the same starters that he did in the Tampa game, with one exception. Terry Moran, the pint-sized sophomore from New Orleans, will open at right guard in place of Jerry Graham.

MORAN STARTS

This will be the first game that Moran has started since

Intramural News

The Playboys kept their unbeaten string alive Wednesday night when they topped previously undefeated, Psychology club, 59-55. This gave the Playboys, the undisputed lead in the Dorm - Independent basketball league.

Other action saw Senior Hall move into third place by beating Penthouse, 58-39, 400 club beat Newman, 51-36 and CLO defeat the Majors, 44-39 in a real nip and tuck battle. Wesley gained their first win by topping Magnolia 46-43.

SAE, PDT WIN

SAE and PDT swept to the top of their respective leagues with important victories. SAE topped KA, 60-41 to gain the top spot in League I.

PDT whipped SN, 54-45 thus gaining the lead in League III. ATO remained on top of League II by beating DTD, 51-49. Other games had PKA topping SC, 51-47, LCA beating SPE, 44-29, and KS beating TEP 55-18.

In Dorm-Independent tennis action, Newman club defeated Penthouse, 6-1, 12-10 to gain the finals against Magnolia for the doubles championship.

In the Fraternity doubles action, SAE beat SN, 6-1, 6-1 while the TEP's defeated KA, 8-6, 7-5. In singles, SN turned the tables on SAE, 6-4, 2-6, 6-2, KA beat SC 6-3, 6-3.

Gators Meet 'Dogs

The Florida Gators, Florida State's next opponents on Nov. 22 play their annual game against Georgia in Jacksonville's Gator Bowl tomorrow.

Now holding a 2-3-1 record, the Gators are rated in most quarters as slight favorites over the Bulldogs. The Georgia team, which holds a 28-14 win over the Seminoles, has a 2-4 record.

Last week, two Florida players won the Lineman of the Week and Back of the Week honors for their performances in the Auburn game. Tackle Val Heckman was named the top lineman and halfback Don Deal was named the top back.

Arabian Daze

Gymkana Show Starts Wednesday

By DEANNA MORRIS
Flambeau Staff Writer

Arabian Daze, the eleventh annual Gymkana extravaganza, will be ushered in at 8 p.m. Wednesday at the Tully Gym.

The show which runs from Wednesday through Saturday, reaches its climax with the coronation of the Gymkana queen Saturday night by President Robert M. Stromer.

Tickets for Arabian Daze will go on sale in front of the Student Center Monday and Tuesday. They will be 50 cents for students, and $1 for adults.

Tickets may also be bought in front of Westcott and in the Westcott ticket booth. There will be a ticket booth at the gym the nights of the performances.

Directed by Jim Fadigan, who entertained at the Brussels World's Fair, the program opens showing the differences between an Arabian Nights sultan and the modern sultan who, frustrated with his hectic modern life, wishes he were back in the good old days.

In jest, he picks up an Aladdin's lamp and rubs it. To his surprise, three wishes are granted to him. They are, a harem, international entertainment, and the desire that all this might remain unchanged.

For a harem, he is presented with the twenty-two Gymkana court finalists who have been chosen from the 295 original entries.

Saturday night, the court and queen will be announced. The queen and four members of the court will remain active in Gymkana throughout the year. They will act as hostesses for the troupe on its road show engagements.

During the show, they will wear costumes that they design. The court will be chosen partly on the originality and beauty of the costumes.

The second wish, to be entertained, is carried out on a grand scale, with entertainment coming from all eras of time and from all countries.

This entertainment includes not only gymnastic stunts, but clown acts and dances.

Vasha Nowaskowski, who did an interpretive modern dance at the Freshman Talent Night, will do an Arabian Solo.

Stu Goldberg and Ann Eastman represent the Funny French with an adagio dance.

From Latin America, there is Rafael Lecuona, former Cuban Olympic team captain, and Jim Fadigan, present New England trampoline and tumbling champ, will do a Cuban mambo backed up with a chorus line which will represent Cuba's Tropicana.

As part of the gymnastics, Jack Miles, Colin Cameron, Fernando and Rafael Lecuona, Warren Dicker, and Randy Trousdell will perform on the horizontal bars.

The Tallahassee Tumbling Tots will appear in two numbers, one a trampolet and tumbling act, and the other a dance.

The final wish is that all this may remain forever as it is in the show, with international competition and entertainment.

'ARABIAN DAZE'—Gymkana's 1958 presentation will be held in Tully Gym November 12-15. Shown above are Stu Goldberg and Ann Eastman practicing for their act entitled, "Stu and Ann." The act is an adagio dance representing the funny French.

Debaters In Alabama Meet

Members of the Florida State University Debate Team left yesterday for Tuscaloosa, Alabama, where they will participate in the 13th annual Alabama Discussion Conference this weekend.

FSU debaters participating in the conference this year are Nancy Jo Bowers, Art Danart, Jean Bleichner, and Melvin Peters.

The topic of discussion at the conference, which attracts teams from colleges and universities throughout the Southeast, will be "What should be done about the further development of nuclear weapons?"

FSU teams have won awards during each of the ten years in which they have participated in the conference.

"There really aren't any winners, as far as schools are concerned," according to Steve Huffatutler, coach of the FSU team," but every year that FSU has participated, we've won certificates for individual performances."

Prof. Greg Phifer, debate adviser, explained that "five per cent of the total participating attendance will receive awards for superior performances, and 10 per cent will get awards for excellence."

Next weekend, the team goes to Atlanta to debate in the first annual Peachtree Tournament. Six rounds of debate will be held on the national topic, "Resolved, That the further development of nuclear weapons should be prohibited by international agreement."

FSU–MIAMI RADIO PARTY IN LONGMIRE

Students are invited to listen to tonight's FSU-Miami game at a radio party in the large lounge of Longmire, building director Miss Jane Adams said yesterday.

Miss Adams said the lounge's radio is fixed now and she wished as many students as possible would come and enjoy each others' company while listening to the game.

FSU Degree . . .

(Continued From Page 2)

trained" people in limited vocational areas.

Is FSU turning out thousands of bakers, phys ed teachers, ad men, homemakers, and professional baseballers—without making them well-rounded individuals, aware of the world around them?

SOMEWHERE THERE'S a happy medium. There's room for many more liberal arts courses in FSU students' schedules—and probably less technical, theoretical, vocational courses are needed.

A well-known and widely-respected senior woman, majoring in one of the "vocational" fields, claims to be "after my degree now—for what little it's worth to me."

SHE CONTINUED, "As far as I'm concerned, I got my real college education the first two years I was here"—the general education years.

I may be wrong—but I think (and my opinion isn't lonesome) that steps should be taken at FSU to produce educated citizens—not just one-track-minded diploma-holders.

Then the world won't have a "so what?" reaction to FSU degrees.

Nov. 14, 15

'Rigoletto' Opens Here Next Week

Verdi's opera **Rigoletto** will be presented by the faculty of the School of Music Friday and Saturday Nov. 14 and 15 at 8:15 p.m. in the Westcott auditorium.

All seats for the melodramatic opera will be reserved. Admission is 75 cents and activity books for students, and $1.25 for other tickets. Tickets can be bought at the Westcott ticket booths.

The opera revolves around the incidents leading to the fulfillment of a curse. Rigoletto, the hunchbacked jester with an intensely possessive love for his daughter, tries all in his power to protect her.

THE CURSE

Even his cynicism and wit do not prove capable to save the lovely Gilda, and he realizes the fulfillment of the curse.

Starring in the faculty cast are: Richard Collins, Rigoletto, Walter James, Duke, Betty Jane Grimm, Maddalena; Herman Gunter, Sparafucile, and Jack Swartz, Borsa.

Students appearing in the production are Marjorie Polichio, Gilda, James Coleman, Monterone, Bobbye Carson, Giovanna; Paul Yoder, Marullo; Lonnie Keene, Count Ceprano, Doris Grant, Countess Ceprano, Ralph Nolen, guard; Lynn Brinson, a page.

The School of Music's newly formed Opera Chamber Orchestra will make its first appearance in **Rigoletto**. It will be conducted by Dr. John Boda, associate professor of Music.

ORCHESTRA PLAYS

The Opera Chamber Orchestra is a small section of the main University orchestra which also includes members of the faculty.

According to Richard Collins, director of the Opera Guild, the opera will be sung in English.

The set is designed by William King. The choral director is Karl Mohr, and the stage manager is Sidney Kennedy.

The ballet will be composed of members from the Theatre Dance Group, under the direction of Nellie-Bond Dickinson, associate professor of Physical Education.

This opera is an added attraction to the Guild's program. There will be a faculty musical **Kiss Me Kate** in March, and all-student production of **Cosi Fan Tutte** in May.

Duxbury Mayor Of Trailer Park

Charles Duxbury has recently been elected Mayor of the University Trailer Park.

Members of the Mayor's council are: John Ashton, James Coker, John Corliss, Neil Frank, Ben Henry, Norma Ragsdale and Frank Reeves. Mrs. Ragsdale is secretary of the council.

The trailer park, located on West Campus, is operated for the benefit of the married students of FSU.

The first general meeting of the Executive Council will be Nov. 12, at 7 p.m. A council meeting will be held the second Wednesday of every month, and will be open to all residents.

Composers' Concert Set Tuesday Night

The Campus Composers' Concert will be held Tuesday at 8:15 p.m. in Opperman Music Hall.

The concert, sponsored by Phi Mu Alpha Sinfonia, features compositions by Florida State University students and faculty.

Student composers are: Roger McDuffe, Henry Charles, Roy Johnson, George Newell, Harold Schiffman, and Ellen Taaffe. Faculty composers are Dr. Ernst von Dohnanyi, Dr. John Boda and Carlisle Floyd.

The compositions of two campus composers will be played from published works. Some of Dr. Dohnanyi's published compositions will be played, as well as an excerpt from Floyd's opera, "Susannah," which earned the composer an international reputation.

The concert will be taped by WFSU-FM and will be broadcast the following Sunday night at 8:30.

The concert is free of charge and the campus public is invited.

APO . . .

(Continued From Page 1)

in their destination, with nearest large cities, the date and hour they will leave, and the make and year of the car. They are also requested to add their name, address, telephone, and hours most likely to be in.

The schedule of the Travel Service includes a booth in the lobby of the Student Center post office Tuesdays and Thursdays from 10-12 a.m. and from 2-4 p.m.

CONTACT OFFICE

Students may also contact APO at their office in room 413 from 4-6 p.m. every Wednesday. It is expected that these hours will be extended one week before each holiday.

Alpha Phi Omega is a men's service fraternity whose purpose is to provide a continuation of the boy scouts for older men. The only prerequisite for membership is former affiliation with the boy scouts.

The service is first to the university, then to the community, and last, but not least, to the youth of the nation.

The only difficulty that APO can foresee in the operation of the bureau is in getting students to use the Travel Service.

It is hoped that by doing this, the unsightly posters on the bulletin boards around campus will be eliminated, an APO spokesman said.

Gridders . . .

(Continued From Page 3)

he was injured in the Georgia game. The other starter at guard is Al Ulmer.

At the ends will be Pete Fleming and Tony Romeo. John Spivey and Bob Swoszowski are the opening tackles and senior Bo Davis is the starting center.

Prinzi, Renn, Jack Espenship and Fred Pickard, make up the Seminoles starting backfield combination. Pickard was ranked the fourth leading rusher in the nation this week. He has gained 538 yards on 102 carries.

Grad Club Elects

Jack Chopoorian was elected president of the Graduate Club last Tuesday night.

Other officers include, Jo Morgan Sherwood, vice-president; Teresa Wright, secretary; Stew Strickler, treasurer, Juanda Hannah, social chairman; and Ralph Black, parliamentarian.

Social activities for the club will begin within the next two weeks.

Top Producer Speaks Tonigh[t]

Julien Bryan, one of the fo[re]most producers of documen[tary] films, will speak in the Libr[ary] School Lecture Hall tonight a[t] ...

The program, though open to the public, is part of the South[ern] Regional Meeting of the Edu[ca]tional Film Library Associa[tion] being held on campus this w[eek]end.

"We are having the first So[uth]ern Regional meeting and the ... regional meeting of this type ... held anywhere," Dr. Otis McB..., chairman of the meeting stated.

The only other regional mee[tings] have been in New York where ... national officers are.

Delegates from approxim[ately] six southern states will partic[ipate] in panel discussions, demons[tra]tions, and "do-it-yourself" sess[ions] today, tomorrow and Saturday.

The session Saturday morn[ing] will end the three day confere[nce].

"I am delighted that the Bo[ard] of Directors of the Educat[ional] Film Library Association h[as] asked us to do this," Dr. McB... concluded.

"They have gone all out in ma[k]ing it possible for us to have [an] excellent program."

PMA Concert

The Phi Mu Alpha Coffee C[on]cert, originally scheduled for S[un]day at 3 p.m. has been cance[led] "for reasons beyond our contr[ol]," reports President and News D[irec]tor for the group, Mike Hipps.

The Coffee Concert for Dec[em]ber will be on Sunday, the ... at 3 p.m. in the large lounge [of] Longmire.

Confusion Over Radio And TV Developments Prevails Here

Editor's Note: The following is reprinted through the courtesy of the Alumni Bulletin.

It is not surprising that there is some confusion over radio and television developments at the Florida State University. The program began ten years ago with a radio dramatics course in the Speech Department and a home-made wired-wireless radio station tucked away under the roof of Longmire Building. It made progress, moved along gathering momentum. In the past year it has started rolling. Suddenly, there is tangible evidence of vigorous activity in radio and television.

Today the University offers a Bachelor of Arts degree in Radio-Television. The University radio station, WFSU-FM, broadcasts 10 hours a day every day the University is in session. Television equipment has been purchased and is ready for installation as soon as construction is completed, converting space in Graduate Hall (the old Library) into a television station. This year University radio programs and films have won national awards.

The development of radio-television is the joint responsibility of Thomas Wright and Roy Flynn. Flynn is Director of the University Broadcasting Services.

The program is two-phased: it educates for radio and television, it educates by radio-television.

The objective of radio-television instruction under Wright is the training of young men and women who will enter the broadcasting industry equipped as competent craftsmen, sensitive to their cultural heritage as twentieth-century Americans, aware of their responsibilities as users of the most powerful means of communications known to man.

The objective of University broadcasting under Flynn is the extension of University resources to the public through radio, television and films.

In the past the radio station was handicapped by low power (10 watts). This permitted coverage of most of the city of Tallahassee, but reception was spotty even within city limits. Even so, WFSU-FM developed a loyal audience. Part of the interest in the station stemmed from program content. As commercial AM stations met the competition of television by shifting to popular music and capsule news, many listeners turned to the University station for programs of richer substance. The hi-fi boom over the nation also accounted for listener support for WFSU-FM. When the vogue reached Tallahassee, many people discovered the pleasure of hearing the full range of frequ[en]cies in faithfully recorded so[und]. AM radio cannot deliver th[e] range of frequencies FM ra[dio] can. People added FM tuners [to] hi-fi rigs and settled down to [en]joy the sixty-five hours a w[eek] WFSU-FM is on the air.

The station occasionally rece[ives] inquiries regarding whether [pro]grams are planned for student[s or] for adults. The WFSU-FM s[taff] feel the terms are not necessa[rily] exclusive. Programs are pla[nned] for people who want stimu[lat]ing programs and good mu[sic]. Some of these people happe[n to] be FSU students. Many are h[igh] school students, business m[en], housewives, FSU faculty. Th[ere] are listeners at the Federal C[or]rectional Institution. There i[s] even a few cars equipped w[ith] foreign-made FM radios.

The only constant compl[aint] from listeners is that the st[ation] should stay on the air more [than] ten hours a day and not g[o off] the air on University holidays.

The radio station serves ma[inly] as an **enrichment** medium a[nd] only occasionally as a means [of] direct teaching for listeners. T[he] television station will func[tion] primarily as a direct teach[ing] medium with secondary empha[sis] on enrichment program.

A queen will be named by Ruth Henley (shown center) drawing from a box of all the names of the girls in the dorm. She is chairman of the function.

Visitor Welcomed At Catholic Student Center

By JIM COX
Flambeau Society Writer

Have you ever wondered just what is behind that white frontage of the Catholic Student Center at College Avenue and Macomb Street?

Joe Forts, president of the Center, directed this reporter first to the library, a room housing many books and publications of the Catholic beliefs, such as **The Catholic Digest**, a religious magazine, and several Catholic newspapers, among them **The Register**, published Sundays in Denver, Colorado, and **The Florida Catholic** published in St. Augustine each Sunday.

The tour continued from there through a type of living and assembly room, which contains a large screen television set (and usually quite a few viewers), and on to the head of the room where, behind a beautiful curtain rests the altar where communion is taken at every mass.

ALTAR

The altar is beautiful; nothing else will appropriately describe it. Across the front lower portion of the table and weighing against magnificent green velvet is a picture of "The Last Supper," and above the painting the words "Ave Maria" are enscribed. To either side of the altar are candelabra containing long white candles, which add immensely to the impressive picture of communion.

Mass is held in this room daily at 7 a.m. and is followed by breakfast there. Other masses are held on Sundays at 9:30 and 11:30 a.m.

To the rear of the building we find a large recreation room which was added to the Center in 1954. The paneled room, glassed in on one side, overlooks a small back yard. It serves as a gathering area for parties and social events of all types.

TROPHIES

One of the most striking exhibits in the Center is the trophy table containing almost a dozen trophies won in past years by the organization. It is interesting to note that past groups won trophies for first place in swimming, volleyball, bowling, golf, double-table tennis and singles, and horseshoes all last year, and they possess a trophy crediting them as the team having more points in all sports last year than any other team.

Mrs. T. J. Volk, effectionately called "Mom" by most of the students, is house mother for the Center, and has her private living quarters on the second floor of the building.

Father McFadden is director of the organization, and he is the leader of the mass services and also directs a Tuesday and Thursday night inquiry class for any who are interested in the Catholic religion.

A Wednesday night discussion class is held by Father Byran, also a student at Florida State.

NEWMAN CLUB

The Center is associated with the Newman Club Foundation, a national organization designed to help Catholic students grow spiritually in academic as well as social life. The Providence Chairman for the southeastern district of the club is Bill Weatendick, also first vice president of the local organization.

The Newman Light, a monthly paper edited by Pat O'Doyel, is issued by the Center along with weekly bulletins edited by Georgia Jaynes.

And that covers the Catholic Student Center. Now you, too, know what is behind that white frontage, the religious center for some 800 FSU students.

FSU Coed Sees New York Fashion Shows

By BARBARA JONES
As told to DOLORES LAFFERTY

Chemises are gone from the fashion picture according to Barbara Jones, Florida State University student, who recently returned from the spring fashion showings in the garment district of New York City.

Although fashion minded coeds are concerned with fall and winter fashions at present, the fashion world is a season ahead of time. Each October spring clothes are presented to buyers from all over the country and a similar showing is held in June for the fall and winter styles.

EMPIRE LINE

Taking place of the shift or chemise is the empire line that made its appearance in the fall and winter clothes this year. Silk and drip-dry cottons are the predominant fabrics used. Such shades as bright aquas and shocking pinks prevailed in the new styles. Navy and black were in their usual place of prominence among spring colors.

Most of the formal and dressy fashions were straight with fullness coming from a soft bow or belt beneath the bust. Among the holiday fashions silk satins with mushroom skirts in bright reds and greens made their appearance. Long formals were being promoted as the latest in style.

Outfits for daytime wear were in prints and pastels. Suits had short boxy jackets and fitted skirts. They were in light weight wools and washable blends.

Coats were of bulky light weight woolens. Their lines were trapeze or high belted. They were in navy, black, and a new bright royal blue.

Easy lines and easy to care for styles were the most popular of the fashions shown. Washable silk was a new feature in fabrics.

Barbara visited Junior Sophisticate, Ann Fogarty, Arkay, Margo, Youth Guild, Margot, Ceil Chapman, Paul Parnes, Branell, and Allison houses. They are all located in the 7th Avenue garment district of New York City.

The Empire Lina

THE CLOTHES YOU SAVE MAY BE YOUR OWN

In this column we take up fashions for college men, which means of course, the Ivy Look. Today's Ivy Look clothes have made a great stride forward. Not only do they have thin lapels, three buttons, narrow trousers, and a minimum of shoulder padding, but —now hear this!—this year they are *actually covered with ivy!*

This new development, while attractive beyond the singing of it, nevertheless gives rise to certain hazards. For instance, people keep trying to plant you on Arbor Day. Indeed, this is precisely what happened to two SAE's of my acquaintance, Walter R. Gurlash and Fred Rasp. Before they could protest, they were snatched up, planted, limed, and watered, and today they support a hammock in Cut and Shoot, Vermont.

People keep trying to plant you on Arbor Day...

Let us now discuss shirts. Again this year the campus favorite is the good old Oxford with button-down collar and barrel cuffs. This is without doubt an admirable garment, but let me ask you a question: if you don't wear anything but Oxfords, what do you do with all the cuff links people have been giving you for your birthday since you were twelve years old?

Well sir, some fellows have their wrists pierced, but what E. Mackenzie Sigafoos, a Chi Psi of my acquaintance, did was to take a dozen pairs of his handsome gold monogrammed cuff links and string them together in a charm bracelet for his girl, Jo-Carol Isobar.

(It turned out, incidentally, to be a mistake. In short order so many admirers accrued to Jo-Carol on account of her gorgeous bracelet that she grew tired of plain old E. Mackenzie, and one night when she was seated on a bench in Lovers Lane throwing sticks for E. Mackenzie to retrieve, she suddenly, cruelly, without warning, told him they were through.

"I am heartbroken," said E. Mackenzie, heartbroken. "But if go you must, give me back my charm bracelet."

"No, I will keep it," said Jo-Carol.

"What for?" said E. Mackenzie. "You can't wear it. The initials on the cuff links are all mine—E.M.S."

"Ha, ha, the joke is on you," said Jo-Carol. "Yesterday I was voted Miss Chinese Restaurant of 1958."

"So?" said E. Mackenzie.

"So," replied Jo-Carol, "E.M.S. does not stand for E. Mackenzie Sigafoos. It stands for *Eat More Subgum!*"

A broken man, E. Mackenzie today squeezes out a meagre living as a pendulum in Cleveland. Jo-Carol was killed in a tong war.)

But I digress. We were talking about well-dressed men, and the one essential for every well-dressed man—and every well-dressed woman too—is a well-dressed cigarette—neat, compact, flavorful, and correct for work or play, sunshine or shower, repose or revelry, darkness or light. And where does one find such a perfect companion? Just go to any tobacco counter and ask for Philip Morris. Ask for it in long size or regular. Ask for it in soft pack or hard. But ask for it; that's the important thing. Don't just stand there making cryptic gestures at your tobacconist. He may be armed.

'Dead Day' Now Being Considered

A "Dead Day" before this semester's exams may be observed though it was accidentally left off the school's official calendar

Dean of Students R. R. Oglesby has notified Senate chairman Mattox Hair that he will work with the faculty scheduling committee to try and reinstate the dead day.

Last year Senate passed legislation calling for the dead day in response to strong student sentiment for the move Hair said the scheduling committee, headed by Dr. Milton Caruthers, did not remember this and left it off the calendar.

Two weeks ago the legislators voted to ask for the "day" beginning next semester and continuing in the future. The solons believed then it was not possible to observe the day in January

On a dead day, no classes, extracurricular meetings or activities or examinations are held.

Tarpon Club Taps 16 Women

Women tapped for the women's swimming honorary, Tarpon Club include: Frances Exum, Pat Doepke, Carol Williams, Louise Martin, Jo Ellen Eyster, Sandy Cooke, Bobbie Knowles, Cynthia Mosberg

Jean Kasten, Antoinette Conley, Sheila Caldwell, Mary Packard, Ann O'Neill, Loren Wolfinberg, Linda Riedel, and Mary Ann Thorton.

The new and old members are working already preparing for the Tarpon Show in March which evolves around the theme "Classical Mythology."

Honor Court To Sponsor Mock Trial

A mock trial will be presented Tuesday in Longmire Auditorium at 7:15 p.m. sponsored by the Honor Committee.

The purpose of the trial will be to acquaint Florida State University students with the Honor program, said Buck Bryan, Honor Court Chief Justice

The trial will be the first of a series of programs which the Committee is sponsoring and will feature the method by which cheating cases are handled A question and answer session will follow.

"Last year a similar program was presented to a limited group, and it appeared to be a success." said Bryan "This year," he added, "we hope to make the trial both entertaining and interesting as well as informative"

All interested persons are urged to attend, especially those students on the Honor Committee, including those who will participate in panel discussions to be held later in the year.

In the next few weeks, the Honor Court will hold panel discussions in sorority and fraternity houses and in dormitories.

When And Where

The Audio-Visual Conference will be held in the Library Lecture Hall all day today and all day Saturday

• • •

Paul Weiss will speak on "Cloud Chambers and Bubble Chambers" at the Physics Seminar at 2 p.m. today in 120 Science.

• • •

Miss Mary Maginnis will hold the program of the English Coffee Hour today at 4 p.m. at the Westminster House.

• • •

At the Chemistry Seminar, E Grunwald will speak on "Acid-Base Phenomena in Solvents of Low Dielectric Constant" today at 4 p.m. in 120 Science

• • •

Jackson Ice will speak on "Existentialism" at the Psychology Club meeting in the Trophy Room tonight at 7:30 p.m.

• • •

The formal opening of the new exhibition, "Mood", will be held at the University Museum, Dining Hall Building, at 7 p.m. tonight.

• • •

A film and lecture will be held at Opperman Music Hall tonight at 7 45 p.m. Julien Bryan will speak on the documentary film

• • •

The Delta Kappa Gamma meeting and coffee hour will be held in the Club Room of Longmire at 10 a.m. Saturday

A luncheon will follow at 12:30 p.m in the Trophy Room.

• • •

The National Education Week Tea and Open House will be held in the New Education Building, first floor gallery Sunday at 3 p.m The public is invited.

• • •

A Coffee Concert, sponsored by Phi Mu Alpha, will be held in the large lounge of Longmire at 4 p.m. Sunday.

• • •

Dr Mary V Alexander, Dr Janet Wells, and Dr Frances Hall, members of Florida State University's physical education department, will attend the Florida section of the American Camping Association in Leesburg, Friday through Sunday, Nov. 7-9

Dr Alexander is president of the Florida section. Dr Hall is serving as this year's convention manager and Dr. Wells is in eharge of exhibits.

• • •

"Los Picaros" Spanish Club will meet Wednesday, November 12 at 7:30 p.m in room 312, Old Dem School

• • •

Dr. Margaret Campbell of the Spanish Department will read the paper "The Cuentos of Oscar Zagal."

Dr Dorothy Hoffman, professor of Spanish, is Secretary of the Spanish Division of the Association. Dr. Victor R. B. Oelschlager, head of the Department of modern Languages, will serve as a committee member.

• • •

The Veterans' Club announced the election of its fall semester officers, Gary DuBois, President; Dick Gamble, Vice President; and Jerry Hendrix, Secretary-Treasurer.

All member and veterans interested in attending the FSU-Florida game by chartered bus are requested to please contact Gary DuBois at 35218.

There will be a business meeting in the Trophy Room at 7:30 p.m., November 12. All members should attend, as plans for future parties at the V.F.W. and picnics are to be made.

Senate Approves Replacements

Members of two cabinet committees and an honor court replacement were approved by Senate Wednesday.

The committees are:

Interior: Sally Highnam (undersecretary), Donna Bridger, Gail Nelson, Charlotte Stoker, Roy Mathis, Jackie Owens, Frank Butterfield.

Honor: Ken Jacquot and Kelvin Huehn.

Temporary appointment of Cynthia Lawrence to fill interning Barbara Eissey's post on the Honor Court was made

Retreat . . .

(Continued From Page 1)

the purposes of the various branches and over all student government, and interchange between the different groups to prevent overlapping and misunderstanding.

ARRANGEMENTS

Physical arrangements for the event are being made by Carl Butler and Sally Highnam. Serving on their planning committee is Joyce Knuckles, Yolanda Huzsty, Buck H les, Roy Mathis, John Davis, Barbara Peters, and Kim Porter

Registration has been prolonged right up to the deadline on Saturday morning Student government officials unable to attend the entire retreat are urged to sit in on meetings when possible.

Smith To Speak

Dr. Hale Smith, Anthropology department will be the guest speaker at the Liberal Religious Youth meeting to be held at the Unitarian Chapel Sunday evening at 7 p.m

Dr. Smith's talk "Anthropology and Religion," will be followed by a group discussion which is open to anyone interested in attending.

The Unitarian Chapel is located on Wildwood Dr. and Woodward Ave.

'Coffee Hour' Slated Today

Dr. Mary Magginis, assistant professor of English at Florida State University, will read several of her favorite short stories at this afternoon's English Coffee Hour.

The Coffee Hour, open to the public and sponsored by the FSU English Department, is held in Westminister House at 4

Included in the readings will be a romantic local-color story by Kate Chopin and a realistic satire on a woman's club written by Edith Wharton.

Committee members responsible for this week's program include Dr. James Preu, chairman, Dr. Laura Jepsen, Mr. Preston Burr, Mrs. Nancy M Fisher, Dr. Carmen Rogers, Mr. James Ayres, and Mr. Jerry Williamson

State High School Congress Held Here

More than twenty Florida high schools are represented at the State High School Congress being held on campus today and Saturday.

"The 120 delegates come to the annual congress from 20 high schools throughout the state of Florida to debate a great variety of issues," according to Prof Greg Phifer of the Speech department.

"The debating follows the pattern of the United States Congress in that the bills are presented and voted upon before they are debated," said Phifer.

The debating will be held all day today and Saturday morning, and awards will be presented at the Closing Awards Luncheon in the Suwannee room.

VETERAN'S DAY, 1958—Here the Florida State University Army ROTC Color Guard is shown in formation during the First Annual Veteran's Day celebration held Tuesday in Doak Campbell Stadium. The celebration was sponsored by local veteran groups and reserve military units of FSU, Florida A & M and Tallahassee.

Leadership Honorary Taps Four Members

ODK Names 'Active' Men To Its Rolls

By PATSY GUTHRIE
Flambeau Staff Writer

The FSU Chapter of Omicron Delta Kappa, National Leadership Honorary for men, tapped four new members yesterday noon.

The four men are Jim Apthorp, Tallahassee, Don Ayres, St. Petersburg, Don Ramsden, Ayres, Massachusetts, and Jim Hooks, Tallahassee.

The new members were chosen on the basis of their 'character, leadership and service in campus life, scholarship, fellowship, and consecration to democratic ideals." according to Joe Westhafer, president of the honorary.

All four are members of Gold Key, men's honorary, three having been tapped last month.

Apthorp, the only junior tapped, is Men's Vice President, a member of the Student-Faculty Traffic Committee, and a member of the Student-Faculty Attendance Committee.

Ayres, a senior is a member of Honor Court, president of the Delta Tau Delta fraternity, treasurer of the Inter-Fraternity Council, and a Cadet Commander in the Air Force ROTC.

Hooks, a senior, is treasurer of Gold Key and president of the Kappa Alpha fraternity.

Ramsden, a senior, is a member of the Student Body President's Cabinet, holding the position of Secretary of Finance, and a member of the Inter-Faith Council.

He has been president of the Theta Chi fraternity for two years and is also president of the Inter-Fraternity Council

All four men tapped have maintained a scholastic average of 2.5 or better, the minimum scholastic average required for entrance into ODK

ODK taps new members twice yearly, in the spring and fall The four new members bring the current student membership (both undergraduate and graduate students) to ten, Westhafer said.

University President Robert Strozier, faculty member of ODK, was present for the tapping ceremony. Also present were J. M. Plant, Engineering Science, Dr. Lewis Killian, Sociology, and Rod Shaw, Business Manager.

'Dead Day' Hopes Succumb For Current Academic Year

By VIRGINIA DELAVAN
Flambeau News Editor

"Dead Day" is dead—for the 1958-'59 school year at least.

Senate's hopes of reinstating the Dead Day before this semester's final exams were killed this week, along with plans to observe the day before spring finals.

Dr. Milton Caruthers, head of the scheduling committee, told Women's Vice President Ada Leigh Wall that a minimum of 15-16 weeks of actual classes per semester are mandatory for universities in this region.

Florida State University students are going to school exactly 15 weeks. Observance of this no-class day for exam preparation would bring the total below standard.

Miss Wall said that this step would be frowned on by the southern accreditation board and FSU's fellow universities.

"We asked for a half-day and this request was turned down too" she continued.

Dr. Caruthers said that the only means of holding Dead Days in the future is to add two class days to the year's calendar —one at the beginning of the year and one at the end.

The senators are soliciting student opinion pro and con this step.

"There is nothing official we can do now," Miss Wall said. "The schedule for 1959-'60 has been made up, but not approved."

Strong student sentiment in favor of the Dead Day, with the two extra class days, might sway the committee, she said

DAY OVERLOOKED

The Dead Day was provided for by legislation of last year's senate The university scheduling committee, however, overlooked this action and left the day off the official university calendar for the fall semester.

Up till this week there was still a possibility of reinstating the day this semester, with the help of Dean of Students R. R Oglesby.

The senators had also passed a resolution to have the day second semester and each semester thereafter.

In other business this week the senate:

(1) Passed the "race track scholarship resolution" calling for equal division of track scholarship revenue between FSU and the University of Florida.

President Robert Strozier will present this request to the Board of Control at its regular meeting next Friday in Gainesville.

(2) Formed a committee to

(Continued on Page 4)

37 Chosen To 'Who's Who'

Names of the 37 Florida State University seniors and graduate students elected to "Who's Who" were released this week.

The finalists were chosen from a field of 78 nominees by class vote October 28, to be included in the publication **Who's Who Among Students in American Universities and Colleges.**

Who's Who candidates were picked on the bases of 2.3 minimum grade average outstanding leadership and service in educational and extra-curricular activities

Chosen were these students:

Donald L. Ayres, Daniel R Boltz, Georgia E Bowen, Nancy Jo Bowers, Benjamin L Bryan, Carmen L Battaglia, William V. Bunker, Ethel T. Calhoun, Bradley C. Canon, Nan H Chamberlain.

Lois L. Charlesworth, Laura E. Cheek, William S. Clendinen, Judith M. Dekle Hugh N. Durham, Barbara A. Essey, Patricia A. Finlay, Dorothy Jo Goodwin, Suzanne C. Gunderson, Winfield S Harpe Nancy B Heacock.

Dorothy A Head, Barbara A. Key, Nancy Kay Key, Phillip J. Knight, William D. Koch, Cynthia A. Lawrence, Patricia L Manning, Arthur B Moore, Evie D. Morris, Catherine O'Sullivan

Sandra L. Rosenberg, Patricia G Starnes, Ada Leigh Wall, Joseph P. Westhafer, Barbara A Watson and Nancy K. V. Worrall.

Curtain Rises Tonight On 'Rigoletto'

The Florida State University School of Music will present the 16th century opera **Rigoletto** at 8:15 p.m. tonight and tomorrow in Westcott Auditorium.

The opera by Verdi will be done in English with a faculty cast headed by Dr. Richard Collins, Opera Guild Director, as the hunchbacked court jester "Rigoletto."

A member of the faculty for the past year, he has played this and 14 other leading baritone roles with opera companies such as the National Grass Roots Opera, Punch Opera and Birmingham Civic Opera.

Dr Collins said tickets are selling "extremely fast" and the box office will be open both nights Reserved seats are $1.25 and student tickets with activity books are 75 cents.

The opera is set in the Court of Mantua in Italy, where Rigoletto hides his beautiful daughter Gilda, played by graduate student Marjorie Policchio, to protect her from the world

But she is discovered and abducted by the lecherous Duke, played by Walter James, who sang the role of Sam in Carlisle Floyd's opera "Susannah" and is director of music at Trinity Methodist Church.

As the tragedy develops, Rigoletto's efforts to save his daughter by killing the duke lead to her accidental death.

Miss Betty Jane Grimm, contralto, takes the part of Maddalena, sister of the professional assassin Sparafucile who is portrayed by Herman Gunter.

Miss Grimm, a member of the faculty since 1947, is a graduate of Marshall College who has done post-graduate work at Columbia University. She has appeared as a soloist with the well-known Hugh Ross Schola Cantorium and is known in the south for a number of appearances in Handel's oratorio, "The Messiah."

Graduate students in the cast include James Coleman, Monterone; Paul Yoder, Marullo; Jack Swartz, Borsa; Doris Grant, Countess Ceprano and Ralph Nolen, guard. Other parts are Ceprano, played by senior Lonnie Keene and a page, by Lynn Branson.

Flambeau Photo Warren Gerard

'RIGOLETTO,' PRESENTED BY THE FSU MUSIC FACULTY OPENS TONIGHT. Richard Collins (left) will portray Rigoletto and Marjorie Pollchio is being cast as Gilda, in the Opera Guild production which opens in Westcott Auditorium tonight at 8:15 and runs through tomorrow.

Red Herring

Flower Bed Hoax; Fountain To Stay

By FRED BURRALL
Flambeau Staff Writer

Westcott Pool is in no danger of becoming a flower bed in the near future. "The whole thing was a pipe-dream," according to R. K. Shaw, Florida State University business manager.

Shaw revealed Monday that the entire issue was a scheme designed by him and a **Flambeau** reporter to install a feeling of protection in the student body toward the fountain.

Shaw told the **Flambeau** two weeks ago that Henry Martin, university horticulturist, had suggested draining the bottom bowl and planting flowers

"The idea (Martin's) had been proposed, but had never received any serious consideration," said Shaw.

"I asked the **Flambeau** reporter to keep it going for two or three weeks in order that interest might be developed in the student body to build up a feeling among the students of responsibility for the safety and condition of the fountain"

STUDENTS PROTEST

The entire student body rose in protest when the proposal to end the traditions of the famous fountain was published in the **Flambeau.**

Letters began flooding the offices of Shaw and the **Flambeau** editor. Alumni protested during the Homecoming week-end. And petitions circulated by the Student Senate netted 2167 signatures.

Last minute changes were made in the Pow-Wow skits to make mention of the proposal, and each day brought a new set of rumors.

Shaw said he felt the move was absolutely necessary to instill a feeling of protection toward the pool, and he expressed his satisfaction with the response he received.

Besides the petitions and letters from students, he said he received objections from alumni over a hundred miles from the campus

Student Body President Art Moore also wrote to Shaw saying that he joined the Student Body in requesting that the pool wouldn't be altered. In his an-

(Continued on Page 6)

250 Ducats Left For Gator Game

About 250 tickets remain available for the Florida State-University of Florida football game, according to Edward H. Cubbon director of ticket sales.

Tickets are on sale only at the men's gym and are expected to be sold out by tomorrow, the ticket office announced.

Price is $1 with a student activity book coupon 11. Identification cards are required.

Cubbon reports that between four and five thousand tickets have been picked up by FSU students thus far.

To Try Again

Four Main Attacks Leveled At NSA

Four main attacks have defeated membership in NSA twice at Florida State Doubtless they will be used during this third attempt by opponents of the national organization.

The arguments run as follows:

(1) NSA is pro-integration. This is a valid charge. Every NSA Congress—manned overwhelmingly by Eastern and Mid-western schools — has favored a policy of integration in America's colleges and universities

However a minority report of Southern schools has always been read and publicized at the annual Congress. "The minority viewpoint is heard and respected and always has the chance of convincing the majority," NSA President Bob Kiley said here.

The Association has no legal means of enforcing its policy and will not throw out members who do not attempt to comply.

(2) NSA is communist dominated or ultra-liberal. This charge was the most frequent hurled by the FSU Senate during the May, 1957 debate.

The NSA has a liberal policy concerning issues of national importance To ultra-conservatives, this might be considered ultra-liberal.

NO "REDS"

However, it is not Communist dominated. In its only connection with the Communists, it withdrew relations with their International Union of Students after the Communists gained definite control of that organization.

(3) Fraternity and sorority members oppose joining because NSA has spoken out against restrictive clauses in national Greek constitutions This issue alone has lost the national organization many votes at FSU Senate.

During the May, 1957 debate several sororities' national offices put heavy pressure of FSU locals to have their members in Senate vote "no" on the question of

(Continued on Page 5)

Derby Race Set Today

The fourth annual soap-box derby will be staged at 2:30 p.m today in front of the Westcott gates by Alpha Gamma Delta Sorority and Phi Delta Theta Fraternity.

Fifteen soap-boxes, built by fraternities and driven by sorority members will compete in the race down hill from the front entrance.

The prize, won by the box with the best time, is a revolving trophy with names of past winners engraved on it.

The derby is an altruistic project for the two sponsors, with profits coming from entrance fees and sale of cokes during the race, Angela Alonso, co-chairman, said. Proceeds are divided between the university fund and the national funds of the two organizations

Fraternity co-chairman of the event is Tom Fisher.

Last year's winners were Pi Beta Phi Sorority and Kappa Alpha Fraternity.

Sorority and fraternity teams are Zeta Tau Alpha and Sigma Phi Epsilon, Delta Zeta and Sigma Chi, Delta Gamma and Tau Epsilon Phi, Kappa Delta and Kappa Alpha, Alpha Xi Delta and Kappa Sigma, Pi Beta Phi and Alpha Tau Omega, Phi Mu and Sigma Alpha Epsilon, and Alpha Delta Phi and Pi Kappa Alpha

Also Alpha Chi Omega and Lambda Chi Alpha, Gamma Phi Beta and Delta Tau Delta, Delta Delta Delta and Theta Chi, Alpha Omicron Pi and Phi Kappa Tau, Chi Omega and Sigma Nu, Kappa Alpha Theta and Pi Kappa Phi, and Sigma Kappa and Delta Sigma Pi.

DR. JOE HOOTEN, left, new coordinator of television teacher instruction at Florida State University, discusses with Dr. Mode L. Stone, center, dean of the School of Education, and Thomas Wright, coordinator of TV-radio instruction.

For Married Students

Housing Problems Alleviated By Loan

Florida State University's "most acute housing problem" will be slightly alleviated by a $1,925,000 federal loan to construct apartments for married students.

Dr. Jack Rollow, Director of Housing who described housing for married students as the most acute problem said increased married student enrollment is expected to parallel increase in facilities.

Approval of the loan by the Community Facilities Administration Commissioner this week means construction can begin early next year on apartment buildings to house 256 married students.

Two-story buildings with 16 apartments each are planned for completion during the 1959-60 academic year.

The new facilities in addition to present off-campus housing will still accomodate less than one half the enrollment of married students Current housing at Mabry Heights, war time non-commissioned officer quarters, provides space for 100 families

Location of the new units is on Levy Street near the University Farm, about 1¼ miles southwest of the campus in the Lake Bradford area

A feature of the new housing will be a two-room nursery school with facilities for 32 children of married students

Limited to children between three and five years old, the school will be operated by the Child Development Institute as an experimental center. A tuition fee will be charged but mothers may work in the school as part-time supervisors to decrease cost

No nursery for smaller children is included in present plans, but Dr Rollow said "We hope to have a Day Care Center later," if facilities are enlarged

MORE TO COME

The loan is the first of its kind for FSU, the housing director explained, but similar ones are planned for the future "We are anxious to have more housing if we can raise necessary funds and negotiate loans," he commented

Repayment of the loans will be with revenue from rentals. The apartment buildings will be similar to 296 units now under construction at the University of Florida

Validation of the formal bond resolution by circuit court and completion of architectural and engineering plans must take place before construction bids are sought.

Approval of the loan was announced in Washington by U. S. Sens. Spessard L Holland and George A Smathers.

Dead Day Dying Cause?

Dead Day is fast becoming a living issue and a dying cause if the past is at all indicative of action taken on this repeated proposal.

AS FAR BACK as 1956 students began bickering with the scheduling committee concerning the addition of a Dead Day between classes and final exams.

The purpose is plain enough. With classes running right up to exams, assignments continuing, term papers due, students may be busy on through the black night before an eight o'clock in biology.

OVER A YEAR AGO the **Flambeau** heartily endorsed a Senate resolution to grant students a "Dead Day" between classes and exams. At that time Senate listed the many universities that have already initiated Dead Day policies.

A MONTH AGO SENATE again passed a resolution for the creation of a Dead Day next semester and "every semester thereafter."

Wednesday, Senate heard the report of the faculty scheduling committee headed by Dr. Milton Caruthers, which deemed a Dead Day this semester or next utterly impossible if FSU is to meet requirements on the minimum class weeks standard set by the accreditation board.

IT WOULD APPEAR THEN, that last year's senate resolution was overlooked—or perhaps even ignored.

Next year's schedule has already been made up. Although not officially approved, this future schedule includes no future Dead Days.

We hope next year's senators won't wait too long to follow up this proposal wait too long to follow up this proposal.

Tracking down action taken on this repeated resolution is tending to become an annual affair. Too bad Dead Day isn't—also.

Re-Open AAUP

The Florida State University chapter of the American Association of University Professors has banned future meetings to the press. AAUP is a private organization so it is within its rights in doing this.

When the president of the organization, Prof. William J. Tait, was reminded that this policy might be frowned upon by the press, he stated that it was fine with him and that it is what the AAUP wants.

HE HAS ALSO SAID that his organization deals with matters of concern to the "whole school." Evidently, Mr. Tait thinks that students, who make up the largest portion of FSU, should not be informed of the activities or functions of the AAUP through a public information service.

AAUP meetings have been open to the public as well as the press for more than ten years. During this time there has been no dissension between the organization and the press.

Tait cites a recent incident where a journalism student covered an AAUP meeting as the cause of the ban. The speaker at that particular meeting was Dr. Robert M. Strozier, president of FSU.

THE AAUP HEAD CLAIMS that the publicity which the coverage brought, resulting from its publication in a local and state newspaper, has disturbed the administration.

Furthermore, he says that future speakers may not exercise as much freedom of expression if "... they think what they say will be printed."

The president of FSU has openly told the student who covered the meeting in question that the story, as it was presented, was a "fine job" of reporting.

MR. TAIT—we suggest that you bring this decision before your organization again. We ask you to consider the importance of a well informed student body as well as a well informed faculty.

What Others Think

(Editor's Note: This is a reprint of an editorial which appeared in yesterday's **St. Petersburg Times**).

Some Florida political leaders are reported to be huffy over the fact that at the recent Homecoming festivities at Florida State University at Tallahassee they were not made the lions of the hour.

THE UNIVERSITY HAD THE NERVE to consider the occasion one primarily for students, their parents and alumni, rather than the politicians.

Among those most mightily miffed was Rep. Bob Sikes, who is said to have stalked out of the affair and made some harsh remarks to FSU President Robert Strozier. This is the same Mr. Sikes who turned the Old Folks Picnic at his home town of Crestview into a Faubus festival this year—certainly adding nothing to his stature among the intelligent majority of Florida's electorate.

GAINESVILLE'S HOMECOMING at the University of Florida long has been recognized as "the" political rally of the year.

It has taken on the aura of an institution. As such, it is woven into the very fabric of that annual ingathering of Florida alumni and friends. No one, we think, would want to change this event.

BUT THIS DOES NOT MEAN that Homecoming at every state institution of higher learning needs to be a political feast day. In fact, this association of politics and education is an altogether bad thing.

We hope Dr. Strozier and FSU stick to their guns. Most Floridians, we are sure, will support their stand.

Retreat In Retrospect

When Student Government went to the woods last week-end for their reservation retreat, the purpose behind such an innovation appeared a little hazy.

THE HAZE WAS PARTIALLY DUE to the terminology tacked onto the event which sounded something like "Program evaluation," "Group coordination" and even more ambiguous, "analysis of the philosophy of Student Government."

An evaluation of the week-end would find the program of little more definite nature.

IT ISN'T VERY NICE to say that our Student Government is unorganized. However the fact remains that each administration is faced with annual confusion.

This can't be helped.

STUDENT GOVERNMENT finds itself in a state of constant flux and adjustment. And in the past, this problem if faced at all, was faced unrealistically.

What Student Government did this week-end was re-organize.

The present administrative approach seems to be that this goal, of getting organized, must be accomplished before others can be realized.

THIS YEAR'S Student Body President Art Moore deserves credit for his conservative policy in exercising less control and more influence.

Campus Composers Lauded

By DIXON REDDITT

The Phi Mu Alpha sponsored Campus Concert last Tuesday night was one of the most varied and exciting programs we have heard this year.

COMPOSITIONS OF NINE important campus composers, in mediums that range from a strina quartet to numbers for brass, pereussion and pianos, were given really stunning readinga by the majority of the instrumental talent in the School of Music.

Roger McDuffie's "Brass and Three Others" opened the concert with a bang! Comment elicted from the listeners intimated that they felt that the piece was "exeiting and evil."

OF COURSE, this is no more true than the idea that man's soul laid bare is "exciting and avil." Here was a sincere and idiomatic pieca of writing for brass that convayed tha electrifyingly controlled emotionalism of the composer.

John Boda's "Concertino for two pianos, Pereussion and Brass Ensemble" reveals even in its title, tha differences which are to be found in his piece using much the same medium

Simply, Boda is a pianist and more "formal" (we hate to use this word). The successful performance of both of the works was due in larga measure to the imaainative and skillful condueting of William Cramer.

Martha King, revelling in her huge soprano voice, gave Carlisle Floyd's "Sadie's Lament" from "Slow Dusk" just the right touch of morbid bleakness.

WE WERE GLAD to note that her accompanist, Dale Hudson, played as if he knew what the composer had intended, i.e. competent support, instead of providina that filmy miasma that some singers love so dearly.

A sonata movement of Roy Johnson, performed knowingly by his wife revealed them both to be talent of the first water. Two sonatinas for flute and piano, and trumpet and piano by George Newall and Ellen Taaffe, respectively, showed young talent in intermediate stages of critical judgment and development.

BOTH COMPOSITIONS received understanding and mature treatment by Diana Butler, flute and Charles Turner, trumpet.

Harold Schiffman's String Quaret No. I belongs to one of that genera of contemporary music which seeks to expand the technical resources of the composers materials. His musio (as least exemplified by this work) is consequently more demanding of the listener.

ONE OF THE BEST quartets we have heard here (Ed Stover, Ellen Taaffe, violins, John Canfield, viola, Bob Cancelosi, 'cello) aave a rather sensitive performance of the difficult Schiffman work.

Adrian Kecham, baritone, did wonderful things with nis full resonant voice and thorouahly musieianly interpretation of Henry Charles' "Two Biblical Songs."

IN CONCLUSION Carol Padgett, pianist gave a warm and assured performance of Dohnanyi's "Canzonetta" and "Tolle Gesellshaft." There was not really a weak number or performance the entire evenina, a rare but deliahtful turn of events in amateur circles.

LETTERS to the EDITOR

Coed Dorm Life Compulsory Privilege

TO THE EDITOR

Homecoming hailed the "New FSU" Beautiful new buildinas made many an alumni gasp for breath. The feeling of progress and a university on the mova permeated the atmosphere.

I SUGGEST, however, befora we are carried away emotionally by the strains of the Alma Mater or the garnet and gold panorama that we seek those things that will make a "New FSU" . . . great!

Greatness happens when individuals are free to think, to realize their ambitions, to develop their capabilities

GREATNESS IS MATURITY. There is nothing mature, thers are no capabilities developed, no ambitions realized, no freedom to think in the compulsory privilege Yet this is the fundamental concept governing undergraduate women's dormitory life.

In order to get an undergraduate degree from FSU a non-Greek woman is given the compulsory privilege of living in a university dormitory.

From her freshman year on she is forced to attend time-consuming and utterly useless floor and house meetings Here her intelligence is insulted as it is assumed that she can not read and surely must have an 85 IQ

SHE IS TOLD that her biology exam or her English term paper is not nearly as important as listening to "Knowledge for College" and each bulletin board notice carefully fed to her on a baby spoon. The sad thing is, freshmen, this never stops. To the day you are a graduating senior this "poor-little-girl-you-don't know-very-much-let-me - tell you-how-to-think-do-say" persists.

For example, we have been in school one month and a half. In that time we have been exposed to this compulsory privileae FOUR times.

THE LAST ONE was a "regularly scheduled" meeting. The fact that there was nothing of importance to bring up or discuss was of no value. It was "regularly scheduled" and "had to come to pass"

We were told to read the **Flambeau** the next day about wearing slacks, how the FSU virgins should act when they hit the wicked modern Gomorrah called Gainesville, to sign out right and to plan a religious prayer meeting on each floor.

I am all for the "free" furtherance of any religious life that a student may wish to assume but to be **compelled** to attend a meeting to plan a prayer meeting group leaves me dumhfounded.

IN AN ATTEMPT to do something at the next "regularly-scheduled - compulsory - privilege - meeting" this must have been thought of as a "good thing to do since we've got to do something"

Meanwhile, the freedom to think — the ability to think — was completely ignored.

Am I simply a voice in the wilderness when I contend that we must look into a new FSU that has more depth than the spangle of a new student center and the shiny knees of coeds on Saturday?

IS NOT MATURITY and the assuming of adult responsibility the primary goal? Must and can this be accomplished by spoon-fed and shallow busy work?!!

In two and a half months I shall leave a university that has introduced me to an exciting and challenging career — a university that I shall watch and be proud of as an alumna — not for what she is, but for what she can be.

I do hope that in her striving forward she also gains the maturity that will not only make her "new" — but great!!

DANA BEATTY

Specialization?

TO THE EDITOR

Miss Nancy Gene Brown's letter in last week'a Flambeau coupled with comments I've heard around campus, have pointed out to be a peculiar condescending attituda on tha part of students toward required specialized courses leading to a particular degree.

A CERTAIN ACQUAINTANCE of oura recently patronizingly referred to my education courses (I am an elementary education major) as "sueh harmless little coursea, you wouldn't dare think"

In Miss Brown'a letter, she advocated cutting down on highly technical specialized courses and putting more emphasis on general education courses.

She denounces the "vocational aspect" of FSU, which so narrow-mindedly forces chemistry majors to learn chemistry and music majors to concentrate on music.

My husband plans to teach music history and literature in college. When he is considered for a position, his prospective employer will be much more interested in how much music history, music literature, applied music, theory and harmony he took than in how much art, math, or geography he had.

NOW IT'S FINE to be a free thinker, admirable to be well-rounded intelleetually, and important for us as educated people to have a solid background in the arts and sciences. But I am afraid that in this mundane world of ours, a eolleae degree in geology means that in college you studied geology.

The fact that his curriculum leaves little room for continuation of other courses besides his main field, doesn't mean that an intelligent person stops thinking about everything else for the rest of his life. Babies don't have to be spoon-fed after they grow up. They learn to continue on their own.

I hate to think of our araduate elementary education majors facing their first elass with little more of that awful vocational training than they had when they started eollege.

WHAT IF COURSES in which an education major learns to teach were aubsti-

Politics Turn Picnic Into Faubus Festival

By HERB SCHMUCK

Arkansas' answer to Huey P. Long (the Louisiana back-... demaaogue who was assassinated in 1935) arrived in Cres... Florida last Saturday with all the fanfare that the Louisiana ...tator could have expected at the peak of his notorious caree...

I AM SPEAKING of none other than the Governor of A... —Orval "Diehard" Faubus, himself.

Banners and posters reading "Faubus for President ... "We're for Faubus" lined Crestview's Main Street in antici... of the governor's arrival. He was the guest speaker at the ... 11th annual "Old Folks Picnic.'

THIS YEAR, however, the picnic was nothing more th... excuse for a bunch of North Florida politicians to get togethe... declare their possible candidacies for the State Legislature ... ress, or the Florida Governorship.

The affair was to feature an address by Faubus conc... States Rights. It might have been more suitably termed: "A ... cert by the North Florida Segregation Boys" under the dir... of Orval E Faubus.

THE SHOW STARTED Saturday morning around 9 a.m ... na Faubus. Florida's ex-governor, Millard Caldwell, got ... rolling with a comment directed toward individuals who... thought were afraid to take a stand on the segreaation issu...

"This is no longer the time for the pantywaist or the m... ate," he declared.

Congressman Bob Sikes of Crestview joined the band... by subtly denouncing the stand Governor LeRoy Collins has ... on the issue.

THEN, INTERRUPTING SIKES' SPEECH, the g... Arkansas made his entrance. Two hiahway patrol cars, with ... blarina, forged a screaming path to the picnie area

Sikes hesitated a moment, then announced: "There ... friends—the governor of Arkansas, Orval Faubus"

FAUBUS WAS HELPED from his limousine by four ... patrolmen and ushered to the speakers' platform amid shou... eheers from the enthralled crowd. It was like a page from All ... King's Men by Robert Penn Warren.

The Crestview citizens and the honored guests appla... loudly when Faubus stepped to the podium. A few homespun ... ticians shouted in unison: "Faubus for President" and "F... wants Faubus for Governor"

CRESTVIEW WANTED TO HEAR a demagogie oration F... bus didn't let them down. He tossed around sueh moving ... ments as "Washinaton will become the central power" and ... must continue to fight until we win public sentiment and ... public's feeling throuahout this nation.'

When Faubus concluded his speech and the last roun... applause had subsided, one miaht have wondered if the s... displayed by the Crestview gathering that morning was pre... in other parts of the state.

I DON'T THINK SO. There are many Southerners, Flori... or otherwise, who do not believe that the Supreme Court is ... ing the power ot Congress or the States by its decision rega... the integration of publie schools in the South.

Furthermore, these people realize that a level-headed ... rational approach is necessary to cope with this decision if ... damage to the democratic processes on a national or state ... is to be prevented.

THEY ALSO REALIZE that a reactionary approach ... decision would result in certain ehaos and turmoil with... school system itself.

The Little Rock public schools have seen this chaos and ... moil. They are still confronted with it today.

Governor Faubus, in his fight with the Government ... United States, has shown that he is not afraid to take a stan... a controversial subjeet

THE QUESTION REMAINS: Has he done the riaht ... Only time will tell. For the sake of the students of Little R... high schools, let's hope it won't be too long.

Pasternak Salary Insults Coaches?

By ROBERT FERLUGA

Good Times Defeat Education: Football 13, Pastern...

At lunch this week the center of conversation shif... various observations concerning the offer of an F.S.U pro... ship to Boris Pasternak, the Russian Nobel prize winner ... erature.

THE CONSENSUS was that this was an imaginative and commendable gesture on the part of the school. Less commendable, however, was the rather meager salary coupled with the position, $8,000 per year.

"I wonder if they would insult the football coaches at U. F. or F. S. U. with such a salary?", one of the participants queried. Immediately, another responded, "Of course not, athletics are more important. A good coach 'costs' at least twelve or thirteen thousand."

THE LAST REMARK could be dismissed as idle cynicism: no doubt this was the spirit in which it was tendered.

Yet the simple fact remains that it is literally true: the citizens of this sovereign state expressina themselves through their legal representatives, went on record as stating that they would extend less financial recognition to a key figure in the fight aainst world communism than to the key manipulator on Saturday afternoon.

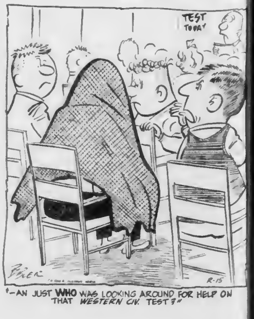
WHO IS THIS MAN pronounced to be of less consequence than a collegiate athletic director? Pasternak was an individual who produeed an inapired and insightful ereation in literature, a world that will endure long after the latest score becomes a... and meaningless atatist...

His book was an indictme... world communism, an insi... of the weaknesses and ... tions of the system. Give... er emphasis it will become ... weapon in the present ideo... struggle with Russia. Th... be conceived of as ha... least equal importanee a... sentially meaningless riv... tween two sister institu...

BUT MOST OF ALL, PASTERNAK stands as someone ... dared to write the truth re... less of the ensuing conseque... He is to be memorializ... strikina a braver blow a... sian communism than ... cheering fans in the nat... century of Saturdays wi... aspire to do

Taken in this light, the ...ternak incident is but one ... tion of a arowing moral ... tellectual bankruptcy, an ... ina tendency on the part ... American people to place ... valueless, the trivial on a ... superior to those events ... alone will have lasting si... cance.

The people have the ... tionable right to do this ... they should also remember ... they have the inalienable ... to be recipients of the co... quences.



"—AN' JUST WHO WAS LOOKING AROUND FOR HELP ON THAT WESTERN CIV. TEST?"

IN THE PRESSBOX

By BEN BALSER
Flambeau Sports Editor

It was a good trip to Miami.

The weather was fine, the food was great and the Miami [illegible] were good hosts—but best of all, we won the football game. Although the Hurricanes and the Miami writers were slow [illegible] admit it, the Seminoles did rack the heretofore powerful Miami [illegible]. It was the first win over the 'Canes in six games.

[SW]EET WIN

It was a sweet win for Coach Tom Nugent and members of [the] football team, but I don't think it can top the thrill of the [vict]ory over Tennessee two weeks ago.

The Tennessee victory showed everyone the Seminoles could [pla]y a major team, tradition and all. The Miami game was not [as] much of a surprise for the football players, because one [coul]d tell by their attitude before the game that they were going [to] beat Miami.

Probably the happiest man in the Florida State traveling [part]y was assistant coach Lee Corso. Corso, who was an all-[Sou]thern quarterback for a Miami high school during his prep [day]s and made honorable mention all-America for FSU two [yea]rs ago, has always wanted to beat Miami.

Corso played against Miami for three years, including his [first] game as a freshman, and never got a victory over the Hurricanes. As he met Coach Nugent on the field after the game, [he] acted more excited than most of the football players.

[C]ORSO SAW THIS ONE

[At] least Corso got to see this win. During his playing career [in c]ollege, Corso played and lost to six Southeastern Conference [tea]ms.

When the Tribe nabbed their first win over an SEC team [by] beating Tennessee, Corso wasn't on hand for the game. He [had] gone to Tampa that weekend to scout the Spartans.

[C]AGERS PREP

The Florida State basketball team is now in preparation for [the t]oughest season opener in the history of the school. On Dec. 1, [the] cagers travel to Lexington to meet the almost legendary Ken[tu]cky Wildcats.

The Wildcats won the national championship last year and [in] their history have won the NCAA title more times than any [othe]r team.

Kentucky, coached by Adolph Rupp who is considered the dean [of] current American basketball coaches, hung up a 22-8 mark [which] was one of Rupp's worst records since he has been at Kentucky.

Last season, the Wildcats did not have any all-American [play]ers—just five that made honorable mention. However, the [Ken]tucky team lost four of their five starters through graduation. The only returnee is 6-4 Johnny Cox. Still, the Wildcats, under [the] guidance of Rupp, can't be counted out this year.

Neither can the Seminoles. As shown by the football team, [an] opponent cannot win games on reputation, they have to beat [them] on the field.

[U]PSET POSSIBLE

We think the Tribe has a chance to upset the Wildcats. With [a nu]cleus formed by veteran Hugh Durham, Jim Savage, Jim [...] and Dan Boltz plus sparkling newcomers Charley Tinsley, [...] Bates, John Richter and Bill Archer, the Tribe has plenty [of] potential this season.

[I] once saw a sign hanging in a locker room that could fit the [Tri]be's situation against Kentucky. It said "A team that won't [be] beat can't be beat."

Flambeau Photo Jim Martin

CLOSING IN for the kill is Vic Prinzi (10) and Fred Pickard (43) as they prepare to tackle Miami's Fran Curci. Coming in to help is Joe McGee (61), and Bo Davis (51).

Seminoles Prep For Gator Game

Florida State's head football coach Tom Nugent has indicated that the Seminoles will have contact work in store for them this weekend in preparation for Florida's Gators.

The Tribe this past week has worked in sweat clothes following a three-day rest after topping the University of Miami Hurricanes, 17-6.

Nugent has had the varsity practicing against Florida plays which the Freshmen have been running.

PASS DEFENSE

Tuesday's work surrounded pass defense. The Gators have two fine ends and a good quarterback in Jimmy Dunn for which the Seminoles have to prep.

This past week found Johnny Sheppard drawing national recognition as the best extra point kicker in college football.

The Tallahassee senior has booted 18 of 20 kicks this season to add to his lifetime total of 49-55. Sheppard also stands second in the nation in field goals. He's kicked three-out-of-three.

Getting statewide recognition this week was Tony Romeo. The 199-pound end was named lineman of the week for the third time this year by the sports writers of Florida.

The Seminoles achieved one of the biggest wins they have ever chalked up, when they beat Miami last Friday.

According to Nugent, it was the second team which won the game. "That second team rose to the occasion three different times."

Miami outgained the Tribe statistically but the Hurricanes were forced to fumble three times and the Tribe recovered all three.

Key pass interceptions set up the first Tribe score and also stopped two Hurricane touchdown drives.

Joe Majors picked off a Miami pass and raced 42 yards for the first score of the game. A Miami fumble on the Hurricane 13-yard line set up a Prinzi to Pickard pass which put the Tribe in front 14-6.

AROTC Nimrods Split Two Matches

Florida State's Army ROTC rifle team split its two meets last week, topping Stetson, 881—882 while losing to Miami, 859-853.

In the Stetson match at Deland, Curtis Newton, team captain, was high man with 181 out of a possible 200.

High man in the Miami match for FSU was Patrick Fox a freshman with 182 out of a possible 200.

Members of the team include, Newton, Fox, Terrell Adams, co-capt., Lynn Corbin, William Stine, Dug Cook, Charles Wynn, and John Root.

TAKING OFF around the end for a long gain is FSU halfback Carl Meyer who was the leading ground gainer against Miami. Leading interference for Meyer is soph end Ron Itinson.

Florida State's basketball team will face five SEC teams this season. The teams are Kentucky, Florida, LSU, Auburn and Georgia.

Houston Uses Ground Attack To Whip Frosh Gridders

The University of Houston Kittens, behind a vicious ground attack, defeated Florida State's Baby Seminoles, 20-0 Saturday at Panama City.

Houston halfbacks Pete Burks and Ed Mitchamore spearheaded the attack with Burks scoring twice and Mitchamore adding the final touchdown early in the fourth quarter.

FOURTH LOSS

It was the fourth straight loss for the Baby Seminoles who went winless this season. The win gave Houston a 2-2 record.

The Kittens rolled up 245 yards on the ground and picked up 40 via the aerial route. Burks scored his first touchdown from nine yards out midway in the second period climaxing a drive of 67 yards in 13 plays.

The Tribe came right back but were halted on Houston's 16 yard line and had to give the ball over on downs.

BILL BEAVERS, sophomore from Omaha, Neb., is one of the best all around men on the gym squad. Last Saturday, the gymnasts copped the Kentucky AAU and many of the gymnasts will appear in the Gymkana show tonight.

Dear Diary:

Boy! Was that an odd ball Helen dated up for me last night? A real, slovenly knothead — the way he dresses. Next time I'll be on a trip to the moon if anyone calls me for a date by the name of . . .

Slouchy Sam

Poor old Slouch isn't doing very much for the human race, is he? Going about dressed like a rag picker and bent over like an Australian Ant Eater.

But we've got just the cure for his problem. OFF WITH THE OLD! ON WITH THE NEW! New, modern, 1959 clothes we're talking about. The kind that would make old Slouch so proud of himself he'd even stand up straight—of his own accord.

That stuff Slouch is wearing went out of style moons ago. YOU know that. Today's wolf cry for SMART men is:

Dress Right, Man!

Church Key

Beer Can Brigade New Social Club

Don't stare at those boys who wear beer can openers on ribbons around their necks. They're members of Church Key, a new social club founded Homecoming weekend during the early morning hours.

The club's ideal is to draw together students with similar and dissimilar interests and "to engage in social activities, said Gerry Gordoo, a charter member.

In a note to the **Flambeau**, the secretary of organizations for the student body, Bill Smith, said that Church Key has beeo approved as an official student group by the committee.

Beer parties will be held twice a mooth Meetings also planned for every two weeks, will be separate from the parties, although the meetings "are going to be held in a socially conducive stmosphere", Gordoo contioued.

Although it is not a fraternity, the club does have a 'pin." All members wear a beer can opener, or "church key", on ribbons around their necks to all meetings and parties

The presideot, Burt Deckle, has the honor of wearing a jeweled church key.

At the momeot there ara 17 members and a limit has beeo set at 21. Since many of the meo are graduating seniors, rush parties are planned for the second semester to fill the quota.

Church Key was founded at the University of Florida last semester The FSU chapter is the second one to be started, and there are hopes of beginniog one at the University of Miami soon.

A joint beer party is planned with the Gainesville chapter durina the weekend of the FSU-U of F football game

At the meeting, on November 5, the constitution was adopted. Burt Deckle was elected president; Jim Apthorp, vice-president; Don Reedy, secretary; and Gerry Gordon, treasurer

The club will have a page in the **Tally-Ho** and they intend to elect a Church Key Sweetheart.

Reporters Out

AAUP 'Closed Door' Policy Sets Precedent 'For Future?

By JOI COCCHI

Behind locked doors in the library lecture hall, a meeting of the American Association of University Professors was held on Monday evenina, November 3.

This meeting was the first of the "closed" type that the AAUP plans to hold in the future.

No reporters were allowed to attend the meeting Dr William J Tait, physical-education professor and president of the AAUP, stated that the members "don't want people sitting around taking notes every time they say somethina"

When Dr. Tait was reminded of the fact that the press might take a derogatory attitude of this idea, he said, "That's fine. That's just what we want. Our idea is to keep reporters away because the professors will not speak off the cuff if they think what they say will be printed"

Attempts were made to explain to Dr. Tait the value of havina a reporter present. The topic of the meeting, the desire to raise the level for the graduate school to a higher position, could have thus been told to the other members of the AAUP, who were unable to attend the meetings, correctly and adequately BY THE PRESS, instead of by word of mouth.

A reporter even agreed to let his article be checked before publication by Dr. Tait. As a last resort, the reporter suggested he be allowed to just listen in on the meeting without takina any notes. But, this suggestion too, was flatly refused.

Dr. Tait suggested that the reporter confer with Dr. Werner Baum, the head of the graduate school, the following day But added, "I doubt if Dr. Baum has any prepared notes, so he probably will not be able to tell you of any major points in the discussion."

After a lengthy battle of words at the doorway of the lecture hall, Dr. Tait turned to the reporter and said, "I'm sorry, but this is as far as you go." With these words, he departed into the meetina room.

Dead Day . . .

(Continued From Page 1)

study the National Students' Association and make a report to the entire Senate body.

Committee members are Charles Van and Ronnie Clark, co-chairman, Carl Butler, Carl Lenahan, Gloria Bryant and Bruce Brown

(3) Heard Sandra Rosenberg, secretary of elections outline election procedure.

Miss Rosenberg was invited to the meeting to clear up senate questions on this fall's elections

She said that a "tremendous increase in voting' exceeded her expectations. Ballots in the primary election ran out and senate received complaints from students who couldn't vote

Miss Rosenbera also told the group that using voting machines for precinct elections would not be feasible. Use of the machines is allowed by statute, but the mechanics involved would prolong the elections to three or four days each

(4) Passed a resolution commendina the football team for its 7-2 record thus far, and victories over Tennessee and Miami The resolution predicts a "smashing victory over the University of Florida on November 22."

TWO MORE NAMES

(5) Heard Senator Pat Mickler's report on progress of street naming Miss Mickler is working with a faculty committee headed by Dr. Robert Miller on naming two streets created since senate's slate of names was submitted last spring

(6) Appointed a "Morrison's food service committee" in compliance with the statutes. Members are Pat Lance (chairman), Leonard Darsey, Carl Butler, Ada Leigh Wall, Margie Eichinger

(7) Decided to investigate sanitary conditions at the Sweet Shop and Student Center

The "unsanitary" condition of both eating places was brought to the senate's attention by Ronnie Clark and Pete Christman. The labor, student services and education committee will investigate.

(8) Elected Ada Leigh Wall president pro tempore of the the senate, to serve in the absence of senate chairman Mattox Hair.

Loan Scholarship Funds Proposed From Reserve

A proposal to create a loan scholarship fund from student activity reserves made by Don Ramsden, Secretary of Finance, at the Student Government Retreat last week-end.

Ramsden says, "a considerable amount of money has accumulated in the reserve funds above the $500-1,000 actually needed."

"Part of this reserve, that attached to publications, is being invested in equipment for the four student publications, however, much of the money is lying idle when it could be earning money in the form of loan scholarships," Ramsden emphasized.

The reserve funds have increased from year to year when organisations have failed to use all the money allotted to them.

Ramsden points out the reserve funds are not taken into consideration when the budget is prepared in the spring and their being diverted into a scholarship fund would not affect the amount of annual appropriations for organizations

Annual appropriations for organizations are made from the total sum of activities fees prorated to the student activities budget for that year, and an operational reserve is maintained within the same framework.

"Those organizations not receiving the full amount they requested are usually cut because they do not present sufficient evidence to justify their request in terms of the money being spent for activities to benefit the whole student body," he said.

Ramsden also commented that an increase in student activities fees would not be directed to the financing of organizational activities handled by his office.

Ramsden hopes the scholarship proposal will be presented to senate in the form of a bill at a later date A more detailed study of the situation is being made by Ramsden at the present.

Home Ec Scholarship

Informatioo on a new training scholarship to be awarded an outstanding June Home Economics graduate is in the office of Dr Hortense Glenn, Dean.

The scholarships will be aiven annually by a nationally - knowo food company for "on-the-job" work

FSU vs Oxford

International Debate Will Be Held Here

Oxford University of England and Florida State University will join forces in the Tenth Annual International Debate to be held in the Geology auditorium, Tuesday at 8 p.m.

Representing Oxford will be Thomas Stuart Griffiths, president of the Oxford Union Society, and Brian Alastair Walden, who holds a state scholarship for post-graduate work in Nuffield College.

Waldeo will aide with FSU's David Harris to approve the motioo "That Since 1945 the Western World Has Failed to Oppose Communism Effectively." Harris is a graduate student in political science and a member of the 1957-58 Varsity Debate Squad

Officials will join Louis Alexander Hester, also in Political Science and a member of the debate squad for four years, in opposing the motion.

According to Dr Gregg Phifer, associate professor of speech and debate advisor, the debate should be especially interesting because the Oxford method of debate is different from ours.

"The Oxford pattern stresses persuasive audience appeal while American debators emphasize reasoned argument and evidence." said Phifer.

"There is no admission charge and aoy announcement of the international debate in any class where it would be appropriate would be appreciated."

Phifer stressed bis confidence in the excellence of the debate by saying, "Students who come because they are asked to do so or think they should, will stay because they enjoy it."

Letters . . .

(Continued From Page 2)

tuted for more fine arts courses than are required for the first two years? A beginning teacher wouldn't have any idea how to start first graders learning to read but she would be well able to stand up in front of them and talk about Byzantine sculpture or the psychological significance of modern music.

She'd be an educated person all right, but you see, Miss Brown, the world expects us to know how to do somethina too. That is why employers do not as a rule say "so what" to FSU graduates when they apply for a job.

IN CONCLUSION I'd like to say that I like FSU too, and I hadn't thought of sitting anywhere but in the FSU section at the Florida game

DELTA GAMMA

Delta Gamma sorority will dedicate their new house Sunday afternoon. The national president of Delta Gamma and the province secretary are expected for the occasion. A reception will follow the dedication ceremony.

The DG's entertained their alumni Tuesday evening with a desert coffee. On Wednesday they were hostesses to Pi Kappa Phi fraternity with a "Nautical Party." A skit and dancing were the entertainment.

ALPHA OMICRON PI

Members of **Alpha Omicron Pi** are eating together each Thursday evening in the Trophy Room of the Student center while their house is being constructed this semester. Tonight the **AOPi's** will spend the night at the reservation where skits will be presented by the pledges and actives.

GAMMA PHI BETA

Gamma Phi Beta sorority held its annual Founders' Day Banquet Tuesday night. Honored guests at the banquet were the members of the alumni chapter in Tallahassee. Miss Lynn, assistant Dean of Women was the guest speaker. After dinner the pledge class presented a skit commemorating Founders' Day Gamma Phi Beta was founded at Syracuse University, Syracuse, New York on November 11, 1874.

KAPPA ALPHA

Kappa Alpha fraternity is giving a party in their pledges' honor tomorrow evening. They are planning many surprises for the pledges and their dates. The theme will not be disclosed until party time.

REYNOLDS HALL

Last Saturday evening **Reynolds Hall** held their formal dance. Multi-colored leaves and other decorations carried out the "Autumn Leaves" theme. Music was furnished by the Devilaires. Dr. and Mrs. Mark Cardwell were special guests. Nancy Jones was dance chairman with Micki Allison, Wincy Horton, and Kay Downing, decorations; Mickel Cracraft and Susie Workizer, entertainment; working with her.

New **Reynolds Hall** honorary house members are Miss Nancy Smith, Women's Physical Education department; Miss Ann Lankford, assistant professor Women's Physical Education; Dr. Mark Caldwell, associate professor of psychology; Mrs. Mark Caldwell; Dr. W. J. Tait, professor of Men's Physical Education; Mrs. W. J. Tait.

LANDIS HALL

"Mardi Gras" will be the theme of the annual **East-West Landis Hall Formal** to be held tomorrow night from 9 to 12 p.m. A blues theme will be featured for the intermission entertainment. Music will be provided by the Commodettes. Helen Monrose and Temple Hess social chairmen are acting as over all co-chairmen. Jackie Colley and Cathy Atkins are on decorations; Bailey Graves, program; Jonna Smith, invitations; Bobbie Summerall and Jackie Haslinger, serving; Janeice Andre, hostess; Beryl Miller and Janet Persons, clean-up; Susan Andrews and Donna Falconnier, posters are the committees.

Westminster Group Holds Theological Discussions

By JIM COX
Flambeau Society Writer

The Westminster House's Theology Hour discussions on Thursday evenings are some of the most informative and benefitting sessions to be found anywhere on campus for those who are interested in interpreting the Bible through Protestant beliefs.

Directing this Presbyterian convocation each week is the Reverend Mr Davis Thomas, pastor of First Presbyterian Church, Tallahassee He is centering the program at the present time on "The Apostle's Creed."

QUESTIONS ASKED

It would be interesting to note some of the types of questions that have been asked by students and answered by leaders in the eight-year history of the Theology Hour. A few include Why did Jesus curse the fig tree?, Why did Jesus cry out "My God, my God, why hast Thou forsaken me?", What is the "second coming?", Did Paul change Christ's teaching?, If God is love what does the Bible mean about "fear of God?", Why do Presbyterians omit "descended into hell" from the Apostle's Creed?, and If we believe in Trinity don't we believe in three Gods?

Such other questions as How could a good God permit evil?, Isn't one religion as good as another?, Why do we believe in life after death?, What is meant by "lost" and "saved"?, and Why do Christians suffer? have also been asked and answered.

DINNER SERVED

The Theology Hour program is preceeded by a 5:30 p.m. supper each Thursday planned and prepared by Carlene Baker and a committee of co-workers. Another student group does the dirty work the dishwashing crew, under the leadership of Pat Conover.

Immediately after the meal the

Shown here are three Phi Delts and an Alpha Gam making a last minute inspection of one of the soap box race cars to be used this afternoon in the annual Phi Delta Theta-Alpha Gamma Delta Soap Box Derby. The first heat of cars will go down College Avenue at 2:30 p.m.

JOYCE COMBS

Joyce Combs Chosen For Orange Bowl Court

Joyce Combs, the pretty brown eyed junior from Miami has been chosen for the Orange Bowl Court. "It is the most exiciting experience I have ever had. I wish everyone could share it with me," she replied when asked her reactions to this honor.

The vivacious coed has been in a lot of courts during her college career. Homecoming court for two years, Military Ball, I.F.C., and Gymkana are a few.

Joyce was one of twenty-five chosen from 145 pictures sent in to the Orange Bowl Committee. She then went to Miami for the many interviews conducted by the judges. They narrow it down to ten girls, and then to the five finalists, constituting the court.

Along with her many activities on campus, in student government, and as a junior counselor, the Zeta Tau Alpha will take two or three trips to Miami for fittings of clothes and pictures.

Joyce said that the interviews were very interesting. The girls did not parade across the stage, as is the usual method of choosing a queen. Instead the judges had talks with the girls on all phases of their lives.

The attractive coed will have a busy week from December 26 to January 3. The court and queen will stay at the Towers Hotel and be escorted to the various functions by five Air Force Academy Cadets.

Her heavy schedule will include boat races, a tennis match, a banquet and dance with the two teams, the Coronation Ball, the Orange Bowl Parade, and the football game on New Year's Day.

"It seems just like a fairy tale," said Joyce, with happy tears forming in her eyes.

Church Schedule

BAPTIST STUDENT UNION

Today, 5:45 p.m. The Chorale Spaghetti Supper at Jerre McCullom's home Meet at the House.

Saturday, 8 a.m. International Breakfast. All international students invited free. All Baptist students also welcomed.

Saturday, 9 a.m. Training Union Study Course Lunch will be served in the blue room, and the study will conclude at 3 p.m.

Saturday, 5 p.m. Bible Study and supper.

Sunday, 6:30 p.m. Fellowship Hour, featuring Frank Boggs, the recreation room, First Baptist Church.

Tuesday, 6:45 p.m. Vespers forum: "The Southern Baptist Convention and How It Works."

Thursday, 5:30 p.m. Manual Study and steak supper. All officers, executive, freshman council and unit organization, are urged to be present. Sign up by Wednesday

Saturday, November 22. BSU trip to FSU-Florida game. Dinner party afterwards at the Florida Baptist Student Union

CHRISTIAN DISCIPLES FELLOWSHIP

Sunday, 9:45 a.m. Sunday School at the Tallahassee Christian Church, to be followed by the morning service at 11 o'clock

WESTMINISTER FELLOWSHIP

Tuesday, 9:30 p.m. Devotions, led by Lucy Ann Griffin.

Thursday, 5:30 p.m. Theology Hour discussion. (See story, this page.)

Mademoiselle Features College Board Contest

Coeds interested in entering the annual Mademoiselle Magazine College Board Contest should do so as the November 30 deadline is quickly approaching.

The magazine's contest offers a chance for any undergraduate woman to win one of the twenty Guest Editorships—a month on the staff of **Mademoiselle**. Those who are accepted on the College Board do two assignments during the college year

ASSIGNMENTS

Assignments give College Board Members a chance to write features about life on their campus; to submit art work and fashion as well as feature, fiction or promotion ideas for possible use in **Mademoiselle**, to develop their critical and creative talents, to discover their own abilities and job interests; to win cash prizes and possibly publication for outstanding work submitted during the contest.

The top twenty Guests Editors will be brought to New York next June to help write, edit and illustrate the August College issue. They will be paid a regular salary for their month's work, plus round-trip transportation to New York City.

N. Y. ACTIVITIES

While in New York each Guest Editor takes part in a full calendar of activities. She interviews a celebrity in her chosen field, takes in the theatre, parties, fashion shows, manufacturing houses, stores and advertising agencies, besides working daily with the **Mademoiselle** editor to whom she is assigned. The twenty Guest Editors get help in finding positions in their special fields, and each year several join **Mademoiselle's** own staff.

Successful candidates will be notified of acceptance on the College Board during Christmas vacation, the first College Board assignments will appear in Mademoiselle's January issue For further information see the Dean of Women or the August, September, October or November issue of **Mademoiselle**.

FACULTY SENATE REVISES SCHOOL CONSTITUTION

The Faculty Senate Wednesday approved revision of a portion of the Florida State University Constitution.

Dean of Faculty, Dr. Charles S. Davis, announced that the proposed constitution revisions passed the Senate with a majority vote.

The actual changes will not be available for publication until the Board of Control has approved. The next Board of Control meeting is scheduled for Friday, November 21, in Gainesville.

WFSU-FM Lists Programs

Florida State University's radio station, WFSU-FM, with recently upped power and recognition of the Federal Communications Commission, announced new programs and special broadcasts this week

A tape of the recent Campus Composer's Concert will be presented at 8:15 tonight. An FM receiver is located in the large lounge of Longmire for student listening.

In addition, the station will broadcast a tape of "Sounds of the Brussels World Fair" on Sunday at 8 15 p.m Shakespeare's **Cymbeline** is scheduled for November 21 and 23 at 8:15 p.m.

In cooperation with WMEN radio station, WFSU-FM is planning the first stereophonic broadcast to be made in the Tallahassee area. Both stations will air the Vespers Christmas Concert of the Womens Glee Club simultaneously on Dec. 14.

"Microphones of each station will be placed on opposite sides of the Glee Club. If two receivers, AM and FM, are placed on opposite sides of a listening room, a stereophonic effect will be heard, says Roy Flynn, director of WFSU-FM.

Veterans' Day Annual Affair Inaugurated

Army Air ROTC units of Florida State formed a large part of the Veteran's Day services held at the Doak Campbell Stadium last Tuesday.

The program started with the snappy Lincoln High "Fighting Tiger Band." It was followed by the Florida A&M University Drill Team

The Florida High School Marching Band directed by Glenn Hienlen climaxed their number with a V-formation salute to the Veterans of previous wars.

The ROTC units, joined by the Florida A&M Marching Band, paraded around the length of the field.

Dr. Glenn C. James of the Trinity Methodist Church, a veteran himself, read the Memorial service.

The National Guard 14-man Firing Squad followed with a triple salute to the war dead. During the playing of the National Anthem by the FSU Air ROTC band, the colors were raised by the First Marine Tank Unit. Afterwards, taps were played by members of the Florida High band.

A novelty feature of the program was the Tallahassee Championship Pee-Wee football game between the Tallahassee Fedral team and Carter's team.

The Florida A&M band completed the "Big Show" with a full half-time review

HOAX . . .

(Continued From Page 1)
swering letter Shaw wrote:

"I can assure you that the fountain will not be filled up at any time in the near future, but if vandalism continues something will have to be done to protect the fountain, discontinue its use completely, or find some other means of avoiding the continual expense which it has brought about during the past four or five years"

Last month the fountain was burned by vandals and repairs totaled $125. It was this incident that prompted Martin to propose the flowers, contending that flowers would look better than the blackened mess which graced the front lawn of Westcott.

NSA Battle . . .

(Continued From Page 1)
Kiley spoke to student government officials at their "retreat" on Lake Bradford and to individual senators during his three day stay

Groundwork for the campaign came last summer when student body President Art Moore attended the NSA Congress at Delaware, Ohio Moore returned to campus much in favor of membership in the national organization. In a speech to the Senate two weeks ago, he asked the Senate to consider again joining NSA

MOORE SUPPORTS

Moore's support of NSA may be the necessary backing NSA needs to win acceptance here Both Presidents Pete Nimkoff and Dave Bachman remained rather non-committal when it was considered during their terms. Last year's president Arnold Greenfield actively opposed membership in the nationwide body

Senate seems to be in a definitely friendly mood toward NSA, though a majority of the senators remain uncommitted Many senators were impressed by Kiley's speech at the "retreat" and in informal talks with him afterwards.

Nevertheless, opposition exists. Several senators were critical of NSA at the "retreat" and can be expected to vote negatively when the proposal comes up.

The balance of power lies with the newly-elected freshman and precinct senators. The senate has established a committee to investigate NSA, thus probably postponing the vote until after Thanksgiving

FOUNDED '47

NSA was founded in 1947 at the University of Wisconsin. Among the educators who assisted the fledgling organization was Dr. Robert M Strozier, now President of FSU Then Dean of Students at the University of Chicago. Strozier served on the NSA advisory Board for 10 years. He resigned this summer because of the "paradox" of being president of a non-member school.

NSA kept relations with, but never joined the International Union of Students, a communist-infiltrated student movement, from its founding until 1950

"For a while Western delegates thought they had some chance of keeping the organization free. When it became evident they were not going to succeed, we withdrew all relationships with them," Kiley told student government officials last week.

NSA and 15 other student organizations founded the International Students Conference in 1951. The ISC now has a membership of 65 and serves a great aid to NSA exchange and travel programs

The National Students' Association is still a growing organization. "We take in an average of 30 schools a year," Kiley said Membership is sparser in the South than in any other section, Kiley admitted.

In Florida only the University of Miami and Barry College are members.

Flambeau Photo: Tom Maida

SEMINOLE LADY OF THE WEEK, Miss Peggy Sue Glasscock, poses for the Flambeau roving photographer, Tom Maida. Miss Glasscock is a sophomore majoring in elementary education. The coed has brown hair and brown eyes and hails from Auburndale, Florida. She is a member of AXO sorority.

When And Where

Fernando Macias-Rendon, Summer School Dean of Instituto Tecnologico de Monterrey, Mexico, will be on campus today and tomorrow.

A reception honoring the dean will be held this afternoon in the large Longmire lounge at 4.

Students interested in the FSU Summer School program offered at the Instituto may interview Dean Macias-Rendon tomorrow morning in room 303 Old Demonstration School.

• • •

The Department of Physical Education announces that the members of the Faculty are invited to use the swimming pool during the "Plunge Period", 7:30 - 8 30 p.m., Monday through Friday (with the exception of that time during which some special event may be scheduled).

A nominal charge, to cover laundry of suits and towels, of 25 cents for two swims will be charged Tickets may be purchased at the Student Bank.

• • •

Representatives from the following companies will be in the Placement Office, room 8, Longmire building, to interview seniors and graduate students on Monday: U.S Auditor General — Accountants; Price Waterhouse — Accountants; and J. C. Penney Company — Business Administration and Liberal Arts majors.

• • •

The Southern Scholarship and Research Foundation, Inc., is holding open house on Sunday afternoon, from 4 - 6 p.m., at the Scholarship houses for Women located at 803 West Jefferson Street and 620 West Pensacola Street Interested friends are invited to attend

• • •

All organizations that have paid to have their pictures in the Tally-Ho, but have not scheduled them to be taken must make an appointment with the Tally-Ho office immediately at 3334.

• • •

The Panhellenic Workshop will be in session all day tomorrow in Longmire building

• • •

There will be a Chi Alpha picnic held at the Reservation tomorrow at 4 p.m

• • •

The Faculty Bridge group will meet in the Trophy room at 8 p.m. tomorrow

• • •

Keith Dauber, graduate physics student from New Zealand, will be the speaker at the Liberal Religious Youth meeting Sunday night at 7:00 p.m. in the Unitarian chapel.

• • •

A meeting of the complete Literary Anthology staff will be held Monday at 5.00 at room 210 in Longmire building.

WESTMINSTER . . .

(Continued From Page 5)
Hour is begun with Bill Love, chairman of the discussions presiding An average of 40-60 are in attendance for the informative periods, and students of all faiths are invited to participate

OTHER ACTIVITIES

The Sunday program of Presbyterian students is held at the First Presbyterian Church. This fall Dr. W H Rogers is leading Sunday School groups on "The Revealing of God to Man" at 9:45 a.m., which is followed by the 11 a.m preaching service

Sunday night supper is accompanied by a series of panel discussions, mission studies, religious book reviews, and the like, and a candlelight meditation and the evening service

There is a weekly devotional period each Tuesday evening at 9:30 p.m. at the Westminister House, also Miss Miriam Wilson is co-ordinator of Westminister activities

Four Attacks . . .

(Continued From Page 1)
membership.

According to Kiley, "This matter gives us trouble at a lot of schools, but it's being overcome as less and less Greek organizations keep restrictive clauses."

Again, here, NSA has no method of enforcing its policies.

(4) What will student government here get out of membership, opponents ask Membership would cost FSU $155.

First FSU would have a voice in the **only** national college government association. In fact, because of our size we would have six votes.

Our student government would be able to draw on the organization's Information Service to help in solution of various problems.

FSU students would also be eligible to go on European tours at reduced rates, financed through NSA's exchange program.

Playboy Magazine To Sponsor Formal Dances On Campus

Playboy Magazine will sponsor formal dances staged by the social groups campus, according to Bob Waters and Ron Whiteard, campus representatives fo magazine.

"**Playboy** sponsored activities are already integrated in the social systems of many of the other universities of the country," said Waters, "and what **Playboy** has to offer can really inject some new blood into FSU's party life and at the same time give the social groups on campus a real financial break

"For instance, if the dance is formal, decorations, favors, publicity, and party hints will be provided free of cost. If a sorority or fraternity can devise some unique and imaginative ideas for a party it could make an issue of **Playboy** magazine and gain national recognition and prestige for the group."

First to take heed of the **Playboy** Formal Party offer are the West Hall Playboys who are planning a formal Christmas dance in December This will replace the annual West Hall Christmas formal.

GARTERS AVAILABLE

Waters also mentioned that the Greek organizations can purchase **Playboy** garters, earrings, stuffed bunnies, and other like articles with their group symbols printed on them at a reduced cost.

A **Playboy** advertisement asking for qualified students to represent them on campus was the prime force which interested Whiteard and Waters in this endeavor. They answered the ad, fulfilled the basic requirements and were accepted by the magazine

"We are both satisfied with the arrangement," said Waters, "and we really believe both the University and the individual social groups can benefit through national publicity if the idea catches on and is followed through."

To all socially inclined groups, Bob Waters makes this s tion: "If you want to have ty, not a bridge party or but a real social blast co me at Magnolia Hall, Room Ron Whiteard at the Sigm House."

Debate Team On Road Trip

The Florida State University Debate Squad left yesterday for Emory University in Atlanta to compete in the first annual Peachtree Tournament.

The squad, which received two "excellence" certificates for only four entrants in last week's Alabama Discussion Conference, will debate the topic "That further development of nuclear weapons should be prohibited by international agreement."

Members of the team who went to Atlanta are Linda Arnow and Ben Bryan debating for the motion, and Mal Ellis and Charles Van opposing

ursday Night

Parade, Pep Rally Kick-Off Weekend

Pep rallies and a parade of cars will stir Florida ...e University's football spirit Thursday night.

The events are scheduled in preparation for the clash with the Florida Gators in Gainesville this weekend.

A parade of cars from each fraternity and any others wishing to participate will originate at Campbell Stadium at 6:30 and move around campus

The procession will return to the stadium for the pep rally, scheduled to begin at 7, at which Coach Tom Nugent will speak, and introduce team members to the audience

Dean of students R. R Oglesby will give a "pep talk"

At press time yesterday the planning committee had hopes of providing bus service to the rally. Buses would leave from the Bryao stop at 6:45 p.m

If the bus service is approved studeot senators will announce this in their living areas tomorrow night and Thursday

Cheerleaders, Marching Chiefa and Sammy Seminole will participate in the rally, with Head Cheerleader Dick Ainsworth in charge of the program.

The rally will end at 7.30 to prevent conflict with a lecture by Dr Linus Pauling at 8 15 p.m

The cheerleadera and a section of the band will also lead smaller pep rallies in sorority and fraternity houses Thursday afternoon.

Student senate is sponsorina the parade and pep rally The planning committee includes Mygnoo Champion, chairman; Rita Garnett, Ginger Swain, Carl Butler and Ada Leigh Wall

First Photo Show Set December 1

Preparations are being completed for the first photo show presented by the local chapter of Kappa Alpha Mu, national photo-journalism honorary

The show will begin December 1.

Dick Parks, winner of the Kappa Alpha Mu National Photo Contest, will display his prize-winning pictures Evon Streetman, formerly with **Look** and **Life** magazines, will also have pictures on display.

Pictures takeo by members of Kappa Alpha Mu, plus shots from other accomplished photographers on campus will round out the presentation.

Sections of human interest, photo-journalism, portraitures, and abstracts will be displayed. Portions of Miss Streetman's photo display recently displayed in a down-town bank will be in the show.

Results of KAM elections held recently are: Dick Parks, President, Alan David, Vice President, Charles Guthrie-Secretary-Treasurer and Warren Gerard, Publicity.

Flambeau Photo: Warren Gerard

"THE GATOR WAGON" which will be demolished by fired-up Seminoles is being sponsored by the Kappa Sigma fraternity as a dual-purpose project. The Kappa Sigs are charging 25 cents per hit to raise money for the Campus Chest and to aid Seminoles in getting worked ap for the "Gator Massacre."

Casting Set In 'Hairy Ape' Production

Casting nas been completed for Eugene O'Neill's **The Hairy Ape** to be presented by the Speech Department December 4 to 6.

The live new student actors who share the lead in O'Neill's expressionistic play are Yank, Paul J Smith, Paddy, Michael Gallagher, Long, John E. Bossom; Mildred, Faye Dunaway, and Aunt, Susao Beckenbach.

Others in the cast include: 2nd Engineer, Frank Tichenor; 4th Engineer, Beverly Davenport, II. Secretary, Donald W Andrews, Guard, Fred Burrall.

Fifth Ave. Ladies Patti Bakes, Jean Bleichener, Esther Kirk, Dorothy Reedy; and stokers, Barton Sloan and Vincent Martinelli

Most of the cast of the play are new to the Speech Department productions, with this as their first appearance.

"O'Neill's play is a study in belonging," says Dr. Arthur Dorlag, director of the play. Yank and Mildred have the same basic problem; a feeling of insecurity which increases as the play progresses

Yaok, a primitive sort of mao, is shocked to discover that there is a society in which he has no place, that people in this "other world" consider him as something of an animal

The play revolves around the actions Yank takes, influenced at times by Long, to make himself fit into society Wheo this proves impossible, he tries to avenge himself by destroying those who symbolize that portion of the world that differs from his.

Lighting and staging to emphasize the mood of the play will be arranged by Charles I Reimer.

Dr Dorlag, director of the theater production, will direct **The Hairy Ape** as his first productioo here at FSU.

FAYE DUNAWAY, wha plays the feminine lead Mildred in Eugene O'Neill'a "The Hairy Ape," the next Department of Speech production here, gets some pointers from Dr. Arthar Dorlag, new faculty member who will direct the production Dec. 4-8.

TALLY-HO RESERVATIONS

Reservations for the 1959 **Tally Ho** will be on sale today through Thursday from 3 until 5 p m io the Tally Ho office, fourth floor, Longmire.

Organization pictures will be made for the year book from 3.00 througbout the evening through Thursday in the Longmire auditorium, second floor.

If organization pictures have not been scheduled, please do so by contacting the Tally Ho Organizations Editor, extension 3334.

Team With Oxford

International Debate Scheduled Tonight

Two members of the Florida State University debate squad ... team with Oxford University in the Tenth Annual International Debate tonight at 8 in the Geology Auditorium.

Oxford has sent two of its best debators, Thomas Stuart Griffiths and Brian Alistair Waldeo, to dispute the motion "That Since 1945 the Western World has Failed to Oppose Communism Effectively."

Griffiths, who is president of the Oxford Union Society, will side with Louis Alexander Hester of FSU io opposing the motion.

Hester is a graduate student in political science, and a veteran of four years oo the debate squad.

Walden, who holds a state scholarship for post-graduate work in Nuffield College, will joio FSU's David Harris to debate the affirmative side of the motioo.

Harris is also doing graduate work in political science, and was a varsity debater last year.

The winning team in tonight's meet will be decided by an audience ballot, instead of the usual judging procedure.

The viewpoints of those attending will be asked before and after the debate oo printed ballots to determine the effectiveness of each team.

According to Dr Phifer the debate should be especially interesting because "the Oxford pattern stresses persuasive audience appeal while American debators emphasize reasoned argument and evidence."

"Students who come because they are asked to do so or think they should will stay because they enjoy it," said Phifer.

TEP-DG Cop Soapbox Race

The Tau Epsilon Phi-Delta Gamma soapbos racer flashed across the finish line and into the winner's circle last Friday in a time of 25.8 seconds.

The event was the annual Alpha Gamma Delta-Phi Delta Theta Soapbos Derby, sponsored by the two groups to raise funds for their respective charities This was done through coke sales at the race, and entry fees.

Coming in second was the Delta Sigma Phi-Sigma Kappa car and third, Kappa Alpha-Kappa Delta. The winnera got a "traveling trophy," which will now have six names engraved on it.

Last year, Pi Beta Phi and Kappa Alpha won the event. The winning sorority and fraternity alternate holding the trophy during the year

This year some groups borrowed racers from the local boys who entered them in the Kiwanis Club Soapbox Derby held in the summer. Othera built the racers themselves.

The co-chairmen for the event were Tom Fisher, Phi Delta and Angela Alonso, Alpha Gam.

December 9

Hi-Lo's To Headline Annual ATO Concert

The Hi-Lo's, popular vocal group, will present two shows here December 9, the fourth annual concert sponsored by Alpha Tau Omega fraternity

Tickets for the show will be sold for $1 25, said Bill Burkhardt, chairman. All proceeds will go to the ATO's "Bob Crenshaw Memorial Scholarship Fund"

The fraternity brings a name group to the Florida State University campus each year Last year two sell-out crowds heard the Four Freshmen.

In 1956 Louis "Satchmo" Armstrong and his trumpet rocked the campus Woody Herman and the "Third Herd" were featured in 1955.

$4000 TO CHEST

These three previous concerts netted about $4000, after expenses, for Campus Chest, according to Burkhardt. Since Campus Chest is no longer officially organized, the ATO's plan to perpetuate the Crenshaw fund through the concert.

The Hi-Lo's, a quartet, organized in 1953. Members are Gene Puerling, Clark Burroughs, Bob Morse and Bob Strasen.

The group records for Columbia. Their latest album, "Love Nest" is reported to be one of Columbia's "hottest selling LP's" On European tour for the past two months, the Hi-Lo's sang at the Brussel's World's Fair and the Stuttgart Jazz Festival.

TV SHOWS

The group has sung on nearly a dozen television showa, including "Climax," "Bob Crosby," Patti Page's "The Big Record," and as regulars on the Rosemary Clooney Show in 1957.

Other stints include night club dates in Los Angeles, Buffalo and Chicago, numerous concert tours, two radio tours and singing commercials. They recorded two songs used in the movies, "The Girl Most Likely" and "Heat Wave"

Also on the bill for the ATO concert is jazz pianist Ahmad Jamal, night club and recording star.

ANNUAL SOAP BOX DERBY WINNERS—Sissy Sellers, Delta Gamma, is hoisted upon the shoulders of many jubilant TEP's to receive the Derby Trophy after the combined efforts of Sissy's driving and the TEP's mechanical engineering prowess won the annual event with their racer.

Nobel Prize-Winner Will Speak Here

Result Of Tour

Welcome Packets Offered By UF

Approximately 8000 "Welcome Packets" are being offered Florida State University students by the University of Florida student body.

The packets were compiled for students who are attending the FSU-U of F football game Saturday and came as a result of a good-will tour to Gainesville by an FSU student delegation.

They contain:

1. A map of the U of F campus.
2. A schedule of events that coincide with the football game such as the Fall Frolics.
3. A list of popular eating establishments in Gainesville.
4. A welcome packet from the U of F Student Body.

The packets are being distributed beginning today by fraternity, sorority and dormitory presidents to their respective houses.

They also are available at the Alpha Phi Omega travel service booth in the Post Office today and Thursday. Longmire Lobby will have a limited number on hand

The delegation, which was headed by Student Body President Art Moore, arrived in Gainesville Friday morning and was greeted by Student Government and University officials upon arrival

Othera in the delegation included Mattox Hair, J. Ed Bell, Dayton Roberts and Joe Westhafer.

Following a reception in their honor that afternoon, the delegation engaged in an informal discussion with student and administrative officials concerning the atmosphere that must be maintained when the FSU students arrive in Gainesville and when the two teams meet on the football field

"Both student governments want to set the mood for a healthy atmosphere prior to the game" Moore stated.

ALL TICKETS GONE FOR GATOR TILT

"Standing Room Only" is the by-word for this weekend's Seminole-Gator clash in Gainesville.

Over 9,200 tickets have been sold, the complete stock sent for FSU purchase by the University of Florida athletic office. Yesterday FSU had ordered 100 more, which are already spoken for.

Athletic Business Manager Eddie Cubbon, said that standing room will be sold in Gainesville. "We have turned away hundreds and are still turning people away," he said

Cubbon suggested that students attending the game leave campus early—between 8 and 8 a m The Gainesville parking lot opens at 8.

Church Key Not Only Social Club

Church Key, oewest social group on campus, will sponsor some constructive project for the year, said Don Reedy, secretary.

"I want to get away from the idea that all we do is drink beer and have beer blasts," Reedy said.

While no definite plans have beeo made for the project, the group has this aim in mind, Reedy told the **Flambeau**.

He described Church Key as an extra-fraternal social group composed of students with "common and dissimilar interests." "We want to enhance the idea and prestige of the FSU man," be said

There is no scholastic average requirement for members. They must have "a good personality," and usually have done something for the school

Membership is limited to juniors and seniors who have beeo at Florida State University for three semesters. Tapping ceremonies are held twice yearly

"I think it is good to have a group such as Church Key in which upperclassmen can enjoy the company of congenial men from varying groups with diverse interests," Reedy said.

The group has elected Jackie Soud its Sweetheart and will sponsor a page io the **Tally-Ho**. It has beeo officially approved by Bill Smith, secretary of organizations.

Blood Donors Still Needed

Inter-Faith Council's blood drive is scheduled to run through Nov. 26

Clubs and organizations are urged to donate to the drive. Each will receive a specific time for donations and will have a quota to donate to the Leon County Blood Bank

The blood will be accredited to the FSU student's account or to a particular group and will be received only by persons designated by the sponsor

Those organizations which already have accounts with the blood bank are Alpha Kappa Phi, Alpha Phi Omega, Sigma Alpha Epsilon, Delta Tau Delta Kappa Alpha, Kappa Sigma, the students of FSU and the faculty of FSU.

Band To Play At Gator Game

Funds for the band and the cheerleaders are available and and both groups will perform at the University of Florida-Florida State University football game in Gainesville this weekend

Unlike the University of Miami-FSU game, which was not a regularly scheduled trip for the band, the Marching Chiefs do not need extra money to make the trip to Gainesville.

"This is a regularly scheduled trip for the band and is included in the 1958-59 budget which was made earlier this year," says Manley Whitcomb, band director.

Though Head Cheerleader Dick Ainsworth was unavailable for comment on the cheerleaders' trip at press time, Cheerleader Martha Douglas says, "We're definitely going if we have to pay for the trip out of our own pockets"

Financially speaking, Sammy Seminole's Cheerleaders broke even oo the sale of their headdresses, according to Student Body Secretary of Finance Don Ramsden. The cheerleaders were selling the headdresses to finance their trips to Miami and Gainesville.

"The cheerleaders have sufficient funds remaining to carry them through the remainder of the year's activities, including the U of F—FSU game," Ramsden continued.

Dr. Pauling's Public Talk Thursday Night

Dr. Linus Pauling, Nobel prize-winning chemist, will discuss morality and science in a public lecture at Florida State University Thursday.

"A Proposal: Research for Peace" is the topic of the non-technical speech, to be given at 8 15 p.m. in Opperman Music Hall as the first annual Beth Walton Moor Lecture

A leading spokesman on controversial social effects of scientific advances, Dr. Pauling is chairman of the Division of Chemistry and Chemical Engineering at California Institute of Technology

He received the Nobel prize in 1954 for work on molecular structure and is the author of a widely used textbook **The Nature of the Chemical Bond.**

In a recent book, **No More War**, the 57-year-old scientist declared: "I believe in morality, justice, in humanitarianism We must recognize now that the power to destroy the world by the use of nuclear weapons is a power that cannot be used—we cannot accept the idea of such monstrous immorality.

"The time has now come for morality to take its proper place in the conduct of world affairs; the time has now come for the nations of the world to submit to the just regulations of their conduct by international law"

The lecture here is expected to include his views on such subjects.

Dr Pauling's work on chemical bonds has led to advances in medicine as well as plastics and synthetic fibers. Receotly he has done research with proteins a principal chemical basis of life

He and Dr. Sidney Fox, director of the FSU Oceanographic Institute, were two of 10 American scientists who participated in the Moscow conference on the origin of life last year

Dr Fox also held fellowships in biology and chemistry at Cal Tech, where he was acquainted with Dr. Pauling.

The lecturer was the first recipient of the American Chemical Society pure chemistry award which this year was won by Dr Ernest Grunwald, FSU chemistry professor

During his one and a half day visit to Tallahassee, he will also speak to the Sigma Xi Society Friday night. He will be guest of Dr. and Mrs Robert Strozier.

FIRST OF A SERIES

The lecture is the first in a series set up by a gift from Frank D Moor, Tallahassee insurance executive, honoring his wife, president of the state alumni association for four years and holder of the Distinguished Service Award from FSU alumni

The former Beth Walton of Pensacola, Mrs Moor received her BS degree in home economics here in 1918.

She is permanent chairman of Longmire Building, which was erected as a result of a campaign she directed during her terms as president of the state alumni association, 1937-40

Active in gardeo work, civic activities and church work, she received the Blanche Covington Leadership Award of the Florida Federation of Garden Clubs in 1954.

Dr J Paul Stoakes is chairman of the University Lecture Series.

Permanent Groups Set By Senate

Four permanent standing committees for the year have been set up in senate:

Organization and Finance: Charles Van chairman, Ann Moore, secretary, Mary Ann Coleman, Caryl Lenahan, Pat Lance, Mary Lynn Scott, Buddy Holley, Flossie Avis, Dave Harris and John Reynolds

Judicial and Rules: Chris Vogl, chairman, Jackie Soud, secretary, Dale Koch, Liz Bradley, Pat Houston, Ronnie Clark, Charlie Forehand, Bill Whitehead, Linda Hobbs.

Labor, Student Services and Education: Pat Mickler chairman, Penny Pickels, secretary, Carl Butler, Bobby Byrd, Pete Christman, Rita Garnett, Leonard Darsey, Mygnon Champion, Beth Brown and Ginger Swain

Elections and Appointments: Diana Holroyd, chairman Bruce Brown secretary, Bill Bryan Ann Wear, Sandra Lambur, J. Mark Calhoun, Margie Eichinger Gloria Bryant and Bob White.

Nugent-Pasternak Salary Comparison Shows Problem

A signpost indicative of a sickness in our modern academic community was pointed to in Friday's **Flambeau.**

By noticing something that probably escaped 99 out of 100 students, **Flambeau** columnist Robert Ferluga brought to the surface the relative values our American college places on football and academics.

BORIS PASTERNAK, Russian novelist and Nobel prize winner, was offered a professorial position at Florida State for a salary of $8,000. FSU football coach Tom Nugent earns $13,000 from the university.

This comparison shows rather clearly the value the university places on each of the men. And it shows which man the university considers the most valuable to have around.

WE WOULD RATHER have Tom Nugent and winning football teams than Boris Pasternak and superior teaching.

Why?

Our columnist suggests that the fault lies with the American people. "They will be the recipients of the consequences," be predicts.

AND, INDEED, they already are. This little item on comparative salaries merely throws the spotlight on a small part of a large disease affecting the national academic picture.

Do you realize that not a professor on this campus earns the salary of our football coach? That among the students there is far more interest in the fortunes of our quarterbacks or ends than in the theories of our faculty physicists or social scientists.

Or that the term "scholarship" is merely a polite phrase when applied to athletics. If a scholarship were given to non-footballers on the same terms, over half the student body would have such scholarships.

THE AWARDING OF SUCH scholarships of the ability to play football well rather than on academic ability is an insidious cancer in our colleges and universities.

One of its chief results is it tends to make cynics out of the good scholars, the A students who fail to gain such scholarships because the available money went for football players.

SUCH CYNICISM among the bright undergraduates is of no help to the university of the community.

Robert Younger in the October **Atlantic Monthly** suggests a solution to the problem of the dominance of football in our institutions of higher learning. Younger, principal of a large Mid-west high school, claims that the over-emphasis on football is harming high school students—both athletes and scholars.

The university faculty holds the answer, he says.

The faculty, as members and promoters of the academic community, should have the first interest in the academic standing of their campus and be the first bulwark in the defense of keeping colleges on an academic plane.

A FACULTY THAT DOES not do so—from laziness or indifference—is an inferior faculty. Thus their university is inferior.

In most universities the faculty can wield a great deal of power when it is united. By use of such organizations as the AAUP and the faculty senates, American faculties should be able to keep their university on such a level that football power does not predominate in the minds of college administrators and governing boards as the primary goal of the university.

NOR SHOULD IT EVEN be a secondary goal. It should only serve as a means of solidifying school spirit and providing weekend recreation for both the athlete and spectators.

FSU in its rise to the ranks of the large state universities, has relied a great deal on football promotion. Much energy, time and money has been expended on building a team, coaching staff and physical structures.

We are not however any more guilty than most of the nation's other large schools. In fact we look like angels in heaven compared to our neighboring school of Auburn which has built up a powerful gridiron machine but recently lost accreditation of their engineering school.

It is good that this problem—and it is a problem slowly eating away at our academic instiutions — be brought out and discussed. It is a large problem and not one to be solved or modified overnight.

But it must be pointed out to and realized by that portion of the people who in some manner affect our colleges and universities

They will get the kind of schools actions show they deserve.

Insurance Policies Moved Downtown For Tardy Holders

Students who failed to pick up their insurance certificates during registration may get them at the John E Hunt Insurance Agency, 311 North Monroe

Due to confusion at registration, many certificates were not claimed. A student is covered whether he has his certificate or not, but it is advisable when out of town to have insurance identification.

Special arrangements for those not able to pick up certificates will be made. Phone number is 30960.

Doesn't Know Cooking When He Sees It

TO THE EDITOR:

Concerning Mr. Carhart's recent editorial concerning Southern cooking, **Flambeau**, 7 Nov., 1958. It is very apparent that Mr. Carhart is so accustomed to "Yankee" cooking, that he is unable to recognise good cooking when he sees and eats it.

BARRY SMITH

Letters To The Editor

Bob Tully's Family Expresses Thanks

TO TTHE EDITOR:

How proud we were on November 1, to attend the ceremony dedicating FSU's new one million dollar gymnasium as a memorial to our loving son and brother, Robert Henry Tully. We, the Tully Family, wish to express our deep gratitude and appreciation to everyone who had a part in the naming of this building in honor of Bobby. Bobby would have been beyond expressing his feelings over this magnificent building bearing his name.

JUST AS HE LOVED Florida State University and his Colleagians, he would have loved and admired this gymnasium too. To us, this building is a symbol of Bobby's life with its wholesome atmosphere of youthful vitality and the beautiful pleasant appearance of being everlasting.

We hope that all who pass through the portals of Tully Gym will feel the influnece of this outstanding one for whom it is named Just as Bobby lives on in our hearts so may the light from his immortal soul "so shine before men that they may see his good works."

WE WILL ALWAYS HAVE a warm special feeling in our hearts toward Florida State University for we shall never forget the high tribute made to Bobby, which has made us ever so proud, so honored, and so grateful

Therefore, on behalf of our unforgettable son and brother, we give our sincere thanks and deepest appreciation for the Tully Gymnasium which we'll always look upon with beaming admiration.

BOBBY TULLY'S FAMILY

Right Of Privacy Part Of Freedom

TO THE EDITOR:

May I call your attention to what I'm sure is an honest error in your editorial about the AAUP in the issue of November 14 You state "AAUP meetings have been open to the public as well as the press for more than ten years." It was just about ten years ago when the organization voted officially to restrict its meetings to active members of the organization, any departure from this to be by explicit vote of the chapter. I do not think any change in this policy has been authorized by members of the chapter, nor do I think any should be

AS YOU SAY IN your editorial, the American Association of University Professors is a private organization. It asks for and receives no public funds. It is entrusted with no public function, has no official duties, power, or status. It is a private association of scholars who want to join and who pay for that privilege. If you stop to reflect, I think you will agree that, far from being any abuse of legitimate freedom (press or otherwise) in the AAUP's limiting its meetings to its membership, there would be a serious abuse of freedom if it could not do so.

Freedom has departed that land in which groups or individuals cannot meet for peaceful purposes behind closed doors, lock them tight, disconnect the telephone, station a guard outside to tell reporters, TV camera men, and even senators and magistrates that private matters transpire inside. It is as important to keep straight on this point as on the necessity of keeping public business public.

EARL L. VANCE

Southerners Arise As Their Food Is Abused

TO THE EDITOR

Being a Southerner I am naturally hot tempered and don't take kindly to abuses of that part of the U.S. which is commonly referred to as the South.

IN ANSWER TO MR. CARHART'S articles about "Southern Cooking Not Way To Yankee Heart," I agree with him in some respect

Maybe the grits in some places are bad, but this could stem from the fact that most northerners are just plain ignorant of what grits really are. Webster gives them enough consideration to define them as "hulled and coarsely ground grain", or coarse hominy.

WELL, THE WEATHER we've had recently in Tallahassee isn't quite what I like either, but what good does it do to talk about it?

I understand from conversations with northerners that the weather up North is bad enough to warrant coming to a southern school or retiring in the South just to get away from "your kind of ideal weather."

I've yet to try some hog jowls and black-eyed peas together. They don't strike me as being really good either, but then neither does mountain oysters, or the idea of coating everything I eat with sugar and cream. Oh icky poo!

EVEN SHERMAN'S MARCH through Georgia and the influx of Carpet Baggers couldn't change the traditions and eating habits of Southerners, which prevail today

So if the School of Home Economics is supposed to change our way of cooking chicken so that it is better looking than it is tasting; vegetables with no spices, not even some ham hock, pork, or something to get rid of that flat taste; then they've got a long way to go.

EVEN AFTER ALL of the gripes a guy can find about our food, climate, and over-all way of doing things, he still wants to stay here in the South.

The reason he'll never give, but in answer to one of my "Yankee Go Home" signs all I got was a firm "Make Me!".

MIKE HETHERINGTON

Why Make A Southerner Out Of Columunist

TO THE EDITOR:

In reference to your article on southern cooking on November 7, you mentioned you can bring a Yankee to the South but can't make a Southerner out of him Who brought you here? And who wants you to be a Southerner As for the food, we're proud of our southern cooking There are those of us who would give you a 50 gallon drum of Boston baked beans for one place of this terrible okra, collard greens and black eyed peas you wrote about.

What little time I have spent in Yankeeland, I managed to enjoy or I wouldn't have stayed. Had I found the food so bad, I don't believe I would have tried to show my ungratefullness by biting the hand that fed me.

They pardoned Tom Dooley but there will be no pardon for you.

A Joyful Cottonpicker,

'Rigoletto' Fruit Of Attention

By DIXON REDDITT

The Opera Guild Production of "Rigoletto" Friday and Saturday was another fruit from the happy tree of increased attention to opera here at FSU.

THE SATURDAY NIGHT PERFORMANCE is the one referred to in this review, and it was one of the best mounted, best rehearsed, best coordinated efforts in opera production we have seen in recent years.

That is to say, most campus performances need about two more weeks of work in order to be really polished, this one needed only about one week more.

THERE ARE SEVERAL FACTORS that concern this end result which might be mentioned. A reorganization of the orchestra program granted almost enough time for adequate preparation, this was a competent orchestral performance.

John Boda as conductor was magnificent He knew the score absolutely cold He radiated confidence to orchestra and cast alike He cued everybody and everything. As they say in the family magazines there was a "togetherness" that was striking because it's so infrequently found anywhere (especially in opera).

Having faculty take such a large part in the production served several purposes. It added another good item to the local artist series and allowed the faculty to emerge from a behind-the-scenes studio approach to this form, to an active and eminently successful demonstration.

Later in the season there will be the usual opera and operetta staged with a largely student cast.

MANY OF THE CAST were completely unrecognizable in dyed hair, corsets, and lots of make-up work—in other words, they got the point across that they were somebbody else. They "lived" their parts convincing

The only pertinent thing to say about leads, Walter James, Richards Collins, and Margarie Polichio is that they knew their parts and served the music. (Can there be higher praise for a musician? The name is applicable to the competent supporting roles of Betty Jane Grimm and Herman Gunter Jr

Costuming and sets were plush and in good taste. Something as melodramatic as this Verdi opera could easily have been over done; we were glad that it wasn't.

We regretted however, the division of the two scenes of the first act into acts (This might have been avoided if Westcott were a revolving stage). This division of the two scenes of the division makes the first "act" peculiarly short and does not add to the dramatic unity

WE WERE GLAD that the opera was sung in English but it would have helped if it had been a translation into good idiomatic English The only rational thing to do is to sing operas for English speaking people in English, but a poor translation does no help the cause

Despite the ridiculous things that many of the cast were forced to sing we heard many words (the diction was uniformly good)

THE ONLY TIME we could not hear was when singers were declaiming in long held notes on vowels. Before they got to the consonants, which would have made the words intelligible) the brass punctuated the effects with sounds that at once were sonorous and "characteristic" and obliterated the words.

The only one who seemed to overcome this obstacle successfully was James Coleman as Count Monterone. This was in part to the range he was singing in but his glorious warm and expansive bass helped.

OTHER STUDENTS (Don Grant and Bobby Carson) kept up their smaller but important parts with loving and impressive regard

Nellie-Bond Dickinson's dancers entertained in the first act.

We apologize for reviewing a performance in its totality (which doesn't allow us to be vitriolic and intense about important details) and conveying our general impressions. We liked Rigoletto in its Saturday night performance and feel no qualms about standing to our feet and giving forth with a loud "Bravo."

Kay Writes

Conformity Means Happiness To Most

By KAY WRIGHT

Joe College, 1958, is face to face with the question of conformity or nonconformity.

Hallowed halls have long been ringing with the cries of nonconformity of thought, nonconformity of mind—nonconformity of anything

BEING A CONFIRMED conformist this distresses me greatly

Already many of our larger campuses are being infiltrated by seedy looking, beat generation-type nonconformists who dedicate their lives to writing ridiculous poems and philosophy, rebelling against anything accepted, and living with extravagant absurdity.

Now I would like to turn my thoughts to the other 99 per cent of the world. The world of the conformist. He goes through life unhappy. He is unhappy because he is part of a vast group of people who are unhappy.

CONFORMISTS ARE UNHAPPY because they are not recognized. They are supposedly unhappy because they mouth the thoughts of others. The fact that they think basically what other people think has nothing to do with it. I think basically the same things other people think. I conform, and I am blissfully happy.

Now let us turn our attention to the oft-desecrated American institution, Suburbia The typical fellow marries the girl next door and moves to the suburbs. The picture is complete — the ranch house, two-car garage, wife in shorts, and (the nonconformity advocate shudders), a barbecue pit

WHAT IS WRONG with the ranch house, two-car garage, wife in shorts and sturdy, well-constructed brick barbecue pit? Our nonconformist believes this to be a bad influence—it conforms people. If all people conformed, or were able to conform in this manner, the world couldn't help but be a happier place.

I suppose we must concede that nonconformity is essential in the world for a certain degree of change and progress. Yet I wonder if Hegel, Freud and Pasteur, as Joe Colleges, 1958, would have a belt on the back of their pants.

(One credit goes to Pete Baptiste, Westminster College, Fulton, Mo. for ideas in this column.)

TC Project

A car wrecking project to earn money will be held on Landis Green, Thursday at 3 p.m., sponsored by the Theta Chi Fraternity pledges.

Dr. Donald Loucks, dean of men, will aim the first sledge blow at the car. One hit with a large sledge costs 25 cents or two hits with a small sledge for a quarter. There will also be tomatoes cast at mock Gainesville football players, three for a quarter.

The History And Success Of Nugent's 'I' Formation

By BEN BALSER
Flambeau Sports Editor

Florida State's football team, hot on the heels of its best season in major college football owes much of its success to the 'I' formation, which was the brainchild of Coach Tom Nugent.

Nugent, inventor of the type-writer huddle, the double quarterback and many spread formations, devised the 'I' out of necessity. It all started like this. Back in 1950 when Nugent was head football coach at VMI, his team was scheduled to play a tough William and Mary team.

Rube McRay, coach at William and Mary at this time, had boasted that although his team might be scored upon by going around his ends or passing over his line, very few yards could be gained through his tackles.

McRay advocated the theory that if a team was strong up the middle, that is having good tackles and linebackers, it would win its share of games.

Taking this information to heart, Nugent reasoned that if he could find an offensive formation that could get through the William and Mary line, he would give them a good battle.

THE BIRTH

After trying a number of formations, Nugent and his staff finally came up with the idea of the 'I'. In the 'I', the line is balanced with the quarterback lining up behind the center. The other three backs are lined up single file directly behind the quarterback.

As the ball is snapped, the formation breaks and the quarterback has a choice to either roll out and run the end or to pivot and hand to one of the backs, usually the fullback, as they charge toward the line.

Thus the quarterback, the other two backs and a running guard are concentrated as blockers for the smash aff tackle.

Using this formation, the VMI squsd grounded out over 500 yards and upset William and Mary, 26-19. Later that same season, VMI, using the 'I' almost exclusively, stunned a highly favored Georgia Tech team, 14-13.

Since VMI was only a small southern school the information about the 'I' did nit receive publicity all over the nation.

Although the football fans over the country did not bear about the 'I' did not receive pub-majority of the football coaches had and showed much interest in it.

LEAHY LIKED IT

One of those coaches was Frank Leahy, who was then the coach of Notre Dame Leahy phoned Nugent and asked for inside pointers on the 'I'. Nugent agreed and Leahy said he would send a member of his coaching staff to see Nugent about the details.

Bernie Crimmons, who was backfield coach for the Fighting Irish, was sent by Leahy. From Nugent, Crimmons received all possible data on the new formation including diagrams and thousands of feet of film showing the formation in game conditions.

In 1951 Leahy and Notre Dame opened the season by crushiug indiana using — you guessed it, the 'I'. This formation bad never been seen in mid-west eircles before and it received a great deal of nation wide publicity.

At first everyone thought that Leahy had come through with one of his many innovations. But after the excitement had died down, Leahy explained that Nugent had given him the plans for the new formation

In the past six years many other teams have used the 'I' in their offense, but only in spots Many of the teams that use it today are teams that have played FSU and been beaten because of the 'I'.

BOBCATS BOOM

A specific example of this is Ohio University. In their opener of the 1956 season, the Seminoles from Florida State trounced the Bobcats 47-7 using the 'I' against Onio's weak tackles.

Carroll Widdoes, the Ohio coach, saw the possibilities of this formation and has installed it into his offensive pattern. Using the 'I', Ohio won its first game of the 1957 season, 50-0.

Furman and Mississippi Southern, two other FSU opponents have also used it in many games. Most of the high schools in the Tallahassee area and all over Florida have attempted the 'I' at one time or another.

Nugent explains that the 'I' hinges on the factor of having six men st the point of attack on the line. As far as Nugent knows, no successful defense has been devised to stop the 'I'

"Many defenses have been tried but none of them have really been effective. The opponents usually put up a seven man line with the linebackers up close when they see the offense lineup in the 'I'."

To counteract this move, Nugent has his team come out of the huddle and line up in a straight T and then shift to the 'I', or slot it. Or the team will come out of the huddle and line up in the 'I' and shift to another formation.

This keeps the defense loose and makes the 'I' almost impossible to stop for no gain.

Nugent had originally devised the 'I' for off tackle smashes but since then he has perfected it so it can be used to sweep the ends, go through the middle, or pass.

THE WEAKNESS

Nugent confesses that this formation does have one weakness. When be contrived the 'I' he kept in mind the ability of the players he had at that time. Fortunately the formation fit them well and that is why it was so effective when used by VMI.

The prime assets of a backfield using the 'I' is a hard running fullback, a good, quick thinking quarterback and two blocking halfbacks.

At VMI, Nugent's fullback was Joe Stump who weighed 215, stood 6-3 and ran like a bulldozer. Teamed with him were three other backs who had the assets listed above.

Since that team, Nugent has never had another backfield which could run the 'I' in all its effectiveness. It seemed that he could never get a fullback at Florida State who could make the 'I' go.

As a result he used the 'I' only about 20 per cent of the time. This year has been different. Nugent started this season with two good fullbacks and both of them could run well.

One of the fullbacks was dropped from the squad and the other one took over the No 1 spot for good His name: Fred Pickard, his asset: desire.

NO STUMP

Pickard is no Joe Stump at 215 pounds, but Nugent realized the potential of the little Tennesseean. Vic Prinzi at quarterback and Bobby Renn and Jack Espenship at halfbacks round out the perfect combination for running the 'I'.

As Nugent promised once "If I had the right personnel, I'd use the 'I' 90 per cent of the time." In most of the games this season be has.

Of course to keep the defense honest, Nugent has played

(Continued on Page 4)

LINED UP in Coach Tom Nugent's patented "I" formation is Florida State's starting backfield. Bo Davis gets set to center the ball to Vic Prinzi (10). Directly behind Prinzi are halfbacks Jack Espenship and Bob Renn. Fred Pickard, (circled) key man in the attack, is so small you can hardly see him. Bob Swoszowski is the guard.

Gridders Practice All Phases Of Game

With the game of their lives coming up Saturday at Gainesville, Florida State Seminole footballers will be put through every phase of the game this week in practice.

FSU head football coach Tom Nugent said that the team will work on punt coverage, kicking, and pass defense. "After seeing them (Gators) pass against Arkansas State Saturday we will have to sharpen up our pass defense," Nugent stated.

GOOD SCRIMMAGE

Commenting on Saturday's closed practice in which the Seminoles scrimmaged, Nugent labeled it a good practice.

"The team is coming along fine physically while getting prepared for the biggest game of their lives," said Nugent.

Amongst the players there is a little resentment towards some of the state's sports writers who are picking the Gators to win by a considerable margin.

Florida players feel confident of victory Saturday. Florida end Perry McGriff was quoted as saying after the Georgia-Florida game, "If Florida State makes one yard on the ground, against us it should consider it a moral victory."

There has been plenty of talk about FSU going to a bowl game. The latest is that FSU has been mentioned as a possible candidate to play in Jacksonville's Gator Bowl.

This marks the first time an FSU team has ever been mentioned to play in the Gator Bowl in a post season game.

But Nugent, members of the coaching staff and the players haven't been concerned and won't be until after the one great game has been played.

Arkansas State Routed By Gators

Florida's fighting Gators showed their power Saturday by bouncing an Arkansas State team all over the field in a 51-7 victory.

Coach Bob Woodruff held out eight of his starting players in order to avoid any key injuries before the Florida State clash on Saturday.

The men he held out were quarterback Jimmy Dunn, ends Don Fleming and Dan Edgington, tackles Val Heckman and Dick Brantley, fullback Bob Milby and halfback Bill Newbern.

Magnolia Hall, PDT Capture Intramural Swimming Crowns

Magnolia Hall and Phi Delta Theta stroked to victory last Thursday and Friday nights to cop the Intramural swimming crowns in the Independent and Fraternity leagues.

Magnolia racked up 60 points while topping three other opponents The 400 club came in second with 50 points while Newman followed with 40 and Penthouse was fourth with 25 points.

TIE FOR THIRD

PDT had to top 12 opponents to come out on top. PDT scored 56 points with SAE coming in as runner up with 41 points. SC and PKA tied for third with 27 points apiece

The fraternity basketball single elimination tournament will take place Thursday night. Finalists include SAE, KA, ATO PKA, PDT and there will be a playoff for the sixth spot between SN and TC

HORSESHOES

The horseshoe tournament for the Fraternity league is being held today while the Independent league action took place yesterday Finals will take place tomorrow.

Standings in tennis find SAE and SN in the doubles finals with LCA and TC in the Fraternity singles final.

Newman club has already captured the Independent tennis doubles title and will meet Magnolia for the singles crown.

The swimming results. Independent and Fraternity follow:

EXCITING

Hi, Honey

I'm so thrilled I can hardly sit still to write this! You know that bronze satin Empire gown you wheedled out of your father the day before you left (silly question)? Well, I found the most exciting new lipstick to go with it; it's called *Cellini Bronze!*

You heard me - bronze! And it's made by Juliette Marglen whose marvelous Oval Lipstick you introduced me to. Well now I'm returning the compliment ... just wait until you get the package (I've sent it Air Special - you're welcome). Really, you'll *flip* (to borrow a phrase from you) over this one - it's *metallic* - a gorgeous bronze colour with the most fascinating golden glitter!

I can't write another word - just let me hear how ravishing you look in *Cellini Bronze!* Remember how you once hated your red hair? Ungrateful thing - I'll bet you're thanking me now. Me, I'm off to the post office, so more later, love now

Mother

P.S. Kathy's cat had four kittens yesterday - she's so excited, and she's naming them *Aphrodisia, Woodhue, Tigress* and *Flambeau!* Could that be a hint? She's still yearning over that darling Faberge Cologne Quartette Jimmy gave you!

SG Lobby Committee Set For Battle

The Student Government "lobby committee" is already preparing to fight for a student union when the legislature meets in the spring, according to Phil Knight chairman of the committee.

"It's something the university needs, and we're all for it," says Knight.

The popular conception of a lobbyist is that of a selfish politician with a large bank account and a small code of ethics, but the student government representatives don't put themselves in that light.

Their purpose is not to apply pressure, but to present the students views and further the objectives of the university.

The committee asked for a student union two years ago when the legislature was last in regular session, but friction between it and the administration prevented any effective action by the committee.

"We would like to combine efforts with the administration rather than be a parallel group," said Knight. "We're working real close with the administration to further the objectives of the university, and if the student body feels that there's something it needs, we try to bring it to the attention of the administration."

DELTA GAMMA HOUSE DEDICATION—Visiting dignitaries included, left to right, J. Broward Culpepper, executive director of the Florida Board of Control, Mrs. John Slaughter, province secretary, Mrs. Helen Preston, National DG President and President Robert M. Strozier. The Delta Gamma's held their dedication services Sunday afternoon.

When And Where

Representatives from J. C. Penney Co. will be interviewing seniors and graduates in Business Administration and Liberal Arts today from 9 a.m. to 4:30 p.m in room 8, Longmire building.

• • •

The Student FEA will meet in large lounge of Longmire tonight at 7:30 for a Tally-Ho group picture.

• • •

Representatives of Aviation Naval Cadets will interview male students in the Student Center today through Friday from 9 a.m. to 3:30 p.m.

• • •

Phi Delta Kappa initiation will be held at 4 p.m. today in the large lounge of Longmire. At 6 p.m. there will be a banquet for initiates in the Trophy Room, Student Center.

• • •

P. L. Moore will speak at the Meteorology Seminar on "Some Methods of Forecasting Hurricane Motion" in 124 Science today at 4 p.m.

• • •

Two showings of "Ordet" will be held by Film Classics at 6:30 p.m. and 8:40 p.m. today at the University School Auditorium.

• • •

At the Oceanographic Institute Seminar today, Takahashi Ichiye visiting research associate, will discuss the physical oceanography of the Gulf of Mexico in 228 Conradi at 7 pm.

• • •

Freshman Flunkies will meet tonight in the large lounge of Longmire at 7 p.m.

• • •

Sigma Tau Delta will hold a meeting at 7:30 tonight in the club room of Longmire.

• • •

Film previews to be shown in the Library Lecture hall tonight at 7:30 p.m. are "Chaucer and the Medieval Period," "Wordsworth Country," and "Chaucer's England."

• • •

Dr. Elliot M. Rudwick will speak at the Corrections Seminar at 8 p.m. tonight in 124 Science on "The Negro and the Police."

• • •

The Tallahassee Junior Chorus will present a concert in Opperman Music Hall tonight at 8:15 with Lois Laverne Schnoor directing.

• • •

C. T. Gensux will speak on "Recent Biochemistry of Serotonin" in 306 Science at 12 noon today, at the Biochemistry Seminar.

• • •

Representatives of Sears Roebuck & Co. will interview seniors and graduates in accounting, management, finance, economics and liberal arts, from 9 a.m. to 4:30 p.m. tomorrow and Thursday in room 8, Longmire building.

• • •

There will be a meeting of Phi Kappa Phi academic honorary in 214 History tomorrow at 4 p.m.

• • •

The Collegiate 4-H club will have pictures taken in Longmire auditorium. A work meeting follows in 415 Longmire tomorrow at 5:30 p.m.

• • •

The Music Educators National Conferencee will have James Harris speaking on use of singing as a part of group activities tomorrow at 6:45 p.m. in 205 Music.

Epsilon Chi will hold a meeting in the club room of Longmire tomorrow at 7 p.m.

• • •

The Future Business Leaders of America will hold a meeting and social hour at 7:30 p.m. tomorrow in the graduate lounge. A panel of foreign educators will discuss "Education for Business in Other Countries."

• • •

Garnet Key will hold a business meeting followed by Tally-Ho picture taking in the Senate room of Longmire at 8:15 p.m. tomorrow.

• • •

The Graduate Club will hold its first coffee hour Thursday from 4 to 5:30 p.m. in the new lounge of the Graduate school. Dean Lewis of the Graduate School, will speak. John Chopoorian, club president, urges all graduate students to attend this first event and all subsequent affairs.

• • •

Representatives of International Business Machines will be in room 8, Longmire, to interview seniors and graduates in accounting, sales, chemistry, physics and mathematics on Thursday from 9 a.m. to 4:30 p.m.

• • •

T. Ichye will speak on "Hydrodynamic Theory of Storm Surges on the Continental Shelf" at the Physics Colloquium in 124 Science Thursday at 4:30 p.m.

• • •

The Council for Exceptional Children will hold a meeting in the student lounge of Longmire Thursday at 7 p.m. Thursday.

• • •

George Yost Jr., will speak on "The Practical Application of Physical Distance" at the Philosophy club meeting in the Trophy room, 8 p.m. Thursday.

• • •

"F" club will hold a meeting in the student lounge of Longmire at 9 p.m. Thursday.

Debaters Cop Peachtree Tourney

Florida State University's debaters took first place in the Peachtree Debate Tournament held at Emory University last weekend.

They captured first place in 11 out of 12 debates with a dozen schools participating.

The affirmative team, composed of Ben Bryao and Linda Arnow took six first places and the negative team composed of Malcolm Ellis and Charles Vau took five firsts.

Denison University of Ohio was second in the tourney.

Frosh Take Note

Freshmen receiving mid-semester U's are required to check with their faculty advisers during the period November 17-26.

If there is a question about the name of the adviser and his/her office location, please check with personnel in the Office of Coordinator of Counseling, 301 Westcott Building, Ext. 3041.

Chemistry Department Awarded Grant

Florida State University announced last week a grant of $32,400 from the National Science Foundation for support of basic research in chemistry being conducted by Dr. Ernest M. Grunwald of the Chemistry Department faculty.

Dr. Grunwald will use the grant to continue research on the mechanism of chemical reactions.

Basic research of this type is applied by industry in the development of new products for the market.

Dr. Grunwald, who has had some 45 articles on research published, will be the American Chemical Society's tour speaker Nov. 17-23. He will address local academic and industrial sections of that society in Alabama and Tennessee on topics related to his research at FSU.

Delta Gamma Holds House Dedication

Delta Gamma, Florida State University's newest sorority, dedicated its new, $135,000 Gamma Mu Chapter house Sunday afternoon.

"We dedicate this house to members of the time past who created the time present and to the members of the time present who will create the future or time present for members in years to come," said Mrs. Robert W. Preston, National DG President.

Generous assistance awards were presented to "DG husbands," Mr. Ivan Johnson, head of the Arts Education department, who planned the entire color scheme and furnishings, and Mr. Kenneth Ballinger, who helped with many phases of planning and building.

STROZIER THERE

Extending greetings at the dedication were FSU President Strozier, Dr. Broward Culpepper, executive director of the Board of Control, Mrs. John W. Slaughter, Province IV secretary, representing DG actives, and Mrs. Paul D. Cooper, former Province and Council secretary, representing DG alumnae.

The modified colonial house situated on a hill at the corner of Copeland and Call streets, houses 36 girls and "Mother De" DePue, house mother.

The ground floor is divided by a staircase leading to the second floor. To the right of the staircase, are the kitchen, recreation and dining rooms with facilities for feeding twice the number of girls living in the house. The walls are done in gum paneling.

DATE ROOM

Directly behind the staircase adjoining the dining room is a small "date room" which opens onto a patio. On the other side of the "date room" is the living room decorated in bronze, pink and blue, Gamma Mu's colors. Furniture is modified French provincial and Swedish modern.

Apartments for the chapter president and house mother are also on the first floor.

The second floor is devoted to bedrooms and laundry facilities are in the basement.

There are hi-fi speakers in the living room, dining room, halls and bathrooms. There is also an intercommunications system with five outlets around the house.

A Letter

Florida President Extends Welcome

Let me extend a most cordial welcome to the University of Florida Campus. The football game between the University of Florida and Florida State University is certainly a milestone in the history of our schools, and it is our sincere hope that this event will bring our schools closer not only in athletic events but also in other phases of student life.

Many activities have been planned to make your stay both pleasant and enjoyable. This weekend is our annual Frolics, featuring Johnny Long and June Christy. A joint rally and a barbecue for the alumni of our two schools has been scheduled in addition to the parties planned by various student organizations. We hope that you will join us in making this a festive occasion.

Much of the history and background of our two Universities interlock, and this weekend will help bring our schools even closer together. We feel that much good will accrue to both Universities if this relationship is maintained in both our academic and extra-curricular lives.

Once again, welcome to the University of Florida.

Sincerely,

THE UNIVERSITY OF FLORIDA STUDENT BODY
TOM BIGGS, President

History Of 'I' . . .

(Continued From Page 3)

games where the 'I' saw limited action, as the Tampa and Miami contests.

The personnel problem is probably the reason more schools don't use the 'I' and teams that do use it don't use it as often as another standard formation.

As Nugent explained it, "the 'I' is a specialized formation and it takes just the right combination to make it work. For instance a single wing team without a triple threat tailback is in for a long season."

The Seminoles have not had such a "long" season, but they have had a good one and much of the credit is due to Coach Nugent and his zany 'I' formation.

THE MIGHTY-MITE OF GATORLAND, JIMMY DUNN
Not Much Of A 'Bull' Until He Starts Calling Plays

Only Half-Dead

Compromise Set On 'Dead Day'

A compromise "half Dead Day" has been arranged by the faculty scheduling committee.

Dr. Milton Carutbers notified Senate chairman Mattox Hair this week that this semester's final exams will begin at 1:30 p. m., January 22. Previously exams have started at 8 a. m.

The same set-up will apply to next semester's exams, beginning for May 28.

Hair said that the action came as a result of Senate pleas for the Dead Day. The committee had already approved a "Day-less" calendar, but reconsidered and came up with this compromise solutioo.

Senate found last week that the only means of scheduling two full dead days is to add the days to the school calendar.

Florida State University students attend classes exactly fifteen weeks, minimum standard for accreditation

Approximately three-fourths of the students contacted would favor adding the two days, the senators found from personal interviews.

Senator Ronnie Clark moved a recommendation to add the days next year and in the future. The recommendation carried.

STUDY EXTRA $

The senators also passed a resolution to form a commission to study the use of surplus student government funds. Members from the three branches are included.

Carl Butler, co-author of the resolution, reported there is a $20-25,000 surplus in student government coffers. This money, he said, is earning no interest.

The majority of the sum, he said, was originally intended for construction of a swimming pool, but the project has never been carried out.

Committee members are Senators Butler and Clark, Men's Vice President Jim Apthorp and Women's Vice President Ada Leigh Wall.

Cabinet members on the committee are Tudi Masoo, secretary of state, and Don Ramsden, secretary of finance. Buck Bryan, chief honor court justice, repre-

(Continued on Page 4)

Solons Knock One Man OK Of New Clubs

One-man approval of new campus organizations has been rapped by several senators this week.

Women's Vice President Ada Leigh Wall said Wednesday "A dangerous precedent has been set in the last week — that of having one person approve or disapprove of new organizations."

Miss Wall obviously was referring to Church Key, a social group formed three weeks ago and approved by Bill Smith, secretary of organizations.

Miss Wall emphasized that she was not criticizing Smith, but wanted an investigation of Student Body statues referring to powers of the organizations secretary and of the senate

STUDY NEEDED

"I want this interpreted," she said. "If it does give all the power to the Secretary of Organuizations, I don't think it should and I want it investigated for possible change."

"It's not good for one person, who is not even an elected official, to approve of new groups," she said.

Jim Apthorp, men's vice president and officer of Church Key, concurred with Miss Wall's opinion. However, he said that approvsl of Church Key was not an "arbitrary decision by one person; several administrators gave their aprpoval."

Senator Bruce Brown brought political parties into the picture. He said the parties, as set up, do have constitutions. But they have never been officially approved by the seoate.

Brown cited the short-lived University Party as an example.

The problem was sent to the Organizations and Finance Committee for investigation and recommendation. Charles Van is committee chairman.

CONTRADICTION?

An apparent contradiction exists in the Student Body Constitution regarding Senate powers versus Organizations Secretary powers.

In Section 4, Article H, under senate powers, is the following:

"(Senate shall) Possess the power of approval or disapproval of student organizations with the exception of social sororities

Offset Printing Idea Proposed To Board

A proposal that all three campus publications switch to offset ...ting was laid before the Board of Publications Wednesday.

...e idea was advanced by ...y-Ho photographer Dick ...s who claimed the new proc- ...would be cheaper and would ...e publication deadlines and ...freading easier to handle.

...e Board appointed a com- ...e consisting of the editors ... associate editors of the ...mbeau, Tally-Ho and Smoke ...nals to study the proposed ...ge and return a recommen- ...on to the Dec. 17 meeting.

...f adopted, the new process ...d be begun with the 1959 ...mer Flambeao and the 1960 ...y-Ha. Smoke Signals bas al- ...dy begun the use of offset ...ting

...e three publications cur- ...y use the letter press meth- ... of printing Parks told the ...rd that this caused the Tally- ... many difficulties because ...lines were early in the ...ol year and copy had to be ...ed back and forth for ...ofreading

...arbook pages would not ...e to be made up until later in the year and proofs could be made and corrected in Tallahassee if the offset method were adopted, Parks told the group.

Tally-Ha editor Desse Pinckard spoke in favor of the change. "It would cause us more work, but it is less expensive and many colleges are switching to it today," she said.

While Flambeau operating procedure would not be greatly changed by the proposed switch, Dr. Reid Montgomery, publications advisor, stated, "offset printing would enable the Flambeao to publish on a daily basis in the near future if the students desired it."

Board Chairman Tom Hale opined that it would be a good idea to try offset printing experimentally for one year.

Offset is a method of printing a dummy page with an inexpensive offset printer, photographing it, blowing the plate up and printing the plate oo regular commercial presses.

Gators 8-Point Favorites; Bowl Bids Hinge On Tilt

Florida Coach Always Against Gridiron Test

By FRED BURRALL
Flambeao Staff Writer

"Woodruff is not interested in playing the Florida State University in football—ever."

This is what FSU's athletic director Howard Danford said Jan. 7, 1955 after a meeting with the University of Florida Coach Bob Woodruff.

"Coach Woodruff said the University of Florida would be very happy to meet us, beginning in the spring, in tennis, track, golf, and swimming provided—and only provided—that we would not seek contests with them in any other sports."

Other sports included basketball, baseball, and football.

This was understandable at the time, for Woodruff had nothing to gain and everything to lose if his mighty Gators played the little-known Seminoles of Florida State.

The two teams last met in 1902 when the Florida State College beat U. F (then the Florida Agricultural College) 6-0 and Woodruff probably didn't want to see a repetition of it.

STATE PROTESTS

But his rather narrow-minded outlook brought a wave of protest from all over the state, and action started tha following month.

The State Board of Control on Feb. 21, 1955, issued orders to the two teams to "plsy ball" with each other, in all major sports, as soon as possible.

But no games were scheduled "as soon as possible." The board made no definite decisions, but left the settlement up to the two universities to work out instead

Woodruff expressed his views at that time in a more diplomatic, but still evasive way, by proposing that there would be no competition in any sport until it had been clearly understood that the athletic relations between the two universities would "be on a friendly basis and mutually beneficial."

SURPRISE BILL

This bickering might have gone on even longer than it has but, in the 1955 session of the State Legislature, Senator James Connor of Inverness threw a block into the Gator's boss

Connor introduced a surprise bill and sent it to the Miscellaneous Legislation Committee, which demanded competition between FSU and U of F in all major sports

Connor said he felt that, "Woodruff is shifting and shinning because FSU will give them a close game. My idea is to put

(Cantinued on Page 6)

By FRANK RAMOS
Assistant Sports Editor

Well, tomorrow is THE day—the day that Florida State's Seminoles face the toughest task of their season, trying to beat the University of Florida Gators.

The Gators have been established as an eight-point favorite thus putting the Seminoles in their usual underdog role. The Tribe was rated as underdogs when it beat Miami, Tennessee, Wake Forest and Virginia Tech.

FSU head football coach Tam Nugent stated, "We play the role of the underdog in this game and the pressure is on the Gators. We're not supposed to win but they have to win."

A possible trip to either the Blue Grass Bowl in Louisville or the Gator Bowl in Jcaksoovitle hinges on tomorrow's game. Both teams have beeo mentiooed as possible candidates to both bowls. The Blue Grass Bowl is played Dec. 13 and the Gator Bowl Dec. 27.

ALL-AMERICA TACKLE

Leading the forward wall of the tough Gator line is all-America candidate, tackle Vel Heckmao. Heckman is a 230 pounder who has been named to the SEC checklist week after week and has also been named lineman of the week by Florida sports writers twice.

Playing at the tackle opposite of Heckman will be Fred Schuta, senior replacement far the injured Dick Brantley. Asa Cox, also mentioned to the all-America checklist will be at left guard with Edwin Johns at right guard.

Joe Herget will start at center for the Gators while Captain Don Fleming and Dave Hudson will be at the ends.

Fleming has twice been named lineman of the week by Florida sports writers for his fine offensive and defensive play.

Defensive line coacb Hobe Hosser bas three players set to spell bis starters whenever needed. Vic Miranda and Larwin Gainnamore replacementts for Cox and Johns and Dan Edginton to spell Hudson.

Edgington was a starter most of the season until a wrist injury forced him out of the lineup.

Directing the Gator offense which is less heralded than its defense is Jimmy Dunn, a 142-pound quarterback from Tampa, Fla.

Dunn bas three times been named back of the week in Florida

HALFBACKS

At the halfback slots for the Gators will be Don Deal and Doug Partin. At fullback will be Bob Milby.

Nugent plans to open with his regular starting lineup and plans to alternate his number one and two units about 50-50.

When asked whether be plans to have something new in his offensive attack for the Gators, Nugent replied, "In every game we plan something new and different and this game is no exception."

Vic Prinzi will ance again di-

All Patrolmen Man Highways To Gainesville

By EVAN BERGMAN
Flambeau Staff Writer

This weekend every available Florida Highway Patrolman in the northern and central sections of the state will be patrolling the roads between Tallahassee and Gainesville.

"When a lot of people are going to the same place at the same time, there's bound to be a snag," said a representative in the highway patrol's Troop Commander's office

The heaviest concentration of officers will be in the areas today, all day tomorrow, tomorrow night and possibly up until Monday morning if the traffic of 5,000 FSU students is as heavy as expected.

Athletic Business Manager Edward Cubbon predicted an overflow of business in Gainesville's eating establishments and suggested that students bring box-lunches for the trip.

"The group I'm going with on the buses is taking box lunches both down and back," Cubbon said.

PARKING PROBLEMS

"Anybody that leaves after 8 a m will run into parking trouble," added Cubbon. "The University of Florida is opening its drill field at nine in the morning for parking, and they expext it to fill up almost immediately."

Joining an estimated 5000 students at the game will be President and Mrs Robert M Strozier, Dean and Mrs. Charles Davis, Vice-President and Mrs Albert Martin, and Mr. and Mrs. Rod Shaw

Dean R. R. Oglesby said he wouldn't be able to make the trip because of a new eight-pound male addition to his family

Five of the Florida State University policemen are also expected to be on hand to help the U of F police in handling the heavy crowds

PEP RALLY

Preparation for the game started with a big bang as the student body assembled for a pre-weekend pep rally last night in Campbell Stadium

The rally began with a car parade around the campus and ended with a snake dance around the stadium.

Coach Tom Nugent introduced his fighting Seminoles; Dean Oglesby gave a pep talk, and Dick Ainsworth lead the rally.

More than 3,000 "Welcome Packets" have been distributed to FSU students by the student body of U of F in an atempt to

Humanities First

Closed-Circuit TV Starts Next Year

By PAT SENN
Flambeau Staff Writer

Closed-circuit telecasting of humanities classes will begin next semester provided the equipment can be installed in time, stated Tommy Wright, director of radio and television instruction.

In connection with this, many Florida State University faculty members will attend the first Florida conference on educational television (ETV) Monday and Tuesday at Gainesville

Here groundwork for coordinating a state wide network of educational channels will be laid. FSU's will be the fifth of the nine Florida ETV channels allocated by the FCC to go on the air.

Information pertinent to educators concerned with ETV will be discussed.

Due to FSU's strong humanities faculty and the ready availibility of complementary departments (fine arts, etc.) humanities 201 will serve as the experimental forerunner of the ETV programs here.

COSTS HIGHER

Since ETV costs more per student than standard procedures, the question to be determined by these first experimental classes is whether the class can be taught better and more effectively by television.

Dr. Sara Herndon, chairman for the ETV humanities committee, said she felt the real value in such a course would be its use by off campus people and nearby junior colleges, which cannot maintain an adequate humanities staff.

Marion and Madison Junior Colleges will fall within the immediate reach of FSU's telecasting

Programs will originate from the station, which will be located on the second floor of the graduate building, and be broadcast to a triple-sectioned class in the old library.

Two-thirds of the class time will be televised; the other third in follow up work (question-answer, etc.) conducted by the class room teacher.

Regular, non-televised classes will serve as a control group to evaluate the success of these classes.

Professors Screen-Tested

Over half of the humanities department has already been screen-tested. It is expected that more than one professor will be used in this first course

When asked her reaction to ETV, Dr Herndon said, "It has fantastic prospects. Education is really in it's future, and the sooner we get into it the better."

Criticism of the ETV classes centers around the lack of class discussion. Favorable prospects include the "personnel element" of the professor talking directly to the student, more effective use of visual aids and an enlarged diversity of outside personnel and facilities

Other courses which are presently under consideration for FSU telecasting next year include biology, geology, and math.

Gainesville's ETV station, WUFT-TV Channel 5, will be dedicated Monday night at the conference.

Construction Before BOC

Florida State University's proposed construction for the next legislative biennium will be considered by the state board of control today.

President Robert M Strozier will support FSU's requests at a meeting in Gainesville, when the board will also discuss requests from other institutions and agencies under its authority.

The control board is scheduled to make a final decision on an order of priority for all construction requests at the session, according to Dr. J. Broward Culpepper, executive director.

The priority list will be presented to the legislature after a review by the state budget commission in January, he explained.

Building requests for FSU for the two-year period will total approximately $16,000,000, Dr Strozier said

Included are a mathematics-meteorology building, social science classroom building, expansion of the Oceanographic Institute, addition to nuclear research buildings now under construction, a large men's dormitory, graduate student hall, child development center, expansion of heating system, physics building, chemistry building, and a fine arts building with large auditorium.

These proposals will be correlated with requests from the University of Florida, Florida A. & M., University of South Florida, Ringling Museum, school for the deaf and blind and State Plant Board, which is made up of Board of Control members

Other business on the agenda affecting FSU will be "very routine," Dr Culpepper said

A request for an equal share in race track funds for scholarships with the University of Florida will not be made at this meeting

Dr Strozier said the student senate's resolution regarding race track funds did not arrive in time to be placed on the agenda

It will be brought up at a more appropriate time, probably in December or January, he added.

TRIBE LIKES SUN

Going into tomorrow's game with the Gators, Florida State's Seminoles have not allowed a point to be scored by their opponents in a day game this season. The Tribe shutout VPI, Tennessee, and Tampa on consecutive Saturday afternoons.

The Florida Flambeau

Blame Can Be Put On Statehouse Doorstep

In the past couple of years Florida has been treated to the sight of an ex-governor of the state taking the stump against what he terms "the tyranny of the Federal government."

MILLARD CALDWELL of Tallahassee (governor 1945-49) has spoken at many civic clubs, gatherings and schools in the recent months. It was he who introduced Arkansas Governor Orval Faubus at the Crestview rally earlier this month.

Perhaps the former governor is planning on returning to the gubernatorial chair. Such speaking bouts often precede a political race.

AT ANY RATE, the ex-governor has a message for his listeners. He warns them of the trend towards increased power for the national government. He tells them how the Congress, President and Supreme Court are not interested in the rights of the states or the people, but only in their own power.

He decries the power of a centralized and bureaucratic Federal government and pleads for a return to states' rights.

THIS WEEK he put the label of "tyrant" on the national government.

Perhaps Caldwell has placed the onerous term on the wrong group. That Federal officials wield a great deal of power we can not deny. And certainly it seems to be increasing.

BUT WHERE DOES this power arise from? The United States is still a constitutional democracy. Free elections are still held throughout the nation.

Such power must, then, come from a desire of the people to place it in Federal hands.

WE THINK THE FORMER governor should go further than just denouncing the "tyrannical" Federal government. Perhaps he should try to determine why the people have given their national officials so much power.

Could it be, Mr. Caldwell, that the people have turned to the national government for services and justice because they do not find it in the statehouses of which you are so fond?

Could it be that grossly misapportioned legislatures—such as we have in Florida—are considered undemocratic and are mistrusted by citizens of our many urban areas?

COULD IT BE THAT THESE same legislatures are easily bought and controlled by oil, pulp, transportation or what-have-you interests and that this disgusts the citizenry?

Could it be that the states refuse to provide needed services for the urban areas such as good, wide highways, new schools, etc.?

Could it be that the states refuse to regulate commerce communications or utilities in the public interest?

TO ALL THESE QUESTIONS, we say "Yes, it could be!"

We think if the former governor looked more deeply into the problem of increasing Federal power, he would find a good part of the answer lies in the evils on his own front doorstep.

Closed AAUP Meets Appropiate

By HERB SCHMUCK

Dr Robert M. Strozier, president of Florida State University, addressed the local chapter of the American Association of University Professors not too long ago. In his talk, Dr Strozier referred to the "tradition" of AAUP.

The "tradition"—what is the "tradition" of AAUP? That's what I asked myself. Then, I started to read. And I read from the AAUP's own publication — the AAUP BULLETIN. I read about its principles—its purpose—its activities—and its tradition."

APPROXIMATELY TWO AND a half years ago, at its 42nd annual convention in St. Louis, the AAUP reaffirmed its position that a university teacher cannot be fired for political opinions expressed or political activities pursued outside the classroom. Only professional incompetency was accepted as a reason for dismissal.

This principle, reiterated many times in the past by AAUP, has still been maintained to the highest degree by the national organization. During the ignoble 1953-55 McCarthy purge when a similar organization, the Association of American Universities succumbed to Congressional pressure, the AAUP did not sway from its convictions.

THE PRINCIPLES OF AAUP, deduced from the doctrine that knowledge is derived from investigation and reason, are basically divided into two categories. They are "academic tenure" and "academic freedom". The former has to do with the permanent or continuous retention of professors. The latter, by far the more important, concerns the welfare and advancement of the university student.

"Academic freedom" means freedom to teach one's particular subject without fear of censorship by the university administration or governing body. AAUP encourages its members to think rationally, act independently, and debate logically and freely, disregarding emphasis put on a lot of petty social norms.

ONE OF THE MOST WIDELY recognized functions of the national organization is the publication of "Censured Administrations" in the AAUP BULLETIN. Those institutions unfortunate enough to make the list are usually guilty of failing to recognize or observe the basic principles of AAUP.

Some of the universities that are currently on the list are: The University of California, Ohio State University, Rutgers, and Temple University.

I HOPE THAT YOU ARE beginning to see what is meant by the "tradition" of AAUP. I could go on—mentioning other incidents where the organization boldly declared its stand on controversial issues without fear of reprimand.

Recently, there has been some conflict (not really significant) concerning the fact that the local AAUP intends to close some of its meetings to the press.

AT FIRST, REGARDING THE situation as a dedicated journalist, I took a dim view of the policy. However, after learning in detail the purpose of AAUP and considering the "tradition" of the organization, I have realized the necessity of "closed meetings". They are necessary in order to promote a feeling of criticism within the members whereby they can express themselves, without fear of reprimand.

And so I say continue AAUP, to carry on the "tradition" of your organization . . . continue to work toward more "academic freedom" . . . continue to work toward that doctrine that your principles are based upon—intellectualism . . . continue to promote "academic tenure" and continue to make FSU a greater university.

View From The Penthouse

Florida Must Educate Top Students Here

By ED CARHART

Out of state colleges are attracting an alarming share of Florida's top high school graduates. Whats even more alarming is the fact that well over half of these top students have decided not to or at best are undecided about returning to Florida after their education is completed.

This study on the exodus of college exodus from Florida was undertaken by Dr. Joseph D Barker of the FSU Office of Institutional Research and Service. Dr Barker learned that 28% of Florida high school graduates entering college in 1957 went to out of state schools.

While many students came to Florida from other states to attend college, some 4,000 more left the state than entered. Of those that left a high percentage were the best graduated from high schools throughout the state.

College reputation, quality and prestige were the biggest factors in selecting a college amongst the above par students. College size was the most important factor amongst the lower ranked students.

When these figures are examined on a practical level the dangers of this trend become apparent. Florida is the nation's second fastest growing state percentage wise. The need for top level leaders in the state's numerous areas of growth is acute.

The rapid urbanization of the state as a whole is causing our leaders no end of headaches. Evidences of poor planning in our road programs and city growth are apparent even to the casual observer.

It will take the best minds we have in the way of able planners and administrators to ameliorate these problems in the future. It is obvious that we can ill afford to allow the cream of hour high school crop to be skimmed off and lured to other areas with such consistency.

Perhaps in time Florida will be able to not only keep her native talents here in the state but also to attract large numbers of top students from other states. To do this we may have to sacrifice quantity for quality. The idea of Florida colleges serving as a winter vacationland has got to go.

Specialized Education Undermines Republic

By BOB FERLUGA

A society of individuals, each trained to perform a single, specialized function—how well does such a system operate?

FAIRLY EFFECTIVELY—that is among colonies of ants, each member knowing How to do his particular task but not questioning Why he is to perform it. In human society the same specialization has operated efficiently in Fascist states.

More recently our compatriots, the Communists have found it is sufficient simply to teach the masses vocational knowledge, nothing more. In fact the Communists have found, as have all dictatorial groups that a general liberal arts curriculum (the study of man) is a positive danger to their regime.

Nothing is so dangerous in a totalitarian state as the cultivation of thought. **Therefore in authoritarian states it has always been the vocational type of 'education' which has been stressed for the great masses of people.**

Granted then the general course offering at FSU would be generally approved as a suitable public education in the Soviet Union, what contribution to a free society does such an "education" make?

PLATO ANSWERED THIS QUESTION (by implication) long ago. According to him, if the principle of division of labor prohibits the specialists from practicing another specialty it also prohibits him from the practice of government. **In other words, Plato indicates that the vocationally trained was unfit to take part in the process of governing.**

Plato would have solved this problem by allowing the vocationally trained to become slaves and plebians excluded from all state decision making. Only the liberally educated would have the right to govern.

UNFORTUNATELY THIS is a rather poor solution for a democracy where, by definition, all must participate in the governmental process. Therefore one of the key problems of the early democrats in the U. S. became the question of education.

After long debate it was decided that **democracy was conceivable only if the great majority of the people could be educated.** I hasten to add that any reference to the works of our key ideologist and key proponent of public education, Thomas Jefferson, will reveal that he clearly meant **liberal education and not mere vocational training was indispensible to the democratic society.**

The reasoning behind such a conclusion is almost self-evident to the thoughtful individual: government touches upon virtually all human questions. It then follows logically that one unversed in the study of humanity (the purpose of the liberal arts education) has no more ability in government than a trained basket-weaver would have in attempting to perform brain surgery.

KEEPING THIS IN MIND, we find that a democracy in which the majority are narrowly trained can move in but two directions. The uneducated can turn over the reins to those who are able with the result that the able will become the manipulators and the masses the manipulated. The majority, despite their lack of education, can attempt to govern in their own name with the result that the democracy will proceed in an unstable and/or erratic manner.

Rousseau long ago cited the need for real education and not mere vocationalism:

". . . there can be no liberty . . . without citizens: create citizens (that is, educate men) and you have everything you need: without them you will have nothing but debased slaves, from the rulers of the state downward . . **we have (vocationalists) in plenty; but we have no longer a citizen among us.**"

Shareful Behavior, Borrowed Thought Mark Mass Man

TO THE EDITOR:

Miss Wright set herself up as a conformist in last Tuesday's Flambeau. I don't think she is. She is more an advocate of the mass man.

I WOULD EXPLAIN my distinction by making one between the reality of the mass man and the ideal of the "individual". The "individual" is distinguished by thoughts that he has arrived at through mental work and meditation, and by feelings that are recognizably his own, and able to be deepened in the course of time.

The mass man on the other hand, is distinguished by the fact that his thoughts could just as well be in another man's head as in his own, and his behavior is such that it is quickly grasped and easily able to be enjoyed by others. In short, the mass man is distinguished by shareful behavior and borrowful thought.

NOW CONFORMITY can mean a **consent** to the way things are rather than a **state** of being penetrated with the essence of the status quo—(of which state Miss Wright is so proud) The mass man could be called a conformist—but not through any effort of his own did he consent—"he just was." Whereas the "individual" may be a conformist, and in this case, worthy of respect, or at the least, of a hearing.

OFTEN THE "INDIVIDUAL" following through on his ideals becomes a non-conformist. Now, **not all non-conformists are "individual."** Some are people who would just rather not work for a living. But the non-conformist who is an "individual" deserves respect.

The only criticism I think Miss Wright can justly make of the Beat Generation, (of which I am not one), is that she feels there are a lot of shams among them.

ANOTHER DISTINCTION she should make is between **having ideas**, which can be only after real work, and **taking ideas** from the friendly air (which ideas might more appropriately be called figments.) What in the world makes her think 99% of the people share the same **ideas**? They share the same SLOTH, that's all.

Sincerely,
BRUCE ELLIS

Delt Project

Forty Delta Tau Delta members went throughout Tallahassee Thursday night selling cakes to help the Civitan Club raise funds in their annual drive for the Crippled Children's Home.

Canon Shots

Brawls, Wine Marke[d] Ancient Scholar's Li[fe]

By BUCKY CANON

Pretty good, this college education, eh? Footbal[l] ... fraternity parties and occasional classes. Four years of ... you are granted a bachelor's degree.

Ever wonder how it all got started? Or how your ... ancestors of six or eight centuries ago fared?

THE DAY BEGAN long before dawn for the medieva[l] ... during the winter months. His first lecture—lasting some ... three hours in a large, unheated hall—began promptly ... a.m. Your medieval predecessor was up at five for a ... breakfast.

The day proceeded with three or four lengthy lectures ... only by Mass or chapel and the dinner hour.

THE MEDIEVAL scholar's nights were spent far di[fferent] ... from ours, but the pattern is familiar. Living in damp an[d] ... quarters, the poor student pored over borrowed or dearl[y] ... manuscripts (all hand-written) in dim and expensive ... light.

Often a barn hayloft or attic served as the scholar's h...

BUT MIDDLE AGE nights were not all study. The[re] ... many taverns near the college—serving as the focal point ... erous drinking bouts, card or dice games or even group ...

Taverns in those days were sort of a headquarters f... versity students. Drinking was far more common than ...

But conditions were such that even today's most h... teetotaler would be tempted. Coffee, tea and tobacco w... known and medieval water was notoriously unclean. Win[e] and ale were served with all meals and were as frequent ... meals as today's soft drinks.

BRAWLING WITH townspeople was another fav[orite pas]time of medieval scholars. Quarrels began over minor ... the payment of rent or a tavern bill, a rivalry over a g... act of thievery on either side.

Sometimes the fights became vicious and bloody ... Oxford on February 10, 1354 resulted in 40 deaths most ... were students.

THE KILLINGS SO ANGERED King Edward II tha[t he or]dered the mayor and burghers of Oxford to attend a p... Mass every February 10 in memory of the dead schola[rs] ... practice was carried out for many centuries.

Some other memorable brawls between town and g... cured at Paris in 1278 where nearly a dozen monks were ... at Leipzig in 1545 a form of guerilla warfare lasted bet... year.

When not fighting the townspeople, medieval studen[ts] ... brawl among their own international groups attending th[e uni]versity.

AT SOME UNIVERSITIES—such as Bologna, the ol[dest in] the Western world—the students wrested a great deal o[f] ... from the city. By threatening the removal of the school fr[om] town (which would ruin the local merchants), concession[s] ... easily won from the town councilors.

Students attended early European universities from all ... The poor lived frugally, while the rich often stayed in plus[h] ... with a tutor. But a fraternal spirit quickly grew up amo[ng] students as they struggled against the outside elements.

WHAT WAS THE VALUE of a medieval education? Ad[vance]ment in the Church hierarchy was one. (In those days the c... was infinitely more a political institution than it is now.

Knowledge of Roman Law helped aspiring lawyers as c... and law were coming more and more into use—especially in S... ern Europe. Medicine, alchemistry and tutoring were othe[r] ... of Middle Age education.

So you can see the history of university students is a... And with age, honorable. While you lead quite a differ[ent] ... the pattern is somewhat reminiscent of your scholastic ance[stors].

AAUP President Replies To Editorial

TO THE EDITOR:

I would like to take this method of replying to your editorial captioned "Re-Open AAUP" printed in the Friday, November 14, 1958 issue of the Florida Flambeau.

The AAUP IS A SELECTIVE organization in that eligibility for active membership is restricted to full-time faculty who spend at least two-thirds of their time in research or teaching. An associate (non-voting membership is extended to University Administrators. The FSU Chapter of the AAUP has adopted as one of its main objectives this year, to function as a sounding board of faculty opinion concerning university-wide issues.

Individuals and small groups (departments, schools) do get together to discuss problems, but there is no particular outlet for a cross-section of the university faculty to discuss issues that affect faculty members. It is in connection with this objection of AAUP that the policy of some closed meetings was adopted.

THE EXECUTIVE COUNCIL, composed of the officers and committee chairmen of the AAUP adopted this policy after discussion and with the full realization that such a policy has some disadvantages. One main reason for such a policy is the inaccuracy in reporting and discussion. Such inaccuracies as actual falsehood, taking statements out of context, slanting or interpolation reflecting the reporter's own opinion, done either deliberately or unconsciously is really license of the press, not freedom of the press.

Perhaps I can illustrate my point by your editorial in which you have several inaccuracies. One, we have not banned reporters from all future meetings as you imply in the first paragraph (false information)

In the second paragraph, you

LETTERS to [the] EDIT[OR]

take the phrase "fine wi[th] ... to mean the AAUP wa[s] ... have the press frown ... policy—when in the conte[xt of] the interview I merely ... that this was a perogat[ive of] the press, to take an opp[osite] position.

ANOTHER REASON [for] **BANNING** reporters at som[e dis]cussion meetings is based ... the nature of these meeting[s] ... a free discussion there w... few, if any, prepared state[ments] other than those designed t... initial discussion. Those p[artici]pating must be willing to ex[press] themselves "off the cuff," ... ing to other's opinions and c... their mind or position as ... see fit.

This makes a reporting ... virtually impossible and we ... recognize this in assuming ... those faculty members wh[o do] not attend have no way ... ceiving the benefit of the me[etings] directly.

OURS IS A PRIVATE [OR]**GANIZATION** and we ... that the faculty desires ... together without students ... ministrators to discuss u[niver]sity-wide issues. We wou[ld en]courage students to get to[gether] for the same reasons. If ... group wishes the opinion o[f the] other, let them request suc[h] ... certainly intend to do th... the future.

The December 1, 1958 ... ing of the AAUP will be he[ld in] the Weldon Starry Confe[rence] Hall in the School of Bu[siness] at 8 p.m. All faculty and ... ers are invited. The Janua[ry] ... 1959, meeting of AAUP w... held in the Library Lectu[re] ... at 8 p.m. Faculty only ar[e in]vited.

Very truly yours
W. J. TAIT,
Director of Recre[ation] Curriculum

Flowerbed Hoax Produces Skepticism

TO THE EDITOR:

After reading your article "Flower Bed Hoax: Fountain to stay," I can not help but feel disgusted and disappointed in the method you used to develope in the student body a feeling of responsibility for the safety and condition of the Westcott Fountain.

THE FLAMBEAU HAS ALWAYS been a very informative, interesting, and honest publication. Why then have you printed misleading information and deliberate lies? I think the students of this campus are intelligent and mature enough to understand their responsibility for the safety and condition of not only the "fountain" but for any other landmark as well.

I must admit your scheme was every effective, and it did achieve its purpose. However, a purpose achieved by this method has no significance at all. If a person can not believe what is printed in a newspaper, what can he believe? Articles or editorials of this type can do nothing but produce confusion and skepticism among its readers.

BOB WILDE

Longmire Coffee

IN THE PRESSBOX

By BEN BALSER
Flambeau Sports Editor

What a person says and what he thinks are two different [illegible] On the outside, a man may be cocky and sure, but on the [illegible] he may feel just the opposite. Here's what might be going [illegible] the minds of some of the men who will play key roles [illegible] the FSU-Florida game tomorrow.

FSU HEAD COACH TOM NUGENT:

How do these sportswriters expect me to say who's going [illegible] What do they think I am, a Swami or something? I'm [illegible] a football coach like Woodruff. I wish I could say who was [illegible] to win. I'd sleep a lot easier tonight.

Boy, they do have some good-sized linemen. Ulmer and [illegible] are going to have a big day holding the likes of Asa Coa [illegible] Edwin Johns. That guy Heckman could give us plenty of [illegible], hope he's not on Prinzi's back all afternoon.

Prinzi better be on tomorrow. We've got to pass over that big [illegible] he's got to hit on a lot of throws. I suppose Woodruff is [illegible] as much as I am. As long as I can keep him convinced [illegible] I've got a surprise cooking, we may get them on the de[illegible] before game time.

See where the Broadway line is picking the Gators by eight [illegible]. I know the boys don't think the Gators are that much [illegible], that isn't bothering me. It's just that the Gators think [illegible] are eight points better.

Here comes one of those zany sportswriters again. Guess I [illegible] smile he might think I'm scared. "What's that? . . . who's [illegible] to win? Why we will of course. If we get the most points."

FLORIDA HEAD COACH BOB WOODRUFF:

The nerve of that guy Nugent, accusing me of scheduling [illegible] State just to play against the 'I' formation. We were [illegible] disappointed. Arkansas State didn't use it anyway. The [illegible] fussed about those tickets you'd think FSU had a million [illegible] clamoring to get over here to see the Seminoles get beat. [illegible] will we be able to beat them? I see we're favored by [illegible] sportswriters, but we were favored over Mississippi State. The boys want this game, but the Seminoles may want it [illegible] They've been waiting a long time to play us and they [illegible] through a lot of trouble just to get us scheduled.

I can't see why they had such a hard time. We scheduled [illegible] State the first time they asked us. Guess that FSU [illegible] didn't ask politely.

That team sure does have a lot of speed. Got to be sure [illegible] don't get through our line. If they do they're gone. That [illegible] Pickard can really hit, but he's going to have to hit [illegible] hard to get by Heckman.

Renn is always a threat and so is that quarterback Prinzi [illegible] let Romeo or Espenship get into the clear, they're sure to [illegible] a pass. They must have a good defense. Only allowed 8 [illegible] in the last four games. Have to find a way to get a spark [illegible] of some of our backs.

Hear Nugent is going to pull something funny. Well, now [illegible] we're prepared for the 'I' and all its variations he'll probably [illegible] something real different. Maybe he'll have one of his tackles [illegible] to quarterback on a play. Might be, better jot that down. Here comes one of those boring sportswriters again. Better [illegible] smile, he might think I'm overconfident. "What's that? . . . [illegible] going to win? Can't tell now, but we'll be out there knock-[illegible]

FSU QUARTERBACK VIC PRINZI:

How do those sportswriters figure the Gators are two touch[illegible] better than us? Sure they have a big line, but so did [illegible] VPI and Wake Forest. Renn will run circles around them [illegible] Pickard will blast right through that line.

[illegible] going to be a lot of people there tomorrow, shouldn't [illegible] though we've played before big crowds before. Sure [illegible] like to make my last game a good one and if we win it [illegible] be a good one.

FLORIDA QUARTERBACK JIMMY DUNN:

[illegible]-seven right trap, seventy-two left sweep—got to find a [illegible] to get by those Seminoles. Sure be glad to meet FSU. I'll [illegible] 'em, imagine, only offering me a one-year scholarship. Coach Woodruff thought I was good enough to play four for him.

Guess I better go feed Albert, the bait won't be coming into [illegible] until tomorrow.

Eleven Seniors To Play Final Game

(Continued From Page 1)

rect the FSU attack. The 174-pound senior from Waverly, N. Y., has thrown seven touchdown passes and completed 40 of 69 passes good for 480 yards. Prinzi's replacement, Joe Majors has thrown three touchdown passes while completing 14 of 45 passes for 233 yards.

Other starters in the Seminole backfield will be halfbacks Bobby Renn and Jack Espenship and fullback Fred Pickard who is 11th in the nation in total rushing.

Anchoring the Seminole line will be ends Tony Romeo and Pete Fleming. At the tackles will be John Spivey and Bob Swozsowski while Al Ulmer and Terry Moran will be at the guards. Bo Davis will open at center.

Eleven seniors will be making tomorrow's game their last for FSU unless the Seminoles go to a post season bowl. Renn, the Hendersonville, N. C. half who holds the school scoring record is bound for the professional Cleveland Browns perennial leaders of the NFL.

Prinzi and Davis, the other two starters who will play against the Gators tomorrow, have both had outstanding years at quarterback and center, respectively.

Also playing their final collegiate game will be guards Leo Baggett, Stuart Keith, Jerry Graham and Joe McGee. Tackle John Craig and ends Bob Fountain and Bill Kimber also bow out tomorrow. Johnny Sheppard, FSU's place kicking specialist who is the current national leader in point-after touchdown kicking, will also finish his football career tomorrow.

TC, SAE Cop Tennis Titles; Basketballers In Semi-Finals

Theta Chi and Sigma Alpha Epsilon captured the singles and doubles tennis championships in the Fraternity League respectively.

Mike Sipe won the singles championship for TC when he beat LCA, 6-4, 6-2. SAE beat SN, 7-5, 6-4 to win its title.

In the Independent tennis singles, Newman will meet Magnolia to determine the winner.

The Newman club and the Majors yesterday met in the horseshoes finals while PDT and SPE lead the Fraternity teams into the finals.

The Greeks' basketball tournament continues tonight into the Semi-finals. Last night PKA met SN while KA met PDT. ATO and SAE drew byes in the first round.

The Playboys continue to play perfect ball and lead the Independent League with a 10-0 record. Close behind the Playboys is the Psychology club trailed by Senior hall and 400 club.

In Wednesday night action, the Playboys just got by Magnolia 48-42 while the Psychology club whipped CLO, 70-28. Wesley beat BSU, 41-34 and Newman topped Penthouse, 41-39. 400 club beat the Vets, 57-44 and Senior hall won by default from the Majors.

Last Tuesday night SN gained a berth in the tournament by topping KS, 53-34. PKT slipped by SPE, 49-47 while SAE won by default from LCA.

PKA topped ATO, 48-39. SC beat PKP 72-44 and TC won by default from the TEP's.

The leading scorers in the Fraternity League are Bob Moren of SC with 154 points followed by Larry Dannely of PKP, 118 points and Don Chamberlin of PKA with 115 points.

J. Turner leads the Dorm-Independent League for Psychology club with 147 points but is being challenged for the lead by Larry Boer of the Playboys with 145 points. In third place is Jack Bristol of Senior Hall with 126 points.

Senior Cager Williams Out For Kentucky

As a result of an emergency appendectomy performed Tuesday morning, letterman guard Joe Williams will be lost to the basketball team for its opener against Kentucky on Dec. 1.

Coach Bud Kennedy says that Williams is still in a doubtful position as to the Furman game Dec. 8. A two year letterman who figures to give the Seminoles defensive strength at the guard position, Williams hopes to be back in action by the middle of December.

Florida State fans will get a chance to see the team in action for the first time Tuesday night when the varsity and freshman will have an open scrimmage in Tully Gym at 8 p.m. The public is invited.

WHY ISN'T EVERYONE GOIN' . . . ?? These Florida State University coeds are amona some ten thousand ather Tallahassee people heading for the-game-of-aames in Gainesville tomorrow, when the Seminoles of Florida State meet the Gators of Florida at 2 p.m. an Flarida Field.

Compromise On Dead Day . . .

(Cantinued From Paga 1)

aenta the judiciary.

Sugaested uses for the funds, have to date been academic and minor sports scholarships

A resolution introduced by Bill Bryan and Charles Van terms the present telephone system "inadequate" and seeks to provide better phone service on campus

Van said that student complaints are "legitimate — that the present hook-ups are "inadequate, especially in the freshman dorms and at the peak hours of calling."

Van and Bryan contacted the chief university operator, who concurred with the student opinions.

Pete Christman brougat up the West Hall phone situation—five phones for the 600 residents. Other senators cited the loudspeaker system used in some women's dormitories as "poor" and "disturbing."

Senate action several years ago prompted installation of a new trunk line to Jennie Murphree, allowing residents to talk directly to callers

FOOD REPORTS

Three committeea investigating food services reported to the senate body.

Pat Lance said her group has scheduled regular meetinga with Bob Sanford, new manager of Morrison's Food Service on campus.

The Swee. Shop committee, headed by Pat Mickler has "looked into sanitary conditions there and they have cleaned up."

Senatora Penny Pickels, Leonard Daraey and Bobby Byrd took four main atudent complaints to the Student Center:

(1) Dirty tables;

(2) Unsanitary salada (flies were reportedly found in salads)

(3) Variation in air conditioning.

(4) Small number of student employees.

Manager E A Goodwin told the senators that he had ten workers cleaning tables He said the Center serves the same food as the downtown Morrisons, and there are bound to be some incidents like the flies.

He hires 46 employees, including eight students, "with no discrimination — the best qualified ones are hired," he said.

Split-Teams

Debate Reveals Varying Styles

By ROSA NELL WILSON
Flambeau Assistant News Editor

Two Oxford University debaters joined two of Florida State University's in a spit-team debate here Tuesday night, revealing varying English and American debate styles.

On a debating tour of the U.S. Brian Walden and Stuart Griffiths of Oxford teamed with Dave Harris and L. A Hester of FSU to argue whether since 1945 the Western World has failed to effectively opposes communiam.

Pointing up the emphasis on audience appeal of British debaters, both the Englishmen began their talka humorously, with satirical comments on American politics, college life and advertisements.

The FSU debaters were generally more aerious but sometimes more emotional.

As the first affirmative speaker, Walden, a post-graduate student in Nuffield College, defined "effectively" as carrying connotation of success or general ability.

INFERIOR DIPLOMACY

In the diplomatic aphere the West has slipped from a position of superiority to inferiority, building hostility in neutral countries, he declared.

Lack of knowledge of these countries, lack of codified policy and inflexibility of diplomatic methods are responaible for this failure, Walden said.

The West has never understood the rising intellectual mentality and problems of influential groups in India and other nations nor taken cognizance of the facts, he commented.

"We seem to have a genius, even when we're right, for putting proposals to them in such a way as to arouse hostility."

In Western policy, he declared, the chaotic situation carries the principal of just dissent too far.

In the Middle East the U. S has partly inherited policy handicaps from allies pursueing different aims, with French colonial possessions and British power interests, the Englishman said.

INFLEXIBILITY

The U. S has shown lack of flexibility in relying too much on military force while Russia uses many methods, he added

Taking the negative, Griffiths, who is president of the Oxford Union Society, questioned whether the U. S held a lead in neutral areas in 1945.

He pointed out India's complete hatred when the British left that country, and said the U. S since that time has cut down on hostility and reached a position not nearly so bad.

Griffiths praised the western policy of stopping aggression, citing the Korean War and Berlin Airlift as examples.

He also mentioned the Marshall Plan for economic aid, calling it a "brilliant move which revived Europe."

"We must not expect too much at the moment," he declared, concluding that effective gains have been made

EXTENT OF GAINS

Both teams argued over the extent of Russian gains, offering China, Tibet and North Viet Nam on one side and Germany, Japan and India on the other.

Harris, FSU speaker for the affirmative, said "In the Middle East we have been unsuccessful in selling our brand of democracy."

The west has backed governments in power, not realizing the potential force of opposition groups forming, he remarked. In China the west backed a reactionary regime instead of peasants and intellectual forces, he added.

Russia meanwhile has used the technique of aid to undeveloped countries with no strings attached, Harris said

He also pointed out development of the communist party in free countries such as Italy and France.

DECADENT COLONIALISM

In opposition Hester said the West has failed only where it has been associated with decadent colonialism. However the Mid East has not been lost definitely, only colonialism and tyranny have lost, he declared

The FSU debater offered allied cooperation in Germany in economic and political reforms as an example of success, calling West Germany a "bulwark against Communism."

The lack of codification of democratic policy is a part of American ideals, he remarked, and policy cannot be dictated to allies

The British debaters, who arrived in the U. S seven weeks ago in New York, are members of a debate society which includes about 4,000 students, more than half the student body.

Prof Wins $2000

Keith Davidson, speech instructor here, won over $2,000 worth of merchandise on a television quiz program Wednesday afternoon.

Davidson, in New York attending the American Speech and Hearing Association Conference, won the prizes on "The Price Is Right," a daily quiz show.

Flambeau Photo Warren G[illegible]

"I SAY NOW, I MUST DISAGREE, MR. HESTER!" Seems to be the statement by Brian Walden (pointing) of Oxford University, England, in this picture taken at the International Debate held here Tuesday night. Participants in the debate were, left to right, Lewis Hester, FSU; Thomas Griffiths, Oxford; Briar Walden, Oxford; and David Harris, FSU.

More Control Considered On Fund-Raising

Increased control of fund-raising activities was considered Wednesday by Cabinet.

This discussion followed a report given by Secretary of Finance Don Ramsden

Ramsden pointed out that the Funds Committee lacks statutory power and stated "Fund raising and social projects need coordinating."

Attorney General Gerry Gordon stressed "This would be a protective measure more than anything."

He added that lack of control of fund raising projects could result in organizations losing money by poor scheduling

The Student Welfare committee headed by Diane Godin looked into the possibility of providing a place for filling out appointment papers at registration or calling a special meeting for this purpose

The committee felt that either suggestion would be effective as it was discovered that student assistants not turning in their papers on time would be paid late

Dr James P Carr and Mrs Margaret Blair advised against holding a meeting since a large percentage of student assistantships are not given until October. This would also make it impossible to fill papers out at Registration.

President Art Moore concluded the meeting by expressing confidence that the approaching game will see good conduct on the part of both Universities He added, "I don't have any fears that FSU students can't conduct themselves as they should."

Regarding Homecoming

More Student Help Desired By Killian

By ANNETTE McINTOSH

"Students should have more to say about what kind of Homecoming they want," is the assertion of Dr. Lewis M Killian, Sociology, 1958 Homecoming Chairman

Dr. Killian feels that Homecoming should be placed in the hands of students rather than faculty, who have always borne the major responsibility.

He explains, "Students are closer to the problem so know more about what they want Faculty, on the other hand, are often new to FSU and must sandwich Homecoming work in with regular academic activities."

These statements back up student dissatisfaction with Homecoming procedure, voiced in Senate soon after the Oct 31-Nov 2 celebration. The students body seems to particularly resent lack of direct student say-so.

SPECIAL GROUP

A special Senate committee, headed by Mary Anne Coleman, was appointed to study Homecoming as a result of this discontent. When interviewed by the committee Dr Killian answered questions on Homecoming shortcomings.

Why were students not given a clearer idea of what was expected in floats, house decorations, and theme?

Dr. Killian points out, "A letter was sent this summer, explaining complete decorating details. Homecoming chairmen from each competing organization met well before Homecoming with George F Holschuh, Assistant Professor in the Art Department, to determine just what points were covered.

Why must faculty members serve as committee chairmen? Dr. Killian feels that no student really has enough time to accept a full chairmanship. Faculty supervision is also required in working with the large Homecoming budget.

Dr. Killian made several suggestions which he feels will strengthen Homecoming and bring greater student participation:

STUDENT CHAIRMAN

"The FSU president has always been responsible for appointing the Homecoming Chairman and, until this year, faculty committee chairmen. Why not consider a student Homecoming Chairman, who could meet with all past faculty Homecoming Chairmen." Senator Jackie Soud suggested making this chairmanship a regular student go[...] ment office.

Dr Killian continued [...] down in writing what [...] case of bad weather. Possi[...] point special committees [...] election of the Homecom[...] Queen and selection of M[...] of Ceremonies The facu[...] never been told what st[...] do prefer."

To pick student membe[...] the 20 various Homecoming [...] mittees, Dr Killian spoke to [...] dent leaders and faculty [...] From their suggestion[...] formed a list, picked almost [...] random

Judges were those whom [...] chairman considered cap[...] Lack of a system to choose [...] dent participants is a [...] drawback, according to Dr K[...] lian

FEW TROPHIES

When questioned a[...] relatively few trophies g[...] Killian replied, "The bu[...] so limited that we coul[...] award one revolving troph[...] each category. Senator Cole[...] suggested less costly, sma[...] trophies so that each winner [...] actually receive a prize.

Concluding Senate discuss[...] this week, Men's Vice-Presid[...] Jim Apthorp advocated se[...] student opinion on Homecom[...] now through questionaires [...] to fraternities, sororities, [...] dorms.

These results would be give[...] President Strozier immedia[...] and later to the '59 Homecom[...] Chairman, who is appointed [...] the spring.

15 Students Begin Internship[...]

Fifteen home economics a[...] business school students bega[...] four-and-a-half-week interns[...] in large department st[...] throughout the state Wedn[...] day.

Seminole Society

By DOLORES LAFFERTY
Flambeau Society Editor

Last weekend the Alpha Xi's held their annual No-[illegible]ber combo party at their house. The girls and their [illegible]es danced to the music of the Devilaires. A Saint and [illegible]ner theme was used with part of the house being deco-[illegible] as heaven and the other half as hell.

ALPHA CHI OMEGA

The Alpha Chi's and their dates attended the new [illegible] Christian Church last weekend as special guests [illegible] Rev. Simon Davidian.

The pledges entertained the Phi Delta Theta pledges [illegible] a "beer" party Wednesday evening. Cold drinks [illegible]e served in topless beer cans. After dancing and [illegible]ertainment the boys were given beer openers with [illegible] names of both groups on them.

ALPHA OMICRON PI

Kappa Sigma and AOPi enjoyed a joint social Wed-[illegible]ay evening at the Kappa Sig house. A skit was [illegible]ented by the sorority pledges and actives.

Eve Lomaistro, Yancy Murray, Valerie Chase and [illegible] Skacil worked with the Tallahassee Civitan Club [illegible] Delta Tau Delta fraternity members last night in [illegible] annual holiday fruit cake sale sponsored by the Civi-[illegible]. Proceeds of the sale go to a local charity.

DELTA ZETA

The Delta Zeta's entertained the Theta Chi's with a [illegible]h Pacific beachcomber party Wednesday evening. A [illegible]al skit for the fraternity, costumes, and Hawaiian [illegible]rations and refreshments set the mood for the party.

The Delta Zeta pledge class will be hostess to the [illegible]man football squad at dinner next Thursday night.

KAPPA ALPHA THETA

The Kappa Alpha Theta's gave a banquet last Tues-[illegible] in honor of Mrs. Neil Graham, president of District [illegible] Kappa Alpha Theta. Mrs. Graham visited the Beta [illegible]apter for the last time in the capacity of president. The sorority had an exchange dinner with the Pi [illegible]ppa Alphas this week.

KAPPA DELTA

The KD's have been busy with the tea they gave [illegible] new house mother, Mrs. Grace Fifield. An exchange [illegible]er was held with the Sigma Chi fraternity Wednes-[illegible] evening Thursday night the group joined the [illegible]bda Chi's for the pep rally and parade returning to [illegible] KD house for dancing and refreshments.

DELTA DELTA DELTA

The Tri Delts entertained the SAE's with a "Crew-[illegible]k" party Wednesday evening. Dancing and enter-[illegible]nment were enjoyed by the group.

Delta Delta Delta's annual Founder's Day program [illegible]ll be held next Tuesday night. The alumnae from [illegible]wn will be at the chapter house to take part in the [illegible]gram.

ALPHA DELTA PI

The ADPi's entertained the Sigma Chi's last Wed-[illegible]sday evening with a party at their house. A skit and [illegible]ncing were enjoyed by the two groups.

ALPHA TAU OMEGA

The ATO's entertained South Cawthon dorm girls [illegible] a record party last Wednesday evening. Dancing,

entertainment, and refreshments were enjoyed by those attending the first fraternity-dormitory party to be held.

LAMBDA CHI ALPHA

Recently initiated into the fraternity were Fred Lowry, Jim Gaswell, Don Carlile, Mac Boulware, Ashby Stith, Lynn Tomaszewski, Pete Wooten, and Fred Rowland.

The Lambda Chi's recently had an exchange dinner with the Delta Zeta's to celebrate the winning of the Homecoming float entered by the two groups.

SIGMA CHI

The Sigma Chi's and Sigma Alpha Epsilon fraternities had an exchange dinner last Thursday evening. Each group exchanged an equal number of men.

DELTA TAU DELTA

The Dela Shelter was transformed into a mystic Hades with a Devil acting as host for a party with the Alpha Gam's Wednesday evening. Decorations and refreshments were in keeping with the theme. The Delts and their dates plan to travel to Gainesville Friday for the FSU-U. of F. game. They will have a combo party with the Gainesville chapter after the game.

SAE's Crown Sweetheart

[illegible]e SAE's announced their [illegible] sweetheart at the annual [illegible]etheart Ball last Friday [illegible] Mary Lynn Patterson, a [illegible] from Tallahassee, was [illegible]ned by Judy Dekle last [illegible]'s sweetheart.

The formal dance was held at [illegible] fraternity house and music [illegible] furnished by the Devilaires. [illegible] large red heart set off the [illegible] of the decorations and [illegible] background for the presen-[illegible]on of the sweetheart. After [illegible] Lynn's crowning she was [illegible]en the trophy inscribed with [illegible] name and the sweetheart [illegible].

[illegible]ary Lynn is a junior major-[illegible] in elementary education and [illegible]ember of Kappa Delta soro-[illegible]. She is pinned to SAE Mayo [illegible] who is stationed at Fort Rucker, Alabama until December when he will return to FSU.

SPARKLING

Hello again . . .

Thanks for the long chatty letter—it was almost as good as a visit! Daddy says you've vastly improved; it's such a pleasure to get something besides weather reports and complaints about your allowance!

I knew you'd love your *Cellini Bronze* lipstick . . . but honestly, dear, I don't see how you can let every girl in the house try it on! If you think I'm going to buy you another one, you're wasting your blossoming epistolary talents.

Yes, of course Juliette Marglen has a Nail Glacé to match—in fact, I've just had the most gorgeous manicure you ever saw! And who do you think suggested it? Your father! Soon as he finished reading your letter telling about the sensation your *Cellini Bronze* Oval Lipstick was, he asked me if I was wearing it to the Country Club dance this evening and wasn't I going to do my nails to match? This from the man who doesn't even know what colour my eyes are!

Now my nails look like sparkling jewels—and with my new champagne chiffon and that metallic *Cellini Bronze* lipstick, I'll be a dreamboat, as my darling daughter says.

Please give me credit for a motherly instinct or two; I *did* want to send you some *Cellini Bronze* Nail Glacé to match your lipstick—but thought better of it. Your nails are such a disgrace—when are you going to do something about them?

I feel a lecture coming on, so I'll stop while I still have you. Everyone sends love, in spite of your unglamorous nails, especially me . . .

Church Group Sponsors Discussions

RUGE HALL

WESLEY FOUNDATION

By JIM COX
Flambeau Society Writer

Can two Protestant groups of varying beliefs study the Word of God together and both benefit? Methodists and Episcopalians on campus are seeking to prove it can be done each Monday afternoon at 4 o'clock as they combine to interpret Bible teachings together.

The idea was suggested by the Reverend Harcourt E. Waller, Jr., Chaplain of the Episcopal students. Miss Anne Bartlett, assistant to Chaplain Waller, became co-ordinator of the discussion group with Miss Jane Montgomery, asistant director of the Wesley Foundation.

The purpose of the hour, held alternately in Ruge Hall and at Wesley Foundation, is to translate the meaning of the passages and relate what is found in them to our lives today, with a combination of Methodist and Episcopalian ideas brought out.

The group is following a booklet published by the department of Christian Education of the Protestant Episcopal Church entitled **The Word and His People**, by Suzanne de Dietrich. Studies to date have included the creation and fall of man, the life of Abraham, the deliverance of the Israelites from captivity, the law, and now the prophets. Monday's discussion will concern itself with Isaiah and in succeeding weeks before Christmas the group will interpret the New Testament with emphasis on the proclamation of Christ as Lord and the apostolic view of history.

The sessions begin with a prayer, continue with the reading of a few passages, and then Miss Bartlett and Miss Montgomery translate their ideas of what the scriptures have said. The floor is then opened to questions and answers among the various students.

Methodist and Episcopal students are urged to attend this most unusual meeting Monday at Wesley Foundation, 4 until 5 p.m.

Wives Honored

The wives of the faculty of the School of Business were honored at a tea by Phi Chi Theta on Wednesday, November 19, at 7:30 p.m. in Longmire.

Church Schedule

NEWMAN NEWS

Saturday, 2 noon. The Newman Club of the University of Florida invites you to lunch with them at their outdoor grill. The Club is located across from the stadium.

Sunday, 7 p.m. Dr. McDonough will give a talk on "An Interpretation and Description of the Medieval Art Embellishing the Chartres Cathedral." It will be supplemented with colored slides.

Tuesday, 7 p.m. Rosary and benediction. Inquiry class meets at 7:30.

ST. STEPHENS LUTHERAN ASSOCIATION

Sunday, 7:30 p.m. Discussion meeting in trophy room of the Student Center on the subject "What You Sing, and Why You Sing It."

BAPTIST STUDENT UNION

Saturday, 8:30 a.m. Breakfast for students going on BSU bus to Gainesville. The bus leaves at 7:00.

Sunday, 8:30 p.m. The Chorale picture will be made, to be followed by Fellowship, recreation room, First Baptist Church.

Tuesday, 6:45 p.m. Thanksgiving Vespers, with Mrs. Bernice Bevis, FSCW alumnus and former President of the BSU, leading.

Thanksgiving Holidays. International Student Retreat, Silver Springs.

December 1-5. Foreign Mission Week of Prayer. The YWA's will lead the Vesper program December 2; the Lottie Moon play, "Her Lengthened Shadow," will be given December 3 at First Church, and the YWA-sponsored banquet for all Baptist students will be December 5.

WESTMINSTER FELLOWSHIP

Sunday, 5 p.m. Supper, First Presbyterian Church, and then a talk by Dr. Ray Sheline on "The Work Camps of the Quakers."

Tuesday, 9:30 p.m. Devotions at Westminster House, with George McGoogan.

WESLEY FOUNDATION

Sunday, 6:15 p.m. Forum Hour with Dr. Vernon Fox speaking on "Conformity Challenges the Freedom of Thought."

Sunday, 7:15 p.m. Vespers with Wesley Players presenting a choral reading, "Creation."

Monday, Wednesday, 7:30 a.m. Matins with a Thanksgiving theme.

Mrs. Grace Fifield, new Kappa Delta house mother, chats here with Miss Katherine Warren, Dean of Women; Gail Roberts, vice-president; and Nancy Key, president of the KD's, at a tea given in her honor last Tuesday afternoon.

THE GIFT HORSE

I know how busy you are—studying, going to class, catching night crawlers—but let me interrupt your multifarious activities—studying, going to class, helping old grads find their dentures after Homecoming—to remind you that busy as you are—studying, going to class, searching for meat in the dormitory stew—time and tide wait for no man, and the Yuletide will soon be upon us. Busy or not, we must turn our thoughts to Christmas shopping. Let us, therefore, pause for a moment in our busy schedules—studying, going to class, rolling drunks—to examine a number of interesting gift suggestions.

We will start with the hardest gift problem of all: What do you give to the person who has everything? Well sir, there follows a list of a half dozen gifts which I will flatly guarantee the person who has everything does not have:

1. A dentist's chair.
2. A low hurdle.
3. A street map of Perth.
4. Fifty pounds of chicken fat.
5. A carton of filter-tip Marlboros.
6. A carton of non-filter Philip Morris.

"What?" you exclaim, your young eyebrows rising in wild incredulity. "The person who has everything does not have cartons of filter Marlboros and non-filter Philip Morris?" you shriek, your young lips curling mockingly. "What arrant nonsense!" you rasp, making a coarse gesture.

And I reply with an emphatic *no!* The person who has everything does not have filter Marlboros and non-filter Philip Morris—not for long anyhow—because if he has Marlboros and Philip Morris and if he is a person who likes a mild, mellow, fresh, flavorful cigarette—and who does not? eh? who does not?—why, then he doesn't *have* Marlboros and Philip Morris, he *smokes* them. He might possibly have a large collection of Marlboro and Philip Morris *butts*, but *whole* Marlboros and Philip Morris? No. An emphatic *no!*

Now we take up another thorny gift problem: What do you buy your girl if you are broke? Quite a challenge, you will agree, but there is an answer—an ingenious, exciting answer! Surprise your girl with a beautiful bronze head of herself!

There is an Answer...

Oh, I know you're not a sculptor, but that doesn't matter. All you have to do is endear yourself to your girl's roommate, so she will be willing to do you a favor. Then some night when your girl is fast asleep, have the roommate butter your girl's face—quietly, so as not to wake her—and then quietly pour plaster of Paris on top of the butter and then quietly wait till it hardens and quietly lift it off—the butter will keep it from sticking—and then bring you the mold, and you will pour bronze in it and make a beautiful bust to surprise your girl with!

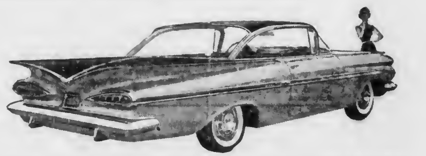
Remember, it is important—very important—to endear yourself to the roommate, because if anything should go wrong, you don't want to be without a girl for the holiday season.

© 1958 Max Shulman

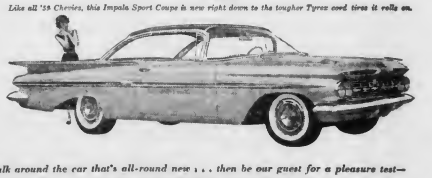
• • •

Your gift problem is no problem if you will give Marlboros to your filter smoking friends and Philip Morris to your non-filter smoking friends. Both come in soft pack or flip-top box; both are made by the sponsor of this column.

TOP TV—The Dinah Shore Chevy Show—Sunday—NBC-TV and the Pat Boone Chevy Showroom—weekly on ABC-TV.



Like all '59 Chevies, this Impala Sport Coupe is new right down to the tougher Tyrex cord tires it rolls on.



Walk around the car that's all-round new . . . then be our guest for a pleasure test—

DRIVE A '59 CHEVY TODAY!

One look at this '59 Chevy tells you here's a car with a whole new slant on driving. You see the transformation in its low-set headlights, the overhead curve of its windshield, the sheen of its Magic-Mirror finish—a new acrylic lacquer that does away with waxing and polishing for up to three years.

But to discover all that's fres[illegible] and fine you must relax in Chevrolet's roomier Body by Fisher (up to 4.2 inches more room in front, 3.3 inches in back), feel the lounge-like comfort of Chevy's new interior, experience the hushed tranquillity of its ride (choice of improved Full Coil or gentler-than-ever Level Air suspension*). Once you're on the road you'll discover such basic benefits as bigger, better cooled brakes that give over 50% longer life, new easy-ratio steering and a Hi-Thrift 6 that gets up to 10 per cent more miles per gallon. And, of course, you find Safety *Plate* Glass all around in every Chevrolet. Stop by your dealer's and pleasure test the car that's shaped to the new American taste!

*Optional at extra cost.

Anthology Order Sale Starts Today

Orders for **Fifty Eight**, The Florida State Literary Anthology, go on sale this morning, Editor Mark Austin announced today.

Austin also said two more campus organizations are now working with the Anthology staff to have the publication off the presses late in December.

With the addition of Freshmen Flunkies and GAX, the women's advertising honorary, the anthology now has a working staff of about 35 members.

Orders for **Fifty Eight** may be placed at any one of four Freshman Flunkies booths scattered on campus, at the Directors' office in Longmire Building, or in the University Bookstore. The Freshman Flunkies will operate booths today, Monday and Tuesday.

Orders will be taken in Longmire until Dec. 7. The publication will contain selections from the best writing of FSU students during the past year. The price of the book is fifty cents.

Austin urged all persons with reservations to place an order now. Also, he said, instructors who plan to use the Anthology for class room use should remind their students to order the Textbook edition, which will have an analysis by the FSU English Department. The Textbook edition is $1.

"Since over half of the copies we intend to publish," Austin said, "have been ordered by high schools and other off-campus organizations, we can only guarantee copies for those students who order them now."

More Autos Needed For Turkey Day Transportation

Alpha Phi Omega Travel Service reports more cars are needed for Thanksgiving transportation.

According to Dave Mathis, spokesman for the group, "There are approximately four times as many riders as cars registered in our files."

An extra service, extended hours, has been provided to cover the last minute rush of riders seeking a way home.

The Travel Service will have a booth in the lobby of the Student Center post office from 11-1 p.m. and from 3-5 p.m. Monday. The regular hours, from 10-12 a. m. and from 2-4 p.m. will also be observed.

Office hours in 413 Longmire are still from 4-6 p.m. Wednesdays.

For those who are unable to make these hours, information can be addressed to: APO, Box 664, Campus Mail.

The group plans to extend hours for a week before each major holiday in order to take care of the increase of ride seekers.

"This service has been much more successful than I had hoped it would be," announced Mathis. Mathis expressed disappointment, however, in the number of cars registered with the travel bureau.

He also remarked that one of the objectives of the APO service, to make unsightly signs on the bulletin boards around campus unnecessary, still has not been successfully accomplished.

Mathis hopes that more students will take advantage of the free services offered by APO.

Junior Panhellenic Entertains At Tea

An informal reception of all sorority pledges will be held by the Junior Panhellenic Association next Tuesday evening in the large lounge of Longmire Building.

Invited guests will be members of the faculty, house mothers, residence counselors and sorority presidents. Music and refreshments will be provided.

Officers working on the reception are Sally Moure, president; Shelia Costin, secretary; and Charlotte Goodman, treasurer. Dorothy Roxabaugh is overall chairman. Mary Lou Campbell is advisor and Dean Katherine Warren is sponsor for the group.

The "Big-T" on a little heel . . .
as styled by Demosette —

— are having all the fun!

'Sammy' May Bid Adieu Tomorrow

By VIRGINIA DELAVAN
Flambeau News Editor

"Sammy Seminole's" appearance in Gainesville tomorrow may be his last anywhere—ever.

The colorful Indian mascot (Chick Cicin in real life) has worked up a "really exciting skit that may cause his massacre by Florida fans," said Head Cheerleader Dick Ainsworth.

Sammy will tumble, strut and dance before a sell-out crowd of over 40,000, upholding the "savage pride" of FSU squaws and braves.

Ainsworth wouldn't say just what Sammy's plans are, but cautioned "FSU rooters may have to protect him."

The first time FSU saw Sammy in action was at this year's Pow-Wow. They liked his antics and he's been boosting team and student spirit ever since.

FSU CONCEPT

While not an authentic Seminole, (they wear long skirts), Cicio's portrayal does fit the FSU concept of "Sammy Seminole," the little figure used on school stickers and book covers for several years.

He wears garnet trousers with a gold flare down the side, and a gold breech cloth. His large nose is stuck on before every show. It's putty.

It takes over an hour to give Sammy a coat of Indian red" greast paint, covering his whole body, and to apply the streaks of war paint on his face and chest.

The original Sammy Seminole carries at hatchet, poised for the scalp. But Cicio substituted a spear, which he uses to duel with opponents like the Tampa "Spartan", here three weeks ago.

Ainsworth, who designs and makes all the Indian costumes himself, said he's been trying to get a school mascot ever since he's been on campus—four years now.

"Last year we tried two Seminoles on horseback but they didn't go over too well," he said.

The ill-fated "Seminoles" were booed for wearing Plains Indians outfits and for their un-Indian horsemanship.

Ainsworth persuaded Cicio ("after a lot of talking") to create the role of Sammy. Cicin plans to continue the act next year, when he enters Graduate School here.

Cicio, a Gymkana veteran, is the present "Mr. Florida." He holds national titles in free exercise, including 1956 NAAU championship and membership on the 1956 All-America gymnastics team.

In the latest Gymkana production, Arabian Daze, Cicin was featured in six acts, exactly a third of the show.

This year he has directed and trained the well-known "Tallahassee Tumbling Tots," working out with them from 3 to 6 every afternoon.

Eyster Named Miss Gymkana

Jo Elen Eyster was crowned Gymkana Queen for 1958-59 by President Robert Strozier last Saturday night at the final performance of this year's Gymkana show "Arabian Daze."

Miss Eyster will reign in place of last year's queen, Nan Chamberlain, until next year's production. As queen, Miss Eyster is the public relations director and hostess for all Gymkana functions, road shows, parties, and gym meets.

A Pi Beta Phi pledge, she is a freshman from Pensacola and majoring in art. Jo Elen has won several titles in water skiing, plays the piano, is President of Minnow Club, (the pledges of Tarpon), and is secretary of her pledge class.

Coeds' Rules Being Studied

Studies to determine the possibility of modifying regulations about which women students have made complaints are being made by the Social Regulation and Codifying Committee.

Signing out procedures for engagements after 7:30 were pegged "unsatisfactory" by the House Presidents' Council, Jackie Soud, chairman of the Social Regulation and Codifying Committee, said.

The House Presidents' group is the first of several groups to be sounded for opinions on the effective functioning of present signing-out rules.

The House Presidents' Council and head residence counselor, Miss Anne Pope, are also being asked at their meeting Monday their opinions about changing regulations to permit out-of-town guests to spend the night in sorority houses during the week.

Upon the suggestion of the Faculty Review Committee, a study is being made concerning extension of closing time one hour on the nights after home football games.

The study is to determine opinions of student religious directors on the effect this resolution would have on church attendance following Saturday ballgames. It will also ask the opinion of sorority chaperones on the question.

Other studies being made by the Committee deal with adjusting the freshman "lights out" rules to be inapplicable during mid-semester exams, setting a time limit on house meetings, and limiting the number of house meetings, especially for upper-class women.

Patrolmen . . .

(Continued From Page 1)

achieve an organized weekend of "Fun and Frolic."

The packets include a letter of welcome, schedule of weekend events, a list of 20 Gainesville eating establishments, and a map of the U of F campus.

WEEKEND ACTIVITIES

The weekend in Gainesville will include a dance in the Gym both tonight and tomorrow night, a joint pep rally at 11:30 tomorrow morning in the Plaza of the Americas, the game at 2, and a concert after the game.

June Christy and Johnny Long will entertain at both the dances and the concert as part of Gainesville's annual "Fall Frolics" program.

Ticket for all events, excluding the game, may be purchased in the Gym at Gainesville.

Both student body governments have put a lot of time and effort into making this one of the biggest week-ends of the year,and Art Moore, student body prexy, he is sure the weekend will run smoothly.

"The score may have something to do with the student reaction after the game, but both schools know what the consequences will be if there is any trouble or signs of rioting. We really don't expect any trouble though," Moore said.

SEMINOLE LADY OF THE WEEK

Flambeau Photo By Thomas Maida

SEMINOLE LADY OF THE WEEK, Miss June Vaughn, a 19-year-old freshman from Tampa, poses for our Flambeau roving photographer at the University Reservation on Lake Bradford. Miss Vaughn is an Alpha Delta Pi and is majoring in education.

When And Where

Representatives of International Business Machines Corp. will interview seniors and graduates in physics, math, chemistry, accounting, business administration, marketing, and secretarial science majors in room 8, Longmire, today from 9 a m to 4 30 p. m.

• • •

Men students may be interviewed by the Aviation Naval Cadets today at the student center from 9 a m. to 3 30 p. m.

• • •

"The Thin Man", campus movie, will be shown tonight at 7.30 in Westcott auditorium.

• • •

Mel Spielberger will speak on "The Stanford High Energy Electron Accelerators" at the physics seminar today in 120 Science at 2 p m.

• • •

Dr Sidney Fox will speak on "Chemical Attempts to Synthesize Protein" at the chemistry seminar today at 4 p.m in 306 Science.

• • •

Sigma XI will hold a business meeting in 120 Geology at 7:30 p. m today. Following will be a lecture, "Abnormal Hemoglobin Molecules in Relation to Disease," by Dr Linus Pauling.

• • •

Arthur Anderson & Co. will be interviewing seniors and graduates in accounting, in room 8, Longmire on Monday from 9 a m to 4 30 p. m.

Representatives of WAC Procurement Corps will interview seniors and graduates in all fields on Monday in room 8, Longmire, from 9 a. m. to 4:30 p. m.

• • •

Organization pictures will be made for the **Tally-Ho** from 3 p m. on Monday through Thursday in Longmire auditorium. Schedules for these pictures is done by contacting the Organizations Editor, extension 3334.

• • •

The regularly scheduled Liberal Religious Youth meeting at the Unitarian Chapel will not be held this Sunday because of the many students expected to go to Gainesville this weekend. Meetings will be resumed next Sunday night at 7 p. m.

• • •

A Philosophy majors club meeting will be held Monday at 7 30 p. m. in room 228, Reynolds annex.

Florida Coach . . .

(Continued From Page 1)

the heat on and see this game arranged."

The ball started rolling then. FSU played Gainesville in tennis, track, swimming, basketball, and even baseball. But still no football.

However, the ground plan was formed and working and the 1956 Homecoming edition of the **Flambeau** announced that Woodruff's hopes were shattered and his Gators would have to meet FSU in 1958.

It has been a long hard battle and, in the opinion of Seminole fans, the only possible climax now is a football victory.

'Signals Due Before Holida[y]

"We hope the Smoke Sig[nals] will be out before Thanks[giv]ing vacation," said Ron Ha[mm], editor.

The 4,200 copies of the [Sig]nals are now on the pres[s] [if] they are not distributed be[fore] Wednesday, they will be [out] immediately following Tha[nks]giving vacation.

"This issue has a good [bal]ance," Hamm commented. [We] are devoting a good sectio[n] [to] the Circus, including a [...] page photo essay. There are [al]so some new things, some [sur]prise features," he conclud[ed].

This issue of the Signals [will] be on off-set press, a cha[nge] from the previous letter-[...] press. Off-set press requires [...] complete layout to be done [by] the Signals' staff.

Signals are distributed [to] sorority and fraternity hou[ses], in post office boxes and in [the] day lounge in Longmire.

Coed Housing Construction Scheduled For Next June

8 Million OK'd By BOC For FSU Building

About $8,000,000 in proposed construction for Florida State University is on the state board of control's top priority list for the next legislative biennium.

Nuclear research facilities are rated high on the construction schedule for state institutions approved by the board Friday in Gainesville.

In second place valued at $578,000, is an addition including control rooms for nuclear accelerator housing now under construction.

Another $638,000 nuclear science addition which would complete the structure was moved up from 78th to 30th place after some bargaining.

FSU's share compares with approximately $10,000,000 for the University of Florida from the $33,000,000 total.

BOARD PLAYED FAIR

President Robert M Strozier, who represented FSU's requests, said he felt the board had been "very fair" in its apportionment.

"This was a very difficult job for the Board of Control and I feel they have done the best they could," he commented.

"Of course we would like to get everything we requested but we realize we must take our place in the general scheme."

A second priority list totaling $17,500,000 was also set up by the board. However, the state's tight financial conditions makes chances slim for construction of buildings on the second list.

Board recommendations must be reviewed by the state budget commission before being submitted to the legislature at the 1959 session.

Some board members expressed doubt that more than $25,000,000 would be appropriated by the legislature for the proposed construction.

FIGURE REALISTIC

However Dr. Broward Culpepper, board executive director, called the requested figure realistic considering needs.

Heading the priority list is $518,776 for renovation of two cottages

Dorm Will Accommodate 64 Students

By FRED BURRALL
Flambeau Staff Writer

In spite of a delay because of finances, co-educational housing at Florida State University will soon be a reality.

Construction of a dormitory to house 32 men and 32 women will begin in June at 308 South Macomb, according to Mrs. Lowell Crowder, Old Quincy Highway, who is financing the building.

The dormitory primarily for international students, was supposed to be completed this semester, university officials announced last year. However, negotiations with the Crowders had been delayed because of a disagreement about the plans.

A recreational area to separate the two wings of the building has been omitted from the blueprint because of the $12,000 cost.

Each of the two wings will have eight apartments, with each apartment housing four students. The apartments will have areas for sleeping and studying, a bathroom, and kitchen.

"We are anxious to further this international flavor, and we're happy the Crowder's are going ahead with construction," said Dr. Jack Rollow, housing director.

Ernest Daffin, Tallahassee architect, is designer of the dorm.

GRAD HOUSE TOO

Dr. Rollow, also revealed plans to request a 200 single room dormitory for graduate students during the spring session of the Legislature.

In this case the international aspect is "incidental and not primary," according to Dr. Rollow, but this dorm may also be coeducational.

"Were trying to make it flexible in order to have either men or women, or men and women," he said yesterday.

According to Dr Rollow the reason for the emphasis on a graduate dorm is because of the high percentage of Florida graduates who finish their schooling in other states.

"Although it may not be the primary reason, we do have a goodly number of graduate students who fail to show up because of the lack of housing facilities here.

"The dormitory request is in the top priority as the Board of Control establishes it because of Florida's loss of students, and we hope to catch some of them by improving the housing," the housing director stated.

"Although no definite target date has been set for its completion, we want the dorm as soon as possible."

Reapportionment Strikes Again; Committee To Study System

By MARTHA VEVERKA
Flambeau Staff Writer

The reapportionment bug has bitten a senate committee again.

For approximately five years various committees have rehashed the reapportionment problem in an attempt to satisfy classes, Greeks, precincts, day students and graduate students.

This year a reapportionment committee has been appointed to study the existing system. Headed by Junior Senator Pat Mickler, the committee plans to study the situation from all aspects.

"One of the problems that senators now encounter," Miss Mickler said, "is that it takes until Nov. 1 to get all of the senators in office."

By the present system, two men and two women freshmen senators are elected in the fall and take office Nov 1. Two men and two women from the Sophomore, Junior and Senior classes are elected in the spring and take office the following fall.

Precinct senators and day student senators are also elected in the fall and take office on Nov. 1.

NOTHING SOLID

"The committee has met several times," said Miss Mickler, "and we have yet to come up with specific suggestions. However," she added, "we feel that class senators should be considered as officers of their respective classes.

"This we feel would provide better class representation and would give more prestige to the office." She pointed out that a class senator must campaign much harder than a precinct senator, as he is elected by campus-wide voting. (A precinct senator receives votes only in his precinct.)

The present committee is a typical study group which will meet every two years to study reapportionment.

In the 1954-55 school year, dormitory and class representation was combined with a senator serving in both capacities. A subcommittee meeting to suggest methods of alleviating the problem pointed out that each senator was representing from 650 to 1700 persons.

The Jan. 18, 1955, edition of the Flambeau pointed out that "The group that each senator represents is so large that it is practically impossible for a senator to be acquainted with each individual.

"In groups so large and diversified, communication between the senators and students they represent is considerably hampered and a senator can seldom be held responsible for his actions to the group he represents."

At this time there were no fall elections. Consequently the freshman class was not represented as such.

NO GREEKS

Later the same year the committee suggested that each dormitory and class be represented. There was no provision for sororities, fraternities and day students.

This plan was rejected on the grounds that a dormitory resident might vote for dormitory senators and class senators while a non-dorm resident could vote only for class representation.

A Compromise Plan was presented in March, 1955 which failed to pass senate vote. This plan provided for class and dormitory senators and gave day students two senators as well as two senators-at-large from Panhellenic.

In September, 1955, a Constitutional Amendment gave senate the power to alter the senatorial setup at will. Previously such changes were voted on as constitutional amendments.

In January, 1956 by a vote of 13-11, senators approved a plan whereby students representing dormitories would be elected within the dormitory rather than by the class at large which had been the policy until that time.

In February of that year there was even a proposal to allow some senators to sit in a separate body in a government somewhat like the bicameral two-house system of the U. S Congress and state legislatures. The plan failed miserably.

In the Feb 24 1956 edition of the Flambeau, Martin Dyckman wrote, "Surprised Student Senators found themselves agreeing with one another Wednesday as re-apportionment based on living areas became virtually a certainty."

The general plan of the bill was to divide the campus into a number of precincts, each to contain between 200 and 300 residents. A senator would be elected from

(Continued On Page 4)

Four Recommended For Fulbrights

Four Florida State University students have been recommended to the National Selection Board for Fulbright Fellowships, according to Dr Albert Leduc, committee chairman.

The four students who were selected from a field of sixty candidates are: William L. Alton, piano, to study in Austria; James D. Anderson, French Lit., France; Julia E Conkling, English Literature and history, United Kingdom; and Alexander Hay Jr., painting, France.

The Fulbright Fellowship is generally considered to be the highest award given to American students for foreign study, and the national government contracts with over 20 countries for it.

"If any of the nominees are successful they will be notified by the National Selection Board in the Spring and will enter upon the fellowship in September, 1959," according to Dr. Leduc.

…oral Union-Collegians
…ombined Holiday …oncert Set Tonight

By PAT SENN
Flambeau Staff Writer

"Manhattan Tower," a twentieth century musical narrative, … highlight the Choral Union-Collegians Thanksgiving pro… tonight.

…e annual program will be …ented at 8:15 p.m. in West… auditorium free of charge.

…e Choral selections from the …hattan Tower" score will …ne unusual staging and light… effects the mixed chorus. … Burrell at the piano, and soloists Ann Willie, Claudette Thor, Tillie Willies, Martha Schwank, and Kay Wood.

Dan Andrews will be featured as the narrator weaving the selections "Lone in a Tower", "The Statue of Liberty", "Never Leave Me", "New York's My Home", and "The Party" into a colorful presentation of New York City today.

500,000 SOLD

Over 500,000 Decca albums of the complete "Manhattan Tower" have already been sold. When it was first performed on Ed Sullivan's Toast of the Town Show, the mayor of New York presented Jenkins with the key to the city.

A group of Psalms and Hymns of early America will be sung by the Collegians to open the program. Composing this section will be "The Ainsworth Psalter", "The Bay Psalm Book", and "The Missouri Harmony."

The first two are adapted from the original Pilgrim Psalm Book, and were probably sung at the first Thanksgiving since the book contained only about 50 hymns in its entirety.

The second group of selections combine the modern easy-going of e. e. cummings with music by V. Persichetti in "Sam was a Man" and "Jimmy's Got a Goil". These will be followed by arrangements of three well-known folk tunes, "The Peddler", "Black Eyed Susie" and "Good Night".

Accompanist for the Collegians are Ken Robinson and Louis Thames.

UNION SONG

Besides "Manhattan Tower", other Choral Union selections will include "America the Beautiful" with solo by Choral Union president Lonnie Keene and "Now Thank We All Our God" with solo by Vice President Dan Doster.

The finale will see the Chamber Opera Orchestra combining with both Choral Union and the Collegians to present "The Hundredth Psalm" which concludes with the familiar Doxology.

The Choral Union is the largest choral organization on campus. Under the direction of Herman Gunter, it sponsors campus concerts, is heard in WFSU-FM's "Repeat Performance", and helps sponsor operas on campus.

The Collegians under George Booker's direction has recently been nominated to attend the Music Educators' National Convention to be held this coming April in Roanoke, Virginia.

They hold concerts and campus serenades, and go on tour during the spring.

…pe' To Have …hree-Day Run

…gene O'Neill's Hairy Ape, a …ech Department production will … Thursday, December 4 at …p.m. for a three-day run in …Conradi Theater of the His… Building.

… Arthur Dorlag will make his … as a director at Florida … University with an almost … in-experienced cast.

…ets for the Speech Depart…s production go on sale at … Westcott ticket booth at 9 a.m. …day Dec. 1. Tickets may also … purchased at the Conradi box … the night of the perform…s from 7 30 on.

…neral admission will be $1; …ent admission will be 50 cents … activity books. All seats are …ved.

…arring in the play are Yank, … J Smith; Paddy, Michael …agher Long, John E. Blos… Mildred, Faye Dunaway; … Aunt Susan Beckenbach.

…thers in the cast are 2nd En…er, Frank Tichenor; 4th Engl… Beverly Davenport, II; Sec…, Donald W. Andrews; and …d, Fred Burrall.

Fifth avenue ladies include: Pat …Bakes, Jean Bleichener, Esther … Dorothy Reedy; stokers … Barton Sloan and Vincent …tinelli.

The drama by Eugene O'Neill is … study in belonging," according … Dr Dorlag, and accentuates the …essionistic more and more as … play progresses.

The play and central figure are … symbol of a man who has lost …y with nature, and is not able … make a spiritual adjustment. … finds himself neither an ani… nor a higher order of being," … Dr Dorlag.

Expressionism is carried out in … sets lighting and sound ef…s.

Production heads for the play … Charles f. Reimer, technical …ector; Joan Hamilton, set …nging crews; Sue Powell and …bara Rush, lighting, and Bev…y Davenport, sound effects.

Exceptional Children's Council Begun

Another "first" has been scored by Florida State University with the formation of a chapter of the Council for Exceptional Children.

The group, the first of its kind on any Florida college campus, is currently looking for members. Membership is limited to those preparing for or employed in educational services for exceptional children and youth or in any rehabilitation service, according to chairman Sandra Rosenberg.

"The idea for the chapter was initiated by Mrs. Ellen Thiel, a new member of the faculty here," said Miss Rosenberg. Mrs. Thiel will serve as faculty advisor for the group.

The FSU chapter will be affiliated with the International Council for Exceptional Children and part of the Florida Federation which has chapters in major cities all over the state.

"There are approximately 30 people that we know of in the field here," said Rosenberg.

The group will hold a membership meeting on Dec. 4 in the club room of the Longmire Building. Final plans will be made then for those members who plan to attend the State Federation of fCEC meet in Gainesville.

Officers for the group include Miss Rosenberg, general chairman, Carol Traylor, constitution committee chairman; Patsy Sternes, program chairman; Pat Ferguson, membership chairman; Barbara Baumgartner, secretary-treasurer.

Kuder Exam Date Set

The Kuder Preference Record will be given Thursday December 4 at 7 30 p.m. in room 105 Graduate School.

Florida State University students undecided about major fields may register for the test on the bulletin board outside room 302 Westcott.

The Office of Vocational Counseling terms the test "an inventory indicating interests, not abilities, aiding a student to clarify in his own mind his goals."

Following each test, appointments are made for interviews where scores are interpreted, and "interest patterns" shown.

There is no charge for the service and other tests may be scheduled if needed.

Cotillion Taps

Cotillion, honorary dance organization, tapped ten members recently.

They are: Gail Anchors, Virginia Del Valle, Joan Goskins, Mary Ann Hartsfield, Lou Howell, Joyce Jackson, Evelyn Poulos, Joanne Stalnaker, Sue Warran and Frances Matthews.

1c A-Minute Night Dec. 5

Mortarboard's annual "Penny-A-Minute Night" will be held Friday, Dec. 5, announced chairman Carol Terpening.

Girls must sign the usual engagement card plus a special penny-a-minute sheet no matter where they are going. They may stay out one minute after 12:30 for every penny they or their dates pay. The limit is one hour, or 1:30 a.m.

Mortarboard members will be stationed in dorms and sorority houses to collect the money as the girls return. The Student Center will remain open later than usual and many fraternity houses are planning parties designed to use the extra time.

Proceeds will go to a scholarship sponsored by Mortarboard.

Flambeau Photo By: Jack Peacock

THE FSU MARCHING CHIEFS joined with the "Fighting Gator Band" (opposite end of the field) in presenting a musical pre-game show. The Chiefs also performed at halftime and provided a nucleous of cheering from the "poor relations" section in the north end zone.

Student Directory Sale Starts Dec. 1

The 1958-59 student directory will go on sale December 1 for fifty cents, said Dr Reid Montgomery, student activities director.

Copies may be purchased from members of the Interfaith Council at Bill's Bookstore or The University Bookstore.

The Interfaith Council is selling the directories as a fund raising project for Interfaith Week. Last year $400 was earned from the sale.

Alpha Delta Sigma, men's advertising fraternity, sells the advertising and prepares the layout for the directory.

Few Facilities Open During Holiday Break

The few unfortunates remaining on campus during Thanksgiving holidays will have a skeleton corp of university facilities at their disposal.

Landis Hall will be the only women's dorm open during the holiday. All women staying on campus will move in Wednesday afternoon.

Dr. Jack Rollow, Director of Housing, expects that there will be 20 girls staying on campus. He also stated that all three of the graduate houses and all of the men's dorms will stay open.

All eating establishments except the Soda Shop will be closed for the holidays. Soda Shop hours, Wednesday through Sunday, are from 8 a. m. to 4 p. m.

The Seminole Club will close 1 30 p.m. Wednesday and reopen 7 a.m. Monday. The Student Center and the West Hall Snack Bar will close 7 p.m. Wednesday and reopen Sunday at 5 p.m.

Library hours for the Thanksgiving weekend are as follows:

Wednesday, 8 a.m. to 5 p.m.; Thursday, closed all day, Friday, 8 30 a.m. to 5 p.m.; Saturday, 8:30 a.m. to 12:30 p.m.; and Sunday, 5 p.m. to 10 p.m.

NO F-BO FRIDAY

The Flambeau will not be published this Friday, November 28 or Tuesday, December 2, due to Thanksgiving holidays.

The next Flambeau will be distributed as usual on Friday, December 5.

The Florida Flambeau

What Price Friendship?

Northwest Florida's Congressman Bob Sikes seems to have put his neck in the public noose when he walked out of Florida State University's Homecoming banquet last October 31.

It seems that because he was not given a place at the head table, Sikes became piqued and got up and left.

HIS HASTILY MADE good-bye was not a generally known fact until later when the **St. Petersburg Times** published an editorial chiding the Representativa for his smallness.

No public official likes to be so criticized so Sikes defended himself in a letter sent to several newspapers.

His defense went:

(1) He didn't know have any information about whether the publishers of the **Times** were friends of the NAACP or not.

(2) **HE HAD BEEN ACCORDED** a seat at the head table at all of FSU's prior homecomings.

(3) He figured the university no longer considered him a friend, told President Strozier so, and left.

(4) Public officials have feelings too.

IT'S A POOR DEFENSE, don't you think?

First of all Sikes' attempt to discredit the source of the editorial by bringing the emotion-filed letters NAACP into the picture was crude and unnecessary.

But more important is that the Congressman learn that head tables are only so big. Certainly not all of the friends of the university—let alone all those who are public officials (public officials are always friends of the university)—could sit at the head table.

IN THIS CASE ONLY those who had a speaking part in the banquet program were invited to sit at the head table.

Other politicos—including members of the governor's cabinet and the state Board of Control—sat in the audience.

We know public officials have feelings too. Congressman. We just hope they aren't feelings that they have to be bowed and scraped to everywhere they go.

WE HOPE YOU STILL consider yourself a friend of Florida State, Mr. Sikes. But if being a friend means an automatic place at the head table every Homecoming, you'd better include us out.

While we're on the subject of the Homecoming banquet, we would like to commend Dr. Strozier for his efforts to make it a non-political function.

TODAY'S TAMPA TRIBUNE advised the president to "let the officeholders have their fun" and turn FSU's Homecoming into a political festival.

We disagree This state has one politics laden Homecoming already. Homecoming events at Gainesville are a politician's paradise.

LET'S NOT APE our sister institution here as we have done or tried to do in so many other fields.

We shouldn't ignore our legislators and other government officials, but there are other occasions upon which they can be honored.

Homecoming is for the alumni and students. Let's keep it that way.

Too Bad

We see where the GOP had their bills, amounting to several million dollars, before the disasterous (for them) election day.

The victorious Democrats are still paying their 1956 bills — let alone those of this November.

Too bad the Republicans can't garner votes like they can contributions.

How Come?

Perhaps you noticed the price of coffee at the university eating places on your recent trip to Gainesville.

We did. Coffee costs only a nickel. Quite a difference from 8 cent price at Florida State — only 150 miles away isn't it?

How come?

Communism Likened To Faith

By PAT SENN

Recently Russia celebrated her 41st year under Communism

In half a man's life time, she has made a phenomenal leap by a series of five-year plans from a back woods agricultural sleeping giant into an industrial, atomic pioneering, and world leading power.

HER DOGMAS — except for occasional and fleeting sparks of resistance — have been a steady and sure malignant growth.

PEANUTS
HE'S RIGHT I DO HAVE A FUZZY FACE!
1-24

PEANUTS
GOOD MORNING
EEEEE!
THAT'S THE FIRST TIME I'VE EVER HEARD A DOG SCREAM!
SCHULZ 1-23

We'd do well—before the next forty years pass—to shape up and ask ourselves WHY?

This past weekend I read a letter from an American student presently attending school in Chile A communist for several months now, he had written to his fiance to break their engagement

IN THE LETTER he was proud that at day he thought only of Communism and at night he dreamed of it He wrote, "People call us fanatics and we are!"

He said, "Communism is my work my play, my hobby, my sweetheart, my wife, my mistress, my bread, and my meat"

He told of having already been thrown in jail for his beliefs and his eager willingness to be so again To even face a firing squad — anything for the good of communism.

But this is not the first such letter I have read

A COUPLE OF YEARS AGO, a similar letter by a young French communist was printed in a magazine It challenged that as Communism was directly opposed to Christianity, the latter would soon lose out.

For, he wrote, he and his friends gave every possible cent of their money, every possible moment of their time, and every possible ounce of their energy for their beliefs; but we in America give only an hour a week and a little bit of our left over money to ours

YES, THESE YOUNG MEN and their friends are fanatics, and look what their fantaticism has caused.

What are we the university students of America, fanatics for today — our well rounded personalities and activities ...our warm beds and voguish clothes?

Tomorrow will tell

Everyone Has Roommate Problems

By DIANE GODIN

Maybe it was yesterday or last week when you picked a wet tea bag off your hair-brush, dumped the ashes out of your tennis shoes and decided that someone somewhere has a similar problem—his room-mate.

AND IF SOMEONE ELSE can bear it, you can Besides the university won't let you live elsewhere even if you could afford it.

So you're an atheist and your roomie, a chronic crusader, has been conducting mass revival meetings in your room in attempt to convert you.

SO ALONG WITH HAY-FEVER you live with someone who loves to burn incense.

Or you and your weak stomach are coupled with a Bio major presently involved in dissecting a pregnant 'possum on your desk

All of which tends to be trying.

SOME JOINT LIVING ATTEMPTS have begun rather promisingly only to dissolve later, such as the case where a music major had the misfortune of drawing a roomie who shortly thereafter both pledged and got pinned in that order. The result was that the music major was nightly treated to tuneless renditions of "The Rose of Sigma Phi" and rounds of drinking songs.

Often jealousy rears its head to ruin a beautiful relationship such as the one which once existed on the second floor of Gilchrist, where some beautous and sightly courted young flower lived with a real pig Her retaliation for the inferiority complex incurred in their relationship was telling the housemother which window she used for an escape hatch

AND OF COURSE there's the fellow who prefers to wake up in a silence of utter gloom Then midsemester he got a room-mate who bounds out of bed early, cheerfully gurgling, brightly grinning, and utterly nauseating.

Ideally, and also highly improbable would be a room-mate whose clothes fit you, who has a razor when you have blades, who drinks bourbon and not your scotch, and smokes your brand of cigarettes

BUT IF THIS IS not so, don't give up

Combat incompatibility.

Bringing an aura of "togetherness" back to your little household. There are various methods . . . Perhaps a joint effort to exterminate the roaches which have been congregating in the closet for the past decade.

You might even take a shower for each others benefit.

Challenges Local GOP Scalawags To Arise

TO THE EDITOR:

This letter is to give notice to the decline of the Republican party or, more correctly, its coming death.

SINCE COMING TO POWER in 1952 the Republican party has been the victim of internal disorders culminating in this last November fiasco where the Republicans, claiming victory, suffered a body blow in the Congressional, Senatorial, and Gubernatorial contests.

This great creature, the elephantine organization traditionally opposed to the Democrats, is wandering off to its unknown burial grounds Some day, your children will probably read of the disintegration of the Republican party after 1960 and the rise of a new party to oppose the Democrats

BUT THIS NEED NOT be true, however sweet the thought might be to the Democrats. In fact, they rather enjoy beating the Republicans They are rather used to the old cliched arguments the Republicans raise up each election year

More specifically, the Young Democrats on campus are spoiling for a fight There is, unfortunately, no target for an attack. So, the young Republicans, whoever you are, wherever you are, whatever you are doing rise up in righteous indignation, if you are capable of it. Unite!

Throw down the usurpers from the seat of the mighty! Time is wasting You cannot hope to come back from the grave unless there is some action begun now

THERE MUST BE SOME of you Republican carpet baggers, scallywags, Tafts, Knowlands, Nixons, and Rockefellers who are willing to fight for a cause even if it is dying The Young Democrats, I'm sure stand ready to challenge, fight, and repulse any advance from the local P O G Prehistoric Old Guard.

STEVEN C. VAN VOORHEES

Writer Meant No Personal Implications

LETTERS to the EDITOR

TO THE EDITOR

After my letter was published in last Friday's **Flambeau**, I realized that Miss Wright might feel I was accusing her of being slothful, of having no ideas or feelings of her own, and of having no respect for critical thinking

I do not know Miss Wright personally, and my intentions were not to slander any individual If I slipped into it unawares, I am sorry.

I was talking about what I felt to be a tendency of human beings in our time, rather than a reality embodied in most individuals. The "individual" and the mass man are both extremes that none of us fit, in fact our human natures are much too complex to come fully under any such scheme, and certainly we can not be judged in its terms.

I hereby publicly apologize for any personal implications my letter might have represented of Miss Wright to herself or to the student body

There is one criticism I can justly make, however, and should have made in the first place; Miss Wright dealt with a most weighty issue of our time in a tone of authority that was not justified by the amount of information or reflection revealed in the substance of her article.

Sincerely
BRUCE ELLIS

Two Students On Probation

Two students were placed on Honor Court probation as a result of trials held two weeks ago.

One student was found guilty of lying to a person in authority. He also invented an alibi for another student and obtained aid of a third student in this deception. He was placed on two calendar years of probation.

The second student tried by the court was sentenced to one semester's probation for participating in a plan to deceive persons in authority.

"HOW CAN YOU GIVE ME AN 'F' ON THIS PAPER WHEN YOU ADMIT YOU COULDN'T EVEN READ IT?"

Tries New Technique

Smile! It Will Bring Results--Usually Bad

By PHIL ROYCE

The four words of the popular tune, "I'll Never Smile Ag[ain]" adequately sum up my philosophy of life.

I've found it just doesn't pay to show your pearly incisors [and] bicuspids to the general public. Any fame it can bring from [being] called "The Poor Boy's Liberace," is diminished by the pa[in and] heartache smiling can bring.

MY TROUBLES ALL BEGAN when I noticed the art[icle in] Nudesweekly. "Smiles can win you friends," it said. "If thin[gs are] going against you, brighten up the day for yourself and o[thers] with a smile."

Since that pink slip I had received in underwater ba[sket] weaving definitely qualified me for being down in the dumps (a real loser), I decided to flash a smile or two around the ca[mpus] and see what the results might be.

ENTERING MY 482 CLASS on history of journalism I va[cated] my seat in the corner hidden from the prof's view by the co[...] and sat right up on the first row.

"Horace Greely was one of the outstanding editors o[f his] time," the teach said. I smiled. "Mr. Royce," he said "d[o you] find something wrong with my statement?" I smiled back a[...] certain he had mistaken my intentions. "That'll be an F fo[r to]day Mr. Royce," he said opening up his grade book I sto[pped] smiling

DECIDING I NEEDED A more cheerful subject for one of [my] smiles, I called on my girl in Broward Hall. (Like 'em young [and] tender, don't I?).

"Honey, what say we take a little ride to Blue Sink" I as[ked,] smiling. "I'm sorry Phil, I just don't feel good today" she [re]plied. I smiled. "Really, I just want to go to bed" I sm[iled.] Wham! Up to her room she went and I was out one girl

BATTING 0 FOR 2 ON CAMPUS I decided that mayb[e my] smiles would be appreciated away from FSU. I walked past W[est]cott Pool and down College Avenue until I spotted a frail-loo[king] grey-haired lady sitting on a bench waiting for the bus

I sat down beside her and when she glanced at me I gav[e her] one of my patented smiles She glared at me, hit me on th[e head] with her umbrella, and walked away On the seat beside [her I] noticed, too late I fear, a pulp magazine "Sex Fiends of To[day]" opened to a story entitled, "Beware The Bus Stop Romeo" [That] night I threw away my tube of Pepsodent.

WHILE I WAS DEBATING whether I'd give myself a [...]ing chance and jump in front of a Volkswagen or just end [it all] with a leap before a Caddie, I thought of one person who [would] surely appreciate my smile My housemother

I WALKED BACK TO THE DORM and knocked on her [door.] "Come in," her sweet voice said I entered the room to [see her] washing dishes from the dinner she had just eaten I sm[iled] at her "Don't just stand there and smile, you shiftless s[...] Pick up a dish rag and start drying these dishes"

I think that when I lose my teeth I won't put in an ord[er for] dentures. Maybe if I don't have any teeth people will just [think] I'm in pain when I smile And experience tells me that i[f I] smile with teeth I really will be in pain.

Kay Writes

Innovations Could Improve UF Parking

By KAY WRIGHT

Reports from Gainesville reveal a serious problem on [the] University of Florida campus—parking

Jack Kaplan, **Alligator** columnist, recently presented the difficulty, humorously and sarcastically, in his column

KAPLAN REPORTS THAT IT is difficult to park on campus, and recent developments are making it more difficult to park off-campus

His main complaint was the frequent patrolling of lovers' lanes and parking lots by traffic cops Kaplan mentioned the Millhopper and the golf course as the most famous and traditional parking places.

"IT'S SO CROWDED that what used to be intimate conversation between two people has now become a round table discussion If a guy wants to kiss his date, he has to make a formal motion and get a three-fourths majority before he can proceed

Gainesville has the only lovers' lanes in the country that follow Robert's Rules of Order," he said

KAPLAN SUGGESTED THAT a committee be appointed to investigate the problem, but he emphasized that the situation is not quite hopeless.

He made suggestions to alleviate the problem Among these he proposed that the University devise some sort of sticker for off-campus parking The decals could be printed in phosphorescent ink so no probing flash[light] would be needed.

CONCESSION STANDS, [spon]sored by the University, co[uld be]come a new source of re[venue] for scholarships. Such [stands] could sell combs, kleene[x,] stick, lipstick remover, and [mir]rors.

The specialty would be c[offee] so that all guys who ca[ll them] coffee dates would be telling [the] truth for once.

TO STIMULATE INTERES[T] [in] the University sponsored pa[rking] lanes, frequent contests cou[ld be] held. A "Girl Who Can S[...] The Most Lipstick On A W[hite] Shirt" contest would be pop[ular.] Of course, the award would [be] a loving cup

Kaplan proposed that all [fresh]man girls be presented [a] publication upon entering [the] parking area ... someti[mes call]ed "Parrying while Ta[...]"

"Location of the parking [lots] would bear considerable thou[ght,]" said Kaplan He suggested [the] Century Tower as a pa[rking] building, but was concerned a[bout] selling a moon on every [...]

Kaplan concluded his co[lumn] with a few words of advice [It] doesn't look as if anyone [is go]ing to do anything about [the] problem anytime soon, so p[ark] very carefully. The love-life [you] save may be your own.

The Front Row

Who Will Eat Whom? Cannibal Show Theme

By JOHN HULL

Let's put on our Frank Buck hats, reverse the time el[ement] slightly more than one hundred years and travel to the So[uth] Pacific isles via the Florida Theater. Beautiful cann[ibal] maidens, Dana Andrews, and lovely floral scenes courtesy of [a] Hollywood funeral home are provided

ADD ALL OF THIS exotic beauty, throw in Jane Powell for good measure and you have what is known as "The Enchanted Island" complete with its own pop tune

The big question of this adventurous thriller is who is going to eat whom. Dana Andrews after jumping ship on the enchanted island wanders into the wrong village which alledgedly has a human stew pot.

Andrews and a confederate consider themselves being fattened for the feast while they are only going to be killed in reality until Andrews saves the chief from being speared by invading tribesmen. Convenient eh?

LATER, HERO ANDREWS departs the enchanted island with his cannibal wife Powell who has in the mean time received a flesh wound (in the back) while making good their escape.

This little stew pot had the pleasure of being cooked up [by] RKO, a now defunct movie co[m]pany, and released by Wa[rner] Brothers. Difficulties were [encoun]tered around scenery, ac[ting] and the story itself.

THE LOVE SCENES had [the] odor of Valintino and 1926 [as] the camera men amused the[m]selves with pictures of co[...] and the funeral floral dec[ora]tions during embraces of Pow[ell] and Andrews. That shoots [the] love angle.

Adventure? Possibly. Real[istic?] Definitely not. Powell and A[n]drews stop for twenty minutes [to] reassure the magnitude of th[eir] love for each other while [the] natives are in hot pursuit. H[oot] Gibson of oat opera fame w[as] more convincing when he f[ired] his revolver fifty times with[out] reloading. There goes the a[d]venture theme.

But to get away from real[ity] for a couple of hours and a[t] the semi-darkness—its cond[u]cive to sleep.

'See You Later Alligator', Nov. 21, 1959

IN THE PRESSBOX

By BEN BALSER
Flambeau Sports Editor

Tom Nugent and the Florida State Seminoles pulled every- but a win out of the hat against the Florida Gators Satur-

Fans saw FSU try anything, from a pass behind the goal, spread formation that would have made Dutch Meyer blush. was the coach at TCU a few years back that used the formation as his regular formation

Since most of the papers throughout the state seemed to be Florida we feel we are justified in being pro-FSU.

Said Florida quarterback Jimmy Dunn after the game, "That only is some offense they have. I don't see how they learn

Neither do we. Coach Nugent did a terrific job of molding a of men full of sophomoric desire into a good, solid foot- squad this season. At the beginning of the season no clear individual would have picked FSU to come up any than a 5-5 mark.

The 7-3 record which they now possess is a credit to the and the men who were out on the field.

WORDS OF PRAISE

A few words of praise should be given to some of the men performance Saturday. Bobby Renn, probably playing game of his collegiate career, ran with wild abandon provided FSU fans the thrill of their lives on his amazing of the opening kickoff.

Prinzi played well before he was injured in the first quarter to think his injury may have been a key factor outcome of the game. This is not to take anything away junior signal-caller Joe Majors who took over for Prinzi and the rest of the game, except for the two final plays, both and defensively.

Majors played 48 minutes of good football, completing 12 passes for 147 yards. If Prinzi would have remained in the Seminoles would have probably stuck to the ground But being two touchdowns behind, the only choice was pass

Jack Espenship, only a sophomore, cavorted from his right position like a seasoned performer all afternoon. His block- his defensive play was outstanding and he was place at the right time for pass receptions

GALLANT FREDDIE

Pickard, one of the most gallant men ever to don a foot- uniform played his usual never-say-die game at fullback. scored the only touchdown for the Seminols and in the first gained considerable through the big Gator line

Freddie played under the pressure of having his father ill in Tennessee Word was received that he missed the Look all-America team by one vote Quite an accom- for a 160-pounder.

Would also like to mention Bud Whitehead who we thought his best game of the year Saturday, both offensively and defensively

The FSU linemen on both units are due credit for their performance. Our first unit line, which was outweighed by 25- pounds per man, did a respectable job against Florida.

Tony Romeo and Pete Fleming fought every inch of the way the Gator flankman Don Fleming and Dave Hudson. John Spivey and Bob Swoszowski had a big afternoon the likes of all-America Vel Heckman and Fred Schutz Al Ulmer and Terry Moran, both weighing about 175, were on defense and made many a tackle between them Bo climaxed his playing career with an outstanding game at

Many other names should be mentioned, but space won't From here however we term the past football season a and that no one should be ashamed to admit that Florida State As for the Florida game, just remember adage "Rome wasn't built in a day"

TONY ROMEO shakes off a Gator tackler after snugging a pass in the fourth quarter of Saturday's game. Jack Espenship (27) attempts to block Gator fullback Bob Milby (41) who is coming up to help. Fred Pickard (43) looks on.

Flambeau Photos By Alan David

DAVE HUDSON (87) Florida end bears down on Seminole halfback Bob Renn (20) who has just grabbed a pass from Joe Majors in the second quarter of the game Saturday. Renn out-maneuvered him but was brought down later.

Rumors Flare After Florida Wins, 21-7

By FRANK RAMOS
Assistant Sports Editor

Florida State University and the University of Florida will definitely meet next year on the gridiron, University of Florida Athletic Director Bob Woodruff told the **Florida Flambeau** yesterday.

The game between the two schools is scheduled for Nov 21. The Tampa Tribune Sunday, following Florida's 21-7 win over the Seminoles quoted Woodruff as saying "We have to consider the SEC teams first and get them on our schedule before we talk about independents. But we are talking about it."

NEXT YEAR

But Monday afternoon Woodruff stated that the game is scheduled for November 21 and there is a two year contract between the two schools

FSU Business manager Eddie Cubbon confirmed the contract and said it called for FSU to get a 50-50 split in the net receipts or $20,000, which ever is more.

In Saturday's game the Seminoles looked like they were going to pull one of the biggest upsets of the year but the Gators fought back and wound up on top, 21-7

RENN SCAMPERS

Bobby Renn, FSU's brilliant halfback, started the proceedings with a 78 yard opening kickoff return that had FSU fans in a dither.

Four plays later Fred Pickard bulled his way over the goal for the first score in the Florida-FSU grid rivalry.

Florida knotted the score when end Dave Hudson blocked Renn's punt following a high pass from center. Hudson picked the ball up on the seven and raced into the end zone untouched Bill Booker kicked the extra point to make it 7-7.

DUNN DOES IT

Little Jimmy Dunn, Florida's 142-pound quarterback, led the Gators on the touchdown march that put the Orange and Blue ahead for good. Dunn, who received the outstanding player award, scampered the last nine yards for the score. Booker again converted

Gator end Nick Arfaras recovered an FSU fumble with less than four minutes to go in the half. Dunn rolled out to pass and finding no receivers ran left end for 12 yards to give the Gators a two touchdown lead that stood for the rest of the game

With Vic Prinzi injured on the bench and the Seminoles trailing by 14 points Nugent had to rely on Joe Majors for the rest of the game. Majors passed the Gators crazy but could only lead the Tribe as far as the Florida 19.

Nugent used just about every play in the books to try to combat the heavy line of the Gators. But to no avail.

Florida players were quoted as saying that the Tribe was a good team but not of SEC caliber. Jimmy Dunn said the Seminoles had a good offense but Vel Heckman the Gators all-American candidate was quoted as saying "They are pretty good but not SEC stuff. I'm not saying that they never will be, but they aren't now"

An interesting thing might be noted along this line that FSU gained more yards against Florida than any team except Georgia.

The Seminoles gained 286 yards, 97 on the ground and 189 through the air This was seventy more yards than the Gators have allowed their opponents to average this season Also Pickard's touchdown was only the fourth score that Florida has given up on the ground

The chances of Florida State going to a post-season bowl game seem remote. The Seminoles are still on the Blue Grass Bowl list of candidates but it is doubtful that they will receive the invitation

The Tangerine Bowl has sent out a feeler asking the Tribe to meet Buffalo University Dec 27 but Nugent couldn't be reached for a comment.

Varsity, Frosh Basketballers Clash Tonight

Florida State's 1958-59 basketball team buckles down to serious work tonight as Coach Bud Kennedy's varsity basketball team clashes with a talented freshman team coached by Tom Garcia at 8:15 in Tully Gym

The game will be played under actual game conditions and the public is invited.

Bolstering the varsity will be three starters from last season — forward Jim Liteky of Jacksonville, center Dan Boltz of Quincy, Ill. and all-Florida guard Hugh Durham, of Louisville, Ky., who will captain the Tribe cagers this season

Also starting for the varsity will probably be Charles Tinsley, a 6-6 sophomore from Miami and Don Bates, a quick little junior college transfer from Chipola.

For the freshmen, Ray Swain, an all-state cager from Jacksonville, and Rufas Ashworth will start at forwards Dan Fedor will open at center.

At the guard posts for the junior cagers will be Tim Edney and Jack Davis.

The Seminoles officially open their schedule Dec 1 against the University of Kentucky Wildcats in Lexington.

SAE Cops Horseshoe Crown; PDT, SN Hoopsters Win Tilts

The SAE's downed PDT in two matches last Thursday to cop the intramural horsehorse title in the Fraternity division.

The SAE team lost its first match and then came up through the loser's bracket to meet PDT in the finals.

In the Dorm-Independent division Newman Club and the Majors Club are in the finals and will play-off their match after the holidays.

In the basketball tournament in the Greek division Thursday night PDT downed KA, 52-41 and SN beat PKA 47-44

High scorer in the first game was Don Boiter of PDT with 18 points Bob Loftin was high man for the KA's with 15

In the SN-PKA contest, Don Stockton of PKA was high man with 14 points followed closely by Don Chamberlain with 13 markers.

Leslie Jones and Fred Kenney of SN also had 13 points apiece.

The basketball tourney will continue after the holidays and at that time ATO and SAE will see action. They got a bye in the first round.

The last regular season game in Dorm-Independent basketball was played last night and the tourney will begin after Thanksgiving

Veller Pens Article

Dr. Don Veller, Florida State's assistant athletic director, is the author of an article in the October issue of Scholastic Coach Magazine. The article — "Compendium of Commonsense Principles in Modern Coaching" — covers a wide variety of subjects related to coaching.

Annual Garnet-Gold Swim Slated For Women's Gym

Coach Bim Stolts' Seminole swimmers pair off for their annual Garnet and Gold swim meet at 7 tonight in the indoor pool at the women's gym.

The swimming squad will be split into two groups of equal strength and the swimmers will be given a chance to perform under actual meet conditions.

Last year the Garnet team, led by freshman Bucky Hiles, sunk the Gold, 55-33

GOLD TEAM

Howie Filmore, Jerry Glancy and Glen Thatcher will captain the Gold squad. Members of the Gold squad include the following:

Hiles, Glen Mitchell, Tom Metz, Carl Butler, Tom Rafferty, Bud Cole, Bob Abstein, Tom McConnell, Ray King and Tom Sharkey.

Also seeing action for the Gold team will be Bob Dehaney, Alvin Dyal, Denny Flandreau, Bob Webber and John Esty.

GARNET TEAM

Leon Koeth, Jim Wentworth and Paul Hammond will captain the Garnet team Members of the Garnet squad include:

Powell Thompson, Kimble Bennett, Jerry Braden, Paxton Briley, Dan Hill, Dave Lee, Jim Taylor and Gene Stewart.

Also swimming for the Garnets will be Tom Newell, Mark Calhoun, Bill Kelly, Glen Smith, Curtis Genders, Bill Simpson and Dave Schwenk

Renn, Prinzi Named Year's Co-Captains

Vic Prinzi and Bobby Renn were elected co-captains by their teammates Friday night before the Florida-FSU clash.

Prinzi and Renn, both seniors, will go into the records as being captains for the 1958 football season.

Renn holds the school scoring and rushing records while Prinzi holds the best career pass completion record.

MANPOWER FOR THE FUTURE

YOU CAN DO SOMETHING ABOUT IT NOW!

In every field of business, the demand for educated men and women grows bigger year by year. And the supply is already falling behind the demand.

As businesses grow more complex they need more intelligent employees at all levels—people who have learned to think—people with college degrees. The colleges are doing their best to turn out more educated men and women. But they are hampered by lack of funds.

They not only need added physical capacity for the mounting pressure of applications. They need stronger, better-paid faculties. Businessmen who look ahead know they must give their aid now if they expect their manpower needs to be met in the future.

Help the colleges or universities of your choice. The returns will be greater than you think.

• • • •

If you want to know what the college crisis means to you, write for a free booklet to: HIGHER EDUCATION, Box 36, Times Square Station, New York 36, New York.

Red China's UN Entrance Necessary Says Dr. Pauling

By PHIL ROYCE

Dr. Linus Pauling, Nobel Peace Prize winner for his work on nuclear energy, believes that Red China's admission to the United Nations is necessary for real international control of nuclear weapons.

Speaking at a press conference held in the Sun Room of FSU President Robert M. Strozier's house Friday morning Pauling said:

"We have to have Red China in the United Nations. We can't have it outside international law, free to develop its own stockpile of atomic weapons. If this were allowed to happen it would be possible for Red China to have a larger stockpile than any other country in 25 years."

Pauling does not believe Red China's position in the international scene can be taken lightly. "Right now the three greatest industrial powers are, in order, the United States, Russia and Great Britain. But China will pass Great Britain before too long as the third greatest power."

TURNING POINT

Dr. Pauling stated that the year 1958 may stand as the great turning point toward eventual world-wide peace. "1958 marks the greatest change from a military philosophy, the belief that a big atomic stockpile is the most important thing, to an attitude of controlling the use of nuclear weapons."

"Six months ago, the Administration's policy was directly the opposite of what it is now," Pauling continued. "They would not condemn tests, they needed to develop more smaller nuclear weapons, they wouldn't agree to test stopping. But in August there was a reversal to this policy."

"We realize that Russia's stockpile, while smaller than our own, is nevertheless well developed. It is estimated the Soviets have 6,000 super bombs. Six hundred of them would be sufficient to kill 165,000,000 of the 180,000,000 population."

But the strongest factor in the change of administration policy was, according to Pauling, on President Eisenhower, exerted by the influence of Dr. Lewis Killian and his staff of scientists.

GOVERNMENT CHANGE

"With scientists in the White House, they were able to get to the executive branch of the government. Because of this we have had the extraordinary change in the attitude of the government."

Dr. Pauling feels the scientists in Russia have played a similar role in reducing the importance of stockpile buildup and stressing instead international control.

"Since Stalin died there has been a change of attitude in Russia and I think it is due to the scientists," Pauling stated.

Pauling then pointed out the futility of an atomic war. "If Russia released ICBMs on us they would be detected before they hit our cities and we would in turn send ours back.

"This is called instantaneous retaliation. Everyone would suffer. No one would gain anything from it. Therefore, why not find a way to make these surprise attacks impossible?"

Pauling feels the answer to control lies within the power of Russia and America. "If the Russians and Americans will stop calling each other names and make some permanent agreement toward controlling nuclear weapons the smaller nations will follow suit."

GRAPEFRUIT EATER

In an exclusive interview with the **Flambeau** before the press conference began, Dr. Pauling, a native Californian, expressed his like for Florida grapefruits.

"My wife and I always ask for Florida grapefruit when we eat out," Dr. Pauling, a middle aged man with large blue eyes and ruffled grey hair around the back of his head, said.

California fared better when the subject shifted to a comparison of oranges of the two states. "I really like California oranges," Dr. Pauling said with a smile that accompanied his words even on the later serious subjects. "I like Florida oranges too—all except the dye that's placed on their skins."

Pauling said he was enjoying his trip to Florida but missed California.

Applications Accepted For Fellowships

Applications for a new program of science and engineering fellowships sponsored by the National Science Foundation will be accepted now through December 15.

Nominations for eight regular term fellowships and four summer fellowships have been allocated FSU under the new program, according to Dr. Jack Eichinger, coordinator of FSU's nuclear science program and chairman of a faculty fellowship committee.

Applications, he said, should be made through university departments. Final selections will be made by the National Science Foundation.

Candidates will be required to take a nationally-administered examination to test scholastic aptitude and scientific achievement and in the final selection, he added, ability will be the sole criterion for judgment.

These new National Science Foundation fellowships will be offered for study in the mathematical, physical, medical, biological, and engineering sciences, as well as anthropology, psychology and some of the social sciences.

The fellowships provide a basic annual stipend of $2200 and do not require work in connection with the fellowships.

Blood Bank Donations Poor

One person has donated to the University Blood Bank in the month of November, designated as Sorority month for contributions. This brings the reserve to 33 units.

"In past years, students and faculty have been most generous," said Dr. Edwin Hartz, University Chaplain. "The blood bank reserve has taken care of as many as 300 persons, with 14 pints to a single person."

Tomorrow is the last day in the sorority drive. December will be devoted to the fraternity drive and January for the faculty drive. Blood will be accepted any time if persons can't contribute during these months.

Blood is donated at the Leon County Blood Bank, 309 East Gaines street. Week day hours are 8:30 a. m. to 4:30 p. m.; Saturdays, 8:30 to 11:30 a. m. Appointments are not necessary, since donation takes only about 20 minutes.

Dr. E. F. Slosek, head physician of the university infirmary, advises that students not eat fats three hours before giving. They shouldn't have had a cold for a week previous.

Reapportionment

(Continued From Page 1)

each precinct.

Class representation was also provided and the precinct plan applied to fraternities and sororities; the first time that they had received representation.

At the next senate meeting in March, however, the bill failed because of lack of graduate student representation.

An amendment to the bill provided representation of married students living on West Campus and the bill passed on March 9, 1956. Precinct representation was then assured.

The same system is in use at the present.

In the March 14 edition of the 1958 **Flambeau** a reporter wrote, "It is the prevalent feeling that the 1956 reapportionment did not live up to its expectations."

The present Senate sub-committee is trying to find out why it isn't satisfactory and hopes to come up with a solution.

The committee is working with the election committee headed by Sandra Rosenberg and according to Miss Mickler, they "would welcome suggestions."

GAMMA ALPHA CHI PLEDGES—National Advertising Sorority, GAX, tapped 15 new members in a ceremony held last week. The sorority is composed of majors in advertising and related fields. It is the sister organization of Alpha Delta Sigma, men's advertising fraternity, which is also active on the Florida State University campus.

GAX Pledges New Members

Gamma Alpha Chi, national advertising honorary for women, pledged 22 new members last Wednesday.

1958 GAX pledges are: Katherine E. Ball, Gretchen Bartlett, Karen Sue Beck, Caryl Ann Bodine, Claire Brightwell, Eleanor Cain, Mary Jane Davidson, Kay Desmond, Carole Jean Elliot, Susan Fehlberg, Ginger Graham, Luisa Lee Kramer, Margie Anna Langston, Helen Lebo, Kay McCorquodale, Barbara McVey, Sandra Reese, Seranda Ralli, Gail Sammons, Pat Senn, Deane Shafer and Tallulah Webb.

Gamma Alpha Chi is a five year old organization whose purpose is to provide a closer link between students in advertising and the professional world. This year GAX is acting as an ad agency for the Light Opera Guild, handling all publicity and working in the same manner as a professional advertising agency.

Officers are Pat Starnes, president; B. J. Atkinson, vice-president; Nancy Womer, secretary; Eloise Baumer, recording secretary; Helene Sinclair, treasurer and Chris Fisher, historian.

Two members have been awarded scholarships. Pat Starnes won the Affiliated Advertising Agencies Network Scholarship, and Chris Fisher won the national Gamma Alpha Chi Scholarship in October.

$8,000,000

(Continued From Page 1)

at the School for the Deaf and Blind in St. Augustine.

Other FSU requests and their ranks are:

Ninth—mathematics-meterology building, $1,224,000; 20th—Social science, $1,287,000; 23rd—underground facilities, $267,000; 23-A—Child Development Institute, $166,000; 24th—expansion of Oceanographic Institute, $79,640.

Twenty-eighth — men's dormitory, $600,000; 30th — nuclear research addition, 638,000; 50th—classroom air conditioning, $40,000; 54th — graduate student resident hall, $400,000; and 62nd — physics building, $2,654,000.

Given second priority ratings were a chemistry building, $2,750,000; fine arts building and auditorium, $4,000,000; and baseball field, $66,000.

When And Where

The FSU Veteran's Club will hold a "social" at 8 p. m. tonight at V.F.W. hall. All members and interested student veterans are invited to attend.

• • •

A representative of Arthur Andersen & Co. will interview interested seniors and graduates in Accounting in 8 Longmire today from 8 a.m. to 4:30 p.m.

• • •

Captain R. N. Barry will speak on "Distribution of Clouds Near Jet Streams" in 124 Science at 4 p.m. today.

• • •

A tea, honoring all sorority pledges, will be held in Longmire's large lounge today from 4 to 6 p.m.

• • •

Cotillion Club initiation will be held tonight in the Trophy Room at 7 p.m.

• • •

Ralph Hathaway will describe the activities of the "Sea Quest" during the cruises of "Operation Toss A Cookie" tonight at the Oceanographic Institute Seminar at 7 p.m. in 228 Conradi.

• • •

Film previews of "TV Comes to Town," "Television in Your Community," "Television System," and "Television Receivers," will be shown in the Library lecture hall at 7:30 p.m. today.

• • •

Phi Alpha will meet in Longmire's club room tonight at 7 p.m.

• • •

Rounds II and III of Intrasquad Debates will be held at 7 and 8:30 p.m. in rooms 222, 223, 225, 218, 305, and 306 History.

• • •

Omicron Delta Kappa initiation will be held at 8 p.m. tonight in the large lounge of Longmire.

• • •

Representatives of American Cyanamid Co. will interview seniors and graduates in Chemistry and Liberal Arts on Tuesday, December 2, in 8 Longmire from 8 a.m. to 4:30 p.m.

This is for Liberal Arts graduates for positions as medical detail representatives in their Lederle Laboratories Division.

• • •

Representatives of E. I. Du Pont de Nemours & Co. will interview seniors and graduates in Chemistry on Monday from 9 a.m. to 4:30 p.m. in 8 Longmire.

• • •

A Red Cross Senior Life Saving Course will begin Tuesday at 8 p.m. in 303 Women's Gym.

• • •

U. S. Army Ordinance Missile Command representatives will interview seniors and graduates in Math and Physics on Tuesday, December 2, in 8 Longmire from 9 a.m. to 4:30 p.m.

• • •

Seniors and graduates in Chemistry will be interviewed by R. J. Reynolds Tobacco Co. on Wednesday, December 3, in 8 Longmire from 8 a.m. to 4:30 p.m.

• • •

The United States Marine Corps will interview seniors and graduates desiring to enroll in one of their programs on Thursday and Friday, December 4 and 5, in the Trophy Room of the Student Center from 8 am. to 4:30 p.m.

• • •

The Insurance and Real Estate Society will meet at 7, December 3 to make further plans for a scheduled field trip to Jacksonville.

The trip, December 5, will include visits to Independent Life, State Farm and United States Fidelity and Guarantee Insurance Companies.

Students interested in going are asked to contact Tom Metz, Box 3089 Campus Mail or phone 31251 by December 4.

• • •

The Speech Department will present a Green room lecture Monday, December 1 at 3 p.m. in the Conradi Theater of the History Building.

Richard Fallon of the Speech Department will speak on "O'Neill's Quest for Tragedy."

WONDERFUL

Hi Darlin' . .

Remember last time I said I felt a lecture coming on? Well, sweet, hang on to your purple yarn pigtails—here it is! Don't you *dare* NOT read on; it won't hurt a bit. You'll thank me for it yet—or at least you'll thank Juliette Marglen!

Remember I was talking about your poor chipped and broken nails? Well, Dorothy at the beauty shop tells me she has the most *wonderful* solution—or rather, Juliette Marglen has . . . a special formula for "problem" nails (which is an understatement as far as yours are concerned!) and it *does* sound simply marvelous. It's made especially for "stubbies" like yours! She says you can type or sculpt—*anything*—all you want and still have lovely nails!

The secret, it seems, is in two preparations called *JewelBase* and *JewelSeal*—and you wear them *always*. For nails as fragile as yours, you add protective coats of *JewelSeal* every other day or so.

Well, my good deed for today is that I'm sending you a set of Juliette Marglen's *JewelBase* and *JewelSeal*, which you are to use according to directions in the little booklet . . . and if you do, I promise you not only a bottle of *Cellini Bronze* Nail Glacé to match your Oval Lipstick—but a complete set of every one of those divine Juliette Marglen artist's colours! Oh, the things we mothers have to contrive to bribe their offspring into doing something for their own good!

Here comes Jimmy . . . I can hear him though he's still a block away. More later, love now . . .

Mother

In Prexy's Office

Subversive Force Launches SG Attac[k]

A subversive force has launched a campaign to destroy Student Government efficiency.

Angered by lack of campus housing facilities a swarm of vicious attackers has set up "underground headquarters" in the office of President Art Moore.

From this base they launch daily aerial attacks on Moore, his secretary, his cabinet [members] and other unsus[pecting] visitors.

The invaders are not [...] veterans, graduate students [...] registrants—but wasps. The [...] casualty thus far is Roy M[...] speaker's bureau chief who [has] been stung three times.

"I don't know how they [got] here," Moore gasped [between] lunges with a rolled-up phone [di]rector. "They've been in [here] for two weeks—in the light [fix]tures, air conditioners and [win]dows.

"Here, watch this. This [is] pretty potent." A squirt of [...]er fluid felled three wasps.

With the agility of a mo[untain] goat, Moore cavorted around [the] office, feinting and swatting [at the] nasty insects. After an [un]successful mission, the wasps re[con]noitered and summoned [more] troops.

"I have notified the ma[inte]nance department sundry ti[mes]," Moore said. "They came on[ce and] sprayed with a fire extingu[isher] killing about 30.

"Since then nothing's [been] done. I keep hoping they['ll go] away."

Meantime, top-level mee[tings] are being held with the a[ir condi]tioners going full blast. "[They] don't like the cold," Moore [ex]plains.

Visitors huddle anxiously as [the] university's most effective "[...] by committee" carries [on] its project.

Advertising Frat Open House Tonight

The Elon Borton Chapter of Alpha Delta Sigma, professional advertising fraternity, will have open house at 8 p. m. tonight in the Graduate Lounge of the Graduate School.

Advertising and marketing majors will be guests of the fraternity, which was formed in 1953 to offer advertising students practical experience and contacts with professional advertising.

The chapter, which is currently pledging new members, handles advertising sales for the student directory to provide experience and raise funds for activities.

The group last year won the President's Cup, awarded to the chapter which most effectively bridges the gap between education for advertising and the advertising business. The honor was based on its revitalized program.

For its promotion of Advertising Week last year through a city-wide high school essay contest, the chapter won the national promotion contest sponsored by Gamma Alpha Chi, national advertising honorary for women.

In connection with Advertising Week the fraternity also did store window displays, posters, radio and television publicity and was the only chapter to handle promotion exclusively.

The FSU group also won the A. P. Phillips Advertising Achievement Award and received honorable mention in the Kleppner-Linage Award competition for newsletters.

The chapter's alumni newsletter, Ad-ventures, is published twice a semester.

Politics Club To Invite Top Figure[s]

A nationally known po[litical] figure will be invited to [cam]pus this year if plans of [the] Politics Club come throug[h].

Some of the politicos men[tion]ed as possibilities are: Sena[tor] Stuart Symington and [...] Kennedy, former President H[ar]ry Truman, ex-Senator C[laude] Pepper, and Representative [Bob] Sikes.

Merchants Donate Free Tickets For L'ville Choo-Choo

By ROSA NELL WILSON
Assistant News Editor

Local merchants announced plans yesterday to donate at least 200 tickets to Florida State University students for the Blue Grass Bowl Game Dec. 13.

The tickets will be given the first 200 students to make reservations on a university-chartered train to Louisville, Ky. for the game.

The athletic ticket office in Tully Gymnasium is now accepting train reservations, which may be made by calling 3414 or 3413.

The Tallahassee Chamber of Commerce is sponsoring the driva among local businessmen, hoping to have as many students as possible attend the game

Donations of free tickets will reduce the cost of the trip from about $30 to $23.65, perhaps making it possible for more students to go, according to Pat Hogan, sports publicity director.

Hogan said the merchants are supporting thed rive as a civic project and more than 200 tickets may be given to students The number depends on how many are sold to the businessmen.

TWO SCHEDULES

Two plans are now being considered for train schedules to Louisville, both costing nearly $30 including game ticket and fare. Under either plan the train would leave Friday and return Sunday.

A minimum of 350 reservations is required before definite arrangements can be made

Rogan urged students to make reservations quickly, since a final decision on chartering a train must be made by Tuesday.

Both students and local residents may go on the special train. Preference of a majority of those making reservations will determine which schedule is followed.

Under the first plan, the train would leave Tallahassee at 1:40 p. m. Friday, have a one-hour stop for dinner in Montgomery, Ala between 8 and 9 p. m. and arrive in Louisville at 8 25 a. m. Saturday.

Following the game which begins at 2:10 p. m., the train would leave Louisville at 9 p. m., have a one-hour breakfast stop in Montgomery Sunday morning and arrive back in Tallahassee Sunday at 6:25 p. m

Hogan pointed out the schedule would eliminate any overnight hotel expense.

The alternate plan, which might be more convenient for working people, would schedule departure from Thomasville, Ga at 7 p m. Friday.

The train would arrive in Louisville at 8 a. m. Saturday and leave at 9 p m. also, arriving in Thomasville at 12 50 p. m. Sunday.

Ticket director Eddie Cubbon called the cost a very good rate, considering the round-trip of 1,500 miles for only $23.65

No limit has been set to the number the train will carry. Hogan said if enough show interest, cars can be added to take perhaps a 1,000.

The C. of C is also sponsoring chartered plane flights for $50-$74 depending on the number of people going, with three possible schedules Those interested should call the C of C office.

A large ticekt sale is expected in the state, he remarked. Officials are hoping to have a large delegation of Seminole fans to support the team, he added, since several hundred Oklahoma State students will probably be at the game.

TV HERE UNLIKELY

The FSU-Oklahoma State Blue Grass Bowl Game, to be telecast throughout the nation, will probably not be seen on local television.

A WCTV official said the station would like to carry the game but probably won't be able to make arrangements.

However the game will be televised on the ABC network stations across the country

Flambeau Photo Don Scott
NEW FOREIGN STUDENT ADVISOR—Mrs. Gene Carroll was recently appointed to the position of foreign student advisor and assumed her many duties last Monday. She serves as advisor to more than one hundred foreign and exchange students on the FSU campus.

Post Vacant 6 Months

Mrs. Carroll Named New Foreign Advisor

Filling a half-year-old vacancy, Mrs. Gene Carroll was appointed foreign student advisor effective Dec. 1, Dean of Students R. R. Oglesby announced this week.

Mrs Carroll replaces Miss Joan Guthridge who held the position last year. Miss Guthridge resigned to marry.

In the interim period the duties have been handled by Dean James F. Carr, Dean Elizabeth Lynn and Diane Lowe

Mrs. Carroll will serve as advisor to over 90 international students attending Florida State and will assist in helping 20 foreign students at the university on a State Department grant.

The new appointee is temporarily located in Dean Oglesby's office, 202 Westcott.

Born and raised in St. Louis, Mrs. Carroll received her B A at Barnard College in New York City. She took an M. A in foreign studies from the University of Maryland

Extensive travel in western Europe and student days at three European universities provide Mrs. Carroll with a rich background of experience for her new duties

Mrs Carroll studied at Zurich, Heidelberg and the Alliance Francaise in Paris. She speaks German, French and Italian. "Her experiences will enable us to offer a richer international student program at FSU," commented Dean Oglesby.

Lawrence Carroll, husband of the new advisor, is working on his doctorate in psychology here.

SWEATSHIRT SWINDLE EXPOSED

What seems to be a sweatshirt swindle, perpetrated by an unnamed male student who sold shirts for a non-existent company, was bared in senate Wednesday.

Senator Carl Butler said that the student solicited orders from campus groups, mainly fraternities, for shirts with Greek names on them. The purchasers paid in advance and haven't seen their money or shirts since.

University law requires that soliciting be cleared with the business office. The ringleader failed to clear his activities, though some of his salesmen did.

Investigation revealed that the company allegedly manufacturing the shirts actually doesn't exist.

The Leon County Sheriff has been notified and police are trying to track down the student.

Dean of Students R R. Oglesby has suggested that the legislators look into rules regarding soliciting for clarification or change.

Library Conference Being Held Here

The annual statewide Materials Conference for librarians and specialists in teaching materials is being held here today This year's conference is devoted to science teaching materials.

The opening session will be held this morning at 9:30 in the Library lecture hall. This program will cover current instructional materials for science in elementary schools. The afternoon session will cover the same subject for high schools.

At a dinner meeting Dr. Thomas A. Gleeson, associate professor of meteorology, will speak on "The Current Crop of Science Fiction: A Scientist's View".

The conference will end Saturday morning with a discussion of the use of television and other motion pictures, records and other materials in science teaching.

Annual SC Derby Slated Tomorrow

The seventh annual Sigma Chi Derby will be held 2 p.m. tomorrow on the hockey field across from the ...ool of Business.

A parade will begin at 1 p.m. Campbell Stadium and move ...nd campus, ending up at the ...key field.

A new derby queen and the ...ning sorority will be honored ...he Derby Dance at 9 p.m. ...he Tallahassee Woman's ...

Queen candidates will wear ...sty sweatshirts and Bermuda shorts. The winner will reign over Derby Day after being crowned by Rita Nelms, last year's queen.

Alpha Omicorn Pi sorority won the derby last year.

A traditional event is the search for the fraternity keys in a barrel of flour.

EVENTS SCHEDULED

Other competitions scheduled are:

Egg smashing — blindfolded girls will try to break eggs on the heads of their opponents.

Balloon bursting — teams of eight girls each will attempt to burst all their balloons first.

Sack relay—two girls race 30 yards in a sack, change with two other girls and race back.

Hula-hooping — winner will be the girl who twirls the longest After 20 minutes any girls still hooping will stop and begin again with two hoops

The last event will be a mystery event, to be kept a secret until time to start

COMMITTEE CHAIRMEN

Bill Doxey is general derby chairman. Committee chairmen are Chris Vogl, events; Bob Meier and Steve Dunlap, dance; Tom Willard, parade, Bud Dyer, queen candidates, and Jack Ryder, publicity.

Coaches and their sororities include Bill Smith and George Ikeler, Alpha Delta Pi. Bob Meier and Frank Butterfield, Alpha Gamma Delta. Gerry Gordon and Milton Petty, Alpha Omicron Pi. Morris Busbia and Ken Taylor, Alpha X. Delta, Warren Arthur and Al Nickols, Alpha Chi Omega, Dean Donley and Durphy Marshall, Delta Delta Delta.

Frank Sattler and Glenn Thacher, Delta Gamma; Scarf Turner and Larry Brock, Delta Zeta, Bill Stewart and Gordon Smith, Gamma Phi Beta, Bud Dyer and Steve Dunlap, Chi Omega Phil Knight and John Grimsley, Kappa Alpha Theta;

Bob Moren and Joe Westhafer, Kappa Delta Tom Willard and Ken Sihal, Pi Beta Phi, Harry Reynolds and Dick Jackson, Zeta Tau Alpha; Tom Hale and Tony Clinger, Sigma Kappa Mel Fleisher and Jim Wellman, Phi Mu.

The derby is held every year by Sigma Chi chapters throughout the country.

Christmas Sing Tonight At Opperman

Study Begun On Laundry

Improved laundry service is the object of a study being made by the Women's Senate Student Services Committee

Penny Pickels, chairman of the committee, said that laundry complaints listed by women students included fading, cracked buttons, overstarching, rough-drying instead of ironing, and failure to observe special instructions.

Complaints were channeled through dormitory residence counselors to the Dean of Women's office.

The superintendent of the laundry plant is presently being consulted by the Committee as to the possibility of correcting the situation

Senator Pickels added that should no improvements be secured, her committee would study the feasibility of modifying requirements compelling women students to pay a $14 laundry fee at registration.

"AND IN THIS CORNER, ladies and gentlemen . . ." This fur-bearing simian, a member of the cast of "The Hairy Ape," has no lines in the play now being presented at FSU's Conradi Theatre through tomorrow night. But the manner in which he bends bars of his cage in The Bronx Zoo is eloquent enough.

Ends Tomorrow

'Hairy Ape' Second Performance Tonight

The Hairy Ape has its last two showings tonight and tomorrow night in the Conradi Theater of the History building at 8:15 p.m.

Tickets for the play can still be purchased at the Westcott ticket booth or at the Conradi box office the nights of the productions from 7:30 p m on.

Student tickets are 50 cents plus activity books; general admission, $1. All seats are reserved.

Starring in the play are: Yank, Paul Smith, Paddy, George Goldstein, Long John Blossom; Mildred, Faye Dunaway, and Aunt, Susan Beckenbach.

Others in the cast are: 2nd Engineer, Kip Tichenor; 4th Engineer, Beverly Davenport; Secretary, Bill King, and Guard, Fred Burrall.

Fifth avenue ladies include: Patti Bakes, Jean Bleichner, Esther Kirk, Dorothy Reedy. Stokers are Barton Sloan and Vincent Martinelli, who also plays the ape

Added to the cast last Sunday night in a lead role, was George Goldstein as the Irishman, Paddy Goldstein has played in various other Speech Departments productions, including Jean Anouilh's **Ring Round the Moon.**

Paul Smith as Yank is the symbol of a man who has lost unity with nature and is not able to make a spiritual adjustment.

The setting is seen not realistically, but through the distorted vision of the leading character, Yank.

The drama, by Eugene O'Neill, portrays a man, who unable to see life as it is, tries to seek revenge on society for daring to be different.

Expressionism is carried out in every aspect of the sets, lighting, and sound effects.

Charles I Reimer is technical director of the production. Joan Hamilton is in charge of the crews who make the seven distinct set changes.

Sue Powell and Barbara Rush provide the expressionistic lighting, and Beverly Davenport handles sound effects Mary Ann Shaw is in charge of costuming.

Pickard Gains All-America

Fred Pickard yesterday was named to his third all-America team by the Associated Press and Williamson Ratings System. Pickard was previously accorded honorable mention honors by the United Press Interantional poll.

Also selected to the AP honorable all-America team were guard Al Ulmer and end Tony Romeo. Both also received the same honor on the UPI team.

Senior halfback Bobby Renn has accepted an invitation to play in the annual Senior Bowl game in Mobile, Ala. in early January.

'Horsecollar' Suspended Over Holiday Break

By BUCKY CANON
Flambeau Editor

Enforcement of Florida State's controversial "horsecollar" rule was suspended over the Thanksgiving holidays, Dean of Students R. R. Oglesby announced Thursday.

Absence report slips were not sent out from the registrar's office and students missing Nov. 26 or Dec. 1 classes will not lose one sixth course credit.

Oglesby could not say whether similar action would be taken regarding the Christmas holiday period.

The suspension came on the heels of a recommendation that the long-standing rule be abolished entirely by a faculty-student reviewing committee.

Long a target of student criticism, the "horsecollar" rule penalizes students who miss a class the day before or after holidays by docking one sixth of the course credit from their record.

The abolition recommendation is currently before the President's Council. President Strozier has indicated no action will be taken until after the new faculty constitution is approved by the Board of Control.

Under the present setup the recommendation would have to pass the faculty senate after approval by the President. When the new constitution goes into effect, the President alone can decide on the matter

The Board is expected to take up the new faculty charter at its meeting next week in Miami. It will go into effect immediately if passed by the Board

Oglesby said he was glad to see abolition of the "horsecollar" rule recommended. He pointed out that most universities maintain some rule penalizing absences before and after holidays.

"If abolished I hope the students prove our confidence in them by attending classes and not extending the vacation," he cautioned. Otherwise, some type of penalty might have to be reinstated, he said.

Efforts to abolish the rule have been made for the last two years. Dubbed "horsecollar" by the **Flambeau**, it has been criticized

(Continued on Page 4)

Prices Higher In Town

Food Is Identical In Both Morrison's

BY DEANNA MORRIS
AND FRED BURRALL
Flambeau Staff Writers

Morrison's food is Morrison's food whether it's eaten downtown or at the Seminole Club, according to **Flambeau** staff members who compared the two cafeterias.

Two reporters and a photographer found that the food was essentially the same in both establishments, but costs from 10 to 20 per cent more downtown.

While service is better and the choice of foods slightly larger in the Adams street cafeteria portions and quality of food is identical in both places.

The major complaint of the reporters was that the food was not hot in either cafeteria.

"In all honesty, the main reason for food not being hot," according to Robert Sanford, manager of the Seminole Club, "is that it comes from the kitchen after it's cooled off.

"Another reason is the dry steam tables the university has installed in the Seminole Club. They just don't keep food hot."

SAME QUALITY

"About the quality of the food in the two cafeterias," Sanford said "We serve the same quality, and the same size portions they do, but I would estimate that they are 15 to 20 per cent more expensive."

"Roast Beef Round for instance costs 55 cents here but they charge 65 for the same thing. In fact most of their meat dishes are from 15 to 5 cents higher than ours."

The reason prices are lower according to Sanford is that Morrisons, is not interested in the Seminole Club as a profit making venture.

"We have virtually no investment here," said Sanford, "and if we can make a small profit and create good will in the Tallahassee area we've done our job."

"We're trying to get good will through good food"

BIG LOSS

Sanford said the dining hall was operating with a $6,462.02 loss so far this fiscal year because of a change in operations at the beginning of the year.

"I'm quite sure we'll be out of the red and into the black by the end of January though," he added.

In spite of the fact that food is cheaper at the Seminole Club, a major reason many students eat at the downtown cafeteria is the courteous and efficient service.

Servers say "thank you" every time they hand a dish over the line, and orders are filled promptly and cheerfully.

A waiter takes the customer's tray at the end of the line and carries it to the table. He also brings additional items such as ketchup, water, beverages, etc., as requested.

Tables are cleaned immediately after customers leave so that a dirty table is an exception rather than a rule.

In the opinion of the **Flambeau** reporters, if you don't mind paying more for your meal plus a tip for the waiter, the downtown cafeteria is better; but you get the same food at the Seminole Club.

Flambeau Photo: Wayne Warren
Above is a turkey dinner at Morrison's Seminole Club. Price: 98c.

Flambeau Photo: Wayne Warren

Coffee Hour Topic: Chaucer

A discussion of Chaucer's "Dame Alys and Patient Griselda" will be given by Dr. Sarah Herndon this afternoon at the English Coffee Hour.

The Coffee Hour will be held at 4 p.m. in the Westminster Presbyterian Student House.

"Dame Alys and Patient Griselda" are women characters in Chaucer's **Canterbury Tales**, medieval English masterpiece

Dr. Herndon will discuss the difference between Dame Alys, a domineering wife, and Patient Griselda, who is submissive She will contrast their views on marriage

Flambeau Editorials

Set Up Commission Now

A few weeks ago student body President Art Moore recommended to the Senate that a student Race Relations Commission be formed here to study the possibilities of a desegration situation.

THE PROPOSAL IS IN the best interests of the university and is the most far sighted to come from the student body President this year.

"We don't like to talk about integration, but the problem is here and we can't ignore it," Moore told the student solons.

HE IS RIGHT. Integration has already taken place at the University of Florida when George Starke was admitted into their law school in September.

The state government did not actively oppose the admission once the court decision was made. There is no reason to think the situation will be different when a case comes which applies to Florida State.

It is certain that Negroes are going to apply — and obtain — admission to FSU. It may not come next semester or even next year, but it will come. And it probably will be soon.

SO FAR NEITHER THE SENATE nor Moore has taken any further action in setting up the proposed commission.

Florida State is on her way to becoming "a great university" if President Robert Strozier has his way. With such a goal in sight, can we afford to risk irresponsible actions over the matter of desegregation?

We cannot. Look at what the Autherine Lucy riots did to the University of Alabama. Both her intellectual reputation and that of her student body was ruined.

WE SHOULD RATHER SEE Florida State follow the path that the University of North Carolina has taken. At Chapel Hill integration took place several years ago without incident. Today nearly a dozen Negroes are enrolled in both graduate and undergraduate curriculums.

To follow this path, certain facts, possibilities and courses of action are going to have to be determined and explored. A student race relations commission could do a large part here.

NOW IS THE TIME for such a commission to be established. The groundwork must be laid prior to the time of actual desegregation.

But a word of caution must be imposed here. This commission should not be allowed to become a backscratching society for campus liberals.

DESEGREGATION is going to affect us all — as a university and as individuals. Certainly the most ardent segregationist should be able to sit on the commission and have his say about the situation.

Nor should the commission be composed of all student government officers.

ONLY IF THESE requirements are met will the commission truly represent an all-campus effort to meet and solve the desegregation problem.

We reiterate however. Now is the time for such a commissfon to be set up. Tomorrow may be too late.

Don't Overdo Reapportionment

Reapportionment is reappearing on the Student Government scene. It has a lengthy background — dating from the 1955-56 Senate.

In early spring of that year, Senate passed a bill reapportioning itself so that future solons would be elected from both living area and classes.

WHETHER OR NOT this plan has been given time to prove itself still remains a question. One of its merits lies in the fact that some of the most outstanding senators of the past two years have been from living areas.

The debates preceding the adoption of the present set-up were hot and lengthy. The meetings were lengthy, too — reconvening after dinner and lasting hours into the night.

THE MAIN CRITICISM to the change then was that it would result in a situation in which living area senators could not be elected until the fall, giving Senate at one-half strength before the new senators were installed.

Presidential pressure not felt by today's committee was added when President of the Student Body Coyle Moore Jr., accused Senate of "making too big an issue out of reapportionment" He objected then to Senate's lack of concern on issues directly effecting the students.

But the strongest reasoning seemed to come from the faction which eventually sold the reapportionment plan on the basis that it would "increase student body interest and extend its representation."

Today's senate remains internally unsatisfied on the issue, which has been referred to a committee. We hope that the issue will remain in that committee until the problem is ready to be solved.

THE PRESENT SYSTEM is subject to criticism. One of the biggest problems has been changes in precincts . . . something that was unforeseen by the 1955-56 Senate. And which has caused annual legislative changes.

And the foreseen problems regarding representation until the living area senators take office, and the problem of getting interested candidates from the precincts are evident.

THE ANSWER to the reapportionment issue will not be easy. The committee appointed to study reapportments is currently deadlocked. When the 1956 committee was deadlocked, they threw the issue onto the floor, resulting in weeks of delay and debate while other problems went unminded.

The alternative taken by today's committee is to throw open its Mnnday meeting to any senators wishing to discuss the issue with committee members.

Perhaps this way the committee can reach some conclusions before reporting to Senate, while informing interested senators on the whole issue.

This, in our eyes, is the more satisfactory method of working out internally problems without resorting to dropping long-range problems which affect the students directly.

O'Neill Gave The Theater 'Punch'

(Editor's Note: This review of the life and productions of Eugene O'Neill is done by Dr. Richard G. Fallon of the Speech Department. O'Neill's play, The Hairy Ape, is being given tonight and tomorrow night at the Conradi Theatre.)

By RICHARD G. FALLON

"The playwright today must dig at the roots of the sickness of today as he feels it—the death of the old God and the failure of science and materialism to give any satisfying new one for the surviving primative religious instinct to find a meaning for Life in and to comfort its fears of death with." (O'Neill)

EUGENE O'NEILL spent his life trying to cure that sickness for himself and for all of us through his plays. O'Neill did not write to perfect a form or satisfy an aesthetic urge nor to earn a living—he wrote because after 24 years of painfully sensitive observation of Life with a scope few of us observe in a lifetime and the soul of a poet if not the words, O'Neill had a mission, something within him which had to be expressed.

With this feeling of urgency, O'Neill at 24 years of age wrote eleven one act plays, two long plays and a volume of verse within sixteen months.

With this feeling of dedication and urgency, O'Neill gave to the American theatre a virility, a vitality, a sound, searing dramatic "punch" which brought Art to our theatre, a new theatrical "thrill" to the audiences and a Pulitzer Prize to O'Neill for his first full length play.

We here at FSU have the privilege of being able to experience this ourselves as the department of Speech presents **The Hairy Ape** tonight and tomorrow night at Conradi Theatre in the History Building at 8:15. If you miss this play, you will miss the most thrilling dramatic experience of the year!

O'Neill did something else of extreme importance to the tired, stiff, out-dated tragic form of drama.

"I have endeavored to see the transfiguring nobility of tragedy in the most ignobile, debased lives and to be always acutely conscious of the force behind—Fate, God, our Biological past creating our present, whatever one calls it—a mystery certainly. I have tried to develop a tragic

Three Reasons Why FSU Is Not A Great University

By HERB SCHMUCK

It's about time for the students of Florida State University to wake up, take a good look over the "towering pines" at those "gothic spires we love so well," swallow that pride in the "garnet and gold", and become aware of the fact that FSU is **not** a great university.

And, the reason why it is not can be summed up in three basic points.

POINT I. The people of Florida don't want to pay for higher education.

Out of the 48 states, Florida ranks 33rd in per capita expenditures for the operation of state institutions of higher learning. That is, out of the normal tax dollar, Florida residents contribute less to the support of state universities than the residents in 32 other states. The average Florida resident actually spends less than four cents a week to keep FSU in operation.

This is hard to believe when we read about plans for a new state university to be constructed. The building of new universities seems illogical when we realize how inadequate the support is for those already in existence.

BRICKS AND MORTAR that go into the construction of new buildings, and the number of students that fill those buildings aren't factors that serve to make a university great.

The quality of an institution of higher learning is determined by the people that stand in those new buildings and lecture before those students — regardless of number. But—that comes next.

POINT 2. FSU faculty members are sadly underpaid.

Those facts pointed out above are, of course, largely responsible for this condition.

Salaries compiled from 21 American universities show that full professors earn a median wage of $9,430 per year. FSU professors receive a median wage of $7,973.

THE AVERAGE PERIODIC increase in salaries for instructors of all ranks in all U. S. colleges and universities during a recent fiscal year was 5.2 per cent. The equivalent increase for FSU instructors last year was 3.9 per cent.

Today, to meet the ever-increasing number of students seeking admittance to FSU, many more competent instructors will be needed to supplement those we already have. One of the first things a good teacher looks for is good pay. If FSU wants the best instructors, salaries must be improved.

POINT 3. Favoritism shown another state university.

It is unfortunate that the Florida Legislature as well as many other governmental agencies in Florida are dominated by University of Florida graduates. Those legislators and other government officials, who exhibit extreme loyalty to their alma mater, have consciously or unconsciously provided an obstacle that is impeding the progress of FSU.

This obstacle has been in existence since FSU became coeducational in 1947. We must concede that the U of F is a fine institution and this column is not an attempt to deride that university in any way.

FAVORITISM SHOWN the U of F in many areas (academically and athletically) has been somewhat of a handicap. It has kept FSU, among other things, from getting a law school. This is something that should logically be granted FSU because of its geographic location. The Supreme Court, the District [...] of Appeals, and the State [...] lature are just a few of the [...] that would be available [...] students.

We have demonstrated ability to meet with the [...] on equal terms in the [...] athletics. Academically, [...] fer an even greater challe[...]

FSU's potentialities mu[...] recognized by the people of [Flori]da before it can hope to ga[in] recognition of the people [of the] United States

If and when FSU ever [be]come a great university, [...] have resulted from an effor[t] of legislative prejudices [and] penny-pinching interests.

GOP Will Arise To Haunt Demos

By ED CARHART

Friends, fellow students and Floridians I am here not to bury the Republican Party but to praise it. Not to praise a mere name but rather a living, solvent, vital organization dedicated to promoting the welfare of America and the world as a whole.

IT IS TRUE that the Republicans suffered a set back in the recent election. However, I feel that the Democratic Party shows a gross lack of political acumen when they emmulate their mascot, Spunky the jackass, and go around braying about the mandate of heaven they have received from the American voters.

It just ain't so, you members of the donkey cult! Any rational observer probing below the surface of the situation will find a different story than the one now being chanted by the Democrats.

THE REAL STORY of the last election lies in the "right to work" laws championed by the GOP and the number of Old Guard Republicans on the ballot Both turned out to be a political albatross around the neck of the Grand Old Party.

By championing the "right to work" cause the Republicans stirred up fierce opposition in the labor movement The unions moved heaven and earth to defeat the laws and their sponsors. For the most part they succeeded

THE TONE OF AMERICAN POLITICS has become more favorable towards the moderate or liberal "eggheads". When the GOP offered this type of candidate to the voters, they were, as a rule, successful. For the most part, the so called Old Guard Republicans could not gather the support of the electorate

As for the Republican Party dying out—the Democrats will rule the day if they enter the next election with this idea in their head. A look at New York will quickly refute tthis idea

For the first time in Florida, every Republican running polled support and such strong Democratic counties as Manatee gave the GOP heavy support. Leland Hyzer, Republican candidate for the Senate from Florida polled 153,454 votes according to Congressional Quarterly.

I CITE THESE EXAMPLES to show the Republican Party is still a potent force and will grow even stronger Looking at the party strengths in an historical light, it is easy to see that they run in a cyclic pattern.

At present the Democratic Party is at the height of their popular trend—look for a decline in the near future. With the correct political guidance the GOP will surge to the lead once more.

AS A YOUNG REPUBLICAN on this campus, I would like to inform the no'count Democrats around here that we are now in the process of organizing and should be going full tilt by next semester.

I am not "spoiling for a fight" What I am interested in is strengthening the two party system in this country. I feel the country has made its greatest progress under this system and the thought of the demise of the Democratic Party would not be "sweet" to me.

MEANWHILE I WOULD LIKE to see the Young Democrats, who represent the majority on this campus at present, wake up and die right You have been conspicious by your silence and apathy I'll bet you haven't even bought a copy of your party's scandal sheet **The Democratic Digest.**

For that matter, I doubt whether you have even met this year unless it was a pajama party where you'all slept to the tune of the "Donkey Seranade."

Canon Shots

Some States Had Stormy Admissions

BY BUCKY CANON

You might think today's column is a supplement to your early morning or late afternoon history class and that I am in the pay of your teacher.

Such is not the case

BUT I AM FOND of history. And in a few weeks we are going to see a rare event (for our era) in American history. It's the admission of Alaska to the Union as the 49th state

Very few of us, I daresay, were around when the last state came in. That was Arizona back in 1912. It had the distinction of having had to fight almost as long as Alaska (42 years) for admission.

While Arizona was the last, the first state to come in after the original 13 was Vermont. Vermont is one of the few states which existed as an independent republic prior to joining the Union.

ETHAN ALLEN AND HIS Green Mountain boys kept the tiny New England state free—not only from England, but from land-grabbing citizens of New York and New Hampshire as well. After some 15 years of this Congress recognized that Vermont intended to remain Vermont and admitted her in 1791.

The best known of the independent republics admitted to membership in the Union is Texas. The Lone Star state won its freedom from Mexico after a heroic revolt and maintained itself as a separate nation for nine years before being annexed by the United States in 1845.

BUT DO YOU KNOW three other states had brief flings as "republics"?

California had what was known as the Bear Flag Republic. It was during the Mexican War and the several thousand Anglo-Saxon settlers drove the Mexicans out of the San Francisco Bay area setting up their own government. It wasn't until several months later that American troops arrived to take over.

AND FLORIDA HAD NOT ONE, but two "republics." Both existed during the confusing years surrounding the War of 1812. One had its center in Pensacola, the other in Fernandina. Both stemmed from fillibustering expeditions on the part of Georgians

The Diploma Mill

December 5, 1941 — You Are There

BY BOB FERLUGA

5 December, 1941—the breadlines had melted away and [...] war-born boom was bringing things back to normalcy. [...] economic distress behind, Americans turned to better thou[ghts:] the forth-coming bowl games, comments on the new autom[obile] models and the usual mental bric-a-brac that clutters the Am[eri]can culture.

The only threads binding us to reality were the scattered [re]ports from the war fronts and notices concerning the "hope[ful]" peace negotiations with the Japanese envoy in Washington.

MOST OF THE FREE WORLD had fallen, the rest was [ex]pected to fall within a matter of, at best, weeks, and the m[...] planners conjectured whether we had sufficient force to de[fend] the North American continent let alone prevent economic stra[ngu]lation or loss of our out-lying territories.

And the attitude in America was "things are just [...]" Selective Service had passed by a scant one vote, appropr[iations] for the military were in short supply and Lend-Lease was [in] constant danger of revocation due to public protest

THE AMERICAN RETREAT from reality was nearly c[om]plete

Churchill had stated that no war would have been easi[er to] prevent That is, the war could have been blocked by effe[ctive] early action.

Unfortunately, in our Republic this calls for active p[ublic] support and under the circumstances the public not only [...] refused to recognize the situation but went so far as to polit[ically] sanction any leaders who did try to take some partial actio[n.]

Thus when the President said that "our frontiers are on [the] Rhine." the statement calling for realization of the European [...] was met by a wave of public protest. Only the attack on P[earl] Harbor was to bring any recognition of the sad state of affairs

WE SHOULD HAVE LEARNED SOMETHING FROM HISTORY—I really wonder, the armed forces fight each year [...] meager appropriations, reciprocal aid was almost scrapped a[t the] last session of Congress and the 'man of the street' has s[hown] himself to be oblivious of international affairs.

Perhaps the situation is best described by Adm Charles [...] Brown former Commander of the U S Sixth Fleet·

"We are locked in a life and death struggle with the Co[m]munists and we are not doing too well . . . **the enemy's powe[r of] deception is exceeded only by our power to deceive ourselves**"

IN THIS LIGHT we are much like Kennan's (American [Di]plomacy) dinosaur; it lies in the muck of apathy until attac[ked,] combats the enemy and once again falls back into the mire [re]peating the cycle over and over until the fatal lack of adv[ance] preparation costs the unreasoning beast its life.

It unconsciously awaits its next 7 December—the last?

Music Review

Choral Union Concert Varied And Interesting

By GRIFFIN S. GRIFFIN

Whether the recent concert by the Choral Union and [the] Collegians was really a Thanksgiving concert or not is debata[ble.] In either case, it was a thoroughly engrossing and delig[htful] evening of varied choral music.

The idea of a male ensemble is a fine one However, it is not such a fine idea to present works which, either through lack of concentrated effort or creative perception, fall short of the desired results This was my feeling toward the group of works presented by the Collegians

There were, nevertheless, moments of excitement and of humor, moments of real ensemble singing—a homogeneity of sound and purpose—that caused a surge of excitement among those listening, and made me realize that this was a group possessing great potential.

ONCE THERE IS A SINCERE EFFORT made toward perfecting the intonation, toward achieving a more consistent sense of homogeneity of musical precision, and a more exacting sense of style, reflected in a mature conception of the music itself, this choral group could be outstanding among musical organizations at Florida State. Much credit is due Mr. Booker for his efforts, as a [...]able musician, in working [to] create such a group

A HIGHLIGHT OF T[HE] EVENING was the Choral [Un]ion's treatment of Gordon [Jen]kin's "Manhattan Tower" [...] emerged as a witty, nostal[gic,] highly colorful work, [show]ing the professionalism [and] smoothness of at least an [...] Broadway production

The props and staging tho[ugh] simple, were ingenious, and [spe]cial mention should go to [the] production crew, (especially [the] lighting), to the soloists [...] narrator, and to the accomp[an]ist.

The chorus sang with a sp[irit] of enthusiasm that was imme[di]ately contagious. Their s[ense] of style and level of perfo[rm]ance created a work well pa[ced] and well sung, charming [in] every respect

In the more serious [...] devoted to the Thanksgiving [sea]son, the chorus again seem[...]

Hoopsters To Host Furman Tomorrow Night

★ ★ ★ ★ ★

Seminoles Prepare For Bowl Contest

By FRANK RAMOS
Flambeau Assistant Sports Editor

Florida State's Seminoles will be in pads today and [to]morrow as they go at full speed in preparation for [Ok]lahoma State in the Bluegrass Bowl Deecmber 13.

The game will be nationally [tel]evised over the American [Bro]adcasting Company's net[wor]k Harry Wismer, well known [bro]adcaster, will do the play-by-[pl]ay of the game.

Oklahoma State is expected to [ha]ve a large delegation of sup[por]ters traveling with the team [to] Louisville. "I hope that our [stu]dent body will support the [tea]m in front of a national au[die]nce," said Head Football [Co]ach Tom Nugent.

FREE TICKETS

Tallahassee merchants have [off]ered to give game tickets to [th]e first 200 students who sign up for the special train going to Louisville.

Students planning to make the trip can make reservations by calling either 3413 or 3414 If they are among the first 200 students they will receive the $6.25 game ticket free.

The Tribe has one week of practice left before its meeting with the Cowboys. Nugent feels that the team is a little off its peak, but with a couple of days of practice the players will be ready to go.

Nugent commented yesterday that the team's morale really picked up at practice. "We are quite pleased with the way the players have snapped back following a one-week layoff from practice."

It is felt that Vic Prinzi, who was injured against Florida, will be ready for the game. "Vic was running at full speed in Wednesday's practice," Nugent said.

The two schools have exchanged game films. Each team was given a choice of any three game films. FSU chose films of Oklahoma State's games with the Air Force Academy, Tulsa, and Oklahoma. The Cowboys' coach, Cliff Speegle, chose films of FSU'S games with Miami, Georgia Tech, and Florida

PLAYING SOONERS

"Judging by the Oklahoma game films, which Oklahoma won 7-0 in the last five minutes, we might just as well be playing Oklahoma. State outplayed the Sooners for the first fifty-five minutes and the game ended with them on Oklahoma's 18 yard line."

"We expect the game to be a real high scoring affair. Oklahoma State lost to the Air Force which plays in the Cotton Bowl, in the last nine seconds of play on a long pass, 33-29," stated Nugent

The coaches will be working every night trying to prepare a scouting report "We're going all out to make this our best effort of the year," Nugent said.

Last week four Florida State players received national honors by being named to the UPI's all-America team. Those receiving honorable mention were Fred Pickard, Bobby Renn Al Ulmer and Tony Romeo. Renn incidentally will play in the North-South game in Miami, Dec. 27

Gymnasts Vie In Mid-West

A five man contingent, includ[in]g acting gymnastics director [Ja]ck Miles, will represent Flori[da] State in the Mid-West Open [Gy]mnastic Championships to[mor]row night at the University [of] Chicago Field House in Chica[go].

The other four members of the [va]rsity gym team making the [tri]p are Roger Webb, team cap[tai]n, Jack Ryder, Fernando [L]ecoune, and Chick Cicio.

Miles, a graduate student, will compete in all events except tumbling and trampoline.

Tumbling and free exercise [ar]e the specialties of Webb, and [Ry]der will see action in the [tu]mbling event and on the tram[poli]ne

Lecoune is entered in the still [rin]gs parallel bars and the side [h]orse

Cicio, a versatile veteran and current holder of the Mr. Florida title, will compete in free exercise, parallel bar, long horse, and the high bar.

Teams from all over the mid[we]st and Big Ten will vie in the [m]eet. Indiana Illinois, Iowa, [Un]iversity of Chicago, Southern [Illi]nois and Flint College include [so]me of the teams entered

According to Miles, Illinois should provide the toughest competition for everyone.

The Seminoles gym team cop[pe]d the Gulf State AAU Cham[pio]nship last Friday night in [Na]les. It was the second crown [of] this season as the gymnasts [won] the Kentucky AAU in their [fin]al meet of the season

HUGH DURHAM, firey guard from Louisville, Ky. and captain of the Florida State basketball team, scored thirty points against defending national champs the Kentucky Wildcats Monday night.

Tankers Open 1958-59 Slate, Defend Georgia Title Tonight

Florida State's swimming team opens its 1958-59 schedule tonight and tomorrow night in Atlanta, Ga., as it goes in defense of its Georgia AAU crown.

Coach Bim Stults and his 30-man squad left early yesterday morning with hopes of their gaining third straight Georgia AAU title.

Both freshman and varsity men will compete in the meet which has 197 entries

GLANCY HOLDS MARK

Expected to lead the varsity are seniors Jarry Glancy and Paul Hammond and sophomore Bucky Hiles Glancy, a backstroker from Atlanta, is the current holder of the 200 yard backstroke event in the Georgia AAU.

Hammond, a freestyler from Sumter, S C., won the 50 and 100 yard freestyle events as he led the Garnet team to a 109-106 victory over the Gold team in an intrasquad meet before Thanksgiving.

HILES VERSATILE

Stults indicated that Hiles will enter as many events as possible and is sure to enter the individual medley. Hiles, an outstanding soph, is the current holder of the Florida AAU 220 and 440 freestyle title

Stults has also some outstanding freshmen to enter in the AAU. Paul Thompson will enter the butterfly event and the freestyles along with both relays. Stults stated that he expects Thompson to do a fine job.

Glenn Mitchell is an outstanding backstroker according to Stults and will enter that event and freestyle relay. Dennis Flandreau, a former national prep diving champ, will compete in the diving category.

Curt Genders, a flashy soph diver has been ill with the flu and will probably be below par.

Bob Weber, FSU's top diver last year will compete along with junior Bill Simpson.

BACKSTROKE DEPTH

Jim Wentworth, a backstroker from Jacksonville, is expected to give the Seminole tankers depth in that event The other Seminoles competing in the meet according to event follows

In the freestyle events will be Paxton Briley, Ken Loehr and freshmen Alvin Dval and Dan Hill

The distance men entered are Carl Butler, Martin Moe, and Tam Mets along with freshman Dave Lee.

Breaststrokers competing are Bud Cole Howard Fillmore and Tom Newell plus freshman Chic Belden.

In the backstroke event the Tribe will enter freshman Kimble Bennel along with the varsity men already mentioned.

Sprinters include Tom Sharkey, Gregg Smith and Glenn Thatcher, along with freshman Tom Rafferty. Butterfly entries are Len Keeth and freshman Jerry Braden.

Playboys Cop Cage Crown

The Playboys won the Dorm-Independent basketball crown Wednesday night as they downed the Psychology Club in the playoffs, 33-25.

In the consolation game, the 400 Club ripped Senior Hall, 74-30, to settle third and fourth place in the tourney

The Playboy-Psychology Club game provided an interesting sidelight The scoring championship for the Dorm-Independent league was at stake as the No. 1 and 2 men played for the opposing clubs They fought right down to the wire at Larry Boer of the Playboys hit for 14 points

(Continued on Page 4)

BASEBALL MEETING

Baseball coach Danny Litwhiler asks that all varsity baseball players come to the Tully Gym at 7 p.m. Tuesday before the basketball game for a short meeting.

Coach Litwhiler stated that the election of a captain for 1959 and other business will take place. The meeting will be held in room 214

Kentucky Trims Tribe, 91-68; Durham Hits For 30 Points

By BEN BALSER

The 1958-59 edition of the Florida State basketball team makes its first home appearance tomorrow night when the Seminoles play host to an experienced Furman five at 8:15 in Tully Gym.

Activity ticket No. 14 is required for student admission at the door. A game between the freshman team and the intramural all-stars will begin at 6:15.

The Tribe opened its season Monday night as Kentucky came from behind to win, 91-68

Tomorrow night FSU Head Coach Bud Kennedy will probably start the same quint that opened against Kentucky. Captain and playmaker Hugh Durham will open at guard along with junior Donnie Bates.

Durham, a 5-11 senior, was a unanimous all-state selection for the past two years and has a career point mark of 907. He started the season with a bang as he garnered thirty points against the tough Wildcats in the lid-lifter.

The flashy Kentuckian was the high scorer in the Kentucky game as he hit on 14 of 15 free throws. Last season he had an 80 per cent average from the foul line and ranked in the nation's top twenty.

Bates, a 6-0 transfer from Chipola Junior College, showed class in the opener as he hit for 19 points against the Wildcats. He was also the Seminoles' leading rebounder with eleven.

Bates and Durham scored 31 of the 34 points that FSU got in the first half against Adolph Rupp's crew.

Starting at the center spot tomorrow night for the Tribe will be Dan Boltz. Boltz at 6-6 and 235 pounds, can handle himself in the pivot post. Kennedy rates him as the most improved player on the squad this season

Letterman Jim Liteky and soph Charley Tinsley are the probable starters at forward.

Liteky, a converted 6-2 guard is fast and has a good set of hands. He hit for 14 against Kentucky and was the third highest scorer on the team last season.

A two-year all-city center from Miami, Tinsley gives FSU strength on the boards with his six-foot, six-inches. He was the leading scorer for the frosh last year with a 15.8 average. He dunked four in the Kentucky tilt, his first taste of varsity competition.

An interesting sidelight on the game is that Tinsley will be playing against Furman's Tom Conard and Dave Shepard who made all-city in Miami the same year Tinsley did. They played on rival prep teams

Also expected to see action for the Tribe is junior Jim Savage Savage, 6-4 is a versatile performer who played every position as a soph.

Giving the Seminoles added depth is soph Bill Areber, junior college transfer John Richter, Jerry Hohne, junior Fred Woodwood and soph Moe Hobbs.

Archer and Ritcher, both 6-5, give the FSU squad added rebounding strength. Hobbs and Woodward are back court men.

The Furman squad has seven returnees from last season, including the three leading scorers The Purple Hurricane opened its season by giving West Virginia a hard time in losing, 76-67.

Byron Pinson, a 6-3 forward, had a 20 point average last season and is expected to lead the Furman five again this campaign. Also back from last season is Dickie Wright, 5-11, who had a 16 point average last season and is a good ball hawk.

Conard, a 6-6 center who was injured at the beginning of this season, may not see action against the Seminoles, Coach Lyles Alley has indicated.

Steve Benya and Shepard are also probable starters for Furman.

The Seminoles took an early lead over Kentucky Saturday night, but finally fell behind in the last nine minutes. With ten minutes left the score was 52-47 favor of Kentucky, but then Johnny Cox broke loose and scored four field goals in a row.

Coach Kennedy said "I'm proud of the showing of the team in front of such a large crowd. They showed poise most of the way."

"The thing that probably hurt us the most was losing Boltz right after the half on account of fouls. We needed his height on the boards."

SENIOR FORWARD from Jacksonville, Jim Liteky who dumped in 14 points in the Kentucky game. Liteky 6-1, was the third leading scorer last season and will be at the forward post tomorrow night against the Furman Purple Hurricane.

TOP TV—The Dinah Shore Chevy Show—Sunday—NBC-TV and the Pat Boone Chevy Showroom—weekly on ABC-TV.

The 4-door 9-passenger Kingswood with rear-facing back seat and automatic rear window

Be our guest for a pleasure test . . .

THIS IS THE ONE FOR WAGONS! 1959 CHEVY

Chevrolet's five stunning new station wagons for '59 are shaped to the new American taste with fresh, fine Slimline design. And they're beautifully practical—with roomier, quieter Bodies by Fisher, an even smoother ride, new ease of handling!

Wagons were never more beautiful or dutiful. From low-set headlights to wing-shaped tailgate, these '59 Chevrolets are as sweet looking as anything on wheels. They're just about the handiest things on wheels, too—from their overhead-curving windshield to their longer, wider load platform. Besides additional cargo space, you also get added seating room (4 inches more in front, over 3 inches in back). And you'll find such other practical advantages as new easy-ratio steering, Safety Plate Glass all around, bigger, safer brakes, smoother-than-ever Full Coil suspension and a roll-down rear window (electrically operated as standard equipment on the 9-passenger Kingswood). Your dealer's waiting now with all the details on why this year—more than ever—Chevy's the one for wagons.

Serving on the reviewing committee were student government officers Art Moore, Ada Leigh Wall, and Jim Apthorp. Faculty members included Oglesby, Dean of the Faculties Charles Davis, and the deans of the various schools.

Hi-Lo's, Jazz Pianist Jamal Co-Starred In ATO Show

Ahmad Jamal, rising modern jazz pianist, and the Hi-Lo's, popular vocal group, will be co-starred at the Alpha Tau Omega fourth annual concert here Tuesday.

Two performances are being given in Westcott Auditorium. The first is at 7 p.m. followed by one at 9.

Tickets are now on sale for $1.25 at the Westcott ticket booth and Scoggins Hi-Fi Center. Bill Burkhardt, fraternity spokesman, suggests tickets be purchased early to avoid the last minute rush which has accompanied former concert sell-outs. Only 3600 seats are available for the two shows.

In addition to the two top-names talents, Alan Dean, one of England's most outstanding jazz vocalists, accompanied by the Lon Norman Quintet, is appearing at the concert.

Burkhart said "the double attraction and increased variety of this year's show makes it the biggest thing ATO has brought to the campus yet. The expense is much greater, but we have held the tickets to the same price."

PAST SUCCESSES

Last year two sell-out crowds heard the Four Freshmen. In 1956 Louis "Satchmo" Armstrong and his trumpet performed and in 1955 Woody Herman and the "Third Herd" were featured.

These three previous concerts netted about $4,000, after expenses, for Campus Chest, according to Burkhardt. Proceeds from future concerts will go to the ATO's "Bob Crenshaw Memorial Scholarship Fund," established this year.

Ahmad Jamal, listed as "the top drawing card" by the agency through which the Four Freshmen were brought to the campus, is making his first appearance in the South on the current tour.

He has been acclaimed for his "individualistic stylings which have unearthed new sounds in the modern jazz field."

Born in Pittsburgh, he began playing piano at the age of three. He was featured musician with the Westinghouse High School band, and after graduation became pianist for the George Hudson Orchestra.

WITH HUDSON BAND

On a national tour with the Hudson Band headlined by Dinah Washington and the Ravens, he began to receive widespread recognition.

He organized the Four Strings, piano, bass, violin, and guitar, which toured the Midwest and East. When it disbanded the present trio of piano, bass and guitar appeared.

Jamal and his trio have played engagements in such outstanding nightclubs as New York's Ember and Chicago's Blue Note, Modern Jazz Room, London House, and Pershing Lounge. His latest long playing record, "But Not For Me," was recorded at the Pershing Lounge.

Jamal also appeared at Carnegie Hall in a joint concert with the famed Duke Ellington. At that time the Duke hailed him as "one of the truly bright stars of the jazz world."

The Hi-Lo's, a quartet known for their unique vocal blend, were organized in 1953. Members are Gene Puerling, Clark Burroughs, Bob Morse and Bob Strasen.

COLUMBIA RECORDS

The group records for Columbia. "Love Nest" is their most recent album.

They have appeared on many top national television shows including Patti Page's "The Big Record", Spike Jones, Bob Crosby, the Rosemary Clooney, as regulars in 1957. Sunday night will mark their seventh appearance on the Steve Allen show.

On European tour this fall, the Hi-Lo's sang at the Brussels World's Fair and the Stuttgart Jazz Festival.

They have worked concerts with Johnny Mathis and Judy Garland. In 1957, they recorded songs for use in the movies "The Girl Most Likely" and "Heat Wave."

The Hi-Lo's have played nightclub engagements in Los Angeles, Buffalo, and Chicago, done singing commercials, and made two radio tours.

FEATURED AS SOLOIST in the Florida State University Symphonic Band concert Monday Dec. 8, at 8:15 p.m. in Westcott Auditorium. Phillip Posey of Mobile, Ala., for Burrill Phillips' "Concert Piece for Bassoon" transcribed by band director Manley R. Whitcomb.

Monday Night

Symphonic Band Sets Initial Concert

The Symphonic Band of Florida State University will present its first seasonal concert Monday evening at 8:15 in Westcott Auditorium.

Under the direction of Manley Whitcomb, the band will play the "Classic Overture in C" by Francois Gossec, two selections from Richard Wagner's "Tristan Und Isolde," Peter Mennin's "Canzona," Robert Russell Bennett's "Suite of Old American Dances," and the "March Finale" by Don Gillis from the "Twinkle Toes" Ballet.

Phil Posey, senior from the studio of Frederick Mueller, will be featured soloist for the evening. He will play Burrill Phillip's "Concert Piece for Bassoon," transcribed by director Whitcomb and Posey.

The Symphonic Band has been in existence for more than six years. It consists of approximately 65 members, many of whom are members of the Marching Chiefs. "This is a select group of near-professional musicians," a representative of Mr. Whitcomb's office stated, "and they are expected to turn out a professional-sounding performance."

The public is invited to the concert.

Three Students Attend N.C. Race Meeting

Three Florida State University students were present at a race relations conference in North Carolina during Thanksgiving holidays.

Art Moore, student body president, Jim Apthorp, men's vice-president and Al Nichols represented FSU at the three-day conference at Pfeiffer College.

Entitled "The College Student and the Changing South," the conference was attended by approximately 100 persons representing 40 colleges and universities of the South. The program was financed by a grant by the Field Foundation of Chicago.

"The conference provided an opportunity for Southern students to get together to talk about problems involved in integration," said Apthorp.

Moore pointed out that delegations from Florida represented the strongest conservative viewpoint at the conference and added that "we were less inclined to agree that integration must come right away."

Delegates attended various workshop groups which approached the integration problem from religious, political, and emotional viewpoints.

The groups, which were integrated, exchanged ideas and discussed the basic desegregation disputes.

"We feel that individual as well as group understandings came out of the meetings," Moore said.

The conference paid the expenses of all delegates.

Aqua Festival Wednesday

The first annual Southeastern Aquatic Art Festival will be held here next Wednesday through Friday.

Schools throughout the Southeastern division have been invited to attend this event which will also feature some of the nation's most skilled aquatic artists.

Among those featured in this festival will be Mrs. Beulah Gundling, of Cedar Rapids, Iowa, for five years the AAU solo synchronized swimming champion; the Cedar Rapids Floating Team, and George Gordon Hyde of Sarasota, a widely known authority on "sculling" or the use of the hands and arms in aquatic art.

Prexy Attends Louisville Meet

President Robert M. Strozier, with more than 200 other college and university presidents, will study policy relating to the National Defense Education Act in Louisville, Ky. today.

The group will discuss provisions of the legislation which directly involve institutions of higher education. Seven Southern states will be represented.

Intramurals . . .

(Continued from Page 3)

to give him a season total of 217, which was good enough to edge J. Turner of the Psychology Club who got nine points and finished with a total of 216.

The finals of the Fraternity League basketball tourney will be played sometime at the beginning of next week.

Dorm-Independent table tennis started Wednesday night and Greek table tennis last night. In the Dorm-Independent singles Newman beat BSU to gain top spot in the winners bracket while CLO, Playboys, Penthouse, Vets, 400 Club and the Wesley Foundation are all clashing in the losers bracket.

In doubles, BSU and the 400 Club have reached the top spots in the winners bracket and CLO has reached the semi-finals in the losers bracket. Newman and Playboys are in the fourth round of the loser side.

Intramural flag football began in the Fraternity League yesterday and will open in the Dorm-Independent League Monday.

Monday's action will see Newman meet the Vets, Magnolia clash with CLO and Penthouse play the Majors Club.

FSU Vs. U. of F.

Race Scholarship Rests With BOC

By VIRGINIA DELAVAN
Flambeau News Editor

The case of Florida State University versus the [University] of Florida—in the Race Track Scholarship [...] rests with the State Board of Control.

President Robert M. Strozier has sent to the Board Senate's resolution asking for an even split between the two schools of the funds received from the track program.

In an accompanying letter Dr. Strozier said, in part,

"As I have told you and other members of the Board in the past, I feel that the Florida State University is entitled to an equal portion of the funds with the University of Florida.

"We appreciate the fact that an increase for the current year was allocated by the Board, and we hope that this is but the first step in rectifying a situation which we feel is not entirely equitable."

The Senate resolution, introduced by Carl Butler, was passed unanimously on November 12.

In the eight years the program has operated, FSU has never received more than 37% of the total revenue. The U of F's share has been as high as 64%. Florida A&M, the third recipient, has gotten up to 13%.

All the money from the program goes for athletic scholarships, mainly football.

MORRISON'S REPORTS

The Senate body also heard a report this week from the Morrison's Food Service committee. Pat Lance, chairman, said the group has held several meetings with Bob Sanford, manager of the Food Service.

Sanford encourages student complaints and urge that they be brought straight to him, she said. The committee has voiced several gripes:

(1) Ice in the tea was reported to be the same ice used [...] cool milk. Sanford said [...]ation has been rectified.

(2) No variety in food. The[y] are now "trying out new rec[ipes]."

(3) Dirt in the West Hall [Snack] Bar. Sanford said lack of [venti]lation causes this. The Snack [Bar] will be closed when the new dormitory cafeteria opens nex[t ...] he said.

(4) Morrison's is making a [profit] at the expense of students. [San]ford claims that Morrison's [made] only $600 on food last yea[r ...] $700 from vending machines.

CHANGE DEADLINE

In other action a bill [which] would change the dealine fo[r fil]ing campaign expense est[imates] was introduced by Penny P[...].

The new deadline wo[uld be] eleven days before primar[ies]. Currently candidates mus[t file] estimates a week before the [prim]ary, also the kick-off date [for] campaigning.

Several candidates have [been] disqualified in the past for [fil]ing estimates, particularly [fresh]men. The senate felt [this] could be eliminated by sep[arating] the two deadlines.

The bill was sent to D[...]royd's Elections and Appoint[ments] Committee.

ALPHA GAMMA DELTA

The Alpha Gam pledges gave a party for the Alpha Gam actives and the Lambda Chi Alpha fraternity last Tuesday evening. The boys arrived attired in straw hats and canes.

An exchange dinner with the ZTA's was held on Tuesday. On Wednesday the girls entertained two foreign exchange students.

This Sunday the Alpha Gam's and Lambda Chi's will hold their annual Christmas party for underprivileged children. Gifts of clothing and toys will be given to the children.

ALPHA OMICRON PI

Members of Alpha Omicron Pi will celebrate the founding of their sorority with a banquet at the Silver Slipper Sunday evening. AOPi was founded at Barnard College of Columbia University, New York in 1897.

ALPHA XI DELTA

Mrs. Lydia Mickel, one of the seven national officers of the national council of Alpha Xi Delta sorority visited the chapter here last week. Mrs. Mickel returned to her home in Miami for the Thanksgiving holidays.

Last week the Alpha Xi's entertained the Pi Kappa Alpha fraternity at the house. Wednesday the Kappa Sig's were entertained at a prison party.

KAPPA DELTA

The KD's will journey to the Reservation tomorrow afternoon for the annual pledge-active retreat. Skits and games will provide entertainment for the group.

Sandra Stewart, a KD from Jacksonville, was chosen to be a member of the Gator Bowl Court last weekend during the Thanksgiving holidays.

Last Tuesday the sorority had an exchange dinner with the Sigma Kappa's.

Next Tuesday the KD's will hold their annual Spaghetti Dinner. Times are from five to six and six to seven. Tickets may be purchased from sorority members for one dollar.

PHI MU

The Phi Mu pledges recently elected pledge class officers. They are Frankie Fike, president; Diane Quicket, vice-president; Tillie Willis, secretary; Nancy Pierson, treasurer; Pat Johnston, Junior Panhellenic delegate; and Rita Tervin, chaplain.

PI BETA PHI

Malinda Dixon was welcomed back to the Pi Phi house amid congratulations after being chosen first maid of the Gator Bowl Court.

The Pi Phi's are also proud of their volleyball team which recently placed first in the sorority division of the women's intramurals.

SIGMA CHI

The Sigma Chi's were entertained by the ADPi's last week at a party at their house. The skit, presented by the girls illustrated the problems and habits of various Sig brothers.

The fraternity had an exchange dinner with the Kappa Delta's last week, each group exchanging an equal number.

BROWARD HALL

"Holly-Daze" will be the theme of Broward Hall's annual dormitory dance tomorrow night at nine. Decorations will be in the traditional Christmas decor. Pine sprays, holly, stars, and silver pine cones will all be cast under a blue light.

Guests for the semi-formal occasion will be welcomed at the door by bowing snowmen. Music will be provided by the Eddie Hafner Trio.

Thursday's dormitory tea was dedicated to decorating for the dance with the girls coming in Bermudas and bringing their dates to help.

GILCHRIST HALL

Residents of Gilchrist Hall and their guests will hold the annual Gilchrist Candleglow Dinner Dance tomorrow evening in the Suwannee Room from 7 to 11 p. m. Following the meal will be entertainment of a floor show and dancing to the music of the Devilaires. Elaine Bogue, president of the dorm, is in charge of the occasion.

SEMINOLE LADY OF THE WEEK

Flambeau Photo: Tom Maida

SEMINOLE LADY OF THE WEEK—Miss Nancy Matylas, a junior majoring in art education, hails from Sebring. Miss Matylas poses here for our roving photographer, Thomas Maida. She has brown hair and blue eyes.

'Beautiful Legs' Contest Set

For a penny a vote students will determine next week which co-ed has the most "beautiful legs" at Florida State University

Each women's dorm and sorority is allowed one candidate, and she should report to the Tally-Ho studio, fourth floor Longmire, at ten tomorrow morning for pictures.

Voting will begin Monday morning in the university post office, and students may vote as many times as they desire for a penny a ballot.

The winner of the contest will be presented at the West Hall Playboy Formal Dec. 12, and her picture will be submitted to Playboy magazine for possible national acclaim.

The Alpha Phi Omega service fraternity is sponsoring the "beautiful legs" contest in order to purchase magazines and other reading material for the university hospital.

New States . . .

(Continued from Page 2)

and others rather than from a Spanish population revolt.

Neither was recognized by the United States though the East Florida one ceded its territory to the U. S. Army at one time.

AND A HANDFUL OF PIONEERS in Tennessee operated a "republic" for a couple of years. Begun in 1787, it was called the State of Franklin and existed to keep order in the new country until the adoption of the Constitution

Many states were brought in for political reasons. (And there are some who say this is true of Alaska)

WEST VIRGINIA—born of the turbulent Civil War days—is the best example. Once the western part of Virginia, the state was torn asunder and admitted to give Lincoln vital senatorial votes needed to pass the Reconstruction amendments

This procedure violated the Constitution, but right then Virginia—trying to secede herself—was in no position to effectively protest. And the West Virginians, mostly mountaineers and loyal to the Union, wanted representation in Washington.

NEVADA WAS BROUGHT in a year later for her senatorial votes and in 1867 Nebraska was admitted so her senators could vote to impeach President Andrew Johnson.

Congress once tried to admit a state with restrictions. This was Oklahoma. In order to come into the Union, Oklahoma had to agree not to move its state capitol from Guthrie.

ONCE ADMITTED Oklahoma promptly moved it to Oklahoma City. The Supreme Court upheld this action saying all states came into the Union on an equal footing and no other state had such a restriction.

Alaska has a similar problem in that its admission act allows the President to withdraw about half the state's territory from its jurisdiction for defense purposes if he sees fit. This part of the act is probably unconstitutional.

ALASKA IS NOT THE FIRST state to be physically separated from the rest of the Union. In 1812 Louisiana was admitted, and the nearest state was Tennessee—over 300 miles away.

And in 1850 California came in separated by some 1,500 Indian and coyote filled miles from St. Joseph, Missouri—the last outpost of civilization

A TECHNICALITY GAVE OHIO an unusual history. Voted into the Union in 1803, the actual bill somehow became lost and never received the proper signatures. Legally it was not a state for over a century and a half.

The error was discovered in 1953 and Congress made amends by admitting Ohio to the Union retroactively.

While Alaska's admission doesn't promise much excitement for us, at least it's a rarity for our generation. And it will take just a little while to get used to seeing that 49th star on Old Glory.

AAUP Holds Open Meeting, Professor Welfare Discussed

The economic welfare of professors was viewed from all sides by the American Association of University Professors this week at an open meeting.

A five-member panel discussed salaries, social security, retirement pensions and group insurance The panelists serve on AAUP's standing economic committee.

Led by Dr. O. D Dickerson, the members were Professor Lawrence F Mansfield, economics department; Dr. Robert T. Lansdale, school of social welfare; Dr Dorothy L. Hoffman, modern languages; and Dr Robert C. Earnest, finance, in the school of business.

Prof Mansfield gave a survey of salary comparisons of Florida State University with the University of Florida and other colleges. The results showed that FSU's wage scale is way "below par." Prof. Mansfield said the legislature and faculty may be unaware of this condition.

Prof Mansfield said, "I suggest we form a union, as doctors and others have done." Other ideas be proposed were that the faculty hire legislative lobbyists to present its case to the Senate and House.

Social security was Dr. Lansdale's topic. He reported that although more than 90 per cent of wage earners in the U. S. are covered, FSU faculty members are not.

Dr. Lansdale stated that FSU wants to be covered and it is up to the faculty to support it. He said, "It is my personal opinion this topic seems to have the best chance to get through the legislature."

Dr Earnest spoke on present teachers' retirement pensions FSU's program is a fairly good one as compared to others in different states, he said. The weaknesses of the plan are small beneficiary protection and not too much inflation protection. He said that the pension plan is not perfect and although it is not as immediate a problem as some of the others, it is necessary to work to improve the plan.

PBK Celebrates Founder's Day

Florida State University's chapter of Phi Beta Kappa will celebrate Founder's Day Monday night and hear an address by Dr. Charles S Davis, dean of the faculties at FSU.

Dr Davis will speak on the subject "Our Obligation to Foster the Pursuit of Excellence" at the meeting in Westminster House.

Mrs. Sara K. Srygley, chapter historian, will speak on the founding of Phi Beta Kappa, Dec 5, 1776, at the College of William and Mary. FSU's chapter was the first local chapter of the honor society formed in Florida

New officers of the group will receive members and guests at the door. They are Mrs. Katherine B. Hoffman, president; Dr. Ales E S. Green, vice-president; Dr. J. R. Skretting, secretary; Dr. Graydon S Deland, treasurer; and Mrs Srygley, historian.

Assisting them will be a Founder's Day Committee composed of Mrs. Vincent Thursby, chairman; Miss Miriam Wilson; Mrs. Jeffery Alfriend; Mrs. Richard Ede and Dr. Margaret Campbell.

Society News

All society news must be in the Flambeau office by noon Wednesday. This includes Greek, derm, and engagement news.

Church news should be in the office by 11:30 on Wednesday to get in Friday's paper.

BRIEF LETTER

Foreign film fan Jerry Capp wrote this brief letter to the University of Michigan DAILY editor:

"Dubbing in that tonnage of inane American verbiage on the lips of Mlle Brigitte Bardot is like seasoning a filet mignon with hot dog mustard."

Dear Diary:
Last night I was talked into a date with this quaint-looking creature. The way the man dresses leaves me cold Actually! The boy must be suffering from "tired blood." In my Diary Book he's . .

Larry The Lemon

When a fellow like Larry meets a girl like this, maybe the best thing to do is to "run for the hills" because things aren't likely to change. That is, unless LARRY intends to do the changing

If he does—he's our man Because we like to see what quick changes can be made in a fellow when he grows up and realizes that he wants to GO someplace (other than to the hills). That's when his wave-length starts operating

THEN he knows that he's living in an "electronic age" in science and the "elegant age" in clothes Maybe "elegant" is too fancy a word but the clothes we are talking about sure do have an "elegant appeal" to people who write uncomplimentary things about other people—in diaries.

A new idea in smoking!
Salem refreshes your taste

Menthol Fresh
Salem

• menthol fresh
• rich tobacco taste
• modern filter, too

Think of a refreshing Spring day like this, if you want to know just how a Salem Cigarette refreshes your taste. Rich tobacco taste with new surprise softness . . . that's Salem. Through its modern, pure-white filter flows the freshest taste in cigarettes. Smoke refreshed pack after pack . . . smoke Salem.

Take a puff . . . it's Springtime

7 AFROTC Cadets Recently Honored

Seven advanced Air Force ROTC cadets of Florida State University were recently honored. Five were named Distinguished Military Cadets and two others, Outstanding Cadets at Summer Camp.

Selected from the top 10 per-cent of their military class and top 25 per cent of their graduating class, Distinguished Cadets have shown leadership ability in campus and ROTC activities.

Award winners may apply for a regular commission in the Air Force instead of the usual reserve commission after graduation.

Distinguished Cadets are Cadet Col Don Ayres, Cadet Lt. Cols. Bernard Kelly and Rhon Carlton, Cadet Maj Scott Harpe, and Cadet Lt R. A Rudy.

Outstanding cadets at Summer Camp are Cadet Maj Scott Harpe and Cadet Cap Doyle Ruff, who attended the first and second camp at Turner Air Force Base, Albany, Ga.

Selected from approximately 250 men attending each camp, they were chosen for their leadership qualities and ability.

WHEN AND WHERE

The Marine Corps Officer Procurement Team will hold meetings in the Trophy Room between 9 a m and 5 p.m today.

• • •

Dr. Earl Frieden will speak on "The Purification of Tyrosenase and Its Use In Determining Protein Structure" at the Chemistry Seminar in 306 Science today at 4 p.m.

• • •

Dr Hale Smith will apeak on "Cutlurology" at the Psychology Club tonight at 7 in the Trophy Room.

• • •

Testing of applicants for advanced Air Science will be held in 120 Geology between 7:30 a m and 4 30 p m tomorrow.

• • •

Phi Mu Alpha music honorary will hold a coffee concert at 3 p m. Sunday in the large lounge of Longmire.

• • •

Student Party chairman Ronnie Clark has called a meeting for all party officers, members and anyone interested in the Student Party for Monday at 4 p m in Longmire.

Choral Union . . .

(Continued from Page 2)

to capture the spirit of the music providing moments of excitement in works which one may have felt had been drained of all excitement. There was revealed almost throughout, an amazing feeling for ensemble singing, especially effective under the fine baritone voice of Lonnie King, as an accompaniment for his solo in "America, the Beautiful!"

"THE HUNDREDTH PSALM," of Ralph Vaughan Williams, though structurally and harmonically simple, contains passages of very idiomatic Vaughan Williams writing and its presentation by the combined Choral Union and Collegians achieved the effect that he would have desire of any proper English chorus.

The transition of musical style and expression from verse to verse was quite apparent, along with existing awareness of the music and text as one expressive whole. This was greatly enhanced by the use of the Chamber-Opera Orchestra, which is a much needed and, I hope a permanent facet of the school of music.

HERMAN GUNTER, AS DIRECTOR of the Choral Union, has done a remarkable job of fusing this large group into an ensemble capable of the most subtle musical expression, as well as producing the big, exciting sound of a large chorus.

The balance of voices, the ability for musical creativity, and sincerity of expression, are, I feel, largely due to Mr Gunter's direction, and his ability in the field of choral music has provided the school with a musical organization of no small merit.

PA In Operation

Formed late last spring, the Phi Alpha honorary fraternity of Social Welfare is now organized and in operation.

Officers of the fraternity are Jean Newton, president; Joseph Wasilewski, vice-president, Pricilla Griffing secretary treasurer; Mildred Bowdain, historian.

Other members include Sue Kelsey, Judy Taylor, Monica Andros, David Baker, Sandra Blackwell, Edwin Bowers, Pat Manning, Nancy Morrison, Emily Register.

Faculty advisor is Dr William Leap.

LOST

LOST— light brown leather jacket, eye glasses in pocket. Lost last Thursday, November 28, in green car — driver unknown — outside Mecca. If found return to Dean of Student's office.

Flambeau Photos By: Alan David

ACTION AT HIGH SPEED—This picture which was taken by FLAMBEAU photographer Alan David is currently being exhibited along with many others in the FSU Art Gallery. The showing is being sponsored by Kappa Alpha Mu, photographers' honorary, and features photo works by campus photographers, professional and amateur.

O'Neill's Own Life

(Continued from Page 2)

expression in terms of transfigured modern values." (O'Neill)

He did just this! O'Neill created what I like to think of as a "Tragedy of Existence" which I feel will take its place along with classic and Elizabethan tragedies.

No matter how low we may slip in the surge of Life—whether we be a poetic dreamer or a poor uneducated "man of muscle" such as "Yank" in **The Hairy Ape**—we must feel ourselves attached to something outside of ourselves (God, Nature, Fate what you will) which at the same time ennobles us and makes our suffering meaningful and purposeful. I say "feel" as this attachment may be no more than a dream in the reality of our existence—but WE MUST BELIEVE IN IT!

Yank's "dream" of belonging is brutally punctured in **The Hairy Ape** and he slips back to the ape itself trying to recapture it. Sometimes the "dream" is only a hope such as our dream of being like a Christ.

In reality we sin—we fall from Grace repeatedly, we ask forgiveness over and over holding fast to our dream of an eventual fulfillment of the Kingdom of God on Earth. Our struggle through vain is noble and without it—we are Dead; with it, we suffer toward Eternal Life!

To O'Neill, each of us must hold on to his dream! (When you fail an examination or an undertaking of any kind, do you say, "I am a failure; I have lost my way?" NO. You say, "The examination wasn't fair. The instructor was poor. It wasn't worthy of me anyway." YOU LIE! However, without our "pipedreams," each of us,—a belief in our attachment to something vast, worthy, important, WE ARE DEAD though we may live! If we lose grasp of our "dream," we are like Yank in **THE HAIRY APE** when he yells with passionate despair, "Christ, where do I get off at?"

Extra Hour Set Tonight

Tonight is Penny - A - Minute Night, the one night a year that it is legal to stay out past the closing hour—provided you pay for it.

Penny-A-Minute Night is sponsored by Mortar Board with the proceeds going to their scholarship fund. One cent a minute is charged for each minute past the closing hour a girl stays out.

Mortar Board members will be stationed at the entrances to residence halls and sorority houses to collect.

Signing out for the extra hour must be done in advance. Special lists will be placed in dorm and sorority houses for signing out purposes.

Women who sign out may stay out until 1:30 instead of the regular 12:30.

Those who fail to sign out must go through the regular house council or judiciary process. Coming in a few minutes late may be taken as part of the 15 minutes leeway and nothing will be charged.

There is no set custom as to who pays for the extension — either the girl or her date can.

IRE Field Trip

The Insurance and Real Estate Society of Florida State University left early this morning on a field trip to Jacksonville.

The society will visit the Independent Life Insurance Company, State Farm Insurance Company, and United Fidelity and Guarantee Company.

A complimentary luncheon will be served at the Independent Life Insurance Company.

Directory Sale Continues Until Vacation

This year's edition of the Student Directories will be on sale until Christmas vacation, said Dr. Reid Montgomery, director of Student Activities.

The 3,000 copies, selling for 50 cents each, went on sale Wednesday. The red-and-gray-covered directories can be purchased at Bill's Book Store, the University Bookstore, in dormitories and sorority and fraternity houses.

The directories include information on student's names, school of study, class, campus address, post office box number and telephone number.

Also included is a list of student organizations, presidents, and advisors, and complete sorority and fraternity phone numbers. This information came from Bill Smith, Secretary of Student organizations, said Dr. Montgomery.

The lists of names and other information were assembled for the book by photographing the IBM sheets from their registrar's office. Pat Sipe and members of the Inter-Faith Council revised the telephone numbers, which have been changed since last year.

Alpha Delta Sigma, men's advertising fraternity, produced and sold advertising for the book.

Next year's book will have an added feature said Dr. Montgomery. It will include faculty and staff listings, along with the student information.

Photographers Exhibit Now On Display

Faculty and student photographers are presently exhibiting their prints in the art gallery at the Seminole Club. The show extends from December 1st to 19th.

Exhibitors include Richard Parks, Evon Streetman, Jim Martin, Professor Zell Mabee and other noted photographers.

Richard Parks, president of Kappa Alpha Mu, honorary in photojournalism sponsoring the exhibit, is exhibiting many of his national prize-winning photographs. Parks placed first in the nation among collegiate photographers in all categories last year.

This exhibit is the first of its kind at FSU. It is in tone with the central theme of the art gallery display which is "Mood." Portraits, human interest, children, FSU circus, scenic and even nude photographs are represented in the show.

Pictures exhibited are a result of a varying amount of equipment used, from 35mm on up. Miss Streetman and Dick Parks are dominant in this field with representative examples of theatre, human interest, and illustrative photography.

Flambeau photographers Alan David and Warren Gerard are also represented in the current exhibit.

Honor Society Elects Twenty

Phi Kappa Phi, academic honor society has elected 20 new members. They will be initiated December 16.

The requirements for election in Phi Kappa Phi are superior scholarship in all fields of study and good character. Juniors must maintain a 3.6 average to be elected, seniors a 3.5 average, and graduate students, 3.75.

Taps are Eloise Baumer, Linda Bean, William Boyce, Ada Boyd, Sidney Calkins, Sarah Cliett, Suzanne Forsee, Bruce Graybill, Gale Hill, Nancy Key, Barbara Krogland, Linda Langston.

June Lasseter, Frederick Schuster, Sandra Stewart, Barbara Toney, Clarence Vicroy, Ada Leigh Wall, Abner Williams, and Barbara Willits.

Dr. Mary V. Alexander, secretary of the honorary said that "Phi Kappa Phi is unique in that it recognizes scholarship in all areas of academic endeavor, rather than restricting its elections to a specific and limited field."

Dr Charles S Davis, Dean of the Faculties, is the National President of Phy Kappa Phi and Dr. Odel Waldby, in the School of Public Administration, is the President of the FSU chapter.

Housing Contract Is Being Reviewed

The university housing contract, subject of much contro[versy] last spring, is being reviewed by a newly-appointed housing [com]mittee, Diane Godin, secretary of Student Welfare, revealed [yes]terday.

Most of the complaints last semester were from men students," according to Miss Godin, "because the new contract wouldn't allow them to move in and off campus as they did previously."

The contract provides that housing assignments must be accepted for the entire year, and violations are treated as a breach of university regulations.

John Van Beck, a West Hall senator last spring, told the Senate that the university, "has you over a barrel if you want to live off campus" and he charged that this was a violation "on students' freedom and rights."

Dr. Jack Rollow, housing director, said that the main trouble with the contract was that it needed to be "re-worded or clarified," but he maintained that the clause was necessary to reduce the number of vacancies in university housing.

The contract also states that the university "reserves the right to entry of authorized personnel." What constitutes authorized personnel was not clarified, and students, fearing an infringement of their privacy, objected vigorously.

Dr Rollow agreed that the clause needed clarification but said that "it would be idiotic for the university not to reserve this right."

"The right is exercised only for a good cause," said Rollow "such as hot plates left on, or leaks in the rooms."

"The only people authorized entry are house managers and counselors," he added "and as far as I know privacy of students has never been invaded by the University unless the reason was very good."

"Even when the wave of campus thefts was going on the university didn't search the rooms."

Miss Godin said the Welfare committee would meet toda[y to] review the contract "and [any] suggestions by the stu[dents] would be appreciated."

MARVELOU[S]

Hello Dear . . .

I've just returned from the [post] office where I mailed all the [things] you asked for. Whatever do [you] want with your bicycle tire p[ump] —and *where* will you put it?

You'll notice that I've tucke[d in] a little surprise for you—your [favor]ite *Woodhue* Cologne in a per[fectly] marvelous new aerosol spra[y] to match your room—isn't [that] nice?). I bought one in my be[st] *Aphrodisia*, and it's such fun [to use] —and so convenient! I th[ought] you'd like to have one to take [with] you on your big weekend with [his] folks . it's such a handy [size] for travel.

Incidentally, Faberge puts [it] in a De Luxe version too—a [gor]geous golden gift case that's [reu]sable—and only $5.00. You m[ight] stop in next time you're in [town] and get one for Aunt Martha—[her] birthday is a week from Mon[day] and I'm sure she'd be thrilled [to] pieces (and surprised that you [re]membered on time for once) you know how she just drools [over] *Flambeau*.

Dad just came in and sends a kiss. We're due at the Johns[ons] for dinner, so I'll write more [to]morrow, and close now with [much] love from us all.

Mother

Dad Shares Baby Care

Today's father who can change diapers, bathe baby, and handle junior's feeding assignment, is winning more recognition from the child-care experts.

By participating in the early care of children, authorities say, he is not only lightening mom's work-load around the house, but more important, he is helping to create better child-parent understanding. Moreover, families are better equipped for the future when children are not exclusively dependent on the mother.

Feeding baby at mealtimes when the family is at its closest social contact gives dad a chance to know his youngster better and vice versa, the Beech-Nut baby food staff suggests. At the same time, some of the foods baby won't eat when offered by mother become great delicacies and are readily accepted from father's hands.

Learning how to hold baby and dress him is also advocated —it isn't a matter of doing it often, but a little practice will enable dad to pitch in if an emergency arises.

Pop should know something, too, about safety measures around the baby. By learning how to sterilize bottle, and how to keep hazards away from the infant, father can ward off preventable accidents. In addition, it helps to build up a feeling of security and confidence in both father and child.

Spending happy times with his children is also important, even if it's only for short periods of time. Such time is well spent, the authorities say — by so doing dad will feel a closer relationship to them and the children soon begin to return this feeling.

Chartered Kentucky Train Remains In Tentative Stage

By ROSA NELL WILSON
Assistant Nawa Editor

Plans were still tentative yesterday for chartering a special train to the Blue ...ss Bowl game, but Athletic Ticket Director Eddie Cubbon was optimistic about ...spects.

...ttendance of the FSU band ...d assure enough reservations ...harter a special train, he ex...ned, but hand plans were ... indefinite.

...eadline for making reserva...s is 2 p. m. Thursday. "We ... about 150 more students," ...bon said, urging that reser...ons be made before that ...e.

...tudents may call the ticket ...ce in Tully Gym, 34.3 or ... to make train reservations ... either regular or pullman ...

...bout 100 were reported regis...d Monday afternoon, most ... them students, but some are ...nspeople

PULLMAN CAR

Cubbon said a higher percent... than was expected are signed ... for a pullman car, costing ...out $80 a person.

One full pullman would equal ...out 100 reservations for the ...3.85 regular car rate, he ex...ained Minimum required for ...artering a special train is the ...uivalent of 350 at the cheaper ...e.

Tallahassee merchants have ...nated 200 tickets to the game ...e to students making train re...ations. Cubbon said if more ...an 200 register, enough free ...kets will probably be made ...ailable to take care of them. ... es2?r.

Donation of tickets cuts the ...dent cost from nearly $30 for ... and game tickets to $23.85 ... the train fare alone.

The faster Thomasville route ... definitely been selected for the ...p. By this schedule the train ... leave from Thomasville, Ga. ... 7 p.m Friday and arrive in ...uisville at 8 a.m, Saturday.

On the return trip the train ...uld depart from Louisvilla at 9 p.m. Saturday and arrive in Thomasville at 12:50 p.m. Sunday.

CHARTERED PLANE

The ticket office is also taking reservations for a special chartered plane to Louisville, scheduled to leave 3 p.m. Friday and return Saturday.

Only 18 plane reservations had been made by Monday afternoon, according to Cubbon. Costing $80 each, 00 reservations would be needed, he explained.

Game ticket orders from alumni are expected to start coming in today, he remarked. About 50 game tickets, excluding train-game reservations, have already been sold.

Mayor Davis Atkinson will represent the City of Tallahassee at the game There is a possibility that Gov. LeRoy Collins will also attend.

Cheerleaders Are Bluegrass Bound

Florida State University cheerleaders will definitely be in Louisville for the Bluegrass Bowl Game, Head Cheerleader Dick Ainsworth announced yesterday.

Elaborate decorations, a "feather flurry," television program and possibly a parade are featured in cheerleading plans for the weekend.

Regulars, alternates and mascot Sammy Seminole will leava hy car for Louisville Thurday morning, expecting to arrive that aight, Ainsworth said.

The group will set up Seminole Headquarters at the Hotel Kentucky, decorating with crepe paper. Large pictures of the team will be taken along to put in Louisville stores and botels.

After appearing on a Louisville television show Friday, the cheerleaders plan to decorate the city with welcome signs, crepe paper and pictures.

In a "feather flurry", about 5,000 colored feathers will be released from the top of a high building to float down over the city. The flurry is expected to continue Friday through Saturday morning.

When the team arrives, the cheerleaders and a police escort will accompany them to the hotel, Ainsworth said.

They will also decorate the stadium and meet the train of students if one is chartered, he added.

If the FSU band can't make the trip attempts will be made to get a Louisville high school band practiced in the fight song. The band is tentatively planning to attend, but arrangements are still indefinite.

The cheerleaders hope to arrange a parade down the main streets of Louisville Saturday morning, Ainsworth explained.

Louisville newspapers will be contacted for stories on the team, Coach Tom Nugent, and cheerleaders, he added

Odeneal To Conduct Clinic

William T. Odeneal, who has produced three national championship volleyball teams at Florida State University, has been selected by the Air Force to conduct a volleyball clinic in Hawaii and Japan during January.

Beginning on Jan 4, Odeneal, assistant professor of physical educatin and golf coach at FSU, will spend three days in Hawaii and then will go to Tokyo to continue the clinic until Jan. 23

The last week will be devoted to military personnel other than the Air Force and to Japanese nationals under the President's Peple to People Program

Before volleyball was dropped from the intercollegiate program at FSU his teams had won three championships.

Parker Named Homecoming Head

Miss Daisy Parker was named ...airman of the 1959 Homecom...g Committee by President ...omer Monday. Appointed co...airman was Danny Litwhiler.

Miss Parker is a member of ...e political science faculty and ...ed as co-chairman of the ...mecoming committee this ye... ...twhiler is head haseball coach ... sub-committee chairman will ...e named next semester

ALPHA TAU OMEGA PRESENTS THE 'HI-LO'S'—Headlining the annual ATO concert will be Hi-Lo's, a well known vocal group. The Hi-Lo's along with the Ahmad Jamal Trio, Alan Dean and the Lon Forman Quintet will be presented to twa shows, 7 and 9 p.m., in Westcott Auditorium tonight. Tickets are still available at the Westcott Auditorium.

Food Poisoning Rumors Untrue

Rumors of food poisoning at campus eateries were spiked yesterday by Dr. Edward Slosek, chief physician at the university hospital

"We have not had a single case of food poisoning reported to us this semester," said Dr Slosek

"I have gone through the Seminole Club kitchens myself and I've found them exceptionally clean and sanitary."

Rumors and complaints of food poisoning have soared recently, but apparently nooe were reported to the hospital.

"We do have a few cases of nausea and upset stomachs but they come from people eating in fraternities and other restaurants as well as Morrison's."

"The Seminole Club, like the hospital," said Slosek, "is a steady target for criticism, but like us they expect it and keep above it knowing they're doing a good job."

Dr J. M. Bistowish, Leon County Dept. of Health, said that Morrison's is inspected on the average of once a month, and is usually in fairly good shape.

"The last inspection was held Dec. 1 and the Seminole Club was in pretty good condition, but we sent a notice to Mr Shaw, (FSU business manager) to improve the Student Center restaurant's sanitary conditions.

According to Dr. Bistowish some of the reasons the Student Center didn't pass the health inspectioo are:

Faulty screens permit flies into the kitchen The dishwasher is inadequate. Also the garbage disposal is unsanitary because of lack of screening

KEY? WHO'S GOT THE KEY? That was the frantic question Saturday in the Sigma Chi Derby as sorority participants madly scrambled in the traditional flour barrel hunting for that elusive objet d'art. Alpha Omicron Pi wan and Pi Beta Phi placed second.

Flambeau Photos, Wayne Warren

SCRAMBLED EGGS ON THE MENU—Sororities attempt to swat their way to first place in the Sigma Chi Derby Egg Smashing Contest, Saturday on the hockey field. Gamma Phi Beta placed first with Alpha Xi Delta placing second in the melee.

Eight-Point Margin

Alpha Xi's Triumph In 'Derby' Contest

Alpha Xi Delta sorority hooped, hula-hooped, hit and harassed ... way to victory Saturday in the seventh annual Sigma Chi ...by.

Winning two firsts, three sec...ds and placing in all but one ...nt, the Alpha Xi's ran up 23 ...nts to the second place win... Delta Zeta's 15

Pi Beta Phi and Gamma Phi ...a sororities tied for third ...ce with 14 points each.

Selected Derby queen was Bet... Collar, Delta Zeta. Runners-... were Ann Skaggs, Alpha Xi ...ta Millie Moore, Kappa Del... Mary Ann Trask, Chi Omega, ...d Janice Blockwell, Alpha Delta ...

The queen candidates repre...ting each sorority rode in the ...e-derby parade in convertibles. ...e parade originated at the ...adium and was made up of de...ated cars from each sorority.

Over-all Derby chairman was ... Doxey.

WINNERS

Events and winners included ... egg smash contest with first place going to Gamma Phi Beta, Alpha Xi Delta, second; Kappa Alpha Theta, third; Kappa Delta, fourth and Alpha Omicron Pi, fifth.

Balloon Bursting Race, Gamma Phi Beta, first; Delta Zeta, second; Kappa Delta, third; Chi Omega, fourth and Alpha X. Delta, fifth;

Seach for the Key, first, Alpha Omicron Pi; second Pi Beta Phi; third, Alpha Delta Pi, fourth, Delta Zeta and fifth Alpha Gamma Delta.

Sack Race, Alpha Xi Delta, first; Zeta Tau Alpha, second, Delta Zeta, third; Delta Delta Delta, fourth and Alpha Gamma Delta, fifth;

HOOP TEST NEW

Hula Hoop contest was a new feature of the annual event. Winnar was Jackie Neher representing Alpha Xi Delta She hooped 20 minutes with one hoop and ten minutes with two. Others placing were Kappa Alpha Theta, second, Pi Beta Phi, third; Alpha Chi Omega, fourth and Delta Zeta, fifth.

Final judging for the contest was hased on perfection of the performance as the girls remaining in tne contest seemed able to hula-hoop indefinitely.

The mystery event was a pie eating contest. The winner was Kay Stevens representing Delta Gamma Alpha Xi Delta placed second.

Black eyes and bruised knees were very much in evidence following the Derby, student body president Art Moore's secretary being among them.

Immediately following the Derby the Sigma Chi coaches for each sorority were thrown in Westcott Pool.

Judges were Sigma Chi graduates and included Capt. Larry Pulans, Allen Howell, Sam Skogstad, Larry Beatly and Jerry Dye.

Pre-Holiday Mailing Slow

Campus Christmas mailing ...as not yet begun in earnest, ac...ording to Florida State Univer...ty Head Postmaster W. H. May.

May pointed out that there ...as been a "steady increase" in ...ailing on campus during the ...ast few weeks, but remarked ...at the pre-Christmas rush has ...ot begun.

The postmaster urged students ...o begin mailing Christmas cards ...nd packqages early to avoid the ...st-minute rush.

This year, Christmas cards ...ill cost three cents as compared ...o two cents in previous years. May added "if you have a card ...at is unsealed you may mail ... for three cents, but you can't ...rite any messages on it."

Tickets Available For Annual ATO Concert Tonight

Tribe May Join SEC In Future Says Nugent

Florida State may join the Southeastern Conference when it makes an eastern-western division, FSU Coach Tom Nugent said at the Newman Club's Sportsman's Banquet Sunday.

As it is now, it is too costly for schools on the boundaries of the SEC to cross over and play opposing teams, he said. This is particularly true of teams like the track squad which has many members.

When the SEC divides, each section will have a champion team which will in turn play the opposing champ for the SEC title.

Coach Nugent said that this division would not be made until two member teams are added to the SEC, and he feels sure that FSU will be one of the teams. Either the University of Houston or Mississippi Southern could be the other

The Sportsman's Banquet is an annual Newman Club affair. It is held to honor athletes on campus.

Chairman of this year's banquet, Dick O'Brien, directed the servers, all Theta Chi pledges

Dean and Mrs. R R Oglesby, Miss Ruth Psyche representing Dean Katherine Warren, Coach and Mrs. Tom Nugent, Coach and Mrs. Frank Toomey Mr. and Mrs. Lee Corso, and Dr. James McDonouah were honored guests at the hanquet which waa held in the Suwannee Room.

REQUIRED TESTS

Make-up sessions for the ACE Psychological Test, California Personality Test and General Culture exam will be beld Thursday

Times and places for the tests are: ACE, 4 p.m., 120 Geology; Personality, 5:15, 120 Geology, Culture, 0:45, Westcott Auditorium.

Mrs. Betty Clemons, university test service, said all students scheduled to take the tests have received written notification.

Anyone failing to take the tests at this time must pay a $5 per-test fine and will not be able to register again till this is done and the test takeo, she said.

Tarpons Host Aqua Festival

Florida State University's Tarpon Club will be hostess for the first annual Southeastern Aquatic Arts Festival Thursday through Saturday.

Eleven organizations and schools have accepted invitations to perform during the three-day event.

Climaxing the festival will be a demonstration of aquatic art opeo to the public on Saturday at 8 p.m in the women's physical education building, reported Miss Glynise Smith of the physical education department.

Tickets for the exehibition are available at Westcott ticket booth and the athletic ticket office and will be available at the door. Price is $1 for the public and 50 cents for students

Featured in the show will be Mrs. Beulah Gundling of Cedar Rapids, Iowa, solo champion of the Amateur Athletics Union's synchronized swimming for five years; George Gordon Hyde of Sarasota authority n "sculling"; and selections from the Tarpon's home show of last year, "Mexi-rama"

Along with FSU's Dr Kenneth D. Miller, director of the department of physical education, Miss Nancy Smith of the dance workshop, and Richard Fallon, associate professor of speech, Mrs. Gundling will be consultant for the festival.

JAZZ PIANIST
Ahmad Jamal

Gielgud Stars In Artist Series Production

Sir John Gielgud, British Shakespearan actor, will present "Ages of Man" in the second Artist Series production of the season here Friday night.

Admission is free to students who may obtain tickets with activity coupon 13 at Westcott Ticket Office Other tickets are $2.

Heralded as one of the greatest Shakespearean actors of all time, Gielgud will perform solo in a three part program at 8:15 p.m. in Westcott Auditorium.

"Ages of Man" will begin with youth and proceed through manhood and old age, incorporating some of Shakespeare's best known and most popular works

In the past, Broadway audiences have seen Gielgud in **Crime and Punishment, The Importance of Being Earnest,** and **The Lady's Not For Burning.**

On the American screen he has most recently played the role of Cassius in **Julius Caesar.**

Born in England, the actor made his first appearance on the stage at the Old Vic in November, 1921.

He played Hamlet in the second longest run for the play in London and in 1935 performed Romeo and Mercutio, alternating the roles with Sir Laurence Olivier.

Hi-Lo's, Jamal Headliners; 15 Performers

Tickets for tonight's concerts by Ahmad Jamal and the Hi-Lo's will be sold until four this afternoon in the Westcott Ticket booth and at the door tonight.

Cost of tickets is $1.25 each for the 7 and 9 p.m. performances, the 7 and 9 p.m. performances, about 200 for sale, according to Bill Burkhardt, Alpha Tau Omega concert chairman

Mrs Tate expects the ticket office said "Seating is on a first-come, first served basis. No seats are reserved."

Hrs Tate expects the ticket booth to open at six tonight and remain open until nine or shortly after.

Although tickets have not sold as well as fraternity spokesmen expected, Mrs Tate said yesterday's sales were rapid. She estimated that the auditorium will seat about 1600 persons for each show

Fifteen performers in all will be seen tonight. Besides the vocal quartet, Hi-Lo's, and Ahmad Jamal Trio, Alan Dean and the Lon Forman Quintete will appear. Dean is an English jazz vocalist.

The large group cost the ATO's about one-and-a-half times as much as last year's offering, The Four Freshmen

Burkhardt said "the double attraction and increased variety of this year's show makes it the biggest thing ATO has brought to the campus yet."

All proceeds, after expenses, will go to the Bob Crenshaw Memorial Scholarship Fund, established by ATO this year

Ahmad Jamal, jazz pianist currently on concert tour, has drawn large crowds everywhere, Burkhardt said. "No one in the South has heard him yet and we want a full house here," he said

Jamal's trio includes piano, bass and guitar. His latest long playing record is "But Not For Me"

Jamal has appeared in Carnegie Hall with the famed Duke Ellington. At that time the Duke hailed him as "one of the truly bright stars of the jazz world"

The Hi-Lo's most recent performance was on Sunday night's "Steve Allen Show." They have been singing together since 1953, in nightclubs, TV shows, movies and records.

Skeleton Crew

'Flying High' Circus Set For Gator Bowl

An abbreviated version of "Flying High" circus consisting of 50 performers, will present the Gator Bowl half-time show on Dec. 27, said Jack Haskins, circus director

The 15 minute show will be televised nationally by the Columbia Broadcasting System The Gator Bowl game pits the University of Florida against the University of Mississippi.

A contract was signed with the Gator Bowl committee six weeks ago Although this is the first bowl game at which the circus has ever performed, it has taken part in three charity shows in the Gator Bowl.

Gator Bowl officials have said recently they are very pleased to get "Flying High" for the half-time performance

Paul Acosta, GB chairman for pre-game and half-time, said it would be one of the most unique half-time performances evar staged at a bowl game

"PRO AIR"

While the colorful show adheres strictly to rules of amateurism (all the performers are students) it has an air of professionalism which will appeal to fans, Acosta said.

Most of the acts will be similar to those used last year with the exception of the revival of the clown car Used several years ago, the clown car is a redesigned model-T Ford equipped with a small cannon, five bombs, four horns, a siren and a water spray.

"The circus will arrive in Jacksonville on Friday morning" Haskins said. "That afternoon we have a rehearsal with tha band and the TV men. We plan to pack up and leave right after the game the next day"

"We have 12 acts scheduled for the 15 minutes," Haskins continued. "The show has been set up so at least one of them is running all the tima so tha TV cameras have something to focus on"

"It takes us ooly 30 seconds to get everything, including the two large poles for the center ring on the field and setup," he said

The first section of the show will consist of a single trapeze in the center ring, three boys in a hand balancing act in one ring, and five people on a bicycle in the other ring

While this set is being torn down, clowns will perform out front

A double trapeze act is featured in the center ding for the second section of the show, with a tiger act in one side ring and five girl acrobats in the third ring

A girl on the slack wire and two girls on unicycles will perform while the last part of the show is put up

The final section stars a girl on the Spanish web in the center ring and a quartet adagio and roll-arolla (balancing board) in the side rings.

Flambeau Editorials

Horsecollar Abolition Welcome

Along with most of the student body, the **Flambeau** is glad to see Florida State's outdated "horsecollar" rule on its way out.

FOR OVER A YEAR the **Flambeau** has led a campaign against this rule which not only deprives students of their freedom unnecessarily, but gives the administration an extra workload in the red tape department.

We have felt that there is nothing any more important about classes before and after holidays than about any other classes. Attendance should be left up to the individual's judgment, rather than enforced by a one sixth course credit penalty.

In last Friday's **Flambeau** a news story pointed out that a student-faculty committee had urged abolition of the rule and all that remained to complete its burial was President Strozier's approval (and this was waiting on the Board of Control's adoption of the new university constitution)

ENFORCEMENT OF THE long standing rule was suspended over Thanksgiving We hope the same holds true for the Christmas holidays if the rule hasn't been formally abolished by then.

But a word to the wise should be injected here. Over half of our nation's universities maintain some kind of penalty for students who miss classes on days preceding or following holidays.

WHILE MOST OF THE penalties aren't as severe as the one sixth credit deduction FSU currently has on its books. it does show that many colleges fail to trust the judgment of their students. And probably with some basis in actual experience.

Can FSU trust the judgement of their students? We hope so The abolition of the "horsecollar" rule will not give students license to extend their vacations three or four days or participate in an early exodus from campus.

RATHER IT IS ABOLISHED as a convenience It will allow the student the use of his own judgment—perhaps he can get away a little early if he lives far away or honestly oversleeps a class without losing valuable graduation credits.

If the students grossly misuses the power of their own judgment, the university will probably have to reimpose some type penalties.

Filibuster Minority Rule

Does the United States really believe in majority rule? This may seem an odd question to the reader. Why, he would answer, the United States was founded on majority rule.

BUT HOW ABOUT the United States Senate? In this governing institution of our country, minority rule seems to be the practice

And the filibuster is the extreme example of this. A minority of senators can hold the floor and postpone a vote indefinitely — thus exercising a veto power over the will of the majority.

THIS FILIBUSTER has existed so long that its defenders have easily become able to rationalize it. Advocates say that it protects minority rights.

(Most of its advocates come from the South. By use of this parliamentary instrument Southern Senators are able to restrict legislation in the interests of the rights of another minority—the Negroes.)

When Congress convenes the issue of abolishing the filibuster will come up again. It has come up before and never met with success. But with the largest Democratic majority since 1936 in the Senate (and with more "liberals" of both parties than ever before). there seems to be some chance of it being overturned.

IN PLAIN LANGUAGE filibuster means minority rule. We don't think there is any place for minority rule in the Senate (It is bad enough now in that 20% of the population elects a majority of the Senate).

We hope the liberal senators, representing a majority of the American people, are successful in abolishing this bastion of minority rule.

The Empty Chair

Tomorrow the 1958 Nobel Prizes will be presented in Stockholm's Concert Hall. The most dramatic fact of the ceremony will be the invisible shadow of Boris Pasternak.

PASTERNAK'S "IMMENSELY thankful" and "astonished" acceptance of the prize and then his sudden rejection of it has culminated—for the moment anyway—in the greatest propaganda defeat the Soviet Union has suffered this year.

Not since the Hungarian Revolution has the Russian slave system stood so exposed to a discerning world.

Pasternak's prize winning novel "Dr. Zhivago" is a quiet but powerful indictment of the methods and results of communism. From "Dr. Zhivago"

"TO CONCEAL THE FAILURE, people had to be cured by every means of terrorism of the habit of thinking and judging for themselves and forced to see what didn't exist, to assert the very opposite of what their eyes told them."

These words will come to life tomorrow in the form of an empy chair.

Lawmakers Say 'Charge It' Easily

LETTERS to the EDITOR

TO THE EDITOR:

In these days fraught with economic dissension the legislatures of America play the role of the supermarket Porkbarreling is rampart with everyone trying to grab a little more of the sausage for their particular area

IT WOULDN'T BE so bad if it were paid for then it would only come under the category of big spending However, the famous words, "charge it," accompanies almost any play put forth.

One must sympathize with our legislators though. There they sit, night after night, losing valuable sleep trying to find ways to spend 80 billion dollars. Contrary to popular belief, 80 billion is a tidy sum indeed, (especially in pennies) and inflation or no it still takes a particular (or is the word peculiar) talent to spend half of it for domestic government

NATURALLY ONE CAN'T blame our law-makers too much, because 20 per cent of our domestic budget goes to pay the interest on what as already owe. This will come to eight billion this year.

Of course we all want prosperity, and everyone is for spending and buying goods, (especially if you are selling it) but isn't it possible that there can be too much prosperity? Like the child who eats too much of that delicious candy, there is hell to pay the morning after.

'Tis Almost The Season, But...

BY DIANE GODIN

It almost tis the season to be jolly . but who's rushing it. Not me for one Let others deck our halls of ivy otherwise.

THE MORNING BEFORE my column deadline, I tried vainly to conju up some profound or controversial type topic.

In this concentrative and quite non-jovial grog I staggered into the soda shop for an early morning cup of murk only to be greeted by swathes of tinsel and a few thousand icicles.

AND LO! Even the juke was re-disguised under a few layers of hoary frost produced by artificial means

So somewhat taken aback I retired to my dorm where suddenly in my usual brief absence from this scene someone had tacked up an invitation to trim our tree

Somehow, however distracting the holiday spirit has not yet descended on this columnist I haven't even recovered from Thanksgiving

THAT FESTIVE FOUR DAYS was spent fighting my mother who kept insisting that college life was dissipating me while clucking at my pallid skin. Actually, I too am convinced that college life is dissipating me but trying to explain my un-sunned complexion, even with meteorology 107 was beyond my talents

And those four nights were spent fighting the boy back home of late more interested in the back seat By Christmas holidays he should have revised his line into something to do with "The Spirit of Giving In"

Only too few weeks later I am not yet prepared for the prancing and pawing of each tiny hoof. Maybe the night before, or even a week before I'll get with the jingle bells, mistletoe, etc

Now in spite of your impression I have not been shooting at the colored lights ablaze at Westcott or going about knocking down nativity scenes

IT IS JUST TOO DIFFICULT for me with my limited imagination to get visions of sugarplums while waiting in line at the Seminole

And the wreath on the door to my history class has little significance connected with the holiday.

So until the caroling, carousing and corruption of Christmas is upon me, I have only one thing to say humbug

Let the president go about putting bells on his door. Let Our Editor hang a star over his desk I'll believe it's Christmas when it's Christmas and not when there are sixteen shopping days left.

Russian Industrial Advance Natural

BY ED CARHART

Once in a while I muster up the ambition necessary to read a book that is not on the required reading list for one of my classes. When I do the results are usually very rewarding

IN THIS PARTICULAR instance the object of my attention was a book entitled **Russia, The Atom and the West** by George F Kennan Mr Kennan has distinguished himself in his service to this country as our ambassador to the Soviet Union.

Kennan is an acknowledged expert in Russian affairs but in spite of this reputation, he calls attention to the fact that he is now retired in the forward of his book As such he points out, his opinions are not the last word in these matters Such modesty is indeed a rare gem, especially in light of the huge amount of advice given so freely by many retired ballplayers, generals and even presidents.

THE PURPOSE OF THE BOOK is not to advise governments what to do but rather some things to think about. One of the more interesting subjects he dwells upon is the myth of Soviet economic progress. The progress itself is no myth but the significance that we attach to it certainly is

In the first place, the present Russian regime started with a nation that ranked sixth in the world in the matter of industrial development. They possess terrific potential in manpower and natural resources. It is only natural they should make rapid progress.

THE UNITED STATES made the same sort of meteoric progress in the days it was an under developed industrial power Canada is making the same sort of progress right now

Moreover the Soviet economic progress lacks the balance that both the U.S and Canada have attained. Their progress in the field of heavy industry has been fostered at the expense of many of the other aspects of industry.

THEY ARE encountering some of the more complex problems that have long plagued the highly industrialized nations. In Kennan's opinion. "There is no evidence to date that she (the Soviet Union) has better answers to these problems than any of the rest of us"

The idea that the U.S must outproduce the Soviet Union in every field is ridiculous We have our problems and the Russians have theirs It is a waste of time for us to try to excel in every field What we must do is excel within our own framework

WE ALSO HAVE TO RESIST the temptation of putting our heads in the sand on one extreme and fleeting when someone cries "the sky is falling" on the other.

In short, the Rusian advance must be viewed in the proper light and dealt with accordingly.

Speech Tryouts

Tryouts for the Speech Department's children production **Oh, Fudge** will be held tonight at 7:30 p.m in the Conradi Theater in the history building

The play, to be given January 15, 16 and 17 before a third grade audience, was written by Dr Ernest Bormann of the Speech Department.

There will be no rehearsal over the holiday and anyone is welcome to try out.

The Math Teaching club will hold a meeting at 7:30 p.m. Thursday in the Trophy room.

Critic Terms Singers' Concert 'Professional'

BY DIXON REDDITT

The Singers Christmas concert last Friday night only served to strengthen my convictions about this group. That is, I have never heard them do a bad concert. This means to me that they are the only music group on campus where inspired leadership and both capable and willing participants have aspired to and attained those qualities that I occasionally refer to as "professional"

AT THIS POINT I must do what science and philosophy do whenever they introduce a term and use it with special or specific meaning It is not enough to enclose the word in quotes or to hold up two fingers on each hand

I am aware that some people use the term "professional" in a derogatory sense but I am not one of these

TO ME "PROFESSIONAL" signifies all that is good and healthy, i.e., beautiful, in other word that state towards which we all inevitably must work. To me this term is synonomous with the very highest of technical and interpretative standards available to the performers in any field.

The implications of my judgement of the Singers is that if it were desired, they alone of campus groups could stand up under a review that was not expressly tailored for FSU. A further analysis of these implications is that the review that they merit would be even more glowing than the most "rave" of my reviews, given with campus considerations.

SOOOOOO, at this point what can one say?

Great hordes of people were turned away from the concert because of lack of space in Opperman Music Hall. The floor area was filled with hastily erected folding chairs and still many people were forced to stand One of the reasons for holding the concert in Opperman was for the sake of the organ, which figured prominently in several numbers. Even I, last year when I was naif, found no better description for the Westcott Organ than "funny and old." This is the selfsame organ which will be featured in January presentation of the Saint-Saens Symphony No 3, (the organ symphony,) with the FSU symphony.

Oh, well, lest I digress, I close by saying that the Singers program exhibited Dr Houswright's usual discrimnating good taste, and the Singers usual aptitude for an excellent performance of same I would say more but I must avoid being upbraided by my colleagues for saying that good concerts are good.

Dear Mama Seminole,

Maybe Georgie be home before moon is high overhead this Christmas vacation. Me hear that yoke of horse-co... about to be lifted by tribal elders Me glad, Mama While ... there. Georgie feel elders not trust him.

THIRTY SIX BRAVES and squaws picked to have na... book called "Who's Who in American Friendly Villages ... month. Georgie think name wrong Mama Should be ... Popular" not "Who's Who." Everybody marked ballot for ... Mama (especially Greek nation friends). Many hard ... braves and squaws included out; many social butterflies ... in. But me not think it real honor anyway. Me congr... those who got left out.

Many things take place at reservation since Georgie wr... last Mama One tribal elder say him gonna plant flowers ... sacred spring stand. Later him say it all hoax when brave... in protest Me wonder, Mama

ANOTHER THING MAMA. Group of young bucks ... reservation with "church keys" hanging from their necks ... rumor concerning their activities. Georgie hear that triba... frown on new group Mama. One thing sure though—... new record for fastest approval by Longmire chiefs

Speaking of Longmire teepee, Mama, not much going o... these days. Tribal council holding meetings on some-calle... apportionment. Seems Georgie been hearing about 'portion... for many, many moons now, Mama. Me hope council ... become so wrapped up in how to sit on council that they ... why they sit on council.

COUNCIL ALSO IS TAKING up matter of joining with ... Friendly Villages in NSA NSA is association of all tribes ... Only a few left out and Friendly Village among them. ... council members don't want to join, Mama, cause they sa... too friendly to blackfeet tribes. They no like to be frienc... blackfeet. Many Greek nations oppose NSA too Mama The... different reasons, but NSA and Greeks never too friendly to ... other.

But student chief for joining Him say we can't bury ... in the sand like ostrich and ignore other Friendly Villages ... ago when NSA man here, him plenty confident we would ... Now him plenty worried. Council members stall, Mama ... they no stall too long—them doing very little now

STUDENT CHIEF HAVE other troubles Mama Wasps ... his teepee and chase him around. But student chief brave ... kill hundreds of wasps in between duties of chieftainship

Flambeau story cause much talk Mama. It about ... food better on or off reservation Georgie eat both places ... Him think food better off reservation but takes much ... from wallet. Him think food best of all many many miles ... reservation—at home Me look forward to Christmas ... Maybe put some weight on

BIG EXCITEMENT around here as warriors head for ... Grass country to scalp some cowboys Cowboys ride herd an... this year Mamma, but Seminoles not afraid We gottum ... scalps on pole this year—one more won't hurt Many Sem... going to see battle Them chartering buses, trains and ... Poor ole Georgie can't even find a stagecoach going that ...

Georgie very disappointed over one thing Mama No can ... big battle on TV set in teepee recreation room No ABC ... tion or something everyone says. Georgie no understand ... soup so well but think it sure is shame that other Friendly ... can watch our warriors and we can't. Him think arrange... could be made somehow

GEORGIE HAVE TO do Christmas shopping now ... braves and squaws want special gifts. Georgie do his best ... Will write soon.

Your Loving Pepoose,
GEORGIE IV

Frankly Speaking

'Ape' Group Success; Exhibit Visual Treat

BY FRANK GUNTER

The speech department's presentation of Eugene O'N... expressionistic play "The Hairy Ape," proved to be an ... ing if not somewhat disconcerting evening It must certa... said that the cast and crew of this production worked ver... at interpreting O'Neill's play as they felt it should be done

And it was evident that the audience was watching a sincere group of people performing There were no real standout performances, no obvious attempts at carrying the play alone". But a real attempt at group success for the benefit of the production itself

PAUL SMITH WAS CERTAINLY physically right for the part, and though he is by no means a great new talent on campus he certainly proved himself as a serious hard working individual. Even if he sometimes bellowed more like a bull than an ape, he was genuinely moving in some spots—particularly in the jail room scene

Jack Bossoo was very fine in the smaller part of Long. Thank heaven someone on this campus can do a British accent and remember to let it stay in its place.

AS MILDRED DOUGLAS, Fay Dunaway was properly icy and 'dead'

However, there were some things that just flatly failed.

Scene III which should have been electric and plainly frightening fell flat Some people actually laughed at the girl's first meeting with the Yank in the stoke hole

AND WORST OF ALL the last scene when Yank is crushed by a gorilla. Please, please next time at least try to hide the seams in the gorilla suit. And you can't convince me that a man as big as Yank is going to be squashed as easily as it came off in this scene.

I didn't think the lighting good. Nor the scenery. Somehow lopsided architecture and egg shaped port holes belong in a Walt Disney cartoon. Not in th... Detached floating scenery ... right—but not to that ex...

And one more small ... fore I quit Please have ... one who knows what ... ing to make your signs ... ugly commercial art wor...

THE KAPPA ALPHA ... Print show at the museum ... is a real beauty There ... some gorgeous photograp... exhibit All of which have ... done by our own students ... ty

It is interesting to contras... very different styles of ... hibitors, which only goes ... that photography can be a ... personal means of express...

DICK PARKS has some ... finest photos I have eve... What he does with sha... amazing It would be diff... choose any one of his p... and say this is best. I ... imagine anyone having the ... of timing and awareness ... has. To be so aware and ... to your surroundings is ce... more than admirable. I... most uncanny. I'm sure ... night his eyes are exha... from having "seen" so ... one day

Evon Straatman is anothe... son with that quality of ... ty". How nice it was to se... ple as Evon sees them I ... most as if she runs all day ... trying to keep up with hu... while she clicks away ... are really some wonderful ... that she has caught seeming... laxed and off guard.

Gridders Taper Off For Bluegrass Tilt

By FRANK RAMOS
Flambeau Assistant Sports Editor

Florida State's Seminole footballers will begin tapering off in practice sessions as their game with Oklahoma State in the Bluegrass Bowl draws nearer.

The Seminoles find themselves in good shape physically. With ... Prinsi back in action and running "full speed" FSU can expect to go into the bowl game with every man available.

Head Football Coach Tom Nugent plans to have the team working out in sweat clothes this week. "We plan to work on conditioning and we'll work on sharpening our offense."

Oklahoma State has been having trouble in its practice sessions because of cold weather. The temperature dipped down into the low 30's.

TWO PLAYERS

The Cowboys have two very fine players in end Jim Wood and halfback Duane Wood. Both will play for the North in the annual Blue-Grey game at Montgomery, Ala. Dec. 27.

University of Oklahoma Head Football Coach Bud Wilkinson has called the Cowboys the finest team the Sooners met all year.

Over the weekend Nugent announced that 10 prospective student athletics have signed Florida State University grant-in-aid football scholarships.

Heading the list of signees was Eugene McDowell, 6-0, 180-pound guard from Waycross, Ga. McDowell was named co-captain of the AA all-state team. Another standout is Ben Stanaland, 6-2, 195-pound center who was named to the AAA all-state team at the starting center post. Stanaland is from Valdosta, Ga.

SUNCOAST GRIDDERS

Two Suncoast gridders signed with the Seminoles. Guard Joe Hajik a 220-pounder and Bill Renfroe a 190-pound fullback were both signed by Coach Paul Odum.

By position, prospects signed are:

Guards — Hajik, 6-2, 220, St Petersburg; McDowall, 6-0, 180, Waycross, Ga.; David Stanley, 6-0, 180, Sanford.

Tackles — Jessie Odom, 6-3, 225, Panama City; Page Conradi 6-1, 190, Thomasville, Ga.

Centers — Stanaland, 6-2, 195, Valdosta, Ga.

Halfbacks — —Cawood Arrington, 5-11, 180, Thomasville, Ga.

Fullbacks — Troy Pittman, 5-11, 190, Panama City; Bozey Thomas, 5-8, 8 10, Valdosta, Ga.

WAKE FOREST juniors who will see considerable action against the Seminoles Thursday night in Winston-Salem, N.C. L. to R: Dave Budd, Winston Wiggens, Charlie Forte and George Richie. Coach Bones McKinney in the background. All but Wiggens are starters.

Cagers Face Badgers Tonight; Wake Forest Thursday Night

By BEN BALSER
Flambeau Sports Editor

Florida State's basketball schedule moves into full swing this week as the Seminoles take on the Spring Hill Badgers here tonight at 8:15 and clash with Wake Forest in North Carolina Thursday night.

The Tribe gained the season's first victory Saturday night as Furman fell in a close one, 73-72.

The Badgers bring a versatile team to Tallahassee tonight. Everyone of Coach Bill Gardiner's first line crew can play two or more positions. Although there is only one senior on the squad, preseason expectations indicate it may be the best to represent the school since the 1951 squad which posted a 19-8 mark.

Jim Carney, the lone senior, usually opens at center and is the team's leading rebounder. Last year's top scorer, Al Irato is back and will open at center or guard.

Leigh Gorman, who played every position on the freshman team last season, hit for 27 points in the Badgers' opening win over St. Bernard.

Two sophomores, Tom O'Conner and Jack Gleeson usually open at guard for Spring Hill. For bench strength, Gardiner has to rely on sophomores.

Coach Bud Kennedy will probably start his usual starting five against Spring Hill. The team will have Hosh Durham and Don Bates at guard, Jim Litsky and Charley Tinsley at forwards and Dan Boltz at center.

At Winston-Salem, N. C., the Seminoles will meet a rugged Wake Forest squad which boasts seven lettermen. The starting lineup will probably be composed of three juniors, a senior and one highly-rated sophomore.

The juniors, all regulars last season, are forwards Dave Budd (6-6) and guards George Richie (6-0) and Charles Forte (6-0). The sophomore is a 6-8 center who was the frosh's leading scorer last season, Jerry Steele.

LONE SENIOR

The senior in the starting lineup is Olin Broadway, the team's captain and the second leading scorer on the team last season.

Reserve forward Jim Savage pumped in a one-handed jump shot with 51 seconds left in the game to give the Seminoles their first win of the season against Furman Saturday night.

Nellums' Last Second Shot Gives SAE Basketball Title

Bob Nellums, SAE forward, dropped in a jump shot with five seconds left in the game to give SAE a 54-53 victory over SN to win the Fraternity Intramural basketball championship.

Nellums was the game's high scorer with 20 points followed by teammate Neil Cowart with 17. Fred Kenney was high man for SN with 14 followed by Mike Depalmer with 11.

In touch football games in the Fraternity League Thursday there were three games played. PKP downed DTD, 20-12 and SN whipped PKA, 41-7. The SC-PDT game ended in a 7-7 tie and the winner was decided by the first down rule. SC had eight to the PDT five, so SC was declared the winner.

Tmorrow afternoon the Dorm-Independent league continues its football games. The Playboys meet BSU, while the 400 Club takes on the Wesley Foundation. The Psychology engages Senior Hall.

Gymnasts Sixth In Mid-West

A group of gymnasts from Florida State, headed by acting gymnastics director Jack Miles, finished sixth in the Mid-West Open Championships held at the University of Chicago Saturday.

There were 22 college teams and organizations entered and the University of Illinois came out on top. Illinois is coached by Charles Pond. Pond is the sponser of an organization titled Pond's Pelestrum which finished second in the meet.

Miles took a second place on the flying rings and second in all-around. Roger Webb, the team captain, finished sixth in calisthenics and Jack Ryder nabbed sixth in tumbling.

Miles stated that if the whole squad would have been there FSU might have captured fifth place. "The Mid-West meet is equivilent to a national championship now," said Miles.

"Our routines were flawless, but they just weren't good enough. As soon as we start meeting schools other than the small ones in the south, we may develop a squad to keep up with the best in the nation."

Fernando Lecoune and Chick Cioto also made the trip.

Swimmers Win Georgia AAU

For the third straight year, the Florida State swimming team captured the Georgia AAU crown Friday and Saturday night at the University of Georgia.

The Seminoles racked up a total of 93 points and the closest competitor, Georgia Military Academy had 61. It was the first meet of the season for the FSU tankers who posted a 10-1-1 dual meet record last season.

FLORIDA THIRD

The University of Florida finished third with 56 points and the talented freshman team from Florida State got 35.

Denny Flandreau, a frosh diver placed third, in the diving event and Paul Thompson another frosh placed in three events. Bob Weber, varsity diver won the diving event.

BASEBALL MEETING

All varsity baseball players are asked to meet with Coach Danny Litwhiler for a short meeting at 7 tonight before the basketball game in room 214 of Tully Gym. A captain for the year will be chosen.

LEGS, LEGS, IN THE "BEAUTIFUL LEGS CONTEST"

16 Coeds' Legs Competing In Service Fraternity Drive

Thirty-two legs of Florida State University co -eds are being used by the Alpha Phi Omega service fraternity to buy reading matter for the u niversity hospital.

Photographs of the lower portion of co-eds are now on display in the post office, identified only by the name of the entrant's sponsor.

Voting to determine which picture is of the "Most Beautiful Legs on Campus" began yesterday and will end Thursday at 4 p.m., according to Frank Tidwell, chairman of the contest.

The winner of the contest, which has been condoned rather than approved by university administrators, will be presented at the West Hall Playboy Formal Dec 12

Her picture (or at least a picture of part of her) will be sent to Playboy magazine for possible national acclaim, "but of course that's entirely up to her," said Tidwell.

When asked if the **Flambeau** could have a list of entrants' names, Tidwell said that in order to insure that only the designated part and not the entire girl is voted for:

"I'd rather not give the names out because we want to be sure that each entrant has an equal chance

"The sororities and dorms know the picture of their entrant, but that's all the information we've given anybody.

"I'm the only one that has the complete list of the names that go with the pictures "

Of the sixteen entrants, thirteen are sponsored by sororities and three by independent dormitories. The name of the sponsor is posted under each photograph

APO members will count the votes Thursday afternoon and the winner will be notified that evening according to Tidwell

"Our main worry right now" he added, "is that the pictures may be stolen."

No comment was made regarding why anyone would want to steal photographs of detached female anatomy.

Graduate Seminar

The Graduate Seminar, Arts panel discussion and debate will be tomorrow at 7:30 p.m.

When And Where

Mr. Donald Pomerantz will speak on "A Comparision of Franch and American Educational Techniques" at the P.S.U. Scholarship club in the Education Lecture Hall today at 7:30 p m. The public is invited to attend.

• • •

The Fifth Annual Marching Chief's Banquet will be held today at 5:30 p. m. at the Floridian Hotel. Dean Oglesby will be the guest speaker.

• • •

The Foreign Teacher Education Program will be discussed at a banquet in the Suwannee Room tonight at 6 p m

• • •

Freshman Flunkies will meet in Longmire auditorium tonight at 7.

• • •

There will be a panel discussion on "Darwinism vs. Neo-Darwinism" at the Oceanographic Institute Seminar tonight at 7 in 228 Conradi.

• • •

Film previews of "High School Prom", "You're in Charge", and "Family Affairs" will be held in the library lecture hall at 7.30 p. m today.

• • •

Sigma Tau Delta, English honorary, initiation will be held in Longmire club room tonight at 8 p.m.

• • •

Dr. Edwin S Overman will speak to the Insurance and Real Estate Society tomorrow at 7 p m. in the Weichelt room, Business School.

• • •

Representatives of the Riegel Textile Corp. will be in room 8, Longmire tomorrow from 9 a m. to 4.30 p.m to interview graduates and seniors interested in Sales and Administration

• • •

W. Fisher will speak on "Effects of Irradiation on Nucleic Acids" at the Biochemistry Seminar tomorrow et 12 noon in 306 Science

• • •

E G. Bayfield will speak on "Recent Researches on Accelerated Methods of Breadmaking" at the Food and Nutrition Seminar in 409 Home Economics tomorrow at 12 noon.

• • •

The Faculty Senate will meet in Longmire auditorium tomorrow at 3:30 p.m.

• • •

Phi Alpha Theta, history honorary, will hold a meeting and social hour in Longmire's large lounge tomorrow at 4 p.m.

• • •

• • •

Mr. Slaughter will speak at the Physics Colloquium on "Neutron Spectroscopy" tomorrow at 4:30 p.m in 301 Science.

• • •

Village Vamps will meet tomorrow in the Graduate lounge at 6:30 p.m.

• • •

The Student NEA meeting and Christmas party will be held in Longmire's large lounge at 7 p m. tomorrow.

• • •

The Landis Christmas coffee, honoring Mrs. Cary D. Landis will be held in the Landis parlor tomorrow at 7 p.m

• • •

Miss Florence Cole will speak on "Body Fitness" at the Recreation Society meeting tomorrow at 7:30 p.m. in the Tully gym

• • •

Representatives of the New York Life Insurance Co will be in 8 Longmire to interview seniors and graduates majoring in Sales on Thursday from 9 a m. to 11:30 a.m.

• • •

Astronomy club will show a movie, "New Frontiers of Space" tomorrow at 8 p.m. at the Planetarium, entrance south of Westcott stage.

• • •

Marion Tinsley will speak on "Projective Planes and Related Topics" to the Pi Mu Epsilon initiation ceremony tomorrow at 8 p m. in 213 History.

• • •

The Dames club auction and Christmas party will be held tomorrow at 8 p.m in the Longmire auditorium and club room

• • •

Dr James McDonough will speak on art at the University Wives meeting and social hour on Thursday at 2:30 p m. in the library lecture hall.

• • •

The Tallahassee Amateur Radio Club will hold a meeting Thursday at 8 p.m. in the Moss Room of the Lafayette Community Center. Mr Ed Tilton will talk about VHF and ARRL affairs.

• • •

Representatives of the Fifth U.S. Civil Reserve Region will be in the club room of Longmire to interview any interested students on Thursday from 10 to 11:30 a.m.

• • •

Representatives of the Immigration and Naturalization Service will be in Longmire's club room Thursday from 2 to 4 p m to discuss an examination to be given February 3 for the position of Immigration Patrol Inspector.

2nd 'Signals Issue Delayed

Arrival date of the second edition of **Smoke Signals** has been moved up to December 15, reports Ron Hamm, editor.

This is the first issue of **Signals** to be printed on off-set press This type of printing requires a page of type to be photographed before a printing plate is made

Time has been lost in sending the copy back and forth between Tallahassee and Miami in preparation for printing, Hamm said.

"The 4,200 copies will feature a large section on the Circus, including a five-page photo essay. There are also some surprise features," said Hamm

MAGICAL

Daughter dear—

Dorothy and I are both so pleased that you used your *JewelBase* and *JewelSeal* so conscientiously—and needless to say, that your nails are getting prettier every day! We're *both* clucking over you like mother hens!

I have a confession to make inspired by your gratitude I always thought my beautiful nails were due to my own ingenuity and natural endowments but Dorothy took me down a peg or two when she told me she's been using Juliette Marglen's *JewelBase* and *JewelSeal* on them for *years*! No wonder I keep a manicure ... so long in spite of, alas, ... every day!

Dorothy showed me another Juliette Marglen treasure today—it's called *SilverSeal* and I'm ... It was made to order for you! ... a really *magical* product that ... exactly the same formula as *JewelSeal*—but it's silverescent! You ... it over any colour, to "silver" as well as "seal" it. Dorothy says it's absolutely delicious *mixed* with colour—sort of like a pastel icing—... you'll love *that*! But pretty as ... the main point is that it's marvelous protection for your nails.

Relax I've already sent you two bottles of *SilverSeal* (two because I know you girls will be experimenting half the night with it). Have fun, dear. I can hardly wait to see your glamorous new Juliette Marglen fingertips! Love from us all,

Mother

Seminoles, OSU Gird For Bluegrass Battle

★ ★ ★ ★ ★ ★ ★ ★

300 Aboard Special Train; Seats Are Still Available

A university-chartered train with students, local fans and the Marching Chiefs leave from Thomasville, Ga., tonight for the Bluegrass Bowl Game.

Seats are still available on the train which can carry up to 400 people, according Athletic Ticket Director Eddie Cubbon. He reported around 300 reservations had made by Thursday morning.

"We'd like to get a minimum of about 50 more to go if we could," Cubbon said.

Students who decide to go at the last minute may still get on the train without making advance reservations.

Free tickets to the game, donated by Tallahassee merchants, are being given to all students going on the train Cubbon said enough free tickets will be available for everyone, including latecomers. Train fare is $23.65 for coaches and about $80 for pullmans.

Decision to send the band to the game guaranteed enough reservations to charter the train, which will include eight coaches and two pullmans. More than 160 band members and staff are to make the trip.

Departure time is 7 p.m. from Thomasville, Ga., station. The train will arrive in Louisville Saturday morning and leave for the return trip to Thomasville at 8 30 p.m. Saturday, arriving about noon.

The train may be boarded any time after 6 p.m. Cubbon said, urging those going to be there at least a half hour early if possible.

A special chartered plane will also carry Seminole rooters to Louisville for the game. The football team will be on the first flight, leaving at 9 this morning.

The second flight with about 50 people will leave at 5 p.m today and return at 2 p.m. Sunday.

Cubbon said overall ticket sales for the game were moving well, according to reports from Louisville.

A state Board of Control meeting in Miami Friday will prevent President Robert Strozier from attending the bowl game.

Of other university administrators, only Business Manager Rod Shaw will be able to be present.

Mayor Davis Atkinson will represent the City of Tallahassee at the game.

It was uncertain yesterday whether Gov. LeRoy Collins would be able to attend because of a previous conflicting engagement in St. Petersburg Friday night. A secretary said the governor was still hoping to see the game but probably could not make it.

State Agencies Furnish Funds For Marching Chiefs

The State Development Commission announced Wednesday it contribute $5,000 towards sending the Florida State University Marching Chiefs to the Bluegrass Bowl Game Saturday.

An additional $1,500 donated by the State Department of Agriculture will provide full expenses for the band's trip to Louisville.

Whether the band would perform at the bowl game was in doubt earlier this week due to lack of funds for the trip.

Donation of state funds made certain the band would be able to go and also insured chartering a special train to carry the band, students and other Seminole fans.

Taking advantage of the game's national television hook-up, the band's 10-minute performance at half-time will be used to promote Florida.

Explaining the donation, Dean Bafford, Development Commission assistant promotional manager, said more time on national television could not be obtained for the price.

The contribution is in line with the ideas and purpose of the commission in promoting the state, he added.

Sen Wilson Carraway, Tallahassee, chairman of the Senate Appropriations Committee, announced the Development Commission's decision.

About 164 band members and staff will make the trip to Louisville.

Under the direction of Manley R. Whitcomb, the band's half-time performance is designed to show Florida's importance industrially, culturally and as a vacation land.

The Chiefs will form a rocket for Cape Canaveral, Bok Tower, a palm tree, and a map of Florida to carry out the theme.

L'VILLE COLD

Temperatures in Louisville will probably not push higher than 30-35 degrees tomorrow, according to the Tallahassee Weather Bureau.

The meteorologists said skies over the Bluegrass Bowl will be "considerably cloudy," though snow or rain are not definitely expected.

'Ages Of Man'

Sir John Gielgud To Appear Tonight

BY PAT GUTHRIE
Flambeau Staff Writer

Sir John Gielgud, British Shakespearean actor, will give a performance of "Ages of Man" tonight as the second Artist Series production of the season.

Tickets can now be obtained by students with activity coupon 13 at the Westcott Ticket Office, where tickets are on sale to the public at

Mrs Ruth Tate, in charge of the office said "tickets have gone fairly well but there will be a supply on hand immediately prior to the performance.

The ticket office will be open from 7 30 p.m till curtain time 8:15 in Westcott Auditorium.

Youth, manhood and old age are the three ages of man as seen through the eyes of Shakespeare as depicted in the three part program.

Based on George Bylands' Shakespeare Anthology, the program includes texts from **Hamlet**, **Midsummer Night's Dream**, **Twelfth Night**, **Romeo and Juliet** and **Julius Caesar**.

"Ages of Man" has been seen from Edinburgh to Milan. At Amsterdam it was hailed as the most individual artistic event of the Holland Festival. The Edinburgh Festival Society named it the most successful and imaginative theatrical venture of those four given the society's official blessing yearly.

Gielgud has played many of the roles he will display tonight. Among these are Hamlet, King Richard, Romeo, Mercutio, King Lear, Prospero, Macbeth and Cassius.

Cassius was also the role played by Gielgud in the American movie **Julius Caesar**, produced in 1952 with Marlon Brando.

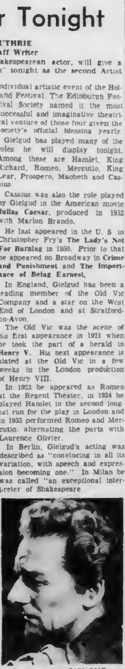
He last appeared in the U. S in Christopher Fry's **The Lady's Not For Burning** in 1950. Prior to that he appeared on Broadway in **Crime and Punishment** and **The Importance of Being Earnest**.

In England, Gielgud has been a leading member of the Old Vic Company and a star on the West End of London and at Stratford-on-Avon.

The Old Vic was the scene of his first appearance in 1921 when he took the part of a herald in **Henry V**. His next appearance is slated at the Old Vic in a few weeks in the London production of Henry VIII.

In 1923 he appeared as Romeo at the Regent Theater, in 1934 he played Hamlet in the second longest run for the play in London and in 1935 performed Romeo and Mercutio, alternating the parts with Laurence Olivier.

In Berlin, Gielgud's acting was described as "convincing in all its variation, with speech and expression becoming one." In Milan he was called "an exceptional interpreter of Shakespeare



SIR JOHN GIELGUD

Fla. Folklore Is Topic Of Coffee Hour

Addressing the English Coffee Hour this afternoon will be a collector of Florida folklore, Dr. Elwell Reaver of the English faculty.

Coffee Hour will convene at 4 o'clock in the Westminster House.

Dr Reaver, who has entitled his talk "Florida Folktales and Legends", will point out the contributions of other countries to Florida folklore and read some of the tales.

He will use as examples tales that have been collected by people living in this state.

These stories run from Seminole myths and their creation to the present time, including the Legend of the Spanish moss and legends from St. Augustine.

Dr Reaver has recently written a textbook with Dr. George Boswell of Tennessee, entitled, **The Fundamentals of Folk Literature**. The book is scheduled for publication soon.

He is presently serving as first vice-president of the Florida Council of Teachers of English.

TWO ALL-AMERICAN'S IN ACTION tomorrow in the First Annual Bluegrass Bowl will be Florida State University's All-American junior fullback, Fred Pickard (right) and Oklahoma State University's All-American senior end, Jim Wood. The game will be nationally televised over the ABC Television network and locally over the Seminole Football Network via radio station WTAL at 2 p.m.

Over National TV; Weather Is Factor

By FRANK RAMOS
Assistant Sports Editor

With their first national television appearance a little over 24 hours away Florida State's Seminoles today left by chartered plane for Louisville and the Bluegrass Bowl.

The Seminoles' opponent, Oklahoma State University, left Stillwater yesterday for Louisville.

When asked would the cold weather affect the team's play Florida State Head Football Coach Tom Nugent stated, "Yes, it will affect our play It will be the first experience in cold weather for most of the players." Nugent added that the degree of coldness will also have quite a bearing.

"But," Nugent continued, "No matter how cold it is, or how long it's been since the team's last game, the team that wants to win the most, will win."

The Seminoles will go into the game as both favorites and underdogs. According to Midwest oddsmakers the OSU Cowboys are six and one-half point favorites while in the Sunshine state the Tribe is rated as a three point choice.

Once again the FSU line will be vastly outweighed but this time the backfield will also be on the short end of the scales.

"They're a lot like Georgia. They're big and tough up front and play a lot of hard-nosed football."

Commenting on the Cowboys' backfield Nugent called them one of the best passing teams in the nation. "They're not written up as a passing team but they've got one of the finest passers in Dick Soergel and a real good end in Jim Wood."

Wood is considered by his coach Cliff Speegle to be the finest player in the nation. When the Univac machine rated Wood as the second best player, Speegle raised the question, "How could Wood be second to anybody?"

The Cowboys have big strong runners and use a lot of wide stuff. This was disclosed by the FSU coaching staff after viewing the OSU game films with the Air Force, Tulsa, and Oklahoma.

"The Cowboys have some real standout players," said Nugent "They've got a good tackle in Jim Howard." Howard is the State cap-

(Continued On Page 3)

Bluegrass Will Be Viewed On Local TV

Local television station WCTV will carry tomorrow's Bluegrass clash, station manager Joe Hosford told the **Flambeau** late yesterday afternoon.

This announcement reverses a previous indication that the station would not be able to screen the game, to be seen nationally over the American Broadcasting network.

Harry Wismer, veteran ABC sportscaster, will announce the contest, beginning at 2 p. m. tomorrow.

Hosford said WCTV does not have facilities to carry all three networks To show the ABC telecast a temporary line had to be set up.

"We made a request for facilities to carry the game the day after Coach Nugent's decision to play in the bowl," Hosford said.

This request went to American Telegraph and Telephone Co., which controls most of the country's long radio lines.

Station officials here negotiated with AT&T and "the company just advised us they could provide the facilities," Hosford said yesterday.

Miss Jane Adams, director of Longmire building, has announced a "television watching party," for viewing of the Seminoles' meeting with Oklahoma State.

The party will be held in the Longmire basement. Coffee will be served, Miss Adams said.

Station WTAL will carry the Seminole Football Network radio broadcast of the game, starting at 1:50 p m.

Bill Snyder will give play-by-play description, with Jack Edger adding "color." This pair has announced all FSU's football games this season.

Clark Behind Move

Senate Votes Investigation Of Flambeau Problems

BY BUCKY CANON
Flambeau Editor

With near unanimous sentiment, student Senate Wednesday undertook an "investigation" of the **Florida Flambeau**.

"I've heard a lot of complaints this year and a lot of improvements can be made on the Flambeau," senator Ronnie Clark, author of the resolution, stated. Other senators said they shared Clark's views.

A five man committee, with Clark as chairman, was set up to carry out the "investigation." "I hesitate to use the word 'investigation', but I guess that's what it is," Clark told his fellow solons.

The group will work 'with the **Flambeau**, not against them," Clark emphasized. 'They have a lot of problems which we could help them solve."

VAN SAYS NO

A firm "nay" was cast against the investigation resolution by junior senator Charles Van, who charged such a committee "could pressure the **Flambeau** into writing what we want."

"We're not going to run the **Flambeau** out of their office or anything like that," Clark came back.

"I think the **Flambeau** is objective and broadminded enough to take criticism. I've heard lots of complaints from student government people and people I represent," he added.

He listed these as complaints: the paper is not in accordance with public opinion, poor editorial page, no follow-up on news stories, lack of male talent on the staff, and misrepresentation of student government news.

Several other senators tacked on new complaints. Senator Linda Hobbs charged the newspaper with having uninformed columns and inaccurate reporting.

"The Senate invests $25,000 a year in the school paper. I think we have an interest in helping them solve their problems," Clark told the Senate.

He pointed out a similar committee had improved the Honor Court last year.

Senator Van charged the committee with being nebulous in powers. "Are they going to tell the **Flambeau** staffers how to write?" he asked.

See Editorial, Page 2

Clark said the committee would investigate the paper's finances, staff problems, and student opinion of the **Flambeau** and attempt to improve the paper on the basis of this information.

Appointed to the committee with Clark, were Senators Hobbs, Mygnon Champion, Bill Whitehead, and Pete Christman.

In other actions, Senate:

Passed a bill requiring expense estimates 11 days prior to the election and requiring the Secretary of Election to notify candidates 24 hours in advance of the deadline.

Passed a constitutional amendment which brings the wording of the Board of Publications article into conformity with actual practice.

Heard a report that the reapportionment committee was considering a bicameral legislative setup.

Approved the appointments of Phil Degnon and Jackson Ascbrel to the Welfare committee.

Postponed a vote on a bill introduced by Jim Apthorp to create a presidential assistant.

MOORE TO ATTEND GAME

Student Senate Wednesday approved providing funds to send Student Body President Art Moore to the Bluegrass Bowl Game.

Student government funds will also pay expenses of sending Homecoming Queen Arielou Johnson to Louisville for the game.

Moore told the **Flambeau** he is planning to attend the game He will escort Miss Johnson and perform other official duties in representing FSU.

Sen. Carl Butler, who introduced the resolution, said he felt it is only fitting that the FSU student government be represented by its president and homecoming queen.

PARTY MEETS

Collegiate Party held an organizational meeting Wednesday night with Chairman Bruce Brown presiding. Members present were delegated to recruit personel for the forthcoming joint fund drive with the Student Party.

Alton Recital Monday Night

William Alton will present his senior piano recital Monday at 8:15 p.m. in Opperman Music Hall.

The program, open to the public, will include Schubert's **Allegro Assai**, Bach's **Partita No. IV**, Beethoven's **Sonata, Op. 109**, and Bartok's **Sonate**.

Alton, in the studio of Edward Kilenyi, was first place winner in the recent Shreveport, La., Symphony Auditions. He won over 24 other contestants from six states.

Frosh Honorary Initiates Eight

Terrie Jones led eight recent initiates of Alpha Lambda Delta, Freshman scholastic honorary, with an average of 3.84 for the spring semester.

Miss Jones, who came to FSU at the beginning of the spring semester, as a freshman, completed the hour and quality point requirements to become a sophomore this fall.

Other Alpha Lambda Delta initiates were Elinor Anderson, Margaret Arnold, Margaret Diehl, Julia Hobbs, Mary Johnson, Linda Mauld, and Evelyn Simpson, all with 3.5 averages.

The initiation was led by president Charlotte Goodman, and Alpha Lambda Delta sponsor, Dr Lynette Thompson.

ROTC Drill Team Performs At Bowl

FSU's Army ROTC Drill Team will perform at the Bluegrass Bowl this weekend.

The team will perform drill formations at the game but it is not now known whether this will be prior to the game or during half-time said Sgt. Carl Brannoh.

The 24-cadet team, which left by car this morning, will be under the direction of Capt Robert Kessler and Sgt. Paul Goff.

They will be billeted at Ft. Knox, Ky. tonight and tomorrow Ft. Knox is 30 miles from Louisville, the scene of the game.

TWO MILLION, THREE HUNDRED SEVENTEEN THOUSAND DOLLARS—Are the beautiful figures on this check that is being accepted by President Robert M. Strozier from Walter Keyes, Regional Director of the Federal Housing and Home Finance Agency. The money will be added to the Florida State University building fund for construction of badly needed dormitories.

University Singers On NBC Hookup

Last Friday's Yule concert by the University Singers will be heard nationwide December 23.

The Mutual Broadcasting Company will present the Singers, directed by Dr. Wiley Housewright, in a Christmas program from 4:05 to 4:30 p m on that day.

The 25-minute program was taped for Mutual by the University Broadcasting Services, Roy Flynn, director. WTAL arranged for the national broadcast with Mutual.

Some numbers included are "Angels We Have Heard on High," "The Babe So Sweet," and "Carol of the Drums."

Housing Check Increases Fund By $2,317,000

A check for $2,317,000 was presented to Florida State University by the federal Housing and Home Agency, according to Rod K Shaw business manager.

"The check represents a federal 40 year loan," said Shaw "and will be paid back with three per cent interest."

"It will go in the State Treasurer's building fund for FSU, and will be drawn on monthly to finance the two new dormitories going up near West Hall and Florida Hall."

"I hope the women's dorm will be completed in September, and the men's by the following February," he said.

"They're right on schedule now, because there has been good weather and no kind of other interference to hinder work."

One dorm will house 563 men, and the other 270 women students.

The loan will be added to a $900,000 supplementary appropriation received earlier.

Flambeau Editorials

Way To Improve Flambeau Lies With Board Of Publications

Wednesday the Student Senate voted to establish a committee to "investigate" and "work with" the **Flambeau.**

Such an action is unprecedented in the history of Senate-**Flambeau** relations. It impels us to look into both its causes and its possible results.

EACH YEAR, it seems, a feud springs up between the two institutions. The solons resent **Flambeau** criticism of their actions and use the Senate floor to defend themselves.

This year, however, the **Flambeau** has so far been editorially neutral concerning the Senate. No editorial about that body has been written at all.

NEVERTHELESS THE FLAMBEAU seems to be resented by a small group of senators. Why? We don't know. Perhaps they are still fighting the feuds of former years. Whatever, the reason, they seem to be getting their way in the Senate.

We cannot challenge the right of the Senate to undertake such an investigation. Indeed, as Senator Ronnie Clark pointed out $25,000 of the students' (not Senate's money is invested in the **Flambeau.**

UNDOUBTEDLY THERE ARE complaints from many quarters against the **Flambeau.** We have yet to see the newspaper against which complaints were not directed. Certainly we, as a non-professional publication, can not claim even near perfection.

We have a group within the student government to which such complaints can be channeled. That group is not the Senate. It is the Board of Student Publications.

All five student members on the Board gain office through the democratic process (three directly, two indirectly).

This Board has no other function than to supervise the overall production of the campus publications.

And this Board was established for the rather obvious reason of keeping the publications free of student government control.

The **Flambeau** here pledges its cooperation to the Senate committee in obtaining any information about our operations they wish for their report.

BUT THE FLAMBEAU cannot and will not submit to any control, direct or indirect, which the Senate or any other branch of the student government may attempt to impose on us.

To retain our objectivity in reporting and commenting on student government news, we must remain independent. We have seen to many college newspapers become nothing but a house organ for the student government. This shall not happen here.

The **Flambeau** is the students' newspaper, however. You, as students, not only can, but should, have your say about our policies and methods of operation.

Such opinions, however, must be separated from those of student government officials who are dissatisfied with our reports and editorial coverage of their activities and would tell the **Flambeau** what to print concerning themselves.

We have no quarrel with the Senate. Their investigation may prove informative to all. If, however, the senators are really interested in improving the **Flambeau**—and not controlling it—we would urge them to respect our autonomy from student government and come before the Board of Publications with their case.

Committee Is Vehicle Of Opinion

The Women's Senate has a social regulation and codifying committee which meets weekly to discuss women's social regulations. Last week this committee asked the Dean and assistant Dean of Women to sit in on their meetings.

THE REASONS GIVEN for such a move are that the committee could receive clarification and administrative opinion immediately. These are steps which must be taken eventually.

It seems, however, that the senators have lost sight of a more important consideration.

THE COMMITTEE IS the level of Senate where student expression is crystalized into a definite form. It is here that the representative should be most aware of the feelings of the women who elected her.

The criterion is how precisely do the conclusions of the committee summate student—not administrative—opinion.

IF THE COMMITTEE at work enmeshes administrative views into its thinking process, its finished product cannot possibly be entirely representative of the women voters. A vital area of Women's Senate will be failing to fulfill its responsibilities to the student.

During the formulative stage, it is imperative that committee expression be free, representative, and uninfluenced. Can this be done with administration officers present at every minute of every meeting?

All of this is not to discount the significance of teamwork with the administration. On the contrary, this is essential once the committee has finished its labors.

BUT WE FEEL the committees of Women's Senate should pride themselves on representing the student mind and being able to tell the administration exactly what the students want.

The administration would give more consideration to student opinion when it is positively stated than when they themselves are called upon to help formulate it.

The Chopping Block

'Win Or Else' Today's Cry

BY LARRY BLOCK

The day before yesterday on the sports pages of most newspapers appeared a story that a football coach of a well-known university had resigned.

The implication was that he was "forced" into this move.

THIS IS NOT AN UNUSUAL occurrence in college football today ever since the "old college try" went out the window and win or else became the motto of major college gridiron powers.

Football today is big money. Bigger stadiums are being built for the purpose of attracting larger crowds, scholarships or grant-in-aids have increased along with extra "donations" by powerful alumni who have little patience with losing teams and most of all losing coaches.

MIDWEST FOOTBALL COACHES, including some of the top names of the profession, found effigies of themselves in flames hanging from the highest tree due to poor and disappointing seasons.

The university boards, who appoint head coaches, hold a man's livelihood within their hands. In good times only words of praise and well-wishes are forthcoming, but should a recession, football wise, set in words change and a head coach starts talking to himself as one mentor in the Deep South found out this year.

THATS NOT A PLEASANT thought for a man with a wife and children to support.

Because a team has a bad year, or years in this case does not mean a school has a bad coach. If a team has a good season followed by a poor one—is it logical to assume the coach is a poor one?

The real answer in most cases, is that the other teams have better players.

BUT THE CRY of the wounded rises up into a mighty roar and so a head must fall. Unfortunately it is that of the coach.

Resolved: all coaches will from this day on have nothing but winning seasons.

Kay Writes

College Boys Come In Assorted Sizes; Have Same Creed

By KAY WRIGHT

"Know thyself." A necessity for happy and successful living. To help the college student know himself, the Mississippi State **Reflector** reprinted an essay from the **Queen's Journal,** which I now present to you.

BETWEEN THE SENILITY of second childhood and the lighthearted lechery of the teens, we find a loathsome creature called the college boy. College boys come in assorted sizes, weights, and states of sobriety, but all college boys have the same creed:

To do nothing every second of every minute of every day and to protest with whining noises (their great weapon) when their last minute of inertia is finished and the adult male takes them off to the Employment Office or the Draft Board.

College boys are found everywhere — breaking train windows, tearing dow ngoal posts, inciting riots or jumping bail. Mothers love them, little girls love them, big girls love them, middle-sized girls love them, and Satan protects them.

A COLLEGE BOY IS LAZINESS with peachfuzz on its face. Idiocy with lanolin in its hair and the Hope of the Future with an overdrawn bankbook in its pocket.

A college boy is a composite—he has the energy of Rip Van Winkle, the shyness of a Mr. Macawber, the practicality of a Don Quixote.

HE LIKES GOOD LIQUOR, bad liquor, cancelled classes, double features, Playtex ads, girls on Football weekends He is not much for hopeful mothers, irate fathers, sharp-eyed ushers, constables, alarm clocks or letters from the Dean.

A college boy is a magical creature — you can lock him out of your heart, but you can't lock him out of your liquor cabinet. You can get him off of your mind, but you can't get him off your expense account.

Might as well give up, he is your jailer, your boss, and your albatross—a bleary-eyed, no-account, girl-chasing bundle of worry. But when you come home at night with only the shattered pieces of hope and dreams, he can make them mightily insignificant with four magic words: "I flunked out, Dad."

Hairy Ape Reviewer Criticized

TO THE EDITOR:

Just who told Frank Gunter he knew anything about reviewing plays? Certainly after his ignorant reviewal of **Ring Round the Moon,** he should not have been allowed to attempt reviewing the **Hairy Ape.**

TRUE, THE CAST of the production did interpret the play the way they felt it should be done. Would they interpret it the way they felt it shouldn't be done? Surely even Mr. Gunter has more intelligence than that.

Paul Smith did definitely "bellow" in the play. This was what Eugene O'Neill wanted, and therefore was properly interpreted. If Mr. Gunter bad to criticize he should have criticized O'Neill, not Smith.

JACK BOSSON did do a "very fine" job, but this is not justification for omitting some of the other fine jobs—and there were others—simply because they aren't personal friends.

Faye Dunaway was not "properly icy and dead". If she was icy and dead, and in my opinion she wasn't, her part was misinterpreted. She should have been, and was, very intense.

Scene III was perfectly acceptable if it evoked laughter. William Bendix played Yank in the Hollywood version, and the stokehole scene was one of the funniest.

MR. GUNTER SHOULD HAVE had enough forethought to read the play, or at least a critique of it; then he would have realized that the entire thing was staged as it would have looked through Yank's warped vision.

THE FLAMBEAU did a very good job in its previews. Perhaps Mr. Gunter should have read the paper he writes (?) for. Walt Disney and expressionistic drama are definitely unrelated.

The comment on the signs was completely uncalled for, and in very poor taste. Mr. Gunter's job was to review the plays—not the advertisements. Even then he failed at both.

FORTUNATELY, THE REST of the audience didn't respond as Mr. Gunter did. For the first time in eleven years the speech department had two full houses for a play, and they were competing with a Christmas concert and a basketball game.

Sincerely
HELEN MONROSE

Apparition Visits Faubus On Christmas Eve

(Editor's Note: Columnist Ferluga here presents a fictional satire which will be concluded in Tuesday's issue).

By BOB FERLUGA

(Apologies to Charles Dickens' also to those members of the campus community who will make too liberal an interpretation of the ensuing satire)

Ebenezer Faubus relished power. He could sit endlessly examining and re-examining the latest public preference polls or the pro-Faubus turn out at the most recent election, stopping only occasionally to look up at his treasured quotation on the wall:

"IF I CAN FIND OUT what people hate most I can build a new political party around it."—William Lemke.

This particular evening, the eveoing before Christmas Eve was like most. He had finished his last invective and was sitting, counting . . . considering . . . "what shall I be next . . . Senator . . . Presidential candidate" . . . a better, more appropriate position came to mind . . . "I wonder if they have elections in Heaven," he thought to himself.

He was about to ponder this tidbit further when he became aware of another's presence in the room. Turning he discovered was he first conceived to be a character from a mascarade; it wore high polished leather boots, the uniform and medals of a Prussian officer and a big military hat with a bill that came down near its eyes. tI was the appearance in those eyes that assured Ebenezer this was no mortal man.

"WHO ARE YOU" Ebenezer tremblingly asked.

"Oh come now, Ebey, you know me well, you've seen me a million times Why just the other day when you were denouncing the court I was out in the crowd encouraging them, applauding you. You've seen a lot of me lately."

"I don't know what you mean, Who are you . . . What are you any way"

THE APPARITION SEEMED momentarily almost hurt. Then he smiled and said, "Well it looks like I'll have to show you. Take my arm."

Ebenezer's first impulse was to call for the National Guard but he quickly realized what was sufficient courage for dealing with nine scared Negroes seemed altogether insufficient in the present case. He reluctantly complied.

Almost instantaneously he found himself with the apparition on a strange street. He deduced from the signs in the locality that this was some foreign country. Ebenezer didn't like foreign countries "They were full of foreigners," he keenly observed.

His mind was suddenly drawn to a commotion in the streets growing ever closer. As the situation grew clearer he realized that a group of young hoodlums was attacking an elderly man. In the midst of the shouts and cries of derision, Ebenezer frantically inquired of the specter, "Why doesn't someone help him, why don't they call the police."

"The police," the specter inquired wistfully, "the police, it looks to me like the mob needs no further help."

"No further help, Ebenezer cried, "but the Law, is here to protect this man is it not?"

"The Law is what you make it . . . this man is a criminal"

"What is his crime?"

"He was born a Jew."

A long smile spread across the apparition's face And then, with no warning, they were once again transported miraculously to [an]other place. They were stand[ing] on a hill overlooking a [...] stadium like structure Insid[e a] political rally was taking pla[ce].

"Listen to those cheers [...] even I didn't get such a [tu]multuous ovation in Little R[ock] after . . ."

"That's because you're a [...] amateur. With a look of [...] much reminiscent of the exp[...]

Another Criticism

TO THE EDITOR,

I have just finished reading Frank Gunter's critique of the Speech Department's production of **The Hairy Ape.** He obviously knows nothing about expressionism of the theater. Also, he obviously knows nothing about O'Neill. It seems to be that Mr. Guoter is trying very hard to be a drama critic, but he definitely lacks the know-how in order to be able to do it correctly.

I AM QUITE SURE from the comments that I have personally heard of students and townspeople that have seen the show that their opinions are not at all like Mr. Gunter's. It apepars from this that your critic (?) has "missed the boat" on **The Hairy Ape** as he did when he saw **Ring Round The Moon.**

What has happened to the quality of the **Flambeau?** Your writers and critics in the past have been competent. Why all of a sudden, this new policy of illiterates?

I STRONGLY SUGGEST that Frank Gunter either learn before March something about theater or else that he not be allowed to write the theater raviews anymore. It is apparent he knows nothing about this medium. Here is an example! Quote. "And one more small thing before I quit. Please have someone who knows what they're doing to make your signs. Really ugly commercial art work."

Does Mr. Gunter know that our technical director, Mr. Reimer, has an M.A. in art? Does he know that Mr. Reimer is considered one of the best technical men in the South? No! It is quite apparent that Mr. Frank Gunter does not know any of this.

I USED TO DO ART critiques for the **Flambeau** my sophomore year and if I didn't know enough about the style or period of the exhibition, I would do some research on the subject. Therefore I could write my article as good as possible.

Also, any personal feelings I had about the display would be expressed as such. I suggest Mr. Gunter do the same thing from now on. In fact, he should start right now on reading all he can find about the interpretations and past productions of Shapespeare's **Twelfth Night.** Then maybe by March, when the Speech Department does this production, he will be competent enought to write it. However, I still have my doubts.

Contention

Kasper Beginning Hitlerlike Group

BY HERB SCHMUCK

The latest news concerning the ignoble race baiter Jo[hn] Kasper, is enough to make most peoples' stomachs turn He a[nd] his newly formed Hitleristic movement has demonstrated to w[hat] extreme racial bigotry can be carried.

SYNDICATED COLUMNIST, Drew Pearson, has recently c[...] a series of articles on the origin of hate that has been trag[ically] dramatized by current bombings of schools, churches and sy[na]gogues. The facts in this column are based on a secret mee[ting] that Pearson was able to report.

About a week and a half ago Kasper and six of his m[ost] ardent followers met and proclaimed an underground movem[ent] fashioned after Hitler's early Nazi activities. They vowed am[ong] other things, to deport every Negro to Africa and strip all Je[ws] of their American citizenship.

KASPER, WHO HAS RECENTLY been on trial for stirring [up] racial riots in Tennessee, is suspected of being the instigator [of] the Clinton High School blow-up. At the meeting he told [...] agents that he was glad that someone had bombed the sch[ool] ". . . it will give other people ideas," he asserted.

John Kasper is a fanatic who admits being one. First [he] declared emphatically that the group he was forming would adh[ere] to Hitler's policies. Then he maintained: "Fanatic as it m[ay] sound, everyone else is wrong and we're right"

After it was decided that a uniform dress should be adop[ted] by the organization, Kasper appointed himself as the chief [of] staff. Now a name for the group had to be formulated.

A SUGGESTION WAS MADE that the old German-Americ[an] Bund be used but that was discarded as old hat. The party [of] National Reform was considered but Kasper objected that th[ere] were already too many nationalistic and reform parties.

The racial agitator already knew what he wanted to call [his] group so when everybody had contributed their suggestion a[nd] had it rejected he declared what the name of the party would [be].

THE NEW NAME for Kasper's organization is the WH[...] party. That's short for the Wheat in Our Bread party Kasp[er's] good friend Ezra Pound, the infamous American turncoat, thoug[ht] of the name.

He got the idea from a group of British housewives who de[]manded that the government put the wheat vitamins back in th[e] bread. Evidently Kasper thinks that the United States needs so[me] of his kind of vitamins to enrich American democracy.

JOHN KASPER'S small-scale Nazi movement is amusing—[...] nothing else. However, it should not be laughed at and th[en] forgotten.

There are some people around nowadays—not necessa[rily] fanatics—who could easily slip into Kasper's category. They a[re] agitators—racial or otherwise

Some of these people—the self-styled heroes of the rac[ial] issue, segregation, Civil Rights, or whatever you want to call it—come in small packages like Kasper Others come in large pack[]ages like Hitler

Nobody pays too much attention to them until they becom[e] big packages. Then it's usually too late.

Florida Here For First Time

IN THE PRESSBOX

By BEN BALSER
Flambeau Sports Editor

Aside from the ones on TV and at the local cinema, Coach Nugent and the Florida State football players have been see- Cowboy movies for the past two weeks

The Cowboys, of course, representing Oklahoma State Uni- ty which is located in Stillwater, Okla. The purpose of ning the movies of the Cowboys in action against three nents, Tulsa, Oklahoma and the Air Force Academy was to out just what makes this Oklahoma State team tick

The full valoe of these movies cannot be appreciated till think about the fact that this is the anly way FSU can d sat anything about the Cowboys and vice-versa.

And it s our bet that the movies were run and rerun so much they are probably close to being worn out. Nugent has prob- watched every man in an Oklahoma State uniform a hundred

By now Nugent probably knows in which direction the Okla- State right tackle will move if Fred Pickard fakes through hole. And if the right tackle doesn't move, Nugent knows the nole who must take him out of the play.

No doubt Coach Cliff Speegle has studied the FSU movies so that he imagines he thought up the 'T' formation himself.

E CONCLUSIONS

There were several conclusions drawn from watching the boy movies and reading the press releases from OSU: (1) Oklahoma State team has a good solid line (2) Oklahoma has a big fast backfield and (3) the Seminoles will assume usual role of underdog in this game

Now to elaborate on the conclusians. After watching the ms and taking apecial note af the Cowbova' line Nugent said, e are thankful, for the first time this year, that we played orgia and Florida. That Oklahoma State line is as big and mean as the Gatars ar the Balldogs—that will mean trauble Louisville."

The speed and weight of the OSU backfield is also a major to overcome "They are bigger per man than any team has ever played." Nugent said. "Three men in the starting weigh 185 and the other weighs 190. They don't have one at can be brought down easily without gang tackling."

NG TACKLING

In the three games that FSU saw OSU play, the key to victory gang tackling, something the lightweight Seminoles alwaya to do

Now about that underdog role The Seminoles can hardly be ng else in this game. Where the Tribe in ankle deep in the Oklahoma State team is waist deep. The Seminolea be outweighed, outmanned and outnumbered, but that's the Nugent and his "believers" like it.

South Carolina, Alabama and Kentucky, who were also under grass consideration would have to play underdogs to this Cow- bunch The Seminoles seem overmatched

But it seems that overmatched is the best position you can Florida State football team into if you want them to come swinging and scoring plenty of points, if not completely g down the opponent.

Seniors Play Final Game

(Continued From Page 1)

tain and tips the scales at 212 pounds.

"Their whole backfield looked good." Nugent picked out Duane Wood and Jim Wiggins, halfbacks, and Larry Rundle, OSU halfbacks, as looking especially good

STARTING LINEUP

Getting back to his own team, Nugent stated that he will start his usual lineup That means Ronnie Hinson and Tony Romeo at ends, Bob Swoszowski and Joho Spivey at tackles and Al Ulmer and Terry Morao at the guard slots. Bo Davis will start his last game for Florida State at center.

Directing Nugent's varied offensive attack will be senior quarterback Vic Prinzi Prinzi is fully recovered from the Florida game injury. It will also be the Waverly, N Y. quarterback's last game for the garnet and gold

Playiag his last game foc FSU at left half will be Bobby Rean. Reaa has twa games to go fallawlug the Bluegrass game. The North-South game in Miami, aad the Seaior Bowl in Mobile, Ala. Jack Espenship will again opea at right hall.

Fred Pickard, 160-pound fullback, who has gained all-America honors in the UPI, AP, and Williamsoo Ratings, as well as making the all-opponent teams of Georgia and Tampa will atart at his usual position.

This game will be the last for eleven FSU seniors. Besides starters, Reno, Prinzi, and Davis there are guards Jerry Graham, Joe McGee, Leo Baggett, and Stu Keith, ends Bob Fountain, and Bill Kimber, tackles John Craig and extra point specialist John Sheppard.

Can Tribe Break Gator Win Streak?

By BEN BALSER
Flambeau Sports Editor

If the Florida State basketball team can beat the Florida Gators tomorrow night at 8:15 in Tully Gym, they can accomplish two objectives.

First, they will have their first victory over Florida in five starts, and secondly, they will break Florida's 24-game mastery over state opponents.

A Florida basketball team has not lost to another state team since December of 1953, when Miami beat them.

TALLAHASSEE DEBUT

Although this is the fifth meeting between the two cage teams, it will mark the first appearance of a Gator team in Tallahassee. Activity ticket No. 18 is required for admission.

The Gators and the Seminoles have met four times before, but all of the games have been played at Gainesville where Florida had the home court advantage. The Gators have won all four times.

The last two games, in 1956 and 1957, have been won by two and one point margins. In 1956, Florida guard Joe Hobbs dunked a halfcourt shot as the buzzer sounded which gave the Gators a 68-66 victory

HOBBS AGAIN

Last season it was Hobbs again. With a few minutes left in the game, Hobbs sunk enough free throws to give Florida a 71-70 edge.

Hobbs is gone this season, along with center Jin Zinn, but Florida has in their place a young but talented team

The Gators have won three games this seasoo, with their only loss coming at the haods of the Georgia Bulldogs, 66-63 They hold victories over Erskine, Stetson and Rollins

Florida is coached by John Mauer, one of the best in the business. This October be was named to the Helms "Hall of Fame" for noteworthy achievement in college basketball.

He was here scouting the Seminoles in the Furman game and if the Tribe has weaknesses, you can bet he spotted them To make up for Florida's lack of height this seasoo, Mauer has inserted many new twists into his attack.

FAST BREAK

The Gators have used tha fast break so far this season as the rule rather than the exception. Mauer also uses a two platoon system, divided into an Orange and Blue unit.

The Orange unit, which usually starts the game, is led by seniors Dick Hoban and Charlie Pike. Pike and Hoban are co-captains and were both all-city cagers for a Miami prep school They have been steady performers for the Gators for three seasons.

Bob Sherwood, a 6-5 center has been the high scorer for Florida in most of their games this season. He was a reserve last season and has improved a lot this year according to Mauer.

Junior college transfer Tom Simpson will open at a guard for the Gators' Orange unit. Simpson, from Coldwater, Miss., is very quick and his ballhawking has led Florida to many points this season.

The lone sophomore in the opeoing lineup will probably be Bob Shiver. Shiver was an outstanding freshman performer last season.

Mauer's Blue unit is made up of four sophs and a junior The junior is Walt Rabhan a 6-3 forward Frank Ethridge is the other Blue forward and George Jung will be the center. Paul Mosney and Lou Merchant are the guards on the Blue unit.

SEMINOLES SURPRISE

The Seminoles, with surprise wins over Furman and Spring Hill, played Wake Forest last night in Winstoo-Salem Coach Bud Kennedy's starting five will consist of Hugh Durham and Don Bates at guard, Charles Tinsley and Jim Liteky at Forward and Dan Boltz at center

Durham and Bates have sparked the Seminoles so far this season as both men have hit in double figures in every game. Durham was the game's high scorer in FSU's first three contests.

Jim Savage, 6-4 farward from Fart Lauderdale, will see action at that position on the basis of his perfarmances of late. There is also a chance that Bill Archer, a 6-5 soph, may spell Bolta at the pivot post.

It is doubtful whether John Richter will be able to play for the Tribe. He has a case of water on the knee and has missed the Furman, Spring Hill and Wake Forest games.

Joe Williams, pint-sized guard from Tallahassee, will be dressed out tonight after recovering from an appenix operation.

Women's Intramurals

By CAPPY ARCHIBALD

Last week ended a very successful fall sports season io women's intramurals. This iotramural seasoo consisted of bowling, horseshoes, and volleyball and had a very good representation in each sport with many groups entering two or more teams.

The Pi Phi's and West Landis played for the championship with the winner being the Pi Phi's after a hard fought game.

In the horseshoes, the Zetas won doubles and the Delta Zetas won singles.

All wha played in this sports season will be quick to say how well it was run, and how much eajoyment was to be had from fine participatioa from all the groups. This fine arganizatioo af the first intramural season was due ta the hard work of the members of Womea's Divisioa of University Recreation Association, and the fine calling done in the games by the officials from the Womea's Physical Education Department.

Women's F Club picked the volleyball All-Star players, from the

Newman Club, PKA Capture Table Tennis Singles Titles

Joe Gusic of the Newman Club and Duane Eby of PKA chalked up victories in the men's intramural single tennis table finals.

In the doubles action, BSU, with Pat Burkwall and Tom Condra, beat the Newman club's Bill Westendick and Ray Fisher.

FRAT LEAGUE

In the Fraternity League LCA and TC are in the doubles finals of table tennis.

Football action started in both the Independent and Fraternity Leagues. Magnolia Hall started things off right with a 20-0 win over CLO. The Majors followed suit with an 18-0 win over Penthouse. The Newman Club edged the Vets 13-12.

In Wednesday's action Senior Hall beat the newest intramural entry, Trailer Park 25-0. BSU won over the Playboys, 19-0, while the 400 Club won by default from Wesley.

The Theta Chi's whipped the TEP's 46-0 while KA edged SAE on first downs, 10-7. The regular game ended in a 6-6 tie.

SPE beat ATO, 37-12

Anthology Order Drive Ends Today

A two-day drive for orders of the Flordia State University Literary Anthouogy, '58, will end today.

Booths, manned by Freshman Flunkies will sell subscriptions for $1.50 each behind Westcott Building and in front of the library, said Mark Austin, editor.

The publication, containing eight stories and seven poems, should be in print by the end of this month, he said. Several hundred orders have already been taken.

Another 150 copies of an edition for high school instructional use have been ordered, Austin stated.

Aqua Show Finale Set

The first annual Southeastern Aquatic Arts Festival, hosted by the Tarpon Club, continues today and tomorrow.

Judging of the fourteen or more entrant groups will be held from 2 to 4 p.m. this afternoon in the Women's Gym. Judging is open to the public.

Winning groups will exhibit their compositions publicly tomorrow at 8 p.m. in the gym. Tickets are on sale at the Westcott ticket booth for 50 cents each. They will also be sold at the door.

The festival, sponsored by the International Academy of Aquatic Arts, is the first held in the Southwest, according to Miss Glynise Smith of the Women's Physical Education Department.

Swimmers attending represent colleges, universities, athletic and civic organizations.

Tarpon Club is expected to present portions of "Mexirama," their home show last year.

Mrs. Beulah Gundling of Cedar Rapids, Iowa, for five years the solo champion of Amateur Athletic Union synchronized swimming, will demonstrate two compositions.

Also featured will be George Gordon Hyde, Sarasota authority of "sculling", and the Cedar Rapids Floating Team.

WOMEN'S GLEE CLUB ANNUAL CHRISTMAS CONCERT will be held in Westcott Auditorium Sunday, December 14, at 5 p.m. Shown above is the Women's Glee Club rehearsing for the annual performance which will be broadcast simultaneously over radio stations WFSU-FM and WTNT (AM) as Florida's first live stereophonic broadcast, according to Roy Flynn, director of WFSU-FM.

Glee Club Annual Program Sunday

The Florida State University Women's Glee [Club] will present its annual Christmas vespers program S[un]day at 5 p.m. in Westcott.

Traditional since 1914, the program has a new fea[ture] this year in the simultaneous broadcasting of the ev[ent] over both AM and FM radio stations.

Roy Flynn, director of the University Broadcasting Service, said the program will be broadcast over WFSU-FM and WTNT, and two radios tuned to these stations, placed a few feet apart, will give a stereophonic effect.

The Glee Club, organized in 1911, has ranged in size from nine to 80 voices, with present membership at 60. It has performed at the World's Fair in New York, broadcast over national radio hookups, and given concerts throughout the South.

The vocalists, under the direction of Miss Betty Jana Grimm, will open with songs of the prophecy of the coming of Christ: "Benedictus" by Giovanni Pierluigi da Palestrina, "Pueri Concinte" by Jacob Handel, "Falantiding" a German melody arranged by Leslie Bell, and "Welcome Yule" by David Kraehenhuehl.

Songs telling of the coming of Christ include "Carol" by Leo Smit, "Gloria in Excelsis" and "I Sing of a Maiden" by Cecil Cope, "Madonna and Child" by Anthony Donato, "The Song of Ye Shepherds," a German carol arranged by Ruby Shaw, "Allelula Christ Is Born" by Morton Luvaas, and "Hosanna in the Highest" by Soderman.

Other numbers include "When We Look to Heaven," "Good Folk Who Dwell on Earth," "Never Jesus Will I Leave," and "Silent Night."

Miss Jean Johnson will accompany the group with the aid of a brass choir, and Dr. Edwin Hartz will narrate the Christmas story.

Holiday Ideas For Students

Christmas comes but once [a] year, the saying goes. This [year] amidst the flurry and bustle [of] last minute tests and activ[ities] before the holidays the thou[ght] comes to many a coed's [mind] that to make something unus[ual] for Christmas would be nice.

Felt skirts are easily and qu[ick]ly made. They may be decora[ted] with bells, felts cutouts and [rib]bon. Worn with a bright swea[ter] or blouse they make an a[ttrac]tive costume at parties and g[ath]erings during the holidays.

There is still time to mak[e a] gift for someone special. Ha[nd]kerchief aprons made by se[wing] two large handkerchiefs toge[ther] make a welcome gift for [a] homemaker.

A package of homemade co[ok]ies wrapped attractively is [al]ways enjoyed by someone w[ho is] spending Christmas away [from] home.

Another idea for the perso[n a]way from home is a small Ch[rist]mas arrangement of green[ery,] pine cones silvered with pa[int] and glitter and brightened [with] ornaments that can be made [at] little expense. Decorations s[uch] as this can brighten a room c[on]siderably.

Whether bought or made p[res]ents are always received w[ith] pleasure if they are attract[ively] wrapped. Imagination rather [than] money often is more satisfac[tory.] Everything from wall paper [to] basket containers may be [used] as the outer wrapping. Flow[ers,] ribbon, pine cones, and felt deco[r]ations give an "added" touch [to] any package.

Frosh Cagers Face Florida

The Florida State freshm[an] basketball team faces the [un]defeated University of Flo[rida] frosh tomorrow night at 6 [be]fore the varsity game.

The Florida yearlings ha[ve] beaten Stetson and Rollins [in] their last two outings. The B[aby] Gators are led by a 6-7 [...] composed of Cliff Luyk, a c[en]ter, and Gil Farley, a forw[ard.]

SHARPSHOOTING GUARDS

Bob Bacon and Jay Lowl[...] two sharpshooting guards [are] probable starters at that p[osi]tion. Bacon scored 25 po[ints] against the Rollins f[rosh] Wednesday night. Rounding [out] the Florida starting five is [for]ward Neal Cody.

The Seminoles have not play[ed] any regular season games [as] yet, but they have scrimmag[ed] the varsity regularly and le[d] the varsity at half in the Var[sity-Frosh] basketball gam[e.] They also downed the Intra[mural] All-Stars.

FSU coach Tom Garcia [...] indicated that Florida's f[rosh] have not really met any [...] tough competition so far [this] season and he figures the ju[nior] Tribe will give them a ro[ugh] battle.

Opening at center for th[e] Baby Seminoles will be Da[...] Fedor, a 6-7 smoothie who h[as] performed well in the frosh [...] two games. At the guard [...] Garcia will start Tim Edney a[nd] Pete Allen.

Rufus Ashworth and R[...] Swain, two potential high sc[or]ers, will open at the forwa[rd] posts. The Baby Seminoles [will] be playing without the servi[ces] of guard Jack Davis.

WOMEN'S INTRAMURALS

(Continued From Page 3)

recent sports season. These girls are picked on a rating scale and judged by members of the Women's F Club against individual players of their own team on the basis of sportsmanship, skill, cooperation, and teamwork.

This insures a team of having a fair opportunity to have all-star players even though it may not have a winning team. The list of the all-Stars is placed in the Women's gym on the intramural bulletin board.

This season every organization who played had one all - Star player or more, this being partly due to the very successful turnout for the intramural season.

The bowling and horseshoe all-Stars are also posted. Congratulation to all the girls who made all-Stars.

The league winners of volleyball were

Sorority Winners
League 1 Alpha Xi Delta
League 2 Sigma Kappa
League 3 Pi Phi
League 4 Gamma Phi Beta

Reynolds "A"
League II—Florida "A"
Cawthon "B"
Dorm Winner — Florida "B"
Sorority Winner — Tri Delt
Overall Winner — Tri Delt

Solons Study Flunkies' Laws

The Freshmen Flunkies constitution now under investigation is the first to be studied by Women's Senate this year.

The women solons annually review charters of all groups which they sponsor.

Rita Garnett, member of Women's Senate Organizations Committee, said the Flunkie constitution would probably be revised to either extend the three week membership period or provide another open period for joining second semester.

"Many freshmen women report that they did not understand the functioning of Flunkies until it was too late to become a member," she added.

The House Council Constitution is to be taken up next. Senator Margerie Eichinger is drawing up a list of standard penalties for common house council offences.

"Corrections vary widely from dorm to dorm," she pointed out.

The Sophomore Council and Off-Campus constitutions are also to be reviewed.

Visits Faubus . . .

(Continued from Page 2)

sion a father gets when he describes the accomplishments of his son, the specter added, "Let's hear a real leader speak."

The Leader's speech in a foreign language—was it German?—was punctuated by wild, almost fanatical outbursts of applause. In one of the calms as the Leader built up toward an even more emotive expression of hatred, the specter remarked,

"One of my best pupils".

One of your best pupils? Just what are you . . . where are you from?

(To Be Continued)

Xmas Star To Shine

The traditional West Hall Christmas star will be up and lit tonight.

The huge 20 ft. star fastened to supports on the roof weighs over 300 pounds and is illuminated by 75 lights.

The Penthouse Gang, residents of the top three floors, built and erected the star this year and will continue to do so in the future, accoring to Paul Desmond, Penthouse Mayor.

The star is visible from all parts of campus and from downtown Tallahassee.

Davis Knocks Universities' 'Illiterates'

Too many illiterates "somehow enter and even graduate from our colleges and universities," Dr. Charles S. Davis, Florida State University dean of faculties, said this week.

Speaking at a Phi Beta Kappa Founders Day meeting, Dr Davis told the honor society it was a "shocking fact" that illiterates actually graduate from college.

"By my definition, an illiterate is one who cannot read effectively, speak his native languarge correctly, write with technical accuracy, think clearly or coherently, or who has acquired no sense of values or any understanding of the culture of which he is a part," he explained.

A recent test in a large middle western university "uncovered the shocking fact that 25 per cent of the 85 students in a current events class did not know who presides over the U. S. Senate," he said.

The dean added "one might assume, from the results of this test that many of these students should never have been admitted to the University."

"However, there were probably some who, if properly guided, taught and inspired, would have become reasonably well-informed citizens.

It is the obligation of honor societies, Dr Davis declared, to "promote scholarship and zeal for learning among all our students, both within the small superior group and the much larger average group."

Turning to the needs of education today, he said "The critical need is for financial support. As a nation we are not spending nearly enough on education."

Although publicly supported institutions of higher learning are asking about 45 million dollars a year, he said, this amounts to only $12.85 per person.

Dear Diary:

Never' I'll promise you! Never! will I be seen with that big gooney bird I got roped into dating last night. I tell you, Dad, the man's feet aren't even mates. And he dresses like a slob. Yipes! His name Dear Diary, is

Gooney George

We don't have very many men by the name of Gooney George on our books but we'd sure like to because we think we could work wonders on the chap you see pictured here. First, we'd put him into one of those new "orbit-era" suits. The kind that spin a man's barometer U-P-W-A-R-D-S (like a top). They fit like a real he-man likes, too. Then we'd slip a pair of new shoes onto his feet (even if the "Dairy Girl" does say George's feet aren't mates) . . . a snappy Ivy League Shirt . . . matching tie and socks . . . a nifty hat . . . and presto! the old Gooney George would fly away to Gooney-land. The new model he-man that was left then wouldn't have any trouble dating ANYBODY—anytime! It's true. So help us.

Art Mooney Plays At Annual Christmas Panhellenic Dance

Art Mooney and his band will be featured at the annual Panhellenic Dance to be held tomorrow night from 9 to 1 p. m. in the Suwannee Room for sorority girls and their dates.

A "Wioter-Wonderland" theme will be carried out in the decorations Gail Nelson, Alpha Xi Delta, is in charge of the decorations Jean Harrison, Panhellenic presideot, is in charge of the affair and will act as hostess and mistress of ceremonies during the dance.

The "Sorority of the Year" trophy will be preseoted during the intermission by Delta Tau Delta fraternity. The new Village Vamps' taps will also be presented at this time.

Mary Lou Campbell, Pi Beta Phi, is in charge of refreshments and Judy Ramsey, Chi Omega, invitations and publicity.

Flambeau Photo Warren Gerard
Shown here are Dolores Lafferty, Linda Kendrick, and Jane Wallace decorating for the Panhellenic Dance to be held tomorrow night in the Suwannee Room from 9 to 1 p.m.

Improved Phone Service Is Slated

The Southeastern Telephone company will "probably" recommend that action be taken to improve telephone service in at least one of Florida State University's dormitories.

Rod K. Shaw, FSU business manager, said today that "an officiai from the telepbone company will confers with counselors and resideots of West Hall to determine just how inadequate the service is."

"There are 576 boys there," said Shaw, "with only five telephone lines to use. I feel confident that the company official probably will recommend improvemeot in the service."

The action is a result of a Seoate resolution introduced by Charles Van, Nov. 19, which termed the telephone service "obviously inadequate."

Past Senate action resulted in a trunk line being installed in Jennie Murphree women's dorm to allow womeo to speak directly to callers.

Shaw quoted Dr. Jack Rollow, housing director, as saying that "We can't improve all the dormitories at once, but we do intend to do it as soon as possible."

The reason for delay according to the business manager is the expense involved.

He explaioed that new conduit pipes must be installed in the walls since the present wiring is oot effective enough to handle more phones, and to permit phones everywhere they are needed in the buildings.

"The new buildings are built that way (with conduits in the walls) said Shaw, "but these old buildings aren't, and it will be expensive to install the wiring."

Alpha Gam Pledges

The Alpha Gama Delta pledge class will have a car wasb tomorrow morning from 10:30 to 1 30. It will be held at the Circus lot and one dollar is being charged for cars being washed.

Baptist Chorale Sings

By JIM COX
Flambeau Society Writer

On Sunday night at 7:30 p.m. Florida State students who make up the widely acclaimed Chorale of First Baptist Church will be giving their annual Christmas concert at the church.

The Chorale, which organized about four years ago with only a few students in number, now boasts more than sixty FSU members. The group is direc..d by Minister of Music Frank Boggs, one of the most versatile religious musicians of our day, and one of the more outstanding choral directors in the Southern Baptist Convention.

The singers regularly perform at the Sunday evening service at First Baptist Church, as well as the 8 30 a m. service one month each quarter, in addition to other special performances throughout the year. Mr. Boggs is hoping another spring concert tour may be made to central and southern Florida later in the year.

The program on Sunday evening will consist of three traditional carols, "We Three Kings," "The First Noel" and "Hark! the Herald Angels Sing," in arrangements by Robert Shaw.

In addition to these, special selections by the choir will include a Spanish carol, "Happy Bethlehem", "The Shepherd's Story," by Clarence Dickinson; and the all-time favorite of The Chorale, Robert Gibbs' "Search of the Three Kings."

Jerre McCollum, accompanist will render an unusual Christmas fantasy on the organ; Frank Boggs will be featured on a solo of "Sweet Little Jesus Boy," and the pastor of the church, Dr. Harold G. Sanders, will deliver a short Christmas message.

This is the third event of the churches' "Christmas Festival of Sacred Music" in four parts. The first event was held Saturday night when the Southwestern Singers of Southwestern Seminary, Forth Worth, presented a program of music. "The Messiah" performance Sunday evening to an over-flowing house was the second event, and the final event will be next Sunday night when other choirs of the church present their seasonal program.

Ruge Choir Sings

The Chapel Choir of the Episcopal Student Center, Ruge Hall, will present its annual program of sacred Christmas music in the Chapel of the Resurrection, Monday evening, at 8 p.m.

Assisting the choir, under the direction of Mr Ray Markett, ensembles, a brass choir, and soloists, Miss Claire Arment and Miss Bobbye Carson.

The Chapel Choir provides the music for the regular Sunday morning services in the chapel, and also provides programs of special music throughout the church year

ADORABLE

Dear Anxious . . .

Of course you may have a Christmas party when you get home . . . even *I* would love to see some of your old friends again. Did I hear you groan? Daddy and I will hide in the den with the Van Cliburn album you gave him (and I see through *that* but won't tell). What well-trained parents are *we*! . .

Yes, I'll arrange everything—but Jimmy wants to decorate the tree all by himself, and Kathy insists we have gifts for all, now that she's learning gift-wrapping at school.

Speaking of gifts, I'm sure you'll approve our decision, we couldn't resist them ourselves! For the boys, daddy selected a handsome Faberge "*Shave Kit*" (won't they be pleased with something so utterly masculine?) . . . and for the girls, *the* most adorable set!

It's a brand-new and absolutely enchanting "*Nail Glacé Kit*" by your beloved Juliette Marglen . . . It holds six *travel-size* bottles (isn't that an inspiration?) of luscious fingertip colours — *plus* the most marvelous idea of all — *Gelatine Glacé Remover*, in a tube! Honestly, it's the *most*, to borrow a phrase from you know who.

The sets are 3.75 each, and daddy says it's *his* treat (can you imagine him shopping in a Perfume Department? I could hardly drag him away) If you think this is overly-generous (*I* certainly do), just remember that it's practically peanuts compared to your skiing trip last year—what with travel, hotel, clothes, long distance calls, and that broken leg Besides, we'll have you home, and that, I confess, is worth a fortune to us . . .

Here come the kids, so love and kisses . . .

Mother

Playboys Slate Dance Tonight

The West Hall Playboy Christmas Formal will be held tonight in the Main Lounge of West Hall from 9 to 12 p.m.

The dance will feature introduction of a Playmate Queen, chosen by the Playboys The queen will receive a leather-cased flacon of perfume.

During intermission the trophy for the most beautiful legs on campus will also be presented. The contest was sponsored by the Alpha Phi Omega, service fraternity. They are using the proceeds of the contest to buy reading materials for the University Hospital.

Playboy Magazine is furnishing all the decorations and party favors for the dance, according to Jim Heddon, social chairman.

Photographs and information will be sent to the magazine for possible use in a later issue. These pictures will show FSU students among the Playboy decorations

The Devilaires will provide the music. The dance is open to all West Hall residents and their dates.

The Playboys are residents of floors five, six, and seven.

WHEN AND WHERE

A representative of the Chemstrand Corp. will be in room 8, Longmire today from 9 a.m. to 4:30 p.m. to interview seniors and graduates majoring in Chemistry, Chemical Engineering and Mechanical Engineering

• • •

The Faculty Mothers club will hold their Christmas party and exchange of gifts at the home of Mrs. C. S. Nielsen, 1801 Gibbs Dr., today at 3 p.m

• • •

The Graduate class dinner-dance will be held at the Tallahassee Women's club tomorrow night at 6 p m. Music for the dance will be provided by Gordon Henkel.

• • •

Pi Mu Epsilon, mathematics honorary, will hold a retreat tomorrow night at cabin 4, the Reservation, at 6 p m.

• • •

There will be a group meeting at 5 p.m., Monday in the club room of Longmire with a representative of Southern Bell Telephone and Telegraph Co Interviewees and interested students are invited to attend.

Political Party Members Set Fund Raising Functions

Collegiate and Student Party members will work as waitresses and shoe-shine boys this weekend to raise funds for party functions.

Both parties will cooperate in the projects and split revenue fifty-fifty, said Bruce Brown, Collegiate chairman and spokesman for the drive.

An estimated 60 Student and Collegiate coeds will serve dinner tonight at various fraternity houses for tips

The male politicos take over tomorrow, shining shoes and doing odd jobs for sorority women.

"This is our first attempt at a cooperative plan," Brown said. "It is for the mutual benefit of both parties, to promote the party system on campus"

He pointed out that the groups are short of funds and currently rely strictly on membership dues for income

Brown listed party expenditures as general correspondence, publicity, receptions, teas, etc., and the yearly nominating conventions

Sufficient funds would "aid the parties to function year round, not just at election time,' Brown added He said the parties could thereby formulate platforms, or policy relating to campus issues.

The fund drive is another step in re-organizing the parties for this year's action. Brown stated. Student and Collegiate officials plan an "all-out membership drive" next month.

LITTLE MAN ON CAMPUS by Dick Bibler

MISS LUSH—YOU'VE BEEN A REAL PROBLEM FOR ME SINCE YOU'VE BEEN IN THIS CLASS...
WHY? HAVEN'T I BEEN DOING MY WORK?
YES—BUT NO ONE ELSE HAS!

Bicameral Proposal Under Discussion

A proposal to set up bicameral student government instead of the present unicameral form is being discussed by the senate reapportionment committee.

Committee chairman Pat Mickler told the Flambeau the subcommittee "is seriously considering a proposal that student senate become bicameral."

The proposed new system would have two houses of government, similar to most state legislatures.

Under this system, Miss Mickler pointed out, a House of Representatives would be added with the number of senators drastically cut.

HAS POSSIBILITIES

"Nothing has been definitely decided," Miss Mickler stressed. "The committee is simply studying the existing problem of apportionment of senators in an effort to come up with a better plan. We (the committee) all agree that the bicameral system has definite possibilities," she added.

The reapportionment committee was appointed approximately a month ago and is working with the elections committee headed by Sandra Rosenberg. Committee members include Bill Bryan, Dianna Holroyd, Bruce Brown, Mygnon Champion and Miss Mickler.

Under the plan being discussed, sororities, fraternities and the coop houses would have one representative each to the House of Representatives. Dormitory representatives would be based on the number of residents in each.

"West Hall would probably receive five representatives as compared to one or two for the smaller dorms such as Bryan or Broward," the chairman said.

This would provide approximately 50 members in the House of Representatives.

The number of senators would be decreased greatly but would increase for classes. Approximately 24 would be elected by the classes (six for each class).

The above figures are tentative, Senator Mickler pointed out, and are the result of one planning session.

"They do not represent any concrete plan, but are only an idea of the type of system we feel would greatly benefit Florida State University."

Chairman of the House would probably be an elected office, Miss Mickler said.

A similar system was proposed in February, 1956 but failed to receive enough votes to pass senate.

Miller New Head

Men's and women's physical education departments have been combined under the direction of Dr. Kenneth D. Miller former head of the men's division

Reorganization took place after the recent death of Dr Katherine Montgomery, head of the women's division since 1918

Under the new setup a chairman will be named for each division. Until these appointments are made, Dr. Miller has assigned various administrative duties to key personnel.

The department, largest on campus in number of students and faculty, has recently added to its curriculum a doctoral program unique in the southeast.

ADVENTURES IN SOCIAL SCIENCE: NO. 1

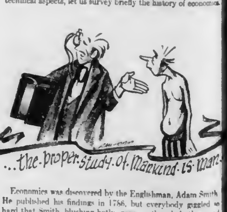
"The proper study of mankind is man," said Geoffrey Chaucer in his immortal *Casey At the Bat*, and I couldn't agree more. In these tangled times it is particularly proper to study man—how he lives and works. Accordingly, this column, normally devoted to slapdash waggery, will from time to time turn a serious eye on the social sciences.

In making these occasional departures, I have the hearty approval of the makers of Philip Morris Cigarettes, whose interest is not only in providing young Americans with fine cigarettes matchlessly blended of vintage tobaccos, grown with loving care and harvested with tender mercy, then cured with compassionate patience and rolled into firm tasty cylinders and brought to you in long size or regular, in soft pack or flip-top box, at prices which wreak no havoc on the most stringent of budgets, but who are equally concerned with broadening the minds and extending the intellectual vistas of every college man and woman!

I, for one, am not unmoved by this great-heartedness, and though I know it is considered chic these days to disparage one's employers, I shall not. Indeed, I shall cry "Huzzah!" for the makers of Philip Morris. I shall cry "Huzzah!" and "Viva!" and "Olé!" and "Ochichoonya!"

But I digress. For our first lesson in social science, let us turn to economics, often called the queen of the social sciences. (Sociology is the king of the social sciences. Advertising is the jack.)

Economics breaks down into two broad general classifications: 1) coins; 2) folding money. But before taking up these technical aspects, let us survey briefly the history of economics.



Economics was discovered by the Englishman, Adam Smith. He published his findings in 1786, but everybody giggled so hard that Smith, blushing hotly, gave up the whole thing and went into the cough drop business with his brother.

For long years after that economics lay neglected while the world busied itself with other things, like the birth of Victor Hugo, the last days of Pompeii, and the Bunny Hug.

Then one day while flying a kite during a thunderstorm, the American, Henry George (also called Thorstein Veblen), discovered the law of diminishing returns, and then, boy, the fat was in the fire! Before you could say "knife" the Industrial Revolution was on! Mechanization and steam power resulted in prodigies of production. For example, before the Industrial Revolution, a Welsh artisan, named Dylan Sigafoos, used to make horse-shoes by hand at the rate of four a day. After the Industrial Revolution, with the aid of a steam engine, Sigafoos was able to make entire horses!

And so it went—factories rising from the plains, cities burgeoning around the factories, transport and commerce keeping pace—until today, thanks to economics, we have smog, recessions, and economics textbooks at $7.50 per copy.

© 1958 Max Shulman

• • •

The makers of Philip Morris are no economists, but they do understand supply and demand. Some people demand filter cigarettes, so they supply the finest—Marlboro, of course! Great flavor, improved filter—a lot to like!

SEMINOLE FANS TRAVEL TO BLUEGASS BOWL—Shown above are a group of Florida State University students as they prepared to entrain far the first annual Bluegrass Bowl in Louisville, Ky. They were part of the three hundred persons that went ap an the "Bluegrass Special" from Thomasville, Ga. Friday night.

Horsecollar Penalty Lifted

Passed On Trial Basis Yesterday

By ROSA NELL WILSON
Assistant News Editor

Abolition of the controversial "horsecollar" penalty was announced yesterday by Dean of Students R. R. Oglesby but the rule itself still stands.

The long-established penalty of deducting one-sixth course credit for unexcused absences before and after holidays will not be in effect this Christmas

However, Dr Oglesby made it clear that the rule against leaving easy and arriving late still applies.

Other penalties for breaking university rules can be invoked in flagrant cases, he pointed out.

The much-criticized punishment was abolished by the general administration on recommendation of a joint faculty and student committee

"The penalty was rescinded because of the growing dissatisfaction of faculty and students and because of the inequity with which it was applied." Dr Oglesby explained.

Enforcement of the "horsecollar" penalty was temporarily revoked over Thanksgiving holidays but without any previous public announcement

TRIAL BASIS

Still more or less on a trial basis, the policy is on the agenda of the next faculty senate meeting after Christmas, the dean pointed out.

The faculty was divided on the matter, Dr Oglesby said, although the majority seemed to favor abolishing the one-sixth credit cut. However, a great many faculty members think some form of penalty is needed, he added

If a large percentage of the student body takes advantage of the suspension and leaves early, the faculty will probably ask for stricter penalties he declared

The new policy makes it possible for officials to give more consideration to individual cases, instead of inflicting the arbitrary blanket punishment on all students.

"Students who plan to be absent for more than one day before and or after the holidays must still secure excuses for their absences." Dr. Oglesby reminded

PROCEDURE EXPLAINED

Outlining the procedure involved, he explained

"Students who plan an extended absence of more than one day for purposes such as, for example employment, must secure excuses through the office of the Dean of Men or the Dean of Women.

"Students who are planning to be absent for only Friday, Dec. 19 or Jan. 5, the day after the holidays, should arrange this with their teachers

"Students who have already been excused by their academic deans may continue with the plans agreed upon without further reference to the policies stated."

Since one-day absence excuses will be handled by teachers, the dean of women and dean of men will have time to consider more extended cases, he explained.

DETAILS WORKED OUT

The dean of students met yesterday afternoon with Dean of Women Katherine Warren, Dean of Men Donald Loucks, Registrar Charles Walker and other officials to work out details of administering the new policy.

"Students are again reminded that absence from class except for acceptable reasons is contrary to their own best interests and is still in violation of university policy," Dr. Oglesby commented.

"Those disregarding the instructions will be subject to disciplinary action," he emphasized.

The revocation climaxes two years of efforts to abolish the rule, which was given its "horsecollar" name by the Flambeau.

400 Bundled Up

Rooters Brave 'Old Man Winter'

BY JACK PEACOCK
Assistant Managing Editor

LOUISVILLE—Four hundred Seminole fans sat bundled in every piece of clothing thgt they could beg, borrow or buy in numbing 10-degree weather at the first annual Bluegrass Bowl game between the Seminoles of Florida State University and the Cowboys of Oklahoma State University.

It was so cold that press photographers were having trouble with freezing camera mechanisms

The "brave four hundred" included one hundred and sixty members of the Marching Chiefs, the cheerleaders, fans and boosters an Army ROTC drill team and the football team.

Many of the "brave ones" arrived here on the "Bluegrass Special" a train which was chartered for the occasion and left Thomasville, Ga. the previous evening.

On this special train were the members of the Marching Chiefs and some two hundred fans and boosters Others, such as the team and a group of boosters, flew up on chartered planes. The drill team, cheerleaders and a few other "stouter hearts" drove in private cars.

BLUEGRASS SPECIAL

As the "Bluegrass Special" pulled out of Thomasville, rumors spread through the 12-car train that there were three, four, six, even ten inches of snow falling in Louisville. You could just about pick your favorite number and find a "snow story" to match it.

Contrary to the rumors though, the fans were greeted only by a torturing temperature of 5 degrees, which struggled up to 17 degrees at game time and then fell rapidly back to 10 By the time the "Bluegrass Special" left here at 8:30 p.m. it was down to a stiffening 0 degrees reading

The original reason for the Seminoles accepting a bid to this newest bowl was the chance to present the team and the Marching Chiefs on a national television broadcast. This was accomplished, but only after the endured sufferings of many people

Not only had the Athletic Business Department, the Sports Publicity Department, the team and the Chiefs worked for the last two weeks almost around the clock and spent many dollars, but hundreds of boosters and fans dug deep into their pockets to give Florida State to this manna of national publicity.

Despite the loss of energy, health and game, the effort seemed worth it

People all over the nation know that there is a Florida State University and that it has one of the "flashiest, razzle-dazzle football teams in the country," to quote a famous sports writer

BEST PERFORMANCE

More than a team though, it has one of the finest marching bands in the nation and the Chiefs proceeded to prove the point by presenting "their best performance, yet" according to Bill Harder Seminole Football Network sportscaster

Maybe you wonder how it is possible for Floridians to go into weather like was experienced here and survive. A good example would be the case of one radio engineer.

He wore a hunting cap pulled down over his head so that only his eyes, nose and mouth were visible, three sweaters, a heavy jacket two pairs of trousers, three pairs of socks, heavy boots and a blanket wrapped around him

That is one way. Then there is the case of two Flambeau staffers, the editor and a columnist They were looked up by a kind Louisville family, and then given almost a complete wardrobe to suit the climate. It is no rumor that Louisville clothing stores experienced one of the greatest selling booms since World War II discharge centers closed.

Senate Vote Seen Near On Joining NSA

A senate vote over much-debated NSA membership appears near this week as the special committee announced a report would be given at tomorrow's meeting.

Action will probably be postponed until a special meeting which may be held Thursday, Ronnie Clark NSA committee chairman, predicted

At the meeting only NSA will be taken up and pro and con time limits will be set

NSA is the National Students Association, composed of the student governments of over 300 American universities

Several senators have expressed opposition to the organization due to its anti-segregation and anti-fraternity or sorority restrictive clause policy

Senators favoring NSA pointed out that membership would give Florida State students a voice in national student government affairs and help in strengthening the student government here

Admissión Deadline

Students receiving bachelor's degrees this semester are reminded that February 2 is the deadline for admission to Graduate School.

Today and January 22 are the last two dates this semester for taking the Miller Analogies Test Test will be given at 11 a. m. in room 203, Education Building

The $1 50 testing fee may be paid at Student Accounts, room 105 Westcott. Receipt must be presented for admission to the test.

Santa Comes Early; Prexy Receives Cabin

Santa Claus came early to Pres. Robert M Strozier of Florida State University, and brought a $10,000 three-bedroom gift cabin.

The State Board of Control has accepted a $10 000 grant from the Winn-Dixie Foundation to build the cabin at Alligator Harbor south of Tallahassee

"Santa Claus came early," said Dr Strozier, "and I think it's wonderful"

When asked what prompted the gift, the president said it was unsolicited and "came out of a clear blue sky"

"I think it was prompted by the fact that I have made it a practice to borrow or rent a cabin in Florida to discuss the real problems of the university without interference from the routine."

"I think this cabin will provide a useful place to do this long range planning as well as being personally useful to my family and me"

In recommending acceptance of the Winn-Dixie grant the university told the board that:

"The many and constant interruptions which disturb the quiet, reflective, and creative thinking necessary to the administration of a large university make advisable a building situated in a secluded area where the president and his administrative officers may retire when necessary."

President Strozier said he hopes that the cabin, which contains 1 450 sq feet of floor space, will be completed by late spring.

"Since I have the cabin, the Christmas gift I'd like most now is a boat with a 35 h.p. motor." said the president

In other action the board approved the newly revised faculty constitution with minor changes in wording

Zetas Named Sorority Of Year

The Zeta Tau Alpha sorority was presented the "Sorority of the Year" award Saturday night. The group copped the same honors last year

Other winners, announced at the Panhellenic Dance, are Alpha Xi Delta, second, Kappa Alpha Theta, third, and Pi Beta Phi, fourth.

Delta Tau Delta fraternity annually sponsors the selection. Delta chairman this year was Bernie Abbott.

Points were tallied for sorority activities — Homecoming, intramurals, awards, etc. — and divided by total membership. Highest average, or percentage, won.

Flambeau Photo, Bucky Canon

"I'M A BAD HOMBRE AND I HATE INDIANS," seems to be the comment of this Oklahoma State University "Cowboy" mascot, who paraded around the field during the Bluegrass Bowl game. The Cowboys defeated the FSU Seminoles, 15-6, in the Louisville, Ky. classic.

Graduate House Open

All Dorms Closed During Yule Holiday

With the exception of the Graduate House all dorms will be closed during Christmas holidays, from Friday noon to Sunday, Jan. 4.

The graduate House will be left open for women foreign graduate students.

Other dorms will close at 9 a.m. Saturday and reopen at 8 30 a.m. Jan. 4, according to Dr Jack Rollow, director of housing

Beginning Friday, university food services will observe special schedules for the holidays

The Seminole Club will close at 1:30 p.m. Friday, serving only breakfast and lunch on Sundays until 7 a.m. Jan. 5 when the regular schedule will be resumed

The student center will close at the same time, serve dinner only from 5 to 7 p.m. Sundays, and reopen on a regular basis at 5 p.m. Jan. 4

West Hall Snack Bar and Soda Shop will be closed all day on Saturdays during the holiday period which begins at 2 p.m Friday for the Snack Bar and ends at 7 a.m. Jan. 5.

The Soda Shop schedule includes closing at 4 p.m Friday, reopening at 7 a.m. Dec 29 and being closed Jan. 1

The library will also follow a different schedule for the holidays, closing all days Dec. 21, 24, 25, 28 Jan. 1 and 4

Open hours will be Dec. 19, 8 a.m. to 5 p.m.; Dec 20, 10 a.m. to 1 p.m., Dec 22-23, 10 a.m to 5 p.m., Dec. 26, 1 p.m. to 5 p.m.; Dec. 27, 10 a.m to 5 p.m.; Dec 29-30, 10 a.m to 1 p.m. Jan. 2, 10 a.m. to 5 p.m.; and Jan. 3, 10 a.m. to 1 p.m

Off-Set Printing Proposal Goes Before BOP

A major change in production of the three campus publications, opposed by two editors and favored by one, comes before the Board of Publications tomorrow.

The Board will meet at 4 p.m in Longmire to discuss switching publications to off-set printing

Dick Parks, **Tally-Ho** photographer, brought the idea to the Board's November meeting, asking that **Tally-Ho**, the **Florida Flambeau** and **Smoke Signals** initiate the new process next September

The off-set process involves setting up each page of a publication by staff members, pasting up and photographing, before material is sent to printers.

It is unlikely that the decision of the Board will be overridden by the administration, though it has the power to do so, Dr. Reid Montgomery, publications advisor, said

SAVES $

Montgomery listed eventual savings to the school and fuller participation of staff members in production of their publications as main advantages of the process

Extra work for all concerned, lack of experience in handling machines involved and shorter deadlines were cited as disadvantages

The only publication with off-set experience is **Smoke Signals**. One issue was printed using the process in 1955 and the remaining three issues for this year will be off-set.

Ron Hamm, editor of the magazine, said the obstacles he has faced recently with off-set have outweighed the advantages

"I didn't have any say about going off-set. If I had **Smoke Signals** wouldn't have gone off-set

"It probably does save money. There are no compositor costs because the editorial people do it. In our case we have no trained person to do the job right."

Hamm said that the printing company handling **Signals** works under no specific deadlines, but does the magazine "at their convenience."

Therefore, "we can't give staffers definite deadlines," Hamm said.

ERROR SEEN

"We have made mistakes which will be obvious, because we have had to play it by ear," he added

Desse Pinckard, **Tally-Ho** editor, favors the conversion "if we can get a bigger staff to do the extra work."

"Off-set would eventually cut down the cost of the book and we could use a variety of new features, including color," she pointed out.

"It will be harder work, especially with no School of Journalism, and no experienced people." Miss Pinckard added

The **Flambeau** opposes off-set according to Bucky Canon, editor.

"The staff members have looked rather thoroughly into the matter and feel that the new problems of off-set would over shadow any advantages it might have."

Problems seen by Canon were: earlier deadlines, increased difficulty of catching last-minute news and making up pages; lack of experienced staff members to do the mechanical work

Christmas Customs Of Other Nations SD Pi Program Topic

Four members of the International Teacher Development Program will speak at the annual Sigma Delta Pi Spanish honorary Christmas program tomorrow at 7:30 p.m. in the Longmire Club Room

The topics of the speakers will be Christmas customs in their own countries.

Those speaking are Alma Armengol and Noemi Filigrana of Mexico, Jose J Fernandez of El Salvador, and Manuel Rico, Spain Mr Rico is at present the supervisor of Adult Education for the Spanish Ministry of Education.

The International Teacher Development Program is sponsored by the Department of State in Washington "Its purpose is to build better international relations and mutual understanding between countries," says Dr Marian Black of the School of Education

Dr Black is the coordinator of the Foreign Teacher Development Program at FSU.

At present, there are ten to twelve similar groups in the United States. One of every two exchange teachers instructs at the elementary education level.

The FSU group consists of twenty-two visiting teachers from fifteen different countries. They audit classes, attend three seminars, and make side trips throughout the United States to observe classes in session.

Several of the teachers are leaving FSU tomorrow for Oklahoma, Minnesota, and Vermont as part of their exchange program.

During the 180 day trip, two weeks are spent in Washington, D. C. The visiting teachers have been at FSU since the beginning of the semester, making occasional field trips throughout the state.

Fellowship Awarded

A Florida State University graduate student, G. S. Beaman Griffin of Troy, N C., has been awarded a Rotary Foundation Fellowship for advanced study in Germany during 1959-60 it was announced today.

Griffin, a candidate for a master's degree in the history of music at FSU, will study operatic production and music history at the University of Munich.

FSU MAJORETTES BRAVE SUB-FREEZING TEMPERATURES AT HALFTIME
Despite Weather, The 'Chiefs' Presented A Snappy Halftime Show

'The Bed' Set Tomorrow

"The Bed," a four-part French comedy, will be shown by the Florida State University Film Club at 8:30 and 8 40 p.m. tomorrow at the University School auditorium.

Three international diplomats and a chauffeur, stranded together in a shack by a heavy fog, narrate the four separate stories which make up the film.

Four directors and 11 script directors of various nationalities collaborated on the comedy, which features French, Italian and English stars.

Vittorio de Sica appears in "The Divorce" as a diplomat involved with a professional correspondent played by Dawn Addams.

In the second episode, Martine Carol has the lead role as the owner of a bed which once belonged to Madame Pompadour.

"The Billet," based on a wartime incident, stars Richard Todd and Jeanne Moreau.

In "Riviera Express" Marcel Mouloudji is cast as a truck driver with heiress Francoise Arnoul as a chance-met companion.

Carpenter Wins Leg Contest

Phi Mu-sponsored Nona Carpenter, winning over 15 candidates, was proclaimed owner of the "Most Beautiful Legs on Campus" at the West Hall Playboy Formal Friday night.

Alpha Phi Omega service fraternity sponsored the contest to raise money to buy reading material for the university hospital

Pictures of the girls' legs were displayed in the Student Center and by charging a penny a vote, APO made approximately $160, said Frank Tidwell, APO chairman.

Since Miss Carpenter consented, her picture (featuring the lower extremities) will be sent to Playboy magazine for possible national acclaim.

Runnersup were Angela Williams, Delta Zeta; Linda Corbett, Sigma Kappa; Phyllis Hering, Delta Gamma; Nancy Upchurch, Alpha Xi Delta.

Painting Donated

A 300-year-old Flemish painting valued at $20,000 has been given Florida State University by I. Austin Kelly III, New York City.

Although no one knows exactly who painted it, Dr. James V. McDonough, art department head, said the work illustrates the five steps used by the Flemish artist Rubens

The 73 by 48 inch School of Rubens painting was done sometime between 1627 and 1640 Depicting Abigail before David," it is now hung in the University Library.

Collins Urges Friendship

"Friendship based on a mutual respect and understanding" was urged by Governor Leroy Collins in his Christmas message to the Florida State International Club.

The message which was presented by Thomas Fouts, director of the Junior Chamber of Commerce said that "It will do us no good to conquer space if we cannot devise ways to live in peace here on earth."

Mistress of Ceremonies Deanna Morris introduced Dean of Students R R. Oglesby, who called the club's Christmas party "one of the most beautiful events on campus."

Following Dean Oglesby was a Japanese dance by Mrs. Yuko Kawabata and a Mexican folk dance by Elsa Morales and Alma Armengal.

Flambeau Editorials

Dear Santa--Please Bring

Every year the **Flambeau** staff sends Santa Claus a letter asking for gifts which we think individuals and groups associated with Florida State University would appreciate under their Christmaa tree December 25. We just happened to have a copy of our letter kicking around the office, so here is what old St. Nick might bring to FSU.

Dear Santa—please bring.

President Strozier—a copy of the Charles Atlas ad "How To Make Your University Great Within 30 Days Or Your Money Back."

DEAN OF WOMEN Katherine Warren—membership in Church Key.

Library — subscriptions to **Playboy, Dude** and **Classics Comics.**

Student Senate—a copy of "Investigations I Have Conducted" by Sen. Joseph McCarthy.

Blue Grass Bowl—better weather.

Football team — bids from warmer bowls.

Men'a Senate—a bill to dissolve themaelves.

APO TRAVEL Service—a sleigh and eight miniature reindeer.

Westcott Pool—an asbestos covering.

Morrison's—a good five-cent cup of coffee.

Hotel and Restaurant School—a hotel and restaurant.

Journalism School students—first place in line at the Guidance and Placement Office.

Tom Nugent—dead alligatora and cowboys.

Women's Senate—authority to do something.

Class Officers—class projects.

U OF F BASKETBALL team—ointment for their wounds.

Marching Chiefs—lifetime membership in the Louisville Male High band.

Congressman Bob Sikes—a permanent place at the head table at every FSU banquet.

Church Key—a glass of milk.

Rod Shaw—a packet of flower seeds.

Mattox Hair—a 2.3 average.

Attorney General Gerry Gordon—some cases.

Art Moore—more female secretaries and control of the **Flambeau.**

Business School—national accreditation.

School of Education — rhinoceros-like skin.

CAMPUS POLITICAL parties— issues.

West Hall Playboys—a real playboy.

City of Tallahassee—better telephone service.

Soda Shop—turnip greens and meat loaf.

Music majors—the deed to the Soda Shop.

The Faculty—fewer term papers to read. to read.

Pat Hogan—a secretary to match that of U of F publicity director Jim Gay.

Cheerleaders — a copy of "How To Travel On Others' Money" by J. F. Dulles.

Housing Office—a permanent head.

TALLY HO AND Smoke Signals—offset printing; we don't want it.

Reapportionment committee—a solution.

South Floridians—another snowfall.

Yankees—warmer weather.

All our readers—a Merry Christmaa and a Happy New Year.

Alabama Action Is Dixie Sunset

TO THE EDITOR:

"The auo set in Dixie that day."

Intractable Alabama officials pronounced the death knell for Dixie in their defiant refusal to aurreoder records at a Civil Riabls Commissioo hearing on alleged violations of Negro voting righis held in Montaomery recently.

Armed with plausible reasons for an onslaught, liberal northern Congressmen will now converge upon the South like "the wrath of God" And as aure as there'a a Devil in Hell, tha teeth of the present Civil Righis bill will be honed to razor sharpneas —complete with provisions to prostrate the lilliputian South

THIS IMPENDING CRISIS could, without a doubt, have beeo avoided if Alabama officials had maoifested just a minimum of cooperauon with the Commisaion. But, as filibusters are wont to do, they chose to be arrogant and non-cooperative aod tharefore must auffar the consequeoces.

At this very momeot Alabama politicians are prating about what a peremptory victory tha state won over the Federal govarnment Meanwhile, however, in Washington, liberal Northern solons are preparina for the greatest invasion of the South since Sherman marched through Georgia.

THE YEAR 1559, due to the stupidity and arrogance of a handful of southerners, will be indelibly blazoned across the paaes of history under the title, "The Rape of the South." And thera it will eternally remain, a living monument to ignorance and deatructive bravada.

Southernera are uoequivocally mistaken when they think that Northern politicos, ostenaibly imbued with a sense of justice, will hesitate to enact leaislation enabling the U. S. Government to send bayonet-wielding troops marching into the South to quash even the alightest disturbance over the enforcement of Civil Rights.

INSTEAD, THEY SHOULD REMEMBER that these Northernera are desceudants of meo who, favored by circumstances at a traaic bour, imposed a painful "Recon-atruction" on Dixie, reducing ita economy to rubble and ita people to virtual peonage

During the "righis" hearing, commission member Joho S Battle, former Oovernor of Virgioia, emitted ao eloqueot plea to fellow Southernera oo the merits of coopereting with the probers in thair efforts to obtain voting data. He atreased that auch cooperation was naeded in order to undermine new attempis by Northern liberal to atrengthen the preseoi Civil Righis Bill.

BUT, BRISTLING WITH ANGER, John Pattersoo, youthful Gov.-elect of Alabama, tartly ratorted to Battle's words of wisdom and reasoo:

"Io fights of this nature thera cao be oo surrender of principla to expediency. The time for retreating has come to an end."

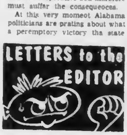
AND WITH THIS CURT but fiery atatement the "die was cast," the federal governmeot challenged.

"And the aun aet in Dixie."

Sincerely yours,
BOB DUKE.

EDITOR'S NOTE: Bob Duka is a 1958 aradoate af FSU. He presently works as a reporter for the Montgomery, Ala., Advertiser.

Why Print Letters Critical Of Columnists?



TO THE EDITOR:

I have seen the play, "The Hairy Ape", read Frank Gunter's severe review of the well done production, and now see two letters criticizing his review in your latest issue.

TRUE, GUNTER'S article on the Speech Department's production was outraaeous and he was left open for a few aood jabs, but the criticizers did averythina but call him a fool. One of the letters you published, boldly accused Gunter of not having any intelligence, ianorant, a failure and employed every means of illogical reasoning to condemn the poor ahap for the rest of his life

This letter was written by a college airl no less, and besides the fact that it sounds personal is alarming at the unfeminine qualities shown. Naturally, I would be surprised if this letter was ghost written by someone well versed in alanted writina

THE OTHER CRITIC appears, from his own admittance, to have been personally associated with the art work for the play This would naturally disqualify his letter on the grounds of prejudiced opinion.

There is something definitely amiss here and is reflective of what is happenina to our paper which the students depend upon. The **Flambeau** organization should never have let a poor review be published in the first place, then have the gall to publish letters from cranks.

WHERE DOES ALL this end? Why are peopla so aoxious to tear things apart? This is what your ataff should constantly be on the watch for. Constructioo . . . not destruction, is what ahould be atrived for.

What I'm chaarined about most is why there wasn't an artiele in this last issue (or at least a cover-up for poor journalism) reflecting the atudent's praise for the play, and singling out Dr Doriaa, the director. Also not mentioned was George Goldstein, assistant to the director, who brilliantly played the part of Paddy

IF GOOD PRODUCTIONS, as the Speech Department has put on in the past, are to be maintained there should be more encouragement given

Sincerely,
AL GORMAN

Editor's Note: The validity af Gunter's critleisms of The Hairy Ape seems to be the aobject of a current controversy. Certainly the Flambeao is not aoing to suppress all lettere critical of oor reviewer as reader Gorman soggests. Nor are afl our letters written by "cranks."

Rep. Mann's Instate Tuition Proposal Is Sugar-Coated Pill

By ED CARHART

If visions of sugarplums dancina in your head bores you. I have a sugaestion. Replace those surgarplums with good ole green dollar signs. One hundred dollars will do for a start.

Representative Robert Mann mentioned last week when he proposed a plan to charge tuition in all state universities. The $50 per semester tuition would be charged to all Florida residents attendina the state institutions in Tallahassee, Gainesville and the one at Tampa when it opens

The Hillsborouch representative termed it a "usere tax". Coupled with his plan for tuitions would be a system whereby a student could obtain etate auaranteed loans. These loans would be long term loans of $500 to $600 at 4 per cent or 5 per cent interest and would be provided by Florida banks. to add a tuition fee to the "atudent fee" now being paid by Florida residents. Rep. Mann mada several atatements. He said the state is under no obligation to provide a free college education to any of its residents.

Charging a tuition fee in atate univeralties would help of its people. Surely the idea relieve their overcrowded conditions Rep. Mann emphasized He felt this would encouraga students to attend private schools in the state or perhaps attend out of atate schools. Rep. Mann also pointed out that the added revenue would be a great benefit to the state universities themselves.

appeare to have some merit. But somehow the idea that this is a bitter pill coated with tha sugar of state backed loans keeps nagaing me. There are a number of points that need careful consideration and a number that I disagree with.

The argument that tha state has no obliaation to provide a college education to its residents is misleading The atata provides many services and benefits it has no legal obligation to. It acta on the principla of promoting the public welfara of its people. Surety the idea of making a college education available to its citizens is in the interest of the public welfare.

that it is in the interest of the people of Florida to encourage our students to leave the state for their college education Studies have shown we are already iosing a large amount of our top atudents to out of state schools. Many of these atudents never return.

The problems that confront the educational system in thia state are complea and serious. The answer does not lie in passing the buck to other states or in the pocketbooks of this state'a students. It lies a little deeper than this and it will require initiative, clear thinking and perserverance on the part of our state officials to find it.

If they fail, the citizens will be forced to turn to Wa[shing]ton as they have been [on] many other questions

Mann's plan deserves a [great] deal of careful though[t from] each of us. Already s[upport] for the idea is growing [and] the **St. Petersborg Times** [and] the **Tallahassee Democrat** [have] endorsed it in their edit[orials]. A decision will be made on [the] proposal—it is up to [you] whether or not you wil[l have] a voice in the decision.

Point Of Order On Senate Intention

BY DIANE GODIN

As a columnist and associate editor of the **Flambeau** I am not about to aive the senatorial committee currently investigating the paper any sort of hearty welcome Unless you are one of the few surviving journalism majors you miaht have difficulty comprehendina our aituation

AS AN EX-SENATOR af yeara past I extend tha beartiest won't-you-come-into-my-parlor welcome. And it'a not exactly to your advantage that I am able to comprehend your aituation.

Senator Clark said perhaps "investigation" isn't a aood adjective for the committee deaigned "to work with" the **Flambeau.**

This leaves me a little hazy about the funcuon of such a committee. Do you plan to go down to the **Democrat** and proof-read with us?

FAULT-FINDING can certainly be made on my part with this year's Senate. I hesitate to find fault with past Senates as I was then associated with the group

But I'm finding fault with your method, not your intent. Mainly because the intent is aomewhat obscure. Why do we have a Board of Publications in this school?

If the not so evident intent of your committee is to insure better relationships between the student government and the **Flambeau,** you are being a little out of order in criticizing the paper from a technical standpoint.

WE MUST CONSTANTLY deal with the physical elements of writing and printina, as well as producing a paper twice a week. This is a somewhat more tangible accomplishment than any named by this year's Senate

If a word is misspelled in the lead atory, by noon several thousand people know about it. Your position is a aliahtly better one . . . If your committea members don't show up or a bill isn't printed on time because of lazineas or negligence of senatore, the faet is not made a matter of public knowledge.

INEXPERIENCE IS our biaaest problem Is this one of the problems your committee proposea to "help us aolve"? It is one that can only be worked out internally

This might also be one of your biaaest problems . . . inexperience. We are attemptina to work oure out. What are you doina about youra?

You may call today'a eclumn a point of order or information, which ever you prefer Most of those holding major positions on the **Flambeau** have had more experience in Senate than a good two-thirds of this year's Senators. And not many have left our ranks for yours.

The First Nighter

Gielgud Finest Classical Actor

BY MIKE KLEINMAN

Readina a Shakespearean antholoay called "The Aaes of Man" Sir John Gialgud appeared [on] the Weatcott Auditorium atage Friday niaht. The program was part of the FSU Artist Se[ries] and the combination of the fineat classical actor in the English-apeakina world and the gre[atest] poetry of the language was magnificent.

THE WELL-WROUGHT program began as a reading, but as it went on througn tha selections describina youth to those of manhood and, finally, to old age and death, the reader became more and more the actor.

Gielgud recited all from memory, yet the aarliar passages wera "merely" recited and the later ones acted out. The result was a gradual increase in dramatic intensity which, when it reached its peak in tha third section of tha program, was almost overwhelming.

THE SELECTIONS WERE AS VARIED as the work of Shakespeare allowa, the sonnets, narrative poetry, comedies, and tragedies of the Bard all being well represented. Most impressive were the passagea on death from the last section, this master of the apeaking of verse somehow aiving new meaning and beauty to tha lines of Claudio in "Measure For Meaaure", Julius Caeser, Richard II, (who would aeem to be his favorite), Romeo in the tomb, and Kina Lear.

Sir John's voice is liaht, yet wonderfully fleaible and apprecíative of all the nuances of the poetry and shades of emotion to be found in Shakespear For instance in the death scene of Kina Lear, his voice and aestures portrey the precise emotion necessary to keep this most diffioult of scenes from degeneratina to melodrama. He gives us a Lear of almost intolerable tragic beauty, and does it takina the lines out of context and playina the scene dressed in mufti.

THE LEAST IMPRESSIVE of the selections were those from "Othello" and "Hamlet". Not that any excuses need be made, but there was good reason for tha relative lack of sucess of these readings. Tha part of Othello requires a booming voica and man, qualities which fortunately Sir J[ohn] does not have.

Hamlet lacked complet[e ef]fect for two raasons. Firs[t, we] have heard the soliloquie[s so] many times that our [...] stock responsea prevent ou[r] enjoyment, and, second [be]cause Shakespeare failed [as a] playwright in the constru[ction] of tha character of Haml[et].

But these were minor [...] in a most memorable [eve]nings.

Glee Club Concert Presented Experience

BY DIXON REDDITT

The Women's Glee Club under the direction of Betty J[...] Grimm presented an axperience rather than a concert in t[he] Vesper Service.

This is as it should be One of the properties of reality as defined by F.S.C Northup is an experieotal aensation akin to a raligious axperience. This is achieved by a realization of tha whole of perception atarting with but ignoring particulars

MUSIC AS AN INFERENCE from natura or reality exhibits this quality Tha music that Miss Grimm chose had this feeling in a large proportion. The single minded devotion with w[hich] the music was sung enhan[ced] and enlarged this propert[y].

A description of the way [in which] the program was built may [help] the reader underatand the c[um]ulative effect. Before the [pro]gram a Brass choir led by [Wil]liam Cramer intoned som[e] items of music designed to [put] the audience in a prope[r] thoughtful and receptive [frame] of mind Moreover the audi[ence] was requested not to app[laud] and thus break the spell Sc[rip]ture readings were interspe[rsed] with choral words. Lighting [was] dim and focused on a [...] icon of the Virgin Mary

THE MOST NOTABLE co[ntri]bution howevar was the blend and subtlety of voices in [the] group. The acoustical reas[ons] for this are too complex fo[r a] non-technical paper, but he[re] are a few items of interest:

The Glae Club is not a se[...] group That is, many peo[ple] who do not major in voice [or] even in music, are in the gro[up.] By shifting people to see [and] hear axactly where they s[ound] best in tha group many unus[ual] effecta are produced.

THE MOST IMPORTANT [...] that the Glee Club does [not] sound like a "Girl's Glee Club" There are more than the us[ual] two octaves found in wome[n's] voices. Souods are produced [...] given off by this combinat[ion] which extend the range hig[her] and lower than normally p[os]sible and reinforce weak are[as].

This grants a variety of co[lor] possibilities, from the lucid si[m]plicity of the Palestrina a[...] to the over-richness of the [...] Century. These many facets [con]tributed to an effectiva and u[n]deratanding treatmeot of a d[if]ficult medium.

Apparition Gives Lesson To Ebenezer

By BOB FERLUGA

(This concludes a piece of satiric fiction beaun by columnist Ferluga in Friday's edition. Ebenezer Faubus has been visited by an apparition on Christmas Eve and taken on a journey in time and space.)

"Just what are you . . . where are you from?" Ebenezer Faubus inquired of the apparition who had brought him to this atranae foreign land.

"Listen to my boy out there," answered the apparition referring to tha raving demagogua surrounded by fanatical aupportere. "Ha'll tell you."

"But it'a in a foreian language. What's he sayina?"

"THE SAME THING as yesterday, and last week and last month and last year . . . tha only thing he evar really saya . . . the only idea he really has . . . hate the racial minority. You know, the people never seem to tire of it. Why only a few years ago he was a mere frustrated paper hanaer and now look at this."

Upon concluding these words tha spectator outstretched his arm and there appeared as far as the eya could see a barbed wira fence behind which in small groups wera huddled the most pathetic remnanta of human beinga Ebenezer had ever seen.

"Are these more Jewa?"

"NO, EBENEZER, not any more Onca there were only Jewa hera but as the 'Leader'a' political needs and aspirations grew so did the numbers of "inferior" groups. Look out there . . . Poles, Czechs . . . Did you know that the 'leader' has declared tha whole alavic "race" an inferior raca and has acheduled them for axtermination." A littla glint danced in the apector's eyes. "Just think, there must be a hundred million or more!"

"This is going too far," Ebenezer shouted indianantly. "No one has a right to do this to their fellow man."

At this moment Ezenezer'a eye was cauaht by what he believed to be a familiar face behind the wires. Whare could he have seen that person before?

"OVER THERE, who is that?"

"Don't you remember? He was one of the youths you saw attacking the old Jew."

"To what racial minority does ha belong?"

"None That's tha beauty of this ayatem; whan you take away tha rights of a few, where do you draw the line? You don't. Take away a right here, break up a meeting there, harass minority aroups on the grounds thay are aubveraive, burn a few books that might contaminate our children'a minds . . . this is only the atart . . . and finally . . . well, isn't it something to be proud of! (pointing to the concentration camp.) It's worked this way every where I've been"

"EVERY WHERE YOU'VE been . . . oow I know you! You came in the attire of a German and I assumed you to be only somethina uniquely bad in the German but you are in all nations. You don't always come as a German . . . in Greece you came as a fine, patriotic Greek to drive out the 'Barbarians' . . . In Rome as a loyal national leader to drive out the Christians who threatened to undermine traditional Roman valves . . . a Jew to the Jews, Christian to the Christians . . . Protestant to the Protestanta . . . you pose as one of tha majority whareever you go"

"And if I am in America I look like an American . . . a aood 100 per cent, 10th generation white Amarican with a Bible in the living room (which I don't, however, read). I own a bia American flag (although I don't understand the principles it stands for).

FOR ALL APPEARANCES I am the best of Americans—but for by methods. You can know me by my contempt for democratic procedures, for denial of equal protection of the laws to others, by my attempts to halt free discussion and learning . . . To condemn newa ideas as 'Communistic', leftist, unAmerican.

"Yes, Ebenezer, I come in the best of disguises. I fool quite a few."

IN THE PRESSBOX

By BEN BALSER
Flambeau Sports Editor

The more you think about the past Florida State footbal season the better things look for next year.

When you figure that the Florida State football team that compiled a 7-3 record, beat such time-tested powers as Tennessee and Miami and received an invite to the first annual Bluegrass Bowl had eight men in the starting lineup that will be back next year, things look exceptionally bright

It seems incredible that Coach Tom Nugent developed a team of bowl caliber with five sophomores among the starters and more than 15 in the first 22 men.

The two starting ends, Ron Hinson and Tony Romeo are sophomores who will be bach for the Seminoles next season. Romeo tabbed by many as the greatest sophomore in Florida State history, was named lineman of the weeb three times this year was runnerup to Oklahoma State's fullback for the most valuable player award in the Bluegrass Bowl, received all-America mention and was all-Florida.

While not as outstanding as Romeo, Hinson played good steady ball all season. His defensive play is probably his best asset.

Moving toward the middle of the line yon find two more sophs Terry Moran at guard and Bob Swoszowski at tackle. Moran, a rugged indtvidaat from New Orleans, plays every game like it will be his last. Being outweighed most of the season by larger foes, Moran never qait and finished the season among the top three Seminoles in tackling.

Swoszowski, while not a flsshy player, was a consistent performer all season. If Swoszowski improves by next season, FSU opponents won't get much through the Seminoles' right tackle.

In the backfield we find one sophomore who started every game this season, Jack Espenship. Espenship, the heaviest man in the backfield this year worked as a blocking black in Nugent's 'I' formation

His worth was put into words most ably by halfback Renn who oore said. "If Espenship wasn't on the field, I wouldn't even dress."

That takes care of the starting sophomores, but what about seniors who will be bach. In the line there are John Spivey left tackle and Al Ulmer, the left guard Spivey, the Panama product, is as aggressive a ball player that you will see

And speaking of aggressiveness, that's Ulmer's middle name. He was a starter as a sophomore and had not gained a pound on his 175 since then. He was named to the all-Florida team and also made AP all-America squad.

In the baebfield another returnee will be everybody's all-America, Fred Pickard. The pint-sized dynamo was named to four all-America teams, made all-Southern, all-Florida and was named on two all-opponents teams. A good man to have baek to say the least.

Now look at the men who weren't starters, but will be back to play a key part in FSU's football fortunes next year. There's Majors, who tossed the TD pass in the Bluegrass game and impressed sportscaster Harry Wismer as being one of the best throwers in college football.

Most likely the tasb of filling Bobby Renn's shoes will fall to Meyer Meyer a speedy, slaehing runner, was impressive in all his appearances this season

Cagers Face Tigers; Whip Florida, 82-60

The ever improving Seminoles of Florida State move into Auburn, Ala., tomorrow night to clash with the Auburn basketball team, rated at the top of the SEC list.

The FSU team, with its first win over a University of Florida team under its belt, enters the game with a 3-2 mark. The Tigers sport a 2-1 record. The cagers from the Auburn Plains have beaten Jacksonville State of Alabama and Baylor. .

Their only loss came at the bands of a tough industrial team, the Phillips Oilers.

HOLIDAY SCHEDULE

A busy holiday schedule is in store for the hoopsters After the meeting with Auburn tomorrow night the Seminoles will compete in the Citadel Tourney this Friday and Saturday night in Charleston, S. C.

In this tourney the Tribe will meet The Citadel, Georgia and Miami. The Citadel has one of the best teams in the Southern Conference, while Georgia is a strong SEC five. Miami, vastly improved over last season, scored over 100 points against each its first four opponents.

On Dec. 27 the Tigers of LSU will come here to play the hoopsters and on Dec. 29 Auburn will return the visit and meet the Seminoles here.

The first game after the holidays will be against Mississippi Southern here on Jan. 6.

Auburn has five men back from the team which last year compiled a 16-6 record and finished second in the SEC. Included in the five men are the two top scorers, forward Rex Frederick and guard Jimmy Lee.

This will be the first meeting between FSU and Auburn.

TOP SCORER

Frederick, a senior and co-captain of the Auburn five, had a 16 1 average and started every game last season. The 6-5 Corner, Ala., native is a sure-fire pick for All-SEC.

Lee, also a senior and co-captain, had a 13.8 average last season and is the playmaker for the Tigers. Auburn boasts a 6-8 center Bill Gregory who will see action against the Seminoles.

GATORS FALL

Playing heads up ball and taking full opportunity of every Gator miscue the Seminoles became the first State team to beat Florida's Gators since 1953.

Sparked by Charley Tinsley's 19 points, the Tribe led Florida all the way except for a few minutes at the beginning of the game. Kennedy said, "I thought Tinsley played a fine game for a sophomore"

"FSU TOO GOOD"

After the game Florida Coach John Mauer said, "Florida State played a fine ball game. They have a good ball club, too good for us."

Kennedy remarked, "The team that took the court against Florida tonight was one that wanted to win, and they did. We are improving with every game and the boys are starting to work together as a team"

The Seminoles lost their second game of the Season Thursday night when they fell to Wake Forest in North Carolina, 73-64. Bates got 20 points to lead the Seminoles and Durham hit for 17. The Seminoles came from 11 points behind in the second half, but could not hold on to a three point lead that they gained.

Four Gridders Make All-State

Bobby Renn, Al Ulmer, Tony Romeo and Fred Pickard were named to the all-Florida team last weekend by the Florida Sportswriters Association.

For Renn, senior and co-captain of the Seminoles, it marked the third straight year he has received the honor. He was a unanimous choice. Renn will play in the North-South game in Miami, Dec. 27 and the Senior Bowl game in Mobile on Jan. 3.

Ulmer, a junior from Clearwater also made the team last year. Romeo, only a sophomore was named Lineman of the Week three times this season. Pickard, who was named all-Southern last week, is a Columbia, Tenn., product.

The other seven spots on the team were nabbed by the Florida Gators.

FSU 'Frozen' 15-6 In Bowl; First Classic May Be Last

By JACK PEACOCK
Assistant Managing Editor

LOUISVILLE—As many fans of the Florida State Seminoles in Tallahassee and over the nation already know, history did not repeat itself and the Cowboys of Oklahoma State held off repeated renegade attacks by the Seminoles, to score a 15-6 victory in the first annual Bluegrass Bowl here on Saturday.

Frankly it is the opinion of the more than four hundred fans of the Seminoles that made the trip in various capacities that it will be the first and last annual Bluegrass Bowl

WAS C-O-L-D

Many people were not-so-affectionately calling it the Br-r-r-grass Bowl, the Deep Freeze Bowl, the Blizzard Bowl and various and sundry other non-printable names. It was plain C-O-L-D!!

To mabe excuses for the Tribe's loss is not necessary in this writer's opinion or any of the other poor frozen souls that followed the Seminoles up here to be greeted by a high temperature of 17 degrees and a low of 0,

Excuses aren't necessary because most rational people should be able to realize that a team that is use to playing in plus-40 degree weather cannot function properly in sub-freezing temperatures without a couple of weeks climatizing beforehand.

As to the future of the "classic" as some Louisville writers and bowl committee members so brazenly called it, it is almost assured of sudden death. The only thing "classic" about the whole hitch-up was the temperature and the attempt to sponsor such an affair.

NO SOD

The facilities offered were even more "classic" and even that term is not saterical enough. The field—may I be forgiven for even attempting to use that term — was an out-moded baseball park The sod was non-existent in most places and there were holes and pock marks on it that would have made tank maneuvers impractical.

With this excuse of a gridiron being in a state of frozen animation, sneakers were the only mode of footwear that was even possible. Now the question arises, "Have you ever tried to dig-in on concrete with a pair of sneakers?" It's impossible

Village Vamps Select 35

Thirty-five coeds were tapped Friday morning for Village Vamps.

So far this year they have ushered for the Artist Series, met visiting football teams and acted as hostesses at the Freshman Orientatinn Picnic

Dorothy Goodwin, president of Village Vamps, said that women must be either freshmen or transfer students to be elected into Village Vamps. Miss Goodwin also stated that there is representation from both women's dormitories and sororities in Village Vamps.

The girls will be initiated in the spring, the beginning of second semester.

New Village Vamps taps are: Joann Batchelor, Patsy Bergert, Betty Bevis, Janice Blackwell, Sandra Cole, Linda Corbett, Faye Dunaway, Karen Ekman, Joyce Fisher, Ivylyn Frazier, Minora Galbrith, Marianna Girtman, Carol Hair, Liza Haven.

Kay Huddleston, Karen Jnhnson, Carol Karney, Millie Moore Nora Parker, Barbara Peters, Ann Price, Gail Gnartumon, Dee Rivera, Mary Smith, Robbie Smith, Saralee Smith, Pam Stanly

Karen Thoreen, Mary Ann Trask Peggy Traylor, Dru Tyler, Linda Walter, Patricia Woodruff, Suzy Workizer, and Sue Zevgler.

The new taps were presented Saturday night at intermission at the Panhellenic Dance.

Internationally Known Circus On TV At Gator Bowl Halftime

BY BONNIE PERRY
Flambeau Staff Writer

Florida State University's "Flying High" student circus, which will present half-time show at the Gator Bowl December 27, is internationally known.

The Gator Bowl telecast will be the fourth for the student circus, along with two movies and many features in national magazines.

"Ringling Brothers, Barnum and Bailey's Pat Valdo, who handles personnel, has a standing offer of employment to any of "Flying High's" girls for his circus spectacular acts," said Coach Jack Haskins.

"Flying High" began in 1947 with 40 students "when, to speed transition of the university from a women's into a co-ed school, the administrators began searching for an actitivity in which both men and women could participate," said **Life** magazine.

Today, the circus has about 200 members in the troupe yearly, including a 35-piece band made up of volunteers.

In 1956, the Sealtest "Big Top" circus built an entire show around the FSU circus, originating live from Philadelphia. Last Christmas, "You Asked For It" featured a seven-and-half minute segment on their TV show because a little girl in California requested it. And this past spring "Flying High took a 20-minute spot on the "Arlene Francis Show" at Silver Springs, Florida.

MOVIES TRAVELED

The two movies, "Circus on the Campus," a 20th Century-Fox short narrated by Mel Allen, the sportscaster, and "Collegiate Circus Camps," a Grantland Rice movie short filmed in color by Paramount, were translated and shown around the world. Both movies stayed on the road about four years.

During the Korean war, the movies were shown to troop ships. One soldier, a former FSU circus performer, discovered himself plastered on the screen of his ship.

"Flying High" has been written up in **Life, American** and **Seventeen** magazines. Other articles have appeared in the **American Association for Health, Physical Education and Recreation, The Denver Post, Scenic South, People and Places, Buick** magazine, **The Atlanta Journal and Constitution** magazine, **The Tallahassee Democrat, Smoke Signals** (a picture lay-out appears in the forthcoming edition) and the **Flambeau**.

Road shows begin about this time of year and continue through to the Home Show, presented here in the Spring on the three rings of stationary rigging.

Those making the trips, which are made on weekends to avoid interfering with classes, are chosen from their accomplishments in acts and they must have a "C" academic average.

NO STARS

There are no stars in "Flying High" except when a student plays his home town. The center ring, however, is worked by the most polished acts. Plus doing their acts, students, put-up, check, and tear-down their own rigging

Money from road show appearances supports the circus. "We just about break even," said Coach Jack Haskins, "but any profit is put right back into the show in the purchase of new rigging and costumes."

Performers get no pay in the monetary sense, and only one unit of physical education credit can be earned, no matter how many years a student works with the circus.

Students work out several times a week, a couple of hours at a time, to achieve professional polish. The real thrill is "in being able to accomplish a feat with professionality in a year's work that most people think takes a lifetime," said a performer as she stopped to talk while working on her act.

When And Where

A representative of Southern Bell will interview Liberal Arts, Business Management Trainees, Physics and Math Majors in the Placement Office from 9 a.m. to 4 30 p.m. today, and 9 a.m. to noon tomorrow.

Harry Lipner will speak at the Biochemistry Seminar, at noon today in 306 Science. This topic is "Erythroprotein as a Hormone."

The Meteorology Seminar will be held at 4 p.m. today in 124 Science. William H. Haggard will discuss "A Chronological Index of North Atlantic Tropical Storm Activity."

Phi Eta Sigma, men's freshman scholastic honorary, will initiate new members at 4:30 this afternoon in Longmire Club Room.

Social Work Club meets at 7 tonight in Longmire Club Room.

Oceanographic Institute Seminar is set for 7 tonight in 228 Conradl. Kaoru Harada will speak on "Artificial Cells."

Phi Kappa Phi initiation and reception will be held at 7:30 in the lounge of Longmire.

Criminology Seminar, featuring a "prosecutor's panel" and showing of the film "Prison Document," will be held at 8 tonight in 124 Science.

A representative of Prudential Life Insurance Co. will interview Sales majors from 9 a.m. through 4:30 p.m. tomorrow. Interested students may sign for interviews in the Placement Office, room 8, Longmire.

Food and Nutrition Seminar will be held at noon tomorrow in room 409 Home Economics Building. Miss Bonnie McDonald will review "Chemical Anthropology" by Icy M Hoobler.

The School of Education Christmas Party will be held tomorrow from 4 to 5 p.m in the Education Lecture Hall. A devotional led by Dean Mode Stone will be followed by a fellowship hour.

The Scholarship Club meets tomorrow night at 7 in the Education Building

Epsilon Chi, English language arts organization, will meet in the student lounge of Longmire at 7 tomorrow night.

Sigma Xi sciences honorary will feature Russell Johnsn's lecture on "Some Effects of Ionizing Radition" tomorrow at 8 p.m. Meeting place is 120 Geology.

Thursday's Physics Colloquium is set for 4 30 p.m. in 124 Science. Dr. B. A. Munir will speak on "Emission of Heavy Fragments From Nuclear Disintegrations."

Public Law 550 veterans are asked to sign for December checks in the Registrar's office, 102-A, Westcott on January 5, 6 and 7.

Bluegrass . . .

(Continued from Page 3)

without practice.

The fact that both teams were handicapped by the weather is not wholly true, as Oklahoma newsmen admitted that the Cowboys have been in similar situations before and the operation was not completely new to them.

For the Seminoles though, it was a new experience and one that they were not able to cope with, successfully. They gave a fine performance, but as one newsman said, "It was the meeting of a good big team with a good little team and the big team won."

As per usual, the Seminoles were outweighed by at least 12 pounds per man, this has been the case of the Tribe all season, but they have had a "bigger" desire than most of their opponents. In sub-freezing temperatures even desire can be "frozen" and then size takes over. This was the Seminoles' case.

All-in-all it was a good game. FSU received its much wanted national recognition and publicity and the "Cinderella Team from Florida State University" finished its most colorful and first successful big-time football season with a 7-4 record.

Among season accomplishments were four all-America team members, an initial Southeastern Conference win, a post-season bowl game a representative in the Senior Bowl and the North - South game and a "chance" against the Gators

DELIGHTFUL

Dear Impatience

All right, all right . . . I'll buy *Nail Glacé Kits* for all your teachers!

You know, that smart Juliette Margien makes them in three assortments: one's called PASTEL (this is for you) . . . four yummy pinks and corals, plus *Cellini Gold* and *Cellini Silver*, one's MODERN (my choice) with six of those marvelous high-fashion colours like *Degas Mauve, Loatrec Orange, Cellini Bronze*; the other's CLASSIC (this just can't miss) . . . four basic reds and roses plus Juliette Margien's wonderful *JewelBase* and *Jewel-Seal*.
